Why a Vermilion motorist joined the AMA

The Alberta Motor Association with its 82,000 members is a respected and aggressive fraternity working in the interests of Alberta's Vehicle owners. It vigorously pursues a business-like Policy for promoting highway improvements, lower insurance and gasoline costs, safety and Tourist Trade. The many invaluable services performed by the Association and its affiliates are available to its members anywhere on the continent.

An AMA member enjoys all these benefits

- Membership carries Personal Accident Insurance to the amount of $5,000.
- Free preliminary legal advice in case of accident or on matters pertaining to motoring.
- Secures vehicle and driver's licenses for members.
- Emergency road and towing service at special reduced rates.
- Free travel accommodation service, vacation planning and information.

ALL FOR ONLY $10.00 PER YEAR!

Know the security and convenience of an A.M.A. Membership for only $10.00 a year—Add strength to this active voice of the motoring public by joining ... today. Simply write:

Election For A. A. Kimmitt Contests A. T. A. President

A teacher well known for his executive work in A.T.A. circles has entered the race for President of the association.

Mr. Kimmitt has spent 17 years in the classroom, graduating with first class general standing from the University of Alberta in 1915 and receiving his Master of Education degree last year. He has held the posts of local president and chairman of the bargaining committee twice each, for the Lethbridge District Local. In 1950 he was chairman of the campaign for greater educational grants sponsored by Southern Alberta. A series of his articles on "Education" appeared in the Lethbridge Herald last year.

At the present time Mr. Kimmitt is serving his second non-consecutive term as District Representative for South-Western Alberta.

The election is to be held at Edmonton early in April

Wildmere F. U. A.

The Wildmere F.U.A. will meet at the Wildmere school on Wednesday March 18th at 8 p.m.

Sixteen Years Ago Today

March 11th, 1937

Nine visiting rinks and 12 local quarters are taking part in the annual bonspiel this week with the primaries now narrowed down to the semi-finals.

The Vermilion and Lloydminster hockey teams were about to start a best of three series for the Craig cup.

C. Vary, well known farmer held a clearing off auction sale and intended to leave for Montreal

Coronation plans were being made by the Canadian Legion

Thirty-two Years Ago Today

March 9th, 1921

The V.S.A. basketball team lost a close game to Blackfoot. The V.S.A. bys line-up was Brown, Moyes, Youngs, Davidson, Booker, Cairns, Black.

The Council of Vermilion River held their organization meeting for the year with Norman McGinnis, H. J. Monaghan, Frank Cameron, R. Sullivan, C. Haylock and E. Maier as members.

No. 1 Northern was $1.61, oats 31c and barley 50c per bushel.

Paradise Valley

The teachers of subdivision 1 wish to bring to the attention of the public the following resolution passed at the last meeting of the subdivision A.T.A. held at McLaughlin: A $25 scholarship is to be offered for the grade 9 student taking correspondence or attending school in subdivision 1 of the Vermilion School Division, who attains the highest standing in the Grade 9 departmental examinations. This scholarship is to become effective in June, 1953.

We extend our sincere sympathy to the family of the late Mr. Peter McAsmond who passed away recently in the Lloydminster hospital. The funeral will be held from the United church. More particulars will be given in a later issue.

We regret to hear that our old friend Frank Brooks is seriously ill in the Lloydminster hospital.

The regular meeting of the Valley Maids C.G.I.T. met at the home of Sharon Walters with a good attendance. Marlene McDonald was in the chair. Songs were practised for the amateur night. Mrs. Dinsmore assisting at the piano. The roll call was answered by an etiquette hint with some discussion. There was the regular devotional, business and sewing. Beatrice and Marlene gave a demonstration on care of the hands and the making of hand lotion. Treats were served by Sharon and her mother and Marlene moved a vote of thanks to them.

The Paradise Valley W.A. of the United church will sponsor the Kilcoy Entertainers who will put on a novelty musical program with Western features at the Paradise Valley hall March 13 at 8 o'clock.

Vermilion Golf Club Annual Meeting

The annual meeting of the Vermilion Golf club will be held at 8 p.m. on Wednesday, March 18th at the Legion hall. Films showing the Canadian Open handicaps will be available. All members and interested persons are urged to attend. 34-5x

"CLASSIFIED ADS"
Payable Strictly in Advance

The rate for Classified Advertisements is 2c per word per insertion CASH with order. Ads phoned in must be paid when copy is called in the case of rural residents the same week, and in town the 25c will be made for any advertisement not paid in three. If ads exceed 25 words, 1c per words add 2c per word to the initial 25c charge.

Dewberry News

The parts department of Dennill's garage has undergone a vast improvement by the making of an upstairs section. This allows more space on the ground floor for their huge assortment of machinery and automotive parts.

Just in case no one elsewhere knows it, Herb Hemmingway did all the cheering for Dewberry at the recent Vermilion hockey tournament in remembrance of the days he spent at Dewberry. One can't forget the old home town can they Herb?

Our congratulations to the Dewberry team on finally winning the annual Vermilion tournament after competing for a good many years. Congrats also to Dewberry Midgets who won the Lloydminster Board of Trade trophy at their hockey tourney by virtue of 25 minutes overtime against Maidstone.

While on sport — in curling recently at Clandonald it was A. Redman 2nd, W. Parker 3rd and Slew Hartwell 4th in the Grand Challenge. Vince Lisec of Heinsburg was 1st. Fred Braithwaite won 2nd in the event. Mac-Millan, ½ mile west of St. Andrews store on highway 41. 35-6

Sincere sympathy is extended to the relatives of Mr. Oscar Johnson on a sad and shocking accident on Friday last week.

The new interior addition to the Dewberry Co-op store has now been put into service and certainly makes a bright looking store.

Roger Lemp who was employed by the U.G.C. elevator here has been transferred to a feed mill department in the maintenance of the days he spent at Dewberry. One can't forget the old home town can they Herb?

Our congratulations to the Dewberry team on finally winning the annual Vermilion tournament after competing for a good many years. Congrats also to Dewberry Midgets who won the Lloydminster Board of Trade trophy at their hockey tourney by virtue of 25 minutes overtime against Maidstone.

While on sport — in curling recently at Clandonald it was A. Redman 2nd, W. Parker 3rd and Slew Hartwell 4th in the Grand Challenge. Vince Lisec of Heinsburg was 1st. Fred Braithwaite won 2nd in the event. Mac-Millan, ½ mile west of St. Andrews store on highway 41. 35-6

Mrs. Sheila Purves, one of the local school teachers is teaching tap dancing to some 20 young girls after school hours.

Mrs. Young, Donna and Jackie were recent visitors to Edmonton.

Roads in this part are becoming quite bare and dry. Sleighing is already a thing of the past.

Woodvale News

One would almost think spring is here with warm sunny days and snow melting and the sidewalks getting muddy and slippery. We wonder what the weather will be like when this gets into the paper? Skating at present seems to be all at this rate. We hear the Woodvale school children had a lovely time skating across the road from the school at the Roger Watt place.

The Tolland boys did alright in the Boxwood mixed spiel. Elmer Wolters, Bill McGrath and Tricye Seite winning alarm clocks, very appropriate for the coming spring season, and Keith Lysons a blanket.

Congratulations to Mr. and Mrs. Fred Rand on the birth of a baby daughter on March 4th, the birthday of Mrs. Margaret Rand, the grandmother, who is at present looking after her son and little grand daughters.

Dorothy Isley came home after working near town at the Reg Ireland place for a month, and a week at her grandmother's, Mrs. Rose. Now Johnny Isley has gone to help out at the Cross farm north of town.

Roger Watt hauled half a dozen loads of lumber from the Cold Lake area. Looks as if there will be a lot of building going on around here. Since the gas well has been connected with the pipeline to Vermilion, we miss the snowmobile passing daily. It looked so much like a busy caterpillar scurrying over the road. The black window spots on its side making it more realistic.

Besides the regular Monday court party there will be a dance at Woodvale school on March 20th.

Mrs. Lysons spent a week end at the Harry Snowdon home to look after her grandchildren while Harry and Thelma went to Edmonton to see Margaret and Leo. The good wife is that both might soon come home after almost 7 months in the University hospital. They walk around now without braces and hope to be able to take up life normally after returning home.

The F.U.A. meeting took the form of a lecture and a movie show on March 3rd with Mr. Buckingham and Mr. Hoach giving very interesting talks on agricultural subjects to the good crowd. The ladies served coffee and lunch afterwards.

The Red Cross auxiliary met on the 4th at the home of Mrs. H. Fountain making another large quilt while enjoying pleasant talk and giving attention to quite a bit of business, including plans for a summer bazaar for which quite a few lovely articles are already made. Various other projects were discussed including getting the community interested in buying Canadian Goods. As usual the lunch after an afternoon of work was much enjoyed with three little visitors joining the ladies for that.

The next meeting will once again be at the hospitable Portsmith home with three other ladies looking after the lunch. It will be held on April 1st — no fooling! And as she is afraid you will not believe her on that date, your secretary would like to tell you now that she just heard she will have a welcome summer guest again, one who loves to quilt with you, but cannot talk and quilt at the same time. She'll bring her to the June meeting. Can you guess who?

Wildmere Winks

Deepest sympathy goes to Mrs. Oscar Johnson and family in their sudden and tragic bereavement. The grim reaper can call very suddenly sometimes, the time and place is not for us to know. May God comfort them in their hour of sorrow and grief.

The bonspiel held at Wildmere rink on Feb. 28th to March 2nd was a very enjoyable affair and some very interesting games were played. 13 rinks took part and on each rink the lead was a beginner. Winner of the Grand Challenge was a rink skipped by Billie Veitch with Hew. and Friesell, George Cruthers and Mrs. R. Donlly, prize — curling trophies. 2nd, Skip Barnett Fraser with Bryan Fraser, Jas. Clark and Keith Lysons, winners of the clocks were Billie McGrath, Mrs. Wilson, T. Seitz and Elmer Watkins. Coffee pot winners Bob Martin, Berton Seale, Fred Skrum and George Riley. The hard luck prize is tied up between J. Wilson and his rink boy Roy Osterberg rink. Some of the players took the flu before the ice could be played off and now the ice is not good. It will be decided who gets the towels some way however. A good crowd witnessed most successful bonspiel.

Our ladies' rink took in the Buffalo Coulee ladies' spiel but were not among the prize winners. They are however, still talking of that wonderful banquet they enjoyed over there. Those angel food cakes. Yum. Yum!

Congratulations to Mr. and Mrs. Pete Ruud of Woodvale on the birth of a daughter at the Vermilion hospital.

Several folks have been ill from the flu in our corner lately. The Holic family have had it, also the D. Dibben family, the Ken Kennedy's of Willoughby, Kenny Graham came home sick from school on Monday while Cliff Cruthers has also been a victim.

A big crowd attended the dance at Thorncliffe on Friday evening and there was grand music. Charlie Sweeney was M.C. Some lovely bazaar articles were sold and successfully cleared off, made by the W.I. of Thorncliffe.

A pie social and dance will be held at Bascoupool school this Friday, March 13th put on by the Jr. Red Cross. Plan to attend.

The writer and family visited on Sunday evening at the Fadden home. Mr. and Mrs. H. Frisell and Isabelle were visitors there also.

Lloyd Howard and Guy Whitlock were noticed taking their tractors home from town where they had them overhauled in preparation for spring work. J. Wallington also has his in for a check up.

Roy Garnett was a visitor to Edmonton last week. Roy hurt his arm while cutting wood for J. Wallington and while it was getting better he took a little holiday. We hope your arm is soon alright Roy.

The writer and boys attended the carnival in Vermilion on Friday evening and enjoyed it very much. Congratulations to Ilse Carmichael on being Queen. The Brownies, Mayole and Cinderella were all grand and the chuck wagon races very amusing. Some of those riders really got a ride. The costumes were varied and it must have been hard for the judges to decide the winners. When they were all on the ice they presented a pretty picture. Marie Miller and Joan Mae well did some very skillful fancy skating and their costumes were lovely.

Our springlike weather of the last few days seems to be over for a little while. It's been a grand winter all through.

Congrats to Mr. and Mrs. Brent Mecnab of Buffalo Coulee on their 25th wedding anniversary last Saturday.

Sun Life Again Holds Top Canadian Record For '52 New Business

$645 MILLIONS SOLD; TOTAL INSURANCE IN FORCE NOW OVER $6 BILLIONS; PAYMENTS TO POLICYHOLDERS $28 MILLIONS DURING 1952 — UPPED BY $5 MILLIONS

With $645 millions of new business written during 1952, the Sun Life Assurance Company of Canada has established a new record for another year, topping all Canadian life insurance companies in the process. It was the fifth time in succession that the Company has broken its own record for new business written, marking yet another milestone in the progress of the Company's 83 years of business. Gregory W. Bowman, President of the Company, announced the new business figure in the Company's Annual Report, announced that policyholders' dividends and benefits paid out during the year totalled more than $28 millions.

Stating that the objective of the industry of life insurance was to assist people to realize their own aspirations in security, Mr. Bowman emphasized that the Sun Life is paying a leading role in this purpose by the fact that, during the past year, new Sun Life business amounted to $645,381,000 as compared with the 1951 figure of $601,776,000, an increase of 18%. The Sun Life of Canada operates in nearly 30 countries throughout the world, but the major part of this new life insurance was secured in Canada, United States and Great Britain. Group insurance included in the new business total amounted to $165,497,000, an increase of $71 millions over 1951. The importance of Group life insurance, said Mr. Bourke, is being increasingly recognized as a valuable social factor by responsible industrial and business leaders who are finding that well-founded insurance and retirement programs help both to secure and to retain valuable employees and promote sound staff relations in both large and small organizations.

At the end of 1952, total Sun Life insurance in force stood at $6,178,847,000, an increase of $491,181,000 — nearly over the amount at the end of the previous year, when insurance in force, included in this amount, was over $5,687,666,000, an increase of 9%. Annuity payments which the Company was undertaking to pay immediately or in the future, through individual annuities and pension plans, amount to $111,845,000 per annum. A summary of policies and annuities now in force is $1,262,000.

BENEFIT PAYMENTS

Mr. Bourke referred to life insurance as the most popular and effective method of permanent saving, because it provides an immediate estate in the event of death, and also assures financial security when working years are over. The payments made to Sun Life policyholders and beneficiaries during 1952 amounted to $128,818,000, or $407,000 for each working day of the year. Of this amount, $81,832,000 was paid to living policyholders, and $36,986,000 to the benefiaries of deceased policyholders. The balance of $9,000,000 was paid by the Sun Life since the first policy was issued in 1871 has now reached $3,604,604,000.

ASSETS AND INVESTMENTS

Assets of the Company at the end of the year under review were $1,762,876,000, an increase of $100,000,000 for 1952. These new funds were invested in Government, other private securities, but principally in industrial and public utility bonds and mortgages. The investments in bond investments and mortgages amounted to $1,262,000 and $623,000,000 respectively. Mr. Bourke pointed out that Sun Life investments include $1,000,000 in Canada Savings Bonds, and a total sum of $440,000,000 an average of $4,100 per bond holder. Investments in Canada played a prominent part in helping to provide money for housing and municipal purposes. The interest rate earned on the Company's assets was 3.50% as compared to 3.70% in the previous year. This increase, explained Mr. Bourke, was due to profitable investment of new funds, thereby reducing the cost of life insurance to the policyholders.

The total assets of the Company stand now enough to $10,000,000.

LIFE INSURANCE A NATIONAL ASSET

Mr. Bourke mentioned that in all countries where Sun Life operates, and more particularly in Canada, United States and Great Britain, men and women are providing increasingly for their own and family security. This money saved and invested in national projects: more jobs and goods for more people. In Canada alone more than five million policy holders are saving through life insurance, for whom the nation's life insurance fund of more than $3 billions represents a provision for death, retirement and other benefits. The fund is also the country's largest single reservoir of long-term investment resources for use in developing the nation's waterways, highways, railroads, public utilities, home building, hospitals, schools, and other branches of Canadian social and business life.

A copy of the Sun Life's complete 1952 Annual Report to Policyholders, including the President's review of the year, is being sent to each policyholder, or may be obtained from Geo. R. Hansford, Phone 332, Sec. Mgr. Vermilion.

OUR COMPLETE SHORT STORY—

PARTY LINE

Ben Baled, "I'll Never Keep Such Records Again Unless It's A Funny Book."

By Charlotte McCarthy

THE phone shrilled suddenly, drowning out the ticking of the old clock, and filling the kitchen with its clamor. Three long and one short. This call was for the new family which had moved recently to the old farm across the valley. Doris had been fairly burning with curiosity and her father had brought the welcome news from town that there were several daughters . . . one around her own age.

Dad had sided, at the supper table last night, that she should go over and visit the new folks; let them know that they had moved to a friendly neighborhood. But, she thought that she would wait until her mother got her new voile dress finished. Not that she wanted to show off, but someone had seen the oldest daughter at a party and had mentioned that she was real stylish.

Wouldn't it be nice if the one about her age would start keeping company with Bart Stewart. Jim's best friend, and then the four of them could go on picnics together? For instance, when the young men started playing baseball, as they always did in Mason's meadow between haying and harvest, the two girls could sit on the fence and watch, while Bart and Jim played, instead of listening to the older women talking of pickling and preserving.

Funny that she hadn't seen Jim in the last few days. Probably busy on his potatoes. She took Jim for granted now, and yet she could still remember how embarrassed and proud she had been the first night he had walked her home from church. Everyone knew that he was her steady fellow, and around here that was as good as an engagement. Only once had she heard of a couple in the valley breaking up after "going steady". That was Irene Deans and Herb Brii . . . he had taken up with a strange girl from town. Irene, who later married a widower from Cedarville, still played the organ in Bascoupool school. Doris often wondered how she had ever liked it down.

The phone rang again. This time, one long and two short . . . Jim's home. On an impulse, she ran across and eased off the receiver. Evidently Bart was calling. "How'd you manage to get the new people's place last night? You picked the one I liked best, too."

Bewildered, she heard Jim's voice: "The old man didn't want to later at first. Seems she's pretty young, and he wanted to keep her around. I've never seen such brown eyes. Lena is a funny name . . ."

Well, she had to find out and the sooner the better. Doris replaced the receiver softly.

"What are you mooning about?" Her mother's voice was tired but cheerful, as darker in a hot week. "Seems like those weeds grow in a dozen different directions at once." She pushed the battered hat back from her damp forehead, where a strand of graying hair winged in the breeze, and smiled at her daughter. "Mmm." It was a desperate pose. "Could you and Dad spare me to go to work in town for awhile? I've got to go, Mama!"

"What would Jim have to say to that?"

"What's it got to do with Jim? It's no business of his!"

At the dark misery in the young eyes, the oldig woman turned quickly. "Don't you worry, honey. If you've that set on going, your Dad won't say a word."

"Come I'll get the cows. The lane down in the pasture were chewing their cuds peacefully in the quiet night." She patted her mother's shoulder with gentle awkwardness. "I'll just take a few minutes, Dad."

Going down the path, the tears she could no longer keep back trickled on the front of her dress. Summer was almost over, and the wild roses by the fence were fading from their velvety petals, like ghosts of broken dreams, drifting softly to earth.

After the chores were finished Doris huddled miserably on the back porch. A single star shone over the poplar on the hill, and an owl hooted its eternal question from the grove beyond. Suddenly the lithe, square-shouldered form of Jim Porter stepped out of the dusk, and dropped on the step beside her.

"I have news for you, Jim. I've decided to go away to work town, and meet some new folks. I don't intend to spend the rest of my life in the valley."

"Why, Doris?" He peered through the gloom. "I'd always figured you and I'd be married. I even had a surprise for you. That new man has a herd of Jerseys and I bought a little beauty from him . . . sort of cream colored, with big, intelligent, brownest eyes. He tried to sell me an older cow, but somehow I thought you'd like this one Now Lena though I guess it doesn't matter what her name is."

The star was suddenly very near and breath-takingly beautiful. "Oh, but it does matter, Jim." Her hand was warm on his arm, where the smooth muscles rippled under the skin. "It matters a whole lot what the new's name is."

Goldfields, Boom Town, Is Being Moved To New Site

SASKATOON. — Goldfields, a ghost mining town since the northwestern Saskatchewan gold rush with which it was born petered out 10 years ago, now is booming as the result of the uranium rush. Remaining buildings in Goldfields, on the north shore of Lake Athabaska 500 miles north of Saskatoon, are being moved across the lake ice to the new, thriving town of Uranium City which sprung up 10 miles away last year during Saskatchewan's record uranium staking rush.

The move symbolizes the switch in importance in Saskatchewan from the "old minerals" to uranium. It also heralds the greatest year so far in the history of mineral development in the province.

In virtually every mineralized location north of the 58th parallel, hordes of prospectors and mining men are probing and listening for the uranium. Fabulous claims have been made for many discoveries and even more startling reports are likely to be made as knowledge of more recent finds becomes public.

Near Uranium City, in the 5,000-square-mile Beaverlodge uranium field, two mines are scheduled to go into production early this year — by the federal Crown corporation Eldorado and the other by a private company. Discoveries in the area

Just north of the 55th parallel, similar activity is forecast for properties near Lac La Ronge, farther east, and 120 miles north of Prince Albert.

Between Lac La Ronge and Athabaska for the claim of mineral waterways known as the Foster Lease. Here, according to sketchy reports, a number of finds have been made for many discoveries and even more startling reports are likely to be made as knowledge of more recent finds becomes public.

Near Uranium City, in the 5,000-square-mile Beaverlodge uranium field, two mines are scheduled to go into production early this year — by the federal Crown corporation Eldorado and the other by a private company. Discoveries in the area

Uranium ore is reported in addition to Aeroplane Lake, Cluff Lake and Wollaston Lake.

The area's nearness to Lac La Ronge is a scant 113 miles from the northern settlement indicates that it may be of more importance than the Lac La Ronge-Prince Albert lodge field which is easily accessible only from Waterways at the end of steel just across the border in Alberta.

Before any diamond drilling, experts claim have to be probed and tested and samples carefully analyzed. The results must show that the deposit is large enough to warrant expenditure of some hundreds of thousands of dollars in drilling programs.

Already one new mine is operating, late last year a new mine came into production and three more are under the way. The mine buildings are to be shipping docks on Lake Athabaska in the northwest corner of the province.

SASKATCHEWAN BOASTS RADIO-ACTIVE HIGHWAY

REGINA. — Existence of what is probably the world's only radio-active highway was disclosed to members of the Saskatchewan Legislature.

In 1949 it took a British dirigible 106 hours to fly across the Atlantic

James Ripley of Athabaska told the Legislative public accounts committee that two truckloads of uranium ore from a uranium mine in the Lake Athabaska area were mistakenly dumped into a highway for fill.

The highway is 12 miles long and leads from the uranium mines to the

IN THE OIL BUSINESS you PUT before you TAKE

Since the Leduc field was discovered in 1947 the oil industry in Western Canada has poured a whopping $900 million into exploring for new fields and developing the fields that have been found.

From the investment the gross value of oil produced so far has amounted to about $400 million. And the net to the oil companies has been far less, for out of this amount they have paid field operating expenses, royalties, taxes, and other charges.

Now come? That's the oil business. Before a profit return is realized, a lot of risk money has to go to work.

In the meantime the people are benefiting. As a case in point, Since Leduc, more than $100 million have accrued to the people of Alberta through oil industry payments to their government for royalties, rentals and bonus payments. Across Western Canada, oil activity has brought increased government revenues, payments to farmers for surface use, new employment and the lowest petroleum product prices in the country.

In the oil business you put before you take—but in the meantime, and at all times—the public benefits.

Chatsworth Chatter

Here we are into March and still enjoying very agreeable weather, with roads all open. The winter has certainly aged by, with many social activities and visiting being the order of the day.

Mrs. D. Cummings was a visitor to Edmonton from Feb. 13 to 16.

Mr. and Mrs. Ben Pich were also recent visitors to Edmonton.

Mike Matik is the possessor of a new Chevy hatchet.

News of the Solberg family, ex-residents of Chatsworth, and now living at New Westminster, is that they are keeping very well. Fred, now a young man, is working on a government dredge, and Shirley is in high school. Two years ago they lost all their chickens with the Newcastle disease, but are building up another flock.

Mr. and Mrs. Steve Jacula visited in Edmonton last week.

Bert Hoff sustained painful injuries to his head last week when a heavy trap door leading into his cellar closed down, striking him on top of the head as he stood on the steps below. Ben took the full force of the impact on the top of his head but managed to keep his footing, or he might have suffered worse injury. The wound took several stitches to close. Ben reports he saw lots of stars.

Noticed around Three Gents returning from a hockey game one Saturday night and almost making the mistake of taking home the wrong car!

Vermilion Man Tells of Thrilling Rescue on Great Slave Lake

Noel Garnett who is with the Fisheries Dept. at Great Slave Lake, tells the story of a thrilling rescue that was effected there in mid-December, and about which very little, appeared in the newspapers. The event created considerable excitement and interest and is well worth relating as told by Noel.

On Tuesday, Dec. 16th at 2 p.m. three fishermen left their caboose on the south shore of Great Slave Lake just east of the mouth of the Buffalo River, and 20 miles due east of the town of Hay River, N.W.T. to set their fish nets through the ice out in the lake a short distance from their shack.

While they were out, the "working" of this vast body of water which is only one-third frozen over, broke some 2 miles of ice over a mile square and the fishermen were floating out into the lake unknown to them. Fortunately for these men they had another partner who had gone to Hay River on business that day. He arrived back at the caboose the next day at 11:00 a.m. to find nobody home. He followed their toboggan track across the snow-covered ice for a short distance and it led right into the steaming water. In fact he almost left into the drink.

The fishermen's partner was almost frantic at the sight of this and returned to Hay River in his snowmobile to notify the Mounties and to get help.

At dawn the next morning a plane was sent out over the lake and located the men on the large mile-square floe of ice. A five mile span of water separated them from the main shore ice. A 20 mile an hour off shore wind was blowing and the temperature was below zero. The men were walking around beating their hands for warmth. There were many large cracks in the ice so that the pilot did not chance landing. At noon a plane again piloted by the same man, flew out over the floe and dropped the men a rubber life boat, food for four meals, blankets and a bottle of whiskey. The pilot then returned to Hay River to get a lighter plane that would land on the unsafe ice. The men made signs saying that the ice was only 5 inches thick.

Meanwhile the Dept. of Fisheries take patrol snowmobiles crews arrived at the shore position of the floe as where a worried bunch of fishermen and the partner were waiting and praying, powerless and unable to give help, for the rescue of these men. The patrol crew got their two-way radio going and contacted headquarters at Hay River. The men there got the satisfaction of knowing that supplies had been dropped and plans were being made for the rescue. No helicopter was around to be had. The crew contacted the home station every half hour.

Midway in the afternoon a light Stinson aircraft, privately-owned and flown by the same pilot again flew out over the scene and after one hour and 30 minutes over the lake landed just ahead of the snowmobile patrol and told them that the men could not be sighted, and where there was one floe of ice between, there were now literally thousands of small ones. The only chance left for them was that the men were covered by fog caused by the steam that was rising up from the water.

Meanwhile Pilot Smoky Gray had received permission from Associated Airways headquarters in Edmonton, to take over their plane, the noted northern bush plane, a Beaver aircraft, and land on the ice if possible and rescue the men.

Accompanied by the Mounties he flew over the lake to the area where the men were last seen and found them on a floe approximately 300 by 60 yards in size. He swooped and dropped 2 sleeping bags, then went to shore and dropped the policemen off. He again returned to the ice floe and landed. When the skids of his plane touched the ice the men were out of their sleeping bags in a flash. They had to turn the plane around on the ice by hand and managed to take off from the floe with only 50 feet to spare. The pilot made a safe landing and the rescue was effected.

Smoky Gray has thus written another chapter in the endless records of the north, and answered the prayers of the three fishermen who braved the elements on the inland sea of Great Slave Lake exposed on an ice floe for a period of 36½ hours.

The men never suffered any bad after-effects, but one of them all though very quiet about the whole affair, said that the cup of coffee he was drinking that night would have tasted really good about 2 a.m. on the ice floe.

The patrol crew noted that these fishermen were back to work, fishing once more out from their caboose the next day, so the old saying is still true — "You can't keep a good man down."

For Canadian Service

The 10,678-ton Rotary Liner De Grasse has been purchased by Canadian Pacific Steamships for the transatlantic trade. The vessel, formerly operated by the French Line on the Mare-au-New York service and West Indies cruises, is now being built up to suitable specification for her comfortable and speedy accommodation, will replace the Empress of Canada which was destroyed by fire recently at her Liverpool dock.

The De Grasse has accommodation for 378 first class and 352 tourist passengers. It is expected that she will enter service under her new ownership sailing from Liverpool on April 29th for Montreal. The ship was scuttled by her French crew during World War 2 to prevent her falling into the hands of the Nazis and after the war was refloated and completely reconditioned, re-entering passenger service in 1947.

M.D. OF MINBURN TO BUILD SEED CLEANING PLANT

MANNVILLE—At a meeting of ratepayers of the M.D. of Minburn, held in Mannville under the auspices of the Mannville and District Board of Trade, a provisional board was set up to build a seed cleaning plant.

Previous to the meeting, Mr. C. J. Gamble showed a film of Mr. Sutherland's trip to Texas and return with two grain combines. This picture was greatly enjoyed by all.

Mr. M. B. Van Dusen then called the meeting to order and introduced Mr. Buckingham and Mr. Parkinson, an engineer from the Field Crops branch, Department of Agriculture. Mr. Buckingham briefly and clearly outlined the necessity of a seed cleaning plant and the arrangements by which it could be financed. Mr. Parkinson spoke on the construction of the plant, operation of same and gave a report on the plants now in operation. He cautioned that the plants were financially strong and all doing a satisfactory job. Some of the plants are installing machinery for treating seed for wireworm. The cost of this treatment was given by Mr. Parkinson.

In the discussion following the addresses, a motion was made by Mr. Wells "That a seed cleaning plant be built in the M.D. of Minburn and that a provisional board be elected". J. R. Allen seconded the motion which was carried unanimously. The following were elected to the Provisional Board: A. Gerhart, C. Finlay, P. Sloan, J. Bryden, J. McLaughlin, Semegrad and E. H. Buckingham.

The meeting was adjourned and the Provisional Board went into session to set up their organization. A further meeting of the Board was called for Saturday, Feb. 28th at which canvassers were appointed and arrangements made to go ahead. Several thousand dollars worth of shares have already been sold.

The Mannville and District Board of Trade wish to thank all persons who so strongly supported this project, and to assure the farmers of the M.D. of Minburn that they will strive to support this venture. The Board of Trade wish to tender their appreciation to Mr. Buckingham, Mr. Parkinson and Mr. Gamble for their interest shown and the assistance they have rendered.

Chatsworth

A social evening of croquinole and whist sponsored by the F.U.A. will be held at Chatsworth on Friday, March 13th at 8 p.m. Ladies please bring cake. Everybody welcome. 31-3

$100 A MONTH FOR LIFE FROM AGE 60

THIS IS THE PLAN . . . . Suppose you are not over 50, you make regular payments to the Sun Life of Canada. At age 60 you start receiving $100.00 a month for life; or if you prefer it, $17,189.00 in cash. Both amounts can be increased by accumulating annual dividends. If you are over 50, benefits are available at a later date.

FOR YOUR FAMILY . . . . Should you not live to the age of 60, $15,920.00 will be paid to your family on your death.

News Notes From Your District Home Economist

The Shoe Wardrobe

No one type of shoe should be made to serve all purposes, just as no one costume can be worn for every occasion. The ideal shoe wardrobe takes care of all of the activities of your life. Too many wardrobes are unbalanced by having shoes in them that fail to serve the purposes of the individual. You are the judge in deciding what types of shoes you need. That is why an important requirement in buying shoes, as with many other items in a wardrobe, is to know what you want. Decide before you go on your shopping expedition what kind of shoes you are going to buy. In other words, plan before you buy.

A good walking shoe will pay dividends in comfort, good posture and health. It usually serves for all general duty purposes. Because of the demands made upon walking shoes, emphasis should be on good fit, durability and comfort.

Dress shoes are de-signed for afternoon and evening wear. They frankly put beauty before comfort or long wear. They will not impose serious strain during the short periods they are worn if they fit properly, are well made, and are worn only for dress purposes.

Specialized work shoes are designed for industrial, chemical, hospital and other specialized use. They have safety and other features incorporated in them that relate to the particular requirements of the job. These include shoes with heavy protective toe box reinforcements, non-slip acidproof soles, or inner drawstring cuffs to avoid infiltration of foreign material, non-sparking shoes and shoes which dissipate static electricity accumulated in the body of the wearer.

Sports shoes are intended for general, spectator or specific sports such as golf, tennis, bowling or track. Each activity demands its own type of shoe. General and spectator sports shoes may serve a dual purpose for walking and general utility wear.

Leisure time shoes include play and casual shoes for relaxation at home. The trend for this type of shoe is to combine color and comfort.

It is good judgment to plan your buying so that you have the shoes when you need them. Do not wait until the last minute for you will unwisely find yourself buying hastily and probably sacrificing some of the factors that are important to you.

Radio Talk

"Home Laundering" will be the topic of my radio talk March 20th at 12:45 over CKUA. Hope you plan to listen.

Coyotes

Coyote control campaigns in the settled regions of Alberta have been very active this winter, W. Lobay, supervisor of Crop Protection, Alberta Department of Agriculture, reports that greater use has been made of coyote-getters (cyanide guns), and that over 11,000 of these guns have been distributed. Supplies of guns, shells and special bait are being shipped daily to pest control officers. In addition to destruction of killer coyotes, the bounty-aid coyote control campaigns should also help in curbing the spread of rabies.

Coyote-getters are not to be regarded as the only means of coyote control, Mr. Lobay says. They should be used to assist in what ever methods have been found effective. Those who have been successful in trapping and snaring coyotes should certainly continue to use these methods, but they should also use the getters to get that extra coyote. The only way to catch a coyote is to outsmart him, says Mr. Lobay. The more methods used, the greater the chance of getting a better kill.

Those "Forgotten" Stones

(Contributed)

While curling at the Deer Lodge Club in Winnipeg some few years ago against George Kimberley of Kenora, his third man forgot to throw one of his stones. He asked me what he should do, and I answered, "Play the rock." George then asked if he himself could play the stone, and I said, "Sure go ahead." He walked to the other end and, with hardly a glance, threw the rock through the house remarking "That's the way forgotten stones should be played."

The same experience happened to us in reverse during the Winnipeg bonspiel when Wilde of the Fort Garry Club insisted that we play a forgotten stone. With a possible five end in sight, we played the stone just about like George Kimberley did, only to have Skip Wilde, with his last stone, intentionally try to bump one of our stones in for shot.

These two incidents, especially the one with Kimberley, have made a deep impression on my thoughts and regard for my fellow man—for in our quest world we cannot go far wrong as long a we have men of like calibre among us.

New Variety Of Barley Licensed For Sale

SASKATOON — Hosky a new barley variety developed at the University of Saskatchewan after 15 years of breeding, has been licensed for sale in Canada, Dr. J. H. Harvey, the head of the field husbandry department announced. Formerly known as N.S. 1-11-N times one dash variety, it is a six-rowed, six-to-a whit-seeded variety. The new variety is outstanding in yield and bushel weight, has good strength of straw and is rust-resistant.

This is the first important outcome of a barley breeding project begun at the university 15 years ago. Financial assistance was received in the early stages from the Canadian Malting Company and the Unified Grain Growers, and more recently from the Barley Improvement Institute.

The original objective of the breeding program was to produce a new variety satisfactory to the malting trade, the feed trade and for farm use. While the new variety is an excellent feed barley it is doubtful if it will make malting grades, said Dr. Harrington.

The new variety has shown remarkable performance in co-operation tests in western Canada. In each of the past three years "Husky" has outyielded standard varieties and hybrids being tested. In 130 field plot tests in each of which every standard variety appeared several times, "Husky" outyielded the best feed variety "Vantage" by 10 per cent. Maturity is the same as "Vantage," mid-season to late.

The breeding program was begun years ago by Dr. Harrington and the testing and evaluation has been carried on by Prof. L. H. Shebeski since 1947.

Limited amounts of seed have been released in the hands of selected, highly-experienced seed growers to obtain a maximum seed increase. "Husky" will not be available for general distribution until 1954, said Dr. Harrington.

Welcome In Three Languages

REGINA — The sign above the door to room 17 at Victoria School here is printed in three languages—Chinese, German and Dutch. They say "Fun Yee Lay Cainda" "Willkommen Zu Canada and "Welkom In Canada."

Inside at four Mrs. P. F. Winters helps new Canadians to say those words. Welcome To Canada—and many others, in English. The most frequent nationalities of the children she helps are Chinese, Dutch and German.

Her classes begin with objects and pictures which are identified by their English names. Verbs are learned by moving the objects about and encouraging the students to describe story-pictures.

On occasion they use tape-recording machines to listen to their own speech.

The classes began last autumn on the advice of C. J. Lee, assistant superintendent of public schools. He said most of the immigrant children have the fundamentals in science, arithmetic and health. But their standard of English makes it very hard to find their proper level.

So they learn English in Mrs. Winters' classroom, and in the other half of the school-day they try to keep up with the other subjects.

Watkins Products

As a real Canadian proud to be doing business in Canada, I invite you to see your local Watkins dealer for service more valuable than ever before. Watkins Products are your assurance of purchase satisfaction.

Wm. Hopkins, 1525 Broad St., Regina

ITCH RELIEVED IN A JIFFY or money back

Very first use of wonderful, creamy, liquid D.D.D. Prescription soothes relieves the red, inflamed, irritation, pimples, rashes, eczema, athlete's foot and other externally caused skin troubles. Stops scratching. Greaseless, stainless. Soothing relief. Don't suffer needlessly. Ask your druggist for D.D.D. Prescription.

Canadian Soldiers Like Hot Dogs

HANNOVER, Germany — Hot dogs were selling like hot cakes to Canadian soldiers recently after being introduced to Hannover by the Salvation Army.

The soldiers of the 27th Brigade were unable to buy hot dogs here until Capt. and Mrs. Arthur Hopkinson, of Winnipeg, arrived at the British Red Shield Club.

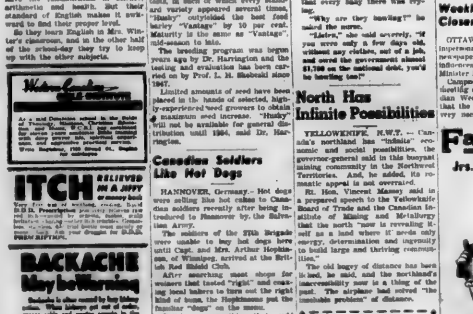
After searching most shops for weiners that tasted "right" and reading local bakers to turn out the right kind of buns, the Hopkinsons put the familiar "dogs" on the menus.

British was something that could not be bought, but the couple solved the problem by rushing up a supply of pickles and adding spices.

Vasco Nunes de Balboa discovered the Pacific ocean in 1513.

BACKACHE May be Warning

Backache is often caused by lazy kidneys action. Modern living, lack of rest and exercise, colds and weather changes in the body may cause backache. Backache may be that tired-out and heavy-headed feeling you must follow. That's the time to take Doan's Kidney Pills. Doan's stimulate the kidneys to normal activity. That aid kidney action—seek Doan's Kidney Pills today.



Funny and Otherwise

Some of these new model automobiles can do what some people cannot do—shift for themselves.

* * *

"I understand your husband has taken up the violin."

"Yes, and he's doing fine. They've returned his oil-can from next door already."

* * *

"Oh, doctor, I'm afraid my husband is losing his hearing. Sometimes I talk to him for hours and then discover that he hasn't heard a single word I have said."

"That's not an affliction, ma'am," replied the doctor, "that's a gift."

* * *

"Sally," "Have you heard that Judy is engaged to an X-ray specialist?"

"Darlene: "Well, she's lucky. No one else could see anything in her."

* * *

The following sign was posted in an employer's cafeteria: This firm has 2,318 employees. To date this cafeteria has lost 2,318 pepper shakers. How long can each have one. FOR HEAVEN'S SAKE, QUIT!"

* * *

He was rearranging on the dance-floor of revelers' heads, and with a dramatic gesture he pointed an emphatic finger and insolvedove lobster: "Ha, ha! Is it I that am at it some time or other, yet it's the wisest thing in the world and so. What is it, I say? Do you know?"

It appeared that the little man did know, for he replied in a husky whisper: "Adding coke!"

* * *

The nagroms, seeking an engagement, went to the office of the agent a title collosus.

"Boss," he said, "I'm in grand open did you say?" he replied.

"Forty."

"My word, you must have known Madame Butterfly when she was a caterpillar."

* * *

A new father was looking at the babies through the window of the infant ward, and it seemed to him every baby there was crying.

"Why are they moving?" he asked the nurse.

"Listen," she said severely, "if you were only a few days old, without my clothes, out of a job, and owed the government almost $1,700 on the national debt, you'd be moving too!"

North Has Infinite Possibilities

YELLOWKNIFE, N.W.T. — Canada's northland has "infinite" economic and social possibilities, the governor-general said in this buoyant mining community in the Northwest Territories. And, he added, its romantic appeal is not overrated.

Rt. Hon. Vincent Massey said in a prepared speech to the Yellowknife Board of Trade and the Canadian Institute of Mining and Metallurgy that the north has "a quality of itself as a land where it needs only energy, determination and ingenuity to build large and thriving communities."

The old bogey of distance has been licked, he said, and the northland's unexcelled natural "right" and resources. The airplane had solved "the insoluble problem" of distance.

Speaking Of Hairpin Tops

VICTORIA — Speaking of hairpin turns in mountainous British Columbia:

Cyril Shelford, cBC Columnist told the legislature that he has northern residents' concern's up 20 had that drivers have been known to turn their batteries testing at their own tail lights.

REVENUE STAMPS

OTTAWA — Canadian banks have taken on sale at post offices the unused excise stamps whose use on cheques was abolished by the new budget, the Finance Department reported.

The heat generated by lighting a match reaches a maximum of about 2,700 degrees.

Here's Real Relief for ARTHRITIC RHEUMATIC PAINS—STIFFNESS

If you are as of all chemical of your body it is up to you to get rid of it. Drink 6 to 8 glasses of water daily. The Kidneys do the rest.

Tests Of Wheat In Far North Show Yield High

EDMONTON. — J. A. Gilbey, officer in charge of the federal agriculture department's experimental sub-station at Fort Simpson, Northwest Territories, says far north wheat fields of from 45 to 50 bushels an acre have been obtained on observation tests

Fort Simpson is about 920 miles north of Edmonton.

Mr Gilbey said horticultural crops hold a primary interest in work at the Fort Simpson station. The part played by vegetables in raising the standard of living in northern communities is realized, along with the need of building up scientific data.

Mr. Gilbey said experiments also have been made with forage crops and cereals. The station has a poultry flock and has made a start on hog raising.

The grain observation trials were made with wheat, oats and barley, and station completes 80 acres, 30 of which are under cultivation.

Mr Gilbey and his wife are sold on possibilities of the northland. Mrs Gilbey was amazed when she first saw the bush wild strawberries and he satisfied wild roses the band produces during its average of 90 frost-free days.

There is a pressing need for garden vegetables and potatoes, says Mr. Gilbey, and he will be strongly when mineral discoveries bring development of the area and a bigger population.

Northern housekeeping has its advantages and disadvantages, Mr. Gilbey said. Her son porch makes a first-class home freezer in the winter and the house boasts the conveniences of indoor plumbing, electricity and a telephone.

However a year's shopping has to be done at one time, while the boats are running, and her bread is homemade since the kind that is for marketed by an old sourdough who clayed off gold-rush days, costs $1 for three loaves.

Weeklies Are Closer To Readers

OTTAWA Daily newspapers are impersonal and apart while the local newspaper "really makes friends and influences people," Associate Defence Minister Ralph Campney said here.

Campney told the semi-annual meeting of the directors of the Canadian Weekly Newspaper Association that the daily newspapers perform a very necessary and useful function.

Fashions

Jrs.! Figure-Praise!

Oh, what this modded middle does for whittle your waist, pare down your hips! So very glamorous, they're raving about this silhouette in Paris! Lucky Junior, have this on a round hand sweetly revue or cotton, or as a date dress in swishing taffeta.

60 Front Street W., Toronto.

Now contains all the minerals necessary to sustain life.

YOUR RED CROSS

WHAT IS IT DOING?

TO SAVE a life is this mom's reason for giving his 77th blood donation. For many years this gentleman has been a "Good Samaritan" giving without charge his blood to whoever may have need of it. When the Red Cross Blood Transfusion Service started up he was one of the first to enroll as a regular donor.

All across Canada the Red Cross has inaugurated this life saving service. Canadians give and receive blood or plasma freely. In almost every hospital this precious fluid is saving lives and speeding recovery. Recently a hockey player in Saskatoon received some 16 transfusions because of a serious accident during a game. This was made possible through the Red Cross Service and there is no obligation to replace the blood or in any way pay for it. The funds for this life saving service is secured during the Society's annual campaign for financial support.

Bloddan supplying fever blood the Red Cross operates many other services designed to relieve suffering and promote health among the people of Canada and elsewhere. In any case of human suffering the Red Cross stands ready to serve. This was dramatically put to the test when flood disaste struck Europe. Before the average person realized that a major disaster had occurred Red Cross had relief supplies on the

How Scott's Emulsion Helps CHILDREN GROW STRONG, HUSKY!

More than just a tonic

CHILDREN THRIVE on Scott's Emulsion. When they get run down, catch colds or get sick—see what a difference it makes when you give them Scott's Emulsion. It contains natural A & D Vitamins in natural cod-liver "gold from the sea." Helps them maintain resistance. Helps them build strong bones, sound teeth, a husky body! Helps them grow into fine, sturdy, lively children you're proud of! Try Scott's and see!

SCOTT'S EMULSION IS RECOMMENDED BECAUSE
1. It contains natural A & D Vitamins in natural oil—plus added minerals. 2. Easy to take, economical. 3. Four times easier to digest than plain cod liver oil, because of exclusive process. 4. Helps children build strong bones, sound teeth, a sturdy frame.

Today—sure—get Scott's at your favorite store.

Kitscoty News

Mr. John Dale was a business visitor to Calgary last week.

Miss Margaret Seward spent the week end visiting in Edmonton.

Mr. F. Feshenok was an Edmonton visitor last week end at the home of his daughter Mrs. Wm. Barber and family.

Week end visitors to the Alex Potter home were Mr. and Mrs. L. Gabrielson and family, Mrs. W. Benner and family all of Okotoks, Alberta and David Potter of Edmonton, who paid his family an overnight visit.

Mr. Leslie Hill of Beaton Carse, West Hartlepool England, arrive here recently to make his home with his cousin Charles V. Browne.

Best wishes to Messrs. Wm. Tiger, T. Hagen and J. Locke for a speedy recovery from their recent illness.

New Booklet Issued On Safety Driving

AVAILABLE FREE

Information on regulations and safe driving habits for Alberta motorists is provided by the Provincial Secretary's Department in their new 32-page booklet 'Alberta Driving Manual'.

The illustrated booklet is divided into four sections: driving regulations, requirements of vehicles, safe operation of motor vehicles, and a test of 99 questions.

Information includes speed limit regulations, signposting of by-ways, how to stop in an emergency, the meaning of traffic lights and signs, the dangers of carbon monoxide, rules of safe driving and a wealth of other information for the motorist. Diagrams assist how to solve such problems as parking on a hill and driving out of a skid.

A total of 17 hints summarizes rules of safe driving which should be followed by every Alberta motorist. These include such advice as: Never drive after drinking; and Never pass another vehicle on a hill or curve or at a point where the view is obstructed.

This pocket-sized booklet is being sent to the 225 issuing offices throughout the Province and will be available free on request. It can also be obtained by writing the Motor Vehicles Branch, Prov. Secretary's Dept. Administration Bldg., Edmonton.

Ethelwyn News

On Feb. 16th the Alberta Wheat Pool announced a meeting and lecture show at the Rye school. The hosts were Mr. Bob Peck of Clandonald, Mr. George Braithwaite field man of Vermilion and Mr. Davies, Pool delegate of Lloydminster. Mr. Davies gave a report of the convention and Mr. Braithwaite a very enlightening talk on the Wheat Pool plan. Lunch was served by the ladies.

Mrs. Kelley and the school children were hosts to a whist drive on Feb. 20th in aid of the Red Cross, with the added attraction of a fish pond. Many and varied were the fish pulled out. Winners at whist: 1. Mrs. Kelley, consolation Peter O'Rourke, Greta 1. Eleanor Shreve howich playing as a gent and consolation Dean Cooper.

The Ethelwyn Ladies Club met under the leadership of Mrs. Goddard held at Clandonald was well attended

Due to sickness in the family the writer was unable to attend the last W.A. meeting so will have to report some at a later date

To all those who have so kindly inquired about Dean, his condition is slowly improving but he is still under the doctor's care and will be for many months to come. We deeply appreciate your concern. A special thank you to Robin Attfield for keeping Dean supplied with reading materials.

Sympathy is extended to the relatives of the late Mrs Cameron

The F.U.A. meeting held at Rye was well attended. After the business session the ladies served a tasty lunch.

Mr. and Mrs. Jack C. Potter have returned home from a month's holiday trip to Ontario where they visited many ex-Kitscoty folks, saw and heard the Happy Gang and visited Niagara Falls.

Miss Ruby Blair, of the A.G.T. staff is spending a week's holiday visiting friends at Cold Lake.

Watch for posters re the W. I. Bingo which will be held later on this month. Start now to save your small change.

In the recent Toronto Conservatory of Music examinations in Form, Miss Sheila Fay McCrae received First Class Honors. Congratulations Sheila.

V.A.A.A. TO MEET

WILL SEE THE GREY CUP FILM IN PICTURE

The annual meeting of the Vermilion Amateur Athletic Association will be held in the Legion hall on Monday March 23rd at 8 p.m. Election of officers will take place, plans made for 1953, and the films of the 1952 Grey cup final will be shown.

Wildmere F. U. A.

The Wildmere F.U.A. will meet at the Wildmere school on Wednesday March 18th at 8 p.m.

Meetings Scheduled For Vermilion River M. D.

The Agricultural Service Board with the co-operation of the Vermilion River Municipal District is a series of meetings throughout the district.

The purpose of these meetings is to discuss Agricultural matters and to show some films on different topics.

The District Agriculturist is very anxious to help anyone wishing to obtain a pure bred bull under the Government loan policy.

The dates are outlined below — you will find these meetings interesting and worthwhile, so attend the one nearest your farm and bring your friends

Streamstown — March 13th
Blackfoot — March 16th
Stretton — March 19th
Islay — March 19th
Twinville — March 23rd
Allendale — March 26th.

All meetings are scheduled to commence at 8:00 p.m.

Our Free Press Owes Much To The Linotype Machine

Critnac Mergenthaler's linotype machine, christened in the offices of the New York Tribune on July 3 1886, was the most potent machine of its age,' states the March Reader's Digest.

The new machine touched off a boom in printing, created hundreds of industries and millions of jobs, greatly enlarged daily newspapers while lowering their cost, made possible the printing of huge editions and books of many kinds. Because of the linotype, libraries mail lighted in the homes of fire, and in a single generation the level of literacy advanced by a full century.

The linotype made a metal slug that would print simultaneously several words in a line of type the width of a newspaper column. Previously, words and sentences had been formed laboriously by men who picked up the letters one at a time from type cases.

For some time after its first use, however, the machine seemed headed for failure for it was too costly for any but the largest publishers. Then the idea of leasing linotypes was proposed. Small publishers could meet the rental terms, soon scores of small-town newspapers appeared. By the year 1900 there were 8,000 linotypes in use

In this making modern printing possible, Mergenthaler succeeded where many other inventors had failed. He knew nothing of printing, the article says, therefore his fresh advantage was also his mighty handicap. He had nothing to forget.

Though he died in 1899 at the age of 45, his invention paid him and his heirs about $1,500,000.

YOUR HELP TODAY WILL HELP THEM TOMORROW

Through the Alberta Red Cross Crippled Children's Hospital is now only part of Provincial Government projects it is Alberta's most important consideration. During the 1952 polio epidemic, 148 patients were hospitalized. There were in addition to 142 patients who had been admitted to the hospital during the previous year. Many of these had to be cared for to meet such an emergency and administer to our handicapped children. It takes a highly trained staff of doctors, nurses, physiotherapists, laboratory technicians, X-ray technicians, ad-ministering and maintenance personnel . . . It takes provincial government grants totalling $1,342,000 of the total $2,684,000 cost to build it. The rest came through contributions that the people of Alberta made gladly.
Red Cross work in Alberta is estimated at an annual cost of $1,000,000. Of this total $201,940 will be required to carry on the work of Alberta's Red Cross Crippled Children's Hospital. Added to this is the cost of the new orthopedic wing of the hospital. The total estimated amount of $125,962 is still needed. When the Red Cross worker asks for your help, remember that your dollars will help more . . .

1 In meeting administration expenses for orthopedic, X-ray and laboratory technicians, nurses' aides, school teachers, domestic and maintenance staff.
2 The maintenance of the hospital where many hundreds of children will be treated each year. Many of these will be crippled by infantile paralysis, others by arthritis and illness as the hospital for the education of young minds in the patient's new hospital is equal education is still an important part of treatment.
3 In support of the hospital orthopedic "plant", specially designed for the correction of crippling.
4 In great care and nursing the health of patients suffering from tuberculosis, rheumatic fever, cerebral palsy, congenital deformities, etc.
5 Research into the causes, treatment and prevention of rheumatic conditions, tuberculosis of the bones, traumatic conditions of the joints, etc. 6 Industrial therapy, occupational therapy, etc.

GIVE GENEROUSLY . . . KEEP YOUR RED CROSS STRONG.

The World of Wheat
by H. G. L. STRANGE
Director "The Crop Testing Plan"
Distribution of Varieties
A PRESENT FOR DAD

Many boys and girls belong to Junior Grain and Calf clubs. Such boys and girls have an excellent chance, not only of learning something about grain varieties, but of making their Dad a nice present by growing "A Seed Field on the Farm". Here's how it works

Let the boy or girl ask their Dad to lease them about 5 acres of nice clean summerfallow. Then borrow from Dad enough dollars to buy say 6 or 7 bushels of Registered seed to sow the 5 acres. Let the boy or girl, with their young friend, go through the five acre field in the summer, learn to distinguish the variety being used, and pull out by the roots other varieties, kinds and weeds that don't belong there. Get Dad to harvest and thresh the field carefully, putting the seed in a separate bin, and then make Dad a present of this fine lot of Registered seed, which should be enough for him to sow at least 20 times the acreage next year.

This will start a good partnership for Crop Improvement between boys and girls and their parents. Dad, of course, could, if necessary do it himself and make himself a nice present.

For some time after its first use, however, the machine seemed headed for failure for it was too costly for any but the largest publishers. Then the idea of leasing linotypes was proposed. Small publishers could meet the rental terms, soon scores of small-town newspapers appeared. By the year 1900 there were 8,000 linotypes in use

Bowtell Bulletin

(This bulletin was crowded out last week due to no fault of the writer of the column. Due allowance should be made for lapse of time since the items were written.)

Mrs. Sherwood entertained at her home on Wednesday afternoon when 31 ladies attended a miscellaneous shower in honor of Mrs. R. Repp. Thanks are extended to everyone who helped to make the occasion such a grand success.

Mr. A. Morrison, Christine, Mrs. J. Morrison and Donnarae Hartman were visitors to Edmonton on Saturday.

Frank Robinson was in the city Friday to attend the funeral of his father.

Mr. and Mrs. O. Repp left by car Thursday for their trip to the States. They were accompanied as far as Edmonton by Mrs. Johnson.

The writer was pleased to have Mrs. Hudson, Maybelle and Hurrel visit her on Monday evening. Keren Ridge is back in the district and is working with Jimmy Monaghan.

Mrs. R. Moore has a nice new electric refrigerator.

Mr. and Mrs. Walter and William were supper guests at the home of Mr. and Mrs. Dedelly on Sunday.

Guests for a turkey supper Wednesday at the writer's were Mr. and Mrs. Dedelly, Mr. and Mrs. Jones, Mr. and Mrs. Walker and William. We were pleased to have Mr. and Mrs. F. Robinson and Margaret call later the same day.

The Sherwood family enjoyed dinner Sunday at the Clarke home in Pleasant Valley.

Mr. Ray of Tullby Lake visited his daughter Mrs. Robinson and family for a few days this week.

Mr. and Mrs. McFarland, Terrance and Bobby, Mr. and Mrs. R. Repp were Sunday visitors at the Maggs home.

Sorry to say that there are a few on the sick list hereabouts including Mr. Jones, Mr. Johnson and the Williams family.

Wedding Reception Held For Mr. and Mrs. R. Repp

The wedding reception held for Mr. and Mrs. R. Repp at the Anglican parish hall was attended by many friends from this district including Mr. and Mrs. B. Moons, Mr. and Mrs. A. Maggs, Mr. and Mrs. J. Hurdle, Mr. and Mrs. F. Robinson, Mr. and Mrs. E. Jones, Mrs. Evelyn Carroll and Barbara, Mrs. Dedelly, Mrs. Sadie Carroll, Mr. and Mrs. T. Sherwood, Isabell and Beverly, Mr. and Mrs. E. Lippert, Mr. and Mrs. F. Shrubsoles, Mr. and Mrs. J. Simenuk, Mrs. L. Gow, Margaret and Mary, Mr. and Mrs. Payne, Mrs. Knutson, Maybelle and Harold, Bill Annest, Arthur Hughes. Out of town guests were Mr. and Mrs. D. Beckitt, Mrs. M. McRobert of Hazeldine, Mr. Harold Fair of Edmonton.

Vases of yellow daffodils decorated the bride's table which was covered with a tiered cake. At the table were the bride and groom, Mr. and Mrs. O. Repp, Jim Repp, Doris Strocher, Mr. Burton and George. A delicious lunch was served by the Happy Hour group.

The toast to the bride was proposed by Mr. Jim Repp.

A number of the guests later attended a buffet supper of turkey at the home of the groom's parents.

The dance held in the evening at the Bowtell community hall was very well attended. The Harmony Aces provided the music.

IN MEMORIAM

In loving memory of the writer's father,

Mr. T. Fowler

who passed away March 9th, 1949.
"The willing stream of life rolls on
But still the vacant chair
Revells the love, the voice, the
smile,
Of the one who once sat there."

OBITUARY

WILLIAM HOWARD GREEN

Funeral services for William Howard Green who passed away on February 15th, 1953, were held at the Auburndale United church on Wednesday, the 18th at 2:00 o'clock in the afternoon. Interment took place in the Mount Auburn cemetery. The Rev. C. V. MacKay of Vermilion officiated.

The pallbearers were Messrs. Frank Eyben, Jerrold Elward, Gordon Larson, Brent Marnak, Alex Stone and Stan Kennedy.

Beautiful floral tributes were received from

Local News of Interest

Appointed Manager Of Macleod's At Olds

Ian Stewart, for the past two years a member of Macleod's store here has been transferred to Olds where he has been appointed manager of the Macleod branch.

Ian took over his new duties at Olds on Sunday of this week. On Wednesday night last week he was honored at a farewell party given him by the members of the staff of Macleod's here, manager Charlie Upshall making him a presentation on behalf of the gathering. On Saturday evening the Kinsmen club farewelled Ian and on this occasion President Charlie Upshall made the presentation on behalf of Ian's fellow Kin. Congratulations are extended to Mr. Stewart on his promotion to new and greater responsibilities.

Feted On Occasion Of Silver Anniversary

Mr. and Mrs. Brent Marnak were feted at a surprise party last Saturday evening on the occasion of their 25th wedding anniversary when a large number of friends from the Buffalo Coulee and surrounding districts called at the Marnak home. The surprise visitors had arranged the whole evening's entertainment and provided the refreshments, the bride and groom of 25 years ago being treated right royally.

During the evening Mr. A. C. Majury proposed the toast to the bride and groom, while Mr. Alf Green on behalf of the community presented Mr. and Mrs. Marnak with a beautiful table lamp. A nice lunch was served and a very enjoyable evening spent.

Mr. and Mrs. Marnak's daughter and family Mr. and Mrs. Jack Brown and Donna, also their daughter-in-law Mrs. Brent Marnak Jr., arrived from Calgary for the occasion, while a long distance phone call was received during the evening from son Brent Jr. from St. Louis, Mo.

Kinsmen Aid Burned Out Family

Beatty Blues donated a small pedal tractor, the Kinsmen club donated the sale of tickets on a draw and $225 was raised in a very short time which was turned over to the Brown family near Marwayne. They lost their home and all belongings in a fire a short time ago.

BORN — To Constable and Mrs. Edwin Willes at Saskatoon on March 6th, a daughter.

BORN At the Royal Alexandra hospital, Edmonton on Feb. 27th, 1953, to Cecile, wife of the late James A. Hudson (Jim), a son, James Edward Hudson Randolph Scott, Mr. and Mrs. Ted Hudson, formerly of the Thorneliffe district

IN MEMORIAM

In loving memory of my dear husband

Daniel Brantley

who passed away March 13, 1952.
"The blow was hard, the shock severe
We never thought his death so near.
And only those who have lost can tell
The pain of parting without farewell."
—Ever remembered and sadly missed by loving wife and Lucy.

MRS. EMMA FALL

A well known old timer of Vermilion, Mrs. Emma Fall aged 78 years passed away at Saskatoon on March 9th. She had no relatives. Funeral services were held at the United church, Islay, at 2:00 o'clock on Wednesday, March 11th, with interment following in the Islay cemetery. The Rev. D. A. Ford of Vermilion officiated.

Moyers were in charge of arrangements

MRS. CHARLOTTE CAMERON

She was laid to rest from the Anglican church at Clandonald on Monday, March 2nd and Interment made at the Clandonald cemetery. The Rev. D. A. Ford officiated. She is survived by one son Clement Forestall of Moyers were in charge of the arrangements.

Mr. and Mrs. W. J. Fisk announce the engagement of their daughter, Vivine Gladys, to Mr. Thomas Dale Wilcox, son of Mr. and Mrs. W. J. Wilcox of 12311-107 street, Edmonton. The marriage to take place quietly the first week in April.

Mrs. T. P. Marshall left recently for a two months visit in the U.S. with the possibility also of going to Mexico City. She is travelling by way of Salt Lake City, Los Angeles, Canada, and San Antonio, Texas, and plans to spend the greater part of her holiday in Los Angeles. She will return by way of the west coast of U. S. A.

Mr. and Mrs. Jack Brown (nee Georgia Marnak) and little daughter Donna Alexandra, paid a surprise visit to the home of the latter's parents Mr. and Mrs. B. A. Marnak last week end. The occasion being Mr. and Mrs. Marnak's silver wedding. Mr and Mrs. Brown were also accompanied from Calgary by Mrs. Brent Marnak Jr.

Mrs Fred Whitfield of Lloydminster has been visiting Mr. and Mrs. Loyal Amos for the past three weeks.

The Standard inaccurately stated last week that 3rd prize in the Pilkie event at the spiel was won by the Gower rink of Clandonald. This should have been the George McConnel rink of Derwent.

C. J. McCormick is planning to hold a clearing off auction sale on Tuesday, March 31st. Watch for advertising in next week's Standard and sale posters. 35-4c

---

Mr. and Mrs. A. M. Watt spent last week end visiting son Bob and family at Provost. They also line up with Provosts in a play-off hockey game Saturday night.

Mrs. Flo Antrim returned from Vancouver last week end where she spent three weeks with her parents Mr. and Mrs. MacDonald.

Midgets Trim Wainwright 5-1

BUT PEE-WEES LOSE

The Midgets trounced Wainwright last Wednesday evening 5 goals to 1, but the southern Pee-Wees evened the score for the evening by routing from the local Pee-Wee All Stars 9 to 0 in the course of the night.

Goal-scorers for the locals in the Midget game were Acheson from Mix; Acheson from Cowan; Little, Mystal from Brower, Stewart Barr. Holt scored for Wainwright assisted by Cook and Power.

Enjoyable Telephone Whist Held by Junior C.W.I.

On Sunday night of Feb 22nd last, the Jr. C.W.I., held their second telephone whist which was convened by Mrs. E. Smith and Mrs. J. O'Donnell.

Our congratulations go to Mr. and Mrs. F. Schmidt, who were high scorers of the evening and received the prizes donated for this event by Noonan's Coffee Shop, ladies first, and Herzog Motors, gent's first The ladies' consolation was won by Mrs. Carmen Millar and donated by Mrs. S. Kiashinsky. Mr. Jack Dubacz won the men's consolation which was donated by Mrs. J. O'Donnell.

The Jr. C.W.I., wish to extend their thanks to the donors of prizes for this occasion.

Former Vermilion Man Wounded By Bandit At Los Angeles

Fred H. Connelly, a brother of Harold Connelly and nephew of Mr. and Mrs. Hiram Hodgins, was wounded in the left arm and chest when he was shot three times by a hold-up man.

The bandit appeared at Connelly's living quarters at the motel which he operates and demanded money. Instead of complying Connelly dashed into an adjoining room and seized the diesel.

Mrs. Connelly told the police that the gunman broke down the flimsy door with his shoulder. My husband fought with him she said and I joined in. We hit him with a telephone, a flashlight and our fists. My husband shouted to me to call the police. The bandit chased him finally into the kitchen and fired three shots at him."

Pleasant Valley

The weather is wonderful this week in early June. It makes one feel like being out in the garden. We can look at the seed catalogs and say to ourselves "I know the kind of potatoes and carrots and beet for mine, the pompoms dahlias."

Mr. F. Bothwell spent a week in Vermilion with her daughter Rita and family, and while there she took a look at the new hospital. I think it is the right age folks. We have all been inside the angel room and have asked if we can have a child in the corner of the [illegible].

Mrs. [illegible] celebrated her birthday the same day The Parker twins, so it also was a birthday for all day the writer and hubby were supper guests also. I think that there were 7 candles on the cake and the cake itself was grand.

Sorry to hear that Mrs. Fred was afflicted with a throat ailment so that the service on Sunday had to be cancelled.

Mr Brewer spent a week in Edmonton visiting his son Lad. The writer is sorry to hear guests are leaving us at the Gas Lagoon home. Everyone was shocked to hear of the fatal accident to Mr. Gus of Edmonton. Deepest sympathy is extended to the family.

Hello Lou how are we these days. After all we're a good week by this time. How are the cakes and pie turning out? Good we hope!

Crows have been reported to the standard by Mr Carl Johnson of Marwayne and Mr. Mike Wynyk. Both say that they look on the appearance of crows as a good omen for an early spring

Camrose Sports Writer Has High Praise For Vermilion Midgets

Following the Provincial Midget play-off series the Camrose Canadian sports writer devotes about a full column to commenting on the game played here, allowing that it was just a miracle that the Camrose boys weren't on the certain looking in. He opined that at least one of the two final goals scored by the Camrose boys was a real break. To quote from the Canadian:

"The runners up have an outfit of boys they can be justly proud of. They lost, but in losing they forced the play, and never did they do anything which might class them in the bracket of being poor sports.

Vermilion have been playing for them two chaps who we figure should go all the way if they keep on with their hockey as Kelvin Hough the goaltender, and the other is centreman Stewart Cooper. These chaps when they have been around for awhile and have received some top-notch coaching, will be hard to beat."

Incidentally, Camrose Midgets went on to defeat the Wetaskiwin Midgets for a play-off margin, being three up in each game.

SCOUT AND CUB NOTES

Young Scouts who are not quite old enough to join the Boy Scouts are called Wolf Cubs. Why? For this reason: a wolf cub is a young wolf. Scouts are called 'Wolves' and the young scouts are therefore called 'Wolf Cubs'.

In the far western prairies in the early days the Red Indians were a nation of scouts. Every man in the tribe was a good scout. So there was rivalry among the young braves as to who could be the best scout. For those who proved themselves got the name nickname of wolf. A scout as you know, is a man who is brave and strong who willingly risks death to carry out his duty. He knows how to find his way over strange country by day or night. He can look after himself, light his fire, cook his own food. He can follow the track of animal or man and can see without being seen. At the same time he is kind and helpful to women and children and above all he obeys the orders of his chief to the death.

The 1st Vermilion Cubs have two packs, the Bagheera and Baloo. We met once a week. A combined Xmas party was held and for Valentine's day the Baloos had a weiner roast and the Baloos had a toboggan party. Many activities have been planned for the future. At present there are 30 fine young Cubs. Good hunting.

W. I.

The regular monthly meeting of the W. I. was held at the home of Mrs. Dunsmore on Monday, Mar. 10th at 2 p.m.

IN MEMORIAM

In loving memory of our beloved sister and daughter

Nellie

—who passed away March 12, 1951.
Until memory fades and life departs
You'll live forever in our hearts.
—Sister, brothers, sisters-in-law and family.
Inserted by Mother, Dad, sisters and brothers.

Deer Lake

The Dewberry ladies of the C.W.L. wish to thank all who contributed to the success of the Bingo party on the 5th inst.

Mr. and Mrs. Phillin, Joe and Teresa also Mrs. Durward Bowman and Tommy Tolfrey spent a day in Lloydminster recently visiting Mr. and Mrs. Gervase Kinsbella. While there they enjoyed the excellent performance put on by Daffy and Duffy. Quite hilarious it was — wasn't it Lalth and Lorraine Bell.

Leslie Bowman is a patient in the Islay hospital, having his tonsils out.

The people of this district were deeply shocked on hearing of the terrible accident near Chauvinold which caused the death of Mr Omar Lemieux and serious condition of Mrs. Johnson. Our deepest sympathy goes out to the family and friends. Merry Christmas, sister of Mrs. Johnson

The writer enjoyed quite a pleasant chat with Mrs. Gilbert and Mrs. DePorti on Sunday.

Be in to see you one of these days Mrs.

A Thought — Spring is just around the corner, which corner?

Mrs. Gilbert Bowman

16, a daughter Shirley Lorraine.
Mr. and Mrs. J. C. Foy on Feb. 11, a son John Edwin.
Mr. and Mrs. J. M. Foy on Feb. 12, a daughter Katharine Margaret.
Mr. and Mrs. J. C. Tkachuk on Feb. 18, a daughter Valli Ann.
Mr. and Mrs. Wm. Wysocki on Feb. 20, a son Terry Williams.
Mr. and Mrs. K. G. Fulton on Feb. 20, a daughter Joan Elizabeth.

Gift of Mr. George W. Whitnell

New Library Is Officially Opened

The Vermilion Public Library building, the gift of Mr. George W. Whitnell of Lake Forest, Illinois, was officially opened and dedicated to the "EDUCATION, progress and cultural attainment of the peoples of today and the peoples of the long tomorrow". Thursday afternoon in the presence of a large gathering of interested citizens. A. M. Watt presided over the opening steps taken to bring about the completion of the building. He also referred to the enduring work of the I.O.D.E. in maintaining and carrying on the library service for many years under the most trying difficulties. He was glad to see them now established in their own home and very delightful auspices. He gave Mr. Morrison credit for being largely instrumental in making this building possible to us.

The dedicatory address was delivered by J. W. G. Morrison who congratulated the Town of Vermilion in being the only town in the province, as far as he knew, to have had a library building of its own. He also congratulated the local Chapter of the I.O.D.E. after being thrown around these many years on now being generously loaned a building of their own. He paid tribute to the I.O.D.E. for their splendid contribution to the cultural side of community life down through the years and foresaw a cessation of their efforts in the days to come. He also expressed appreciation for the assistance given by the committee by the town especially by His Worship the Mayor upon whose shoulders rests the responsibility of the erection of the building. He expressed his gratitude of the people of Vermilion for the generosity of Mr. Whitnell and which enabled us to own this library building. He then read a letter of greeting from Mr. Whitnell which appears elsewhere.

Mrs. E. B. Norton, Regent of the Chapter, reviewed in a most interesting address the activities and efforts of the local I.O.D.E. since it established our library and expressed appreciation and thanks to all those who in any way contributed to its support by donations of books and in many other ways. The furniture and furnishings, desks, chairs, reading tables and curtains, were supplied by the Chapter. She hoped in the near future to have a supply of magazines for the reading public.

Upon declaring the building officially opened and dedicated, Mr. Morrison handed the keys over to the Deputy Mayor, K. G. Urquhart, in the absence of Mayor Hevenor, who in accepting the trust on behalf of the town paid the I.O.D.E. of the assistance of the town in their excellent use of the library. He also congratulated them on being now provided with a home of their own. He expressed the appreciation of Council and the people of Vermilion for the efforts and work of the committee in charge of the erection of the building.

A. C. Ballantine, Assistant Co-ordinator of Cultural Activities spoke of the functions that might be included within the scope of the activities of a library, such as arts and handicrafts, painting, in fact anything that contributed to the refinement and edification of the people. He referred to the excellent appointments of the building, which would tend to make the library not only attractive and more a cultural centre for the people of Vermilion. He was pleased to see the well filled section of books for children. This would be a fine inducement for those young people to patronize the library.

The guest speaker was Dr. Andrew Stewart, President of the University of Alberta, who joined the previous speakers in extending congratulations to the women behind the library and to the people of Vermilion in having such a fine structure for use as a library. He spoke on the different phases contained in libraries and the usage these facilities could be applied all tending to the enlargement of one's cultural achievement. A library had a refining influence on the life of the community. He enlarged on the cultural advantages of a library and the great advantage being taken of the facilities provided.

Mr. Gerald Stephens expressed the thanks and appreciation of the gathering to President Stewart and Mr. Ballantine for their splendid addresses and also the appreciation of the people of the town to the committee in charge Messrs. Mayor Hevenor, Watt and Morrison, for their work in connection with the erection and completion of the building and to Mr. Whitnell for his generous contribution which made it possible for us to have this public library building.

Following in the greeting from Mr. George Whitnell read at the opening of the public library building by Mr. Morrison:

"To my old friends and neighbors in Vermilion and vicinity.

I regret not being able to be present to take part in the opening of your new library building but you will think of you on that day. Some time ago I read in the Vermilion Standard that the public library was compelled to move from their present quarters and to find a new location.

I thought at once why should an institution of so much value to the Town not have a permanent home and when the opportunity came I felt I should help the Town out in providing a library building. In you will all make good use of the building and in time to be able to add to it.

Sincerely yours,
George W. Whitnell."

Take Deciding Game From Viking 8 to 4

Tigers Win Hockey Title

Vermilion Tigers won the Eastern Alberta league championship and the Crale Cup on Monday night when they took the fifth and deciding game of the best of five series with Viking Lions by a score of 8-4. The series was second to none over the route and the final game attracted a record crowd for the season of 1382 paid fans, necessitating the use of temporary seats up to the 1450 mark. Total attendance for the three games of the final series played here was 3803.

Cup Presented

Following the play of the game Albert M. West representing Craig Brothers, donors of the trophy, presented the Craig Trophy to Captain Jim Ferguson congratulating him on the excellent play and on the very fine type of hockey displayed. Turning to Captain Glasgow of Viking Lions, Mr. West complimented the team on the very fine start they had made in this league and the excellent brand of hockey that their first year of hockey in the Eastern Alberta.

The Games

The final series went to the full five games with Viking taking the first one on Vermilion ice. There then was two in a row, one at Viking and the second at home. The Lions tied it up on home ice, with the Tigers taking the final here.

The Final Game

Viking stayed fast and with Ferguson benched Proulx scored with Kline assisting. Masson put the visitors two up before the end of the period on a three-way relay with Proulx and Glasgow. This left it 2-0 at the end of the first.

In the second the Tigers resumed a high powered attack and in 2:30 paid off with Ted Koebli notching Vermil's first counter on passes from Schmidt and Robertson. A momentary lapse of play Masson moved for an easy one, assisted by Kline making it 3-1. The Tigers then really turned on the power attack and Bill Schmidt scored with Koebli and Les Williams assisting. Ferguson then took it into his head to stick handle right through the defence to beat goalie Taylor with a belter drive. This tied things up and local fans breathed much easier. With Josephson off for interference Taylor took Fergie's pass and put the Tigers one up with a lovely effort and they never looked back from then on. The second ended Vermilion 4, Viking 3.

Viking threw caution to the wind in the third and went all out for goals with the result that speedy Albert St. Martin broke away unaided in a row to score each time, leaving everyone seemingly standing still, including goalie Jim Taylor. His running mate Red Barr then took fire and notched two, the first from Paisula and the second from Ferguson. Young Ken Brown was called on to turn aside a fusillade of shots from time to time but was right on the job. In the dying moments of the game Masson scored his third for the evening and it was all over but the shouting and the cup was borne again for a year after a excellent season's play.

Seed Cleaners Assoc. Calls Annual Meeting

SATURDAY, MARCH 30th AT 2:00 P.M.

The Vermilion Seed Cleaners' Association has called the annual meeting for Saturday, March 30th at 2 p.m. in the Legion hall. Every grain grower is asked to make a special effort to attend and any others interested are also invited. President C. J. McCormick says that it may mean folding up unless something can be done to induce the membership to provide the small grant made to seed cleaner associations. The government grant cannot be obtained unless the membership puts up their share.

This will likely be a lively meeting as the raspayers in this area are anxious to get a seed cleaning plant to serve their needs.

B. C. Ackerman To Join Grande Prairie Construction Firm

Bernie C. Ackerman who came here five years ago as superintendent of the newly installed water and sewer system, and has since been appointed executive-secretary of the town, has tendered his resignation to the council and will join a construction firm at Grande Prairie. His work there will be of an executive nature. His resignation was accepted effective the first of May.

Since coming to Vermilion Bernie has done a very good job, he has taken a keen interest in his work, in the welfare of the town, and has become a very valuable member of the community in many ways. The town people in general regret the impending departure of Mr. and Mrs. Ackerman and the three boys from Vermilion.

CURRAH RINK IS SENSATION OF EDMONTON CAR-SPIEL

Shown above is the Curran rink which played out five games Saturday morning and afternoon in the Edmonton Carspiel last week, reaching the finals of that event in which 112 rinks competed from all across western Canada. From left to right are shown Skip Darrell Currah, 3rd Lloyd Magnus of Lloydminster, 2nd Glen Gibbons and lead Gordon Ross.

This rink of curlers was the sensation of the carspiel. They entered the bid event and went to the city unheralded and unsung, and while they had in the final series for the cars, their record of victories was equal to that even of the car winners, they had to play through one other rink. On their path to the finals they had the scalps of many a name rink ringing at their broome, even of Dominion and Provincial champions, including Ratan of Calgary, Simpson of Edmonton, Taylor of Rivers, Man., and Billie Rose of Sedgewick.

To begin with the Currah rink started in competition No. 1 and ran off 5 straight wins to reach the semi-finals and thus assure them of a berth in the round robin. At this stage they won four and lost defeated rinks of the 112 starters Currah, Simpson, Beagle and Wolfe — that stage they played with the following — Isaman of Consort, Hannah of Edmonton, Bell of R. Brown, Gleichen, 108. Garden Taylor of Rivers, Man., 118. Mcgregor of Edmonton, 125.

The 12 semi-finalists from the three competitions played were now reduced to 6 for the round robin play. Currah won the Section A round robin with 4 wins and 1 loss. He met his first defeat of the spiel at the hands of Taylor of Rivers 6 to 5 in the first game of the round robin but went on to sweep the next four from Art Simpson, Bessane, former Alberta Crowsnest representative 11-3; Billy Rose, former Dominion champion 10-7, Ratter of Calgary 11-10, Gerber of Kelsey 13-10.

It was therefore the undisputed champion of Section A but in Section B there was a triple tie which had to be played off Saturday morning. Gray of Edmonton who had come out in the third and last section behind for the evening and it was all over but the shouting and the cup was borne again for a year after a excellent season's play.

Hanley and Stan Waldenberger refereed.

CO-OP. OPENS NEW STYLE SHOP

IN THE FORMER MAYFAIR BUILDING

The Vermilion and District Co-operative Association store will soon reopen in the former Mayfair building in this issue the opening of a new Co-op style shop, featuring ladies and children's wear, will be announced. Mayfair dress shop building just north of the bank of commerce.

The removal of these departments from the main Co-op store will make room for extension and better display of both the ready to wear and grocery divisions of the business and should make for more shopping pleasure.

Mrs. Elsie Sitchen is in charge of the new store.

Red Cross Quota Set At $2300.00 For Town, District

The Vermilion quota for the 1963 Red Cross campaign has again been set at $2300. The objective has always been reached and with the usual team of canvassers for both town and country in the job Red Cross organizers are confident that it can be done again. If you could only be told of all the benefits which people from this area have received from the Red Cross you would not hesitate to contribute generously. The campaign will continue until the goal is reached.

If you are not asked for a subscription, please call at Red Cross headquarters, Municipal Office or School Division office or Canadian Bank of Commerce and obtain receipt for your donation.

With a provincial quota of $158,300 and the Red Cross pledged to spend over $600,000 in Alberta in 1963, curtailment of Red Cross services would follow should the provincial campaign fail short. As included in the $600,000 is the nationally-sponsored Blood Transfusion service, arts and crafts for veterans and film service for veterans.

No phase of Red Cross safety can be allowed to lapse. The Blood Transfusion Service, work for the crippled children, outpost nursing, water safety, Jr Red Cross, disaster relief, civilian defence and work for civilian war refugees must continue.

The quota must be reached because Red Cross services are so necessary to the well being of our people. If you have not been already given your contribution to the Red Cross then please do so immediately.

By The District Agriculturist

"GREEN ACRES"

Bull Loan Groups

Eighteen Bull Loan Associations have now been lined up in Vermilion River M.D. I have been told that we can have a few more but we will have to hurry as the Lloydminster Bull Sale will be held here at the Edmonton sale on March 27. Do not wait until the pure bred sire area inspector comes around. Why not get a group of five farmers together and apply for one of these good purebred bulls. I have been told also that this policy will be altered up next year so this may be the last chance to get a bull on loan.

Rabies Circular

A new circular entitled "Rabies" has just been published by the Alberta Dept. of Agriculture. Get your copy from my office. Everyone should be well informed as to what to do in case they come in contact with animals that appear to have rabies. You are asked to report any suspicious cases and also tie up your dogs.

Warble Fly Control

More warble fly powder is being sold this year than ever before. This all means that cattle owners are older it good business to kill the warbles. $10 per head with cattle

Sprouting Seed

Besides killing smut spores on seed grain, the mercuric dusts also reduce damage to young seedling plants from damping off, seed rots and root rots. It pays to germinate every bushel of seed with mercuric dusts. Wheat should be treated two days before seeding, purebred barley 5 to 10 days before seeding.

Two Stock Toad Plus

Bert Hancock, Supervisor for Vermilion River M.D. has added up the quarter sections where Toad Plus is known to be found. There are 300 of them. Very likely Toad Plus to be found on many other farms as well. Surely we have some to the time when every farmer in this whole area should destroy every last bit of Toad Plus. Get a circular from my office on Toad Plus.

Farm Labor

Anyone wishing to get immigrants from Europe for farm labor should apply now. We do not know how many are coming but if you need help get your name on the list.

V.S.A. "Little Royal" Next Wednesday

The 22nd annual 'Little Royal' and Achievement Day at the school of agriculture will be held next Wednesday, March 25th.

The program will open with the livestock show in the Mechanics' building at 1:30 p.m. For several weeks now each member of the graduating class in Agriculture has been grooming and training an animal for the showmanship class. Keen competition is promised when they appear in the ring. Guest livestock judges will be Jack L. McElroy, head of the Department of Animal Husbandry at the University of Alberta and Mr. J. L. Kerr, former instructor in Animal Husbandry at the V.S.A. who is now District Agriculturist at Ponoka.

Members of the Home Economics classes are planning attractive displays of the work they have been doing and are most anxious that visitors inspect their classrooms in the college building. Student projects prepared during the term will be shown in the sewing room, handcrafts and laundering laboratories. The cooking laboratory will be a hive of activity as the girls prepare their food displays immediately before the show.

A large attendance of students, parents and friends as well as 4-H club members and others interested in the work of the school is expected. This occasion affords an excellent opportunity for prospective students to examine the nature of the subject matter included in the regular courses for farm young people offered at the schools of agriculture.

V. H. S. Girls Win First Game From Lacombe

FOR BASKETBALL CHAMPIONSHIP — SECOND GAME AT LACOMBE SATURDAY

The V.H.S. girls' basketball team took a firm hold on the Northern Alberta high school basketball crown last Saturday night by defeating Lacombe 42 to 20 in the first of a two-game, total point series. The second game will be played at Lacombe on Saturday, March 21st with the winner meeting Carlston, the southern Alberta finalists for the provincial title. The entire final series will be played in the north this year.

The game Saturday night was played in the school of agriculture gym.

Should the Vermilion girls make the finals this year they will be the first to do so from this area, and playing by Saturdays' result it will take a major disaster to stop them. The locals established an early lead and never looked back, making the game by outscoring the visitors 10-1 in the final quarter.

An enthusiastic crowd of 300 spectators took in the game, many of whom were visiting Vermilion for the first time in many years.

More about this game in the Standard next week.

V. S. A. Staff Members Receive Promotions

Two members of the school of agriculture staff left Vermilion this week to assume new duties at headquarters in Edmonton.

Mr. J. R. Roxburgh who has been the accountant at the school for the past seven years has been promoted to Accounting Supervisor in the Department of Agriculture in Edmonton. Keen participants in all phases of the school's work, Mr. and Mrs. Roxburgh have also engaged in a wide range of community activities. Their host of friends in Vermilion regret their departure but wish them happiness as they establish a new home in Edmonton.

Dan Dean of the men's residence and instructor in horticulture for the past two years, Mr. Lovett McCrimmon has filled one of the most difficult positions on the staff with considerable distinction. His promotion to Edmonton where he will assume supervision of a new branch of the Department of Agriculture program is a distinct loss to the school.

Students and fellow staff members alike regret circumstances that force the removal of Mr. Roxburgh and Mr. McCrimmon from the school at this time as near the end of the term but join in wishing them every success in their new positions.

VERMILION ALBERTA ESTABLISHED 1909

Published Every Thursday At the Office, Main Street

Authorized as Second Class Mail, Post Office Department, Ottawa.

R. R. P. COOPER — PUBLISHER

Vermilion, Alberta, March 19, 1953

Alberta's Red Cross Crippled Children's hospital is your hospital, for your children. Support it generously — help those with a limited future to a future unlimited

Be Careful!

Adults are cautioned against giving money to little children for the Red Cross as they are not authorized to collect. Sometimes children become over-enthusiastic when hearing of needy causes and are apt to take it upon themselves to solicit donations when they have no right to do so.

THE WEATHER

Beautiful spring-like weather prevailed with very little frost being recorded. Some snow has fallen but is fast disappearing in the bright sunshine

$581.69 Contributed To Flood Relief

The sum of $581.69 has been contributed to date to Kinsmen Flood Relief by Vermilion and district people. The collection was entirely voluntary and sponsored by the Canadian Red Cross Society.

Appreciation

The members of the Wildmere Curling Club wish to extend their sincere thanks to those who so generously donated toward the prize for their recent annual bonspiel, which included the following:

McLaughlin's Self-Serve; Hines & Delainey; Revelstoke Sawmill Co.; Long's Drug; Bosker Drug; Vermilion Co-op store; A. J. LeBeau, prop. Geo. Webb and Sons; Key Rowe and Sons; Stephens Ltd.; Clendennings Family Wear; I. Miller's 5c to $1 store; Simonsen's Furniture; S. C. and C. T. Heckbert; Arbeson's Machinery; The Northern Hardware; Vermilion Food Locker; W. H. Little; Dixon's Dress Shop; Wm. Krause; Vivian's Style Shoppe; Sharon Cafe; Noon an's Coffee Shop; Craig's; Nelson Hill Hardware; Macleod's; E. Corby, Jeweler; Mike's Shoe Repair.

Grade 9 Students To Visit Little Royal

A new procedure will be adopted in the Vermilion schools next Wednesday in regard to attendance at the V.S.A. Little Royal and Achievement Day, in that the members of one grade only each year, will attend the annual function. The grade will be 9 and it will be under the guidance of the teacher.

An accomodation problem when all the Junior and high school attend has arisen and this reason has been taken to overcome that, also to ensure attendance at the regular school classes. This decision was reached at the school board meeting Tuesday evening.

Campbell Lake Pioneer, Herbert Spencer, Passes Away

Herbert Spencer who settled in the Campbell Lake district in the year 1908, passed away at the Vermilion hospital on Friday, March 13th. He had reached the advanced age of 80 years and 4 months being born at Polebrook, Northampton, England in 1872.

He leaves to mourn his loss his loving wife, one son Reginald of Barrhead, Alta., and one daughter Mrs. T. Watts of Vermilion. There are two grandchildren and one great grandchild.

Funeral services were held at St. Saviour's church, Vermilion on Monday afternoon March 16th at 2:30 o'clock, and interment was at the Vermilion cemetery. The Rev. D. A. Ford officiated.

Meyers carried out funeral arrangements.

DEATH OF ROY LEE STONE

People of the Vermilion and Islay districts were grieved this week by news of the death of Roy Lee Stone, who passed away at the University hospital on Saturday, March 14th. He was 54 years of age. Mr. Stone had been ill for some months.

The deceased was born at Rochester, New York but came to Canada at the age of 5 years. He came west on March 18, 1909 and settled south of Islay where he farmed until retiring a few years ago. He and Mrs. Stone then purchased a home in Vermilion where they have since lived.

He leaves to mourn his passing his loving wife, one son Kenneth of Vermilion, two sisters, Misses Muriel and Gladys Stone at Islay, one brother Frank in Edmonton. There is one grandson Mayson.

Funeral services were held on Wednesday afternoon March 18 at St. Saviour's Anglican church and interment was made at the Vermilion cemetery. The Rev. D. A. Ford officiated.

Meyers were in charge of arrangements.

Mixed Bonspiel Won By Payment, Robinson

Ron Payment skipped his rink foursome to victory in the primary event of the mixed bonspiel last week. Second prize went to Gib Stephen.

In the secondary event Walt Robinson's rink came out first with Newt Cooper taking second.

A committee has been appointed to purchase prizes cash was given the winners. Payment and Co. received $16, Gib Stephen $13, Walt Robinson $13 and Newt Cooper $10.

Allandale Notes

March weather has been very kind to us. A little more snow but with the warm days the snow has settled and a lot has disappeared. Around these parts we didn't get the snow they did further west.

This item is rather late but may be news to some: Rev. and Mrs. Wm. Blackmore are the proud parents of a son Robert Douglas, born Jan. 29th.

Our deepest sympathy to Mrs. Cram and family on the loss of a dear one. The family home years ago lived on the farm where the Meyers now live and were well known in the district.

Congratulations and our very best wishes to Mr. and Mrs. Wm. Armstrong on their 40th wedding anniversary on March 25th. A reminder too of Mr. and Mrs. Wm. Mayer's 40th wedding anniversary last Dec. 26th, also our very best to you and may you all enjoy many more years of wedded bliss.

The sympathy of the community goes to Mrs. Johnson and family and relatives in their great sorrow on the loss of a loving husband and father. Through the kindness of Mr. and Mrs. Hugh Hagen the family, relatives and close friends met at their home after the funeral. We are so pleased Mrs. Johnson is coming along as well as could be expected. A speedy recovery is wished her from her many friends.

It was a lovely afternoon for the W.A. meeting on March 13th at the Omanen home. All were present but Mrs. Moore. It was decided to skip the month of April. The next meeting will be May 14th at the Wilson home. Mrs. Armstrong and Mrs. Omanen on the lunch committee.

On March 13th another one of Allandale's oldest pioneer homesteaders Mr. Spencer passed on. Our deepest sympathy to Mrs. Spencer an l family.

Mrs. Throndson returned March 17th from an enjoyable holiday. Mr. Throndson stopped off at Banff Hot Springs for health treatments for a few weeks longer.

Closing Thought: Let all who are sad take heart again, we are not alone in our hour of pain: the Father stoops from His throne above to soothe and quiet us with His love. He leaves us not when the storm is high and we have safety for He is nigh. Can there be trouble, which He doth not share? O, rest in peace, for the Lord will care.

Master Merit Award Won By Local Man

Mr. M. D. Charchun of the Searle Grain Company Limited at Derwent, Alta., has gained the distinct honor of being numbered amongst those who have been awarded the Elevator Master Merit Certificate. This is an award given by the Grain Insurance and Guarantee Company in recognition of outstanding proficiency in the maintenance of grain elevator premises. To earn this an elevator agent must have a perfect record for a period of ten consecutive years.

"Inspection of all plants insured by Grain Insurance and Guarantee Company are carried out by the affiliated Inspection Bureau Limited. This organization for the past twenty years has majored in the inspection of Grain Elevators, Flour and Feed Mills, etc., and its service is acknowledged as being rigid and exacting. Winning the award is therefore recognized as a definite achievement by the grain trade generally." 36-1

Midgets Wallop Kinsmen 3-2 In Hectic Hockey Encounter

On Saturday, March 14, Vermilion was privileged to see the local Midgets in action against their sponsors, the Kinsmen club. The Kinsmen are compared to Wayne and Shuster's Stinnies Mites as they too play an annual game and also usually get beaten.

The Kinsmen stood the test very well until they played out after the first few minutes of play. However, they held the Midgets to one goal, the first period, that being scored at 17:00 by Brower from Knapp. There were no penalties.

The second period was scoreless. Only one penalty was handed out, that being a one-minute penalty to young Bill Stonehouse, who must weigh all of 80 lbs., soaking Wet, for adding Sam Soldan, who must weigh close to 280 lbs., against the boards.

The third period was fast and furious — the Midgets were fast and the Kinsmen were furious because they couldn't catch them. The Kinsmen resorted to under-hand tactics but Referee Jim 'Fergie' Ferguson clamped down on them and sent Lorne Metcalfe to the sin-bin for two minutes at 4:35 for tripping. Anybody see Lorne trip anybody? At 7:02 the Kinsmen broke into scoring with a razzle-dazzle 15-goal by Jack Wright from Ron Payment and John King. At 11:30 (Dave) Bob Anderson was sent to the penalty box for 2 minutes for tripping (having tripped over the blue line), getting a 5-minute misconduct added on for talking back to ref. Fergie. (Fergie said that Bob looked tired and needed a rest). However Bob was noticed back on the ice some 15 seconds later — guess the time keeper's watch wasn't working very well — come to think of it, the time-keeper didn't even have a watch! At 12:10 of the 3rd period Keith Inman was given a 2-minute penalty for too many men on the ice.

At 16:00 minute mark the Kinsmen forged ahead on a picture goal by Bill Elder with assists going to Sam Soldan, Paul Hareuther Bill Plechuk and Jim Bell — the referee couldn't tell who should get the assist so in order not to hurt any one's feelings, he gave them all credit. At 17:03 Jack Wright received a 2-minute penalty for holding the claimed however he was only trying to regain his balance! And at 17:35 he was joined by Bill Elder who received a 2-minute penalty for boarding the fell into the boards). Ron Payment joined the sinner two in the cooler at 18:03 receiving a 2-minute penalty for holding (Ron maintains yet that he wasn't holding but only trying to save himself from a bad fall after a heavy body-check by Bob. Bob Stonehouse). Linseman Les Williams at this stage ushered Albert Hareuther into the penalty box for slashing (Albert denied having slashed he was only trying to save himself from falling!).

With four Kinsmen off the ice at one time there are those who claimed that Referee Fergie and Linseman Les were showing favoritism. However, be that as it may, the Midgets turned on the power — they weren't even breathing hard yet — and at 18:50 Marvin Little scored on a pass from Marshall and Max tying up the game at 2-2. Except for the brilliant goal-tending of the Kinsmen net minder Bill Parker, the Midgets would have scored many times. Throughout the game Bill was called on to save about 50 shots (we say about 50 because no one told the time-keeper, he was expected to keep accurate count of shots on goal).

In an effort to get the winning marker all Kinsmen and Midgets were turned loose on the ice during the last minute of play and record has it that the Midgets scored the credit for the goal going to Leslie Brent from Martin. In the terrific pile-up of players in front of the Kinsmen goal there are those who loudly maintain that Linseman Les Williams threw a second puck into the Kinsmen goal to flash the light. Who knows — anyway the game is written into the records as a win for the Midgets by a score of 3-2. Trainer Charlie Upshall and Coach Don Wilson (those of you who will recall the game last year and remember Don's brilliant performance will understand why he was promoted to coach) reported they were satisfied with the showing their team made. The Midgets did not consider the Kinsmen worthy opponents and didn't even dress some of their active players, but used several Pee Wees in place of the regulars.

Although the crowd was small, the silver collection taken was gratifying. To those of you who missed the game this year start making plans to attend next year. There are those men who would deny the fact that they would be so foolhardy as to ever lace on a pair of skates and to try to beat winter the aching muscles should be OK and who knows what might happen!

NEWS from ISLAY

On Thursday afternoon March 12 a quilt made for Mrs. Jones was quilted at Mrs. R. Martin's home, and taken off the frames. It was a pleasant afternoon, we had such a nice visit as we worked and Mrs. Martin and Mrs. Bothwell served a very lovely lunch. We were happy to have Mrs. Gordon with us, also Mrs. Harlan Green who had not seen a quilt being made, but who quilted just as if she had always been doing it. Mrs. Potvin did too, along with Mrs. Dave Buchanan, Mrs. Irene Martin, Mrs. Bothwell and Muriel Moore. After lunch Mrs. Martin and Gladys Stone washed up the dishes while the others finished the quilt. Now we have one quilt we are going to tie and it will go to Korea, soon we hope.

A very kindly lady in Vancouver sent us a great box of quilt patches. What a gift they are! Beautiful pieces, so our quilting will still go on. If Mrs. M. Smith in Vancouver reads our Islay items, I'm sure she surely thank you (we rather think that it was by reading the Sband. and she knew we needed quilt pieces).

Vermilion United church young people are presenting their play "The Unlighted Cross" in the Islay hall on Friday the 20th at 8 p.m.

The April tea for the W.A. will be held April 10th. Please keep this date in mind. It's the annual W.A. tea.

Since starting to write my news, the quilt which was to be tied was given Saturday afternoon. Along came Mrs. Potvin, Mrs. Gordon and Mrs. Bothwell went to Mrs. Martin's and in a short time put the quilt on the frames and by 5 p.m. had it off the frames and everything put away. Ambitious women — wouldn't you say? Needless to say the W.A. are greatly pleased.

Miss Beatie Anderson is attending W.M.S. Presbyterial in Edmonton this week.

On Thursday March 12th a meeting was held in Morrison school to organize that area for rural electrification. There are some over a mile area anxious to instal the light and power.

Mrs. Gordon is visiting old time friends in this area at Mrs. Potvin's, Mrs. Bothwell, Mrs. Sylvia Gould's for a few days and calling on several others.

On the Wheat Pool news at 10 p.m. Saturday night we heard congratulations going to an old-timer of Islay, but who now lives in Edmonton. Dan Gilchrist, on his 83rd birthday, March 14th. Dan homesteaded here as did his brothers, five of them. His sister Miss Lily Gilchrist who taught here for some time in the early days as many will recall, is 80 years young, very active and alert, remembering many, and much that occurred here. She is still doing her part in housework along with her sister Miss Elizabeth and still very interested in Islay.

On Monday evening the Wheat Pool of Alberta held a picture show address and social evening in Islay hall. It was well attended and very much enjoyed. It was very kind of Mr. Dale McNeely and Harry Young to take Mr. Dave Buchanan to the hall. Dave really enjoyed it, and next day he was feeling very well and had some jokes to relate. Dave says, thanks men for your kindness.

Alberta's Red Cross Crippled Children's hospital is your hospital — support it generously. Help those with a limited future to a future unlimited. tf

REMEMBER 'A' Coy dance Friday March 27th. Russ Smith and his Air Force orchestra will be here. 36-7x

Kitscoty News

Mr. and Mrs. Charles N. Gray are enjoying a week's holiday visiting their daughters and families in Edmonton.

Mr. and Mrs. Croft and family of Marshall, Sask., have now taken up residence here. Mr. Croft is the new C.N.R. station agent and we bid them welcome to our town.

Speedy recovery is wished for Mrs. Stan Gerrits and Mr. Earl Lasceles, who are patients in the Lloydminster hospital.

Miss Sheila Pilcock spent the week end at the A. J. Kent home, Irwinville district, Marwayne.

The following ladies' rink won the cup in the local ladies' bonspiel held here recently: Skip Mrs. A. Franks, Mrs. Ken Gray, Mrs. R. M. Hiirz and Mrs. Phil Unke.

Mr. and Mrs. Earl Phillips have their guests at present Mr. and Mrs. Richardson, parents of Mrs. Phillips.

Be sure to come to the Tracy Memorial hall on Thursday, March 26th at 8 o'clock and play Bingo—Lots of fun for all and good prizes. Sponsored by the Kitscoty W.I.

The Ladies Aid of the Kitscoty United church are holding a pea-Easter tea and sale of work on Friday March 20 from 3 to 5 p.m. in the Tracy Memorial hall. A hearty welcome is extended to all.

BIG TIME PLASTICS

Canada's fast-expanding plastics industry could chalk up as much as 30% more business this year than last, reports The Financial Post. Many large scale expansions and development programs are now completed.

Each of the expansions is an ever-widening base of applications for plastics especially in construction, film and wire-coating fields, in pipe and in molding.

Help the future to a future u... — a generously to the Red Cross to support Alberta's Red Cross Crippled Children's hospital. tf

Interesting Discussions At Conference Here

Active Boards of Trade Great Asset To Towns and Villages

A town or village which lacks an active Board of Trade is timely to lag far behind those centres which are fortunate in having one. Some need promotional body. While the board of trade handles in many cases work that is usually done by service boards and other organizations, no body handles the work that is exclusively that for which the boards of trade originally came into being. This is promotion of good business relations between town and country; development of business and services; advancement of convenience; publicity; and many other projects too numerous for mention. It was quite evident from the discussions at the Board of Trade Regional conference held in Vermilion recently that trade boards in small centres act as well as service clubs and sports organizations in fact take the "place of many separate organizations which are found in larger places, but lacking in 1951.

Mr. Cooke added that the best publicity in Canada and immigration was in the letters immigrants wrote home. He added that such letters, naturally, would be based on the reception the immigrants received in Canada.

The conference resumed at the Legion hall at 2:00 p.m. with Mr. Keith Chalmers of Vermilion as the chairman.

Business and Agriculture

The first address was that of the president of the provincial body Mr. J. Angus McKinnon, a farmer, from Dalemead, near Calgary. He declared in opening that he represented the agricultural viewpoint in this chamber of commerce business, and that good relationship between urban and rural people was essential and just as much an advantage to one as to the other, and he cited many examples to prove this statement. His topic was on "Business and Agriculture" and would prove an interesting address at one of the agricultural banquets which the board holds annually. He emphasized the agricultural aspects of the Canadian Chamber of Commerce, this phase of work having grown immensely within the past 5 years.

Compliments Alberta Cabinet

John Davidson of Wainwright, a director of the Provincial chamber told of the recent delegation which called on Premier Manning and his cabinet following the provincial convention held last spring. The delegation of which he was a member presented the various resolutions to the cabinet and received a very courteous hearing indeed. He went on to say that the premier and his cabinet were an exceptionally intelligent body of men with a very wide knowledge of provincial affairs, in fact, despite the fact that he himself had been on the Liberal candidate for Wainwright in the last provincial election, he was greatly impressed by the personnel of the Alberta cabinet ministers and by their attitude as the boards within a few years. He showed many interesting facts in giving pictures on the evolution of the community and the gradual necessity of the Chambers of Commerce

What does your Label read?

Boards Increase

Mr. Derek S. Griffin, manager of the Field Service Dept. of the Canadian Chamber from Montreal, gave a short talk stating that membership had grown in the parent organization from 150 boards to 750 boards within a few years. He showed many interesting facts in giving pictures on the evolution of the community and the gradual necessity of the Chambers of Commerce

Mr. Marlett's address on "What About This Chamber of Commerce Business" followed and this aroused real discussion with practically all delegates present taking a lively part. It was quite evident that the type of work which boards of trade are required to do varies with the size of the centre in which they operate. The decision was that board of trade business is that which is necessary to the welfare of the community, not looked after by someone else.

Fine Dinner Gathering

Mr. Don McKay gave some very helpful hints under the caption of a talk "So you are chairman", and colouring this the gathering adjourned to the St Saviour's parish hall for lunch here. Here they were joined by many members of the Vermilion Board of Trade, 60 in all forming the sumptuous repast served by the Happy Hour group. Mr. Keith Chalmers acted as chairman and the freedom of the town was proffered by Mayor Heckbert.

The after dinner speaker was Mr. Murray S. Cooke of Edmonton, supervisor of settlement service, the Federal Dept. of Citizenship and Immigration

Mr. Cooke declared no organization should take a more active interest in immigration than chambers of commerce and boards of trade. He declared that patience, friendship and understanding were the three major essentials in assisting newly-nationalized Canadians.

Mr. Cooke Reports

He declared that such understanding was the best contribution residents of Canada could give in assisting in the government's immigration plans. He also asked that reference to DPs be stopped as there were now no such persons as DPs. Explaining this, Mr. Cooke declared that Canada and the U.S. had agreed to take certain quotas of such displaced persons after the war. He said that such persons had been selected some time ago and that new arrivals now could not be classed as DPs.

He added that all are nationalized and come to Canada with the hope of settling down to learn Canadian ways and be good Canadians

Farm Population Drop

Mr. Cooke speaking of the depleting ranks of farmers, said that in an area from Lloydminster on the east to Vegreville on the west, that there were 2000 less farmers on the land in this area at present than in 1941.

DEWBERRY NEWS

Our birthday wishes to Mr. Ora Garnier who reached his 79th birthday on Monday, March 16th. Belated wishes to Mr. Reno Bowman who was 62 on Feb. 28. Many happy both celebrate many more birthdays.

Dewberry students union had two packed houses in attendance at their play "Jimmy the Carrier" last Thursday and Wednesday in the Dewberry hall. It is good to know that we still have talent in the district.

People with talent will get a chance to compete at Greenlawn, talent night on Friday March 20th and at the big amateur night in Dewberry on Easter Monday. Some of the teachers plan to enter pupils in different classes.

The curlers are back from the city with experience gained and a good time reported in the carpet. They also met several rinks here in the last company.

New car owners in the district include Win Braithwaite and Jim Strachan.

On March 24th in Dewberry hall all farmers in sub-district 2 will have a chance to attend a rally of the Progressive Conservative Association when Mr. M. Redman of Hardisty and Mrs. Harold of St. Albert, Business on hand will be the election of a sub director, discussions on membership and resolutions pertaining to farm problems. It is hoped to have a film or two and these will be shown if received, at 2:00 p.m. just before the meeting. All members note change of date to March 24th at 2:00 p.m.

Sandy Eaton drove a load of Lloyd Bowles into the city from Kitscoty where the Huskies were playing.

Dewberry Midgets go to Maidstone this week for a game.

A livestock co-op meeting will be held in Dewberry hall on March 24th, the afternoon.

Manville High School Carnival Great Success

MANVILLE. — Friday, March 13th was the date of another successful high school carnival which was much enjoyed by all present.

The broomball games and tug-o-war provided lots of fun and laughter for those who entered into them and also for those who watched. At 7:30 came the grand parade of costumes and these were many and varied. Among the little tots were Easter Bunnies, Clowns, Santa Claus, Three Little Pigs, Indians, Irish Lassies, Cowboys, Little Bo-Peep and Black Faces. The youngest kiddy on the ice was Red Riding Hood. There were about 30 in the grades 1 to 3 class, and due to the large entry a third lot of prizes were given for the most original costumes, and were won by the Dutch couple with "Help the Relief Fund" placard on their backs, an Irish girl and a fairy.

The Queen, Miss Olga Smart was crowned by Mr. C. G. Torrance, Mayor of Manville. Her attendants were Nita Majeau, Hazel Winters, Carol Marcov and Bernice Philip. Little Donna Rudd as Do-Right Leitch were train bearer and crown bearer.

The girls' hockey game was a new feature this year and one which was such a success that it will positively be on the agenda for next year. The rough riding, ebony and ivory, high school girls' beat out the 'intermediate girls' after 15 minutes of the roughest, fundest hockey ever. A long time.

The finale of the evening was the third around 'Old Timers' hockey game. The "Has-Beens" have played their deft ability as hockey players when they upset the "Never-Beens" 3 goals to 2.

The lucky draw which was made at the end of the Carnival was won by Miss Nelson.

Mrs. Emma Fall Laid To Rest At Islay

Islay resident Mrs. Emma Fall, wife of the late William Fall, passed away March 7th in City hospital, Saskatoon and funeral services were conducted in Islay church on Wednesday, March 11th by Rev. E. Ford, minister of St. Savour's Anglican church, Vermilion. The organist was Mrs. Wm. Waterfield and the hymns sung at service were "Abide with Me", and "Lead Kindly Light".

Pallbearers were old friends of the deceased, Messrs. Richard Caldwell, Otis McFadyen, Bill Hanna, Alvin Anson, Bill Shaw and Alf Hodlington.

Interment was beside her husband in the Islay cemetery. Mayers were in charge of arrangements.

Beautiful floral tributes were received from Heast and John Bertha and Bessie; Mr. and Mrs. A. Anson; Vera and Lyle; Merril, Doris and family; Jack and Ethel; Mr. and Mrs. K. Caldwell; Harry, Helen and family; Bill and Betty Shaw; Hilda Bell and girls; Mr. and Mrs. Hollington; Mr. and Mrs. Dave Buchanan, Mr. and Mrs. Charlie Redmond and girls.

Islay Cemetery fund: Mr. and Mrs. A. F. Galloway; Bill, Lila, Mr. Bowser and Kenny.

Red Cross donation: Mrs. E. Martin.

Crippled Children's Fund: Mr. and Mrs. W. Teskey.

$100 A MONTH FOR LIFE FROM AGE 60

THIS IS THE PLAN . . .
Suppose you are not over 30: you make regular payments to the Sun Life of Canada. At age 60 you start receiving $100.00 a month for life; or if you prefer it, $17,548.00 in cash. Both amounts can be increased by accumulating annual dividends. If you are over 50, benefits are available at a later date.

FOR YOUR FAMILY

Should you not live to the age of 60, $15,000.00 will be paid to your family on your death.

The Plan covers all amounts of premiums from as little as $2.00 per month, and cash or pension can in most cases start at age 50, 55, 60 or 65.

"The Unlighted Cross" Presented By United Church

A capacity crowd gathered at the United church on Wednesday for the presentation of the one-act play "The Unlighted Cross" under the able direction of Miss H. J. Clarke.

The following additional members to make up a very fine program were presented at that time, with Mr. G. F. Stephens acting as chairman:

Following the congregational singing of a hymn, the Young People's group of the church opened with choruses, "I've got the Joy, Joy, Joy" and "Whisper a Prayer".

Reg. Jean Kibblewhite plays...l a piano selection "Sweet Bye and Bye". Mrs. Harvey Tebutt gave a vocal number "Sweet Hour of Prayer"; the Junior choir under the direction of Mr. Jack Brown sang "Cast your Burdens"; Mr. John Warwick chose for his vocal solo "The Lord is My Shepherd"; Dr. C. W. Stephens rendered "The Rising Sun" as a piano solo. Following these numbers the congregation sang a hymn and then the play was presented.

As the play opened the Board of Stewards of Calvary church were gathering on a Saturday evening for a special meeting called by their young pastor Mr. Wakefield on the 50th anniversary of the church.

Laura Murray, who loves children, taken by Mrs. Ted Edey, was first on the stage followed by her niece to whom religious education is not only a vocation but a challenge, played by Mrs. C. W. MacKay. Mrs. Lawson, president of the Guild, and supporting the interior remodeling of the church was next on the stage in the person of Mrs. Stan Wakelin-perry. Jeannie, her daughter a modern teen ager just expelled from college played by Noreen Deegan. Jeannie suggested that possibly the spiritual qualities left out of her training had been the cause of her MORE MORE failure.

Mr. Craig, played by Mr. A. Kibblewhite, lord great dreams for

Widmere Winks

St. Patrick's day once more — It's a great day for the Irish!

Congrats to Mr. and Mrs. John (Bob) Bathe of Lloydminster on the birth of their daughter March 7th. Shirley Kae, a sister for Bobby.

Mr. and Mrs. C. Cruthers and baby Billie were Edmonton visitors on the week end. Mrs. Cruthers visited with her brothers and families Norman of Bon Accord and Alex of the city, while Cliff took in the last two days of the bonspiel. We were all pulling for our Vermilion boys to drive home the cars, but it just couldn't be done this time — maybe next anyway, congratulations for your fine showing.

A nice crowd attended the dance held in the local hall on Saturday night. Doris Jack and George Stewart furnished the music with J. Bathe MC. We were pleased to see Mr and Mrs E. Jack, Mr. and Mrs Cooper and Enid also Mr and Mrs Alex Bean and family at the dance. Mrs Nelson was the prize on the bean guessing contest.

Mrs. Ted Edey and family will be ringing for two of our Triangle bachelors this spring. More young couples will be welcomed in our district.

Mr. and Mrs. Abe Friesen of town spent Sunday with their daughter and family Mr. and Mrs L. Fadden of Widmere. Harold Friesen and family also the writer and family were caller at the same home on Sunday. Little Alice Clark was there too.

J. Wallington brought home his new car on Monday, after having it overhauled at the John Deere shop in town.

There will be a dance at Preston school (better known as Wiffle tree) on Friday, March 27th put on by the Preston Jr. Red Cross. It is to be mostly square dances. Refreshments will be served throughout the evening. Come and see something new for this corner. Good music and a good social time for everyone. Keep March 27 in mind.

We extend our sympathy to Mrs. Moore, Mrs. Jensen Mrs Stone and her mother Mrs Smith, Mrs. Todd and others on Saturday.

Funniest Thing Heard: Guy Whitlock buying a head cat, as of thoughts in the future we want to see it lately sitting on a fence post kind of spunky eh?

How's the electric fence Grace?

Rummage Sale

Mrs. Helmer's WA group of the United church will hold a rummage sale on Saturday March 21st in the church hall. Tea will be served 25-6c

When the Red Cross canvasser knocks at your door, give generously to support Alberta's Red Cross Crippled Children's hospital. tf

OUR COMPLETE SHORT STORY—

SO LONG, MOLLY

By Alberta Hall, of Wetaskiwin and Islay ... By Addison H. Holleck

THERE are some things a wife just wouldn't know about. Like how a man wants her to look as smooth as other wives — a little smoother even. Maybe a guy doesn't say much, but deep down he feels it. If he catches other dames eyeing his best girl because she happens to look shabby, he—well, he doesn't like it. But you can't let on to the little lady how it is. Especially when it's your fault. You keep your mouth shut, if you're any kind of guy at all.

Molly—that's my wife—isn't the complaining kind. If her hemline is higher than the other girls' she just laughs, and says her look, I'm not the type." Remember when all the gals came out with those darn rolums? I asked her why she didn't get some. "What with?" asked Molly, and blushed. She didn't mean to let that slip out, and I knew it. I pretended not to notice. "Bill," she added quickly, "I don't like these dress directors, they depress me," and said it as though she meant it. But she wasn't fooling me. Molly holds her head as high as any of them. To look at her, you'd never know she'd brought four kids into the world, either; five, counting the one we lost in childbirth. How she keeps that swell figure of hers is beyond me. You'd think she was twenty instead of thirty-four.

A girl like Molly deserves the best. And, believe me, when I happened to look into our closet for something one night and discovered that she had only a frumpy suit and a couple of dresses that had seen better days I didn't like it. Not that we were going out anywhere. I couldn't see the fun part of it any better than I could clothes, what with the government grabbing a share of everything I was bringing home, and that wasn't much.

Apparently the only thing worrying Molly was me—and the kids, of course. "Bill," she'd say, "you need a new hat," or, "honestly, Bill, that suit of yours! It's falling apart. We'll have to get you a new one. After all, your job ... and you're enough Molly arranged it so I got the hat—and the suit, too, though I'll never know how. And the kids didn't go hungry, either.

Well, it got so that every time I looked at Molly, I'd feel lower and lower. Night after night I'd come home, and there'd be Molly in the kitchen, tired but neat as a pin. She always had a warm smile, and a big hug and kiss. And me? Sure, I was working hard—but wasn't getting anywhere. I didn't have the kids on my neck all day, like Molly. Some job, mine salary, week after week, year after year—that was me. I couldn't manage to bring home cheap toys for the kids, let alone afford to take Molly to a movie!

But, like I say, there are some things a wife wouldn't know about. Like how he feels a failure. Like how all of a sudden, something snaps, man goes berserk. And, finally, he does something.

What does he do? Well, there's no predicting. One man does one thing; another something else. Maybe what he does will hurt those closest to his heart. Even if he's only trying to help. You can't blame a wife — especially a sweet, understanding wife like Molly—to know there are some things she'll just, except, maybe, after it's too late.

I've been thinking a lot lately. About Molly and me ... and the kids. A wonderful wife, Molly. And a father can be proud of the two I've been thinking. I've had time to think, plenty. But there isn't much left, now. Time is running out. But I still keep wondering about, what might have been.

The turnkey asked me a little while ago what I wanted to eat. Said I could have anything I wanted the night. But I just said I guessed I wasn't very hungry, somehow. He smiled in a sad sort of way and shook his head. Then he went away. The turnkey is coming back now. I'd recognize that shuffle anywhere. He's been nice to me, the turnkey has. But I'm still not hungry. I guess it doesn't matter. There's not much more time, now, anyway.

PINT FOR PINT

CAMBRIDGE, England.—You can trade in blood for beer here. A local brewery offered the free exchange, pint-for-pint, in a move to help the Red Cross blood donor drive.

Funny and Otherwise

On the day the World Series was to open, an office boy approached the boss.

"Uh, come, come now," snapped the boss. "You're not going to drag out that old fable about your grandmother having passed away."

"Oh, no, sir," responded the boy. "She's home on furlough."

Old Lady (at nursery): "Can't something be done for that chap in distress?"

Canal Guard: "It's all right, mum. We have sent a line to the crew to come ashore for it!"

Old Lady: "Good gracious. Must they have a formal invitation in a time like this?"

"Was the doctor funny?"

"Oh, yes. He had a notice hung up in the surgery: 'Have your symptoms ready, please.'"

"I'm getting so fat that I can scarcely stoop over to lace my boots. Now doctor, what would you advise me to do for it?"

"Wear slippers."

Visitor: "I suppose they ask a lot for the rent of this flat?"

Hostess: "Yes, and Grandma Harold seven times last month."

Sally: "Money isn't everything. Some things are bigger than money."

Sue: "Yeh, bills."

Minister, meditating on a deep problem, told his new housekeeper that in no circumstances were callers to be admitted—except, of course, he added, in a case of life and death. Half an hour later the minister heard at the door.

"Jessie, Jessie!" he called. "Tell her she says it is a question of life and death."

So he went downstairs and found an inquiring agent waiting.

The first-aid instructor was a little weary of endless questions. Some not very sensible. But one woman pushed it. "What should I do if I arrived home and found my husband with his head in the gas oven and all the burners turned on?"

The instructor said, quickly: "Smell him every ten minutes."

Sunny: I heard that Mr. Smith isn't welcome at the Jones' home anymore, and that it all started when he accepted their invitation to dinner.

Honey: Yes, he wanted to show his appreciation for the dinner he had been invited to, so he got a gift.

Sunny: What's wrong with that?

Honey: The gift was a cook-book.

3 Dessert Treats from One Basic Dough! *It's easy with wonderful active dry yeast!*
MADE AND RECOMMENDED BY
FLEISCHMANN'S
ACTIVE DRY YEAST
"my grandmother is incredible, really! Turns out luscious desserts from the same dough I mix for dinner rolls! It takes no time at all with the yeast. Fleischmann's Fast Rising Dry Yeast! The best yeast I've ever used for sweet dough—starts like magic. Keeps fresh right on the shelf at home, too. Active dry yeast in handy packages."
BASIC FRUIT DOUGH
Prepare
½ cup lukewarm water (not hot)
2 packages active dry yeast
Combine in a large bowl
½ cup butter or margarine, melted
½ cup granulated brown sugar
Gradually beat in
2 cups sifted all-purpose flour
Beat well
2½ cups (about) once-sifted bread flour
Turn out on lightly floured board and knead dough lightly until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set dough in a warm place. Let rise until dough is light. Punch down and turn out onto floured board. Divide dough in half. Roll out each half to a 12-inch square. Spread with
½ cup softened butter or margarine
Combine
½ cup granulated sugar
1 teaspoon ground cinnamon
Sprinkle over dough. Roll up each square jelly-roll fashion, and cut into 1-inch slices. Place cut side down in greased muffin pans. Let rise until light. Bake in moderately hot oven (400°F.) about 30 minutes. Makes 24 rolls.
1 Chop Suey Loaf
Add
1 cup chopped walnuts
1 cup chopped celery
to the dough. Shape into a loaf and fit into a greased bread pan about 11 by 5 inches. Let rise until light. Bake in moderately hot oven (400°F.) about 50 minutes. Brush top of loaf with soft butter or margarine
2 Butterscotch Fruit Buns
Combine
½ cup butter or margarine
1 cup brown sugar and 1 cup butterscotch bits
Spread about ¼ cup of this mixture in a greased muffin pan. Add to the remaining mixture
1 cup chopped mixed fruit
Spread over butterscotch mixture in muffin pans. Let rise until light. Bake in moderately hot oven (400°F.) about 30 minutes. Makes 24 buns.
3 Frosted Fruit Buns
Add
1 cup chopped mixed fruit
to the dough. Shape into 24 buns and place in greased muffin pans. Let rise until light. Bake in moderately hot oven (400°F.) about 30 minutes. Cool. Frost with
Confectioners' sugar icing
Decorate with
Candied cherries and nuts

STOPS HEADACHE FAST ASPIRIN

you get cleaner, better grain with **SEED PROTECTION**
this spring, use the **Green Cross***
BIG 4 SEED GRAIN DRESSINGS!
THE ENEMIES:
Smut, other Seed-borne Diseases, Wireworms
—these crop-killers cost you and other grain-growers thousands of dollars every year. This is a needless loss because they can be controlled by proper treatment of seed before it's planted.
THE ANSWER:
the Green Cross Big 4 Seed Grain Dressings
—a complete seed treatment program that includes the tested and proven dressings you need to protect your crops from the pests found in your area
1. MERLAMS
the amazing new combination seed disinfectant that controls smut, other seed-borne diseases and wireworms in one operation! Costs less than $1.10 per acre of wheat, coarse grains, and less than $1.10 per bushel of corn and beans!
2. SAN
another great new seed disinfectant that controls smut and other seed-borne diseases in wheat, coarse grains and flax! Application cost is less than 6c per bushel of wheat and coarse grains and less than 12c per bushel of flax.
3. BUNT-NO-MORE
the non-mercurial seed disinfectant that kills bunt (stinking smut) on wheat! Apply it for less than 4c per bushel!
4. 50% LINDANE
the proven seed dressing that destroys wireworms attacking cereal crops. Costs less than 50c per acre!
If you prefer a liquid seed dressing order Green Cross LIQUI-SAN, PMA Solution
GREEN CROSS PRODUCTS

A MONEY MAKER

Every farmer should sow a few acres of clean land to some Registered seed each year. This has been found to be one of the best money-makers for the farmer. The cost is very little.

See the nearest Searle Agent for varieties and prices delivered.

SEARLE GRAIN COMPANY, LTD.

131

By Shirley Holme, Wainwright, Alberta

News Notes From Your District Home Economist

Dust Absorbing Dust Cloth

1 pint boiling water, ¼-cup lemon oil. Use old soft knitted silk, rayon or cotton cloths. Cut the edges with pinking shears to prevent ravelling, or finish with narrow hems. Stir the oil into the hot water. Immerse 6 or 8 cloths into this mixture and let them absorb as much of the liquid as possible. Wring the cloths as dry as possible out of the mixture and let them hang until thoroughly dry. When cloths become soiled wash in warm suds and treat again.

Wash Day Hints

1. Protect leather gifts from scuffs with wax. Keep a glossy surface on luggage, purses, belts, shaving kits, manicure and cosmetic kits, jewelry boxes, brief cases, riding gear, book bindings and the like.

2. Time to retire ice skates for the season so give them a protective film of wax to help guard the leather from dampness. Wax will retard corrosion on the metal parts too.

3. Glamorize your galoshes before you put them away by giving rubber surfaces a beauty treatment with a self-polishing wax.

Lots o Dishes — Say Cheese!

Few foods can be used in such a variety of ways as cheese in the luncheon, supper or dinner menu. Because of its high protein content, cheese is in the same class of food as meat, fish, poultry and eggs and since it is usual to depend upon the main course to supply the protein for the meal, the principal use of cheese should be in this role. However, in meals which would otherwise be somewhat lacking in protein, cheese may be served in the salad, dessert or even soup course to make up the deficiency. Use left-over potatoes in this interesting way:

Potato Cheese Puff: 2 cups of mashed potatoes, one-third cup of milk, ½ tsp. salt, ¼ tsp. mustard, 1 cup grated cheese, 2 egg yolks, 2 tsp. melted fat, ¼ tsp. pepper, 2 egg whites. Mix grated cheese thoroughly with potato. Beat egg yolks until thick and lemon colored and combine with milk, melted fat, salt, pepper and mustard. Add to the potato mixture and beat until smooth. Fold in stiffly beaten egg whites. Turn into a well greased baking dish, set in a pan of hot water and oven-poach in a moderate oven, 350° until set, about 40 minutes. Yield: 5 to 6 servings.

A 1-inch cube of cheese is equivalent to 1 glass of milk in calorie value. Send for more free recipes 'Cheese Dishes' from me.

Proper Equipment

Do not try to do kitchen work without the proper equipment. A cheap knife, a patched-up pot, a dull can opener should be discarded, for actually they cost you time and money because of their inefficient operation.

Facts About Figures

Diet control is most important for your figure. It takes a lot of exercise to offset one little snack. For instance, it takes a brisk one-mile walk to cancel only two chocolate mints and an hour of spading in the garden to balance the effect of one piece of apple pie!

Do you know that to lose one pound of body fat a person would have to saw wood for 30½ hours, lay 14,751 bricks, or shovel 116,000 pounds of sand? Write to me for the bulletin "Facts and Figures for the Over-weight".

Easter Tea at Dewberry

The Dewberry Ladies Aid are having an Easter Tea in the United church April 4th from 2.30 to 5.00 p.m. Sale of home cooking, aprons, candy and Hot Cross Buns. Come and bring a friend. 35-1x

HOW RICH FOR PROSPECTORS

Geophysic... uranium may be not one cap... But The Financial Post quotes a geologist who says that any idea that there's no need for prospectors any longer "cannot be farther from the truth in uranium prospecting".

The days of the famous sourdough type may be over, says The Post, but only insofar as he has been replaced by the modern prospector using radioactivity detecting devices and airplanes.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor

What a thrill to see the scales start bobbing up and down as you put on pounds of solid, firm flesh. Just see how much better you look, feel, work, play, as you watch those skinny limbs, neck, chest, arms, legs, "fill out" and develop normal, good looking curves. Be proud of your new figure, pep, & nourishment, sure. Both are given in Vitamin B-12, Iron, Vitamin D, Calcium, Phosphorus and other vitamins and minerals in Dr. Ward's Pills. Tablets for an appetite, new pep, new zest (vitality) today. "A" and "D" added.

DESIGNED TO MEET THE HAULING NEEDS OF EXPANDING CANADA

Announcing Completely NEW "DRIVER ENGINEERED"

'53 MERCURY TRUCKS

NEW! "DRIVER-ENGINEERED" CABS

For 1953, Mercury Trucks introduce "built-around-the-driver" Cabs — Custom and Standard. Everything here is new and different. Here is new ... to make the driver's job easier and safer.

Entirely new "Driver-engineered" Cab interiors feature new positions — new restraints — new comfortable three-man seat — new all round visibility — new curved instrument panel — new radio locale.

Mercury Truck "Driver-engineered" Cab exteriors look big, they are big — they are engineered to improve overall truck operation — to make Mercury Trucks leaders on the road.

5 GREAT ENGINES V-8 ALSO!

GREATEST LINE OF MERCURY TRUCKS EVER BUILT! 8 great series ... 17 wheelbases ... 5 V-8 engines ... over 100 completely new models from 4000 to 27000 lbs. G.V.W.

Here they are — the new 1953 Mercury Trucks — introducing a completely new concept of truck design. Mercury Trucks for '53 present new handsome appearance — new time-saving features — new visibility — new convenience — new power ranges — new models — new wheelbases — and there's completely new comfort and safety with the new — built-around-the-driver — "Driver-engineered" Cabs. Yes, '53 Mercury Trucks have more of everything truck operators need and want.

Completely new '53 Mercury Trucks are "strength-engineered" for durability — have stay-on-the-job stamina. New axles, new transmissions, new "short-turn" chassis design make handling easier and faster.

Mercury Trucks offer FIVE "power-engineered" V-8 engines ranging from 106 Hp. to 155 Hp. ... each teamed with proven "Londomatic" economy.

Completely new "Driver-engineered" Mercury Trucks are truck-engineered — truck-built to meet the hauling needs of expanding Canada.

INDEXES SHOW

IMPLEMENT PRICES AT LOW LEVEL OF INCREASE

That implement prices have been kept at a low level is clearly shown by the comparison of Dominion Bureau of Statistics index figures, which give an increase in "all commodities" since 1941 of 82.3% as against an increase in a comparable index for Massey-Harris implements of only 66.5%. This low percentage of increase, too, is shown in the face of an increase in the index figure for materials of 93.9% and of Massey-Harris hourly rates of pay of 165% as can be seen by referring to the chart shown above.

Also, the indexes show that while farm implements have only increased 66.5% there has been an increase in the price of farm products of 83.8% and the scarcity of farm labour has caused farm wage rates to climb to 175.3%. The partial abrogation of the increased costs of materials and labour has been made possible by the continued great world demand for farm mechanization giving a volume that permits a low ratio of selling expenses and high operating efficiency in manufacturing.

MASSEY-HARRIS COMPANY, LIMITED

Makers of high-quality farm implements since 1847

V.A.A.A. TO MEET

WILL SEE THE GREY CUP FINAL IN PICTURES

The annual meeting of the Vermilion Amateur Athletic Association will be held in the Legion hall on Monday, March 23rd at 8 p.m. Election of officers will take place, plans made for 1953, and the films of the 1952 Grey Cup final will be shown.

THE ROAMING CANADIAN

Canadian tourists spent $97,000,000 in 1952 in other countries, more by the [illegible] than ever before reports The Financial Post.

[illegible] being visited by the provincial.

Ballots will be counted at the annual general meeting in Edmonton scheduled for the Macdonald hotel April 6, 7 and 8.

Alberta Teachers To Elect New Officers

More than 6000 ballots have been mailed out from the head office of the Alberta Teachers' Association to teachers throughout the Province, according to Eric C. Ansley, general secretary-treasurer of the A.T.A.

The ballots sent to all teachers in the Province call for a vote for the Provincial executive council. Candidates are Lars Olson, currently A.T.A. vice-president, and Robert A. Kinsmith, currently a member of the Provincial executive council. Mr. Olson resides at Holden and Mr. Kinsmith at Coalhurst.

Additional ballots will be sent to teachers in Edmonton and district and in northeastern Alberta where elections will be held to determine geographic representatives of the provincial council. Acclamations were received in the remaining six geographic divisions as well as for the vice-presidency.

Candidates in Edmonton and district are William Kostash and Malcolm Ross. Both are Edmonton teachers.

Nicholas Pooliyay, Hairy Hill and Michael Skuba, Smoky Lake, are seeking election in Northeastern Alberta.

Mr. Olson has been A.T.A. vice-president the past two years and has served on many committees while on the council. These include salary bargaining committee, attrition board, discipline, building, resolutions, finance and conference committees.

Mr. Kinsmith, a teacher at Coalhurst, represents the teachers of Southwestern Alberta on the provincial council. He has headed many local committees in his area and took a prominent part in affairs and activities of the A.T.A. since

Master Merit Award Won By Local Man

Mr. W. Lynowski of the Searle Grain Company Limited at Marwayne, has gained the distinction honor of being numbered among those who have won the Elevator Master Merit Certificate. This is an award given by the Grain Insurance and Guarantee Company in recognition of outstanding proficiency in the maintenance of grain elevator premises. To earn this an elevator agent must have a perfect record for a period of ten consecutive years.

"Inspection of all plants insured by Grain Insurance and Guarantee Company are carried out by the Affiliated Inspection Bureau Limited. This organization for the past twenty years has majored in the inspection of Grain Elevators, Flour and Feed Mills, etc., and its service is acknowledged as being rigid and exacting. Winning the award is therefore recognized as a definite achievement by the grain trade generally." 36-1x

Paradise Valley

Mr. Wilfred Winsen left for eastern Canada recently. He will visit his brother in the Eastern U.S. and will drive a new car on the return trip.

Mr. and Mrs. L. A. Matheson were away for a brief holiday during the first part of the week visiting at Saskatoon. Mrs. Hoskins had charge of the store during their absence.

Look Lum of the Royal cafe was a recent business visitor to Edmonton.

A lot of sickness in the district during the past few days. Mr. and Mrs. L. V. Shaw have both been laid low. George Clay as been subbing on the mixed run for the past week.

Word has been received of the death of Dr. Mc Donald at Victoria, B.C. Dr. was one of the original settlers in the Myrnam district and left here several year ago to make his home at the coast.

The death and funeral of Mr. John Holgate took place at Lloydminster last week. Mr. Holgate has been ailing for a long while and his death was not unexpected. The funeral was held on Thursday afternoon at Lloydminster.

Mr. Ira S. McLeod who has been visiting at the west coast for the past month has returned home.

Visitors day at the local schools was well attended by parents and a very interesting afternoon spent.

Special meetings of the local United Church board, McLaughlin Board and the Edgerton Board have been held during the past week to see if it would be possible to have a minister stationed at these [illegible].

The Kinsetty Concert group entertained at the hall on Friday evening and quite a number turned out. Their program was well received. Lunch was served in the church basement after the concert. This was sponsored by the United Church W.A.

Red Cross Time

Again it is Red Cross time W.A. Gunn has been appointed campaign chairman, C.B.E.E. The quota for this district has been set at $200. This is above the amount collected last year. Mr. Frank Ball as been appointed collector for the Moyerton district. We hope to get organized shortly.

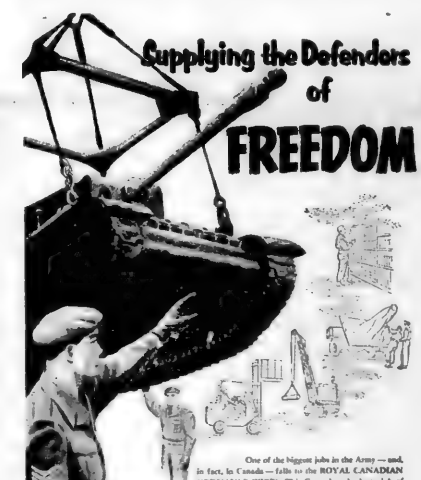
Supplying the Defenders of FREEDOM



One of the biggest jobs in the Army — and, in fact, in Canada — falls to the ROYAL CANADIAN ORDNANCE CORPS. This Corps has the huge job of obtaining and distributing everything the Army requires from shoe laces to tanks — over 220,000 different items.

As the Canadian Army grows, the job of Ordnance grows. Right now more men are needed — men who can qualify as storemen, clerks, tailors, shoemakers and can as workers. The Army will train men in any one of the many different trades and skills required by Ordnance. Once trained, the young man who serves in this Corps will find truly outstanding opportunities for promotions.

With general conditions of service, pay and pension plans at an all-time high, there are wonderful prospects for young men in Ordnance. Learn a trade and build an unusual and important career for yourself in the Royal Canadian Ordnance Corps.

You are eligible if you are 17 to 40 years of age, tradesmen to 45, physically fit and able to meet Army test requirements. Applicants should bring birth certificate or other proof of age when reporting for interview.

For full information apply right away to:

Saving The Majestic Whooper From Extinction

According to some naturalists it is "just a matter of time" until there will be no more Whooping Cranes to grace the skies of North America. Yet, it was only a comparatively short time ago that these beautiful, large birds flew in great numbers, unmolested between their summer and winter homes. Now the chances of seeing one on the wing are extremely small.

Naturalists are greatly concerned over this situation, not only because this one particular species of bird is on the very brink of extinction, but primarily because the same tragedy might well be done to certain other forms of wildlife. It has in the past, an example being the Buffalo which used to roam our western prairie in great herds.

The last part of the show starts at [illegible] that needs all forms of wildlife [illegible] have gone with the exception of [illegible] exhibits but all have ceased from the face of the earth. Slave Lake in the North West Territories by Bob Smith, a pilot for the [illegible] could have been saved from their fate. This would have been accomplished through education of the public to the need for, and value of conserving the species.

Preserving the Whooping Crane from extinction should be of special interest to the people of this province, for Saskatchewan is the real home and original nesting ground of the bird. It was conservatively estimated there were 1,300 species nesting in this part of the country during the summers of the early 1900's. Now there are less than 30 in existence.

Nests were situated in large marshes, made of dead vegetation and debris about five feet in diameter, rising a foot or more above the U.S. Fish and Wildlife Service. The Whooping Crane is not a suitable bird, and as a result of settlers penetrating west and north into the province, they were slowly forced into the rubber northern regions unsuitable for their own reproduction and survival.

The Whooping Crane spends its winters in the coastal regions of Texas and Northern Mexico, so that when migrating they must fly over most of Saskatchewan, Central North and South Dakota, Nebraska, Kansas, Oklahoma and Eastern Texas. During this long journey the Whooper must escape severe weather and guns in the hands of careless and unskilled hunters.

When a Whooping Crane is shot by a hunter nowadays, it is not usually done on purpose. It is more commonly done because the hunter is unable to identify the bird, and the

A Whooping Crane can be easily identified. It stands about five feet in height and the adult is white with exception of black wing tips, legs and feet, yellow bills and red forehead patches. When in flight the bird has its neck outstretched and its long legs trail well behind its tail. The average wingspan is between five and seven feet.

The general public is asked to be on the alert during the coming nesting season for signs of Whooping Crane returning to their native breeding grounds. Anyone seeing them should report the incident at once to Fred G. Bard, director of the Provincial Museum, Regina, Saskatchewan.

Laws and regulations alone cannot save the Whooping Crane. The success or failure of this endeavour depends to a large extent on the people of this province.

BROUGHT THREE-BEDROOM HOUSE FROM HOLLAND

CALGARY. — A prefabricated house complete with bathroom accompanied E. A. M. Vossers when he came to Calgary from Holland. The three-bedroom house cost $5,000 in Holland and transportation costs ran to about $1,200.

IN SASKATCHEWAN

New Grasses Added To Forage Crop Demonstrations

REGINA.—Three new grasses will be added this year to the forage crop demonstrations of the Saskatchewan Department of Agriculture.

The demonstrations are conducted by Agricultural Representatives with the assistance of the Plant Industry Branch, this year will include pasture as well as hay demonstrations.

The director of the Plant Industry Branch, R. E. McKenzie, said three grasses recommended for the first time last year for use in Saskatchewan, will be given their first widespread practical tests in the demonstrations. The grasses are intermediate wheat grass, tall wheat grass, and Russian wild rye.

Intermediate wheat grass is a fairly long-lived perennial with creeping roots which has a high yield. Tall wheat grass is also a fairly long lived perennial with high yield, but is not creeping and requires more moisture. It is tolerant of wet moderately alkali soils. Russian wild rye is a long-lived perennial which is not creeping. It is recommended for pasture rather than hay crops because of its early heavy leafage growth of leaves. Russian wild rye will be used only in pasture demonstrations.

Seed for up to four demonstrations each for hay and pasture will be supplied to each Agricultural Representative district. Of three plots in each hay demonstration, one will be seeded to grass alone. The others will be seeded to a grass-legume mixture.

Material will also be made available to each Agricultural Representative district for fertilizer demonstrations on hay and pasture projects, pasture improvement with chemicals, hay or pasture demonstrations on low-lying or alkali areas, and seed improvement demonstrations using alfalfa or sweet clover.

Farmers who wish to have one of these demonstration projects located on their land, should contact their Agricultural Representative as soon as possible.

PRINT PRAYERS ON RESTAURANT MENUS

MAMARONECK, N.Y. — Merchants and clergymen of this suburban village made arrangements to print famous Catholic, Jewish and Protestant prayers on restaurant menus.

The clergymen said this would allow patrons to ask for Divine blessing while they are waiting to eat their meals.

The famous highway connecting early Rome and Brundisium on the east coast of Italy was called the Appian Way.

REAL HELP FOR Your Itching Piles ON NO COST

Get a package of Hem-Roid at any druggist today. Use as directed. If not entirely pleased in every way your money back is refunded. Only 75c for the full 10 days' treatment. If you are not over-pleased after using Hem-Roid 3 days, return the empty box and get your money back. Refund guaranteed to heal any form of piles.

McBride, B.C., Residents Build Own Airport

McBRIDE, B.C.—Residents of this central British Columbia town and district have built their own airport to help it stop with B.C. growth.

Full use of the airport is expected soon. Only single-engine craft have used it so far, but it is said to be capable of accommodating twin-engine planes and future expansion is anticipated.

The present runway is 1,000 feet long and 200 feet wide.

The story of the airport is one of co-operation and contribution—$18,000 donated by district residents and industry; heavy equipment loaned by logging companies; fuel donated by oil companies and labor volunteered by almost everyone.

The strip was laid on land donated by a resident, Adolph Jack, and the construction campaign was led by D. A. Aber.

McBride has a population of approximately 500.

Forgotten Cheques Total $5,052,000

OTTAWA.—The Income Tax Division has $5,052,000 in unclaimed cheques in the hands of the proper people, Michael Star (PC —Ontario) was informed recently in a Government reply.

It showed that unclaimed cheques dating back over the last five years and now in the possession of various departments of Government are worth roughly $5,450,000 with the great bulk of that consisting of cheques in the hands of the tax division.

They presumably are tax refunds which have never been claimed.

YOUR RED CROSS
WHAT IS IT DOING?

PICTURE above are high school students visiting the patients at the Junior Red Cross crippled childrens hospital in Regina. Over 113,000 Junior Red Cross members in Saskatchewan provide treats, entertainment, gifts and financial help to crippled children in their own Junior Red Cross Hospital.

The Junior Red Cross administration is provided for by the annual Senior Red Cross Campaign for funds. In this way every cent given by the Juniors can be used to provide care for Saskatchewan crippled children through the Junior Fund. Help is also given to needy children at home or abroad through the Juniors' National Service Fund.

The Junior Red Cross is an active organization, each branch holds regular meetings in the school room. These meetings are conducted with correct parliamentary procedure under the guidance of the teacher. The Juniors study health rules, good citizenship and do a great deal towards better understanding between the children of many nations.

Wherever you see a Red Cross on a schoolroom window you will know that a Junior Red Cross branch is organized for the good of all children.

The Junior Red Cross is one of the many vitally important services that the Saskatchewan Red Cross is rendering. Other services that are familiar to all are the Blood Transfusion Service, Swimming and Water Safety programme, Mothers Milk Service, Veterans Services, Civilian Disaster Relief, Outpost and Nursing Stations.

Nation's Traffic Jam Number One Problem

CALGARY. — Breaking up the nation's traffic jam and improving highways and streets is the most immediate task facing Canada today, C. W. Gilchrist of Ottawa, managing dldector of the Canadian Good Roads Association told members of Calgary Gyro club.

The speaker forecast that motor vehicles will more than double in the next 25 years to more than 6,000,000 and unless highway and street building is stepped up and maintained at a high level "we shall find ourselves becoming steadily more and more bogged down in the traffic quagmire."

To modernize the nation's roads and streets and to build new main into new areas will cost hundreds of millions of dollars, but it is not so much a matter of whether we can afford to have roads as whether we can afford not to have them, Mr. Gilchrist concluded.

Mr. Gilchrist announced that the annual meeting of the Canadian Good Roads Association will be held this year on the west coast at Victoria, Oct. 14 to 17.

Claysmore Clippings

Mr. and Mrs. J. Wilkes were hosts at the card party Friday March 6th at the school. There was a good attendance and 7 tables of whist were played. Miss Donna McCauley won ladies 1st and Bill Woytkiw gents' 1st. After lunch dancing was enjoyed for a few hours. The Wilkes orchestra and Frank Scott kindly furnished the music.

Mr. and Mrs. Vic Karlstrom and family of Edberg, Alta., spent several days last week visiting at the home of Mr. and Mrs. A. Olstad.

Mr. and Mrs. P. Olstad spent Sunday evening at the home of Mr. and Mrs. A. Van Nest, helping them instal a new deep freeze purchased recently.

The ladies' social club held their regular meeting at the home of Mrs. Joe Bauer on March 11th with seven members and 2 visitors present. Following the reading of the minutes by the secretary and the completion of usual business, the quilt was put together and Mrs. H. Williamson offered to see about sending it away. Members are asked to donate used clothing and pack a large box to be sent at the same time to the needy in Korea. The club is looking forward to having an address by Mrs. J. I. Jones of Mannville on the work of the W.I. in Alberta. This talk will be given at the April meeting to be held at the home of Mrs. Robert MacMillan on the 8th.

Mr. and Mrs. P. Holley were dinner guests at the home of Mr. and Mrs. A. Olstad on March 6th and later attended the card party at Claysmore school.

Congratulations to Mr. and Mrs. R. D. Lynch on the birth of a son in the Mannville hospital on March 13th. Congrats also to Mr. and Mrs. Geo. Watling of the Clovelly district on the birth of a son March 13th.

Mrs. L. Hetherington and Miss A. Thompson were guests at the home of Mr. and Mrs. Hugh Stewart a few days this week.

Quite a number of Claysmore folk attended the ice carnival at Mannville Friday March 13th and report a very good entertainment. The weather was mild and that encouraged a good attendance to come in from surrounding districts. The door prize was won by Miss Nelson and Miss Olga Smart was chosen Queen.

Pleasant Valley

March has a bad name, as a rule but so far it has been fine, but it is very much like a sweet tempered lady, present with lovely sunshine and now and then a blustering bride, of course, what could be more fickle?

Sorry to hear that Mr. and Mrs. Ed Dorie are both sick with flu and wish them better soon.

Our church service was very well attended Sunday by 27 with the children.

Mrs. H. Gordon has been here from Clearwater visiting with her old neighbors for several days. She arrived just in time for quilting, one of Mrs. Parker's and one in Islay. This is to be sent to Korea.

Another old timer of Islay, Mr. Percy Stone passed away in an Edmonton hospital. Sympathy is extended to the family.

Mrs. Carrie Sykes, Myrtle, Veronica and Bobby were all upset with a thirty-below-zero visitor one night above a very enjoyable one when we saw it.

The writer hears that Mrs. Gilbert Dorie are leaving this week for Ontario and that they will drive back a new car Dorie is getting. How they will have all the feeders for who's gots get home Dunno.

Lloyd Gibb is working on a farm east of Lloydminster.

Lily Waterfield spent Thursday afternoon at the writer's home. The cake is good Lily.

A meeting was held at the Mosquito hall which was well attended. Plans were made for the year the treatment of whistles. The work will start during the summer it is hoped. It is a grand thing to have Revelstoke through the country. Why go to town to live?

Hello Mr. A. P. did you find the people you were looking for?

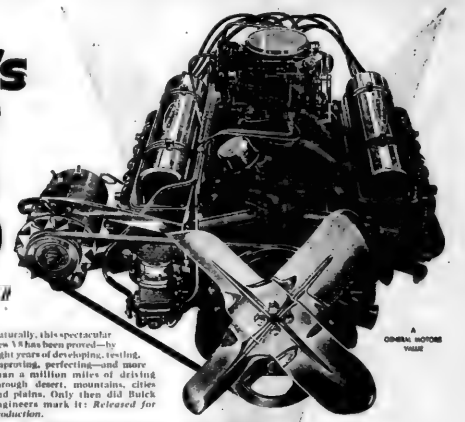
World's newest V8

with a million miles behind it



HERE, in literal fact, is the most advanced V8 engine ever placed in a standard-production automobile.

It is the first such V8 to reach an 8.5 to 1 compression ratio, and the first with a dynamic flow muffler that cuts power loss to zero.

It is the first V8 to utilize vertical valves together with a 12-volt electrical system instead of the usual 6. It is also the first designed with new "V" type intake manifold to replace the "I" type conventionally used in V8s.

It is, quite simply, the first V8 Fireball Engine—the engine that brings electrifying performance to the greatest Buicks in fifty great years—the engine that powers the 1953 Buick Skylark with 188 hp. and the 1953 Buick Super with up to 170.

Naturally, this spectacular new V8 has been proved—by eight years of developing, testing, improving, perfecting—and more than a million miles of driving through desert, mountains, cities and plains. Only then did Buick engineers mark it: *Released for production.*

But these hard-to-please engineers gave these Golden Anniversary Buicks far more than new power.

They gave them, too, a still finer ride, more superb comfort, new braking power and handling ease—and a sensational new Twin-Turbine Dynaflow Drive* that adds new quiet and whip-fast getaway to absolute smoothness.

Nothing, we believe, will do more justice to your automobile dollars—or to your love of magnificent motoring—than a visit to us right now.

*Standard on Roadmaster, optional at extra cost on other Series.

Master Merit Award Won By Local Man

Mr. D. H. Ganton of the National Grain Company Limited at Innisfree, Alta., has gained the distinction of being the numbered amongst those who have won the Elevator Master Merit Certificate. This is an award given by the Grain Insurance and Guarantee Company in recognition of outstanding performance in the maintenance of grain elevator premises. To earn this an elevator agent must have a perfect record for a period of ten consecutive years.

"Inspection of all plants insured by Grain Insurance and Guarantee Company are carried out by the Affiliated Inspection Bureau Limited. This organization for the past twenty years has majored in the inspection of Grain Elevators, Flour and Feed Mills, etc., and his service is acknowledged as being rigid and exacting. Winning the award is therefore recognized as a definite achievement by the grain trade generally."

Clandonald News

The news of the tragic accident which took the life of Oscar Johnson and severly injured Mrs. Johnson came as a dreadful shock to the many friends of the family. Deepest sympathy is extended to Mrs. Johnson, Joyce, June and Ronnie.

Latest reports are that Mrs. Johnson is making satisfactory progress and may be home shortly. Her mother, Mrs. Packman, a long time resident of the district now making her home at Vernon, B.C. came to be with her daughter and family immediately following receipt of the news of the accident. She was accompanied by her husband. Mr. and Mrs. Packman plan to stay until such time as Mrs. Johnson is well on the road to recovery.

Mr. and Mrs. George Chalmers now living in Edmonton, were district visitors during the past week. Another Edmonton resident, Mr. Ed Kinch, was a visitor on Thursday.

Sympathy goes to Mrs. Herb Spencer who was bereaved by the death of her husband recently.

Mr. Clement Pursaud wishes to thank all those who showed such kindness and sympathy following the death of his mother, Mrs. C. Cameron, also to those who contributed flowers and donations to charity in her memory.

Mrs. Carleton, long time resident of the district, had the misfortune to slip on an icy street in Clandonald, fracturing her hip. She has been a patient in the Elk Point hospital since the accident and is reported as making satisfactory progress.

January and February curling, March play practicing -- that seems to be the order of things for this year. The C.Y.O. plan to present a play at an early date. Originally planned for St. Patrick's Day there was some doubt as to whether it would be ready by that date and it will now be presented later. The Young People's club are busy preparing a play also which they hope to present r a rlyplAlnrt agS-hgoout news of this as soon as available.

In general early in April. Mrs. Joe Jardoe has purchased a new 9N tractor from Henry Schneider, Imperial Motors agents for Oliver machinery.

Congratulations to Miss Phin McCrymond's fellow curdle partner won her $30 on Share the Wealth program Saturday night when he answered a question correctly. For the benefit of those who did not hear the same program, "Mart O'Lanna" is not an Irishman.

Red Cross Aids Flood Victims

In a recent CBC broadcast the Hon. Paul Martin commended the Canadian Red Cross Society for its prompt action in supplying relief supplies for victims of the recent European floods.

"Canadian aid was in the forefront of foreign aid to those people who needed the most urgent help, through the foresight of the Canadian Red Cross", stated Mr. Martin.

Speaking on behalf of the annual appeal for funds of the Canadian Red Cross the Minister of Welfare said, "The Red Cross has worked hard to have the right things at the right place, at the right time, where help was needed most. To have an organization of that type in our nation is truly a credit to Canada and every Canadian. It is an assuring thought that if peacetime disaster should strike with all its fury in any part of our land we have an organization ready, willing and able to meet the emergency".

You can help the crippled children of Alberta by giving generously to the annual Red Cross campaign for funds. Give those with a limited future a 'future unlimited'. tf

ALL-NEW DRIVERIZED CABS

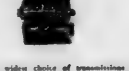
Finest truck cab on the road . . . with every feature *Driverized* to make driving more comfortable—safer—more efficient! New one-piece curved windshield is 9½% bigger . . . new full-width rear window . . . new larger side windows with sills at arm-rest height. New wider one-new counter-shock seat cushion! New wider doors! New curved instrument panel! New heating and ventilating system! New interior colors! New rugged hardware throughout! Choice of standard or Deluxe Cabs!

Hmm . . . now! All-new *every way* for '53—the greatest Ford Trucks of all time—introducing, *for the first time*, a completely-new idea in truck engineering—DRIVERIZED DESIGN. Now, at last, here are trucks specifically designed and built to increase driver efficiency . . . to get jobs done faster! With this entirely new principle of design and all-new time-saving features, Ford Trucks take the lead again in providing new hauling economy!

Driverized Design has developed the greatest advance in truck cab comfort . . . Driverized Design combines shorter wheelbases, wider front tread and new brakes for greater maneuverability, shorter turning radius and better control. With Driverized Design, Ford Trucks offer the greatest choice of Synchro-Silent transmissions in any line!

For 1953, Ford Economy Trucks present a greatly expanded line . . . 9 new Series . . . 17 wheelbases . . . with ratings that range from G.V.W.'s of 4,000 lbs. to G.C.W.'s of 59,000 lbs. With over 100 models and a choice of four great V-8 engines, there's a Ford Economy Truck that's right for your job . . . to save time—cut costs—last longer. See your Ford Truck Dealer!

ALL-NEW DRIVERIZED TRANSMISSIONS



Now—the widest choice of transmissions ever offered in any line! New Synchro-Silent 3 transmissions standard on all models. "Double-tracking" eliminated—"down-shifting" is easier, safer! Choice of 3-speed Dura-Drive or 5-speed Roto-Torque transmissions on "Big Job". Saves! Choice of five transmissions on Series F-100 including smooth, thrifty Overdrive and Fordomatic Drive!

ALL-NEW DRIVERIZED MANOEUVRABILITY

Ford's new 4-inch shorter wheelbases and new, wider front tread offer greater maneuverability, shorter turning on all models—provides easier handling—faster, time-saving operation. With the new front axle location, driver sits in the comfort zone where the riding qualities are finest.

V-8 POWERED for PERFORMANCE

Four great V-8 engines, including the two mighty "Cargo King" V-8's for Heavy Duty Truck "Big Jobs" . . . formed for performance and economical hauling. Truck-built to stand up longer than the lowest in V-8 engines gain further advancement for a longer lifetime of low-cost, rugged service. High manganese phosphate engine . . . big work reserves . . . reinforced Ford Cab-Mounted with Power Pilot Economy in every model to save on every mile.

Local News of Interest

Appreciation

We wish to extend our thanks for the encouraging telegrams and expressions of support and good-will received during the Edmonton Curspiel last week from Vermilion and many surrounding curling clubs. Such encouragement was very heartening and much appreciated.

Darrel Curran, Lloyd Magnus, Glen Gibbons, Gordon Rose.

Mr. and Mrs. Reg Mitchell and daughter Joanne left Saturday via TCA for Windsor where they will take delivery of a new car purchased through the local Ford dealer. They will then motor on to Wilmington, Delaware where they will spend a week visiting Mrs. Mitchell's sister. The return trip will be via Winnipeg and Regina.

Three well known young mechanics of Ken Rowe and Sons staff returned recently from the Technical school, Calgary, where they have been taking various approved government courses in mechanics and auto body work. Joe Winter was away for a month, Jack Hobbis for five weeks and Blair Hicks 10 weeks.

In Edmonton this week taking part in the Elks hockeyist are Shipe Gordon Park and Vic Tillett. Along with them are Aldous Kent and Mac Simonsen, but no one would tell us the rest.

Mr. and Mrs. Bill Rogan and little daughter from Lamont spent the week end here visiting the former's mother.

Mr. and Mrs. Art Wiebe of Edmonton spent the week end in Vermilion visiting the former's father, Mr. W. R. Wiebe.

Miss Donna Alexander of Calgary was also a guest at the home of Mr. and Mrs. B. A. Macnab on the occasion of their silver wedding anniversary. Miss Alexander is a sister of Mrs. Brent Macnab Jr., and comes from Calgary also.

Cliff McKee returned Friday after renewing old acquaintances at Banff for the past couple of weeks. He spent a day or two in Calgary visiting his sister and family, Mr. and Mrs. George Garland.

Dr. Andrew Stewart Addresses Canadian Club

The dinner meeting of the Canadian club in the Legion hall Thursday evening attracted a large attendance of members and guests. President Stephens presided and introduced the guest speaker, Dr. Andrew Stewart, President of the University of Alberta, also Mr. A. C. Ballantine, assistant co-ordinator of cultural activities for Alberta. President Stewart took as his topic Canada's place in the Colombo and other schemes for the development of countries such as South Eastern Asia, Parkistan and the Malay states developed industrially and agriculturally such that they would become self-supporting and thus improve their living conditions, which at present in some of those states are very primitive in extending this guidance the utmost care must be taken in order not to irritate their national pride. We in Canada were not trying to force our ideas upon these people or pretend that we knew it all but rather make them believe they were the people who were initiating those reforms. As a consequence these countries were sending experts into different lines of activities to Canada and were given the opportunity to roam around from province to province to observe and see our methods for instance of farming, mining, building roads, administering municipalities and schools and so on so that they might go back to their own countries and endeavor to bring about reforms in their own systems patterned upon our way of life. Several such groups, usually young men, brilliant and talented, each member confining himself to the study of whatever line of avocation he desired to be informed have been in Canada and have traveled all over the country for their purposes. So far the schemes has proved very successful, at the same time we were receiving at sending experts to their countries to look around to impress rather than to advise or teach. Their own countries pay the own men and we give them all the assistance we possibly can within the limits of not forcing our way of thinking and doing for them. We give them every opportunity and make available to them whatever information they may seek or require. He saw great difficulty in developing some of those places industrially at least for some time to come. This would be a slow process.

The address was listened to with intense interest and evoked much applause at its conclusion. President Stephens expressed the appreciation of the meeting for the speaker's timely and edifying address.

Mrs. Wilfred McLennan has just returned from a three weeks visit to her parents Mr. and Mrs. A. M. McNeill at Vancouver, B.C. While there she helped to celebrate her parents' Golden Wedding anniversary. Mrs. Alf Pinchbeck of Beaverlodge was also home for the happy occasion.

Mr. and Mrs. McNeill wish to be remembered to all their former friends at Vermilion and those who sent messages to them on this very happy occasion.

Mr. and Mrs. John Walker also former Vermilionites, asked to be remembered too, to all their old friends in Vermilion.

J. R. Hoake has been elected councillor for District No. 1 of the Alberta Pharmaceutical Assoc. The term is for two years.

Mr. Lawrence Blaine of Camrose is back at the V.S.A. for the balance of the term as Dean of the boys' dormitory, filling the vacancy caused by Mr. McCrimmon's promotion to another position in Edmonton.

Mrs. M. F. Sneltzer and Mrs. S. Mantyluk were in Edmonton last Friday to Sunday attending the conference of Girl Guide and Brownie Guide and leaders.

Don Beacock is spending a few days in town, a guest at the home of Mr. and Mrs. Walter Fisk. Don lived here for a number of years but it is 8 years since he was last in town, and he says it's nice to be back. The family are all fine and now live in Ontario. The trip from the east was made by car.

STAGETTES

She's lovely She's engaged! She uses her own secret method in any case Such congratulations to you and Bill. Oh yes, the old club room was ringing last Tuesday night.

A nice turnout of Stagettes discussed district convention, which this year will be held in Edmonton and passed on to Mildred the honor of being the Vermilion club candidate We are in high hope of sending a sizeable representation from our club for it is through these conventions that members get to know their sister Stagettes, and understand more fully the social aim of the club. It certainly does a lot to arouse interest and give

stess for added activities. Besides, it's a pile of fun.

Nonnie Shaw's e had all roped and tied — so, who graciously accepted the position of delegate, has been transferred to the Red Deer branch of the Treasury House. Though we wish her every success in her new location we're going to miss our blonde lassie, and a sad young fellow is noticed at the coffee table too.

We've had sad news that Marg (Girvan) Rutherford, a former president of the club here, is ill in Edmonton hospital but hope to return to her Wainwright home by Monday. Every wish for a very speedy recovery to health goes out to Marg

Next meeting, March 26th. Checking for Saturday March 21 — Ivy and Kay.

BOARD OF TRADE CONFERENCE

(continued from inside page)

Functions of boards of trade were again reviewed in Mr. J. R. Munro's address titled "Wider Horizons". He is a director of the Dominion body and comes from Edmonton. A board's activities are a combination of service and business organization, although the first job is to represent business, said Mr. Munro "Business to thrive must give something to the community and the Board of Trade is expected to do this public service job and do it well," concluded Mr. Munro.

Approve Regional Conference

A resolution was passed approving of the holding of such regional conferences and asked that they be held in this area again next year.

An invitation was extended by Mr. L. D'Albertanson to hold the next conference at Wainwright.

A reception was held at the conclusion of the program when townsmen joined visiting delegates in a social hour.

Mr. and Mrs. G. Antrim Celebrate Golden Wedding Anniversary

(From Claymore Clippings)

Friends and relatives gathered at the home of Mr. and Mrs. G. Antrim now of Vermilion but formerly of Claymore, on March 1st to extend to them their congratulations and best wishes on the occasion of their Golden Wedding.

Two grandchildren Lloyd and C Bell and a friend Herbert Gilbert came from Calgary, and Mr. and Mrs. Antrim's son Ralph and family from the Rocky Mountain House; their son Floyd and family from B.C.; Walter from Edmonton, and Mr. and Mrs. Art Terrie (nee Jackie Antrim) and small son, also of Edmonton. Among the many guests were two great grandsons.

Many lovely gifts and messages of good wishes were received from friends far and near during the day. From their home area they received a foam rubber cushion lounging chair and foot stool.

Later all enjoyed a turkey dinner served by the daughters-in law, and the bride and groom of fifty years ago cut the beautiful wedding cake and thanked one and all for the lovely gifts, the good wishes and the very enjoyable day.

Handicraft Guild To Meet

There will be a general meeting of the Handicraft Guild on Thursday, March 26th at 8 p.m. in the High school. Miss Shirley Holme, District Home Economist, will give a talk and show films on chinaware.

All members are requested to bring their finished articles made in the recently completed classes.

Present members are urged to attend and new members are welcome.

THE W. M. S.

The regular meeting of the W.M.S. was held in the United church auditorium Wednesday March 11 at 2:30 p.m. Mrs. Robinson the president was in the chair.

Mrs. Rosburgh sponsored some complimentary remarks to Mrs. Roxburgh as she will leave here in June to make her home in Edmonton. Mrs. Rosburgh has done excellent work here with the C.G.I.T. groups.

Mrs. Robinson and Mrs. Rosburgh then presented with the Candle Lighting ceremony which initiates the C.G.I.T. with the W.M.S. The girls then received the badges due them. A tasty lunch was served to the C.G.I.T. girls in the church hall.

The regular W.M.S. meeting was then resumed and Mrs. Sweet gave a synopsis of a chapter of our study book 'African Trails'. This was very interesting and enjoyed by all. The roll call was taken and the hospital committee reported on sick and home calls. 17 members and 1 visitor were present. Following other reports the meeting was closed with the president reading a prayer.

A tasty lunch was served downstairs by the committee and a social hall hour enjoyed.

Vermilion High School Girls Are Northern Alberta Basketball Champions

The Vermilion High School Girls' Basketball team won the Northern Alberta High School championship at Lacombe last Saturday night by holding that team to a 33-31 victory. This 19 point margin for Lacombe was not enough to overcome the 22 point advantage which the Vermilion girls had built up in the first game of the series played here. The scores of the games were at Vermilion 42-20; at Lacombe 50-31 for a total of 73-70 in favor of the Vermilion High.

Vermilion Always Comes

Betty Bentley, Doris Schmidt, Hazel Barr, Ann Martin, Jean Middlemiss, Joan Mackenzie, Rhea Ireland, Ann Stewart, Noreen Douglas, Viola Maggs.

Final Series at V. S. A. Against Cardston March 27 and 28

The final series for the Provincial championship will be played against the southern champions, Cardston high school, at the Vermilion school of agriculture gym this week end, Friday March 27 at 7 p.m. and the second game on Saturday March 28 at 8:30 p.m. It is a two-game total point series.

Cardston is known as the 'home of basketball' but Jack Kolostalo, who has done a wonderful job this past two years in coaching these high school girls and in operating basketball hoop interest, is confident that his Vermilion girls will make a real series of it and bring Vermilion provincial championship.

As an added attraction on Saturday evening teams from the Wainwright and Lloydminster hgihs will meet in a preliminary game at 7:30.

The Game at Lacombe

It looked like curtains for the Vermilion squad at Lacombe Saturday night last as Lacombe hit hard from the opening whistle and in the first five minutes had a 10 point lead. The Vermilion team rallied however and at half time trailed by only 5 points 25 to 18. Lacombe pressed hard again in the second half and with three minutes left to full time needed only 4 points to win the series. The V.H.S. stood firm and managed however to hold the 3-point series margin for the rest of the game.

The Vermilion girls didn't do themselves justice in the last game as they didn't score a single field goal. They worked long scoring position several times but could not find the basket. Hazel Barr twice intercepted passes and broke clear, missing the lay-up each time. The girls did get six points however by scoring 6 of 7 free shots awarded them on personal fouls against the hard pressing opposition. Doris Schmidt came through wonderfully when the pressure was on by sinking 4 shots on 4 tries. The Vermilion players' ability to sink a free shot accounted for 19 points in the game.

Mr. E. M. Stewart, Mr. M. F. Armitage and Mr. Angus Smith took the team to Lacombe and are thanked for their helpfulness.

High Scorers for the Series

High scorers in the series for Vermilion were Betty Bentley with 19 points, Doris Schmidt 15, Hazel Barr 14, Ann Martin 13. The other players and scorers for Vermilion were Jean Kibblewhite 1, Jean Mackwell, Rhea Ireland 5, Ann Stewart 1, Noreen Douglas 3 Viola Maggs 2.

Dr. James W. Watson to Address Canadian Club

SUNDAY, MARCH 29th AT UNITED CHURCH HALL

Dr., James W. Watson, Chief of the Federal Geographical Bureau in the Dept. of Mines and Resources, will address the Vermilion branch of the Canadian club on Monday evening March 30th at 8:15. The meeting will be held in the United Church hall.

Mr. Watson came to Canada from Scotland in 1915 to join the faculty of McGill university. He has published several articles on geography, politics and urban geography and is a member of a number of scientific societies. His latest distinction is winning the 1951 Governor-General's award for Canadian poetry.

Board of Trade Meets Wednesday Noon Next

The regular Board of Trade luncheon meeting will be held on Wednesday April 1st at 12:10 noon at the Rio cafe. Everybody interested is invited to attend.

NEW MOTEL IS PARTIALLY OPENED

Three suites have now been completed in the new auto-motel, the A. S. motel on the south side. The motel is a credit to any town and a decided acquisition to Vermilion. When completed it will offer suites and rental completely serviced with water, sewer and gas, to the travelling public.

The motel presents a very pleasing appearance and is conveniently located close to the highway but in a quiet part of the town.

QUEEN MARY DIES IN SLEEP

Queen Mary, 85 for more than a month, passed peacefully away in her sleep Tuesday night March 24 at the age of 85 years. Following a state funeral she will be buried beside her husband King George V who died in 1936, and her son King George 6th.

"Little Royal" Report In Next Issue

The 'Little Royal and Achievement Day' held at the Vermilion school of agriculture on Wednesday, as the first step in marking the approach of the end of another school year, seemed to attract more visitors than ever before, parking areas for cars at the school were crowded, rooms in which work was displayed were filled for hours, while the farm mechanics building wherein the Little Royal stock show was held, attracted a crowd estimated at one time to exceed 600 people. The school buildings and town thronged with people all day long. A complete report will appear in next week's Standard.

High Prices At Livestock Auction

Very satisfactory prices were realized at the livestock auction sale at the Vermilion stockyards conducted by the North-Eastern Alberta Livestock Sales Assoc., last Wednesday. Top steers brought 19.25 with an average of the lot of better steers.

There was a very good representation of buyers and farmers at the sale and bidding was brisk. Another sale will be held in April.

Vermilion Man Buys Kitscoty Garage

Cecil Gannon is the new proprietor of Daly's garage at Kitscoty taking over his new garage on Monday of last week.

Annual Ladies' Night At Men's Club

PROVES EXTRA ENJOYABLE EVENT

Wednesday March 18th was the occasion of the annual Ladies' Night at the Men's club of the Vermilion United church.

There was a nice turn-out of men and their ladies and the chefs for the evening Messrs. Bill Anderson, Fred Schaller and Tom Beck did a splendid job of catering.

Masculine "Fun with the Frenchies Fashion" or "63" was the feature of the entertainment which followed the evening meal. Easter hats, of the prewar vintage, were modelled by the men of the club. Imagination and originality were in order. Spring vegetables as well as many household utensils were used to good advantage in the making of the various exhibits. One tall willowy brunette model even had a fried egg fixed up over one eye. A lady wore her husband's creation to the meeting without causing any unusual attention, surely this is a 'record' of some kind because she included a record in its make-up.

Mr. Frank Welsh acted in the capacity of master of ceremonies for the evening and also as fashion expert, making suitable comments as each model appeared.

A sing-song was led by Rev. McKay, Mrs. West and Mr. Fish.

Mr. Frank Walker presented a film dealing with a Trans section of geological and mineral resources of Alberta.

The meeting was closed with the benediction pronounced by Rev. Mc. Kay.

Vermilion Ladies Win Curling Challenge Trophy At Mannville

MANNVILLE:—On Saturday evening two Vermilion rinks, skipped by Mrs. Locke and Mrs. Calvert challenged two Mannville rinks for the Challenge Trophy. The local rinks were piloted by Mrs. Coxford and Mrs. Park. The trophy was won by Vermilion. The Vermilion ladies were entertained by the Mannville rinks at the home of Mrs. Coxford following the games.

Dr. King President Vermilion Golf Club

ANNUAL MEETING HELD ACTIVE SEASON IN PROSPECT: MEMBERSHIP UP

The annual meeting of the Vermilion Golf club was held in the Legion hall on Wednesday evening March 18th with 34 members present.

President Ted Edey presented a report on 1952 operations which showed a total of 146 adult members and 19 juniors. Special mention was made of trophies donated by Ross Banks for junior tournament and by Ken Rowe and Sons for championship play. The chairman complimented the executive for assistance given during the year and made special mention of the service contributed by A. M. Watt and Lorne Pickett.

Financial statements were read for both senior clubs for men and women and the Women's club report showed that considerable sums had been raised through improvements of the club house which is now a valuable asset to the club.

Election of officers resulted in the following slate for 1953:

Hon. Pres.—Mayor Pelchert
Past Pres.—Ted Edey
President Dr. A. B. King
Vice-Pres. Treasurer—Head of the Ladies' club
Secretary—J. R. Robson
Chairman of Grounds — L. H. Pickett
Executive G. F. Stephens, Boden Anderson, Roger Rowe.

The meeting concluded with a showing of the film of 1951 Canadian Open Handicap, Par Excellence, shown through the courtesy of the House of Seagram. Mr. Frank Walker operated the projection machine.

It was decided to hold a social evening during April prior to the opening for 1953.

Dr. A. R. Anderson now has a supply of twine receive available for general use.

Fashion Parade Commences At 2:00 P.M.

VSA Graduation Day Wednesday, April 1st

Closing exercises of the Vermilion school of agriculture for the 1952-53 term will be held Wednesday next, April 1st. The program will commence promptly at 2 p.m. with the holding of the 'Fashion Parade'. In the parade the girls model the articles of clothing which they have made in regular sewing classes during the term. This is quite a popular event. The afternoon program is open to the public.

At 3:00 p.m. the formal graduation exercises commence, with the principal address to the graduates being given by Dr. Andrew Stewart, president of the University of Alberta.

There will be a musical interlude during which Miss Doris Jack, a pupil of Mrs. Elsie Batty of Kitscoty, will entertain with vocal solos. She will be accompanied by Mrs. Batty.

The announcement and presentation of prizes and certificates to winners for distinction in various phases of the school's activities during the year will then take place.

Tiger Defenceman To Join Alberta Highway Patrol

Jim Ferguson, stalwart defenceman of the Vermilion Tigers for the past three seasons, will shortly leave his present position at Owen's Furniture store to join the Alberta Highway Patrol. Jim's duties start's his duties with a five weeks course in Edmonton commencing April 1st. He will then be stationed in Vermilion as headquarters for the territory which he has to cover. This territory is the district from Vegreville to the border, and from Cold Lake to Consuelo. The time for which everyone is thankful - - - well will have Jim and family in Vermilion.

Cows Protect Calves, Fight Off Coyotes

Valiant cows protected a bunch of eight calves which were being attacked by a pack of five coyotes, and fought them off until help arrived. This happened on the farm of A. MacDonald, west of Vermilion. Mr. MacDonald was attracted by the cows bawling and quickly went to the aid of the cattle.

Kinsmen Midgets End Season With 8-0 Win

OVER MARWAYNE - RENFREW TUESDAY NIGHT

The Vermilion Kinsmen Midgets ended the hockey season in fine style Tuesday night by defeating a combined team from Marwayne-Lweberry by a score of 8-0. Incidentally Calvin Hough playing goal for the Midgets scored his 8th shutout in his last five consecutive games. So ring for the locals were Leslie Kunal 2, Ross Barr, Gerald Marshall, George Martin, Marv Little, Doug Brower and Bob Acheson with one each.

This writes finis to the very successful hockey season enjoyed by the Kinsmen Midgets this year, with many thanks to the several Kins men who devoted so much time to coaching and arranging their games

Kitscoty Mixed 'Spiel Won by Ross Steven

SECONDARY GOES TO NEIL MANSON

KITSCOTY - The Kitscoty mixed bonspiel was held last week with 28 rinks entered, including women, men and high school students.

Winners in the first event were:

1. Ross Steven; 2 Glen Hall; 3 Clarence Hall; 4 Lloyd Steven.

Winners in the second event:

1. Neil Manson; 2 Ron Evans; 3 Bill Gilmore; 4 Ron Fenwick.

Mayfair Beauty Salon Opens Under New Management

Mrs. Jim Robson is announcing elsewhere in this issue the opening of Peggy's Beauty Salon in the former Mayfair building just north of the Bank of Commerce She plans to conduct the business per sonally and hopes to offer the services of efficient operators

On the average, Canadian women live longer than Canadian men

Vermilion Tigers Champions Eastern Alberta Hockey League

—SHOWN ABOVE are the Vermilion Tigers who won the championship of the Eastern Alberta Hockey league for the 1952-53 season. Standing in the BACK ROW, left to right are Dr. A. Bev King, President of the Club, Ted Koehli secretary of the club; SEAT in front row, Bob Rowe, Bill Schmidt, Lee Leahy, Dusty Ben Brown, Rod Barr, Gerry Patsula, Johnny St. Martin

Score Three Shut-outs For Perfect Record

V.H.S. Hockey Team Wins Lloydminster Hockey Tourney

The Kinsmen Midgets, strengthened by Stewart Leahy, J. Barr, Richard Acheson, helped to complete a successful week end for V.H.S. by walking off with top honors at the high school tournament at Lloydminster. The tourney took the form of a round robin competition, each team playing three games. Two all-star teams were chosen from the four teams competing to play an exhibition game at night.

Marwayne, by holding the score to 2-0, gave V.H.S. their start on the position. Calvin Hough was called on several times to make spectacular stops and he turned the ball each time. The Lloydminster High school was the first team to lose to the Vermilion boys. V.H.S. played close checking, defensive hockey and took advantage of the breaks to score a 4-0 victory. The last game, Vermilion vs. Lashburn, was Vermilion's game from the opening bell. This game ended 6-0 for V.H.S. and Calvin Hough chalked up his third straight shut-out.

The Lloydminster spectators spoke very highly of the fine sportsmanship shown by the Vermilion boys. V.H.S. played the 3 tournament games without a penalty. In choosing the two all-star teams for the exhibition game at night, the outcome was agreed that every Vermilion player should be included.

The scoring for the day was fairly well distributed with Marv Little netting 3, Stewart Cooper 3, Leo Leahy 1, John Stewart 1, Ed Bonnell 1, Ernie Braitwaite 1, Jack Barr 1, Bob Bentley 1. In the all star game at night, Jack Barr, S. Barr, J. Stewart and R. Acheson played up front.

The Kinsmen would like to thank Russ McKeery for lending a hand with the team and providing transportation, Kinsmen Jack Wright for taking an overload to Lloydminster at 8:30 a.m. and Lorne Metzler for coming to Lloydminster to handle the team for the evening game.

Alliance Youth Fellowship Sponsors Film

The Alliance Youth Fellowship plans great services for Good Friday Highlighting the service to be held in the Alliance chapel at 8 p.m. April 3rd will be the moving picture entitled "The Guest". Special Easter music and singing as well. Everybody invited.

Coyote Control School Held At Vermilion

Last Thursday 34 district farmers gathered at the school of agriculture to learn how cyanide guns are used to get rid coyotes. Instruction was given by John Stevens of the Fish Control Branch of the Provincial Department of Agriculture, Edmonton.

Mr. Stevens stated that coyote getters are supplied free to municipalities for coyote control. The municipality has charge of distribution of these coyote killers. Farmers who wish to protect their sheep, poultry or other stock from coyotes can apply for a supply of the getters.

The instructor explained that the coyotes were killed by a blast of cyanide gas when they touched the bait. As there is danger to livestock and humans if there is carelessness, it is required that all people setting the getters be well instructed in their use.

Any farmer wishing to make use of this method of killing coyotes should apply to E. H. Buckingham, District Agriculturist, Vermilion, or to one of the pest control officers, Mr. Bert Hornick, Kitscoty, is Pest Control Officer for M.D. of Vermilion River, and Gordon Gamble of Mannville is in charge of this program for Minburn M.D.

Water and Sewerage At Mannville Discussed

MANNVILLE—The meeting for the purpose of considering and discussion of the water and sewerage for the local village of Mannville was very well attended on Tuesday evening. Mr. Torrance, Mayor, introduced Mr. McLaggan of the firm of Hadlin, Davis and Brown, consulting engineers. Mr. McLaggan made a further statement on the report submitted by his firm in 1951 and brought the information up to date. At the present time the borrowing power of the village is such that if a test well is drilled and found to supply adequate water for the project, the Board of Public Utilities Commission may proceed on the project. A by-law will be drawn up and voted on by the ratepayers.

Mr Hegge, assistant sanitary inspector of the Department of Health who was also present, spoke on the benefits of a water and sewer system, not only as a convenience but in the interests of the health of the community.

Mr. McLaggan answered many questions asked by the ratepayers and all seemed to get a clear understanding of the situation.

Jim Panter Trails By One Vote in Minburn M. D. Poll

MUNICIPAL ELECTION RESULTS

MANNVILLE—Unofficial results indicate that James Panter polled one less vote than Paul Trypchuk in the Minburn M.D. election held on Monday for Div. 7. Out of 8 polls Trypchuk received 173 votes and Panter 172. The election was for one year to fill the unexpired term of Charles Stewart who resigned due to ill health.

In Div. 2 Robert Johnson, the Reeve, received a vote of 190 to 64 for Lester Emmott, and was thus re-elected for 3 years.

In Div. 3 Wm. Johnson polled 141 votes to 112 for Ernest Anderson. This was for a regular three year term.

These results will not be official until Monday March 30th when Mr. Ralph Wagner, Returning Officer, will officially declare the results of the elections

Tiger Defenceman To Join Alberta Highway Patrol

Jim Ferguson, stalwart defenceman of the Vermilion Tigers for the past three seasons, will shortly leave his present position at Owen's Furniture store to join the Alberta Highway Patrol. Jim's duties start's his duties with a five weeks course in Edmonton commencing April 1st. He will then be stationed in Vermilion as headquarters for the territory which he has to cover. S. R. P. COOPER — PUBLISHER

Vermilion, Alberta, March 28, 1963

Standard Publisher Celebrates 80th Birthday

S. R. P. Cooper, the owner and founder of Vermilion's weekly newspaper, the Standard, observed his 80th birthday on Tuesday March 26th and spent the day in his office as usual.

He founded the Standard in June 1909 and has been at its helm ever since that time. The veteran newspaper man was born at Holland Landing, Ontario, and had his first experience with typesetting work at Collingwood, Ont. He came west to Manitoba in 1897 on a harvesters' excursion train and in the spring of 1898 founded the 'Gazette' at Baldur, Man. This he sold as a going concern some eight years later when he moved to Vermilion. In 1906 he made his first trip to Vermilion and in 1907 moved his family here. In 1909 he founded the Vermilion Standard.

To mark Mr. Cooper's 80th milestone, his five daughters-in-law were hostesses at a family gathering in the evening attended by Mr. and Mrs. S. R. P. Cooper, their five sons and five daughters-in-law, all of whom reside in town, and nine of their 19 grandchildren. There are also four great grandchildren. While all their sons reside in Vermilion, one daughter Mrs. Colls and two grandchildren live in London, England, and a second daughter Mrs. Hobart and one grandchild at Windsor, Ont.

Good Friday Holiday
April 3rd is Good Friday and a Dominion holiday.

Reports Held Over

Reports of the annual V.A.A.A. meeting and of the Board of Trade banquet honoring the hockey team and the Currah rink are being carried over until next issue due to lack of space.

Rabies Bulletin

"Rabies" is the title of a useful bulletin now available from District Agriculturists or from the Extension Service, Alberta Department of Agriculture, Edmonton. Prepared for the Central Rabies Control Committee by Drs. Ballantyne and Baster, it will serve both as a guide to procedure and as a means of alerting citizens to the need for action.

After a brief discussion of prevalence of rabies and its history in Alberta, a general description of the disease and its effects are provided. Incubation periods in man and in various animals are outlined and precautions against infection noted. Symptoms in both wild and domestic animals are clearly described and suggestions provided on what to do with persons exposed, and with suspected animals. Concluding with rules for prevention and control, this bulletin will provide a useful reference for all concerned.

Dr. A. R. Anderson now has a supply of rabies vaccine available for general use.

Wild Life Returning And Appearing

There are now many instances of crows, blackbirds, even a duck and a meadow lark being back in the district. Joe Metz saw a gopher and 2 crows, Frank Schaub noticed crows and a meadow lark on Wednesday afternoon. Dr. Anderson spotted a duck on the highway west of town and when he approached it, it took wing and flew off.

Heavy Snowfall Is Feature of the Past Week's Weather

The first storm of the winter blew in Saturday and gradually died out Sunday leaving about six inches of snow in its wake, but most of this was piled in huge drifts. The temperature remained mild however and not too much difficulty is reported in opening up roads, otherwise the weather has been very pleasant.

The master of a direct telephone connection from Wainwright to Vermilion to Elk Point was left for a report to be brought in by the Ways and Means committee.

Bro. Ashley Cooper read the club calendar and meeting adjourned.

John H. Kelly Elected In Vermilion River

Unofficial returns indicate that John H. Kelly was elected as councillor for Div. 5 to the council of Vermilion River M.D. over Wilbur B. Graham. Election was held last Saturday. Kelly polled 280 and Graham 280 votes.

Complete Red Cross Mixed Bonspiel

Fifteen rinks took part in the Red Cross bonspiel this past week with Darrell Currah winning first and Brent Long taking second in the primary event.

In the secondary N. Cooper was the winner and second went to a rink of students from grade 9.

Ken Brown Member of Juvenile B Champions

Ken Brown is a member of the Vegreville Juveniles who won the Provincial Juvenile B championship. Ken looked after the net minding duties for the Veg boys and did a very good job of it. He has caught the eyes of several National league scouts.

Tiger Hockey Player At Ranger School

ST. MARTIN LAUNCHES EYE ON 4 OUTS

Johnny St. Martin, V.S.A. student who has been playing right wing for the Vermilion Tigers this winter and who, incidentally, was the high scorer for the league, and was judged the Tigers' most valuable player, is in Prince Albert this week attending a hockey school conducted by the New York Rangers. He will thus receive some of the very best coaching available and remain in the sights of the National league scouts.

Jack Coxford President Mannville Curling Club

MANNVILLE—Winners of President vs. Vice-president competition were entertained to a luncheon by the losers on Monday night, March 23rd in the curling rink. This was catered to by the lady curlers.

Following this the annual meeting of the Mannville Curling club was held with the following officers being elected:

President — Jack Coxford
1st Vice-Pres.—K. Scoggins
2nd Vice-Pres.—F. Proudfoot
Sec.-Treas.—M. Malin.
Executive—W. Ross, S. Olsonberg, J. Park and F. Watling.

The main topic of the meeting was the purchasing of matched rocks for the club. This is to be discussed further but there will be between 40 and 50 sets of rocks for sale immediately.

The club had a good year financially and a vote of thanks was extended to the retiring officers.

$100 A MONTH FOR LIFE
FROM AGE 60
THIS IS THE PLAN . . .
Suppose you are not over 50; you make regular payments to the Sun Life of Canada. At age 60 you start receiving $100.00 a month for life; or if you prefer, $17,149.00 in cash. Both amounts can be increased by accumulating annual dividends. If you are over 50, benefits are available at a later date.
FOR YOUR FAMILY
Should you not live to the age of 60, $15,000.00 will be paid to your family on your death.
The Plan covers all amounts of premiums from as little as $3.00 per month, and the cash or pension can in most cases start at age 50, 55, 60 or 65.

By-law 634 concerning leasing of the following T.R. lands given 3 readings and carried: NW 17-54-3 to Wm. McMullen for $25; NE 8-50-3 for $50, W½ 36-54-3 for $60, SE 36-53-3 for $30, NW 36-53-3 for $30, NE 30-53-2 for $30, NW 13-55-3 for $40 all to O. Peterson.

To Prohibit Burning Straw

By-law No. 635 to prohibit the burning of combined straw and/or stubble given two readings.

By-law No. 636 concerning the payment of division of assets in the amount of $15,070.03 to the Village of Marwayne given 3 readings and carried.

Moved by Cr. Lawrence that Crs. Leighton and Clarke and J. A. Currie be appointed to make arrangements for the erection of machine storage huts, also the matter of purchasing property in Blackfoot. Cd.

What does your Label read?

Sixteen Years Ago Today

March 28th, 1947

Steps were taken at a joint meeting of representatives from the school board, Legion and town council with respect to the carrying out of suitable ceremonies on Coronation Day. Other organizations have been asked to appoint representatives on the central committee. Coronation Day has been set for May 12th.

Board of Trade was pressing for the appointment of an additional R.C.M.P. constable at Vermilion on the grounds that the territory was far too large for one man to handle. K. G. Urquhart was elected president of the V.A.A.A. with Ken Creighton vice-president and C. W. Robinson secretary-treasurer. On the executive were Fran Stephens, Ashley Cooper, Albert West, James Peet, Ronald Barrick. Sport day will be May 24th.

An oil well drilling outfit commenced drilling operations on the corner of the J. Isley farm in the Wilmore district, the first activity of its kind in this area.

Board of Trade membership for the past year was already 106, a new record for that organization and the first time the 100-mark has been topped.

Thirty-two Years Ago Today

March 23rd, 1931

The Vermilion Municipal hospital board was comprised of N. McClellan, John J. Hope, J. F. Harvey, C. E. Thompson, John Charcun, A. J. Morrison, E. C. Symes.

Okotoks won the intermediate hockey championship of the province when they defeated the Vermilion Farmers 4-0 in a sudden death game played at the Edmonton south side rink.

The hospital district will re-submit a by-law for $10,000 to meet the deficit on building and equipment at the new hospital

Legion Notes . . .

In spite of the hockey play-offs there were 42 members out for the monthly meeting last Monday. President Martin was in the chair and Tom Wilson acted as secretary in place of E. H. Buckingham who was called to Edmonton on department business.

The initiation ceremony was carried out by President Martin. The following members were presented to him for initiation: T. R. Dafoe, W. F. Mahar, W. R. Walker, J. G. Mullan, Wm. Maystone, Peter Lawrence, Elmer Gower and Mrs. Percy Carruthers.

Quite a number of our members were looked over the bar which is operated by the Vegreville branch, as planned for this branch to apply for a license also but we have

There's nothing like giving folks what they want

PHONE 134 — VERMILION, Alta.

. . . the required 100 paid-up members. Who is holding up the application? Can't we get some new members and also how about some of the old members paying their dues?

The annual Vimy dance is to be held this year on April 9th at the Armories. A banquet for members and ladies will take place at 6:30 p.m. on the same date at the Legion hall. Tickets may be obtained from the secretary or any member of the executive.

Lt. Col. Max Wyse, 1st Vice-President of the Provincial Command has been around Vermilion for several days recently on V.L.A. business. Max attended the Ladies' Auxiliary meeting and presented Mrs. Chas. Hechbert a past president badge and also a life membership badge to Mrs. J. Hall. The actual life membership was given to Mrs. Cavil some years ago.

Annual Bull Sale At Lloydminster

The 34th annual Lloydminster Bull Sale will be held on Tuesday, May 19th this year.

Cattlemen wishing to enter cattle in this sale should contact George K. Ross, Exhibition Manager, Lloydminster, for information and entry forms.

Entries close April 15th in order to publish the catalog for distribution before the sale. 37 9

Greenlawn Grapevine

Nope, the Grapevine hasn't quite withered away, though it has been much neglected in recent months. However, Greenlawn activities are as numerous as ever, it seems. Hope you'll forgive if details on the following notes aren't quite as complete as they should be. We'll try to have more efficient reporting within the next few weeks.

Greenlawn Local of the F.U.A. has had a busy month. At the usual monthly meeting the chief business of the evening was a panel discussion re the question 'Should the F.U.A. amalgamate with the A.F.A.?' (Alberta Federation of Agriculture). Three locals participated with Hardold Craigs representing Iron Hwy Local. Andrew Wood for River ton and Cecil Grant for Greenlawn. Greenlawn President Bob Gray acted as moderator. There was a period of enthusiastic audience participation, and the question was thoroughly debated. Decision of the panel was two to one against such amalgamation.

Greenlawn Local of the F.U.A. has entered the arena against Riverview local. The resolution: 'Be it resolved that the four western provinces send: from the east and west up a central western government.' The debaters for Greenlawn, Bob Gray and Jim Magill, the chairman and for Riverton Andrew Wood and Clif Hamilton. The decision — we're the chairman. The judges were three charming young ladies from Dewberry teaching staff (past and present) Miss Purves, Miss Seward and Mrs. H. Wolesaide.

Well you haven't heard this table debated recently you'll be surprised at the new and super-modern arguments discussed in. Some were informative, may we add. They ranged all the way from radar navigation of the Hudson's Bay, through B.A., T.O. to the controversy of Saskatchewan Sam vs. Mr. Lawrence of Sesways. Guess we have to admit the best side won, shucks!

Mrs. Gray acted as hostess to the strictly intellectual. Greenlawn decided the F.U.A. should attend to the lighter things of life, fun and money. A highly successful Talent night was staged with a well stretching crowd in attendance — sorry we didn't get committee details, but it was a huge success, we need more le said? The boys' band entertained during the intermission and a then orchestra provided music for the dancing. From those in charge, a sincere thank you for all who contributed.

Greenlawn Goodwill club will hold their annual bazaar Friday March 27th. We hear there's a quilt to be raffled and whist will be enjoyed. This we hope to attend and perhaps we'll be able to give a more complete report in the next Grapevine.

Just cribbed a cute verse from the radio — want to hear? O.K.

I love small towns and villages,
In this I am sincere —
You may not see so very much,
But Boy, the things you hear!

All for this time folks.

Wildmere W. I. Notes

The W.I. met at the home of Mrs. Wm. Sivele with 13 members present. Meeting opened with O Canada and repeating the Creed. Roll call was answered by exchange of garden seeds.

The members were very pleased to extend a hearty welcome to our new W.I. group Tyrrell Lane north of Vermilion.

Dues for the A.C.W.W. were handed in, also the back dues of Nores milk fund.

Miss Greavers reported one quilt basket for a sick member. $5 was donated to the girls' club travel fund.

Mrs. Wallington is the delegate for the conference in May to be held at Edmonton.

Our project for next month is to bring from each member a food relief. Topic was by Mrs. W. J. Garnett, "Duties of a W. I. member". Also the report sent out by C.A.C. on nylon hose — what we should know. Dealer, wages paid, proper sizes and lengths when buying same. She also read the "letter on Street Lake" that appeared in last week's Standard. All were very interesting.

Monday Jamp Up was won by Mrs. Wallington.

Our project for March was used clothing which was handed in. Our next meeting will be held at the home of Mrs. Fred Haines on April 1st. Roll call, Spring Poem. Topic by Mrs. F. Gibson. Social by Mrs. R. Dibben. Meeting closed by the singing of God Save the Queen. The hostess then served a tasty lunch.

On the average, Canadian women live longer than Canadian men.

Comfort in the Cab

and dollars in the bank

Chevrolet Trucks are first because they're finest—feature for feature—in performance, economy and just plain value for your money. Take a look at the cab for example. It's "Driver-Conditioned", seats 3 big men with ease. Full width seat cushions, easy access doors and placing all controls in easy handling range pr vide unusual driver comfort and convenience. Impressive? Sure it is. But the cab is just one of many Chevrolet "Advance-Design" features that add up to one BIG advantage — Chevrolet trucks are the world's leading money makers on any hauling job. What more proof could you ask than the fact that truck operators, recognizing this, buy more Chevrolet trucks than any other make. Why not see your Chevrolet dealer today?

Chevrolet Driver-Conditioned Cabs

FLEXI-MOUNTINGS — Husky rubber cushions cut effects of shock vibration and keep cowl free to increase truck life, add extra driver comfort under the toughest conditions.

SEAT SPRINGS — Seats have Double-Deck springs, cushions, and upholstery of extra cotton topper pad, hard-wearing leatherette cover that looks better, lasts longer.

VENTIPANES — Draft-free or forced ventilation just by adjusting ventipanes to desired angle.

BATTLESHIP CONSTRUCTION — For driver safety, this cab is a single, all-welded, double-walled steel unit that gives maximum protection for all occupants.

ALLIGATOR JAW COUNTER-BALANCED HOOD — Easy access to the engine and good visibility come through the alligator jaw hood that stays open easily without a prop.

ADJUSTABLE SEAT — Properly control permits easy adjustment. Seat moves full 10½" forward, back tilts, seat cushion for proper eye-level vision and shoulder support.

The Northern Hardware

Company, Limited — Vermilion

By The District Agriculturist

"GREEN ACRES"

Sow Good Seed

Mr. Pharis, Supervisor of Crop Improvement for Alberta, says that farmers could increase yields and improve the grade by using pure seed of the right variety in this district. A few bushels of registered seed will give enough surplus to seed all your land next year. All elevator agents are taking orders for registered seed.

Grow Raspberries

Every farm garden and town lot as well should have enough raspberry plants to supply the home with fresh and preserved raspberries. Every seed catalog lists roots for sale. "Chief" seems to be the hardiest variety for this district.

Stop the Lumps

Anyone would be hopping mad to get to the elevator and find that there was a hole in the bottom of the truck where the grain had run out all the way to town. These day other ways into the farm. Lumps in oats 1, by failing to treat seed: 2, by burning stubble: 3, by neglecting to spray for weeds: 4, by using poor seed, etc., etc.

Seed Plant Meeting

All shareholders of the Vermilion Seed plant are urged to attend the annual meeting to be held on Monday, day March 28th in the Legion hall, Vermilion.

Pest-Seeding for Wild Oats

In some parts of Alberta farmers are seeding grain crops slightly deeper than usual. The wild oats in the top 3 inches of soil will germinate and can be killed out by use of a rod weeder or wire weeder. This plan works well where a crop of wild oats is killed out before the grain is seeded. The two cultivations, one before seeding and one after seeding gets most of the wild oats.

Bull Loan Associations

Three more groups have organized to get pure bred bulls on loan. I am advised that a few more bulls are still available under this plan.

Last week seven farmers bought bulls under the policy whereby a discount of 15% is allowed. The best bulls are being picked up so anyone needing a pure bred bull should see about it now.

Vermilion Turkey Club

We are about ready to close the lists for joining the Turkey club. Each boy or girl gets 10 turkey poults and raises them under instruction. 32 club members sold 240 dressed turkeys by auction sale last fall. All boys and girls between 12 and 20 will be welcome.

Break Heifers to Lead

We have thrown out a lot of milk in recent years because of its strong stink weed flavor. Now some packing plants have reported beef that was unsalable from the same reason. It appears that pasture containing stink weed is the cause of the bad flavor. The only remedy is to take the stock off pasture for a considerable time before shipping them.

NEWS from ISLAY

Congratulations to Mr. and Mrs. Lloyd Gould on the birth of a son, Kenneth Lloyd, in the Islay hospital on Sunday. Both doing well.

John Naire is really busy these days, putting the plumbing in his new house.

The play "The Unlighted Cross" presented by the Islay United Young People of the United church was excellent and very much enjoyed. Proceeds of $50 were realized which will be used for the purchase of new curtains for the stage.

Mrs. Ernest Hinds is very pleased to play to a full house and appreciated their pleasure. We of the W.A. are very thankful that there were so many people attended. We hope the attendance this coming Friday will be as good when Dewberry players bring their play "Jimmie Be Careful".

Some of the Kenilworth folk surprised the newlyweds Mr. and Mrs. Jack Knowles on Tuesday to an old time charivari (Shiver-ee-ee said Charlie.)

Kenny Gunn had the misfortune to be thrown from his horse, striking his head on the hard frozen ground causing a slight concussion. The horse became frightened when a flock of partridges or prairie chickens flew up.

Ralph and Mr. Anderson are still doing their own housekeeping — they are looking well on it.

Mrs. Norman Lambert of Edmonton spent the past week end visiting her parents Mr. and Mrs. Jack McNeely.

The monthly meeting of the United church W.A. is Thursday, April 2nd at Mrs. Bill McLean's. Mrs. Flossie Adey leads the devotional period. Plans will be made for the April tea for the 16th. We expect no auction some handiwork at the tea.

DEWBERRY

Win Braithwaite, manager of the Dewberry co-op store attended the one-day meeting of Co-ops in Edmonton last week.

Mrs. Harold Craige is taking donations to the Alberta Red Cross and people making donations may obtain an official receipt from her.

The blizzard of Saturday and Sunday filled in many of the east-west roads. Snow plows will soon have all the roads open again however in this area.

John Finlay has returned from a 7000 mile motor trip. He took a tour through the Western States and also visited a number of places in the U.S.

Dewberry won over Maidstone in a hard-fought hockey encounter by 4-3 score. The Dewberry team made the trip to Maidstone the same night and won 5-1.

It was nice to see such a variety of talent at the Greenlawn talent night. Teachers and parents alike are to be commended for preparing the children interested in the dramatic field.

Adolph Butz and Allan Bensmiller have been very busy lately logging. They now have stock piled enough logs for several thousand feet of lumber. The logs are to be sawed on Allan's farm.

(Editor's Note—Gus Carnier's age is 30, not 70 as appeared in last week's Standard).

Russell Lert and Alvin Iert are on the gravel haul west of Clarkes mill. They are helping to stockpile gravel for highway 41. Russell recently had his sprocketwheel and forks trucking easier than his previous farm work on his bread hooker.

Jack Machon was a week end visitor to Edmonton. While there he attended the Oil Kings hockey game.

Beverly Porter is recovering from a broken arm which she suffered when she fell out of a wagon box.

Mr. Parker, Mrs. D. Maddock and John Anderson journeyed to the Alcurve school last week to form a new F.U.A. local there. The farmers attending showed great interest in the organization.

A Company L. E. H.

'A' Company will parade Thurs day evening at 2000 hrs. All army personnel are requested to be in attendance. Dress: Battle dress, beret, boots and puttees. 26-7

Girl Guide and Brownie CORNER

Can anyone explain why Monday afternoons are so much shorter than the rest of the afternoons? We just never have time at Brownie meetings for all the things we'd like to do!

Right now our most serious thought is for our "Coronation Tribute". Our beloved Queen has asked that we mark the occasion of her coronation by thinking of shut-ins less fortunate than ourselves, and generally making our little world brighter and more cheerful. You should just pop in at our meetings during patrol-corner buzz sessions! We're all working hard to be worthy of our smart little coronation badges which are worn by "Tribute Makers", who by their service to others can help to "prepare our lands that they may be fair for the Coronation of our sister Guide, the Queen".

This Monday Brown Owl showed us the big photo she brought back from Edmonton of the annual conference of the Alberta Council of Guides. We found Mrs. Manyluk, our Guide Captain in it, and Mrs. Candler, our retiring provincial commissioner, you will perhaps remember that she came to live here, and she asked to be remembered to Vermilion folk. We saw in the picture the Hon. Mr. J. J. Bowlen, the Lieutenant-Governor of our province and Mrs. Bowlen, and Mrs. Hawrelak, our honorary president. Mayor Hawrelak of Edmonton and Mrs. Hawrelak, Mr. Halliday (our Boy Scout Commissioner and many more interesting people were there. Perhaps our biggest thrill was seeing the Guide who wore the Gold Cord award, and who had three rows of badges on her sleeve, right from her cuff to her shoulder! There must have been 250 people there, all working for Guides and Brownies, and we understood that many were ladies of Local Associations.

That photo was really an eye opener to us because we hadn't realized what a big effective family we belonged to. As Mr. Candler said, "We are not just another club, but are essentially a way of living". 44 years ago Guides and Brownies joined in Baden Powell's game of life, and last year there were 87,780 of us in Canada, all striving to play the game as it should be played. Is isn't any easy game for little girls but we get wonderful help from our homes and so many kind folk in Vermilion and we hope that some day they'll be proud of us, as we take our places as responsible citizens. Thank you for reading about us and watch for Guide notes next week.

Evangelist To Speak In Legion Hall Here

THURSDAY, APRIL 2nd

Rev. James T. Cunningham, formerly of Edmonton and now of Minneapolis, missionary evangelist, who has just recently returned from a five year term in the Dominican Republic, West Indies, will speak at the Legion hall on Thursay, April 2nd in Vermilion at 8 p.m.

Mr. Cunningham has, for the past two years, directed the work of the West Indies Mission on the island of Santo Domingo. Speaking Spanish fluently he has conducted several evangelistic campaigns in the Dominican Republic.

Prior to leaving this country Mr. Cunningham was well known in his association with Rev. J. D. Carlson on Sunrise Gospel Hour. Even at that time he was a popular youth speaker in Western Canada.

Before entering the Gospel ministry twelve years ago, Cunningham was an outstanding hockey player, playing on semi-pro hockey teams in the vicinity of Edmonton. He has two missionary brothers now recently released by the Reds in China, the other now ministering in the jungles of Brazil.

Mr. Cunningam will have with him Billy Graham's film "Hour of Decision", which will feature along with Dr. Graham, Cindy Walker, Cliff Barrows, Beverly Sims, stars of the famous Christian western "Mr. Texas" Russ Reid, associate pastor of Beulah tabernacle, will be introducing Mr. Cunningham, as well as bringing along other special music from Beulah tabernacle.

STAGETTES

It's old news that Vivian and Lena went east in anticipation of driving a new car back and the headline is now that they are back, having arrived Monday evening in the bus (chuckle). What happened? Well when two kids like those two take a notion to travel together anything — yes, of course — the snow — it was a terrible storm. Why no one could possibly Chevrol 'et car out of those banks! We realize it was neither the fault of car nor driver but I sure wish I knew what they are leaving out of their story. Nevertheless, it is good to have them back at the clubroom. You've no idea how quiet it was without them.

Now that we have a new check room, around the corner, second door to your left, we have set the rule that no one, including Stagettes, with the exception of the two working, will be allowed in. This is an effort to keep the hangers and tags in order, lessen the confusion, and speed up service. Every coat in the check room will go through the hands of the checkers. Another thing that would help would be the co-operation of public in returning the tag given when the coat is checked in.

We have the Keen Men spoken for, the date set, and the hall (you should see that hall now) booked for our last dance of this Stagette year, the Cotton Ball. Be sure to keep May 5th open and buy your tickets beforehand from any of the girls.

The National Association of Stagette clubs has taken a definite interest in the European Flood Relief and consequently all the clubs will forward their donations to National who will in turn forward same in a lump sum to the proper authorities.

April 9th will find us in aprons once more, up to our ears in sandwich filling, carrying with the request that the club take over the lunch room at the Vimy dance in the armories on that date.

For you girls anxious to take a turn in the bread new check room, here you are: Saturday, March 28, Betty and Joan; Saturday, April 4, Evelyn and Lil.

Next meeting April 7th see you all then.

P.S.: Bring your nearest Stagette neighbor with you and let's see if we can't get a full attendance this time. 100 per cent!

Bevtell Bulletin

At time of writing on March 23rd it is snowing and blowing and all our roads are blocked. Guess that is the last kick of old man winter.

Mr. and Mrs. D. Harrison were recent guests for dinner at the Walker home

Bonnie Maggs has spent some time in the hospital but at time of writing is much improved.

Maybelle and Mrs. Knutson are, we hear, enjoying their visit at the mast.

Granny Robinson visited here on Sunday at the home of her son and family Mr. and Mrs. F. Robinson.

Les Sherwood shot a coyote recently while he was driving to town. One less of the predators.

Mr. and Mrs. R. Repp were Sunday visitors at Hazeldine. Mr. and Mrs. C. Hudson have two weeks furlough on their holiday.

On the sick list in this district are Mrs. Walker, Mrs. Millar and Mrs. Dedelly.

Some seven tables of cards were played at the ball on Friday with prizes going to Mrs. Gow, Mrs. Williams and Dorothy Gow, for the gents Jack Morrison, H. Semeniuk and Mr. Gow.

The last Busy Bee meeting was held at the home of Mrs. Millar with 17 present and one visitor, Mrs. Gagnon. The day of the meeting has been changed to the third Wednesday of each month. The quilt was completed and sent off to Korea. It is hoped to have our Display Home Economist Miss Shirley Holma who writes for the Standard each week, give a demonstration on home decorating in April. The next meeting will be held at Mrs. Gow's

Three blackbirds are here at the writer's barn and have been for the past two weeks.

We hear that Rose is planting strawberries out at Vanscover

Visitors at the home of the writer recently were Mr. and Mrs. McFarland, Bob and Tom, Mrs. Cummings and Pat, Mr. and Mrs. Walker, Mr. and Mrs. B. Hobbis, Mr. and Mrs. R. Repp and Allan Coutts. Come again folks.

Will Visit Factories Of Machinery Co.

MANNVILLE. — Mr. and Mrs. Bill Fisher were visiting with relatives and friends in the Mannville district over the week end. Bill is with Ferguson Supplies and that company is sending him on a trip to the various factories at Chicago, Minneapolis and other points to inspect new machinery. Mr. and Mrs. Fisher left Edmonton by plane on Tuesday night for Chicago.

Public Notice

By the Board of Trustees of The WAINWRIGHT SCHOOL DIVISION No. 32, of the Province of Alberta

WHEREAS it is deemed expedient by the Board of Trustees of the Wainwright School Division No. 32, of the Province of Alberta, that the sum of One hundred and sixty-eight thousand, seven hundred and fifty dollars should be borrowed on the security of the said Division by the issue of Debentures repayable to the bearer in 20 equal consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely

WAINWRIGHT: 6 room school with playroom.

EDGERTON: 2 room addition, water, sewage and playroom.

HISTONE: 2 room school, water, sewage, and playroom.

THEREFORE, notice is hereby given by the Board of the said School Division that, unless a poll of the proprietary electors of the said School Division for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

H. G. FOLKINS, (Chairman).

Dated at Wainwright
this 17th day of March, 1953.

DEMAND FOR PROPRIETARY ELECTORS TO A SCHOOL DIVISION

A poll may be demanded in a School Division by a demand signed by five proprietary electors of such or of at least twenty per cent of the districts in the division.

Every demand for a poll must be delivered to the Secretary of the Division or District, or in his absence to the Chairman of the Board of Trustees, within Fifteen days after the date of posting of the last publication in a newspaper of the notice.

A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton.

"Proprietary elector" means an elector, who is liable to assessment and taxation for school purposes in respect of any property situate in a School Division 27-2c

Clandonald News

First Shower of Winter

Winter staged a real comeback on Sunday and Monday. This was the first storm of any account which this district has experienced since the really big one two years ago almost the same time. Sweeping no for vehicles encountering difficulties in navigating the highway and on town brings to mind the at times not so happy days of former years, before the advent of the high roads and snowplows.

Mr. John McMorrow has for many years in charge of the post office has been a patient in the Vermilion hospital for the past two months. However on Saturday last he was remarkably cheerful and had high praise for the care which he was receiving.

The moving picture show sponsored by the local branch of the F.U.A. held during the second week of March in the Orange hall turned out to be quite a success judging by the numbers present and the favorable comments. It is hoped to have one of these shows at some future time. Denis McCormack, secretary of the local acted as the chairman and during the course of the evening's program called on president Tom Wray and members in some length on plans and accom-

OBITUARY

DAVID SCOTT GRAM

David Scott Gram of Marwayne, formerly of the Islay district, passed away on March 4th at the age of 64 years. He leaves to mourn his loss his loving wife, one daughter Mrs. Robert Shattuck of Williams Lake, two sons Ernest of Willista at home, three brothers, Jack at Dawson Creek, B.C., Alex at Fort Saskatchewan, Cecil in Edmonton, and one sister Mrs. P. Forbes in Vancouver. There is one grandchild.

Funeral services were held at the Islay United church on Saturday March 7th and interment was at the Islay cemetery. The Rev. Sneddon of Marwayne officiated.

Beautiful floral tributes were received from:

Mixed Bonspiel Is Completed at Mannville

MANNVILLE. — The mixed bonspiel was finally completed last Thursday night with the following results: Grand Challenge — R. Bodard, 2. L. Kreller; Merchants— 1. L. Mass, 2. R. Bodard; the third consolation was won by J. Brownell and F. Proudfoot was second. Approximately there were six-enders in the various games. Mannville lost one game by getting a six-ender when the Ukes were home — and came home almost lost another game by having a six-ender scored on him by R. Hay. Len won the game and Roy can still boast of that six ender.

ETHELWYN NEWS

Prior to the snow fall of the 15th and 16th of March 22nd most roads were bare of snow and main roads were practically dry with a few mushy spots on side roads. The children driving to school had to discard their cutters and overshoes for the first time before and take to horseback riding.

The February W.A. meeting was held at Mrs. Goddard's home. Miss Holme gave a very interesting lesson on pattern adjustment. The March meeting was at Mrs. Fenstra's, while the April meeting will be at the home of Mrs. Jaremco. Reid will compose a piece of poetry of the three ladies. Who knows but that we may discover a budding poet!

Congratulations to the following on the birth of daughters — Mr. and Mrs. John Nelson; Mr. and Mrs. H. Fenstra. Mr. and Mrs. J. M. Foy; Mr. and Mrs. J. C. Tincinuk; and to Mr. and Mrs. J. C. Foy—congrats on the birth of a son.

Sincere sympathy is extended to Mrs. Johnson and family in their sad bereavement of the loss of a loving husband and father. Sympathy also goes out to Mrs. Spencer and family.

King and Telford Construction Co. of Edmonton are operating a rock crushing outfit on the farm of Mr. Ted Ebbrington.

OUR COMPLETE SHORT STORY —

Darkness Makes A Difference

Girls Wanted To Marry Trappers Prefer To Talk But.

By ANNETTE VICTORIN

BERTRAM MARTIN stopped the car before Myra Wulford's house and sat behind the wheel a minute trying to collect his thoughts. Why had he come when he'd been telling himself all week he wouldn't? Myra just wasn't in his world and could never be. She was like a star that kept dancing just out that you couldn't reach no matter how far you stretched.

He got out of the car, slammed the door and slipped the flower box under his arm. Orchids for Myra! She probably had bushels of them down in the jungles where she fought the elements, stalked wild animals, and collected all her material for publishing a book. Everyone knew Myra and how brave she was. Her funs and charm had thrilled two continents. But her last jaunt to the jungle had banished all hope for Bertram.

In spite of his six foot and-two-inch shoulders, Bertram did not relish the idea of hunting lions or tigers. He wanted a woman that would cling to him, not lead him into the dens of wild beasts. Like all men, he secretly hoped to protect the woman of his dreams, but how could he ever protect Myra from anything at all when she faced the kings of beasts without flinching? All her colored movies proved this.

He rang the bell. A servant opened the door and Bertram walked into popping music and laughter.

"Bertram," Myra came to him at once. She looked like a dream in a pink and white and green and lemon. "I've got so much to tell you." Bertram took to her hand. She led him into the garden and they stood beside a limpid pool just looking at each other.

"You look lovely!" he told her after a minute her eyes shone with appreciation and a happiness that encouraged him "to add, "I've got something very important I want to tell you." Somehow, when they stood so close together in the garden, she was just Myra, a lovely girl he wanted to marry.

"Yes, Bertram?" Her voice sounded like the wind breaking through the trees.

He still clung to her hand. When Myra looked at him like that he wanted to hold her in his arms. She looked so fragile and womanly. He forgot all about the jungles she'd tamed in and about the lions and tigers she'd bagged. For a dazed moment he pictured her wrapped in a crisp white apron, stirring some dough for an angel food cake.

He handed her the box. She untied the ribbon and lifted the orchid.

"Why, Bertram, it's beautiful!"

Bertram helped her arrange it a little above her heart. Then he stepped back to take in the effect. Then he saw made him say, "you know how I feel about you. I want you."

There were steps coming toward them and a group of people chorused: "There you are, Myra. Everyone is waiting for you." They pulled her into the house, the table was turning-ing with food. Bertram looked at the flickering candles and listened to the sparkling conversation but he still couldn't think of was Myra.

"Speech!" someone commanded. Myra started out by thanking them for coming out to welcome her back. "I'm sorry time is to be afraid," Myra explained "You just raise your gun and hit your mark, or else."

Everyone listened entranced. Everyone except Bertram. One of the guests exclaimed: "You're wonderful, Myra! I wonder how many men would dare face such danger."

Bertram wondered, too. All he wanted now, was to get away. But when the party started to break up, Myra said, "Please, Bertram. I want to hear what you planned to tell me . . ."

When the guests had gone and Myra sat relaxed, Bertram felt that old way about her again. She seemed so little and fragile. The rain was playing softly. Suddenly, Myra said: "I'll run into the kitchen and fix you a nice drink . . ."

She was gone only a few minutes when Bertram heard a terrified scream. He ran into the kitchen but she wasn't there. The door to the basement was open and he could hear her moving about. He ran down.

"What happened?" he cried Myra looked white and frightened. He caught her hands.

"This is so silly," she explained, showing him a couple of insects she'd come down to get for the drinks, "but when I reached into the basket, something funny flew into my face and I thought it would run down my back. Just a little mouse . . . but I was so scared."

Scared! The word was like a caress to Bertram. A hope and a promise. It reminded him of all the things he'd wanted to say to her for so long.

And he began to say them as they walked back into the living room. Myra looked radiant and was so attentive.

What she never did tell Bertram was that the mouse was really a chipmunk and that the chipmunk was really one of her pets.

Alberta To Add To Forest Towers

EDMONTON, Alta. — Lands and Forests Minister Ivan Casey planned to establish seven more forest ranger lookout towers in Alberta which would operate in the dual role of fire control towers and civil defense listening posts.

He said when the new towers were completed this year the province would have a network of 20 lookout posts in the north and mostly in the eastern face of the Rocky Mountains.

He said cost of building the towers would take a large slice of the $1,000 000 budget for forest protection during the coming year. Ten per cent of building the steel towers and the department also has to build roads in to the isolated towers and living quarters for the rangers.

When Albert Zeuner's geiger counter led him to a rich deposit of pitchblende in Lake Athabaskan region in Saskatchewan the one mark that contains vital uranium fuel for atomic energy—it set off the biggest uranium rush in Canadian mining. Since last June when boom was touched off, optimism has been running high in Uranium City, the self-styled capital of Saskatchewan, and little wonder. For miles around the snow-covered hills and forests are alive with prospectors like Angus MacDonell, (right), of Montreal, staking claims, which have recorded the 4,000 mark so far. And with staking promoters and companies offering as much as $1,000 a claim for claims that is well located, the staking rush seems almost assured. Mr. Zeuner, seen with Dr. R. G. Sheeks, (right), who is examining a sample of pitchblende ore, realized $300,000 from discovery. He also had the satisfaction of knowing that it was his strike that started the uranium rush.—Central Press Canadian.

STOPS NEURITIC MELANCHOLY PAIN! ASPIRIN

Proper Care, Management Necessary To Make Baby Chicks Profitable

Poultry producers were warned by F. E. Payne, the Saskatchewan Department of Agriculture poultry commissioner, that proper care and management of their baby chicks will have a direct bearing on the profits they can expect from the flock this fall.

Mr. Payne added that once the chick is hatched only the best results are to be expected from brooding and marketing production but mismanagement will prevent the chick from reaching top production and maturity. He said that the first six weeks of the chick's life is the most critical stage and that during this time the requirements for heat, feed, sanitation and housing are vital.

Mr. Payne advised poultry producers to have brooder house equipment ready for the chicks at least three days before their arrival and that the brooder house should be moved to a well-drained place of land. The surrounding land, he said, could be sown to cereal grain to reduce the disease hazard and provide green feed once the chicks are allowed outside.

Mr. Payne also emphasized that the interior of brooder houses should be thoroughly scrubbed and disinfected with a lye-water solution of one can or 10 to 12 gallons of water. The heating equipment of the brooder house prior to the arrival of the baby chicks should be tested for condition, and the brooder house should be heated several days prior to their arrival. Mr. Payne suggested a good covering of straw or shavings should be placed on the floor.

The poultry commissioner stated that at least half a square foot of space should be provided for each chick and that chicks should be fed a good commercial chick starter and fresh water. Producers were also advised to provide for roosts at an early age and allow the chicks outside in a yard when weather permits.

When the birds are eight weeks old, if weather permits, they should be moved to range. Separate the pullets and cockerels, using the brooder house for one group and a range shelter for the other. One acre of good quality range should be provided for each 600 birds.

Mr. Payne pointed out that during the growing period a growing mash should be fed to the birds in range feeders and supplemented by whole grain feeding. Mr. Payne reminded producers that bulletins on brooder houses, feeding, equipment and other information are available from the Poultry Division, Animal Industry Branch, Saskatchewan Department of Agriculture, Regina

LETHBRIDGE MAYOR EATS 40 PANCAKES IN CONTEST

LETHBRIDGE, Alta — Mayor Harry Hays of Medicine Hat entered a pancake-eating contest here and finished in a tie with Bob Kitson of Lethbridge for top honors. Each ate 40 pancakes

The world has enough iron ore reserves to make about 84 billion net tons of metallic iron, or enough to last about 825 years at the 1952 rate of consumption

Says Manitoba Nickel Find Rivals Sudbury

WINNIPEG.—A nickel discovery in Northern Manitoba described as rivalling that at Sudbury, Ont., was reported in the Manitoba Legislature by F. L. Jobin (LP—The Pas).

Mr. Jobin predicted that International Nickel Company, which is pioneering the field, will ask the Manitoba Government within two years to develop a source of power in the area or give the company the right to do so.

Mr. Jobin said the discovery is at Mystery Lake, 420 miles north of Winnipeg in wild bush country.

Original claims were reported to have been staked in June, 1949.

More than International Nickel is reported to have staked 450 claims extending from the south end of Opegan Lake to the north end of Mystery Lake a 35-mile strip in the shape of a great potato. It is about 30 miles through the centre.

Between nine and 11 drilling rigs are reported drilling through lake ice to test the underlying deposits. They had reached a depth of 200 feet recently and were expected to go to 1,100 feet. The crews will move back to the shoreline with spring breakup.

Mystery Lake got its name following the discovery of the bodies of two men on the shore about 12 years ago

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because your false teeth drop, slip or wobble at inopportune moments. Just sprinkle some FASTEETH on your plate or upper or lower. Then put your plates in position. Bite down gently. That's all there is to it. FASTEETH holds by an amazing action.

Another MAGIC "sure-fire" Success

JAN UPSIDE-DOWN SHORTCAKES

Combine 1 tbs. soft butter, ¼ c. thick jam, 1 tbs. lemon juice and if desired, ½ c. broken nutmeats and divide between 6 greased individual baking dishes. Mix and sift twice, then sift into a bowl 1½ c. once-sifted pastry flour or 1 c. once-sifted bread flour, 3 tsps. Magic Baking Powder, ½ tsp. salt, ¼ tsp grated nutmeg and ¼ c. fine granulated sugar. Cut in finely 3 tbs. chilled shortening. Combine 1 well-beaten egg, ½ c. milk and ½ tsp. vanilla. Make a well in dry ingredients and add liquids; mix lightly. Two-thirds fill prepared dishes with batter. Bake in a moderately hot oven, 375°, about 20 minutes. Turn out and serve hot with sauce or cream. Yield—6 servings

Mayor and Councillors Are Sworn Into Office

The regular and statutory meeting of the town council was held on March 2nd.

Mayor R. C. Heckbert having been elected by acclamation was sworn in as Mayor of the Town of Vermilion for the succeeding two years.

Crs. J. Reid and K. G. Urquhart having been elected by acclamation were sworn in as Councillors of the Town of Vermilion for the succeeding three years.

Mayor R. C. Heckbert then took the chair and called the meeting to order for the purpose of attending to the business of the regular council meeting.

Present: Mayor R. C. Heckbert, Crs. Payne, Reid, Urquhart, Sutherland, Mitchell, Webb.

Correspondence: The Catholic Women's League re tag day: Wm. Spear Hamilton, Anderson and Co. re auditors' report: R.C.M.P. re January and February monthly reports: Mr. J. Toner re exchange of lots: Mr. W. Feldgrew re exchange of lots.

The auditors' report was read by the mayor and after some discussion was approved and ordered filed.

The following motions carried:

That Catholic Women's League be granted permission to hold a tag day on March 14 to raise funds for the church construction.

That the sales agreement as entered into by J. Toner on May 7, 1952, be changed from Lot 18, Blk. 31, Plan 2338, to Lot 15, Blk. 23, Plan 6347 and that the consideration of $100 be deemed as payment in full for the lot.

That application of D. Brown to purchase Lot 17, Blk. 26, Plan 6347 be approved subject to usual sales agreement.

That Cr. Urquhart be deputy mayor for months of March and April.

That the Secretary be instructed to engage the firm of Haddin, Davis and Brown to prepare detailed plans and specifications and call for the tenders and proceed with plans for the extension of the water and sewer system. Cr. Payne recorded his vote against the motion.

That by-law No. 3-53 to extend the waterworks system be given 1st reading.

That by-law No. 4-53 to extend the sewer system be given 1st reading.

That by-law No. 6-53 the Library Management By-law be given 2nd, 3rd and final reading.

That the executive secretary be paid at the rate of time and a half on house in-spections when engaged as building inspector on his own time.

That negotiations be opened with A. A. Moses in respect to possibility of purchasing land from him that borders highway 16 and 11.

That Court of Revision be held on March 16th, court to be composed of deputy mayor Urquhart and Crs. Payne, Reid, Webb, Sutherland.

Steps be taken to provide a private office for executive secretary, according to plans presented.

That W. H. Boulton be appointed as planning inspector for the town of Vermilion.

The Town monthly financial statement was read and approved.

The school requisition and financial statement was presented to the council and discussed. It was decided to hold a special meeting on Wednesday, March 4th to discuss the budget.

Canadians eat more pork than beef, 67.2 lbs. of pork per capita in 1951 as compared to 44.1 lbs. of beef per capita.

IS YOUR SUB. PAID UP?

By Shirley Holms, Wainwright, Alberta

News Notes From Your District Home Economist

Don't Fall for Food Fads

Here is a list of some common fads and fancies often taught by faddists which are most harmful. Following each, are some of the reasons why they are untrue —

1. No milk needed after first teeth are erupted. You can get your calcium and vitamins from milk. — Every age group needs milk daily throughout life. The nutrients of milk are not duplicated by pills. It is our most valuable food for health, beauty and longevity.

2. Use small amounts of Yogart instead of other forms of milk — One pint of milk daily in any form desired: ice cream, cheese, butter, milk, custards milk, cottage cheese and other milk dishes are all very easily digested and are much cheaper than Yogart (3 times as expensive as milk).

3. Use unpasteurized milk as being more nutritious — Food value of milk is not changed by pasteurization. Unpasteurized milk may be a di-ease carrier.

4. Eat very little meat — Meat is an excellent protein food. One serving per day aids the diet in many ways. Protein is highly necessary in the welfare of the body. It is difficult to get enough without the use of meat. Iron, vitamins and other nutrients are also furnished by meat.

5. Use blackstrap molasses instead of sugar — There is unavailable iron present and the flavor is very pleasant. Blackstrap molasses is a waste product of sugar manufacture to the diet. Brown sugar may replace white sugar to advantage.

6. Wheat germ needed in the diet — needed enzyme and quite satisfactory. Some people cannot eat cereals without nutritional troubles. It is not necessary to use wheat germ as a source of the B complex vitamins. According to Dr. Charles Glen King Director of the Nutrition Foundation "There is nothing unique in wheat germ except that it is concentrated. It is the whole wheat that is needed in diet with which these vitamins especially if unbolted wheat — whole wheat bread is used".

7. Dinner: You needed is this: It is not a meals food. One table spoon, the usual dose contains but

leading this meeting. Roll Call was answered with "Tips are the necessary points in giving a good demonstration". It was decided to have a tea and sale of work in the church basement on the first Thursday after Easter. Lady Goddart and Joan Richardson will have charge of the next meeting. [illegible] which will begin at 7 o'clock.

Mr Robert Cull who has been the winter months in B.C. returned to the farm — while [illegible] think very much of the weather tho, we are [illegible] today about the worst day we have had this winter, snowing and blowing real March weather.

Helpful Hints

A cloth dampened with ammonia and placed in the closed warm oven for a few hours will loosen scorched food that is sticking to the interior surfaces.

Wall plaster will not crack so easily if a small piece of adhesive tape is pasted over the spot where a tack or nail is to be driven.

A tiny cork tacked low on the back of a picture frame will prevent a dark line from forming on wall paper or painted wall.

Paraffin poured over the bottom of the garbage container will prevent the container from rusting.

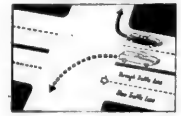
Keep To Proper Lanes For Left Or Right Turns
THIS IS WRONG

It is unlawful to turn right from the centre lane or make a left turn from the right or curb lane as illustrated.
THIS IS RIGHT


It is permissible to make a left turn at intersections from the centre lane only —giving proper signal and when oncoming traffic permits.

Be Careful the life you save may be your own.

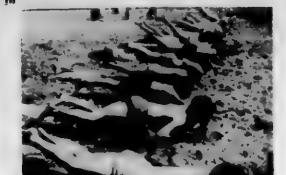
YOUR RED CROSS
WHAT IS IT DOING?



THERE is one service operated by your Red Cross which does not seem to hint of trouble or disaster and that is the Swimming and Water Safety Programme — a typical group of boys is shown above getting some real exercise and learning something about the art of swimming. They will soon go into the water and try to do what they are practicing on land.

Trouble may not seem to be present at the moment but bringing just out of sight is TROUBLE for every person who cannot swim and yet goes in or on the water. In Canada there occurs some 1,000 drownings each year. In Saskatchewan about 40 persons will die during the present year from water mishaps. Your Red Cross does not look upon these as called accidents as being preventable and is conducting an energetic campaign to educate both young and old alike that 'Common Sense coupled with some swimming skill would eliminate most of these needless fatalities.

To reach it's goal Red Cross offers free training to competent swimmers over 17 years of age who are willing to pass along to others the knowledge of and skill in the water. Last year some 115 of these good people gave free instruction to over 10 000 pupils. No one knows how many lives have been or will be saved because of this training. It is known that because of the distribution of a simple little card to thousands of farmers each year farm Dugout drownings have been reduced from over 17 in 1946 to none in 1952.

During this period however boating from small boats has grown by leaps and bounds with a resultant loss of life which has offset the good work done at home on the farm. To meet this new challenge Red Cross distributes freely a small sticker to any boat owner which warns the occupants to HANG ON to the boat should it upset. Other mediums are also used to convince the people of Saskatchewan that they cannot trust the water any more than they can trust fire or dynamite.

This Water Safety service is only one of the many humanitarian services carried on by YOUR RED CROSS. You will find your Society is always ready to meet the demands placed upon it just so long as there is the desire to stretch out a helping hand.

Funny and Otherwise

A man from the country went into the nearby village and bought a pair of shoes. The next day the shoe salesman met him on the street and asked him if the shoes were comfortable.

"Oh, yes," replied the man, "They are quite comfortable."

"Well, if that's so," said the salesman, "why in the world do you shuffle along so slowly?"

"Oh," the man answered resignedly, "that's because you forgot to cut the string that ties them together."

* * *

"How are you getting on with your driving lessons?"

"Fine. I've got so I can write past another car without stretching my eyes."

* * *

"Has your son's college education proved of any real value?"

"Yes, indeed. It's entirely cured his mother of bragging about him."

* * *

"Talking of brilliant ideas, old boy . . . I often wonder who was the married genius who first thought of calling the dog for a run after supper."

* * *

It was the first time the lady had been honored as a ship christener, and she was quite nervous immediately before the ceremony the shipyard superintendent asked her, "Is there any question you would like to ask, ma'am?"

"Yes," was the quick answer, "if you don't mind, please tell me how hard I must swing to knock it into the water."

* * *

"Where were you?"

"He isn't in. His wife telephoned him that the baby was naked, and he's gone home to see what it looks like."

* * *

An absent-minded man walked into the village barber's shop, and down in the chair, and asked for a haircut.

"Certainly sir" said the barber. "Would you mind removing your hat?"

The customer complied. "I'm sorry," he apologized, "but I didn't know that ladies were present."

* * *

They all told him it couldn't be done.
He just smiled, and went right at it.
They all watched breathlessly as he hurled the thing that couldn't be done.
And sure enough it couldn't.

* * *

"John, dear," said Mrs. Browne, "it says in the paper that the average woman has a vocabulary of only five hundred words."

"It's certainly a great stack," replied her husband, "but just think of the gossip!"

Prehistoric Tree Seeds Discovered

OTTAWA. — The federal district commission here will try to grow trees that until recently were believed to have been extinct for 30,000-000 years.

Three small specimens of the tree that was the ancestor of the giant Sequoia and Redwood trees of California have been donated to the FCD by Victoria Parks Commissioner W. H. Warren, member of the commission for British Columbia.

Fossil remains of the trees had been found in many places and they were thought to have died about 30,-000,000 years ago, but specimens were found in the interior of China in 1946 and seeds brought to the United States produced trees.

The name of the species is "metasequoia glyptostroboides," the commission said.

SASKATCHEWAN T.B. DEATHS 110 IN 1952

REGINA.— E. C. Hingley, president of the Saskatchewan Anti-tuberculosis League, said deaths from the disease in Saskatchewan in 1952 are believed to have been 14.3 per 100,-000 population. There were 66 deaths among the white population and 53 among Indians.

REALISTIC DREAM

A 12-year-old boy from an orphanage at Grahamstown, South Africa, who spent a day at the seaside dreamed that night he was swimming. He dived out of the second-storey window of the orphanage and was found on the ground, dazed, with a scratch as his only injury.

CHANCES ARE GOOD

LONDON.—The weather should be pretty good on Coronation day, June 2. A study of meteorological records showed it has rained only five times since 1875 on that date.

Farm Production Will Be Doubled in Near Future

ST. LOUIS. — A scientist predicts a whole new pattern of farming—with antibiotics—will double farm production. Dr. M. J. Prebluda of New York told the national Farm Chemurgic Council recently the use of antibiotics in farm soil may do for crops what penicillin and other antibiotics do for animals. make them grow faster and stay healthy.

He added in an interview that this may solve most of the world's hunger problems, eliminating one of the causes of unrest upon which Communism has tried to capitalize.

Dr. Prebluda, biochemist with the United States Industrial Chemicals Co., said recent experiments show that antibiotics, which are produced by micro-organisms in soil and other materials, appear to have two important effects upon soil:

1. In large amounts they are plant disease killers, just as antibiotics now control some animal infections.

2. Small amounts stimulate plant growth. The effect has been noted in some animals.

When organic materials, such as barnyard manure, are applied to soils they appear to have a crop stimulating effect far beyond that small ounce limit the quantity of minerals and chemicals they contain. These organic materials usually contain huge numbers of micro-organisms and Dr. Prebluda said the extra stimulation appears to come from the antibiotics they produce.

He said these antibiotics haven't been identified but he believes they can be isolated and produced commercially in great quantities at low cost through scientific methods.

"What we do is this it will be the equivalent of opening millions of new acres of land to farmers," Dr. Prebluda said.

"Crops will grow so fast we will be able to get two crops a year in many more parts of the country. The yields will be boosted. Every dollar's worth will be doubled. Even deserts will be held down.

"Production will be doubled on the present cultivated without adding a single acre of crop land to a farm."

Manitoba Building Up Cattle Herds

WINNIPEG.—Manitoba cattle producers have halted the post-war trend to reduce their herds, Provincial Livestock Commissioner John Conner told Manitoba veterinarians at their 63rd annual meeting.

The slight increase shown in a survey made in June, 1952, has been followed up while U.S. markets were closed to Canadian cattle, Mr. Conner said. He estimated that by June, 1953, Manitoba's cattle population would be 760,000 or 1ess about 14 head per farm.

The commissioner said his branch considers this figure as a minimum population unless drought and dry pastures force unexpected marketings.

The Anglo-Saxons called September the barley month.

If You're TIRED ALL THE TIME

Everybody gets a bit run-down now and then. Tired-out, worry-hounded, and maybe dizzy? Is that you? Then you need Dr. Hamilton's Pills. Nothing better for nervous worry, just a temporary tonic medicine caused by excess coffee, and smoke. That's the time to take Dodd's Kidney Pills. Dodd's contain the kidney, and so help reduce their normal action of removing excess acids and toxins. Then you feel better, sleep better, work better. Dodd's Kidney Pills. Look for the blue box with the red band at all druggists. You can depend on Dodd's. 71

Frank Buchfree On Ontario Ghost

CLARKSON Ont. — A "ghostly" raid staged by three men at a ghost, has killed one of the ghosts went to hospital with grunded bronchitis

Police said the ghosts approached Henry Perrie, 59-year-old night watchman at a Clarkson gravel pit at midnight, swinging in the moonlight and moaning.

"Henry, we have come to get you."

Perrie reached for his 100-year-old sawed-off shotgun and fired. Forty pellets hit John Purdue 36, of Toronto. Police said he rigged up the prank with two Clarkson men employed at the gravel pit

MACDONALD'S Fine Cut

Makes a better cigarette

3 different Cheese-flavored Treats from One Basic Dough!

Clever one-some brids with FLEISCHMANN'S YEAST!

One dough — one sweet — three kinds of flavor-thrilled baking! It's easy to be a wife when you start with Fleischmann's Fast Rising Dry Yeast. Bridge or none, we fast-months as light and appetizing! If you bake at home, be sure you have plenty of Fleischmann's on hand.

BASIC CHEESE DOUGH

Scald
½ cups milk
3 tablespoons granulated sugar
2 teaspoons salt
3 tablespoons shortening

Remove from heat and cool to lukewarm. In the meantime, measure into a large bowl
¼ cup lukewarm water
1 teaspoon granulated sugar
and stir until sugar is dissolved. Sprinkle with
1 envelope Fleischmann's Fast Rising Dry Yeast

Let stand 10 minutes, THEN stir well. Stir in lukewarm milk mixture.

Stir in
6½ cups once-sifted flour
and beat until smooth and elastic, stir in
1½ cups light-packed shredded old cheese

Work in
6½ cups more (about) once-sifted bread flour

First set on lightly-floured board and knead dough lightly until smooth and elastic. Place in a greased bowl and grease top of dough. Cover and let dough rise in warm place, free from draught, and let rise until doubled in bulk. Turn out dough lightly-floured board and knead lightly until smooth. Divide into portions and finish as follows:

1. CHEESE LOAF
Roll half a batch of dough into a loaf and fit into a greased bread pan about 4½ by 8½ inches. Grease top of loaf and let rise until doubled in bulk. Bake in a moderately slow oven, 325°, about 45 minutes. Brush loaf with brown sugar glazing (one part of hot water and one part brown sugar) and return to oven for 5 minutes more.

2. CHEESE BRAID
Roll out a quarter of a batch of dough into an 8-inch square on a lightly-floured board. Spread with ½ cup mayonnaise and sprinkle with ½ cup chopped pimiento. Roll up jelly-roll fashion. Cut in half lengthwise and twist together. Shape into a ring and pinch ends together. Place on greased baking sheet. Cut almost through ring at 1-inch intervals with scissors and turn each piece on its side. Cover and let rise until doubled in bulk. Bake in a moderately slow oven, 325°, about 30 minutes.

3. CHEESE BRAID STICKS
Cut remaining half of dough into 12 equal-sized pieces and roll, one at a time, into strips about 7 inches long. Brush strips with water and roll lightly in cornmeal. Place, well apart, on greased cookie sheet. Cover and let rise until doubled in bulk. Bake as a mushroom but rest, 375°, about 20 minutes.

OBITUARY

HERBERT SPENCER

One of the original settlers of the Campbell Lake district passed away on Friday, March 13th at the Vermilion hospital in the person of Herbert Spencer, after an illness of some four months.

The late Herbert Spencer was born in the village of Polebrook, Northamptonshire, England, in the year 1872, on Nov. 6th, having reached thy advanced age of 80 years and 4 months. He was actively engaged in farming until the year 1952. In 1908 he came to this district and homesteaded the farm which he still held at the time of his death. His family joined him on the farm in 1909. At one time in his career he served as a member of the police force in England. He leaves to mourn his loss his loving wife, one son Reginald of Islay, two daughter Mrs. Tom Watts of Vermilion, 2 grandchildren, and one great grandchild.

The funeral was held from St. Saviour's Anglican Church, Vermilion, on Monday afternoon, March 16th, the Rev. D. A. Ford conducting the service. Interment was at the Vermilion cemetery with Moyers in charge of arrangements. Pallbearers were Messrs. R. Mead, E. Devlin, Edwin Throndson, Ralph Strome, Arthur Lund and F. Monaghan.

Floral offerings were received from the following:

Mother, Dorothy, Reg.-Tom and Audrey; Ray, Charlotte and Donnie; Mr. and Mrs. Thos. Holden; Mr. and Mrs. Wm. Armstrong; Mr. and Mrs. Tom Bowder; Betty, Gerald and Joan; Mr. and Mrs. Roc Mead and family; Clandonald Community; Ort and Jessie Strome; Mr. and Mrs. Owen Burns; Mr. A. Lord; Mr. and Mrs. M. Lindgren; Gus and Flora Throndson, Edwin and Alvin; Bill and Jessie Crabb; Gertrude and Maggie Simonsen; George and Ina Webb; Mr. and Mrs. H. Van den Dolder; Mr. and Mrs. A. M. West and Mr. and Mrs. E. M. Stewart. Mr and Mrs. Walter Thompson; Post 11, Canadian Legion. Barbara, Johnnie and the girls; Mrs. Oakley and Mrs. Elden. Mr. and Mrs. R. Hawley. The Fiske Families: Wilfred, Kay and Margaret McLellan; Dennis and Eunice Hanlan and Mrs. E. S. Ottewell.

Flowers to the house: The Scott Family; Eva, Thelma and Marge; The King Families; Ken and Jean Rowe; Mr. and Mrs. S. S. Walker; George and Vi Maggs and family; Hilda and Jimmie English; Happy Hour Group; Alice and Bill Krause; Mrs. Pollard and Muriel; Mrs. Fyfe, Jean and Charlie; Mary and Grant Roberts, and Lhaon family.

Donations to Cancer Fund: Mr. and Mrs. O. Onnens, Eddie and Eva Curley; Mr. and Mrs. I. Nelson; Mr. and Mrs. George T. Chalmers; Mr. and Mrs. T. Cowboy and Mildred; Bill and Gladys Fooks; Grace and Jake Rw. Mr and Mrs. H. Tetzlaff; Mr. and Mrs. Martin Haverslew; Anne and Ike Baldock; Mr. and Mrs. Roy Jury.

Crippled Children's Fund: Mr. and Mrs. L. Garnier; Mr. and Mrs. Earl Nelson; Mr. and Mrs. Ed Mcginlaid and Mrs. Nelson; Mr. and Mrs W. S Dongan. Mr. and Mrs. T. R. Reeves; Mr. Pat Monaghan.

Cemetery Fund. Mrs. Mabel Lee; Mr. and Mrs. T. Dick. The Braun Family. Mr. and Mrs. W. Meyers, Mr. and Mrs. H. Evans; Mrs. Nora Rongham and Revd. Herb McPhee Family. Mr. L. Edwards; Mr. and Mrs. W. Walden burger; Laurence and Eunice May hew.

Anglican Church Building Fund. Alex and Bessie Stone and family.

The Salvation Army Fund Mr. and Mrs. Norman Yarwood.

REMEMBER-'A' Coy dance Friday March 27th. Russ Smith and his Air Force orchestra will be here. 36-7a

Kitscoty News

Miss Annabelle Page, nurse-in-training at Lamont hospital is spending three weeks holiday at her home here.

Mr. and Mrs. Joseph Baity were Edmonton visitors for a few days last week.

Mrs. James McCrory spent the week end in Edmonton visiting with her daughter Sheila and attending the opera 'Blossom Time'.

Congratulations to Miss Joanne Wutherich now of Alliance, who received 98% in Theory II in the recent Toronto Conservatory exams. Joanne was a pupil of Mrs. Elsie Batty.

Mr. and Mrs. Harry Wright have left to spend a months holiday at the farm home of their daughter Mr. and Mrs. F. Dunn and family at Bashaw.

Mr. and Mrs. E. Phillips and David spent the week end at Fort Saskatchewan, they were caught in the recent storm and spent 5 hours digging, shovelling snow and pushing cars to get from Vermilion to their home here.

Mr. and Mrs. Wm. Murray and family have returned from spending the past two months at the west coast with Bill's folks at Coquitlam, B.C.

Entertainment Planned

Be sure to come to the Kitscoty town hall on Friday March 27th to see the physical training display conducted by Andy McGlaide. The Junior band will be playing under the leadership of Milton Christoffersen. Other musical items will be given with Mrs. J. Smith as leader.

Residents of town and district spent most of Monday digging themselves out of the huge snowdrifts, the aftermath of a two day storm the highway was blocked about six miles west of here, also most of the roads in the district were impassable and Monday snow ploughing the main roads so the school busses could run again.

Mrs. J. O'Neil of the Earlie district, has returned home after visiting her daughter and son-in-law Mr. and Mrs. Louis Druxe at Edam Sask.

The arena rink will be closed for skating after Sunday March 29th. Skaters better make the most of the Sunday afternoon session.

CUSTOM-MADE HAVOLINE EXCEEDS HEAVY DUTY REQUIREMENTS!

Custom-Made Havoline is a heavy duty motor oil which exceeds the new specifications —now higher and much more selective than ever before—set by the Automotive Industry and the Armed Forces for heavy duty motor oils.

Time is money in the business of farming—and Havoline saves time by keeping your engines properly lubricated to operate efficiently when they are needed. Has slow cleaning engines and keeps them clean, so it gives you longer engine life, lower maintenance costs, more fuel miles and greater engine power!

Remember, Custom-Made Havoline is the only motor oil you need in any tractor, truck or car. It exceeds all heavy duty requirements!

Local News of Interest

NEWBERRY HOME & SCHOOL

The Dewberry Home and School club will hold its April meeting on Wednesday April 1st. As the club is sponsoring a graduation banquet and dance this year, members are urged to attend and help make the necessary plans.

The 6th winner of the Hardisty series of the Viking Cars-month club was Mr. D. R. Sutherland of Edmonton. The next winner will be announced Friday night, March 27th.

REMEMBER 'A' Cay dance Friday March 27th. Russ Smith and his Air Force orchestra will be here. 26-7a

Look at the date on your label. It tells when your sub is due!

Mr. and Mrs. Harvey Wilson of Mt. Elgin, Ontario, and formerly of Vermilion, announce the engagement of their daughter Cora Ellen, to Mr. Frederick Roth, son of Mr. and Mrs. Roth of Switzerland. The wedding will take place on Tuesday, April 7th, 1953 at 4:00 o'clock in the afternoon, at the Wesley church, Trinsbigberry, Deonen, Indiana.

Joe and Marie O'Neill, victims of the recent polio epidemic, have returned to their home at Rasylvia after seven months in the University hospital. Here, by means of therapy treatments, they have made very good progress and are won on the way to complete recovery.

Mr. and Mrs. P. H. McNamara of Edmonton are visiting Mr. and Mrs. J. T. Johnson in Vermilion.

Mrs. Ian Stewart left Saturday to join her husband at Olds to which point the latter has recently been moved and appointed manager of Macleod's store.

Mr. and Mrs. Don Wiebe and little son of Edmonton were visitors in town the first of the week. Don is employed by an oil firm.

Mrs. Lily Giles and daughter Doris left on Tuesday for Windsor Ont., where they take delivery of a new Ford car to drive home. The trip east is being made by car also as Mr. Don Bracock who has been visiting here was returning to his Ontario home.

Mr. and Mrs. Tom Stack and daughter Marjorie of Redwater were visitors to Vermilion last week end to see Mrs. Harry Elliott who is confined to the hospital.

Ellef B. Johnson of Edmonton was a business visitor to Vermilion Saturday last in connection with an oil well Regent Drilling is sinking at Kenilworth.

Friends here will be interested to learn that Mr. and Mrs. A. C. Lindell of Edmonton are leaving on April 8th on a visit to various parts of England and will be away for six months.

Mr. and Mrs. Clarence Elliott and little son Johnny of Edmonton spent the week end in town visiting the form r's parents Mr. and Mrs. A. W. Elliott.

Mr. and Mrs. Pat Donaghy and son Tony and Mrs. A. Barnwell drove to St. Brides on Tuesday March 17th, St. Patrick's Day, to attend the concert and dance there. They stayed overnight with Mr. and Mrs. Jim Divine, the latter being a sister of Mr. Donaghy. A very wonderful time was enjoyed on the outing.

Bob Tatham, a former Vermilion boy, now operating a real estate and insurance office at Camrose, has an aldermanic candidate in the Camrose elections recently. He doesn't quite make the grade but Bob certainly has quite a record in community work there.

Wildmere Beavers Girls' Club Report

The Wildmere Beavers held their meeting at Diane Smith's on March 16th with 13 members and one visitor who later became a member.

The meeting was opened by singing 'O Canada' followed by the Code, and the reading of the minutes. Roll call was well answered by saying your favorite Irish song.

The correspondence was then read. Our supervisor Doris Martin and Margaret Whitlock read some newspaper articles.

Eleanor Donlity then joined to make 14 members, the Mystery Star was won by Doreen Martin. A social was planned by Maureen Cruthers which was playing the game of 'hide the thimble.'

The meeting then adjourned. The next meeting will be at the Whitlock home on April 11th. A tasty lunch was served by the hostess.

Farewell Party For Mannville Couple

MANNVILLE—The Greek Catholic Society held a farewell party for Mr. and Mrs. Frank Slusarchuk on Tuesday, March 10th and presented them with a tribue and electric iron. Among those present were Mr. and Mrs. Dzubaty, Mr. and Mrs. Steve Chorney, Mr. and Mrs. John Kaminsky, Mr. and Mrs. Fred Panik, Mr. and Mrs. Bill Fedorchuk, Mr. and Mrs. Nick Baliff and Alex. Mr. and Mrs. Mike Ostrow Mr. and Mrs. Dick Way, Mr. and Mrs. Peter Schepanik, Mr. and Mrs. Don Konsevich, Mr. and Mrs. Steve Steciniak and Mr. and Mrs. Frank Lyshevich. The Slusarchuks are moving to Edmonton.

Brown Community Centre held a farewell party Wednesday, March 11th in the school for Mr. and Mrs. F. Shalagan who are leaving shortly for Edmonton. After an evening of games, the couple were presented with a tribue on behalf of those present.

Former Mannville Old Timer Passes At Chilliwack

MANVILLE — Mrs. Alice E. Brant passed away at Chilliwack, B.C. on March 10th at the age of 63 years. She lived north of Mannville for many years, coming to the district in 1907. She moved to Edmonton in 1936 and to B.C. about 1946. She is survived by one sister Mrs. Geo. Hubbard of Edmonton, and three brothers, Jim of Cherry Grove, Ed of Mannville and John of Mr. and Mrs. Geo. Hubbard and Mr. and Mrs. Ed Summers attended the funeral on March 13th which was taken by Rev. Hemple of the S.D.A. church and interment was in the I.O.O.F. cemetery at Chilliwack.

QUESTIONS and ANSWERS on Cancer

QUESTION:
How should cancer be treated?

ANSWER
By surgery, X-ray, radium, or a combination of the three in the earliest possible stage of the disease, and, in rare cases, with special drugs.

Send for free literature by writing
Canadian CANCER Society
Vilna — Alberta

Ex-Vermilion Couple Wed Half Century

In celebration of their Golden Wedding Anniversary, Mr. and Mrs. A. McNeill, 3373 East Pitch, Vancouver, were at home to a large number of relatives and friends.

Among family members celebrating the occasion were Mr. and Mrs. McNeill's sons, and daughters, Edgar McNeill of Vancouver, Gordon McNeill of Sidney, B.C., Mrs. Lillian Pinchbeck of Beaverlodge, Alta., Mrs. Kathleen McLennan of Vermilion, Alta., and Mrs. Evelyn Harkin of Hope, B.C. There are eight grandchildren and two great grandchildren.

Attending the guest book at the party was Mrs. McNeill's sister, Mrs. Christina McKenzie of Coulter, Man. Mr. John Walker, an old friend of the couple, proposed the toast, to which Mr. McNeill ably responded.

The table was laid with an ecru lace cloth centred by a beautifully decorated three-tiered wedding cake. Flanked by tall lacy candelabra of yellow roses. The couple were the recipients of many beautiful gifts, flowers and anniversary cards, showing the esteem in which they are held.

Telegrams from Beaverlodge and Vermilion were also received from relatives unable to be present.

Married Feb. 25th 1903, in Melita, Man., Mr. and Mrs. McNeill lived in Lloydminster and Vermilion, coming to Vancouver in 1927 where they have since resided.

Home & School Presents Play At Manville

The play for the Home and School put on by three of the teachers, Mrs. Olsenberg, Miss Spicer, Miss Bourassa and Mrs. Bodard and directed by Mrs. Park, was a very good presented and exceptionally well rendered by the pupils. It was about Teen agers — and the way they treat their parents and their parents treat them. It was written especially for Home and School groups. There are three plays in the series and it is hoped to have the other two in the near future.

A Panel consisting of Mr. Facey, Mr. Olsenberg, Mr. Smith, Dr. Bedford, Mrs. H. Thompson and Mrs. V. Winters commented upon the play and answered questions asked by the audience at the conclusion of the play. There was quite a discussion about the methods used by Sally Wickham's parents to keep Sally's respect and to keep her from attending an unsuitable party. There was also much discussion about Ruth's parents (who did not appear in the play but whom much was referred to during Ruth's remarks and actions). Ruth appeared to be rather an unstable character and was not helping very much to her parents. It was pointed out that the child's personality with the child is just as important as the mother so that the child's honesty with the parents. Some very good remarks were made by Miss C. Groves of Innisfree who has played in psychology.

Mrs. W. McCauley thanked Mr. Facey for coming down to the meeting, and the cast of the play, on behalf of the Home and School Association.

THORNCLIFFE

The March meeting of the Thorncliffe branch of the A.W.I. was held at the home of Mrs. Fred Cain on March 6th at 2 p.m. Five members were present. Mrs. Chas. Sweeney were present.

The meeting opened with the singing of the Institute Hymn, followed by Creed. Each member answered the roll call by her finished articles made from scrap material. The minutes of the last meeting were read by the secretary.

Mrs. R. Clark thanked the ladies on behalf of her husband for the fruit basket that was sent to her.

The members decided to make the quilt sponsored by the Salada Tea Company. Any ladies from other points are welcome to come and help. Mrs. Ward is getting the materials for the next meeting.

Members marked prizes on the articles returned in and the prize was sold at the dance March 6th. The dance was well attended and every one seemed to have a good time.

The roll call for the next meeting will be a yard of grey flannelette and a bar of soap. Mrs. Ade Aid to Greece fund.

For the next meeting Mrs. Binns picked out a name to see who would open the competition parcel. Mrs. Chas. Sweeney got the lucky name to see who wrapped the parcel to find a lovely hand towel.

The lunch committee had had the Queen, after which a tasty lunch was served by Mrs. F. Clark and Mrs. E. Watt.

The next meeting will be held at the home of Mrs. R. Clark on April 3rd at 2 p.m. All members are urged to be present as we will pick out a delegate for the Edmonton convention to be held in May.

VHS Girls Lose to Cardston In Final Basketball Series

A down happy, friendly girls, all the way from Cardston, Alberta, 200 miles away, invaded Vermilion last Friday and by Saturday night they had regained not only the provincial high school girls' basketball championship, but the admiration and fancy of hundreds of people in Vermilion and district. Loudest of all in singing the praises of the Cardston Coquettes were their opponents in meeting the excellent girls of the V.H.S. girls team, who rammed up their adversaries as "lovely to meet, sportsmanship personified on the court and off." A young Canadian womanhood at its best.

While the Vermilion high school girls lost the final series after winning the Northern Alberta championship, they made a gallant showing in this, their first real bid for provincial basketball honors. The game in northern Alberta is in its infancy, due no doubt to the lack of gymnasium connection with high schools. This is not so in southern Alberta, the stamping ground of basketball, as some of the finest teams in the game are developed each year.

Cardston, a town of approximately 2500 population, has 1000 students in its schools. There are two fine gymnasiums in the town, one in connection with the schools and the other at the community centre built by the Mormon church. This is the third time that the high school girls championship has been won by Cardston. The cup has never come out of Calgary and has been won also at Edmonton, Magrath and Raymond.

The Cardston team which visited Vermilion numbered 18 in all. They travelled in cars. In charge was Mr. Jardine, director of guidance and Activities of Cardston's schools, and Mrs. Gibbs, their coach and teacher. The happy friendship between the girls was apparent at all of the visiting party. There was no chip on shoulder, and the extremely fine sportsmanship of the girls during a mighty boost to the town and people of Cardston in the edification of Vermilion.

Semi-Final Basketball

As a result of the Northern Alberta girls winning the Northern Alberta championship; and the two-game final for the provincial title being played here, the local people are now completely sold on girls basketball. They want to continue playing the game, developing top flight teams and entering provincial competition.

To Coach Jack Kokotailo of the high school teaching staff, goes much of the credit for developing the present girls five team. Two years ago he attended a school in basketball coaching at Red Deer, and while he has never played the game himself, has given much time since then to house league organization and the coaching of this all-star team. He stands to lose only three of his players next season as the majority are in grade 10. With the very fine showing made against Cardston last Friday and Saturday, a team grown up and groomed in an atmosphere of basketball, it should not be long before the title rests on the shoulders of our own high school girls.

The girls have had a big year really stuned something in a big way, and knowing them, they will be all out to go one better in 1954 — Northern Alberta Champs this year - Provincial title holders next!!!

The Results

Actual results of the games were Friday night, Cardston 38, Vermilion 36; Saturday night, Cardston 53, Vermilion 29.

In the first game the Cougarettes got away to an early lead but the V.H.S. girls managed to hold them in the 2nd and 3rd quarters and almost overcame the lead in the final ten minutes. High scorers for Vermilion were Doris Schmidt with 13 and Rhea Ireland 9; Cardston, Joyce Blenkinsop 11, Anne Gregson 8.

Second Game

The second game on Saturday evening, played before a gymnasium with every bit of available space filled, saw the visitors give a scintillating display of basket shooting while their taller girls did a very efficient guarding job making it almost impossible for V.H.S. players to get shots away. At the halfway mark it was anybody's series, the visitors leading 23-22 in the game. The 3rd quarter however proved disastrous to the locals' hopes as they wilted temporarily, the Cougarettes adding 18 points to their 2. In the final ten minutes V.H.S. came back strong to outscore the visitors 12 to 8.

Leading the visitors to their victory was Ann Gregson with 18 points and a brilliant performance. While topping the locals was Hazel Barr with 8, closely followed by Doris Schmidt with 7, Rhea Ireland 7 and Ann Martin 7.

The line-ups and points scored for the two games follow:

CARDSTON

Player	Fri.	Sat.
J. May	0	0
R. Marshland	0	10
J. Blackmore	11	10
B. Long	0	7
M. Blackmore	0	8
B. Purnell	0	0
L. Trelease	7	0
C. Callahan	0	4
A. Gregson	8	18
M. Kerr	0	0
S. Terbenche	0	4
B. Bauer	0	4
	26	75

VERMILION

Player	Fri.	Sat.
D. Schmidt	12	7
V. Maggs	0	1
J. Kiblewhite	0	0
H. Barr	4	8
B. Sweeney	4	3
J. Maxwell	4	1
R. Ireland	8	7
Ann Martin	7	0
Anne Stewart	0	1
N. Dougan	0	1
	36	37

TOTAL SCORE — Cardston 94; Vermilion 73.

Very fine refereeing was by Stan Turk and Cam Richardson of Edmonton.

While they lost, the stand made by the Vermilion girls was gratifying and encouraging. They were the surprise as all of the visitors were the ratepayer deems to be excessive a majority of the local team are in grade 11 and 12 girls, while the visiting were much taller, a distinct advantage in basketball. Despite this the board is not satisfactory the shown that Vermilion high out-scored the visitors in 4 of the 8 quarters played, which will be very much in the game all the way.

Cup Presented

The Canadian Amateur Basketball Association cup was presented to Captain Hazel Barr by Mr. N. B. Lemley, V.S.A. principal. In making the presentation Mr. Hemley stated that it gave him great pleasure to present the trophy to a team that had demonstrated such excellent basketball and such fine sportsmanship and which had done such a grand job of selling basketball in this part of the country.

Principal M. F. Smeltzer of the V.S.A. and Mr. Bentley and the V. S. A. for the use of the gym, making the final series here possible, and the crowd for their support. He also thanked the Stag Inn, the Legion and the V.A.A.A. for their efforts to stand behind the series in a financial way if needed.

The finals are a qualifying round in the north and in the south

Archbishop To Bless New Holy Name Church

ON SUNDAY, APRIL 19th

On Sunday, April 19th, beginning at 11 a.m. Archbishop Jean Donald of Edmonton will bless and officially open the new Holy Name church.

Immediately following the blessing by His Excellency High Mass will be sung by Rev. W. E. Doyle, chancellor of archdiocese. Dedication services for the occasion will be delivered by Rev. Fr. Chalon of the Congregation of the Most Holy Redeemer, Edmonton.

Following mass the Stations of the Cross will be erected by the Archdiocesan Digest will be served by the ladies of the C.W.L. in the basement of the new church at 1:00 p.m. at which the main speaker will be His Excellency Archbishop MacDonald. Dinner will be continued to be served until 5:00 p.m.

A cordial invitation is extended to everyone.

Tax Rate Held At 45 Mills

A special meeting of the town council was held March 4th with Mayor S. C. Heckbert and Councillors Payne, Reid, Urquhart, Mitchell, Webb, Sutherland present.

The following motions carried:

That notice of meeting be waived.

The Council entered into a discussion on the 1953 budget. Mr. S. C. Heckbert prepared a statement of anticipated revenue and expenditure for discussion purposes. After considerable discussion the Council passed the following By-law: That By-law No. 353 establishing the 1953 mill rate at 45 mills be given 1st, 2nd and 3rd readings this carried.

Council Has New Exec. Secretary

ELDRED H. WEERES OF ATHABASCA IS CHOICE FOR POSITION

Eldred H. Weeres, a young man who for the past three years has been secretary-treasurer at the town of Athabasca, received the appointment of executive-secretary of the town of Vermilion at a special meeting of the council on Monday evening. Mr. Weeres was the choice from 17 applicants. He is 25 years of age and single.

Mr. Weeres seems to be admirably suited to the position as he has some three years banking experience, and for the past three years municipal experience in the northern town. During that time Athabasca has had a complete water and sewer system installed so that Mr. Weeres is thoroughly familiar with the construction and operation of such a system. Athabasca is a town of 1200 population.

The appointment as executive secretary for Vermilion was made necessary by the resignation of the present incumbent of that office, Mr. B. C. Ackerman, who has accepted a position with a construction company at Grande Prairie. The change is effective May 1st.

Alberta has fewer than 1,000,000 people subsisting on 44,000,000 acres of land.

Mr. Ratepayer

At this season of the year the man or woman who looks it necessary to pay taxes is naturally interested in knowing something of the disposition of the Tax Dollar. Council of the Town of Vermilion has been making every possible effort to maintain the services it are now required in an up-to-date town at the lowest possible cost. A new assessment has been found necessary by Government decree affecting not every ratepayer but that the 1953 assessment is approximately 20% higher than that of 1952.

The assessment of the Town of Vermilion was made by a recognized and licensed assessor. Provision is made in the Act for the appeal of an assessment which the ratepayer deems to be excessive and a Board of Revision composed of members of the town council is set up on March 25th for the purpose of hearing appeals. If the decision of the board is not satisfactory the appeal may be referred to the Alberta Assessment Commission, the membership of which will have no axtinge at Vermilion and give those contemplating appeal an opportunity of discussing the matter with the assessor and the assessment commission member. They have the final say as to whether an appeal can be allowed.

In the preparation of individual properties in the Town has been established the Town Council endeavors to see that the burden of taxes on residential properties is distributed so that those in 1952 were not increased by the process. Any ratepayer who feels that he pays more than his share of the load.

Prompt payment of taxes as soon as tax statements are received would very greatly assist your Council in carrying on the work of the town in the progressive way all citizens are urged to cooperate to see that Vermilion maintains its proper place in the Province of Alberta. In recent months several new citizens have stated that they have looked over a lot of towns in the west and have finally settled on Vermilion as their home of choice — there must be a reason. The reason is that we have a good town and to keep Vermilion a good town it will require 100% co-operation, a certain amount of responsibility on the parts of citizens generally and the generous and understanding cooperation with the Council that your Council has a right to expect.

Yours for a progressive Vermilion —

S. C. Heckbert,
Mayor.

Vermilion Livestock Wins Many Prizes At Edmonton Show

Stock from the farms of Ray Williams, Maurice Barr and W. L. Robinson were competitors at the spring show held in Edmonton from March 23rd to 28th.

In a fatted stock class Ray Williams won 1st place with a pen of five well finished Shorthorn steers, and went on in this class to win the reserve champion medallion.

In the heavy steer class Robert Larr won 4th place with a well fitted steer.

In the beef calf feeding competition Hazel Barr's entry was a strong competitor with Maxine Mirnyk of Chipman. Maxine finally took first place, Hazel 2nd, Billy Robinson 3rd, Bob Barr 5th, Betty Robinson 7th.

In a girl's judging competition Hazel Barr was second high. In boys' judging Billy Robinson took 4th.

Five showmanship in the Shorthorn group Billy Robinson took 1st, and competing with the winners from the other breeds he took 6th place.

In the Shorthorn breeding stock "Glenrobin Lady Dorothy 149", owned by W. L. Robinson was the Grand Champion. His one entry in the Futurity show, Glenrobin Marker took 3rd place in the young bull class.

77 Students Graduate From The V.S.A.

Seventy-seven young women and young men received their graduation diplomas at the closing exercises of the Vermilion School of Agriculture on Wednesday afternoon. The weather cooperated wonderfully and a bright warm April day was enjoyed for the occasion, one of the premier functions of the year in Vermilion.

The afternoon program commenced with the fashion parade at 2:00 o'clock. Following this popular event the formal graduation ceremonies started with Dr. Andrew Stewart, president of the University of Alberta giving the address to the graduates.

An interlude of vocal selections rendered by Miss Doris Jack accompanied by Mrs. Elsie Batty, both of Kitscoty, was much enjoyed.

This was followed by the presentation of the diplomas to the 77 graduates, and the announcement of the winners of the scholarships and prizes.

The graduation dinner was served at 6:30 p.m. attended by members of the graduating class and their guests. The program took the form of a number of toasts.

The closing exercises were concluded by a dance attended by the graduates and their friends.

Second Class Honors — Wilfred Aspevig, Carmen; Howard Austin, Ranfurly; RDonald Briggs, R. R. 4, Edmonton; Fred Briggs, Edmonton; Rodney Flora, Peace River; Philippe Fluet, Meadowview; Harry Kelly, Tolsen Lake Farm; Robert McIntyre, Vermilion; Kornett Osip

NEW CURLING RINK NOW POSSIBLE

GRATIFYING RESULTS FROM CANVASS — GENERAL MEETING MONDAY, APRIL 13th

A general meeting of curlers and business men will be held in the curling rink on Monday April 13th at 8 p.m. when results of the present drive for funds to build a new curling rink will be reviewed. The drive has been very successful and there is now a decided possibility that there will be a new curling rink for next winter. Building and finance committees must be appointed for the proposed building after a full attendance of everyone interested is requested.

36-4c acted in hockey is urged to attend.

In Vermilion River Municipal District

Straw and Stubble Burning Will Be Prohibited

The following is a summary of instructions of the meeting of the Municipal Council of the M.D. of Vermilion River No. 71 held in the municipal office, Kitscoty on Tuesday, April 21st.

Present: Chairman D. G. Lawrence H. Haan, J. C. Wallington, J. H. Dickinson, F. Bartholomew, Supervisor A. Hozack, M. Shaver.

The minutes of the meeting held Jan. 9 were adopted as read.

The Field Supervisor gave his report for January, February and March and this was accepted.

On motion it was decided to purchase a projector, engine, generator and screen.

A carload of sodium chlorate will be purchased and arrangements made for storage.

Sodium chlorate will be sold to farmers in the special area for $8 per keg plus handling charges and $10 per keg, plus handling charges, outside the special area.

It was recommended that the following be taken for reappointed to the Agricultural Service board: Crs. J. C. Lawrence and J. C. Wallington, Dr. Buchwaltz, H. Haan, and Ag. Rep. Federah: Murray Robertson, Flesh Lake, Sask.

Pres — Wm. Armitage, Kinsella; Roderick Barr, Bangor; Peter Behnke, Streamstown. Tobert Workman, Esther; David Campbell, Asherton; George Chesterman, Heath; Bliss Dickson, Innisfree; Tom Dodgson, Rosalee, Erick Erickson, Viking; Victor Evanshick, Andrew; Vincent Forcade, Lea Park; Fred Jeffery, Clonevale; Edward Kondras, Holden; Clarence Mackenzie, Chardonald; Walter Lunning, Edmonton; Harvey Mah (continued on page 2)

Tigers Hockey Club Winds Up Successful Year

ANNUAL MEETING NEXT SUNDAY, APRIL 12 - 2 P.M.

The Vermilion Tigers Hockey club has finished up this hockey season after one of the most successful in the history of the town. The Crais cup, emblematic of supremacy in the Eastern Alberta Hockey league was captured this year for the first time since 1949. The executive of the club wish to take this opportunity to thank all those who helped so generously to make this such a successful season, for without the active assistance of so many it would be impossible to operate a successful club.

It is interesting to note that this year, 9,615 people in all attended the 13 home games played, for an average attendance of 641, while last year 10,527 people attended the 16 games played, for an average attendance of 658. The difference in number of games played is accounted for by the fact that the semi-final series gave Vermilion only one game this year.

The financial standing of the club is somewhat improved over a year ago, although the club is faced with a debit. Considerable equipment was purchased this year, new uniforms were bought, as well as jackets for the members of the team. Any contributions to assist in removing this deficit will be most gratefully appreciated.

The annual meeting of the club will be held in the old library room of the town hall on Sunday, April 12th at 2 p.m. and everyone interested in hockey is urged to attend.

High School Hi-Lites

CHRISTINA MORRISON WRITES PRIZE-WINNING ESSAY

Once again Miss Christina Morrison has done it in an essay contest held by the Swift Canadian Co. Miss Morrison received $10, and the honor of 4th place for her essay presented.

The topic to be used by over a thousand writers in all parts of Canada, was "Marketing" in any phase. Miss Christina chose poultry marketing as her subject, and as we see, did well in it.

First prize of $100 was taken by another Albertan while Ontario captured the $50 second prize. 3rd

Ten-Day Easter Vacation

Schools closed Thursday afternoon for the ten-day Easter vacation, re-opening at 9 a.m. Monday April 13th.

Canadian Red Cross Campaign Drive

All canvassers in town and rural districts are urged to complete canvass as soon as possible. Funds are urgently required for the various activities of service. Please leave your donation with Mr. Roy at the Canadian Bank of Commerce or at the school division office if a canvasser does not call.

New clothes at Easter were believed to bring luck for a whole year in ancient days. An old English verse says:

"On Easter let your clothes be new,
Or else be sure you will it rue."

Program of Farm Interest Starts April 1

Another Department of Agriculture service will start on April 1st. This will be a ten minute program of farm interest, broadcast from 5 Alberta radio stations every week-day Monday through Friday. The program will be heard from CKUA and CFRN, Edmonton; Calgary, Red Deer and Medicine Hat.

"The Call of the Land" is the name of the program. In charge will be Everett R. McCrimmon, who is on the staff of the school of agriculture at Vermilion, whose appointment as supervisor was recently announced by the Minister of Agriculture, Hon. D. A. Ure. This program will supplement the services now being rendered to the agricultural industry by providing timely and useful information on agricultural research, farm practices, and matters of current interest to farmers.

Broadcast Monday through Friday, "The Call of the Land" will be heard from CFRN at 12:10 and CKUA at 12:25 p.m. April will be the date of the opening program.

New Accounting Office Opened At Manville

MANNVILLE. — Mr. Cachepko has opened an accounting office in the building next to the store and is equipped to file income tax returns, set up bookkeeping systems for businessmen and farmers.

Wins Car at Hardisty

The seventh winner of the Hardisty order, the King Cole Men's Month-Club is Lyder E. Lovseth of Viking, a University student. His ticket was No. 3080.

Death of Mrs. L. E. Nelson

Lucy Ester Nelson passed away at the Vermilion Municipal hospital on Saturday March 28th after a very short illness. She was 74 years of age. Funeral services were held at the United church in Islay on Wednesday April 1st with interment at the Islay cemetery. The Rev. C. W. MacKay and Rev. E. Lacy officiated.

Mrs. Nelson was predeceased by her husband Mr. Lee A. Nelson in 1932. They were old timers of the Allendale-Morecam district. Forty-seven years she had lived at Pallis. Alberta but four months ago had returned to Vermilion to reside with her daughter Mrs. E. Magistad.

Surviving members of the family are four daughters, Mrs. Flora Throndson, Clandonald; Mrs. Mabel Coolidge, Vancouver; Mrs. Ellen Ormsbee, Vermilion; Mrs. Grace Magistad, Vermilion; and three sons, Melvern and John of Vermilion and Earl at Vancouver. There are 21 grandchildren and 12 great grandchildren.

Movers were in charge of arrangements.

Mrs. Gertrude Sarah Gannon Passes Away

aged 66 years, passed away at the Vermilion hospital on March 31st. She leaves to mourn her loss two daughters, Mrs. Ese Shattuck of Vermilion, Mrs. Jack McLean, Kitscoty, and two sons, Cecil and Tom both of Vermilion. A sister Mrs. Grace Howe lives in Detroit. There are 11 grandchildren.

Funeral services will be held on Tuesday, April 7th at 10 o'clock in the morning at the Holy Name Catholic church, Vermilion. Interment will be in the Catholic cemetery. Rev. Father Leadrigan will officiate.

Exceeds Previous Figures

The 1952-53 TB Christmas Seal sale was an unqualified success for Edmonton and northern Alberta, and also for the whole of Alberta it was announced today by D. H. Bowen, chairman of the Edmonton Kinsmen Club Xmas Seal committee.

Final campaign total for Edmonton and northern Alberta which includes the Vermilion area was reported as $97,435, an increase of $3,411 over the 1951-52 figure.

For the province of Alberta the campaign totalled $227,000 an increase of $11,090 over the previous year. Again Alberta raised the second highest dollar volume in the Canadian province, second only to Ontario.

Mr. Bowen said, "We are grateful to the people of Alberta for their continued support, and we also express our gratitude to the Press and Radio industries, without whose goodwill and active assistance we could not achieve such splendid results".

In 1930 the excise tax paid at the factory on a passenger new Canadian automobile was $3 and sales tax was 8%; today excise tax on the same car is $217 and sales tax is $143. —Quick Canadian Facts

Sow Good Seed

Farmers should be proving to themselves the value of good seed, says R. L. Pharis, Supervisor of Crop Improvement, Alberta Department of Agriculture. Plant breeders are continually producing better varieties and seed growers are cooperating to the utmost, but in many cases the man on the land is ignoring this help and depriving himself of an excellent opportunity of increasing yield and improving the quality of his crops.

It is true that good seed costs a little more, but little increase in yield is required to offset this extra cost. An increase of one bushel per acre of wheat will often pay the extra cost of the best seed obtainable. Comparative increases are 2½ bushels for oats and 1¼ bushels for barley.

Try it for yourself, advises Mr. Pharis. Buy 5, 10, 15 or 20 bushels of registered seed this spring. Sow it on clean land and alongside your other grain and note the difference. After harvest, store separately the grain from the registered seed and hold it for next spring's sowing.

Elevator agents or local seed dealers will be glad to discuss your registered seed requirements. Your district agriculturist will be glad at any time to offer suggestions ... this and other improved farm practices.

Check that date on your label!

F.U.A. ACTIVITIES AT WILDMERE

It has been some time since I, as your president, have had any report on the F.U.A. due chiefly to bonspiels etc. However that is nothing new. I believe that the town of Vermilion has the same trouble. But, farmers, this should not be since the F.U.A. is your business, and right now, our representatives are in Ottawa trying to get a better deal on the income tax returns, and will no doubt discuss the marketing of our products, and other things as well while there. This subject came under considerable discussion at our meeting. It is only by discussing these things with one another that we are able to improve our general or over all standards.

Sometime in the near future the associated country women of the world are holding their annual convention, this year in Toronto. Alberta's quota is five delegates an the Wildmere F.U.A. voted $5 towards sending them as our share of the cost. What about it ladies, why not join your union and help out? Maybe you might get a chance this and next year it could be a trip to Switzerland, Russia, Australia or wherever the convention is held.

Since it was felt the European Relief fund was a very great need $20 was voted to help it out and this would have been more had there been a better turn out.

At our first meeting Mr. W. J. Garnett will give a short talk on the County System in Alberta, prior to a general discussion on this topic. Don't forget folks, that medical service does for the later half of the year fall due in April. Our meeting will be in Wildmere on Wednesday, April 8th at 8:30 p.m.

Fred C. Haines, President,
Wildmere F.U.A.

National Air Cadet Week April 12 to 18

The Air Cadet League of Canada will observe National Air Cadet Week during the period April 12 to April 18 inclusive, it was announced recently.

In cities and towns across Canada 236 Air Cadet squadrons will observe the special week by holding church parades, "open houses" and other functions which the public will be invited to attend.

Main purpose of Air Cadet week is to provide the provincial and local committees of the League with an opportunity to campaign for public support.

In making this announcement, Mr. Macgillivray, League president, appealed to all public spirited Canadians to support the League's activities. He stated that over 75,000 Canadian boys have received Air Cadet training since the movement was founded in 1941; 50,000 have attended summer camps; close to 2000 Cadets have been taught to fly; 307 top Cadets have made goodwill exchange trips abroad; and 80 Cadets have received educational scholarships having the total value of $40,000.

The League president said that over 30 new Air Cadet squadrons in Canada have been formed the past two years and that the steady growth is proof of the fact that most Canadians have recognized the great value of the training program for Canada's youth. We are confident that this interest will be translated into effective support during National Air Cadet Week.

Hospital Board Organizes for Year

R. A. MACNAB CHAIRMAN; COMMITTEES APPOINTED

Prior to the transaction of business at the meeting on March 14 of the Vermilion Municipal Hospital Board, Messrs. Macnab, Noster and Wallington took their respective oaths of office.

Mr. R. A. Macnab was re-elected chairman and Mr. P. J. Noster was re-elected vice-chairman by acclamation for the ensuing year.

Cash statement for February was presented as follows and approved.

Bal. Fwd. from Jan.	$23,483.50
Plus Feb. Receipts	4,427.37
	$27,910.77
Less Feb. Disbs.	5,419.85
	$21,500.92

The following accounts for the month of February were passed for payment: Alta. Govt. Telephones $18.91; Alta Nat. Drugs 21.17; E. Brix 24.00; Banke's Drug 38; Can Utilities 120.30; Checker Transport 16.27; Canadian Liquid Air 4.00; H. H. Cooper Ltd. 134.86; Craig's 128.11; C N T 84.00; Col. Journal 13.80; France 124.43; G-E X-ray 33.24; W. E. Greer Agencies 253.97; Hudson Bay Co. 22.80; Herne & Pitfield 153.91; Hospital Forms Ltd. 103.21; Ingram & Bell Ltd. 93.56; Dr. P. H. Meldrum 12.00; McLaughlin's 183.37; Northern Hdwe. 97.47; N.A.D.D. 182.37; Nelson's Hdwe. 42.31; Postmaster 10.00; F. Shongrunder 8.00; Stanley Hdwe. Ltd. 479.30; E. H. Sumner & Son 44.25; Snow Sales Libry. 24.65; Swift Canadian Co. 167.39; Town of Vermilion 1,000.00; Vermilion Standard 61.00; Pearl Lockers 34.83; Wilmot Refrig. 138.23; Salaries 2,694.15; Refrig. Patients 61.50; G-E X-ray Corp. 3,000.00; Mitchell Agencies 37.44.

The following committees were appointed: House — Messrs. Barry and Walker; Grounds — Messrs. Noster, Wallington and White. Finance — Messrs. Macnab, Noster, and L. Moffatt.

Wallington-Walker: That Board make application to the TB clinic for the P.P. attachment for the X-ray machine.

Scott-Noster: That the Board accept the agreement as set out by the Associated Hospitals of Alberta and that the chairman be authorized to sign same.

Meeting adjourned.

Clandonald News

Noticed driving new cars are Harry Trach of the Landonville district with a Chev and Fred Goddard with a new Ford which has everything automatic except the steering.

Sympathy is extended to the family of the late Mrs. Nelson who were bereaved by the death of their mother in Vermilion on Saturday, following a very brief illness.

Easter Monday the ladies of St. Mary's Anglican W.A. are sponsoring a dance in the Orange hall with music by the popular Hamm orchestra of Islay. This is an annual affair and it is hoped to see a large turnout, roads and weather being favorable.

Easter Sunday services will be held in St. Mary's Anglican church Clandonald at 4 p.m. conducted by the Rev. D. A. Ford of Vermilion.

Practices continue for the three-act play "Too Many Relatives" to be presented by the Young People's club. It is hoped that if all goes well to be able to announce playing dates very shortly.

Quite a number of Clandonald members were present at the F.U.A. sub-district rally held in Dewberry on March 24th. Several very interesting speakers were heard, among them being Mrs. Redmond of Hardisty, the only lady member of the F.U.A. Board of Directors and who represents District No. 7.

Roads are a bit of a problem just at present, most main high ways are dry with the exception of the shoulders which is very soft in places. However a few more days of this spring weather should improve conditions considerably.

Speaking of roads here's an anecdote for the funniest thing seen or to be exact, heard of this week, columns. A friend of ours returning home rather late Saturday night had the misfortune to be unable to proceed any further with his automobile due to a wet spot on the road. Although close to his destination the car was blocking the road so he made his way home to fetch a tractor. Returning and waiting for someone to come to assist, he started the motor and drove the car out under its own power. Merely truth is at times stranger than fiction!

A resident here for many years until selling out about 1941 Mr. Frank Williamson is spending a few days in the district visiting with his family and renewing old acquaintances. Mr. Williamson for the past year has been employed at the new mining town of Beaverlodge away up in the northeastern corner of the province. He intends to return to the northern settlement following a five weeks holiday.

Letters to the Editor

Information Wanted On Rye School And Ethelwyn District

R. R. 1, Clandonald, Alta.
March 27, 1953.

Dear Friends:

Our grade 7 and 8 class at Rye school are taking up a special project about the Ethelwyn community and we would like to know if any readers could give us information on how the community got started, who were the first settlers and when they came. We would appreciate any pictures we could get all the information you can get. Please send out as soon as possible to

Helen Skrenkowich,
R. R. 1, Clandonald, Alta.

Pleasant Valley

It feels like spring and looks like it to by all the mud around. However things are drying up fast and it won't be long before the hoe and rake will have to be found.

Sorry to hear that Tom Sherwood is a patient in hospital in Edmonton. Good luck to you Tom.

Mr. and Mrs. Doreen Painter were injury guests at the home of Mr. and Mrs. Gordon Gould on Sunday. Housecleaning is the topic these days.

There is scarce right now as the roads are in the spring breakup stage and not much visiting is being done as a result.

Eh, Mrs. Moore, come down and get some roots from my garden. I hope that the Allandale scribe had some nice blooms from her bedbug.

The crows and blackbirds are here. It will be nice to hear the robins and meadow larks again with their cheery songs.

Mr. and Mrs. Arnold Feted At Parties

MANVILLE. — It has been one continual round of parties for Mr. and Mrs. H. W. A. Arnold who are leaving shortly to reside in B.C. On Wednesday Reta entertained her sisters and their husbands to a turkey dinner at her home. Those present were Mr. and Mrs. R. Whitson, Mr. and Mrs. Merle Johnson, Mr. and Mrs. Carmen Hughes and Mr. and Mrs. Ken Barley. On Friday night she had a number of the young people out for a social evening.

Mr. and Mrs. H. Whitson had a group of friends in on Saturday evening to bid farewell to Son and Lorne, and on Sunday Mr. and Mrs. Whitson entertained them to a turkey dinner with a number of close relatives also present. Monday night they were guests at the home of Mr. and Mrs. D. Croft.

Scratches, dents, damaged fenders doors and bodies made like new at Kee Rowe & Sons Body Shop. A complete stock of glass for C.M. cars. Phone 88. 31xtf

Mission Band, Explorers Held Easter Party

MANNVILLE. — The Mission Band under the leadership of Mrs. F. Proudfoot and the Explorers with Mrs. A. Gerhart as their leader held an Easter party on Monday afternoon in the United church hall. After games the children sat down to a party lunch and from all reports thoroughly enjoyed themselves. Mrs. Proudfoot and Mrs. Gerhart are to be commended for the work and time that they spend with these children. Their projects are very worthwhile and well organized but one must know what is being done as a result.

Hi, Mrs. Moore, come down and get some roots from my garden. I hope that the Allandale scribe had some nice blooms from her bedbug.

The crows and blackbirds are here. It will be nice to hear the robins and meadow larks again with their cheery songs.

Interesting Impressions Of England Gathered On Trip By Vermilion Couple

The following story was told to the Standard by Mr. and Mrs. Percy Willis of Clandonald after their trip and visit of several months duration in England. The story will be enjoyed by the many old country people in this area and prove of great interest as well to those who have never been in that historic land. Otherwise what will Mission Band this week?".

"We left home on Sunday, Aug. 3rd, motoring to Saskatoon to visit our son and daughter-in-law, after spending a day with them, viewing the city, we left on the C.N.R. on Tuesday the 5th at 9 a.m. arriving at Montreal at 8 o'clock Thursday. Having a day's leisure we booked a room at the Esquire hotel and in the afternoon took a sightseeing car to his principal places of interest including Notre Dame which has a very beautiful interior. We boarded the Empress of France about 10 a.m. and steamed out of the St. Lawrence down the St. Lawrence. Quebec passengers were put on by tender. The journey down the St. Lawrence took nearly two days. The trip across the Atlantic was very pleasant; food was first class, and our waiter had charge of six persons. Many games and sings were played every day, also guessing the mileage the ship had made during the day's run. 1075 was conducted from the stakes for seamen's charity. A picture was shown daily and dancing enjoyed in the evenings.

On Friday the 15th we docked at Liverpool at 6 a.m. After passing the customs we were met by Pte. Willis's cousin, Joe Marsh, whom she hadn't seen for 41 years. He drove her through Liverpool and after lunch drove us through the Mersey tunnel to his home at Heyside. We spent three pleasant days with him, his wife and son, and visited many places of interest around the countryside including a half day at Chester, a fine old town on the border of England and Wales. On Monday 18th we left Liverpool for London on a nonstop run which took three and three-quarter hours, about 196 miles. On arrival we were met by cousin Ernest, whom took us on a trip on the tube to Clapham During our 4 day stay there we went on several sightseeing trips to the city including a trip at night under the floodlights of the principal historical buildings of the city. On Friday 22nd left for Newport, South Wales, and were met by the wife's sister and her son who drove us through the valley to Cross Keys and Pontypool-on-Usk. There we saw our headquarters for 19 days, during that time we visited Newport, Cardiff, Penarth, and spent a day on the sands at Porthcawl. At Cardiff we went through Cardiff castle which dates back to the 12th century. Through marriage it passed to the Marquis of Bute in the 1766. The castle remained in the possession of the Bute family until 1948 when, with reluctance, it was given over, conveyed by way of a gift to the Cardiff City corporation. Under the archway of the castle entrance is the Clock Tower (which was built in 1777) there is a carved figure of the Devil. Inside is the Winter Smoking Room with engravings on the ceiling and walls; the Banqueting Bedroom with carved figures on the four corners of the walls. Summer Drawing Room, with carved figure heads and hand painted tiles; the Arab Room, the unusual design of the ceiling is in gold leaf. The Banqueting hall is of 15th century construction. A carved stone figure depicts a mounted warrior going to battle; murals above the wainscoting depict scenes in the life of Robert, Earl of Gloucester during 1116 to 1147. The Chaucer Room is of Italian renaissance. Coming from the reception room of men." President Woodrow Wilson who wrote of the War Val ley said, "I rode on a white horse beside the Wye and of all parts of England I have seen it has most won my heart".

Milk Deliveries Are Resumed At Manville

MANNVILLE - Mr. Glen Young formerly of Vermilion has taken over the dairying business in Manville. He is also making daily milk deliveries to the homes Mr. Young is planning to move here in the very near future

Wilmore F.U.A. to Meet

Alaska Highway Is Chief Attraction

BANFF, LAKE LOUISE, JASPER, AND CALGARY STAMPEDE NEXT IN ORDER

The Alaska highway is still the chief attraction for American tourists, according to W. H. Thompson, Field manager of the Alberta Travel Bureau. Mr. Thomson returned this week from San Francisco, where he represented the Alberta branch of the P.N.T. Association at the San Francisco Sports, Travel and Boat Show, from March 6th to 15th.

Mr. Thompson said the majority of enquiries were about the Alaska highway, with Banff, Lake Louise, Jasper and the Calgary Stampede next in popularity in that order.

There was a paid attendance at the San Francisco show of approximately 200,000 persons, who came for information about prospective vacation trips, and to examine the new sports equipment for 1953. Mr. Thompson distributed 800 pounds of Alberta travel literature and answered several thousand questions regarding travel opportunities in the province.

Wildmere Winks

The dance put on by the Junior Red Cross at our school last Friday evening turned out very well despite bad roads. A good crowd attended and the "all Scotch band" comprised of Jack Veitch of Battleview, Albert Smith of Sunwood both with violins, and Johnny Wilson of Wildmere with the accordion. J. Walkington was M.C. and Mrs. Sweeney helped out calling the square dances which went over big. Jack Veitch sang a few Scotch songs aided by Albert Smith at the supper hour. It was like old times to hear Jack sing again. His brother Blair from Mannville who was visiting him also attended. Lloyd Howard held the lucky ticket on the wall ornament. We were pleased to see Mr. and Mrs. Chas. Sweeney of Thorncliffe, also Mrs. Veitch. The Jr. Red Cross wish to extend a hearty note of thanks to all who made their dance such a success. There were $20.25 richer and especially thank the music for their kindness to them.

We were pleased to have Mr. and Mrs. Vernon Cooper and Mr. and Mrs. Newt Cooper call on us on Sunday. Come again folks when the roads are better. Hope you got back to town safely.

We were pleased to have Mr. and Mrs. Jimmie Johnston of Mannville in town on Saturday. We knew Jimmie when he was a boy as he spent a part of his childhood in the Wildmere district with his parents and sister Kathleen. Later the family moved to Mannville. We were glad to hear that his father works in Edmonton and also that the sister resides in the city. Jimmie married a Mannville girl and lives there. It will be of interest to our readers to know it is Rev. Johnston who writes the Mannville news items for our paper. Come and see us this summer Jim and Edith.

Roads are really a mess everywhere these days but in time they will dry up — maybe too dry, who knows?

Our deepest sympathy to Miss Muriel Stone and her sister in Islay, also to his surviving wife and family on the death of Mr. Roy Stone.

Mrs. J. Beebe of Sunwood is a patient in the Vermilion hospital where she underwent an operation on Friday last. A speedy recovery to health and home is wished you from your many friends Hazel.

Mr. and Mrs. Wilson Ford who have spent the past month visiting their daughter Mrs. Frank Gee and family of Isaacwood returned to town on Saturday.

MASSEY-HARRIS BUILDS WORLD'S FIRST TEST TRACK FOR POWER FARMING MACHINES

Another milestone in implement engineering progress

In 1952, Massey-Harris took one of the largest forward steps ever taken by a farm machinery manufacturer, toward the development of still better, more feed, better-preserving, trouble-free machines for power farming. Massey-Harris built the world's first full scale farm machinery Test Track", where M-H tractors, combines and other farm machines are being tested, successively and scientifically, for vibration, fatigue, resistance to shock, resistance to water and dust, stability on slopes, climbing power, traction in sand, clearance, torque, weight distribution.

Combined with practical field tests, these scientific track tests conducted under controlled, comparable conditions are providing Massey-Harris engineers with the necessary information to improve design, increase durability, and improve the performance of every M-H machine that runs on wheels.

Too Late, Too Late

Doctor Will Be Hospital a Lot Longer Than He Expected.

:: By WALTER E. KLEIN

RANDALL opened his eyes, and stared with sudden fear around the spotless, strange room. An dull ache throbbed at the base of his head. He caught a glimpse of the calendar. The 30th. The anxious beating of his heart subsided a little. He looked at a clock, that stood on a small table beside him. Three o'clock. That meant it hadn't gone off yet. In fact he still had a whole hour.

A door opened, and a white-clad girl strode in. "Oh, so you're awake," she said, brightly. "How do you feel now?"

Randall tried to sit up and groaned. He sank back against the pillow. He remembered now: the screech of brakes, a honking horn, a woman's scream, silent darkness. A jolting ride, that jolted him into confused wakefulness, then darkness again. He must have been in an accident! That revelation came to him with a shock.

"Well, well, what have we here?"

A doctor came to the side of the bed, making cheerful noises. He peered professionally at Randall. The doctor picked up his hand. Randall wished the officious fool would go away. He wanted someone competent. Randall liked competent people, even if he had to pay well for their services.

"Hmm, seems all right."

The doctor's fingers probed him, touching bones here and there. Randall winced. "Rags, galore!" he muttered. Why didn't they get someone competent!

"Well, young man, guess you're all okay. Just shaken up. We'll have you out of here in no time. Got to make room; lots of patients, you know, many . . ."

Was that the only excuse they could give him, for putting him in this cubbyhole? Randall liked luxury, even in hospital rooms.

The doctor bustled off, still chuckling.

Randall watched him go with a contemptuous smile on his lips. He took another glance at the clock. 3:15. Only forty-five minutes to go. Excitement stirred in his breast.

Lucky the accident had happened when it did. It might even come in useful. He'd been too excited when he'd dashed away from the warehouse, and hadn't been watching his step, or it would never have happened. Randall never had accidents.

But, anyhow, this one had happened opportunely.

If he'd woke up like this, in a hospital, the week before, he'd have been terrified. The Ubought of the bill alone would have started his head pounding with fright. Last week Randall was flat broke, with no plans. He was still broke, but he made plans. He wouldn't have to worry about money in forty-five or, only thirty-five minutes, he'd have more than enough money to pay all his bills and buy him a new start. The insurance money would take care of that.

He turned over and went to sleep. He'd wanted to be awake at four o'clock, but the accident and his previous labors had exhausted him. He slept soundly.

Then another he awakened to find he had a visitor. He smiled when he saw the time. The visitor was Wiggins, his messy, male secretary.

"Mr. Randall, oh my, this is terrible!"

"Well, man, out with it!" Randall's head drooped. Had it spoiled? Of course it had; Wiggins wouldn't be here if it hadn't.

"Your warehouse, it burr . . . maybe, I shouldn't tell you in, in your condition . . ."

"Never mind my condition! Out with it!"

The secretary's eyes were blood shot. "Your warehouse burned down."

Randall sighed in relief. All his plans had gone off properly.

"What!" roared Randall, "how'd it happen, man? Was anything salvaged? Was anything, er, wrong discovered? There was no reason for that building to burn. Someone was careless! Someone will have to pay!"

"No, oh no, Mr. Randall. It burned down completely! Nothing's left. It was awful!" Wiggins coughed into kerchief. "I didn't tell you the worst of it. I meant to tell you yesterday, but you were taking a long time losing any money on hand, so I . . ."

A knife pang of fright sent him. Randall. "What did you say? Come, man!"

"You didn't give me any money, and so I . . ." Wiggins retreated a step as he caught sight of Randall's contorted features. "I, I'm really sorry, Mr. Randall, but it wasn't my fault. You see, your fire insurance policy lapsed yesterday. I didn't renew it for you. I would have, but I . . ."

Randall was in the hospital a lot longer than he expected.

"SALADA" TEA BAGS

—Central Press Canadian.

TO LEAD SCOUTY CONTINGENT—Four chiefs of Canadian contingent of Boy Scouts that will attend the coronation on June 2, will be Commissioner J. Barry Cale of Shawinigan Falls, Que. Scheduled to sail for England on May 16, the group, comprised of boys from all across the country, will return toward the end of June.

Larger Demand For Homesteads In Alberta

EDMONTON.—The lands and forests department reports there was "a substantial increase" in demands for Crown lands for homestead purposes in Alberta last year.

Approximately seven townships, or 1,000 quarter-sections, were opened for settlement in 1952 and several additional townships will be opened this year.

At the end of 1952 there were 6,350 homestead leases in force covering 1,530,000 acres of farmland, providing a net revenue of $126,964. The department reported approximate value of forest products cut and removed in 1952 was estimated at $17,000,000 compared with $15,000,000 in 1951.

Last year 301,101,000 board feet of lumber, 1,194,000 railway ties and 23,000 cords of fire-killed spruce pulpwood were cut and removed from forests.

Exporting Ban On "Province First" Basis

REGINA.—Saskatchewan has decided to export her natural gas but only on a "province first" basis.

Announcement of a gas export policy was made in the legislature by Resources Minister J. H. Brockelbank. The policy follows the same general pattern as that laid down in the House of Commons by Trade Minister Howe.

Saskatoons For Your Gardens

Two named strains of high quality native Saskatoons are being introduced by the Beaverlodge Experimental Station, report J. A. Wallace and V. Chansayk, Experimental Station, Beaverlodge, Alberta. They will be welcomed in prairie and northern farm gardens where they will provide growers with a fruit they have favored since the pioneering days of the West, and where it may be difficult to produce cultivated fruits. It is fortunate that the Saskatoon responds well to cultivation since the breaking up of virgin land is fast destroying the favorite patches that were so handy to the home.

The new strains have been named Pembina and Smoky, after rivers in the regions in which the original selections were discovered. They have been selected as the best of numerous species, strains and selections growing on the station for many years. The large, juicy pleasant flavored berries are ruished for eating out of hand and as dessert. They are also desirable when preserved.

Maximum fruit quality is obtained when plants are spaced six to eight feet apart and the soil about them kept cultivated. Planted in this manner, the Saskatoon will produce an attractive rose hedge or screen, providing a profusion of colorful bloom during May. It is also valued for ornamental planting and when grown in windbreaks the abundant fruit protected alike by the ample cover of bird life during autumn and early winter.

There are several disadvantages in propagating the Saskatoon by budding or grafting that limit the opportunity of obtaining suitable root stocks, and high cost of production. Thus the new originations will be distributed as seedlings of the original selections which are propagated vegetatively for seed purposes. In fact the quality of these selections will be lost, since it has been found in the work conducted at Beaverlodge, that the real, of the seedlings retain the high quality of the parents.

Pembina

This selection was discovered as an isolated plant (clone) in the Pembina River district of Barrhead, Alberta, where fruits is large, fleshy, slightly oval and is borne in fairly long clusters. The flavor is full, sweet and tangy. The bush is upright and slightly spreading, vigorous and productive and produces comparatively few suckers.

Smoky

This strain was selected from plants growing in the native state on the station and was previously listed as B.E.S. No. 9. The fruit is large, fleshy, round, and is borne in medium-sized clusters. The outstanding characteristic of the Smoky strain is the unusually sweet, although mild flavor. The bush is high and spreading, which permits easy picking, but the form tends to hold the snow and this may cause some mechanical injury. Seed sprouts are freely produced. Western Producer.

TO CUT ACCIDENTS

Don't Speed, Be Courteous, Drivers Told

A spokesman of the Montreal Traffic Safety Council says, "Statistics and common sense prove that too much speed and bad motor manners are the chief factors in the majority of accidents. The human element is the problem.

"As for good motor manners, it simply means that drivers should be as courteous behind the wheel as they are in the office or at home.

The Safety Council listed the following suggestions for would-be courteous and accident-free motorists:

1. Give pedestrians time to get out of your way.

2. At night lower your lights when meeting other cars.

3. Yield the right of way, even though the other fellow may be wrong.

4. Overtake and pass only when you are sure you can do so with safety to other cars as well as your own.

5. Watch out for children—let them cross safely. Especially, know and obey local regulations about stopping for school buses when children are getting on or off.

6. Adjust your speed according to conditions of weather road and time of day.

7. Don't be a road hog. Keep to the right.

8. Don't "burn your way through traffic."

Itch..Itch ...and I Was Nearly Crazy

Then, first time I used soothing, cooling Resinol Ointment, my itching stopped. —Central Press Canadian.

(BROKEN ALONG WITH HIS OTHER MOCCS TO ATTEND CORONATION)—Among those Canadians lucky enough to attend coronation will be Robert L. Williams of Harrietsham, Que., one of 23 Canadian Scouts chosen to represent organization at famous event on June 2 in London. Total of 16 young men from Ontario are scheduled to cross the Atlantic for the historic ceremony.

"Night Traveller" Last Of Old Type Indians

NORTH BATTLEFORD, Sask. — Night Traveller, one of the last of the "old type" Indians, is dead. He wore long braids and a bright red hatchief around, his head and walked with an air of dignity.

Night Traveller was a boy of 10 when the Cross made their peace with the Crown at Fort Carlton on the North Saskatchewan river, and to the end he placed his faith in Queen Victoria's word. He never abandoned the revised Indian Act as

At the close of each tribal meeting at the Little Pine reserve, Night Traveller would intone in Cree: "As long as the sun shines and the river flows, the promises of the Great White Queen to her Indian children will never be broken."

As a boy, Night Traveller was made to hull a buffalo by his father. At 16 he was a brave of the tribe and a sure shot. In the fighting at Cut Knife hill May 2, 1885, Night Traveller shouldered a rifle in defence of the Indians' way of life.

It is believed that Night Traveller may have left some of the legends of the Battle River Crees on record in syllabics, the code invented a century ago by a Methodist missionary which gave the Indians their first written language other than sign writing. The legends hitherto had been handed down only by word of

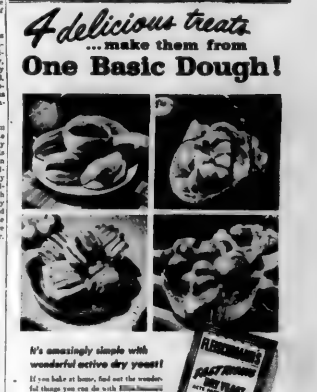
4 delicious treats ...make them from

One Basic Dough!



It's amazingly simple with wonderful active dry yeast!

If you bake at home, find out the wonderful things you can do with Fleischmann's Fast Rising Dry Yeast! Serve fragrant rolls or luscy breads at variety from a single dough! Always get Fleischmann's Fast Rising Fry Yeast — it gives fresh in your cupboard, and acts fast in your dough!

Name to Fleischmann's

BASIC ROLL DOUGH

Scald
1 cup milk
2 tablespoons granulated sugar
2½ teaspoons salt
¼ cup shortening

Remove from heat and cool to lukewarm. In the meantime, measure into a large bowl

½ cup lukewarm water
1 teaspoon granulated sugar

and stir until sugar is dissolved. Sprinkle with

1 envelope Fleischmann's Fast Rising Dry Yeast

Let stand 10 minutes, THEN stir with milk in mixed with medium meal

½ cup lukewarm water

Stir in
2 cups unsifted flour

and beat until smooth and elastic, about 2 minutes by hand or 1 minute with mixer at medium speed.

Turn out on lightly-floured board and knead dough lightly until smooth and elastic. Place in a greased bowl and grease top of dough. Cover and set dough to rise in warm place, free from draught, and let rise until doubled in bulk. Turn out dough on lightly-floured board and knead lightly until smooth. Divide into 4 equal portions and finish as follows:

1. PARKER HOUSE ROLLS

Roll out one portion of dough on lightly-floured board to ¼ inch thickness. Cut into rounds with 2-inch cutter; brush with melted butter and crease with dull edge of knife. Fold each rounded piece of dough in half and press along the fold. Place, one touching the other, in greased pan. Cover and let rise until doubled in bulk. Bake in a hot oven, 400°, about 15 minutes. Makes 2 rolls.

2. CLOVER LEAF ROLLS

Roll out one portion of dough into 9 equal-sized pieces; roll each piece into 2 balls about the size of a walnut. Place 3 balls in each greased muffin pan. Cover and let rise until doubled in bulk. Bake in a hot oven, 400°, about 15 minutes. Makes 9 rolls.

3. FAN TANS

Roll out one portion of dough on lightly-floured board into a rectangle a scant ¼ inch thick. Brush lightly with melted butter or margarine. Brush dough with melted butter or margarine and cut into strips about ½ inch wide. Stack 10 strips one on top of another. Cut through these pieces, 2 one side of the other, to make 20 pieces. Place each piece on edge in greased muffin pan. Cover and let rise until doubled in bulk. Bake in a hot oven, 400°, about 15 minutes. Makes 2 dozen rolls.

4. CRESCENT ROLLS

Roll out one portion of dough on lightly-floured board into a 9-inch square. Brush with melted butter or margarine and cut into 12 pie-shaped wedges. Roll up each wedge of dough, beginning at the outside and rolling toward the point. Place on greased pan with pointed ends down; bend each roll into a crescent shape. Brush with melted butter or margarine and sprinkle with salt. Cover and let rise until doubled in bulk. Bake in a hot oven, 400°, about 12 minutes. Makes 12 rolls.

... and it takes time to train a modern soldier. It is not a simple nor an easy one — but trained, armed strength is the only answer to threats of aggression. Let's make sure that we are prepared to defend our country — our freedom.

"GREEN ACRES"

Grass Seed Growing

In other parts of Alberta farmers have done well growing grass, alfalfa and clover seed. Why not here? The Marwayne seed plant can clean grass seed up to grade standards. The government has a policy for helping farmers to get started in growing grass seed, 50 pounds of seed is available at half price. If interested see Ed Quinn.

Alberta Safety Council Issues A Timely Rural Bulletin

A tractor in poor repair or one operated carelessly can cost a farmer his life is the warning of the Rural Division of the Alberta Safety Council as spring work begins in Alberta's agricultural industry.

Officials stress that three factors will contribute to farm safety during the busy season: tractor and farm machinery in good repair, constant precaution in operation of tractor and machinery, and the general good health of the operator.

Machinery in poor repair is costly in time and money and it is also an extremely dangerous accident hazard.

Farmers are advised to check the seat on their tractors before beginning spring work, to see that seat mountings are secure, strong and not worn. A seat suspension, breaking when the tractor is going over rough land, can throw the operator to the ground in the path of a disc harrow, tiller or plow. A spring seat or foam rubber cushion on the tractor will contribute to the comfort and efficiency of the operator.

The tractor hitch should also be checked as a safety measure to see that it is properly mounted. Power take-off, if used, should be properly shielded.

Special attention should be given to the efficiency of the tractor's brakes, making sure that they lock together, as improper brakes can swing the tractor around and turn it over or throw the operator to the ground.

High speeds should be avoided at all times. Refueling should never be done while the motor is running or when it is hot.

Several fatal accidents last year resulted from tractor operators allowing passengers to ride with them on their machines. It was pointed out. A tractor is built to accommodate only the operator — a hitch-hiker on the machine courts death.

Paradise Valley

Master Brian Gordon had his tonsils removed last week in the Lloydminster hospital.

Miss Mary Baxter who is attending nursing school at Wainwright spent the week end and a few extra days at home last week.

Miss Margaret French of Edmonton was a week end visitor at the Gordon home. She made the trip with a number of former Paradise Valley folks.

The W.A. of the United church will hold their regular meeting in the church basement on Friday April 3rd.

We regret to hear that Mr. N. A. Brown is in a Saskatoon hospital undergoing an eye operation.

Mr. and Mrs. H. E. Swayne were recent visitors at the home of their daughter and son-in-law Mr. and Mrs. Alex Henderson at Mannville and to visit the new grandson.

Mr. and Mrs. James Lund family of Elk Point have moved into the Teasdale house for the summer months.

Mrs. A. M. Levitt is visiting with relatives in Edmonton during the week end, also with her daughter Miss Helen Levitt of the Royal Alexandra staff.

Mr. and Mrs. Elmer Clay who have spent the winter in Edmonton have returned to their home on the farm. Mr. and Mrs. George Clay and family are visiting at the same event.

Congratulations to the Valley Maids C.G.I.T. girls on coming first at the recent amateur night sponsored by the U.C.T. and station CJCA held at Mannville recently. Trio we understand means 1st prize and a trip to North Battleford later on to compete. Mrs. Parker Dobson as coach of the girls was the accompanist. Mrs. W. A. Gunn is the leader of the Valley Maids and is quite proud of her group.

Mrs. R. A. Bowyer is a patient in the Lamont hospital but her many friends expect her home soon.

News Notes From Your District Home Economist

Advice on Laundering

Bleaching is no substitute for good laundering. Bleaches are made to remove color, not soil. Correct laundering procedures make white clothes white and colors clear by thorough cleaning. It's a mistake to leave in soil and then try it written it with a bleach.

Kenora Town

The successful use of armored vests for combat soldiers in Korea opens a big field for that portion of the textile industry specializing in synthetic fibres. The vest, which weighs 7¾ lbs., contains about 10 to 13 yards of fiberglass fabric and one to two yards of nylon. It has proved effective in stopping enemy bullets and reducing the number of casualties.

Alberta Horticultural Guide

We have several copies of this very informative and useful booklet which may be obtained by writing me. This guide gives you a plan of the province showing the Horticultural Zones, a list of recommended fruits and vegetables for each zone; concise information concerning spraying, ornamental plants, and other useful and practical information of value to every home or commercial gardener. Keep it amongst your gardening books for reference.

Walls and Ceilings

Are you having difficulty in deciding what type of wallpaper you should use on that wide wall in your living room or what type of paint you should use for the ceiling in your kitchen?

Write for the free booklet "The Stage Setting of Your Home" This shows how to go about papering and painting walls and ceilings and also gives some excellent ideas for decorating.

Allandale Notes

March didn't disappoint us — as we did get a storm with more snow which was welcome for moisture and wind which blocked the roads. Selias Lee opened our road so we are able to be on the go again, although in places the roads are still blocked. No mail delivery last Wednesday. Today (27th) is bright and sunny, with the thermometer around 42.

There was a good attendance at the Wheat Pool show and lecture on March 19th at the school. The lectures by Mr. Braithwaite, our District Supervisor were very enlightening and the show was interesting. Mr. Davis our Pool representative gave an outline of the Pool news. Mr. and Mrs. Peck from Chauhonah, Mrs. Braithwaite and the Borradaile Pool agent were present. The ladies served lunch and a social hour was enjoyed.

Due to the new snow which covered the ruts Woody Wilson uses on his truck south of Ralph Strome's on the Clandonald highway March 19th. He had the children and Jimmy Wilson with him, no one was injured though the truck was damaged some. Ralph Strome had the misfortune of damaging the rear of his car at home—"mind now he cut down the old post".

Mr. Williamson is on a five weeks holiday. He is employed at Uranium City in northern Saskatchewan. He is visiting his daughters Joyce and Muriel and other relatives and friends. Tom Williamson is home from the wood visiting relatives. David Williamson is back preparing for spring work on the farm. Sorry to hear little Greg Lee was in Islay hospital almost a week with a bad cold. He is now home recovering nicely.

We're pleased to state Mrs. Oscar Johnson was able to come home on March 21st. Our very best wishes for a continued improvement in health.

Iris Christman, youngest daughter of Mr. and Mrs. Ted Christman was taken to Islay hospital March 20th for an appendectomy. A speedy recovery Iris.

Sorry to hear the Magistad's brothers sister Ann of South Dakota lost her husband recently. An aunt passed the message through to Vermilion, she cared for the family at one time after they lost their mother.

Martin Magistad of Fort Kent was visiting his brothers Ed and Lawrence and families of Vermilion the week end of March 21st. Martin has improved greatly in health from when he was here the last time.

Our deepest sympathy to Mrs. Roy Slone and family and relatives in their recent bereavement.

Lloyd Darling of Spring Park was down around March 18th making arrangements for the renting of his farm. Mr. and Mrs. Rufus Irvine and family and Betty Darling of Spring Park were visitors at the Armstrong home on March 23rd.

Mrs. Nora Ronaghan motored to Elk Point on March 17 to visit with her sister Mrs. Gertie Swanson. The next day Mr. and Mrs. Mayers also were visitors to the latter's sisters. Mrs. Swanson accompanied Nora back to Vermilion and visited relatives around the district.

We hear that Nora is planning to motor to Grimshaw to visit with her son Allen and family.

On March 25th some of the Armstrong family gathered home on a surprise to their parents to honor them on their 40th wedding anniversary. Euchre was played during the evening. Prizes went to Mrs. M. Edwards first, and consolation E. Ormeau; men's Ronnie Bellingham and W. Edwards. Lunch was served around midnight and a lovely three-tiered spiced wedding cake brought by their daughter May was really enjoyed. Mrs. W. Dwyer and son Donald from the city were present. The best wishes for many more anniversaries go to these early pioneer settlers of Allandale.

An Easter Message: Easter with its mud and wet and message of life, does much to inspire human souls. It strikes the note of victory over the physical and material. If the message of Easter is not good for all days, then it is not good for any. It follows that if Easter means the same things all year round then "The power of the resurrection", means that we too have the promise of a risen life with Christ beyond the grave. It renews our faith. It renews our courage. It sets our faces steadfastly toward life, and makes it a glorious advantage of death. Thirty days death is won only when we conquer fear of it.

Annual Bull Sale At Lloydminster

The 34th annual Lloydminster Bull Sale will be held on Tuesday, May 19th this year.

Cattlemen wishing to enter animals in this sale should contact George K. Ross, Exhibition Manager, Lloydminster, for information and entry forms.

Entries close April 18th in order to publish the catalog for distribution before the sale. 37-9

Every 24 hours, your heart beats 103,689 times; your blood travels 168,000 miles; you breath 23,040 times; you eat 3½ pounds of food; and you speak 4,800 words.

$100 A MONTH FOR LIFE
FROM AGE 60

THIS IS THE PLAN . . . Suppose you are not over 50: you make regular payments to the Sun Life of Canada. At age 60 you start receiving $100.00 a month for life; or if you prefer it, $17,149.00 in cash. Both amounts can be increased by accumulating annual dividends. If you are over 50, benefits are available at a later date.

FOR YOUR FAMILY
Should you not live to the age of 60, $15,000.00 will be paid to your family on your death

The Plan covers all amounts of premiums from as little as $3.00 per month, and the cash or pension can in most cases start at age 50, 55, 60 or 65.

Ened & Tea at Dewberry church April 4th from 2:30 to 5:00 p.m. Sale of home cooking, aprons, candy and Hot Cross Buns. Come having an Easter Tea in the United and bring a friend. 38-8c

The Dewberry Ladies Aid are

HOW much have automobile insurance rates increased?

- In relation to other car costs they've gone down.
- Each $100 of insurance carried takes a smaller share of the motorist's dollar than ever before
- But cars are more expensive.
- You can't insure the $2 400 car of today as cheaply as the $850 car of 1939.
- So, in dollars, how much have auto rates gone up?

An average of 30% for Public Liability and Property Damage. An average of 60% for full coverage.

WHAT affects the cost of automobile insurance?

- The number of accidents
- The severity of accidents
- The costs of doing business
- The profit or loss of the insurance company

WHY have rates gone up in dollars and?

- Because accident costs have been soaring.

Today one person is killed every four hours in Canada — one person is injured every fifteen minutes — a loader is smashed every [illegible]

- Because accident costs have been soaring. A wrecked car costs two to three times as much to replace as in 1939 — a damaged car costs twice as much to repair — those leaders every two minutes cost three times as much.
- Because medical and hospital costs have increased an estimated 166%.
- The bill for service is the highest in history.
- Because average Canadian earning power is up 180%.

What makes higher payments to settle "lost time" claims

THEN HOW have insurance companies kept rates from going much higher?

- By cutting operating costs.

Overhead is higher but operating costs per vehicle have been slashed.

- By losing money.

Auto insurance companies paid out $65,000,000 in claims last year. They lost $6,3000 00 doing it.

THE REMEDY

- Reduce accidents.

When the accident rate goes down — when the cost of each accident goes [illegible] up — insurance rates will go down too. Comprehensive makes that [illegible]

REMEMBER —

The accident that doesn't happen never costs anybody a dime.

Many Staking Claims In Beaverlodge Uranium Field

URANIUM CITY. — "Stake some claims and make your fortune." That's the advice well-known Uranium City merchant Gus Hawker gives strangers visiting this booming mining town in the centre of northwestern Saskatchewan's 500-square-mile Beaverlodge Uranium field.

Hawker has followed this advice himself. He hopes to retire to Kingsland later this year on profits from his store and claims staked and, in general, it reflects the surging wave of optimism now sweeping the hotbed of Canada's mineral hot spots" today.

Right now, the snow-bound, bear-mountainous Beaverlodge country is alive with claims stakers, as possibly the greatest staking rush ever recorded in Canadian mining countries is unabated. During one recent 13-day period (February 26 to March 10) 1,800 claims were recorded by gold-mining recorder W. "Bill" MacDonald in Uranium City.

In all, between 4,000 and 4,500 claims have been staked and recorded here since early last summer. MacDonald believes the total could top 5,000 by the end of 1953 will top 6,000, compared to some 1,300 last year.

He dates beginning of the present rush up here (which dwarfs last August's at January 31, when he recorded 54 miner's licences. By March 10, he had said 420 and the heavy demand was continuing despite the fact that current licenses expire April 15. The total value of these stakes, he expects at least another 1,000 claims to be staked and recorded.

There are now close to 7,000 claims in good standing in the Athabaska mining district, while the total investment presently tied up in the Beaverlodge uranium field is estimated at between $20,000,000 and $40,000,000. The expenditures on exploration and development during 1953 are expected to top $8,000,000 and may end up close to $10,000,000. While money like this being spent on exploration and development, the possibility of establishing new uranium mines at Beaverlodge appears to be encouraged.

Prospectors know their minerals and they also know the mining game. When word reached Uranium City late last January that Gunnar Gold Mines stock had shot up to $11 from a few cents had fall on the strength of a promising development at Beaverlodge, they wasted no time "getting back to the bush".

Soon, everyone in Uranium City old enough to hold a miner's licence (16 years) got into the act and the staking rush was on.

Synonymous with a hectic flurry on the Toronto stock exchange has been the land office business in claims since at Beaverlodge. Well attuned claims have been going for as high as $2,000 a piece, those in poorer locations for as low as $200, Patrick Hughes, who was fame as

STILL BUSY AT 15—Caught in a rare moment, Dr. Albert Einstein, known as the father of the atomic age, is shown as he was interviewed by the press at a party celebrating his 75th birthday held at the Institute for Advanced Study at Princeton, N.J. One hundred community leaders from the U.S. and Canada were on hand to pay tribute to the brilliant scientist and professor at Princeton, who received, as one of his birthday gifts, the model of a new $20,000,000 medical centre which will be constructed in New York and will bear the name Albert Einstein College of Medicine.

Helpful Hints

Sitting fingernails (and lots of people do) is a bad habit—don't lay the blame on nervousness.

◆ ◆ ◆

Brushing the hair vigorously daily, helps to keep it clean. Washing the brush at least two or three times a week also helps keep it clean.

◆ ◆ ◆

If dirt that has become ingrained is difficult to remove, apply cloths the spots with petroleum jelly, or cream. Allow to stand for a few minutes, then wash in hot soapy water, using a soft nailbrush. Several treatments may be necessary for stubborn spots.

◆ ◆ ◆

Good lighting helps to prevent fatigue and promotes safety. Work surfaces need enough light for good seeing both day and night. Lighted wash of dull or semi-gloss finish are best for reflecting a maximum of light without glare.

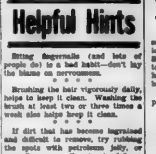
◆ ◆ ◆

Loose cotton gloves, of the gardening variety, worn when doing dusting and other household jobs, help to keep your hands "lily-white and soft." You will soon be accustomed to working with gloves on. Try it and see.

INVENTED IN 1884

Fountain pen was invented by Louis Tiffany in 1884. It is a variety of iridescent enamelled glass.

Mrs. John Brodeur Puts on Show Dessert —Finds it Best!



Take your cue from Mrs. John Brodeur ("Clare Murray" of radio fame) and thrill a family or dinner guest with this delicious dessert. Says Mrs. Brodeur, "Whenever I'm asked to serve company dessert, I always serve Magic—because it's so easy to make and so delicious. Everyone raves about it!"

Mrs. Brodeur's recipe is simple. Sprinkle 1 envelope Magic Lemon Jelly Powder over 1 cup boiling water; stir until dissolved. Add 1 cup cold water. Chill until thick and syrupy. Whip until light and fluffy. Fold in 1 cup whipped cream. Pour into 8 sherbets or 1 mold. Chill until firm. Garnish with whipped cream and cherries. Makes 6 servings.

Magic comes in 4 delicious flavors: Lemon, Orange, Raspberry, Strawberry. Get Magic at your grocer's today!

Wartime Farmers Of Impaired Driving

REGINA.—J. A. Christie, chairman of the Saskatchewan Highway Traffic Board expressed surprise that many farmers had recently been convicted of impaired driving.

"If a driver is convicted for this offence at this time of the year," he said, "it means that he will be without his licence during seeding and harvest. I cannot understand why a farmer would take this chance, when he is going to need his car all summer."

The usual revocation imposed by the board for impaired driving convictions for six months, providing that it is the first offence.

Mr. Christie emphasized that the board will stick by all decisions in such cases. The excuse that the licence is needed for farm operations will not suffice to get it back before the full revocation period is up.

DECORATING IS GOOD BUSINESS

As an aid to mental and physical health everyone, from childhood to old age, needs recreation of some kind. The school athlete benefits from his sports while the less strenuous hobbies of the older person are usually more sedentary spare-time occupations. Whatever form of recreation is chosen, it should differ from the daily job as much as possible in order to provide interest and relaxation. Those whose daily work keeps them indoors should, if possible, choose an outdoor hobby; gardening, an ancient favorite, provides exercise, interest and fresh air and is usually beneficial from childhood to old age. Handicrafts, a more restful form of relaxation, cover a wide range of interests. The public library can usually supply many books on this subject

Funny and Otherwise

Little Johnny started the day by introducing the cat to the canary. Next he upset the bowl of goldfish, twisted a knob off the radio, tied grand-dad's watch to pieces, and let the hair overflow.

"The little fiend!" his mother said when, she was told. I'll punish him for that. Now he shan't go to Sunday School!"

◆ ◆ ◆

"Mark depends on the formation of early habits."

◆ ◆ ◆

"There! I knew it! When I was a baby my mother bled a vampire to what she drank, and I've been pushed for money ever since."

◆ ◆ ◆

Miss Frost: "Before we drive any farther I want you to understand that I don't flirt, so don't try to hold my hand or kiss me. Is that clear?"

◆ ◆ ◆

"Yes."

◆ ◆ ◆

"Now that that's settled, where shall we go?"

◆ ◆ ◆

"Home."

◆ ◆ ◆

"Well, Willie, your sister and I are going to be married. Here's that for luck!"

◆ ◆ ◆

"Thanks! You just finding that out?"

◆ ◆ ◆

A woman went to a domestic bureau and asked for a maid. She looked to her like an ideal maid. She described in detail what duties to her, adding: "In our house, it has always been a custom to have breakfast in bed."

◆ ◆ ◆

"Is that so?" was the chilled reply. "Yours or mine?"

◆ ◆ ◆

The production manager was interviewing a man for a job. "How long did you work in your last place?" he asked.

◆ ◆ ◆

"Very years."

◆ ◆ ◆

"How old are you?"

◆ ◆ ◆

"Fifty thirty-five."

◆ ◆ ◆

"How could you work fifty years when you are only thirty-five?"

◆ ◆ ◆

"Overtime!"

◆ ◆ ◆

At an officers' club in London the members were bidding farewell to a man having the Far East.

"It gets very hot out there at times," suggested one member. "Aren't you afraid the climate might disagree with your wife?"

The man looked at him reproachfully. "It wouldn't dare," he said.

◆ ◆ ◆

Mother wanted to spend Saturday in town, and Father, as accustomed, reluctantly agreed to give up his afternoon at a league football match, and spend the afternoon with the children. On the return of Mother, the man produced the following letter:

"Dried tears—9 times. Told stories—12 times. Toy balloons purchased—2 per child. Average life of a balloon—15 seconds. Unaltered children's faces at close of—11 times. Times I was told to shut—21 times. Number of fisherboys I will do this again—0."

◆ ◆ ◆

Neighbor—Your baby is a dete little rascal. Does he take after his father?

Mother—Well, yes and no. His father is not quite so cute, and more of a rascal.

EDMONTON CHILDREN HAVE MASCOT MAGGIE

EDMONTON.—Maggie the magpie is the mascot of Sacred Heart School here. She has made the school grounds his haunt for about a year, and watching the children have great fun with Maggie—"who has a great sense of humor and can laugh with glee."

ALLIANCE FOR ANIMALS

NEW YORK.—The American society for the prevention of cruelty to animals has exhibited its latest piece of equipment—an animal ambulance complete with siren. Drivers receive radio, an oxygen tent and a special stretcher with straps to hold either a panic stricken animal or a ferocious dog.

Calgary Man Owns Historical Coach

CALGARY.—Earl Gammon has a coach parked in his garage at Banff that's more than an heirloom. Its value has been estimated at $25,000.

This is the coach that carried the Prince of Wales—later Edward VII—from Pictou to Truro, N.S., in 1860. Many years later it carried Queen Elizabeth, then Princess Elizabeth, and the Duke of Edinburgh at the Calgary Stampede grounds.

At the time of King Edward's visit the coach had been put on the Pictou-Truro run by an American named Hiram Hyde. Earl Gammon's father, William, bought it from Hyde for his stage-coach line from Pictou to Amherst.

When the railway put the stage-coach line out of business in 1880 the elder Gammon arranged to have the old coach preserved. It was placed in a museum before it was shipped out west.

Gammon has always shown the coach in public at Banff with two horses, but it was taken out by a team of four. Gammon says he has to get along with two because he can't find anyone who can properly drive a four-horse team.

Splendid Opportunity

For bright young men or girls in Regina and district. Apply for interview. Commercial experience not necessary. Apply in own handwriting, giving age, education, etc. Box 578, Regina.

"Little Joe" Is Big Hit

VANCOUVER.—Little Joe, a Korean mess-boy, rates as the No. 1 boy friend of the blonde Vancouver singer Lorraine McAlister. Joe says he's 12, but probably is only about nine years of age. He had to be 12 to work for the Canadian Army in Korea as a civilian helper. That's where he met Lorraine, in the Sergeants' Mess of the Lord Strathcona Horse Regiment.

A letter from "Shoche Joe" (Little Joe) is one of the treasures among the fan mail received by the singer since she returned from a visit to Korea to entertain the troops. She reveals that Joe was pretty shy, but she took him on her knee, talked to him and gave him a snapshot of herself. She told him to come to Canada some day.

Joe beat off a few kidding sergeants to keep the picture. His letter turned up here recently. It reads like this:

"Dear Lorraine:

"How are you. I am fine. I like your picture and I want to go to Canada to get education as like you. I forget my name is Joe. I shall keep your picture with me all the time OK.

"Shoche Good Boy".

you get cleaner, better grain with SEED PROTECTION this spring, use the Green Cross

BIG 4 SEED GRAIN DRESSINGS!

THE ENEMIES:
Smut, other Seed-borne Diseases, Wireworms —these crop-killers cost you and other grain-growers thousands of dollars every year. This is a needless loss because it can be controlled by proper treatment of seed before it's planted.

THE ANSWER:
the Green Cross Big 4 Seed Grain Dressings —a complete seed treatment program that includes the tested and proven dressings you need to protect your crops from the pests found in your area.

1. MERLANE
the amazing new combination seed disinfectant that controls smut, other seed-borne diseases and wireworms in operation! Costs less than $1.10 per acre of wheat, coarse grains, and less than $1.10 per bushel of corn and lentils!

2. SAN
another great new seed disinfectant that controls smut and other seed-borne diseases in wheat, coarse grains and flax! Application cost is less than 5¢ per bushel of wheat and coarse grains and less than 15¢ per bushel of flax!

3. BUNT-NO-MORE
the non-mercurial seed disinfectant that kills bunt (stinking smut) in wheat! Apply it for less than 4¢ per bushel!

4. 50% LINDANE
the proven seed dressing that destroys wireworms attacking cereal crops. Costs less than 90¢ per acre!

F.U.A. Holds Sub-District Rally at Dewberry

Future of Farming Rests On Organized Farm Groups

Opening a rally of sub-district No. 2, District 7, John Anderson, District F.U.A. director, made a plea for more farmers willing to pay their way. Enlarging upon this theme Mr. Anderson explained that the future of agriculture may rest with the efforts of organized farm groups. There are still too many farmers who fail to participate in Union affairs, who, unwilling to "pay their way" through their own efforts, are still first to claim the benefits earned by the Unions. There is a great need for workers, for local discussion of farm problems, for the intelligent study of all the phases of our business.

We must, Mr. Anderson insisted, remain non-political, and cast our vote in accordance with the interests of our own policies, and not on party lines.

F.U.A. demands for such things as cheaper fuel and fertilizer have met success in other provinces. He concluded by reiterating the need for a strong, active membership, and urged that every effort be made to contact every farmer in the district.

As the main speaker on the program, Mrs. Redman, dwelt at length on many problems of interest to F.U.A. members. Director for Dist. No. 1, Mrs. Redman is the unique position of the one woman on what is considered a masculine board of directors. She holds the position as a bona fide farmer, and herself has tackled the many problems of the farmer.

One of our greatest goals, said Mrs. Redman, should be an acknowledged pride in our profession, one of the most important in the country. As members of this profession we should demand the respect of all other groups. We should also recognize the many reforms for which we are responsible and the prizes given our organizations by other groups and other nations, who respect us as mature and influential. She spoke of the respect accorded our conventions by those from the U.S., and by such business concerns as the F. E. Williams Public Relations Boards are always well represented at annual meetings. When we recognize and act upon this prestige, many obstacles may be overcome.

Mrs. Redman is recognized as an authority on Income Tax problems. She outlined some of the recommendations made recently in a brief to Ottawa. It was urged that basic exemptions be raised, that costs of brushing and breaking be made exempt and that farm receipts and other data need only be kept for two years after farm income tax returns have been approved. At the present time, income tax inspectors could and often do, ask inspection of such files over an indefinite period of years. Most farmers are not equipped for such extensive bookkeeping. She warned however, that such data should be preserved as it might be required at any time.

In closing, Mrs. Redman advised a strong educational program. Consumers must be led to understand the position of agriculture. Much could be done to this end on a local level by farmer participation on community councils, Boards of Trade and other urban-rural bodies.

L. B. Wood, Provincial F.U.A. Vice-President, gave a short address. He spoke of the background and aims of the interprovincial conference of which he is a member. He outlined the stand that Wes Hall, conference delegate to the International Wheat Agreement debates, has been instructed to take. Mr. Wood closed the work being done by the other two conference provinces, Saskatchewan and Manitoba, and of the many gains being made by farm groups. Farm representation on the commissioners board was one gain, said Mr. Wood, and a similar appointment to the Canadian Board was an essential.

Speaking as F.W.U.A. director, Mrs. L. Rathbon drew attention to the leadership courses being sponsored by the F.U.A. to train young people for responsible positions in our organizations. She also told of F.W.U.A. affiliation with the A.C.W.W. (Associated Country Women of the World) and the work being done by that international body.

Organization work accomplished in the district during the year was outlined by Walter Fraser, sub-district director. Various resolutions were discussed and a total quorum period was held. The meeting was ably conducted by John Anderson and Mr. Rochefort as chairmen. J. Magill acted as secretary. Owing to bad roads and the fact that several district men were represented at the election of a sub-district director, no meeting will until the district convention in July.

Help those with a limited future to a future unlimited — Give generously to the Red Cross to support Alberta's Red Cross Crippled Children's hospital.

Mannville Local Items

A number of local Scouts, among them John Gemmell, Ober Stevens, Dale Young, Danny Hasinoff, Jas. Croft, David Croft, Charles Gerhart, Dale Pedersen, Greg White, Gary Arnold, Ken Schock and Geo. Wilson right, left Mark's troop in Edmonton on Tuesday of last week. They wish to thank Mr. George White for the use of his station wagon and thanks to Mr. Wm Mercer for driving it. From all reports the boys enjoyed the trip very much.

Mrs. Gus Johnson of Edmonton recently spent a few days as the guest of Mr. and Mrs. R. S. Johnston.

Mrs. R. C. Crighton underwent an operation in the University hospital on Friday of last week and is progressing favorably. Her infant son is with her mother Mrs. Chandler.

News has been received from Winnipeg of the birth of a son to Patrick Kennedy, on March 17th to Capt. and Mrs. R. Hart (nee Edith Green), a brother for Ricky.

Among those in Edmonton last week during the bull sale were R. J. Whitton, M. Johnson, J. Bryden, M. Mercer, W. Sargent, Chester Gamble, Francis McLaughlin, Johnny McLaughlin, Jas. McLaughlin of Vermilion and Nick Woyprechin. A number of wives went along for a days shopping.

Miss Shirley Gamble was a visitor at the home of her parents Mr. and Mrs. C. Gamble one Sunday recently.

Rev. R. Clennett was an Edmonton visitor on Monday. He was accompanied by Mr. and Mrs. R. Legg. Mrs. E. Hubbard, Mr. C. Hughes, Mr. and Mrs. Legg are remaining in the city for a few days.

Bruce Hubbard was a city visitor for several days last week.

Mr. and Mrs. Joe Hauck and family of Ardland, Sask., have taken up residence in Mannville. Mr. Hauck will work with the Minburn M.D. outfit. He is a brother of Mr E. Hauck.

At Grand Lodge in Calgary Mr. L. Colborne was re-elected R. W. Grand Treasurer for R.W. L.O.B.A. of Alberta. Mr. Maurice Smith was re-elected R.W. Grand Lecturer for R.W. Grand L.O.L. of Alberta.

Neighbors and friends were present at a birthday party recently for Mrs. Wats on. Mrs. J. Godke was the hostess. Mr. Watson who is at present relieving at Kinsway reported that it was worth driving 40 mi. to attend the party and have a piece of the birthday cake

Mr. Jim Summers and son Bill of Cherry Grove were callers in Mannville this week.

Mannville "Has Brens" hockey team accepted and won a challenge game on March 26 from the Viking team of like renown. The game played in the Viking Arena was witnessed by an estimated 500 fans who were much impressed by the Purple sheen worn by the visitors'. The Mannville boys wore very striking uniforms which probably helped the game along in their favor (Coach J. Kretzler, incidentally chauffeur as well, was asked to name three stars but said this would be difficult as all in his opinion the whole team starred!" Following the game the players were entertained in the Legion hall while the wives (ehem ing section) were entertained by Mrs. D Symington

The complete line-up for Mannville was as follows: Goal — F. Proudfoot. E. Larcombe. B. Macnab and C. Swain, defence. L. Mant, R. Ewing, R. Scoggins, J. Cosford, D. Croft, B. Ross, C. Black, Ford, C. Thumlert and L. Kretzler forwards.

Lodges at Mannville Farewell Members

MANNVILLE — On Wednesday March 25th I.O.I. 1946 and L.O. B.A. Prince Edward 260 held a farewell party for Mr. and Mrs. H.W.A. Arnold who have been members of the two lodges for many years. Tom was one of the oldest members of the Orange Lodge, and his many years was the central figure in the Orange Day celebrations, as King William. Mrs. Arnold too has been a member of the ladies' lodge for many years. She was presented with a Lodge pin on behalf of the L.O.B.A. by Mrs. Colborne. Mr. Arnold or 'Son' as he is known to everyone, was presented with a signet ring with lodge insignia on it. Mr. Jas. McLackie made the presentation on behalf of L.O.I. 1946.

Kitscoty News

Mrs. Alex Potter and May are visiting relatives in Edmonton and Okotoks where May will take a new position as clerk.

Mrs. Beck has returned to her former home at Meadow Lake, Sask.

Mr. Newman Browne, Mr. and Mrs. R. S. Pidcock and Mr. Brian Kent motored to Edmonton Sunday to pay a farewell visit to Mr. and Mrs. A. C. Lindell who are leaving this week for a six month holiday in the British Isles.

We are pleased to see Messrs. William Tipper and Paul Lodmell and Mrs. Stanley Gerritts around again after their stay in hospital.

The Ladies' Curling club will hold a dance in the town hall on Thursday April 9th with good music by the Marwayne orchestra.

United Church Sunday school will hold its annual Easter Service in the town hall April 5th, commencing at 11:00 o'clock in the morning. Films, "Daniel in the Lion's Den" and "Forbid Them Not" will be shown. Special Easter anthems will be rendered by the Jr. choir. Parents and friends are invited to worship with the youth at this service. Don't forget your tidies.

Mrs. Doreen Davies and family, W. G. Marshall; Harold Jones; Mr. and Mrs. A. W. Elliott.

Islay Cemetery Fund: Mr. and Mrs. C. Young; Mrs. W. H. Hutton, Muriel and Leonard; Ken and Margo.

Besides his wife he is survived by one son Kenneth, two sisters, Miss Muriel and Miss Gladys of Islay, Mr. Frank Stone, Edmonton and one grandson, Mayson.

Moyers were in charge of the arrangements.

CARD OF THANKS

We wish to thank our friends and neighbors for their acts of kindness and sympathy to us during our recent bereavement, for the beautiful floral tributes and expressions of sorrow sent to the hospital. Special thanks to the Rev. Canon T. W. Teape of Edmonton and the Rev. D. A. Ford, the pallbearers, Mrs. Simonsen, choir and all who contributed to the various memorials.

F. Stone, Sisters, Ken and family.

Public Notice

By the Board of Trustees of The
WAINWRIGHT SCHOOL DIVISION
No. 32, of the Province of Alberta

WHEREAS it is deemed expedient by the Board of Trustees of the Wainwright School Division No. 32, of the Province of Alberta, that the sum of One Hundred and sixty-eight thousand, seven hundred and fifty dollars should be borrowed on the security of the said Division by the issue of Debentures repayable to the bearer in 20 equal consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

WAINWRIGHT: 6 room school with playroom.
EDGERTON: 2 room addition, water, sewage and playroom.
RENTOWN: 3 room school, water, sewage, and playroom.

THEREFORE, notice is hereby given by the Board of the said School Division that unless a poll of the proprietary electors of the said School Division for and against the said debentures is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

H. G. POLKINS, (Chairman).

Dated at Wainwright
this 17th day of March, 1953.

INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DIVISION

A poll may be demanded in a School Division by a demand signed by five proprietary electors of each of at least twenty per cent of the districts in the division.

Every demand for a poll must be delivered to the Secretary of the Division or District, or in his absence to the Chairman of the Board of Trustees, within Fifteen days after the date of posting or of the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton.

"Proprietary elector" means an elector, who is liable to assessment and taxation for school purposes in respect of any property situate in a School Division.

Handicraft Classes Planned For the Spring Months

The Vermilion Handicraft Guild held a very well attended meeting on Thursday last at the high school. After the approval of the minutes the following classes were announced for the spring. Anyone interested in attending any of the classes should contact the instructors before April 10th:

Glove-making, contact Mrs. Jack Reid; Petit Point — Mrs. Marion Davis; Shell pictures — contact Mrs. Clendenning, teacher Mrs. McKay; Felt Work—contact Mrs. Dorothy Weeks, teacher Mrs. R. McNabb; Leather Purses —Contact Mrs. W. McDonald, teacher Mrs. Parkin.

All fees should be paid before classes begin.

An invitation was received from the Vegreville Handicraft Guild to attend their exhibit on May 2nd, be the guests at a banquet and also to exhibit some of the local Game district meeting.

work there. A motion was passed that no member under 18 years of age be accepted.

A display of work is planned for June. A fine display of work in the classes just concluded was shown and reports were received from each class. Projects from copper tooling woodwork, smocking, painting, needlepoint and sewing were shown.

Mrs. Hilda Wilson expressed appreciation and thanked the instructors. The meeting was then adjourned and Miss Shirley Holme gave an instructive talk and showed a film on types of china design and table setting.

Fish & Game League Members To Meet

The Fish and Game league will meet on Monday April 6th at 8 p.m. at George's Lower Deck. A film will be shown and a report given by the delegates from the Fish and Game district meeting.

Local News of Interest

Salvation Young People To Present Easter Play

WEDNESDAY, APRIL 8th

For your Easter inspiration the young people of the local Salvation Army will be presenting a 25-minute play entitled, "Sunrise Over Olivet" in their citadel next Wednesday evening, April 8th at 8 p.m. This dramatization portrays in a striking manner the joy created by the Disciples of Jesus Christ, upon learning of His triumphant Resurrection over the bonds of death. Colorful lighting and scenery adds to the effectiveness of this play. Special musical numbers will be provided during the evening.

"Sunrise Over Olivet" has already been presented in Mannville and at Kitscoty, and those who have viewed the play were deeply impressed. Next Monday evening it will be presented in the Salvation Army citadel in Lloydminster.

Proceeds from the offering taken at the showing in Vermilion will be used for the annual Self-Denial Missionary appeal of The Salvation Army. The public is cordially invited to attend this service.

Wainwright Girls Edge Out Lloydminster In Last Minute Rally

The Wainwright high school girls' basketball team edged out the Lloydminster high in a last-minute rally at the V.S.A. gym last Saturday evening, winning 15 points to 14. The Lloyd girls led all the way until the last minute of play when a determined rally brought the winners to the front by the narrow margin.

The game was played as a preliminary to the Cardston-Vermilion final.

Sr. Cap. Stewart's Films At Salvation Army

SUNDAY NEXT, APRIL 5th

Following the evening service at the Salvation Army this Sunday, April 5th, there will be a showing of two 8mm films on the work of Sr. Capt. and Mrs. Charles Stewart in East Africa. Sr. Capt. Stewart is a former Corps officer in Vermilion and this promises to be an unusual treat for those who were associated with the Captain during his stay in this town.

Livestock Auction Sale Here April 15th

The North-Eastern Alberta Livestock Sales Association will hold a livestock auction on Wednesday, April 15th at the local stockyards. Full particulars may be obtained by phoning Scotty Hines at 1406 or Charlie Pearman, ph. 2017. 38-8a

Midnight Preview Planned

Something new is being planned by the management of the Columbia theatre — a midnight preview will be shown on Monday morning April 20th at 12:01 a.m. This is 10 minutes past Sunday midnight. The feature on that occasion will be "Lydia Bailey" a musical, an entertaining musical. 38-8a

Royal Arch Masons Hold Annual Reception At Vermilion

The annual reception of the Vermilion Chapter No. 30 A.F. and A.M. Masons this year took the form of a banquet which was held at the parish hall of the Anglican church on Wednesday evening and at which 73 members of the fraternity, wives and family friends were present. Comp. Norman Crooks of Mannville presided at the gathering and introduced the guests. A minute of silence was observed in memory of the late Dowager Queen Mary. The catering was by the Happy Hour group of the church and drew high praise from everyone there for its excellence and the deliciousness of the viands provided.

Comp. H. P. Long gave a very interesting review of the Chapter since its inception in 1914. After the close of the dinner, the banquet-ers were treated to a show of coloured slides taken by Comp. M. Hill, all of which displayed wonderful technique in photography. The slides depicted some beautiful local studies as well as views of the Blue Lake country. Of particular interest was one showing shots of ferns cleaning up a field of grass, happens at Elk Point, another gave a fine display of northern lights, and a rainbow late in the afternoon. Trees laden with fruit were also shown. Mrs. Hill gave a running description of the slides. A film of Waskesiu National park was also treated of. The evening entertainment was voted quite a success and most enjoyable by all.

Mr. and Mrs. L. Buchanan of Islay wish to announce the engagement of their eldest daughter Alice Ellie to Joseph Ehlrer, eldest son of Mr. and Mrs. J. Ehlrer of Athabasca, Alberta. The wedding will take place in St. Anthony's Catholic church, Lloydminster at 10:30 a.m. Easter Monday, April 6th.

An open reception will be held at the home of the bride's parents between the hours of 3 to 6 p.m.

Mrs. Dale Williams and young son Billie, also Mrs. Cliff McCormick, accompanied Mrs. Hilda Cross to Calgary recently. While there they spent a day in Banff where it was very much 'springtime in the Rockies'.

Staff-Sgt. and Mrs. J. C. McPhee are their little daughter Barbara from Edmonton were guests of Mr. and Mrs. A. Locke over the week end.

Mrs. J. K. Greenwood has recently accepted a position with Stephens' Limited, where she will have charge of the ladies' ready to wear and dry goods department. Mrs. Greenwood has had a wide and varied experience in all phases of dry goods retailing.

Mr. and Mrs. Dan McMullan of Clandonald have now returned from the Chisholm Sawmills where they have spent the winter. Mrs. McMullan is going on a visit to Ireland in May. She came to Canada seven years ago as a war bride.

Mr. and Mrs. J. D. Adam left on Wednesday for a holiday trip to Vancouver and other coastal points. Stop-overs are planned at Edmonton and Calgary. They expect to be away for some three weeks. The trip is being made by car. They are accompanied by Mrs. Adam's mother Mrs. Snider of Edmonton.

Mrs. A. Bauer and son Alvin spent Tuesday in Edmonton. On their return they were accompanied by Mrs. Jeannie Burns who has spent the winter visiting relatives in Toronto, Montreal, Brandon and Salmon Arm, B.C.

Mr. and Mrs. Ken MacDonald o' Riley and formerly of Vermilion were among the guests present at the Masonic banquet Wednesday evening. They were most heartily greeted.

The population of Ontario is 11 persons per sq. mile.

Legion Notes . . .

We have an important announcement to make. Col. and Mrs. E. Brown of Edmonton will attend our Vimy dinner on April 9th. Col. Brown who was at Vimy himself will have a good story to tell of that battle at the first world war. President George Martin and his executives urge all veterans to come out to this dinner meeting. Bring your wives and lost girl friends. Ladies Auxiliary members you know that single men get only $5- per month and married men only $80 per month. This is barely enough for house rent. How can these people buy food and clothes? There are veterans who are unable to work or who cannot find steady work. They are mostly pensioners but the pension is deducted from the grant made under the War Veterans Allowance. Would everyone who gets help under this allowance please let us know. The Vermilion Branch is anxious to see a better deal for our older disabled veterans.

agreed at our February meeting that every member should get another veteran to join up. Have you brought in your man yet?

Cards for blazers and Legion ties are now available from your secretary. All sizes are on hand.

The Dominion Command is making a big effort to persuade the Government of Canada to increase the War Veteran's Allowance. Do you know that single men get only $5- per month and married men only $80 per month? This is barely enough for house rent. How can these people buy food and clothes? There are veterans who are unable to work or who cannot find steady work. They are mostly pensioners but the pension is deducted from the grant made under the War Veterans Allowance. Would everyone who gets help under this allowance please let us know. The Vermilion Branch is anxious to see a better deal for our older disabled veterans.

Snowboard Teacher Returns To School By Aeroplane

Crows, the forerunners of spring, are making themselves heard these days. Funny withered crows have been out for weeks. Gophers are also having a look around.

Mrs. Lawrence Lamont of Marwayne who is now teaching at Rye, went home before the snow storm and was snowed in. The local snow plow broke down so that it was impossible to get out by car. As Mrs. Wittaney was very anxious to get back to her school she gratefully accepted the offer of Mr. George Laurie to fly her over in his small plane. Due to the high wind this proved to be a rough trip. As neither passenger nor the pilot were familiar with the landmarks of the district from the air two landings were made before the right school was found. The small plane finally landed with the grace of a bird in Harold Cooper's field just west of the school.

The writer wonders why so many motorists demand highway traffic rules by parking on top of hills, obstructing the view from either side. This is a very dangerous practise and the cause of many accidents.

Loan of $69,000 Is Received By Town

UNDER RELIEF-LIQUIDATING PROJECTS ACT

The town council held a regular meeting on March 18 with Deputy Mayor G. G. Ferguson and Councillors Payne, Reid, Webb, Sutherland present.

Correspondence: J. L. Jones re sidewalk frontage: Harold LaTrace re sidewalk collection: Dept. of Municipal Affairs re contractors license: Fire Commissioners re certificate of merit: Central Mortgage and Housing re housing project in Vermilion: Dept. of Public Welfare re Welfare Grant: Dept. of Health re grant: M.D. Vermilion re hospital budget: Alberta Civil Defence re training course: D. L. Wood re taxes. Winspear, Hamilton, Anderson and Co. re application for 1953 audit: Hon. Roger Teghtsoonian re

Mr. G. Martin interviewed the Council with regard to starting First Aid classes in connection with Civil defence. He advised that he had not been successful in finding an instructor in town but that he could get one from out of town to instruct for $1 per lecture and 10c per mile travelling expenses. The council thanked Mr. Martin and advised that the matter would be dealt with.

The water and sewer monthly financial statement was read and approved.

The following motions carried:

That the Returning Officer be paid $15. for conducting the poll on March 16th and that each poll be $8 as poll clerk: that the deputy R.O. be paid $7.50 and poll clerks 2, Isardie be paid $6.

That the amended short form of Local Improvement report be acceptable to this municipal body.

That auditors for the year 1953 be Winspear, Hamilton and Anderson.

That the Town Council wish to convey their congratulations to the fire brigade on receiving the Certificate of Merit.

That Motion 12 of March 2 meeting be amended to read the Court of Revision will meet on March 25.

That the application of the Town of Vermilion to the Provincial Government for a grant of $60,000 under the Relief Liquidating Projects Act be approved.

That authorization be given to hire an instructor at $4 per lecture and 10c per mile travelling to and from mile from relay to instruct class in First Aid for the Civil Defence project.

That building permits be granted to the following: David C. Brown Lot 18, Blk. 26, Plan 6357 KW; Mrs. Doreen Devine, addition Lot 18 Blk. 25, Plan 6357, KW.

That John Toner be permitted to move a house on to Lot 15, Blk. 25, Plan 6357 and that E. Bruney be to move a house on to Lot 17, Blk. 26, Plan 6357; and Mrs. M. Lee to move a house on to Lot 7, Blk. 2, Plan 6357.

Waterworks Extension

That By-law 353 be given the 3rd and final reading.

Sewer Extension

That By-law 354 be given 3rd and final reading.

The Clerk was instructed to write Mr. A. Bridges, Prov. Fire Commissioner that he make presentation of the Certificate of Merit to the Fire Chief at the Firemen's banquet April 8th.

If interested in Wagner of Minburn, list for grants, Mr. A. Hubbard Consolations went to Mrs. Pine Gordon and Mr. Bob Lorcon.

The meeting for dancing was supplied by Mrs. R Lang and Mr J. Johnstone and after a number of dances a delicious lunch was served by the committee in charge. After lunch a number of novelty dances kept the party going until 2 a.m. M.C. was Mr. H. White of Minburn.

Sports Day Will Be Held Monday, May 18th

Jack Brown Elected President of V.A.A.A.

Vermilion's annual sports which feature a greater variety of athletic and baseball competition than any other day in the year, will this year be held on Monday, May 18th. The 18th is the holiday observed in honor of May 24th which this year falls on a Sunday, according to Canadian statute enacted at the last session of Parliament. May 24th will henceforth be observed on the Monday preceding the 24th in order to assure a long holiday week end. Accordingly this year it is May 18. Details of the sports have not yet been arranged.

Jack Brown is President

Elected as President of the Vermilion Amateur Athletic Association this year is versatile Jack Brown who has already donated largely of his time and talent to hockey and music in Vermilion. The complete slate of officers is:

Hon. Pres. —His Worship Mayor Heckbert
President — Jack Brown
Vice-Pres. — Frank H. Walker
Sec-Treas. — Fred Hurst
Executive—Ken Urquhart, Louie Roy, John Hamilton, Dan Carmichael, Norman Welsh, Jim Bell and the immediate past president, Stan Manyluk.

Services Activities

Retiring President Stan Manyluk in his report reviewed the activities of the association for the past year, showing that their interests were many and varied, but much worthwhile, and worthy of the active and financial support of everyone.

To begin with the annual sports day on March 24th last year broke all previous records for attendance and competition. 47 ball teams saw action during the day and the gate receipts were the biggest in the history of the association. This was due to a perfect day, an early spring that saw summer in the sports well started, and a sports program that had something for everyone.

Peewee Hockey

Pee-Wee hockey continues to be the responsibility of the V.A.A.A. This year the organization of the four-team Pee-Wee League and the schedule was in the hands of Jack Brown, also the coaching of the teams. Following the final play-off game in the league Mr. Brown had organized a Pee-Wee night and team for all of the youthful hockey players.

Rural Hockey Tourney

Another red letter event was the rural hockey tourney, also organized especially for the rural player. Its popularity continues and Mr. Manyluk thanked the Rotary Club for sponsoring the trophy. He thanked Mr. Stanley Watt and Mr. Ken Urquhart who had refereed yeoman service at every game.

The high school track meet had been cancelled last fall due to the polio epidemic playing school policy.

Mr. Manyluk thanked all the members of his executive and everyone else who had helped with the year's work.

Vermilion Valley Park — Project For '53 Year

G. W. Sutherland reported that the new provincial park in the Vermilion Valley would be in use this summer and it was understood that all organizations in Vermilion would contribute in its development in one way or another. He stated that a considerable amount of children's playground equipment had already arrived and suggested that one way in which the V.A.A.A. could help was by setting up the equipment at the two beach sites already selected.

Sportsmen Ball at Manor

A. M. Watt who will shortly leave Vermilion, suggested that a sportsmen roll of honor be set up in the town. Inscribed thereon would be boys, men or teams who had made their mark on the world of athletics and sport, as well as citizens who had made outstanding contributions towards the development or building of grounds or sports facilities. This idea was well received and will be given consideration by the executive this year.

The main gate of the athletic park will probably be changed this summer, and route tree planting will be done. Ground for the trees has already been prepared.

Good Year for Sports

In closing president Stan Manyluk said that while the year had been a fruitful one for sports in Vermilion he thought it could shortly be supermanned by the best year in the history of the association. Many new sports days and golf course, first of any town in the west, would ever stand a monument to his memory.

Stan went on to commend the Vermilion Kinsmen Midgets whose showing in the provincial playdowns indicated that they were certainly the second best team in that classification in the province. The same rave had beaten them out by but one goal, and then went on to win the title by wide margins. He mentioned the showing of the curlers in Edmonton recently, the first year of the V.H.L. girls in winning the northern Alberta basketball championship, the Pee-Wee hockey and the Eastern Alberta league title — all a very satisfactory year in sport for Vermilion.

Pee-Wee Night April 15

The final act will be ring down on Junior hockey for the season just when the Pee-Wees, Midgets and Juniors will be guests of the V.A.A.A. at a bean feed and program Wednesday evening April 15. The cup will be presented to the champion Pee-Wee team at that time.

Plan Annual Canvass

The annual canvass for funds by the Vermilion Amateur Athletic Association will take place in the immediate future. It is hoped that all business places will respond generously to this appeal which assures participation by all lines of sport required. All employees of town organizations should become members at $1. each.

New Curly Cup Final

Through the kindness of James Richardson & Sons of Edmonton, a moving picture of the Grey Cup football game played in Toronto last fall was shown to the public gathering at the beginning of the meeting. Accompanying the film and drawing attention to the highlights was Mr. Gordon Gilford of Edmonton representing James Richardson & Sons. The picture was very good and was greatly enjoyed.

By The District Agriculturist

"GREEN ACRES"

Radio Program

A new radio program on agricultural topics is being broadcast by the Provincial Department of Agriculture, Edmonton. CKUA will carry the broadcast at 12:30 p.m. and CFRN at 12:10 p.m. Mr. Everett McCrimmon, who was an instructor at the Vermilion school of agriculture until recently is in charge of the program.

Coyote Control

Bert Hodek, Field Supervisor for the Vermilion River District has advised that he will hand out coyote getters to any farmer who will put them out for killing coyotes. Chester Gamble the Field Supervisor for Minburn M.D. will do likewise. If interested you can contact either of these men, or leave your order at my office.

Cattle Sales

A farmer from the Clandonald area told me last week that he had just lost 3 head of young cattle from black leg. This is the time of the year, when cattle are turned out on the fields, that is the most dangerous for black leg. I can only urge people again to get the blacking malignant edema vaccine from your drug store and use it on all cattle under two years of age. All calves were done last spring they should be done again as the vaccine is not totally effective for more than a year.

Burning Hobble

Vermilion River and Minburn M.D.'s have passed by-laws which prohibit the burning of straw and stubble except under permit from the guardians. It is my information that one has very little chance of getting one of these permits as the policy is to conserve the stubble and have it worked into the land. This is very helpful to the soil and also protects the land from wind and water erosion.

Livestock Improvement

Over 40 bulls sold at the Edmonton Bull sale are coming to this district. Some of them were bought by farmers and some are going out in groups of 3 farmers on loan. There is no doubt that these good bulls will have a great effect on the quality of beef cattle being raised here.

Grass Seed for Sale

Brome and Alfalfa seed is much cheaper now than it has been for many years. People who have been planning on seeding down some of their worn out land ought to do it this year. The Alberta Seed Growers Co-op has seed stocked for sale in the district. The agents are Mar. Wayne Seed Plant, Gordon Rose, Vermilion, Mr. McCauley, Manyville and Tyra, Innisfree. Also the Searle Grain Co., Vermilion and some other elevator agents are taking orders.

Seed Plant Meeting

Shareholders of the Vermilion Seed Cleaners Association are urged to attend an important meeting on Saturday April 11th at 2:00 p.m. in the Legion hall

Seed Cleaners Shareholders Meeting

SATURDAY, APRIL 11th AT 2:00 P.M.

The Vermilion Seed Cleaners Association will hold a shareholders meeting in the Legion hall on Saturday April 11th at 2 p.m.

The Vermilion River M. D. council has agreed to contribute $13,000 provided that the Association puts in the same amount of share capital for the purpose of building a seed cleaning plant in Vermilion. It is absolutely imperative that the Association have $13,000 by the date of the next municipal council meeting. There are now no restrictions on the sale of these shares. They can be sold in either municipality or in town. Come out and decide once and for all if you want this plant.

Vermilion Seed Cleaners Assoc.,
E. H. Buckingham, Sec.-Treas. 39

Unique Wedding Is Solemnized at The United Church

BRIDE AND GROOM FROM SCOTLAND'S GRAMPIANS

A wedding unique in that both bride and groom came from the Russian occupied zone of Germany took place in Trinity United Church, by clearance last in Edmonton, was solemnized on Saturday, March 28th at 4:30 o'clock in the afternoon. The ceremony united Miss Elsie Walenstein and Mr. Otto Ewel, both now of Edmonton, in the holy bond of matrimony.

The bride, Miss Elsie Walenstein of Edmonton, the daughter of Mr. and Mrs. Walenstein who now reside in Vermilion, was wearing a lovely floor-length satin gown with a lilac lace bodice fashioned with a drop shoulder neckline with full bishop sleeves formed fily points over the hands. The skirt of illusion lace over white satin extended in a train at the back. Her headdress was a halo of seed pearls and rhinestones and her veil of French illusion net. Her only jewelry was a three-strand pearl necklace, gift of the groom. Bouquets and lily-of-the-valley made up the bridal bouquet.

The maid-of-honor, Miss Joan Welsh of Edmonton, wore a strapless gown of yellow lace and taffeta with taffeta with Bishop sleeves and lace gloves and carried a braided headdress. Her bouquet was of white carnations.

There were two bridesmaids, Miss Talita Stein of Edmonton, chose a strapless gown of blue taffeta, drop shoulders and full skirt, with matching headdress and bouquet of pink carnations. Miss Gertrude Ewel of Edmonton was a bridesmaid.

Miss Truly Krepostelius, also of Edmonton, wore a blush brocade satin and nylon gown with the daintiest yoke, matching headdress and bouquet. Her maid's attendants were Mr. Eric Walenstein, brother of the bride, Mr. Norbert Ewel, brother of the groom, and Mr. Jonas Krepostelius, a friend.

Following the wedding ceremony a reception to the immediate family and close friends was held at the home of the bride's parents in Vermilion.

Both the bride and groom were born in Germany. The bride's father, the Russian occupied zone some three years ago so made a free flight to Canada. The bride who arrived *from the same zone*, accompanied her family to this country two years ago in search of a free and happier life.

The young couple first met in Edmonton resulting in the romance which led to their marriage *here* on Saturday. The bride's family moved to Vermilion several months ago where the father is miller at Wiebe's mill. They all love Canada, the full free life with its many opportunities appeals to them greatly. They are very happy in their new land and have already proved themselves useful industrious citizens. Both the newlyweds speak English fluently and their early general outlook on life can confidently look forward to a happy and prosperous future.

Reg Spencer Dies

Reg Spencer was here from Berry-head to attend the annual banquet of the Vermilion Fire Brigade.

Scholarship, Prize Winners Announced At V.S.A.

(continued on page 3)

Curlers To Hold Important Meeting

All curlers and business men and farmers interested are reminded of a special meeting to be held at the curling rink on Monday, Apr. 13th. Plans will be made for the new curling rink. 39c

Archbishop To Bless New Holy Name Church

ON SUNDAY, APRIL 19th

On Sunday, April 19th, beginning at 11 a.m. Archbishop MacNeil of Edmonton will bless and officially open the new Holy Name Church.

Immediately following the blessing by His Excellency High Mass will be celebrated by Rev. E. Doyle, chancellor of archdiocese, after which sermon for the occasion will be preached by Rev. Father Lacroix of the Congregation of the Most Holy Redeemer, Edmonton.

Following mass the Stations of the Cross will be erected by the Holy Name Choir, under the direction of the ladies of the C.W.L. In the basement of the new church at 1:00 p.m. there will be the main speaker of the day, His Excellency Archbishop MacDonald. Dinners will be continued to be served until 5:00 p.m., a cordial invitation is extended to everyone.

2b4d

HIGHLAND GAMES JUNE 13

St. Andrews will hold their Highland Games on June 12th. Farm Day this year. Everyone's day has been proclaimed a holiday in Alberta. Watch for details.

Delegates To A.T.A. Convention

Delegates to the annual A. T. A. convention being held this week in Edmonton are M. F. Smeltzer of Vermilion, J. A. Cameron of Kitscoty and John David of Streamstown. Mr. Smeltzer is the Vermilion school division A.T.A.

First Aid Lectures Start April 16th

The first lecture in the Civil Defence First Aid classes will commence on Thursday evening, April 16th at 8:00 p.m. in the Memorial Hall. The course consists of twelve lectures. As many as possible please attend so that classes may be well organized.

NEW SECRETARY FROM LAC LA BICHE

Last week the Standard stated that Mr. Eldred H. Weeres, the new secretary-manager-treasurer of the town council, was from Athabasca. This should have been Lac La Biche.

New Game Inspector Arrives Here

Mr. Wm. King, the new game inspector who succeeds George Sens has arrived in Vermilion and is now seeking living accommodation for his family

Tulips Get Early Growth

Remarkable early growth is noted in the garden of Mrs. Cliff Porter where tulips are showing a healthy growth already. These bulbs were put in set last September and appear really became well rooted in the mild fall weather resulting in their very early start. They first showed through on April 4th

Golfers Attention!

Don't forget the Golfers' party in the Legion hall on Thursday April 16th. Members and prospective members are welcome. A good turn out is expected for this evening's entertainment. 39c

H. B. Evans New President of Vermilion Garden Society

GLADS AND DAHLIAS ARE PREMIERS THIS YEAR

Mr. H. B. Evans, a former president of the Vermilion Horticultural Society was elected to this office for 1953. Mr. Evans follows Mr. Wm. Krause who has been president for the past two years. The newly elected secretary is Mrs. H. Tebbutt.

At the recent meeting it was decided to order gladiolus and dahlias again this year as premiums. Every member is to get six gladiolus bulbs and three dahlia bulbs without charge. The varieties have been carefully selected for earliness and size of blooms.

The executive plans on having 150 members in the Society this year. Everyone interested in growing flowers or vegetables should join up now and obtain the full benefits of the society. As the funds must be watched soon it is urgent that citizens see the secretary right away

This year the Society plans to give out seeds to boys and girls in grades 7, 8 and 9. This should be an interesting project for the young-sters. It is expected that flowers and vegetables grown by these junior gardeners will be shown at the flower show which will be held in this year on August 20th.

A delegation from the Society is to meet the town council about the proper sodding and planting of trees along the streets. Also the delegation is to press for a more efficient clean up campaign.

It is proposed to have an authority on landscaping to visit Vermilion this spring. If anyone wishes to have this expert look over their landscaping and make suggestions for landscaping the same, you should leave your name with the secretary.

Banqueted by The Board of Trade

Curlers And Hockey Team Honored

As a feature of appreciation for a job well done, the businessmen of Vermilion represented by the Board of Trade, honored the players and executive of the Tigers Hockey club, and the four members of the Curran rink, at a dinner held in the Legion hall on Monday evening. All arrangements for the enjoyable affair were carried out by the entertainment committee of Martin Shacke and Jack Kneale. It was very well attended and an excellent turkey dinner was served by the W. A. to Canadian Legion.

Mr. Keith Chalmers, president of the Board presided and stated in his remarks that it was easy to see by the attendance that the businessmen of Vermilion really appreciated the achievements of the Tiger Hockey club in winning the Eastern Alberta league champion-ship this season and of the four members of the Curran rink, Darrell Curran, Lloyd Magnus, Glen Gilbertson and Gordon Rose in the Bonspiel. Between the two of these outstanding sporting events the town had been treated to a real treat of entertainment.

Chalmers then introduced the guests of honor, Mayor Heckbert, Reeve Ferguson, Mr. Bill Bentley of the V.S.A. for co-operation in the use of their starry players of the Tigers were also present. These boys were allowed out to all games and practices, and this support from the management was a long way towards Vermilion having a top notch team. Excellent behavior, Boys, Stan-ton

Coach Elmer Keeler

Playing Coach Elmer Keeler was given a great hand when called on to speak. He stated that it has been a real find for Vermilion and that he really appreciates here. He sees a very fine example in sportsmanship and exerts a much needed influence on the Tiger players.

Coach Keeler stated that it was not a case of two or three fellows winning a cup but hockey is strictly a team game and every man on the team has his part to play. This is true of the Tigers who are a particularly excellent bunch of boys.

Johnny St. Marie Most Valuable Player

The annual award made by Craig Bros. of a trophy to the most valuable player on the Tiger club was made by Mr. Ken Urquhart to Johnny St. Martin in absentia. Johnny was away at Prince Albert attending a New York Ranger hockey school. Mr. West stated that every man in the club was a fine player, proved themselves real sportsmen and did splendid job throughout the season.

In closing the timely affair, Mr. Chalmers spoke of the very successful winner of sport enjoyed in Vermilion this spring. Besides the curlers, the Midgets had done well in provincial playoffs, had won the high school basketball championship, and would play for the provincial title. Pee-Wees had been looked after all season.

The well attended and enjoyable gathering was then closed by singing the National Anthem.

HOCKEY CLUB MEETING

Hockey Club annual meeting in the Legion lounge on Tuesday April 14th, Wednesday April 15th. The feature of the evening will be

Holden Church Men's Club

The April meeting of the United Church Men's club, Vermilion, will be held in the hall of the church at 8:00 p.m. Wednesday April 15th.

Forage Crop, Trash Farming Subject of Talk At Mannville

MANNVILLE.—At a public meeting on Tuesday, March 31st, in the Orange hall sponsored by the Agricultural Service Board and well attended by the district farmers, Mr. C. Sterling spoke on Forage Crops and use of fertilizer, and Mr. Chesley on the use of machinery in trash cover farming. Mr. Burkingham, District Agriculturist from Vermilion spoke on grass seed. Mr. C. Comrie was in charge of the meeting.

The Weather

Fine weather prevailed all week until Wednesday evening and since then two inches of wet snow has fallen, melting almost as fast as it comes down. High for the week was 60 on April 6th and the low was 20 on the 3rd.

—By courtesy of Dept. of Transport Evan Station Vermilion

Carlston Expresses Appreciation For Enjoyable Visit

Carlston High School,
Carlston, Alberta,
March 30, 1953.

Mr. M. F. Smeltzer, Principal,
Vermilion High School,
Vermilion, Alberta.

Dear Mr. Smeltzer:

On behalf of all who travelled to your friendly town of Vermilion I wish to express my sincere gratitude to you, to your staff — to Kokotailo in particular — to your team, to your student body, and to all the townspeople for their interest so much in making our stay so thoroughly enjoyable. Indeed we have had a season in neighborliness they will never forget.

We, of course, are very happy that the "silverware" accompanied us on our journey south. Nevertheless we feel that a great deal of praise is due both your team and your coach for their spirit, ability and sportsmanship.

We surely hope that in the future we will again meet in play-offs the Provincial championship - the next time in Carlston so that we might in some small way, repay your very wonderful hospitality.

Good luck to all and thank you again.

Sincerely,
Shirley L. Gibb.
Alex D. Jardine.

Helpful Girl Guides In Evidence Saturday

Members of the 1st Vermilion Company of Girl Guides were very much in evidence on Saturday afternoon last. People with arms filled with bundles found store doors opened for them. Ladies carrying babies were relieved of their precious burden by a willing Girl Guide and their arms given a welcome rest. The Guides were also quite willing to look after little children in the stores while mother did the shopping, and to look after kiddies crossing the street. These are only some of the cheerful services rendered and observed by the Standard, knowing the Guides, good turns would probably be in a dozen other ways but the above were very

Father of Clandonald Lady In Queen's Birthday Honors List

Included in the list of Queen's birthday Honours published in Eng. land was 69 year old Alderman George Murdy who received the British Empire Medal. Alderman Murdy is the father of Mrs. M. Tobyn, well known Clandonald district lady. He was born in Cowden and has been a miner all his life. He retired in April, 1952. He is a former treasurer and delegate of the Bessade Branch of N.U.M. In 1921 he was elected a member of the Blyth council and has been an alderman for the past 9 years. For 13 years he was a member of the old board of Guardians and is still a manager of the Blyth and Cowpen Catholic schools. It is believed the award to Mr. Murdy has been made for his long and conscientious service to the mining industry and his work for Blyth council. Alderman Murdy went to London to receive his award. He was also presented with a wallet from his fellow members of the Council and of the N.U.M at a supper held in his honor.

Former Dewberry Lady Dies At Hamilton

MRS. J. STANLEY SLOAN

A former Dewberry lady, Mrs. Jennie Sloan, wife of the late Stanley Sloan, passed away at Hamilton on March 30th. Funeral services were held April 1st and interment was at the Woodland cemetery, Mr. and Mrs Sloan were early residents of Dewberry locating there in 1908 when the former was manager of the Imperial Lumber yard. The family remained there until the early 1930's when termination of Mr. Sloan's position was announced due to his ill health.

The family then moved to Ontario where Mr. Sloan died. Mrs. Sloan and their only son Jim lived in Hamilton where he is now associated with the National Bakeries owned and operated by the brothers of Mrs. Sloan.

Auction Sale for Harold Wilson

Harold Wilson is having a closing off auction sale at his farm 8 miles south of town on highway 41 on April 24th. Harold has sold his farm land so that all equipment, etc. must be sold. Watch for bills and advertising. 35-3c

Home and School Organized at Islay

On Wednesday evening April 1st a Home and School Association was organized in the Islay school district. Mr. Simonson, school superintendent, and Mr. F. H. Walker, principal of the public school at Vermilion outlined the aims and principles so thoroughly that those who were there were sorry that others missed the evening. Mr. Daryl Martin was elected president and Mrs. Violet Schaefer is secretary-treasurer. At a later meeting it is hoped to have some representatives from Pleasant Valley, Holyrood and other schools when plans will be appointed to the executive. Come out and make this venture a success, your school a community centre. You may have the wrong idea as to the functions of such an association, come and find out at the source just what the aims are. The next meeting is April 20th at 8 p.m. These meetings will start and stop on time.

Spring Tea, Sale of Work

On April 18th in the afternoon a spring tea and auction sale of hand work will be held in the hall. How about coming Mrs. Gordon, Kathryn and family — somewhere for everyone. It is expected that there will be ice cream for the children as usual. There is another quilt to all ready at Mrs. Martin's. It is a pretty one all from the bag of pieces from Mrs. T. Torrance.

Good Attendance at W. A.

There was a good attendance at the W.A. on Thursday at Mrs. McLean's. Miss Bessie Anderson gave a most interesting report of her attendance at the Northern Branch of W.M.S. in Edmonton. Our presbytery of Vermilion has merged with others and is now much larger and called "St. Paul's Presbytery". It entails a great amount of business in getting re-organized, so we have not yet learned our allocations. One needs to read to get informed so if we women in our W.A. and W.M.S. would read, even the Mission Monthly and the Church Observer a great amount would be learned. Put there are any amount of books too. Let's read!

Mr. Jack Bristow looking hale and hearty was in town on Sunday calling on all his old time friends. He says Mrs. Bristow is really well, no signs of asthma or even a cold for a year and a half now.

Remember George Bowen? Oh sure. Well, he was visiting his sister Mrs. Jim Smith in Kitscoty over the week end. George driven a Prefect and makes it trip from Edmonton on a mere little bit.

Residence Sold

The house belonging to the late Mrs. Fall was sold at the auction sale to Mr. Billie Hannon for $1005. The rent being moved away the family will live in town, much easier for the children still attending school.

Mr. Charlie Robertson returned Sunday from Vancouver where he had been for a week, visiting his mother who is quite ill.

Mrs. Violet Schaefer and children returned with her sister Mrs. Dallin and family who had spent the week end in Islay at Mr. and Mrs. Henry Olds.

There was a good attendance at the Fall Estate sale on Tuesday and we noticed many folks we had not seen for some time, Mr. and Mrs. Maurice Watt of Kolmer, Mrs. McCaughan Sr. Mrs. Lila Oram, well in a huddle telling some amusing story (we think) from the laughter coming from there Mrs. Potvin, Mrs. Bolton and Mrs. Grant.

Garfield Potvin from Brooks was home for the week-ends.

Remember the Amateur hour on the 24th in the hall.

AUCTION SALE

Auction sale for Asst. Herpetad 7 miles south and 2 miles east of Kenilworth on Thursday, April 23. Complete line of new machinery 20 pure bred and grade cattle. Complete listing in this paper next week. Marshall Jackson, auctioneer 35c

Wally Sebolt of Edmonton is opening a barber shop in the Watkins' building in Islay Main street. The shop will be located in the basement next door to Photocraft. See announcement in the advertising columns.

THORNCLIFFE

MANNVILLE SCOUT CORNER

The April meeting of the Thorncliffe Ladies' Aid was held at the home of Mrs. Thos. Thompson on April 1st, at 2 p.m. Many thanks, Mrs. Thompson, we were impressable to Mrs. R. Clark's. Five members and two visitors, Mrs. Joe Vert and Mrs. George Doherty were present.

The meeting was opened with the singing of 'O Canada', followed by the Women's Creed and the roll call — a yard of grey flannelette and a bar of soap for Greece.

A lovely thank you card was acknowledged from Mrs. Doherty.

The Social Welfare convener, Mrs. J. Moore, reported no one sick during the past month.

The treasurer Mrs. R. Clark gave the financial report, revealing a small profit made from our previous dance.

Mrs. John King was elected as the official delegate to attend the Edmonton conference in May. Mrs. Earl Watt the president, may accompany her. Members who are sending handicrafts please have them ready about the middle of May.

Quilt pieces were handed out by Mrs. Watt to the members to be made into blocks. Would members please hand their finished blocks in to Mrs. Watt before the next meeting, as we would like to start the quilting then. Also bring along your grandmother, mother-in-law or a friend to help quilt.

A very interesting topic was given by Mrs. R. Clark about 'Life in England'.

For the social Mrs. Thompson took us for a trip to the Coronation, complete with horses, coach and guards.

After the singing of 'God Save the Queen', a lovely lunch was served by the hostesses, Mrs. R. Clark and Mrs. Thompson.

The next meeting will be held at the home of Mrs. R. Clark on May 6th at 2 p.m. The roll call will be an article of used clothing for Greece.

Ladies' Aid for Scouts Formed At Mannville

MANNVILLE. — At a meeting held in the school auditorium for the purpose of forming a Ladies' Auxiliary for the Scouts and Cubs Association, there was a fair turnout of parents and a wonderful turnout of boys. Mr. Gordon Ross, Field Commissioner of the Scout Movement, spoke briefly to the boys of Vermilion on the value of Scouting. He said that this movement is a worldwide brotherhood of boys formed for the purpose of giving them training in citizenship, and teaching them to co-operate and work with their companions. He stressed the necessity of working with their scouters and assured the boys that any assistance he could give them would be forthcoming at any time upon request.

Mrs. Acheson of Vermilion who is active in the ladies' auxiliary to the Scouts in that town, spoke to the ladies on the necessity and the formation of an auxiliary. This matter was left in the hands of those ladies present, and they plan to organize immediately.

The possibility of a larger meeting place was discussed and this matter was still a future date.

The committee of the Scouts Association wish to thank Mr. Ross, Mrs. Acheson and Mrs. Smeltzer for attending the meeting and for their assistance.

A MONEY MAKER
Every farmer should sow a few acres of clean land to some Registered seed each year. This has been found to be one of the money-makers for the farmer. The cost is very little.
See the nearest Searle Agent for varieties and prices delivered.

Sixteen Years Ago Today

April 8th, 1937

A. E. Kaiser was elected president of the golf club, Mrs. C. L. Whitney vice-president and R. Bury, secretary-treasurer.

The town is undergoing an overall spring clean up.

W. M. Glanvill started his tailor shop in town.

The new skating rink was officially closed Monday after one of the longest seasons in years. Skating began earlier last fall and has continued later than usual this spring. Contrary to usual procedure when the ice was just allowed to melt in the building with resultant dampness and rotting of timbers, the ice is being removed in large pieces and hauled away.

Flat ducks were reported on Wallington's lake.

Livestock Auction Sale Here April 15th

The North-Eastern Alberta Livestock Sales Association will hold a livestock auction on Wednesday, April 15th at the local stockyards. Full particulars may be obtained by phoning Scotty Jones at 1408 or Charlie Pearman, ph 2017. 39-2c

Thirty-two Years Ago Today

April 6th, 1921

The civic census completed on March 31st, 1921 gives the population of Vermilion as 1415.

The town council introduced the poll tax of $1 per person over 21 years who were not otherwise on the assessment roll. This is for educational purposes.

A U.F.A. local was formed in the Morrison district with Ed Fenton as president, R. S. Van Patten secretary-treasurer.

Heavy snows have fallen this week and now everything is in a slushy state. Moisture is abundant.

Seven year old Freddie Beinecombe was a patient in the hospital.

OBITUARY

MRS. LUCY ESTHER NELSON

Funeral service for the late Mrs. Nelson of Vermilion, Alberta, who passed away on March 29th, 1953, was held in the Islay United church on April 1st. Rev. C. W. MacKay and Rev. E. P. Bone officiated. Interment took place in the Islay cemetery in the family lot beside her husband who predeceased her in February, 1952, her youngest son Albert July 1923, and her grandson Lester Maynard April 1938. Pallbearers were Messrs. Gus Thrasher, Corey Omness, Ed Maginkal, Hugh Hagen, Wm. Armstrong and Wm. Meyers.

Mrs. Nelson was born in Fort Benton, Montana, Aug. 30th 1878. The family moved from Montana to Manitoba where they lived for a few years before coming to Alberta in 1906 during the covered wagon days. They experienced the hard winter of 1906-7 there with a brother John Nelson. That summer they moved on up to Edmonton and further north to what is now Vilna, and were among the first homesteaders to settle there, being 60 miles from a doctor Mrs. Nelson often acted as mid-wife, always ready to give a helping hand. In 1910 the family moved to the Moreton-Allendale district and farmed 1940 the present 4-1 to live on the shores of Lake Wabamun, at Faille, Alberta where for thirteen years she enjoyed the peace and quietness of nature's beauty, and springtime when she could have a wonderful garden which she loved to share with others. Last November she came to live with her daughter Grace and family where she could be near her son Jack in Islay.

Many beautiful floral tributes were received from:

Sons and daughters Flora and Gus, Mabel, Hebert and Elsa, Ellen and Orley, Grace and Ed, Earl and Jeanette, Johnny and Barbara, Lucy, Enoch and family; Debbie, Ralph and family; Edwin, Alvin; Theodore, Esther and family; Della, and Jimmy and family; Hilda, Don and family; Orlene and Paul; Mr. and Mrs. Boyd Nelson and family; Mrs. Oscar Johnson and family; Ort and Jessie Stromme; Mr. and Mrs. McCambridge and Leo; Mr. Lord; Mr. and Mrs. Jack Lamen; Mrs. H. Spencer, Tom and Dorothy Watt; Mr. and Mrs. John Ockerman and family; The Clandonald Community; Jessie and Jack Mann; Mr. and Mrs. Roy Berg and family; Congregation of the Alliance Mission; Mr. and Mrs. L. Magistad Vern and Mary Thompson; Lorraine and Lloyd Crumback.

Cancer Donations: Joan, Lorne, Alva Johnson; Charlie and Mrs. Moore and family; Mr. and Mrs. Eli Berge and family; Mr. and Mrs. C. Christman and family; Mr. and Mrs. T. H. Hobbs; Mr. and Mrs. Jack Young.

Crippled Children Fund: Helen, Anna, Lee; Vernon and Leslie; Mrs. Mabel Lee; Mr. and Mrs. O. W. Armstrong; Mr. and Mrs. S.

Claysmore Clippings

Mr. and Mrs. A. Oland and family motored to Edberg on Friday to spend the Easter week-end with home of their parents. They returned on Monday evening.

Mr. and Mrs. Stanley Gerrie of Edmonton spent Easter Sunday at the home of Mrs. Gerrie's parents, Mr. and Mrs. R. M. MacMillan.

Mr. and John Beatty are spending a few days with their grandparents at Clay more.

Mr. and Mrs. Tom McCauley and family motored to Edmonton on Sunday and a few days visiting Mrs. McCauley's mother Mrs Blair and her brother Wm. Blair.

Mr. and Mrs. Jack Wilkes expect to go to Edmonton soon to bring their daughter Linda home. She has been undergoing treatment at the University hospital for two weeks.

Mrs. Mac-and MacMillan of Edmonton is spending the Easter holidays at her home here

The fur trade, for a century and a half the entire basis of northern economy, still sustains almost the whole native population of the N. W. T. and Yukon.

Braes Community Centre Held Fare-Well for Arnolds

MANNVILLE--The Braes Community centre held a farewell party for Mr. and Mrs. Ben Arnold on Tuesday, March 31st. Mr. Arnold is one of the old timers of the district and there were a great many friends present to bid them farewell. The evening was spent in playing novelty whist with the following as the prize winners: Ladies 1st, Mrs. R. Davis, Mrs. Jack Parker; Consolations, Mrs. Robt. McLaughlin and Chris Jensen. Music for the evening was supplied by Mr. and Mrs. Jas. McLeckie and Mr. Carmen Hughes.

A presentation on behalf of the community was made to Son of a shower and pope and pocket, and to Rose a train case and compact. Mr. and Mrs. Arnold will be missed in the district where they took an active part in whatever activity was under way.

Lee and Family: Mr. and Mrs. Ross Wilkinson and family; Fraser Wilkinson, Tom and David; Pat MacAgbon.

Cemetery Fund: Mrs. Amy Holinbeck; Mr. and Mrs. Louie Holbeck and family; Mr. H. L. Eddie and family and Mrs. Hazel Eddie and family; Maurice, Minnie and family; Ray, Helen and family.

Alliance Mission: Marley and Georgetta: Lorraine and George; Elaine and Lavern; Mr. and Mrs. Marin McBride.

Memorial Fund: Mr. and Mrs. P. Monaghan and family; Mr. and Mrs. P. Cowrey and family; Mr. and Mrs. H. E. Eddie and family; Mr. and Mrs. J. Parchewski and family; Mr. and Mrs. T. Christman and family.

She leaves to mourn four daughters Flora Throndson, Clandonald; Mabel Coolidge, Vancouver; Ellen Omness and Grace Magistad, Vermilion. There are, likewise and John Nelson, Vermilion and Earl Nelson, Vancouver. There are 21 grandchildren and 13 great-grandchildren: one sister in the States and one brother at Lac la Biche.

Services were in charge of the arrangements.

CARD OF THANKS

The memory of the kindness and sympathy shown us by our relations, friends and neighbors will remain with us through the years. We are truly grateful for the comfort you have given us in our sorrow and for the beautiful floral and memorial tributes. Special thanks to Dr. Bradford, the nurses, Mrs. Robertson, Rev. MacKay, Rev. Berg and Moyers Funeral Home.

The Nelson Family.

E. CORLEY — The — Quality Jeweller

Recent estimate show that the average Canadian telephone user, in paying his bill, annually contributes $12 in taxes to the Federal government.

Wildmere Winks

We will start with a couple of items we unintentionally left out of our last news: Congratulations to our Editor of the Standard on his 50th birthday. May you enjoy many more happy birthdays Mr. Cooper.

Death of Petry Bach

Our district was deeply and shocked when word was received that an old friend and neighbor for many years in the person of Mr. Peter Bach, had passed away in the Wainwright hospital. Mr. Bach retired only a couple of years ago and went to live in Wainwright. He farmed for many years in Auburndale district and was one of the early grain truck haulers in our part. He was unmarried and leaves one sister, a niece and nephew in the U.S. and a host of friends here to mourn his passing. His funeral was held at the Auburndale church and he was laid to rest in the church cemetery. Many attended the services even with the bad roads.

Children and teachers alike are enjoying a break from school duties over the Easter holidays.

Percy Graham, student nurse at the Ro.si Alex hospital, through the kindness of Mr. Alex Stone who drove to the city out brought the girls home on Friday, spent until Sunday evening at her home. While in paying his bill, annually contributes $12 in taxes to the Federal government, took them back Sunday evening. Besides his daughter Marian there were Peggy Graham, Louise and Doreen Stone and Audrey Watts on the return journey. Many thanks for your kindness, Stella.

The writer was able to attend church on Sunday evening at the Anglican church in town thanks to Mrs. W. J. Garnett and Mrs. S. Pilkie. After taking Peggy in to Vermilion the writer visited at the Pilkie home until church time and then came home with Mrs. Garnett. It was nice to be able to attend Easter service once more and Rev. Ford gave a very interesting sermon. The hymns too were very much enjoyed. We all hope the prayers that went up that night for Carson and Mrs. Teape in their time of anxiety will be of help to them and their little girl who is ill.

The writer and family enjoyed a lovely dinner and a nice visit at the Cruthers' home on Easter Sunday.

We all wish Mr. Tom Sherwood of Bowtell who has been a patient in the Royal Alex hospital, a speedy recovery to health and home.

Cliff Cruthers is to enter the local hospital this week for an operation. Quick recovery Cliff.

Mr. and Mrs. Johnny King and children Kathleen and Cecil of Thorneliffe were Sunday afternoon visitors to the Wallington home.

The original provinces of the Confederation of Canada were New Brunswick, Nova Scotia, Ontario and Quebec.

NEW BOOKS AT THE LIBRARY

New books received during March by Frog Lake Chapter I.O.D.E. for the Vermilion Public library:

Adult

Young Renzey, Jalna, Whiteoak Heritage — Mac De La Roche
Sods in Your Eye—M. Lamwell
The Lotus and the Wind — John Masters
The Cruel Sea—N. Monsarrat
The Diamond Coast—E. Schulberg
Sun, Moon and Stars—W. T. Shilling and R. S. Richardson
Love's Aldo — M. Widener
Invisible Searle O'Neil — R. Simon
Ring Horse—T. W. Duncan
The Doctor Wears Three Faces, Forty Odd — Mary Burd
Death Doubles Death — George Bradon
Murder Out of Season—Leonard Gribble
Crime Upon Crime — A. Gask
Scared to Death—George Bagby
Clouds of Witness — Dorothy L. Sayers
The Journeying Boy—M. Innes
Body in the Brick. Murder Incorporated—Canada Cannon
Buried for Pleasure—Ed. Crispin
Night's Cloak, Conspirator Inn — R. R. Punahon

Deer Lake

Easter Sunday was quite pleasant despite the cool weather early in the day. Wonder if Carol found the Easter Bunny!

Leslie Bowman is looking well after his recent tonsilectomy.

We had quite a nice chat with one of our former school teachers, Miss Kitty Ryan. Miss Ryan now has a good position in Edmonton.

The writer and daughter spent a pleasant evening in the Dupuit home last week. We enjoyed the music by Peggy also several songs by Jimmy Phillips. The ice cream was good Lenora.

Miss Peggy Dupuit is spending a few days of the Easter holidays in Edmonton.

Mr. and Mrs. Proud had the family and grandchildren for Easter Sunday.

The writer spent a week in Lloydminster lately. While there we had a good time at a dinner given by the local representative of the Nu Life Stationery Steel Co. put on in the home of Mrs. G. M. Kinsbella. These boys really know how to cook.

A Thought — Much happiness is overlooked because it costs nothing.

ANNOUNCING
BUICK'S GREATEST CARS IN 50 GREAT YEARS

★ It has a newly-designed Fireball Straight-8 Engine. *The importantly stepped-up Fireball Straight-8 actually gives the 1953 Custom with Dynaflow even better performance than the 1953 Roadmaster. And this brilliant new performance is achieved with amazing economy and without the need for premium fuels.*

★ It has Fireball Horsepower. *Engine horsepower for Buicks has been increased to 150 on Dynaflow-equipped models and to 125 on cars with Buick Synchro-mesh transmission for more brilliant performance.*

★ It has a compression ratio of 7.6 to 1. *New combustion chambers responsible for 7.6 to 1 ratio with Dynaflow, shortens flame travel for greater power and fuel efficiency.*

★ It has a new "Twin-Turbine Dynaflow Drive. *New axles for swifter, quieter, more efficient gateway to infinite smoothness at all speed ranges.*

★ It has Variable Pitch Stators.* *This year the Buick Custom with Dynaflow Drive offers you the wondrous handling ease of G.M. Power Steering.*

★ It has a still finer ride. *The safest, steadiest, most buoyantly level ride that Buick's advanced engineering has yet produced.*

*Optional at extra cost.

A General Motors Value

WORLD'S NEWEST V8 POWERS The Super-Nu Roadmaster

Buick SUPER 4-Door Riviera Sedan

Buick SUPER 4-Door Riviera Sedan

"Yes, there's wonderful news about the 1953 Buick SUPERS and ROADMASTERS, too. For instance, they're powered by a completely new V-8 engine with one of the highest compression ratios in the industry. It develops 188 horsepower for Roadmaster, 170 for the Super and 150 for the Skylark Super, and it's so compact that a new, more maneuverable chassis has been built around it!

But no listing of facts and features can do justice to the phenomenal Golden Anniversary Buicks. No words can really tell you the beauty you see, the comfort you feel, the excitement you know when you make first-hand acquaintance with these big, beautiful, bounteous Buick Centuries and Supers and Roadmasters for '53.

So come in and see for yourself that these are, in simple truth, Buick's greatest cars in 50 great years!

Now on display

Ken Rowe & Sons - Phone 106, Vermilion

HERE you see pictured the Golden Anniversary Buicks —engineered, styled, powered and bodied to be fully worthy of their parvenu role in the fiftieth year of Buick building.

A quick listing of simple facts will reveal just cause for celebration. Let's start with the new 1953 Buick Custom.

★ It has a newly-designed Fireball Straight-8 Engine. *The importantly stepped-up Fireball Straight-8 actually gives the 1953 Custom with Dynaflow even better performance than the 1953 Roadmaster. And this brilliant new performance is achieved with amazing economy and without the need for premium fuels.*

OUR COMPLETE SHORT STORY—

BOOK ABOUT LOVE

Henry Was Advised, "Get a Book, See How To Win Lenore And Keep Her Then."

By Lillooe M. Mitchell

LIFE seemed swell for Nancy. She always got what she wanted. Except the man. Nancy had figured very definitely on a man. She knew what he looked like and how tall he would be. Unhappily, she learned that you can talk a brother into a blue dream and a father into an art course but no girl can dream-up a man out of thin air.

Meliora, too, worked at the advertising agency. She had a red-haired fellow, Steady. He could see no girl except Meliora. In spite of a dozen girls hot on his trail, Oliver Bassett was buying Meliora's double-ring outfit at ten dollars a week. Because they were so blissfully happy themselves, both Meliora and Oliver trusted every person they met. Except they knew. Fruitlessly.

"You've got this romantic idea all crooked," Oliver explained. "Your rejection slip is showing and you don't even get your hat. You think you don't fancy these men we've paraded. Listen to Momma! They aren't eager after you. You've given them the word about giving you a ring later on; nothing about another date. You have to pop up to interest a man. Act gay and thrilled. Get a book. See how to win lovers and hang onto them."

It really gave Nancy a jolt. Meliora was her best friend. Meliora had gone to university and majored in sprechen. And she had won her own man. Nancy began to comprehend that managing the home folks was simple in comparison. Secretly she got a book and found the language stuff was out. Active, not passive was the idea. She would almost, she told herself, as soon be an old maid as to speed up and p-u-s-h the way these how-to-win-romance writers dictated. Almost.

Then a salesman swung into the office and without waiting for the curt, "Wait-on-the-bench-please-he-is-in-conference-now" — shoved into the boss' office. Nancy sat still, still during him. After the door closed. Twenty-three or four, narrow-bisped, wide-shouldered, blonde, very tan, eyes like velvet and a wide smile.

"How are you, Dream-boat?" he greeted her as he passed on into way out. "I'm Toby Wade, salesman of lose of, your art." He quirked a golden eyebrow at her sketch and grinned. "It's not too bad. I c'n sell it, anyhow. I'm on the force, so to speak, as of tomorrow. Name, please?"

"Nancy Lee," she said gaily.

Toby was her man. His spec said so. Her heart said so. Active, not passive; gay but quiet; merry, laughing . . . Nancy made swift resolutions.

Meliora promptly fixed up a fourth date. Toby looked even better in his black tie and tux. It was not so difficult as Nancy had feared. Her heart, like the old song, seemed to dance. Toby's voice singing with the orchestra, that voice close to her ear for her alone, was like molten gold. She was glad she had had her pale gold hair set into the halo of curls. She really looked sharp, Toby assured her gravely.

It was music in Nancy's ears.

For eight weeks they dated two and three times a week and Nancy, the passive, donned a cape of gaiety that got her down when the rainy season set in. She was tired of from all the unusual spinning, she told Meliora. A sudden dampness drenched her to the skin.

"I'm so tired I could die," she told Meliora between sneezes.

She felt even worse after the hot bath and Meliora's dinner. She smeared her face with a turpentine mixture to let her breathe; she let Meliora rub her chest with an ill-smelling remedy. She braided her hair into two tight pigtails.

"I'm going to get the doctor. You never looked worse," Meliora said.

As if in answer to Meliora's idea, the bell rang. There stood Toby.

"Oh sorry," Meliora said cheerily, "Nancy's got a cold and she's feeling low—"

"Go wash your dishes," Toby told her. "I want to talk to Nancy."

He looked down at Nancy thoughtfully. For one galvanic moment, Nancy tried to sit up, tried to act gay. She was too tired. Her head throbbed. She looked up at him and regretted She trouble. Slowly her eyelids closed. She tried to feel sorry for herself. She was losing Toby. He was saying something.

". . . y'see, since I got on a real job I'm not as lively as I was away back when, Nancy. Tired, now 'n again. I was crazy about you all the time but I was afraid I couldn't keep up to your pace. Now I see we're right on the same mental plane. And physical, too. How about it, Gal, you going to marry me—soon's you're up? Say, next Thursday?"

No moonlight, no roses, no music. Toby seemed to be spinning like a top now But she must have nodded because Toby leaned over to kiss her lightly. Those books! All wrong, she said sleepily. What a relief!

(Copyright—Canada Newspaper Syndicate)

New, Larger Jasper Lodge Opens June 10

A new, larger fireproof building will replace the structure destroyed by fire last Summer at Jasper Park Lodge. The famous Summer resort will open the season June 10 and close September 15 this year.

R. Sommerville, general manager, hotel department, C.N.R., in announcing construction of the new building, said the structure will be 60 per cent. larger than the former building and contain a number of new features. It will, however, retain the character of the old building.

Built of concrete, steel brick and fieldstone, the alpine atmosphere will be brought out by the finish of cedar logs in some walls and the roof "shakes" of the roof as well as peaks and gables with wide overhang.

New highways, bridges and improvements on existing roads are also planned.

Golf week with the well-known Totem Pole trophy as the main prize, is to be held Labor Day week.

The C.N.R.'s two other Summer hotels, Minaki Lodge, in the Lake of the Woods area, and Prince Lodge, in Nova Scotia, will open June 24 and June 27, respectively. Both will close September 8.

Do You Know That . . .

Color blindness is inherited through recessive genes, but is five times more common among boys than girls.

QUEEN ELIZABETH has approved the design of this medal to be awarded members of British Commonwealth forces for service in Korea. At left is a plaster cast of the reverse side of the medal and in a representation of Hercules, hero of Greek mythology, slaying Hydra, a nine-headed monster. The word Korea is in the exergue. At right is a cast of the obverse side of the medal bearing an image of the Queen closely resembling the uncrowned effigy recently approved for use on coinage, but in higher relief.

Associated Press Cartoon

WILL CHANGE NAME TO ACCEPT GRAND AUNT'S $250,000 BEQUEST—Pvt. $250,000 and a 10-room home, the son of General A. G. L. McNaughton, commander of the Canadian section of the International Joint Commission will change his surname to Leslie. The 23-year-old second son of the Second World War commander of Canada's overseas forces has been notice that he will seek to take the surname of his grand-aunt, the late Mrs. James Norman Stuart Leslie of Kingston, Ont. Long the favorite relative of Mrs. Leslie who was childless, Lt.-Col. Edward Murray Dalziel McNaughton will apply in a county court judge in Ottawa on April 27 for the change of surname which will enable him to claim the legacy of Mrs. Leslie, who stipulated that, to inherit her property, he must take her family name.

Ulcer Worth $27,500 To Buffalo Man

BUFFALO, N.Y.—An ulcer brought Maliber Reicrmiat, 50, a railroad car inspector, $27,500.

He was awarded the amount by court after he charged the ulcer was caused by nervous anxiety when he was dragged 80 feet beneath a boxcar in the railroad yards.

RECORD OUTPUT

REGINA. — Production of Saskatchewan crude oil in 1952 was about 25 per cent. greater than in 1951, reaching a record output of 1 696 000 000.

APPETIZING RECIPES

Baked Spareribs with Sauerkraut

Baked Spareribs with Sauerkraut

Two sides spareribs, salt, pepper, 1 large can sauerkraut, 1 small onion, 1 apple, 2 cloves, 1 tsp. caraway seed, 2 tbsp. brown sugar.

Cut spareribs into serving size pieces. Put a layer of ribs in the bottom of a large roasting pan. Sprinkle with salt and pepper, seasonings to suit old-time sauerkraut that's been popped up with onions, apples and

Combine kraut with chopped onion, chopped apple, caraway seed and brown sugar. Cover with water. Put sauerkraut on top of rest of ribs. Sprinkle with salt, pepper and paprika. Add a little water if sauerkraut seems dry. Cover pan and bake in a 325 degrees F. oven for 1 hour. Uncover and cook another half hour. Serves 4.

James Sinclair Once 'State' Famed University Hen

VANCOUVER, BC — A 26-year-old mystery disappearance of a world-famed University of British Columbian hen was cleared up.

Then hen, called "No. 6", had an egg-laying record that had ranged the globe and was the prize possession of the university agriculture department.

It disappeared in 1927, while an agricultural hall was in progress in a downtown supper club. The famous hen had been brought in as a "prop" for the event. The hen was missed after the ball and it was two days before it appeared once more in its coop on the university campus.

Where the hen went or how it came home was a "forgotten mystery" until Federal Fisheries Minister James Sinclair of North Vancouver made a disclosure.

He said he and fraternity brother Bert Tupper (then university cop) captain and now general manager of North West Telephone Company, took the bird home to the fraternity.

"The next morning Sinclair said some fraternity members wanted to kill the bird and fry it. A strong advocate of the hen's cause was Ralph Ball, now general manager of Columbia Cellulose at Prince Rupert B.C."

Sinclair said that when they found they were subjecting no ordinary hen, the fraternity rushed the fowl back to the campus.

Students Urged To Seek Jobs In Canada

LONDON, Ont. — President G. E. Shiels of the Canadian Manufacturers Association told Canadians to lose their "traditional inferiority complex" and stop running south after the "once almighty American dollar".

Shiels told Business Administration students at the University of Western Ontario that "far too many Canadians are still afflicted with what has been aptly termed a national inferiority complex."

"Canadians should get wise to themselves," he said. "They should realize that our nations, including the United States, recognize this country as a leader in commerce and the councils of the world, even outstripping the U.K., in many important fields."

Shiels detailed Canada's increases in production, trade and wealth during the last 10 years and said these achievements were widely recognized.

The Right Hon. Vincent Massey, the French and other shrewd and long sighted nations of the world are turning more and more to our country as a safe and profitable repository for their capital," he said

Shiels warned the students, however, that while he wanted them to make their careers in Canada employers were not favorably impressed by young men "who ask about the company's pensions plan almost before they take off their hat."

"The employer doesn't like to feel that before the prospective employee has even discussed what contribution he can make to the company he wants to know all about what he can get out of it," he said

He also warned that their university degrees would be no "open sesame" to an executive job.

"You still have a lot to learn about business when you take your first job," he said. You need to learn a lot more than Joe Dokey who went to public school and has come up through the company the hard way has learned a lot on the way up.

WORLD'S HOT SPOT

The world's year-round "hot spot" is the island of Manaawn in the Red Sea. The mean annual temperature is about 86 degrees Fahrenheit.

Alberta Farmers Add To Income By Cutting Second Growth Timber

ROCKY MOUNTAIN HOUSE, Alta. —Farmers in this district are logging their farms today, just as their fathers did 50 years ago.

Second growth, mostly spruce and poplars, is not as large as before but the local farmers find enough large trees to keep small mills going making boards for newcomers to the area and farmers extending their farms.

In the old days two or three farmers would join forces, buy and operate a small mill. Today most of them are doing the same thing, while a few are hauling them to the nearest station as well.

NO ARGUMENT

BOSTON - A woman visiting Boston was reprimanded by a policeman when she failed to halt for a stop sign at an intersection and protested that in her home "we just slow down and look in both directions." Traffic Master the policeman said, "There's no room for an absolute reason of forward movement."

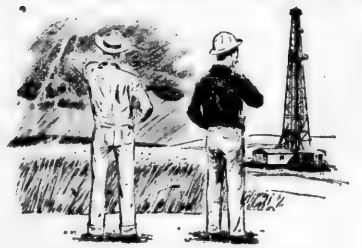
Oil is a Gamble too !



Farmers and oilmen have a lot in common. A farmer sows a crop, but what he harvests is up to nature.

By the same token, there are many hazards peculiar to the oil business. In spite of scientific improvements and techniques applied to the business of searching for oil, the only way to determine the presence of oil is by drilling. And drilling a wildcat well is one of the most risky ventures in modern industry. Pushing a hole thousands of feet into the earth has cost as much as a million and a half dollars—yet more often than not, wildcat wells turn out dry. Since 1946, for example, the odds against a wildcat well finding a new oil field have been 23 to 1 in Western Canada.

Because oilmen took the gamble—and are still taking it—everybody benefits. Across Western Canada, oil discoveries have brought increased governmental revenues, payments to farmers for surface use, new employment, and the lowest petroleum product prices in the country.

Dewberry ,Hazeldine Students Win in Two Essay Competitions

BY ALBERTA SAFETY COUNCIL

Winners are announced in the first of two essay competitions being conducted throughout rural schools of the province by the Rural Safety Division of the Alberta Safety Council.

In the Vermilion school division Jean Holmen of the Dewberry village school, has won the first prize for grades 6 and 6. Her teacher is Mrs. Osbaldeston.

Meredith Whiteside of Hazeldine school won the top rating for grades 7 and 8. Mr. J. Munro is their teacher.

This was the first of two competitions scheduled for this school year and the closing date for entries was January 15th.

Two room prizes and two personal prizes were offered for each school division entering the contest, now for the author of the winning essay and one for his or her school room.

Room prizes are hand-lettered certificates mounted on wooden bases with clear plastic plates for protection. The certificates bear the names of the pupil, school, school division and grade group. They are signed by H. H. Macdonald, M.L.A., President of the Alberta Safety Council; R. D. Jorgenson, M.A., Chairman of the Rural Safety Education committee and School Division Superintendent. Individual pupil prizes are also lapel pins, showing the crossed axes for safety set between wheels—symbolical of and [illegible] a blue enamelled [illegible] School Division, [illegible]

Prize Winning Essay Written by Jean Holmen of Dewberry

GRADE 5 PUPIL OF MRS. O-BALDESTON

The following essay was awarded first prize in the grades 5 and 6 group in the Vermilion school division by the Alberta Safety Council. The writer is Jean Holmen, grade 5 pupil at Dewberry. Her teacher is Mrs. Osbaldeston.

"It Happened On The Farm"

"One day a few years ago Dad decided to burn a field of stubble and nearly set fire to the whole country. It was in the spring time and everything was cinder dry. Dad had driven out to the field in our car, which he parked by the roadside.

Feeling quite confident that the stubble would burn well with no complications, Dad jumped merrily from the car and touched a match to the dry grass. All of a sudden everything went 'whoosh'. Daddy was minus his eyebrows and eyelashes. Horrified, he watched the flames sweep to the far end of the field in a matter of seconds. Leaping into the car, he rumbled down the road and just at a terrific speed [illegible] bumper field. However, the flames were far ahead of him de[illegible] everything in their path. The outbreak which we had all helped to plant only two years ago was [illegible] and [illegible] was now a bare, [illegible] blackened stumps.

All outdoors the angry flames were not finished. Like [illegible] they leaped across to [illegible] grain granary. Knowing [illegible] nothing by himself, he [illegible] the neighbours to get help. [illegible] moved, the men from [illegible] to help put out the flames. Some came with [illegible] to plough fireguards [illegible] Vincent Barrett at water [illegible]. They all worked [illegible] but the grain could [illegible]

[illegible] calves that our neighbour [illegible] pasturing nearly were [illegible] fire.

[illegible] a bitter lesson for those who had seen the fire. Daddy had to get for the grain that was in the granary which had been ruined. The calves could not be replaced, but Daddy paid our neighbor many time price for them.

After having to pay out so much money, it will cause Daddy a great deal of financial hardship. It seems that it could all have been avoided if he had plowed fireguards around the field before starting to burn the stubble. He says, "Why do we always have to learn the hard way?"

Skinny men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor

[illegible]

A virus is a minute germ so small that it cannot be seen with the aid of the highest power [illegible] microscope.

Paradise Valley

Mr. William Swedak and Dan Swedak spent the long week end at home. Bill is attending Tech school at Calgary and Dan is working at High River.

Mr. Bernie Baxter of the staff of Taylor & Pearson, Lloydminster and Miss Mary Beaver who is attending school at Wainwright were home for the holidays.

Mr. Ross McEnimoy of Edmonton, but a former Paradise Valley resident, was down for a few days looking over his interests in the district.

The Old Times dance held in the hall on Wednesday evening April 1 was well supported. The dance was pioneered by the Ladies Wednesday afternoon curling group. A very nice sum of money was turned over to the curling club as a result of this dance. The dance started [illegible] 9:00 instead of 11 or 11:30 as is the usual starting time, and continued until 12:30 when lunch was served by the ladies. A real old-fashioned dance and get-together was very much enjoyed by everyone. The ladies would like to take this opportunity of thanking Mr. Thibadeau acting as M.C. and all their men folk who helped, the ladies who so generously contributed to the lunch and all who helped and co-operated to make the evening such a success socially and financially. Thanks one and all.

Mr. and Mrs. R. B. Gunn who spent part of the winter with their daughter and son-in-law Mr. and Mrs. Rob Pearce at Corpus Cristo, Texas, have returned home and will soon be back at work on the farm.

Annual Bull Sale At Lloydminster

The 50th annual Lloydminster Bull Sale will be held on Tuesday, May 19th this year.

Cattlemen wishing to enter animals in this sale should contact George K. Ross, Exhibition Manager, Lloydminster, for information and entry forms.

Entries close April 19th in order to publish the catalog for distribution before the sale. 37-9

News Notes From Your District Home Economist

Facts About Figures

They say there is really no perfect figure and I'm sure we'll all agree. However, we can hide our figure faults quite nicely if we follow simple rules. For instance, the person with large hips looks best wearing —

IF emphasis is placed up and down the centre front of the dress;

If slanted lines from hem to waist end slightly at one side of the centre front;

IF a narrow belt is placed slightly below natural waist line;

IF an average amount of fullness is in the skirt;

IF the skirt is flared slightly from the hips;

IF there is a slight blouse at the waist line.

Stain Removal

Before putting clothes into the washer, check them for stains. Most stains can be removed by the home maker. Good guidance may be obtained by writing me for the free booklet "Stain Removal".

Freezing Tips

For those of you who already have a home freezer or plan to [illegible] one, did you ever think of [illegible] freezing sandwich fillings? It is so handy just to go to the freezer, take out your favorite spread and make up your sandwiches in a matter of a few minutes.

Use day-old bread for ready-made sandwiches. Wrap in moisture-proof cellophane and carefully heat seal both across the top and on the sides with a hot iron. Pack in regular boxes with pieces of waxed paper or cellophane between the layers, if more than two sandwiches are being packaged.

Thaw sandwiches in their sealed original wrappings. A package of two half-sandwiches will thaw in 2 hours at room temperature. Ten sandwiches will thaw more quickly.

Serve sandwiches immediately after thawing to prevent the fillings from spoiling.

Mayonnaise separates on freezing. Use lemon juice and then cream instead to make the fillings spread easily.

Do not freeze such perishables as tomatoes or lettuce. Sandwich fillings suitable for freezing are — Most raisin can be removed by the [illegible] cheese, fish, and egg.

Write for the free recipe sheets "Frozen Food Delicacies" and "Frosted Food Fancies".

Midnight Preview Planned

Something new is being planned by the management of the Columbia theatre — a midnight preview [illegible] will be shown on Monday morning feature [illegible] starts on will be [illegible] April 20th at 12 10 a.m. Tickets [illegible] Dream of Joanie [illegible] musical 38-1c

So Different an entirely new kind of Chevrolet to be compared only with higher-priced cars!

new Chevrolet **Bel Air** series

A General Motors Value

Heading three great new lines of Chevrolets for '53

Now, in the Bel Air series, Chevrolet creates for you a new class of Canadian cars. Here is distinction of appearance and fineness of appointments far beyond anything in Chevrolet's field. Here is your opportunity to own a truly distinguished and luxurious car without paying the price premium formerly associated with such high quality.

The Bel Air series includes four models — 2-door and 4-door sedans, sport coupe and convertible. Each of them is in a class by itself for beauty, comfort and luxurious appointments. Twelve other beautiful new Chevrolet models are included in the "Two-Ton" and "One-Fifty" series, providing a new Chevrolet for every buyer and every need. All of these new Chevrolets are so advanced in performance as in appearance. All give you new high compression power, greater gasoline mileage, more comfort, safety and durability. A revolutionary new Powerglide automatic transmission, and GM Power Steering†, are among the great advances Chevrolet offers you. Come in and see all the new features that make Chevrolet [illegible] entirely new through and through!

†Combination of Powerglide automatic transmission and 115 h.p. Blue Flame [illegible] in "Two-Ton" and Bel Air models. †GM Power Steering [illegible] all of these series.

Prairie Farms Improved By Shelterbelts

Landscaping the Farmstead is an opportunity for all who control the development of farm property says a report from the Experimental Farm at Morden. Among the considerations are—improving the comfort of man, beast and plantations by establishing efficient shelterbelts; increasing family esteem by having neat buildings well painted in a crisp of plushy lawn, stretches of colourful shrubberies with masses of gay flowers in one or more of its beds and the satisfaction of owning an estate of increasing value due to its general attractiveness.

Shelterbelts are a first consideration in the Northern Great Plains area. A snowtrap hedge or tree row is planted on the north and west of a main shelterbelt of about five rows, to set within the snowtrap hedge just at a distance of 60 to 75 feet. One two or three rows are planted on the south side and in front (save also on the east boundary of the farmstead) area.

The first impression upon travelers driving past the property on the main road, and upon visitors approaching the buildings by the driveway is of much importance. Attractive fencing gates small box, and a smooth road clean ditches and neatly gravelled lawn trees and bushes are just the atmosphere of happy living and welcome.

The grounds seen in approaching the house comprise the Public Approach Area. Usually these include the front lawn the trees and shrubs also frame the house and the lawn, the foundation of low to medium shrubs and a flower border in a bay formed by the front shelterbelt.

Stowaway Produced Results

A pretty girl had a persistent but unwanted suitor. When she refused to see him any longer he resorted to an intensive mail campaign sending her a special delivery letter twice a day for 21 consecutive days. On the forty-eighth his strategy produced results. The girl eloped with the mailman.

New Many Wear FALSE TEETH With Users Comfort

FASTEETH a pleasant alkaline (non-acid) powder, holds false teeth more firmly. Try sat and talk in perfect comfort. Just sprinkle a little FASTEETH on your plates. Checks "plate" breath or denture breath. Get FASTEETH at any drug store.

NEW FEATURE

On this page a new feature is being introduced—Sewing. You may secure patterns especially planned for homemakers. You do not have to know how to read a blueprint to use them. Actual size cutting guides and directions for making that useful thing —coffee tables, wardrobes, screens, storm sash, picnic tables, lawn furniture, bird houses, playpens, boats and numerous other articles that will interest the hobbyist. These will appear each week with new patterns

Funny and Otherwise

Card on front window of home "Piano for sale."

Card on front window of adjoining home "Hooray."

A very elderly professor who had been a bachelor for many years was thought to be a bit queer. A woman was quite sure of it one day, as she passed in safety the old man holding a umbrella over a hole in the road above a flooded box. At last she called, "Professor, there's no bottom in that shooting star."

"It's quite all right," he assured her. "These are artificial flowers I'm watering."

The tax assessor's office had to decide on which side of the United States-Canada border an old lady's newly purchased farm lay. Surveyors finally announced that it was just inside the United States border

The old lady smiled in relief. "I'm so glad to know that," she said. "I've heard that winters in Canada are terribly severe."

Guest—Your little boy pounding nails into the furniture! Isn't that a rather expensive way to play?

Proud parent—Not so much as you'd think. I get the nails wholesale.

Mabel arrived home with an engagement ring on her finger.

"What kind of fellow is the man to whom you are engaged?" her father asked.

"Well, he says he had always wanted a home," Mabel explained, "That sounds good."

"And he likes ours very much!"

"Why doesn't Inky talk?" inquired the little girl, gazing at her small brother.

"He can't talk yet," replied her father. "Small babies never do."

"Oh, yes, they do," was the quick answer. "Jack did. Nurse read to me out of the Bible how Jack entered the day he was born."

A man was approached by an insurance canvasser and asked if he was insured against fire.

"Yes", said the other.

"Burglary?"

"Well yes."

"And you insured against floods?"

"Floods", said the other, showing interest at last "How do you start floods?"

There's a story floating round trade union branches in Lincolnshire about a union official who had a suspicious wife. On one occasion he stayed out all night "on union business".

He said he had missed the last train and had had to stay the night with one of his members —old news.

So his doubting wife found a list of branch members and sent all 250 of them a postcard reading: "Did my husband stay with you last night?"

By return she received 220 replies. They all said: "Yes."

While they were exchanging confidences over coffee the fair-haired girl asked "What did Horace say when you told him you would be a sister to him?"

"You'd hardly believe it" replied her companion "He actually had the nerve to ask me to lend him two dollars so that he could take another girl to the pictures

Pamela: "Is Bill a popular boy?"

Pat: "Popular? I should say he is! Why, when he left the room he girls went back into circulation."

X-RAYS PRESERVE FOOD

Recently-developed "soft" X-rays, radiolurgy produced at a comparatively low voltage, have great ability to penetrate foodstuffs and kill molds, viruses and other organisms that cause spoilage. They are being used to preserve meats, vegetables, fruits and beverages for longer periods of time.

The autogiro was invented by a Spaniard, Juan de la Cierva, in 1923.

ODDITIES
In The News

A candy store on a housing estate in Norwich, England, claims to be the last in Britain to use a rationing system. Only polite children who say "please" and "thank you" are served.

Inmates of a model prison for women in Espoo, Finland, are allowed hair curlers, lipstick and a choice of five colors of linen dresses.

As the mother and father stepped out of the hotel elevator in Memphis, Tenn., five youngsters lined up in back of them. "One", called out the first child, "two" said the second, and so on until all five had counted off. The mother and father never looked back, but knew all were accounted for.

When the new high school building in Versailles, Ohio, was completed, Ann Chadwick, librarian, solved the problem of moving her books from the one building to the other by employing the old "bucket brigade" technique. Students lined up between the old and the new libraries and passed the books from hand to hand.

Forty motorists in Hartford, Conn., charged with driving through red lights, had something else in common. All were arrested by Officer William M. O'Brien.

When the trestle light turned green, Myron Wilensky of Providence, R.I., in 1934, he started his truck rolling and immediately bit the rear of a foreign-made sports cars. Wilensky told police he was sure the driver wouldn't see it over the high hood of his truck.

A nine-foot python in the zoo at Luneburg, Germany, once ate a live pigeon for his dinner recently. The python refused the offer and the pigeon made no attempt to flee. Now they have become fast friends and sleep with the python coiled gently about the bird.

CANADIAN WOOD USED

Only in recent years have Canadians appreciated the beauty of furniture made from native woods like maple, birch and pine. Europeans were buying Canadian woods to make luxury furniture long before furniture making in this country climbed into the top 10 industries. Scientific research helped bring out the beauty of Canadian woods, improved adhesives, glues and a wide range of stains and varnishes.

Helps You Overcome Itching of Piles
Or Money Back

You do not have to be tortured and embarrassed by the itching soreness and burning pain of piles any longer. Here is good news for you.

Just ask for Peterson's Mess-Rold, an internal pile treatment, at any drug store and use as directed. You will be pleased at how quickly your pile troubles are relieved. Only 75c for the big 4½ fluid ounce bottle. Don't suffer another day after using Mess-Rold 2 or 3 days. At least, ask for your money back. Refund agreement by all drug stores.

Actions speak louder than words.

Wonder Hen "Duplicate" is Dead—462 Eggs in One Year

(By Alan Harvey, CP Staff Writer)

LONDON. — Duplicate is dead. Long live the wonder hen! Prematurely, of 16 months, death came on a Sussex farm to the slate grey bird whose feathered form, feverishly laboring overtime in life, performed prodigies that startled human kind. In death, Duplicate's remains will be buried with honor.

Duplicate's claimed output for one year was 462 eggs—at least eight dozen ahead of any other bird in barnyard history.

The best record Canadian performance is 360 in 365 days, credited to a white leghorn in Galt, Ont. Duplicate had 360 in a mere 164 days. Its swift wing her production rate that W. E. Maynard, Canada's custodian of egg-laying records, said somebody was being spoofed.

Duplicate's British owners insist everything was on the level. Mr. and Mrs. Wilfred Hutchings, who run the 125-acre farm where Duplicate performed (by fair means or foul) credit their star boarder with their rapid-living record.

Sixteen eggs in three days.

Ten in 24 hours.

Five in 10 minutes. (Mrs. Hutchings' diary records this took place April 17, 1952, a flush period even for Duplicate).

Duplicate was a Holland blue. She had gentle ways, installed manners and nothing to distinguish her from any other hen. She was allowed to sit until she started laying. At first it was two a day, so they called her Duplicate, though Hutchings' own favorite variants soon became more apt

She reached her peak last summer, then suffered from seasonal slows.

YOU CAN DEPEND ON

Helpful Hints

If two safety pins are used they will often prove an excellent substitute for a corkscrew.

Before adding nuts to foods, brown them slightly in the oven. This will improve the flavor.

Marble can be cleaned making two parts soda, one part pumice and one part whiting. Then powder and mix to a paste with water, and scour.

To whiten a wooden floor, use a strong scrubbing powder such as scouring soap. Add a pound of caustic soda crystals to one gallon of water and apply with a natural bristle. This will cover about 10 square feet of floor. Use an old broom to spread the solution. Give it time to bleach the wood. Mop it up with water. Finishing about ½ cup ammonia to a pail.

COCONUT INTACT

VERMILION, Alta. — A 12-inch coconut peal to Vicki Purdely here by a friend who visited Australia had peated on its shell a customs declaration saying he opened for inspection." But customs men didn't bother to crack it and the coconut arrived intact.

Mannville Local Items

Visiting with Mr and Mrs. W. Mercer for the Easter week end were Mr. and Mrs. Bob Wilson and family, and Mr. and Mrs. Jim Miller and family of Chauvin.

Mr. and Mrs. Jim McLeish and Norma spent the holiday week end in Edmonton visiting with relatives there.

Spending Easter with her parents, Mr. and Mrs. E. C. McPhee, were Mrs. Rosa Lane and children of Peace River.

Lt. Nick Plishka of Winnipeg spent Easter with his mother, Mrs. Mary Plishka.

Word has been received of an accident in which Jim Allanach of Ft. Saskatchewan was injured. He was caught between two cars and suffered a fractured leg. He is in an Edmonton hospital and at time of writing is much better.

Mr. and Mrs. Frank Adamson of Edmonton visited on Sunday Mr. and Mrs. Jos. Dowicki and Miss Merna Summers were Sunday visitors at the home of Mr. and Mrs. E. Hubbard. Mr. and Mrs. Dowicki remained for a few days in Mannville. Miss Summers, the former editor and reporter for the Mannville Advance is now on the staff of the Edmonton Journal as a society reporter.

Visiting with Mrs. R. Gordon for the holidays were her two daughters and husband Mr. and Mrs. Percy Thompson and family of Lacombe and Mr. and Mrs. Steve Charchuk and Ted from Edmonton.

Mr. Arthur Hay and Miss Shirley Clark of Calgary visited over Good Friday with his parents Mr. and Mrs. Roy Hay.

Mr. and Mrs. Leo Colborne of Edmonton spent several days of the holiday week visiting with Mrs. Lily Colborne and Mr. and Mrs. J. Jondel.

Mr. and Mrs. J. J. Jones motored to Edmonton to spend the holiday with their daughter, Miss Pat Jones. Very few if any of the Family students were home for Easter.

Visiting with Mr. and Mrs. E. Ambury are his mother and brother, Mrs. Ambury and David from B.C.

Mr. and Mrs. Stan McGreevey, Mrs. C. Bowers, Mrs. Monty Arnold and Barbara, all of Edmonton, were Easter visitors at the home of Mr. and Mrs. Jack Cawford. Mrs. McGreevey and Barbara are remaining down for a few days.

Mr. A. Bodnar and Mrs. Hogan motored to Edmonton to spend Sunday with Sandy who is attending University.

Cpl. and Mrs. Carl Chrysler and family were week end visitors at the home of Mr. and Mrs. W. Chrysler. Cpl. Chrysler, who is with the air force, is expecting to go overseas next month to Germany.

Among those home for the Easter holidays were Miss Jeanie Fisher, Miss Donna Hanning, Mr. Willard Jones, Mr. Billie O'Connor, Mr. Clarence Thompson, Mr. and Mrs. Bert Williams.

Visiting with Mr. and Mrs. Doug Mackenzie were the former's brother and mother, Mr. Bob Mackenzie and Mrs. Mackenzie of Edmonton. They were accompanied by Miss Elaine and Mr. Clarence Berlin who visited with their mother Mrs. Berlin. Scotty Johnstone also accompanied them from Edmonton and renewed old acquaintances in town, making his headquarters with his son Jim Johnstone.

Mr. and Mrs. Lowell Croft and boys of Kitscoty were week end visitors at the home of Mrs. Mackenzie. On Sunday Mr. L. Croft and Markley and Mr. D. Croft and David Mackenzie motored to visit relatives there. Elaine Bennett remained with them and is spending the week visiting in town and the country with relatives.

Mr. and Mrs. Frank Dorward and family of High River spent Easter week end with his parents Mr. and Mrs. D. Dorward.

Visiting with Mrs. R. Hughes and other friends in town on Sunday were Mr. and Mrs. H. Purdue of Fitzroy.

Mr. and Mrs. F. W. Van Doorn of Edmonton visited with Mr. and Mrs. M. B. Van Dusen and Mr. and Mrs. Ambury during part of the Easter week end.

Mr. Harry Arnold is a patient in the local hospital with a slight touch of pneumonia but is considerably improved at time of writing. Also in the hospital recently were Miss Gladys Veitch and Mrs. Ed Bowes. Both had undergone appendectomies. Mrs. Wescher Sr., another patient is also much improved.

Visiting with Mr. and Mrs. W. Osborn for the Easter week end were Mr. and Mrs. Bert Osborn and daughter and Mr. and Mrs. Bill Osborn and family of Edmonton.

Lindbergh Old-Timer, John Lorenson, Passes

Mr. John Lorenson, old timer of the district passed away in the Elk Point hospital on Monday evening March 23rd at the age of 72 years. He had been in ill health for three years previous of a heart ailment

Deceased was born February 2nd 1881 in Rock Island, Illinois. He came to Canada in 1906 and homesteaded at Lauderdale where he was united in marriage to Mary Grunson on Aug. 12, 1913.

He moved to the Lindbergh district in 1927 to the farm where the family still resides. He served on the municipal council for 13 years and led a very active life in the community.

He leaves to mourn his passing his loving wife Mary, three sons and one daughter, Leslie of Edmonton, Henry and Bob of Lindbergh and Dorothy (Mrs. Nora Gaudet) of Sedro Wooley, Washington, and twelve grandchildren, one brother Charles of Melvin, Iowa and one sister Emma of St. Petersburgh, Florida.

Funeral services were held in the Lindbergh hall on Saturday, March 28th at 2:00 p.m. with Miss Zaccagilini officiating. A beautiful solo was sung by Miss Grey. Interment was made in the Lindbergh cemetery. Pallbearers were Archie Anderson, Rolf Anderson, Fred Fyfney, Ted Magnusson, Charlie Keller and Billie Evans

Park Dale Funeral Home of St Paul was in charge of funeral arrangements

Beautiful floral tributes were received from:

Loving wife, the children, Leslie, Jean and family, Henry, Florence and family, Bob, Redah and family, Dorothy, Neal and family Maxine, Ed, Hazel and family Ada, Jim and family, Eleanor, Floyd and family, Fred, Audrey and family, Ralph, Mary and family, Ada and family, Inez, Stu and family, Eric, Harry and family, Evelyn, Allan and family, Mr. Johnson family, Hardy and family, Beth, Mr. and Mrs. Dodds, Rae and Johnny, the Herb Matthews, Mrs. Hans Fyfney, Mr. and Mrs. Leo Edwards, Mr. and Mrs. T. L. Fitzwater, Mrs. Anna Anderson, Billie Evans and family, Mr. and Mrs. Chris Nelson, John, Vina and family, Mr. Grunson and family, Curt, Olive and family, Clifford and Gerald Stultz and family, Mr. and Mrs. John Ockerman and family, Rex Hatched and family, The Allen Family, Mr. and Mrs. Heinemann and family, H. O. Tonjum, Jim, Melvina and family, Mrs. J. V. Young and family, Albert Quayle, Mr. and Mrs. Donohoe and family, Lisbergh Community Club, Employees of Canadian Salt Company.

Memorial donations to the Elk Point Hospital were received from Ted and Helen Magnusson, Charlie and Mary Keller, Freddie Friday and family, Mr. and Mrs. L. Modin and family, Misses J. Grey, F. Zaccagilini, Walter and Phyl Saran hu Vincent and Olga Lawrence, Monica and Helen Saranchuk, Mrs. Anna Saranchuk, Harry Saranchuk, Elk Point Farm Equipment.

Spring Park Memorial Fund: Calvin, Jo and Gary Laughlin, Nellie and Auburn Kepke. Spring Park Community Club.

CARD OF THANKS

We would like to take this opportunity to thank all our friends and neighbors who helped us in our time of bereavement and for the floral tributes and memorials.

—Mrs. Mary Plishka

1953-54 BUDGET—

Tax reductions in 1953-54 budget are described by Finance Minister Abbott as "a real social dividend" well and truly earned by our people Greater productivity, increased efficiency, and a willingness to work hard and vigorously for good wages salaries and profits these are the things that power our country today and make possible this surplus for tax relief."

Few will quarrel with Mr. Abbott's paraphrasing of economist truth enunciated by Adam Smith that productivity, efficiency and hard work are the true foundations of prosperity. Hard to swallow, however, is Finance Minister's description of tax reductions as "social dividend". Truth is that Canadian people worked just as hard in preceding year. Yet Ottawa declared no "dividend" that year.

"SOCIAL DIVIDEND" for 1953-54, in point of fact, is not likely to evoke much enthusiasm from those in $2,000 income tax brackets where saving to individual taxpayer will not exceed the price of one weekend roast for the entire year. Moment's reflection on this circumstance suggests that limited tax reductions of new budget represent nothing more than temporary sop to the high tax structure. And that real reductions are being withheld until eve of election, when little many with short memory will be handed his "social dividend" on a silver platter Whether government intends to effect further tax reductions through election eve "Baby Budget", or to await spring of 1954 before holding general election is anybody's guess. —Letter Review.

Putting It Plainly!

GMC

PAYS OFF IN RESULTS!

GMC CAN PULL IT!

POWER WITHOUT EQUAL!
GMC pays off in power with high-compression engines from 216 to 270 cu. in. four-bore valve-in-head engines. Loadmaster (conventional and cab-over-engine). Torque-master and Workmaster—all with full-pressure lubrication, super high performance and scores of other features to provide the power you need with the economy you want.

GMC CAN CARRY IT!

TRUCK-ENGINEERED CHASSIS!
GMC pays off in load carrying ability with deep channel section frame side rails, rugged frame unions, husky single and tandem axles and reduction-unit rear axles and heavy duty springs. This wide range permits selection of any truck to handle any load on any road.

GMC CAN TAKE IT!

BATTLESHIP CONSTRUCTION!
GMC pays off in driver safety and comfort. From the all-welded, double-walled, single unit steel cab right down to the last construction detail, GMC Trucks are built to take the hardest use time and time back for more. Too far too, mile after mile, all year 'round, for sheer brute strength and stamina, they can't be equalled.

Kitscoty News

Misses Allie and Mervan Boomhaus left Friday by train for a two weeks vacation in Vancouver and other points in B.C.

Mr. and Mrs. Ken Jenkins have gone to Calgary where Ken is working on the oil rigs.

Messrs. Charles Browne and Leslie Hill spent a few days last week visiting relatives in Edmonton.

Mr. and Mrs. Victor Heath and family of Edmonton are visiting at the home of their parents Mr. and Mrs. C. C. Miller.

Also holidaying here from Edmonton are Mr. and Mrs. L. Kohlruss and family who are visiting Mrs. E. Batty. Misses Stella McCorry and Eileen Jack are spending ten days holiday at their parental home. Misses Ella Pidcock, Peggy Hale and Mr. Joe Bohan spent the Easter week end with their respective parents.

Mr. and Mrs. William Govier and family visited Mr. and Mrs. A. W. Govier Mr. and Mrs. Alf Thomson and Terry called to visit some of their old neighbors on Sunday.

Mr. and Mrs. Andrew McGladrie and family, Mrs. M. K. McDonald, and Mr. and Mrs. Earl Phillips and David are all Easter holiday visitors to Edmonton.

Mr. and Mrs. L. Gabrielson and family of Okotoks are visiting at the Alex Potter home. Mrs. Potter returned home with them.

Mr. and Mrs. J. L. Parkin and son Teddy of Vermilion are visiting in town and district.

Congratulations to Mr. and Mrs. Henry Jensen on the birth of a son, and to Mr. and Mrs. Wray Blair on the birth of a daughter.

A physical training display under the direction of Andy McGladrie and a Junior Band concert conducted by Milan Christoffersen will be held at 8 p.m. on Friday April 17th in the Kitscoty town hall.

Ted Rothery, Mannville Makes A Hit At Calgary Show

MANNVILLE—Appearing in the finals of the TV talent competition at Calgary Ted Rothery of Mannville drew the following comment in the Calgary Albertan:

"Second, the most unusual, and nearly the most applauded was an unusual electric mandolin played by Ted Rothery.

"With great accomplishment he went through two groups of American songs and marches with such taste and ability that one wondered why he had never made a career out of the instrument and achieved fame before now."

Meredith Whiteside, Hazeldine School, Has Prize-Winning Essay

GRADES 7 AND 8 GROUP

The essay written by Meredith Whiteside, Hazeldine school was awarded first prize in the grade 7 and 8 group by the Alberta Safety Council. Meredith's teacher is Mr. Norris.

"If Happened on the Farm"

It was a holiday sunny day on Elmer Dudd's farm and the smell of fresh cool [illegible] hangs in the air. Above the the sobbing of the big saw because you could hear the shrill of the speed of the saw as it went around places. Elmer took the place next and around at a tremendous speed. to the saw where Bugs had been. Bugs stepped lightly around to the other side of the saw. Large pile of poplar logs which Farmer Dudd had hauled in during last month.

As we go closer we see a big 15-30 International running the saw at a screaming speed. We also see Sylvester, Clarence, Porky and Bugs feeding the machine, with Elmer throwing blocks.

There was a little breeze blowing up as Bugs said to Elmer. "How about changing places with me, doc?" "Sure thing, Bugs", said Elmer. You could hear the crunching of the sawdust as they changed chins that morning instead of going right to work sawing wood. But the screaming saw soon drove it out of his mind. Something was wrong. The saw wasn't sawing right, then the saw's whine turned to a clattering roar of wrath. The saw acred around, clipped off one of Bug's whiskers and left one two inches away. Saw teeth, whistling like shrapnel, were flying everywhere. With a blood-curdling yell Farmer Dudd fell softly to the freshly cut sawdust. Sylvester, arms upraised trying to stop the oncoming scurm of saw teeth, fell to the ground also.

Porky lay, a pitiful heap with a huge gash in his hip. With a high-pitched scream, Clerus fell to the ground, at the loss of four fingers. Bugs, looking at this, just about fainted but his better mind forced him to look at the injured men. As he looked over the head of the injured men he found Elmer and Sylvester dead. Porky was out cold at the loss of blood. Clerus was crying because he had lost four of his fingers.

Bugs shut off the saw engine, patched up the ones that were alive and roared in town in Elmer's truck with them. In 15 fast minutes he pulled up at the doctor's office and banged at the door. The door opened and he saw a smiling-faced lady who said the doctor was out, but when she heard Bug's story, her smile went and she rang a buzzer and a voice came out of a box. Bugs jumped back as it said, "Yes, Miss Jones". She then clicked a button and told the farm the story Bugs had told her. She clicked the button again and the box said, "Send them in." The woman picked up a telephone, spoke a few words over it, and two men in white with stretchers, hurried out to the truck to get the injured people.

It was smiling dark as Bugs made a short ceremony over two graves. After that he had a wreath on each grave.

The next morning when Bugs got up he made a list of rules which would have prevented the accident. Here they are:

1. Be sure you have all bearings tight.

2. Be sure you have two nuts on each bolt holding the bearing down.

3. Be sure the teeth are sharp and set.

4. Be sure to check the saw be fore and after every job.

5. Always have a piece of band iron over the counter shaft in case the bearings work loose.

6. Make sure the saw is turning so that it will turn the nut on in stead of off.

7. Wear goggles if throwing blocks.

8. Don't have too powerful a motor.

9. Make sure the belt's lacing is in good shape with no wires sticking up.

After that he went into his workshop and designed these following safety devices for his saw:

(Note: Here an inscrutable diagram of "Bug's Dangerous Saw Deflector" was drawn by the writer).

Another diagram followed showing Bug's 5 safety features —

1. Rubber Protection Shield (absorbs flying teeth or nails).
2. Safety lock nuts.
3. Ignition close at hand.
4. Dangerous saw detector.
5. Safety handiron protector.

(The whole essay is liberally illustrated with drawings, diagrams and cartoon clippings. The last page is a cut-out of "Tweetie-Pie" saying, "Let this be a lesson to all who read!")

Local News of Interest

Old Timer Leaves Islay

An old timer bid goodbye to Islay this week when Mr. Charlie Johnson left to join Mrs. Johnson at Mission City, B.C where they will make their future home. Charlie first went to Islay 27 years ago and ran a shoe shop right in the village but for many years now has been farming on the south edge of highway 16 just west of Kenilworth. They will keep in touch with their old friends through the Standard which follows them out to the coast.

TO LEAVE FOR IRELAND

Mr. and Mrs. George Whyte leave on April 20th for County Down, Northern Ireland, where they will spend 5 to 6 months. George has four brothers and three sisters there.

Mr. and Mrs. Buster Martin of Edmonton spent the week end in Vermilion, guests of Mrs. Martin's father, Mr. A. Sellman.

Mrs. Barnwell had her daughter Dorothy, husband and two children from Vegreville as her guests for the Easter week end.

Miss Marjorie Stack of Redwater came by train last week end and is the guest of her aunts in town, Mrs. Doug Cooper and Mrs. Ken Urquhart for the Easter holidays.

Mr. and Mrs. Henry Powell who have spent the past few years at Faust, Alberta, are visiting in town. They recently sold their business there and present plans are indefinite.

Mr and Mrs. H. E. Hemmingway and family went by C.N.R. to Kevisko, Sask., where they visited from Friday to Tuesday morning.

Miss Joy King was here from Edmonton to spend the holiday at the farm home south of Vermilion.

Mr. and Mrs. D. R. Mitchell returned Sunday from a trip to Eastern Canada and the U.S. during which time they travelled some 4000 miles. The outgoing trip was by plane with the return being made in a new car from Windsor. Included in the trip was Washington's old home near Washington, D.C., was visited. This is preserved exactly as in the time Washington lived.

Miss Doris Giles and her mother returned on Sunday from a trip to Windsor, driving back in a new Ford.

Jack Baldock returned home over the week end from a two weeks holiday at the west coast.

Miss Patsy Cruse is a visitor in Vermilion and at the home here near Islay this week.

Mrs C W. MacKay and two children returned home this week after visiting in Calgary. Mr MacKay drove down for them by car.

Mr and Mrs. Clifford Lesage of Edmonton spent the Easter week end in town visiting at the home of the latter's sisters Mrs. Ed Lorg and Miss Agnes McWilliams. They reported Andrew McWilliams very much improved in health.

P.O. Roy Cameron and Mrs. Cameron and two boys from Edmonton spent the Easter week end at the former's mother Mrs. A Cameron.

Mrs. Ashley Cooper and family and Stan Hicks are spending the school vacation week at the Bob well farm near Islay.

BABY CLINICS

WEDDING BELLS

WILSON — PIKE

A quiet wedding was solemnized at the First United church in Vermilion on Friday, April 3rd at 3.00 o'clock in the afternoon when Velma youngest daughter of Mr. and Mrs. Walter J. Pike, became the bride of Thomas Dale Wilson, son of Mr. and Mrs. W. L. Wilson of Edmonton. The Rev. C. W. MacKay officiated.

Miss Sheila May Lovig, niece of the bride was the bridesmaid. Mr. Mac Pike, brother of the bride, was the best man.

Following the ceremony a reception to forty guest was held at the home of the bride's parents.

The happy young couple will make their home in Edmonton.

Elk Point Wedding Of Wide Interest

YOUNG—KIRK

A pretty wedding of wide interest was solemnized at the United church at 2.30 p.m. when Miss Daisy Keck daughter of Mr. and Mrs. Harry Keck of Elk Point was united in marriage with Mr. Leslie Young, son of Mr. and Mrs. William Young of Elk Point. The Rev. R. L. Day officiated.

The bride was charming in a mid-Victorian gown of nylon net trimmed with re-embroidered lace, featuring a high neckline and tiny cuffed sleeves to wrist line. The bouffant skirt was of nylon net with a satin border of matching lace. She wore a Juliette cap of matching lace and finger tip veil, pearl choker, earrings and bracelet. Her Colonial bouquet was of white mums and heather.

The bridesmaid, Miss Gertrude Kirk, sister of the bride, wore blue nylon net dress with matching headdress. Her bouquet was a colonial posset of yellow roses, mums and blue flowers.

The best man was Mr. Gary Young, a cousin of the groom.

Following the wedding ceremony a reception for 80 guests was held in the church banquet room. For the occasion the bride's mother chose a dress of navy blue nylon. The groom's mother was dressed in navy blue taffeta with matching accessories.

Out of town guests present were: Miss Sally Rodrique and Miss Peggy Ross of Edmonton; Mr. and Mrs. Dan Fraser, Calgary; Mr. and Mrs. Don Young, Fort St. John; Mrs. R. Bryant, Tuxedo, Man.; Mr. and Mrs. Graham Turner, Red Deer.

For her going away costume the bride chose a blue corded taffeta trimmed with pearl buttons, matching satin hat, and black accessories. On their return the young couple will reside in Elk Point.

Mrs. Deebly's daughter Rose sent a lovely box of daffodils to her folks, also some to Mr. and Mrs. Jones. They were beautiful.

Annie and Christie Clark motored to Edmonton on Tuesday to see Tom Sherwood at the hospital. It was fine to hear good reports. Tom is expected home sometime during this week.

Mrs. Gillies is spending Easter with her grandson Kenneth Lloyd. Did he get a big basket yet? Easter has a special significance for Betty and Lloyd.

The writer was glad to hear that Kersey Gunn is feeling better again this week. Hope you're feeling fine, Vain it easy and don't ride too fast Gunny. I hear that you had your Daddy up to see you.

Garfield Potvin is visiting his parents Mr. and Mrs. W. J. Potvin, he comes from Brocket where he is teaching school.

Dusty Rhodes reports meadow larks, robins — who saw the blue bird?

It won't be long until we hear the hum of the tractor early and late.

With April showers and lovely May flowers, spring is a wonderful thing.

New Structure Planned For Next Winter

CURLING RINK TO BE TORN DOWN

The Vermilion curling rink, built back in 1914, will be torn down and a new structure erected on the same site by Vermilion Curling Rink Limited, it was announced at a town and country-wide bee that has been arranged for Wednesday next, April 22nd. At a general meeting held Monday night the above plans were made. It was also revealed that $6200 had been already promised in cash contributions towards a new building. Plans for the new building have not by any means been finalized but it will house six sheets of ice in place of the present four. The bid immediately went was purchased a year or two ago and will be used for the expansion of the curling facilities.

The present structure was very well constructed back in 1912 and has stood up nobly under the elements until now. Numerous improvements have been made and it was given an extensive overhauling some five years ago when a cement footing was put in all around the rink, the walls straightened up, the heating system and kitchen enlarged and improved, and water and sewer facilities installed. As far as the heating system and kitchen facilities are concerned they are still quite adequate, but roof over the ice ice drips badly and being sheet metal little can be done with it. Hence the decision to completely do away with the structure and replace it with something more in keeping with Vermilion.

Election at Meeting

Officers elected for the ensuing season, and it looks like a busy year in its entirety, not only in the curling sense, are as follows:

President — Aldous Kent
Vice-Presidents — Gordon Rose
Sec.-Treas. — Russell Carroll
Executive — E. M. Stewart, Rand McNally Co.; Al. Lucas, Geo. Webb & Heckbert, Curtis Martin, Lorne Puckett.

There were 130 members during the season just past. It is thought with a new and inviting rink and extra ice, that this will increase considerably. The financial statement revealed that the rink had a bank balance of some $250 as a result of the season's operations.

Former Dewberry Man Killed In Accident At The Coast

Leonard Keast, son of Mr. and Mrs. Ernest Keast of Dewberry, was killed in an accident at Vancouver on March 29th, it was learned at Dewberry by relatives on Saturday. Leonard had moved to the coast some two years ago. Details of the fatality are not known to the Standard.

AIR CADET TAG DAY SATURDAY

No. 97 Vermilion Squadron Air Cadets is staging a tag day on Saturday April 18th. Cadets will be out in full force tagging all day long and town and district citizens are asked to contribute to this very worthy cause.

Death of Mrs. E. A. Pallister of Buffalo Coulee District

FUNERAL TIME FRIDAY

Mrs. Jessie Mary Pallister, beloved wife of Mr. E. A. Pallister of Buffalo Coulee district, passed away at the University hospital in Edmonton on Monday April 13th. She is also survived by one son Ian at home. Mrs. Pallister was a war bride of World War 1.

Funeral services will be held on Friday April 17th at 1:30 o'clock in the afternoon at the Hylleville Anglican church, with interment in the St. Ruvile cemetery. The Rev. R. T. Cranston will officiate. Morgan are in charge of arrangements.

Fastball League Is Organized in District

At a preliminary meeting on Wednesday, April 15th the "Vermilion District Fastball League" was formed. Four teams, the Vermilion All Stars, Kinsmen, North Vermilion and Pleasant Valley were represented. Charlie Upshall was chosen as president and Jack Kondalle as the secretary.

Any teams wishing to join the league is asked to contact the secretary before April 28th and forward $5 entry fee with application. Teams interested should send a representative to the next meeting April 22nd at 8 p.m. in Macleod's store. The league schedule will be drawn up at that meeting.

Vermilion Girls Complete Nursing Courses

Two Vermilion girls, Miss Marion Roebuck and Miss Hilda Anderson graduate from the Royal Alexandra hospital school of nursing on Friday, evening last week. Both girls are graduates of the Vermilion high school.

Another district graduate was Miss Louise Todd of Mannville.

Attending the graduation exercises from here were Mr. and Mrs. Chas. Young and family, and Mr. and Mrs. W. L. Roebuck.

Career Night Planned By Home and School

Many people will recall with pleasure the career night held by the Vermilion Home and School last year ago. It is now planned to hold another "Career Night" in Vermilion and the date has been set for Wednesday, May 6th. Cdnadate information will appear in later editions of the Standard.

Farewell Departing Citizens At Derwent

DERWENT. — About 25 relatives and friends of the Derwent district gathered at the home of Mr. and Mrs. S. Oleck and Mr. and Mrs. Bob Buchak and Sylvia on Wednesday evening to bid farewell to Mr. and Mrs. Buchak before they move to their new home near Rahway.

The social evening was enjoyed following which a delicious lunch was served.

P. J. Nosier as Master of Ceremonies presented the family with a beautiful lamp as a token of esteem and wished them happiness and success in their new home. He then called upon other speakers including Mr. A. Roguski, Mr. J. Wolshyn and Mr. J. Zack, who each expressed good wishes to the family as well as regret at seeing them leave the community. Mrs. Oleck and Mr. and Mrs. Buchak then expressed heartfelt thanks to all for their kindness in this gathering as well as for the gifts.

Entrancing Address To Be Heard At Canadian Club

"ROMANCE OF THE EARLY PRAIRIES"

What promises to be a most entrancing address will be given at the next regular dinner meeting of the club which will be held in the Un ited church hall on Friday evening April 24th at 6.30 p.m.

The speaker on this occasion will be Mrs. M. A. MacPherson and the subject of her talk is "Romance of the Early Prairies". Mrs. MacPherson has won a reputation as an excellent speaker, her sparkling wit and gay charm have brought forth many expressions of appreciation and pleasure. Her home is in Regina and she is a national vice-president of the Association of Canadian Clubs.

(Continued on page 3)

IMPORTS ARABIAN STALLION

FENZY BLOOD LINE

Bob Maggs returned recently from Broken Bow, Nebraska bringing with him, the first purebred registered Arabian stallion ever to be brought into this part of Alberta. The horse is of the best Arabian blood in the world and is Ibn Radian No. 7618. He is truly a most beautiful animal and is now at the farm of Orton Stroome north of Vermilion. Bob made the trip by truck and was accompanied by his sister Miss Lillie Maggs.

Council Hears Delegations

A regular meeting of the town council was held April 6th, with Deputy Mayor K. G. Urquhart and Crs. Payne, Lee, Minshall, Webb, Sutherland present.

The minutes of the previous meetings were read and confirmed.

Correspondence: Dept. of Public Works re Old Armories; Mr. J. Kirker Gas Inspector; Mr. J. Ferguson re Air Cadet Tag Day; Historical Society of Alberta re Historical Relic; Planning Advisory Commission re Highway Development; Town Planning Board of Trade re grant; Magstead and Ziegler re pump location; Dept. of Public Welfare re Welfare Officer; S. C. Ackerman re resignation; F. French re building of Wood by-law amendment.

The town and Water and Sewer Financial statements for March were read and approved.

The following motions carried: That the Town of Vermilion petition the Crown Assets Corp. to purchase the building known as the old Immigration Hall for the sum of $1, this building to be used for the storage of the Mitsburn-Vermilion Health Unit.

That the Air Cadets be given permission to have a tag day on April 18th.

That bi-weekly relief of Prog Lake be approximately assumed in the Memorial park.

That the Provincial Board of Trade be given a grant of $220.

That the secretary-treasurer of the Town of Vermilion be Welfare Officer for 1953.

Re-Plotting Scheme

That the Council adopt a replotting scheme of all lots 1 to 7 and part of lot 8 in Block F Plan 6357 and lots 1 to 10 in Blk. 22 Plan 6847-S and part of Vermilion Street.

That the budget estimate for 1953 as required by Section 286 of Town and Village Act be approved.

That the interest amounting to $1500 be transferred from Utility Reserve account to General account.

Councillor Allowances

That, in accordance with Sec. 39 of the Town Act, By-law 2-53 be amended to read "That the Mayor receive an annual allowance of $600 and each Councillor a meeting attended."

That the Secretary be appointed Water and Sewer foreman.

That J. Gordey be appointed Public Works foreman.

That the resignation of Mr. Ackerman be accepted with regret, effective May 1st, 1953.

That Eldred Herman Weeres be appointed as secretary-treasurer of the Town of Vermilion effective May 1st, 1953, at a beginning salary of $3500 per annum.

Elks Hall Renovation

That building permit be granted to B.P.O.E. 131 for renovations to lodge room for $4000.

Delegations

The following delegations waited on the Council.

Mr. A. Locke interviewed the Council with regard to ways and means of financing the construction of a new curling rink. He requested on behalf of the Curling club, that the town council re-plot the interfering of the title of the curling rink to the club to enable them to use same in financing the new rink.

It was pointed out to Mr. Locke that the Council would investigate the matter and certainly assist to the extent of its authority in providing a new rink.

Mr. Robert Carmichael interviewed the Council with regard to the proposed new curling rink project. The Deputy Mayor asked Mr. Carmichael to investigate the situation further and report at the next council meeting.

Mr. R. Carmichael introduced to the Council Mr J. Miller and Mr J. MacKenzie of the Husky Oil Co. Mr. Miller discussed with Council the possibility of acquiring some land for the location of Highway 41 and 16 for the purpose of erecting a modern service station and underground tank storage facilities. The Council discussed the question with Mr. Miller at some length and will, 2 tube calf dehorners; 3, Barnes' calf dehorner, 4, electric dehorner.

A blade dehorner and a calf dehorner are for loan from my office.

Horticultural Society

The premiums to be given out by the Horticultural Society have arrived. We have to pay for them so would everyone who wishes to join the Society and get 8 gladioli bulbs and 3 Dahlia bulbs for 50c please call in the D A's office and join up for 1953. The bulbs are large size and in perfect condition.

Weed Cleaner Plant

At the meeting on Saturday it was decided to canvass for $3000 more in shares. Some farmers who already bought shares as yet have not paid up. Please do so as we are asked to come in to my office and others who only bought one share should and don't forget the sweet peas.

Colonel E. Brown Is Guest Speaker

Legion Members Attend Vimy Banquet

On the 9th of April 1917, the decidng battle of World War 1 was fought on Vimy Ridge. Veterans of both wars with their wives and friends gathered at the annual Banquet in the Legion hall, Vermilion to commemorate the day and pass a silent tribute to the thousands that went into that memorable action and did not come back. It has been regarded as the bloodiest and best fought battle of all history. From it emerged the solidarity of the British Empire and the nationhood of Canada. Upwards of 125 participated in the banquet presided over by George Martin as the President of the Legion. The members of the executive graced the head table and were individually introduced to the banqueteers and royally received. The guest of honour was Lt.Col. E. Brown who participated actively in the charge up Vimy Hill. Col. Brown on being called upon, reviewed the events of the war leading up to this final assault in which 100,000 men were engaged of which some 11,000 laid down their lives. The roll call was responded to by the following veterans of Vimy in Parliament: Mr. Martin, Essex West; Tom Wilson, Jas. J. Dunton W. Simmonds, Harry Scott, George Sanford, all of Toronto; Mr. H. Elliott of Guelph. They were all often a hearty one to listen. An interesting event was the presentation by President Martin of the Legion Medal to Mrs. Harry Scott for her meritorious service to the Legion over the course of many years. Similar medals will be presented to Mrs. James Cavil and Mrs. Fred Pirth both of whom have been active in Legion work. A son of Mrs. Cavil, Andy, was unavoidably by the King for risking his life by extinguishing a blaze on Gibraltar that otherwise might have proved disastrous.

President Martin elaborated on the effective work of the Legion all over Canada and appealed to the old and young returned men of the last war to rally to the support of the local branch

The toast to the "Men of Vimy" was proposed by E. H. Buckingham. Their fame, he said, will go down in history for wherever soldiers gather to talk famous battles Vimy will have the place of honor. He gave a very graphic description of the hours and minutes preceding before the guns roared out death and destruction to the Germans ensconced on top of Vimy. On Easter Monday 1917 the Canadian corps swarmed up the slopes of Vimy and by Tuesday night had gone over the ridge and captured 4000 German troops. In two days they advanced 17 miles. Col. Grisbach was in command of the leading brigade. The ridge had been shelled for three weeks previously but without much effect as the Germans were sheltered by deep dugouts. A determined attack by the French previously had failed. British troops supported the Canadians on both flanks. He said it was the opinion of military historians that never before in the history of the world were a better trained and more determined army than Canada's. May all true Canadians ever remember the spirit of Vimy. Mr. Buckingham's address made a deep impression upon everybody present. He was given a rousing ovation.

A dance in the new armories followed the banquet which closed with "The Queen"

The banquet was a highly successful and enjoyable affair. It was the first time that this annual event was attended by ladies, wives and friends of returned men from far and near.

Mr. and Mrs. Chas. Young Celebrate Golden Wedding

MARRIED AT BATH, SOMERSET, ENGLAND, ON APRIL 11th, 1903.

Mr. and Mrs. Charles Young, esteemed Vermilion residents since 1945, and who prior to that farmed in the Islay district, observed the 50th anniversary of their wedding on Saturday April 11th.

Mr. and Mrs. Young were married in the City of Bath, Somerset, England on April 11th, 1903. They emigrated to Alberta in July 1911 and arrived in the Taber district. In February 1912 on what appeared to be a lovely spring day, but which turned out otherwise, they set forth for north of the Red Deer river in search of a homesteads While away the fine day gave way to a blizzard and the thermometer dropped to 30 below. Not being used to that kind of weather, Mr. and Mrs. Young found the travelling hard but they finally succeeded in finding a quarter to their liking, locating in Township 23 Range 9, West of the 4th. They stayed there and in the Taber district for five years. Owing to the difficulty of obtaining water and the great distance to market, coupled with the wonderful crops of 1915 and 1916, Mr. and Mrs. Young decided to move still further north, having in mind the Barr Colony country of which they had heard before leaving the Old Land, this being Lloydminster and vicinity.

They left Taber in April 1916 and trekked all the way to land previously purchased in the Islay districts, arriving in May. They took along with them four horses, a saddle pony, a two-ton truck and cows with calves, some machinery, two wagons with schooner covers. That spring there were lots of water everywhere which made travelling difficult. They travelled by a homestead map, but at times of course, got off the course, and would be lost for awhile as there were no fences or signs to keep them on the correct route.

The first four crops in their new district were very discouraging, being practically all owing to either drought or frost. Nevertheless they had made the mistake of coming too far north, and in leaving the south. Accordingly they decided to return to the southern part of the province. Owing to the shortage of cash on the part of would-be buyers of their farm they had no alternative but to stay, which was not without hardships.

In 1920 they harvested a good crop, yielding 50 bushels to the acre of No. 2 wheat. This was most encouraging and they decided to stay and make that district their future home. This they did, farming until 1945 with success in which year they retired to live in Vermilion.

Vermilion, claim Mr. and Mrs. Young, is about as good an any country town in Western Canada. Being favored with such services as water, natural gas, water, sewer etc., and a person is able to get anything they want provided as Mr. Young says, "if one only has the money".

Their daughter and family have taken over the farm in the Islay district and are carrying on from there Mr and Mrs. Young left off. Their son Frank lives in Vermilion. Mr. Young has the following words of thoughts to add in his own words:

"Those people residing our own age will agree that the world has made great advancement in many things and along many lines during our lifetime. This the younger generation can hardly realize especially when I state, that at the age of three years in that part of the world where I was born, we were sent or taken to school, for that was the age decreed by law that children should attend school. So I had to stay in the infants school for three years moving up from the higher Elementary school where it was compulsory to pass four Standards before leaving school. That was in effect until 1891. After that year it was compulsory to pass the 5th Standard or remain at school until reaching the age of 15. I believe that there was more learned in the five Standards there, than in the five grades as we know them here.

At the age of 11 years (as it was only a small percentage that had the opportunity of higher education) I was sent out and got a job with the bricklayer and stone mason. It was a real man's job, handling the brick and stone, and making mortar. for it all had to be done by hand power. First the lime lumps had to be slaked, then screen boiler furnace ashes to make into mortar. For this job the contractor paid me penny an hour (2 cents) and for half an hour less, for the reason I mean enough to deduct half-penny (1 cent). That was the remuneration after travelling 3 miles and being there by 6 a.m. We were not paid for eating time while on the job but took half an hour from 8'30 for breakfast, also an hour for lunch quitting the day's work at 6 p.m. This allowed no time for sport or recreation of any kind as most of the time off the job was needed for rest. That is a far cry from what is being enjoyed by the boys of today.

Mrs. Wm. E. Mackenzie Dies in Edmonton

The many old friends of Mrs. William E. Mackenzie were saddened last week when word was received of her death on Thursday, April 9th. She was 78 years of age. Besides her loving husband she is survived by three sons, Alex of Vancouver, John and Charles, both of Edmonton. There are ten grandchildren and five great grandchildren. Funeral services were held on Monday April 13th and interment followed at the Edmonton cemetery.

Mr. and Mrs. Mackenzie and family were among the esteemed old time families of Vermilion. They resided here a number of years ago to reside in Edmonton.

By The District Agriculturist

"GREEN ACRES"

Tractor Accidents

Last year there were 3 fatal tractor accidents in this district. Let's try hard this year to avoid painful injuries by more careful handling of tractors and implements. When an operator is tired from long hours of work in the field is the time he is less. All we can say is look before you leap and keep your hands and feet down. Above all keep children away from the tractor.

Dehorning Calves

After July 1st it will cost the self $2 for every animal sold with horns. Now is the time to plan calf dehorning. There are several methods 1, Dehorning paste, put on when calves are about one week old. 2 tube calf dehorners; 3, Barnes' calf dehorner, 4, electric dehorner.

A blade dehorner and a calf dehorner are for loan from my office.

Horticultural Society

The premiums to be given out by the Horticultural Society have arrived. We have to pay for them so would everyone who wishes to join the Society and get 8 gladioli bulbs and 3 Dahlia bulbs for 50c please call in the D A's office and join up for 1953. The bulbs are large size and in perfect condition.

Weed Cleaner Plant

At the meeting on Saturday it was decided to canvass for $3000 more in shares. Some farmers who already bought one share as yet have not paid up. Please do so as we are asked to come in to my office and others who only bought one share should and don't forget the sweet peas.

Bee To Tear Down Old Curling Rink

WEDNESDAY, APRIL 22nd: WATCH FOR BIG BEE!

The Vermilion Curling club will hold a bee to tear down the old curling rink on Wednesday, April 22nd starting at 1 p.m. Help is urged from town and country is urgently needed and everyone should come armed with wrecking bars, nail pullers, hammers, crow bars and anything else that may be useful in tearing down the building.

A big crew should do it in one day, and the Vermilion Curling club earnestly solicits your help in the big project they have undertaken, that of building a new rink before the next winter.

Treating Seed Grain

Over 50 per cent of the samples of seed sent in to the Line Elevator Seed Cleaning Service, Winnipeg last year showed some smut. Surely it is good business to treat all seed grain. Besides the smut, the mercury dust treatments also protect the seed from seedling blight, root diseases etc. It pays to treat all seed.

How Vegetable Varieties

A lot of new varieties of vegetables especially suited to Western Canada are on the market this year. Why not try Alta Gold or McPhyen's 36 Cross corn. Bush Beans—Tendergreen. Morse No. 2 garden peas? There are others. Get a list of recommended varieties from my office.

What About Lilacs?

Every farm or town garden ought to have some lilacs. There are many varieties should be used and then there is bloom for nearly 2 months. Add plants including white, pink and deep violet give a great variation in color and time of blooming.

Early Gardening

Don't leave off planting the garden until May 15th. A few rows of hardy vegetables can be put in as soon as the land can be worked. The hardy vegetables are: Parsnips, onions, carrots, spinach, peas

Legion Notes . . .

Past No 11 celebrated the Battle of Vimy Ridge in a big way. Where we honor the men who fought at Vimy, we honor the men of the R. remember those who did not while Canadian Corps and the many come back.

It is a well attended dance was held in the armoury. We are grateful to Capt. Ackerman, officer commanding 'A' Coy., for the use of the new armouries.

On Saturday there was the usual

Cool April Weather

Temperatures have been cooler than normal for the month of April but forecasts hold out hope for a gradual warming up.

Considerable snow has but this melted almost at once. April snowfall has amounted to 5.2 inches.

DAILY TEMPERATURES

April 9	32	27
April 10	36	17
April 11	22	16

April 16	30	4

...smoker when veterans get together. ...songs lose all runny life and to sing the old songs.

The monthly meeting held on Friday was well attended but a lot of business was done.

It was agreed for the Legion to buy two shares of $50 each in the new curling rink to be built in town

Six new members were accepted for membership. The names are Bill Boulton, Geo. Bellingham, Roy Osterberg, Ken Reid, Frank Neall and Frank Clarke. Welcome to you all. You will be initiated at the next meeting. There are still 30 or more veterans around the district who are very welcome also, to join up with the Legion.

W. S. Duggan representing the Veterans Welfare branch will be at Vermilion V.L.A. office on April 22 between 9 a.m. and 12 noon. Any veterans needing information on rehabilitation or welfare problems should see Mr. Duggan.

Miss Elsie Greenlaw has accepted a position at Canada Packers in Edmonton.

Seed Cleaning Plant, Roads, and County Plan Discussed

AT WILDMERE F. U. A. MEETING

Every so often some vital branch of the Canadian economy go on strike and tie up a goodly portion of the national industry in an endeavor to gain a greater share of our living standards, but when the farmer mutinies something along the line, it's 'oh, you can't do that. We'd starve.' The cause is just as considerable discussion and it was pointed out that the farmers by producing on a sense of duty regardless of market outlook, can and did in a great many cases in the 30s produce himself right out of business, to the detriment of the whole Canadian economy.

Cr. Wallington gave a detailed outline of the fight which was put up to get a seed cleaning plant for this area in Vermilion. This is now a certainty providing the necessary $3000 more is raised within the M.D. So neighbors, be prepared when your agents come around to sell you more stock. This will be an excellent thing for Vermilion and district. Cr. Wallington was also good enough to place his entire road program in the hands of the meeting, and for this he was given a hearty vote of thanks. Everyone wished that more of the councillors would do this as it is the right of the taxpayer to know in advance where his money is to be spent.

Mr. W. T. Garnett gave us a very interesting talk on the County system as laid down by the act in Alberta, what it is, how we can get it, why we should have it and so forth. After this there was some discussion and the idea as put in our very well received, largely due to the fact that contact with the government would be lost, also the danger that there might be a tendency towards the whole set-up being political rather than efficient.

Mr. and Mrs. Chas. Young Celebrate Golden Wedding

(continued from front page)

June of this year being Coronation of the new monarch reminds me of the Golden Jubilee of the late Queen Victoria, great grandmother of the present queen, in 1887. I still have a vivid mental picture of that event, the celebration of which was held in a small field adjoining the village in which I was born. There was a large tent pitched to provide accommodation for serving refreshments free to the school children. A meal was given to each child of school age, the portrait of the Queen as she was at jubilee, on the one side, while on the other side was a portrait of her as at her coronation. During the celebration, various games were indulged in, balloons were sent aloft and the local brass band was in attendance all the while for the people enjoyed giving of their talents.

While, as mentioned, the world and especially western Canada, has made tremendous strides forward, for the betterment of conditions for the people, both in capital ww'ks, social security and general welfare, but there is much more still to be done; for generally speaking, the world is in what we might call, a terrible mess.

Christians have been praying for God's Kingdom to Come, and His Will to be done on Earth as in Heaven, for the last 2000 years! But it seems that internationally, the world is getting farther away from its realization. It may be said that it will never be realized as long as there are even a few individuals have one another. Without a doubt we are living in momentous times, and it behooves everyone to act in word and deed to help establish world friendship toward peace, which should put an end to this ever-burden of armaments production and its maladministration. Then, and then only, will there be world-abiding peace.

Woodvale News

Having been on a little trip to Edmonton and Calgary, getting a touch of the flu and trying to do some spring cleaning with all the mud around will be enough explanation for the absence of Woodvale news for the last month.

We have not had time to gather much, but here are a few items at least.

Woodvale is sorry that Mr and Mrs. J. Ross are leaving our district after a residence of 23 years. Luckily they are not moving very far away and we'll be able to see them occasionally. They plan to build a house on their son's farm in the Turkey Hill district on a gravelled road and where they can enjoy life without the ever pressing farm work harassing them and yet still able to enjoy farm life to which they were used to in Scotland and Canada. We all wish them many years of happiness, health and comfort in their new home.

The Red Cross Auxiliary held their monthly meeting at the home of Mrs. H. Portsmith, with Mrs. T. Preston as co-hostess visitor and helper. There were seven ladies working on the quilt which just got finished in time and will be sent to the Vermilion Branch. A short business session was held as usual and a 7 x 9 pieced quilt top, donated anonymously, a donation of a baby quilt top by Mrs C. McGrath and flannel quilt pieces from Mrs. Proctor were received. We were not there but we can well imagine the enjoyment of the tasty lunch after all the work of the afternoon. The next meeting is scheduled for Mrs. M. Watson's.

Plans for extension of the hydro lines into the Tofland and Hindville districts are now again being made and we hear that when applications have been filled in and made are in for travel, a meeting will be called.

Crops so far in this area, have not shown any interest in the cyclone bombs set out to destroy them by the provincial committee from Edmonton. We played Santeuse in Anton Tchekoff's "The Bear."

Our younger generation has inherited what may be termed, untearned security, which they are enjoying to a degree, and to retain and increase that security it will need Principle, Work and Determination, to save" themselves perhaps from annihilation, as present day politicians, we are told, are incapable of doing just that. The nations of the world have taken upon themselves a war policy, or preparing for war, for that is what the manufacture of armaments amounts to. It is also possible for leaders of States to reverse that policy, to a policy of sitting around the arbitration table where it could be possible, or should be, for all International differences to be settled, thus putting an end to the wholesale shedding of blood as has been the rule in the past.

Man was placed on the earth, and this same earth can produce an abundance of all things to meet the needs of mankind, to that end. Where and when he could enjoy peace, happiness, security, with abundance, for that was man's birthright, but has been forfeited and lost, owing to man's mismanagement of human affairs.

Although that state of affairs has existed for ages, I am strongly of the opinion that in the not too distant future the world will undergo the greatest change of all time. This change is indicated by world unrest and symbolized as the sea and waves roaring. I believe that peace and tranquility will in due time be established the world over, for this will be fulfilled that which was spoken by the prophets of old, that all weapons of war shall be beaten into implements of production of the necessities of life, and war will be no more.

Then and then only, will the Lord's Prayer be a realization. For this earth is the only home innocent for mankind, this was the purpose of the Great Architect of all Creation, and we are only deceiving ourselves of we are hoping, or expecting any other, for we are nowhere promised any other. So we must all do our part toward the establishment of a Heavenly State here, that is everyone's duty, by being obedient and by observing all Divine laws, both the natural as well as the spiritual, which is also an assurance of health and peace. We are promised that this earth will remain forever, and be the home of mankind, so it behooves each one to work for the restitution of all things which are lost, namely, Peace, Happiness and Security with abundance. This is not idle talk, for it must, and will eventually come."

Sixteen Years Ago Today

April 15th, 1937

Heavy rain and snow Tuesday greatly improved moisture conditions and made the crop outlook much better.

Rev. R. A. Pickard rector of the Clandonald Anglican church has been transferred to Wainwright He is succeded by the Rev. R. S Faulks who comes from Hartford

Clarence Anderson has taken over the Ford garage in town

Work on the bush camps resumed the first of the week but numerous farmers were hard at it last week By the time operations were stopped by rain and snow considerable acreage has been reported in crop, one farmer having 200 acres of seed under the ground The season is two weeks earlier than 1936.

Thirty-two Years Ago Today

April 13th, 1921

J. J. Lee of Montreal purchased a large block of 1000 acres of land in the Indian Lake district.

Norman Williams won 3rd prize in the calf feeding competition at the Edmonton Spring Stock show and sold his steer for 30c per lb. live weight.

Approximately 750,000 bushels of the 1920 crop has been shipped from Vermilion elevators.

Among the students returning to their homes after completing Normal school courses at Camrose and Edmonton are Rhena Mosier, Doris Bailey, Rhena Smith, Laura Reid, Henrietta Bury, Muriel Robertson, Lawrence Dyner was another VHS grad who completed the normal course.

Dewberry News

The Easter night Amateur contest and dance once again proved very popular to many dancers and prize winners that we don't remember them all. The Jones' Acrobatic troupe were out in full force and have added some new stunts. The evening's entertainment was sponsored by the Dewberry F.U.A. local. Proceeds will go to local operating expenses.

Peter Machoruk of Mundare is now working as second man in the National Grain elevator. He recently moved his family to Dewberry and they are living in the house previously occupied by Lyle Kartin.

At a recent Livestock Co-op meeting held in Dewberry hall Don Matheson was elected to represent this point on the board of directors. Hogs and cattle are now being shipped west as well as east, Mr. Meyerman of Derwent, the association secretary was in attend-

Amateur Night Is Well Attended

MANNVILLE.—A very successful Amateur hour was held on Friday evening in the Orange hall under the auspices of the L.O.B.A. The hall was filled to capacity and the entertainment of the amateurs was thoroughly enjoyed by those present. Among the 35 entrants were solos, duets, selections, recitations, tap dancing. Winners were as follows:

Pre-school Cheryl Cartier, solo; Gerald Wright, solo.

6 to 8 years — Brian Scoggins, solo; Bonnie Proudfoot, tap dancing; Joan Wright, solo.

9 to and 11 years—Barbara Arnold, song and tap dance; Hans Pedersen, solo; George Korchinsky, solo.

12 and 13 years: Margery Matheson, pianoforte solo; Audrey and Gloria McCauley, pianoforte duet; Walter Smart, solo.

11 and 15 years—Connie Gerhart and Norma DeLuckie, duet; Jans Whitson, solo; Joyce Scott, solo.

Adult — Marlene Chomberg and Shirley McFadden, duet; Betty Proudfoot, solo; Gwen Allan, solo.

A special thanks is due the judges—Mr. C. Terrance, Mrs. Hugh Thompson, and Mrs. Ronnie Bang for their excellent judging, their task was very difficult due to the large entry and the entertainment value of all the entries. Rev. Clennett again was an expert Master of Ceremonies.

Jim Johnstone entertained the audience with solos between competitions and combined voices with Janis Whitson in a duet, "Tell Me Pretty Maiden" which according to the applause was well received by the crowd.

To complete the evening a pantomime "The Lamp Went Out" was enacted by several members of the L.O.B.A. Mabel Gamble, Peggy Hubbard, Peggy Croft, Lucille Hughes with Joan Legg as the narrator.

The Amateur hour was followed by a dance which was also well attended.

Kitscoty High School

After a big Easter holiday the students are all back in the old grind. Gr. X students now spend Monday, Wednesday and Friday mornings at the Vermilion school of agriculture where they take Home Economics and Woodwork. They have just started the course and from all reports it seems to be thoroughly enjoyed. The time table has been changed by this new course so now finds bewildered students roaming the halls trying to find their proper classes. Oh well, we'll get used to it—they say. The week before the commencement of the holidays we had our share of exams. They were really tough and the marks were — extinct, shall we say! Thank goodness there were only two and one half more months before finals.

Despite all the snow the girls' softball and boys' baseball teams are thinking thoughts of silver cups. The boys have been seen in front of the dorm tossing the ball around. That's a sure sign of spring.

Our year book has been quickly whipped into shape. With more students our year book is getting bigger every year and this one promises to be the best yet.

OUR COMPLETE SHORT STORY

THE LILAC TREE

By RUTH THOMPSON

VIC strode ahead into the depot with his suitcase and Mary's bag. Last night this had seemed a perfect ideal. Vic and she were discussing when he suggested it.

"We can be married right away over the line. Don't fuss about clothes," he had said. "Just wait. I'll dress you like a doll."

When he said that, Mary felt tingly from head to toe. She hated her job in the noisy restaurant. Every day the trays seemed heavier and chinaier to manage. Vic's chance flirting at the counter had been a welcome diversion.

Vic set the bags down and she watched him hurry to the ticket-window. How queer, she thought, just two years ago, when she left Pine Creek—it was April then, too—she had entered the city through this same station. Two years of disillusionment! She could still see her mother's tear-filled eyes.

"Aw, mom, you know I love you," Mary had said. "Don't cry, mom. Please, too. But I don't want to settle down and be a farmer's wife. I want to have fun."

Then the local train puffed in and her mother had held her tightly.

"Don't worry about me, Mom. I'll write."

Her mother had tucked a spray of purple lilac in the strap of the suitcase—"So you'll not be forgetting the lilac tree."

Mary smiled. She was remembering how she had called even the tiniest shrub a lilac tree. Someone came and sat close to her. Vic, it was, with the tickets. "What are you grinning about?" he asked. "Oh, nothing," she answered. "I was just remembering." She wouldn't try to explain. He would never understand.

He let it go at that. He laid his arm across her shoulders, drew near close, while his pudgy fingers kept squeezing her arm. His lips almost touched hers.

"Kiss me, Baby," he urged with a possessive glint in his steel-blue eyes. Mary shrank back. Strange that never before had she realized the fullness of his lips. She pushed him back with a sense of uneasiness—why, this was the man she had promised to marry.

"Afraid of me, are you? Better not be!" His voice sounded sarcastic—or was that a threat?

Mary turned her face away. She noticed a woman who had entered the depot, carrying an armful of lilacs. As she passed, a spray fell near Mary. She reached and picked it up.

"Just wait and you'll have a roomful of roses," said Vic.

Mary did not answer. She was seeing lilac-trees, purple and white, all in bloom back home. She could smell their sweetness.

Vic swore under his breath. Startled, Mary turned. A swarthy man, with hat pulled low, was approaching them. His face was vaguely familiar.

"Who is he, Vic?" Mary whispered. She tried to remember where-abouts, chlordane for cutworms and fungicides to control smuts certified on the seed. Combination mixtures are also commercially available for most seed wireworm control.

"Who's he to you?" Vic asked brusquely.

Mary caught a glimpse of a scar on the stranger's cheek. Something clicked. That picture in last night's paper. The story about mother-love up.

Then—"It's like this, boss—" He was whispering something in Vic's ear. Boss!

He swore again. His voice was harsh. "No!" he exclaimed.

Mary shivered. She looked around, hoping no one heard him.

"Listen, Baby," he said, turning to her. "I've got some business, some mighty important business to tend to. Wait here."

Mary watched them step into a large flashy car. At first she was frightened. Then there was no feeling in her body but a queer numbness. Only her brain still worked, clearing, like a mist rising after sunrise.

She thought of Vic's promises. Beautiful clothes, night clubs, a gay party somewhere every night. She thought of her mother and of Roger. Was he still waiting for her in Pine Creek?

She went to the door and looked down the street. Vic might be back any minute now.

Suddenly she grabbed up her bag and ran to the ticket window. Breathlessly she asked the agent about the train to Pine Creek.

"Yes, Ma'am! In three minutes better hurry," he said as he stamped her ticket.

Clutching the paper, she felt as if she had been running through a dark, dense forest and had that minute stepped out into the warm, clean sunlight.

60 Front Street W., Toronto.

New Disease Hits U.S. Cattle

PORTLAND, Ore.—Livestock officials said that a new disease is threatening beef and dairy cattle in the northwestern United States. The disease is called leptospirosis.

The officials said about eight herds have been infected in Washington State's Klickitat County. The disease also has been found in two other Washington counties and at least five counties in Oregon.

Leptospirosis seldom is fatal to cows, officials said. It causes abortions, fever and in the case of dairy cows, a sharp drop in milk production. It is caused by a parasitic organism which lodges in the kidneys.

Milk from infected cows sometimes becomes thick and reddish and the animals must be slaughtered. Cattle that contract the disease and recover become carriers.

E. P. Peterson, Oregon State Agricultural Director, said "apparently the disease is widespread and has been here a long time; but we are just finding out about it."

He said officials were trying to determine what effect the disease would have on humans.

The monkey was a former gold coin of Portugal.

Prime Minister To Have R.C.M.P. Escort At Coronation

The scarlet coats of Canada's Famous Royal Canadian Mounted Police will add a gay note to somber processions that will precede actual coronation of Queen Elizabeth at Westminster Abbey on June 2. Taking part in its 87th coronation, the R.C.M.P., comprised of 48 constables chosen from every police division across Canada, will escort Prime Minister and Mrs. St. Laurent as they ride in processions. Mr. St. Laurent will represent Canadian government at historical event.—Central Press Canadian.

Farmers Advised To Carry Out Control Measures To Combat Wireworms, Cutworms, Smuts

The use of chemicals in conjunction with good cultural practice is an outstanding aid to farmers in reaching almost complete control of wireworms, cutworms and smuts. Such control practices are urged by the Saskatchewan Department of Agriculture to reduce annual losses amounting to millions of dollars.

The Director of the department's plant industry branch, R. E. McKinnon, said the control chemicals include gamma BHC for wireworm infestations, chlordane for cutworms and fungicides to control smuts certified on the seed. Combination mixtures are also commercially available for most seed wireworm control.

Mr. McKenzie stated that if farmers carry out these control measures many dollars will be saved in avoiding crop losses. He added that further information can be obtained from agricultural representatives.

Wireworms are slender, hard-bodied, shiny yellow worms up to one inch long, which do not curl up when disturbed as do cutworms. They hatch in June and early July and may remain in the soil for five to 10 years, moving only short distances. Wireworms can be controlled by treating sound, dry grain uniformly with gamma BHC at a rate to give one ounce of active chemical per acre any time up to eight months before seeding. The amount of dressing used will depend on the amount of active chemical contained and the rate of seeding. Treated seed should be sown into a moist, firm seedbed but not deeper than three inches.

Summerfallowing every second or third year using shallow tillage and keeping down all weed growth will eventually reduce wireworm numbers. Chemical control of the cutworm is obtained by spraying the field with 1½ to 2 pounds of pure chlordane per acre as soon as damage first appears. Summerfallow should not be worked from August 1 to September 15 unless weed growth becomes too heavy. This allows a crust to form and prevents moths from laying eggs.

Several types of smut carried on the seed can be controlled by fungicide treatment. These include covered smut (bunt) of wheat, loose and covered smuts of oats and covered and false loose smuts of barley. Mercury fungicides should be applied to diseased seed at least 24 hours before seeding wheat, and one week before seeding oats and barley. Non-mercury fungicides are recommended to control covered smut (bunt) of wheat only. Wheat should not be treated unless it has been tested and found to carry disease.

Combination seed dressings are available containing gamma BHC for wireworm control and mercury fungicide for smuts. To prevent loose-smut germination grain treated with the combination dressing should be sown within the month of application.

Smuts carried within the seed, such as loose smut of wheat and true loose smut of barley, can be control-

MEADOW LARK WINTERS ON FARM IN ALBERTA

CRAIGMYLE, Alta. — A meadow lark that refused to follow its feathered friends south last autumn has fared well since. The bird has become pretty tame on the farm of George Raitbecks.

Actions speak louder than words

CAT MOTHERS PUPPIES

WINNIPEG) —Three of six puppies born to "Brenda", miniature pinscher, died and the mother was too weak to feed the others. A call for help resulted in a mother cat being brought with her kittens. The puppies mingled contentedly with the kittens.

News Notes From Your District Home Economist

Why Not Plan a Garden?

Most likely the food bill is the largest item in the budget and no one can predict how much greater it will be. You can cut your food costs considerably (and counteract inroads into) by planting a garden this spring.

Why not keep a record of your food cost — and just discover for yourself how a garden can be a good investment—as did one woman.

The amount of products which were grown were listed and their cost if the same produce had been purchased at a store. For $8.10 worth of seeds, fertilizer and labor to made the garden the result was a total of $71.60 worth of produce.

Know Its Benefits

A sweet potato in a glass of water will sprout, grow into an attractive plant. Keep one on each of your 'What Not' shelves.

Incidentally -- throw some of the ashes onto your potted plants before you empty the ashtrays. Ashes help promote vigorous growth and a big plant life.

Spring-Cleaning Fever

Have you got spring-cleaning fever? Why not try a new and different color scheme in your kitchen? Have you thought of light green yellow and grey? Or possibly a coral, with lime green and yellow color scheme? The kitchen should be bright and cheerful because you spend the greater part of your morning day in the room. Make it attractive and pleasant and your work will appear lighter. Try touches of bright red, or bright green curtains. A plaid washable wall paper will make your breakfast nook a pretty spot. The important thing to remember is that you use the colors that you and your family like best.

Saving Time

A careless young husband named Swope,
In the tub left a wet cake of soap.
On it, wifey did slip
And busted her hip.
She'll walk again someday —
they hope!

Please, please homemakers, be careful in doing your spring cleaning. It is so easy to fall and injure oneself by standing on boxes and chairs or tables when washing wall or painting. Use a good solid table or household ladder for washing outside windows etc. Be safety conscious — It's worthwhile.

Paradise Valley

Miss Laura Knutson of Edmonton accompanied by Mr. Knutson's brother are Easter visitors at the former's home.

Miss Beth McLean who is attending high school at Kitscoty spent her vacation with her parents Mr. and Mrs. W. A. McLean.

Mr. and Mrs. Harry Hite and family of Wetaskiwin made a hurried trip to their friends and relatives in Paradise Valley during the week end.

Mr. R. R. Adams who has spent the winter at the West Coast has returned home accompanied by Mrs. Thompson, a former resident of Paradise Valley.

Mr. and Mrs. Jim Stoddart and family of Lloydminster were recent visitors at their old homes, both here and at Moyerton.

Mr. and Mrs. John Adams and family spent the past week end in Edmonton visiting with friends.

Miss Evelyn Wood who has spent the winter in Calgary is spending her vacation with her parents Mr. and Mrs. Frank Wood.

Miss Muriel Matheson of the University hospital staff at Edmonton has been visiting her parents Mr. and Mrs. L. A. Matheson.

Miss Violet Adams of the Vermilion treasury branch is relieving at Olds for two weeks.

On Wednesday evening the auditorium at the school was the scene of a very happy gathering, it being the occasion of a banquet to the hockey boys and Boy Scouts. The place was well filled and the mothers outdid themselves in the food provided. The whole event was a splendid success and reflect credit on those responsible for it.

Mrs W. A. Gunn returned on Friday evening after attending a ladies' convention held at Olds during the past week.

Mrs. L. W. Shaw returned home on Saturday after spending the winter with her daughter Mrs. Arnold in Toronto.

We regret to hear that our old friend Mr. D. L. Bennett is a patient in the Lloydminster hospital.

Mr. N. A. Brown who has been in Saskatoon for the past few weeks returned home on Friday evening Mr. Brown had an eye operation.

Mr. and Mrs. Floyd Henry have returned home after making a trip to the Western States.

Mr. Art Swayne put in his Easter vacation in the Lloydminster hospital. Not a very nice vacation was it Art?

Winter is with us again. Today (Saturday) is as cold and miserable as any day we have had all winter. Our coal bin is getting pretty low and here we thought that we would not need any more this season. Oh well, such is unpredictable Alberta. You never know what to expect next.

The Vet was out from Lloydminster last week giving the dogs in town and district a going over. It certainly was dog day in Paradise Valley.

We would like to again remind you that the Red Cross list is still open and if you have not given your donation to leave it at the post office or with Frank Ball or Mrs. Betty Flint and receive your official receipt. We are away down on our quota this year so your contribution will be greatly appreciated.

The World of Wheat

By H. G. L. STRANGE
Director "The Crop Testing Plan"
The Pioneer Spirit

"To be a pioneer does not insure success, nor does success depend on pioneering, but the pioneer spirit is the basis of all social progress whether it be in the field of industry or art, science or religion, or any other sphere of thought or deed."

This was written by the late Mr. Albert Farwell Bemis, President of the Bemis Bag Co., who himself was a real Western pioneer.

This brings to mind what all of us on these prairies owe to this very "Pioneer Spirit". To, for instance, the pioneer settlers who came from many different nations in the world to an unknown prairie country, hoping for success but willing to accept hardships and to take chances. To those who put up the capital to build the Canadian Pacific Railway with its daring venture of a transcontinental line, which at the time was called folly and madness. To early elevator companies and other merchants risking their capital in an unknown area, to people of many countries willing to risk their savings to start new ventures and industries, and to the almost forgotten early pioneers who headed agrarian movements to secure better advantages for their fellow farmers. How true it is that it is the "Pioneer Spirit" that is the basis of all real human progress.

Chatsworth Chatter

Here we are again with the news — some of it may be a bit late, but we hope you will overook that, as we feel there is a good excuse. Having spent 16 days in hospital recently, and haven't had much time for news gathering since.

Old Man Winter is having a last fling, we hope. After the March 21st and 22nd storm, spring seemed to have arrived, as the snow went, and crows, ducks, blackbirds, blue birds and robins were back. However, the moisture will be welcomed, although it will delay the drying of roads and the beginning of spring work.

Most of the main drouds are dry, although there are some [illegible] ruts in places. East-west roads are still quite deep in snow, especially those which were not snowplowed after the March storm.

Easter week end visitors at the home of Mr. and Mrs. Harry Good were Mrs. Good's brother and his wife, Mr. and Mrs. Bob Robson. Bob has recently been transferred from Wexford, Ont., to Calgary.

Spending the Easter holidays at the writer's home were June and George Heney, and Mr. and Mrs. Geo. Heney Sr., of Edmonton. The trip was made by car and the high way reported as quite good — but local roads just weren't ready!

Miss Valeria Malik spent an enjoyable time at the University of Alberta's Young People's week end late in February and the beginning of March. Valeria is very enthusiastic as to the knowledge and enjoyment to be derived from such a short course.

Mr. and Mrs. Ernest Fowler of Edson, are visiting the latter's parents Mr. and Mrs. R. Good of Vermilion and other relatives of the Chatsworth and Bowtell districts.

Mrs. Ben Pich and Mr. Chas. Stewart were patients in the hospital recently. We hope they are quite recovered now.

Sorry we lack news of the crokinole party, F.U.A. meeting and the Chatsworth Country club meeting for March.

Sir, and Mrs. Frank Farkash are the proud parents of a baby daughter, born on Friday April 3rd.

We wonder how did those ladies who received cigars last week in celebration of the event, smoke them yet? And if so, with what effects? None, we hope, ladies!!).

Rural WI's Scheduled Meeting at Mannerond Refused

A meeting will be held at Bass wood school on Wednesday, April 22 at 8 p.m. to discuss the Wilkmere Rural Electrification project. All those interested must be in attend ance at this meeting as the officials need to have all available information in order to proceed. 60

Midnight Preview Planned

Something new is being planned by the management of the Columbia theatre — a midnight preview will be shown on Monday morning April 20th at 12:10 a.m. This is 10 minutes past Sunday midnight. The feature on that occasion will be "I Dream of Jeannie", an entertaining musical.

Auction Sale for Harold Wilson

Harold Wilson is having a clearing out auction sale at his farm 3 miles south of town on highway 41 on April 24th. Harold has sold his farm land so that all required is to [illegible] be sold. Watch for bills and advertising. 39-1c

Birthday Tea & Sale of Cooking

St. Saviour's W.A. will hold a birthday tea and apron sale at work and home cooking in the parish hall on Saturday May 9th commencing at 3:00 p.m. 39-1

Tree Planting Car Opens Tour

Once again the Association's unique travelling school-room, carried through the courtesy of the railways, will be visiting a prairie community each day during the next eight months. Conveniently located next the railway station, the large white letters down both sides of the coach draw attention to its mission, with the invitation — "Come Aboard". In the months ahead thousands of people in the West will accept this invitation and attend the meetings held on the car for both school pupils and adults.

The programme provide demonstrations in what can be accomplished through the use of trees, and practical lessons in tree planting. Educational work in promoting a greater interest in trees, as undertaken by the Tree Planting Car, the Dominion Forest Nursery Stations, and Provincial Governments, together with commercial nurseries, has resulted in a steady increase each year in the number of trees planted, and last year over 12 million trees were planted in Manitoba, Saskatchewan and Alberta.

Shelter belts are today recognized by thousands of farming people as an essential part of farm life. Planters are taking advantage of the benefits of tree planting as field shelters. Millions of trees being planted each year to protect fields and crops from damaging winds and to hold and conserve moisture. Trees could be used as shade trees along our western highways, and are being planted in growing numbers to replace our present ugly snow-fences. Each permanent area of growing beauty The increase in the use of trees for rural and urban planting gives promise that the once bleak and open prairie is slowly giving way to the beauty and protection provided by prairie tree planting.

As a special feature this year the Tree Planting Car will be showing Walt Disney's outstanding motion picture "Nature's Half Acre". A study of the birds, flowers and insects that live in a small area of woodland, field or pasture, we are sure this film will prove of special interest and pleasure to our guests. We hope that everyone in the districts visited by the Car will make sure to attend and see this excellent film.

On the completion of the present itinerary covering points in Saskatchewan and Manitoba, the Tree Planting Car will spend a number of weeks visiting communities in the Province of Alberta.

The success of past tours has been largely due to the generous co-operation of many individuals and organizations in helping to let people in each district know of the Car's visit and we hope that its mission of public service will continue to merit this widespread and effective help.

Home Workshop

Make Your Own Scenes

All you need are the common hand tools to make craftsmanship stamp such and scenes. Make materials according to your budget. Complete directions with list of materials on pattern 234 price of which is 20 cents

Make a Rocked Rug, Easy Size

Use odds and ends of woolen fabric and sewn garments to make this handsome design. Pattern 333 gives directions how to estimate material to be used and how to bleach and re-dye for blended tones. Actual-size portion of Early American rose design is included. Pattern 333 is 25 cents

Send thirty-five cents (35c) for each pattern. Write plainly Name, Address and Number of Pattern. Send orders to

Home Workshop Pattern Service,
Points Publishers Limited,
649 West FIFTH Ave., Vancouver, B.C.

Meetings are held in the Car, at each point on the itinerary, at eight o'clock in the evening. When schools are open, arrangements are made with the school authorities to have the Pupils visit the car during school hours. Sound films show the results obtained by farming people through planting trees, and give practical instruction in tree planting and home beautification. An illustrated talk covers planting methods, what trees to plant, the laying out of a shelter-belt, and planning the home grounds, with information on the care of trees and shrubs. A question period follows each evening meeting

The object of the tour is to encourage the planting of trees as windbreaks to prevent soil drifting, to moderate the wind damage to grain crops to help conserve moisture, assure the production of garden produce, encourage diversification, and to beautify farm home surroundings.

The Canadian Forestry Association is a National educational organization working to secure public understanding and co-operation in the conservation of natural resources of Soil, Forests, Waters, and Wildlife. It is entirely supported by voluntary grants and donations.

Canadian Wheat Supplies Higher

OTTAWA — Visible supplies of Canadian wheat in store or in transit in North America on March 19 totalled 274,629,000 bushels, the Bureau of Statistics said.

This was 39 per cent more than the corresponding total last year.

The bureau said farmers' marketing of wheat totalled 9,203,000 bushels during the week as against 4,694,000 bushels a year earlier. The aggregate for the crop year so far amounted to 332,333,000 bushels compared with 368,720,000 bushels in the similar period of 1951-52.

SADDENED sports world mourns the passing of Jim Thorpe, the greatest athlete who ever lived in the past 100 years. The Sac and Fox Indian died in his trailer home March 28th of a heart attack. He was 64 years old.

Oil Production In Saskatchewan Hits High Record

REGINA — Saskatchewan oil production hit a record high in January when 324 operating wells gave up 174,869 barrels of crude, the resources department said in its monthly report issued yesterday.

The output represented an increase of 839 barrels over the previous month, when 326 wells were operating. Natural gas production declined slightly to 112,554,000 cubic feet.

Of the total January oil production, 152,161 barrels was heavy gravity crude from the Maidstone, Colonsay and Lloydminster fields; 20,562 medium-gravity crude produced in the Fosterton, Wapella and Eastend areas; and 1,130 barrels light oil from the Recoy Verwin-Conrad Ledue-Del Rio Ratcliffe discovery well.

Total Saskatchewan oil production in 1952 was 1,694,305 barrels ga an average of 141,275 barrels a month.

Patterns

Her Very Favorite!

by Alice Brooks

Prettiest at the party — any little girl looks like a dream in this dress! Simple to crochet, it's petal stitch trimmed with contrast-color flower medallions.

THE COMPLETE PATTERNS to sew, embroider, crochet—printed in the new 1952 Alice Brooks Needlecraft Book! Plus many more patterns to send for—including ideas for gifts home accessories, toys, fashions! Send 25 cents now!

Funny and Otherwise

People who squeeze about income taxes can be divided into two classes: men and women.

Passenger: "What's the use of time-tables if they're not?"
Porter: "They're the one of waiting-rooms if they're not."

Overheard at the post office, one girl to the other:
"Here I was all ready to refuse him and he didn't even ask me."

Izzie Cup: "Didn't you hear me yelling at you to stop?
Woman Driver: Yes. I did hear someone yelling.

Izzie Cup: Then why in heaven's name didn't you stop?
Woman Driver: I thought it was someone I had run over.

Nell: "Is your boy friend a bookworm?"
Belle: "No, just an ordinary one."

She noticed when the last duck had taken off that one goose had been left behind on the water," Horst said.

"Just think of light coming to us from the sun at all those thousands of miles a second!" exclaimed the teacher. "Isn't it wonderful?"
"Not so very," said one pupil. "It's downhill all the way."

Pat, suffering from toothache, summoned up enough nerve to visit the dentist, but it again when about to sit in the chair. The dentist told his assistant to give Pat a tot of whisky.

"Got your courage back now?" asked.

"Na," replied Pat. So he was given a second dram, then a third.

"Now have you got your courage?" asked the dentist.

Pat groaned and shook and said: "I'd like to see the man who'd dare to take my teeth now!"

British Under Secretary for War Office, J. H. H. Stevenson said he received the following reply from a soldier's wife when had been told to leave her military quarters.

"Dear Sir:
I remain,
Yours truly."

She—Do you ever realize, George, that one-half the world doesn't know how the other half lives?
He—Don't feel badly, my dear; you did what you could.

He was a playful middle-aged wolf. Seeing himself close to a cute little blonde on the bus, he leaned over and asked: "Where have you been all my life?"
She, also a wolf, looked him up and replied: "Well, for most of it, I wasn't born."

Do You Know That . . .

Birds possess the keenest and most far-sighted vision.

Wild Geese Make Desperate Effort To Help Injured Goose

GREENWICH, Conn. — A desperate effort by two Canadian wild geese to try to help a fellow goose with a broken wing rise off the water was witnessed here by at least four persons. The two geese swam alongside the cripple and thrashed their wings wildly in an attempt to lift her so she could join in a flight north. They didn't succeed.

The wounded goose still swims about here, fed by shore residents.

Capt. Amos L. Horst, executive secretary of the Wildlife Restoration Foundation, which maintains a Greenwich game preserve, witnessed the gallant attempt.

He said he had heard of game birds attempting to help their fellows but had never seen an example before.

More than 100 geese flew into a Greenwich cove off Long Island Sound last December and began migrating northward in traditional V formation. About 30 to 40 left each day.

Horst and three friends were watching them.

"We noticed when the last duck had taken off that one goose had been left behind on the water," Horst said.

"By its futile efforts to rise, we perceived that one wing had been broken during the winter. Perhaps it had been shot, or perhaps it had been caught in a trap, or been struck by a stone thrown by a boy.

"As we watched, two geese from the flock swooped returned to the wounded bird's wing swam close on either side of the cripple, and then all three skittered across the surface of the water, the two helpers beating their wings strongly in an effort to lift the disabled one between them.

"This manoeuvre was timed twice, but a goose weighs 15 pounds or more, and it failed. Then the two helpers honked farewell and flew away."

The wounded geese now swims to shore every morning to get a bread ration.

FALSE TEETH That Loosen Mood, Not Embarrass

Many sufferers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at the wrong time. Do not live in fear of this happening to you. Sprinkle a little FASTEETH, alkaline (non-acid) powder on your plates. Holds plates tighter, firmer, feel more comfortable. Does not taste, chalky, pasty, gummy (not mouth). Get FASTEETH at any drug store.

Ahead for oftenest
"SALADA" TEA

Super for Supper—made with MAGIC!

HOT BISCUIT SUPPER-SANDWICH

Season to taste 1 c. minced cooked meat with grated onion, salt, pepper and moistening. Mix lightly with leftover gravy or cream sauce. Mix and sift twice, 2 c. sifted all-purpose flour, 2 tsp. MAGIC Baking Powder, ½ tsp. salt, ½ tsp. dry mustard. Cut in finely ¼ c. chilled shortening. Make a well in dry ingredients and add ¾ c. chilled cream and ¼ c. milk; mix lightly with a fork, adding milk if necessary, to make a soft dough. Knead for 10 seconds on a lightly floured board and divide dough into 2 equal portions. Pat one portion into a greased 8-inch pie plate. Pat and spread almond to edges with meat mixture. Moisten edges of dough with water. Pat second portion of dough to fit top of pie; crimp edges to seal. Cut slits in top for steam to escape. Bake in hot oven, 400°F., about 30 minutes. Serve hot with brown tomato sauce. Yield: 6 servings.

MAGIC BAKING POWDER

Mannville Local Items

The Easter holidays are over and the children back at school but what a day to start back — with the ground covered with snow it was more like the start of winter than spring.

Visiting with Mr. and Mrs. A. H. Elliot over the Easter week end were their son and family Mr. and Mrs. Winston Elliot and baby of Calgary.

Mr. and Mrs. R. Glossenberg and family were visitors at Edmonton and Tofield during part of the Easter holidays.

Spending a month with her mother Mrs. M. McLachlan is Mrs. Dick Wilson and daughter Jamie from Yellowknife. Also visiting with her mother during the Easter holidays were Mrs. Lowell Croft and two boys of Kitscoty.

A visitor in Mannville for the first time in 30 years, Mrs. Vernon Gunter motored from Edmonton with Mr. and Mrs. Geo. Symington and Mr. and Mrs. Doug Slade. They visited with Mr. and Mrs. Bob McLaughlin and Mr. and Mrs. Bruce Cunningham as well as old friends in the district. Mrs. Gunter now lives at Birch River, Man., and is on her way through to the Coast.

Mrs. R. Leitch and girls spent a few days of Easter week in the city returning with Mr. and Mrs. Bert Williams after the holiday.

Mrs. J. Gallie is a patient in the local hospital. She has not been very well all winter. Her daughter Mrs. Flack plans to move into town to be with her mother.

Visitors to the city last Thursday for the day were Mr. and Mrs. R. Bedard and Mrs. R. Whitson.

Miss Vicky Hnatiuk of Innisfree was helping her sister Mrs. M. Melnyk in the dress shop for a few days last week.

Mr. and Mrs. Doug Mackenzie, Marilyn and Mr. and Mrs. W. D. Ramsay are holidaying in B.C.

Visitors on Sunday last at the home of Mr. and Mrs. P. Ratzlaff were Mr. and Mrs. Ed Calder and Mr. and Mrs. Ed Schock.

Mr. and Mrs. Fred Proudfoot and girls spent part of the Easter holidays in Edmonton.

Karen Hubbard returned to Edmonton with her sister Mrs. Joe Bantly for the Easter holidays. Mr. and Mrs. E. Hubbard motored to Edmonton on Saturday to bring them home. They were accompanied by Mrs. Mercer, Barbara Arnold and Elaine Bennett who were returning to Edmonton after spending the holiday week in Mannville. Mrs. Mercer also accompanied Mr. and Mrs. Hubbard.

Local News of Interest

Isabel Gordon Joins Can. Nat'l Rys. Teletyping Staff

Isabel Gordon, daughter of Mr. and Mrs. Irvin Gordon, and for some years past the town's cheerful telegram messenger girl, left Monday for Edmonton where she joined the Canadian National staff of teletypers. Isabel became interested in teletyping while carrying out her telegraph messenger duties at the depot here. Last week she went to Edmonton and wrote examinations on which results reached acceptance for her new vocation. There were 40 candidates writing and Isabel obtained 100% and was given the number one job. This means that she was to report for work on the following Monday morning, April 13th.

Isabel was taking her grade 12 and commercial course at Vermilion high. Both examinations and commercial courses were very beneficial to her in the exams resulting in her obtaining a very interesting and lucrative position. While the young people are sorry to lose her from their midst, every success is wished her in her new vocation.

Dewberry Couple Set Sail for Australia

On Saturday April 4th Mr. and Mrs. Sandy Scorr of 3716 Alberta St., Vancouver, B.C. and formerly of Dewberry set sail for Australia and points of interest en route. While in Australia they will be the guests of Mr. Scorr's brother Jim who is associated with the sugar cane industry at Glenella, Queensland State.

Among those at the dock to bid them farewell and bon voyage were Mr. and Mrs. Mike Braitkewich, Ralph and Fernance; Jim Corey of Islay; Mrs. Armstrong; Betty and Bob Falkins. Judy and Elaine; Mr. Fred Hardwick; Anne and Bill Fricke; Mr. and Mrs. Ed Fricke and Philip; Harry Blythe of Wainwright, Sask.; Toby Hovvigold and Cus and Mr. Fred Clarke.

Their many friends join in wishing them a pleasant holiday.

Island Hill-Campbell Lake Athletic Association Meeting

There will be a general meeting in the Island Hill school on Sunday April 26th at 2:00 o'clock for the purpose of forming a club and the election of officers for 1953. All persons interested either in playing ball or assisting ball played this year are urged to attend. 40-1

The W. M. S.

The W.M.S. of the United church held their regular monthly meeting in the church hall on April 9th at 8 p.m. The president Mrs. W. L. Robinson was in the chair and opened the meeting with a prayer. Mrs. W. Williams read the scripture who were in charge of the devotional period. Mrs. Lawrence had an Easter message, Easter prayers and Easter hymns were sung. It was a very inspiring period.

Mrs. W. L. Roebuck who went to Presbyterial as a delegate brought back quite an inspiring report in which she said the W.M.S has had a very successful year all over Alberta.

Mrs. Hill pleased with a solo accompanied by Mrs. H. N. Simpson as pianist. Roll call revealed that fifteen members and two visitors were present.

Minutes were approved and reports taken for the month, and business completed.

The meeting was closed with prayer, and a tasty lunch was then served by the committee in charge, and a social half hour enjoyed.

Mr. and Mrs. Jim Divine and Mr. and Mrs. Lorne Logie of the Fields were in Vermilion for the week end, guests at the home of Mr. and Mrs. Donaghy.

Mr. and Mrs. Cliff Hollen announce the engagement of their daughter Enid Mae to Harry Edward Clarke, son of Mr. and Mrs. George Clarke of Vernon, B.C.

Mr. and Mrs. W. S. Cash who have spent the winter months at Placentia Calif., returned to Vermilion last week. They were accompanied on their return by their daughter Miriam.

Mrs. Fred Steininger and two children of Westlock spent the Easter holidays in town visiting the former's sister Mrs. Hilda English and generally renewing many acquaintances here.

Mr. and Mrs. Robert Elliott and two sons Jimmy and Clarence of Waskatenau and Mr. and Mrs. Art Elliott and daughter Mary of Tofield were visitors at the home of Mr and Mrs. A. W. Elliott during Easter week.

Mr. and Mrs. Melvin Hill, Mrs. Fetch and H. L. Jones were in Edmonton Monday to attend the funeral of the late Mrs. W. E. Macbrania.

Miss Alyeso Mahan, nurse-in-training at the Archer Memorial hospital, Lamont, spent a few days at home recently.

Guests at the home of Mr. and Mrs. E. T. Rooks last week end were Mr. and Mrs. Bert Parker and family of Lindberg, Mr. and Mrs. Alf Fakeley and family of the dairy plant at Lindberg and Mr. Frank Bendsen of Heinsburg. Mr. and Mrs. Rooks had their nephew Gordon Fakeley as their guest over Sale.

Mr. and Mrs. A. M. West were Easter visitors to Sand Point where were guests at the home of their daughter and family, Mr. and Mrs. Ted Langridge. They were delayed two days on their return trip by a heavy snowfall in the mountains during which no traffic was allowed to leave the mountain town.

Mrs. Knutson and Maybelle returned Tuesday after a five weeks visit at the coast where they visited many former Vermilion friends and relatives in both Vancouver and Victoria.

Russell Button who has spent the winter at the home of his mother Mrs. E. T. Rooks returned to the farm at Kitscoty last week end.

Aubrey Rendell who makes his home at Amisk, Alta., was visiting in town this week and will spend a month and a half looking after farming interests in the Wildmere district.

The following further donations have been received in memory of the late Mrs. Nelson: United church wedding fund at Islay from Mrs. Catherine Fyfe, and Mr. and Mrs. Charles Batenchuk—flower fund at Mr. and Mrs. W. R. Jory. Mr and Mrs. Walter Peters, Athabasca Soda, Walter and girls.

Anglican Men's Club Hear Interesting Address Monday

The regular meeting of the Anglican Men's club was held Monday evening in the parish hall and was attended by 27 members. A very appetizing and tasty meal of beef steak pie was served by the committee of cooks comprised of Cecil King, Ernie Shacklady, Jim Robson, Sandy Watt and Alex Palis.

Following a few items of business Mr. Jack Kosesky gave a very interesting word picture of China, its physical aspects, city and towns, and habits and customs of the Chinese people with whom he has come in contact during his several years in that country.

The next meeting will be ladies night held early in May — details of this will appear later.

To Leave for Portugal

Mr. and Mrs. Ben Francisco (nee Leta Mix) will be visiting in Vermilion this week and will conduct a "Youth Night" rally Saturday day night showing the picture "Reason Beyond". They will be at the Young People's meeting at Marshville on Friday night, and expect to leave Sunday for Halifax to sail for Portugal on an evangelistic tour of from two to three months.

The following contributed to a community wreath and to the Crippled Children's Fund in memory of the late Mrs. Arthur Cann from of Clayhonda:

Chatsworth F.U.A. Meets

The Chatsworth F.U.A. held held the March meeting at Mr. and Mrs. Arthur Towle's with 8 members and one visitor present. Municipal selection of dogs was discussed and the meeting went on record as not being in favor of this. A question naire on parity prices in the domestic market was discussed and filled out. Some matters were tabled until we have a better turnout.

The social for March was sponsored by Mr. and Mrs. Arthur Towell and Mr. and Mrs. Jim Thompson took the form of a crokinole and bingo drive. Games were played earlier in the evening and the crowd arrived then the grown-ups enjoyed crokinole while the children had their own bingo. Winners at crokinole were Kenneth Thompson playing as lady, consolation Mrs Matt Farkash; prize, George Farkash, consolation Steve Sturt.

Wilkinese W. I. Notes

The April meeting was held at the home of Mrs. Fred Haines with 12 members present. Our president Mrs. J. Imlay was in the chair. Mrs. F. Gibson the vice-president was in the chair. The meeting opened with the singing of O Canada and repeating the creed. Roll call was answered by a spring poem. Flood relief dues were handed in and donations made to the Cancer drive. Mrs. Gibson is the representative for this district. Miss Shirly Hodgson the home economist will be the guest speaker at the May meeting on Tuesday 5th. Correspondence included a letter of thanks for blanket sent to Calgary; one from Mrs. J. L. Jones of the convention will be held at Edmonton May 25 to 28. A short business session took place on the convention giving the delegate some idea of what she is supposed to do.

The topic was given by Mrs. F. Gibson who gave a very enlighten ing paper on Canada. The social was by Mrs. Roy Dibben with an April Fool guessing. Mrs. F. Gibson was the winner. It being April Fool the hostess passed around cookies, prunes, which everyone enjoyed. Johnny Jump Up was won by Mrs. David Dibben. Next meeting will be held at Mrs. Cuy Whitlock's on Tuesday, May 5th. Roll Call, a flower. Topic Mrs. J. Bather, social girls entertain.

The meeting closed by singing 'God Save the Queen'.

The hostess then served a tasty lunch. Everyone had to travel by horses owing to the muddy roads but everyone enjoyed the outing.

Four Rooms To Be Utilized; Principals Named

New Junior High To Open Monday

Grades 7 and 8 will be moved into four rooms of the new Junior high school on Monday thus relieving overcrowded conditions in the three other school buildings. Accompanying their grades to the new structure will be Mrs. Melnyk and Mr. Frank Welsh from the high school, Mr. Walker and Mrs. Kibbe from the public school.

Principals Appointed

Mr. F. H. Walker has been appointed principal of the new junior high school which will eventually house six rooms, to accommodate upwards of 150 students in grades 7, 8 and 9.

Mr. W. F. Stewart, assistant principal of the public school for the past two years, has been promoted to the principalship there, taking over in that capacity on Monday, the day the shift of pupils takes place.

Moving a room of children from the primary to the public school will follow in a short time. This will help to relieve overcrowded conditions there.

Canada has nearly 670,000 miles of roads. Only 147 are paved.

Occasion Is Marked By Fitting Services

New Magnificent Holy Name Catholic Church Opened

Sunday April 12th marked the culmination of a major and very wonderful project in Vermilion and district when the blessing and official opening of the magnificent new Holy Name Catholic church. The services which marked the occasion were attended by a capacity congregation of 330, while the church was visited during the day by fully 650 people.

The Blessing and official opening began at 11 a.m. given by His Excellency Most Rev. J. H. MacDonald, Archbishop of Edmonton. After opening High Mass was celebrated by the Rev. W. F. Doyle, Chancellor of the Archdiocese assisted by Rev. C. Lanigrigan, Pastor of the new church, and Rev. Kennedy de Lesen, Pastor of St. Andrews. The sermon for the occasion was ably delivered by the Rev. Father Jordan C.S.B. of Camrose. The Archbishop was very appropriate name-ly "The Gift of God Holy Faith".

At the conclusion of Mass His Excellency the Archbishop erected the Stations of the Cross.

Following this ceremony dinner was served by the ladies of the C.W.L. in the convalescent and basement of the Legion hall. The menu consisted of weiners, buns, beans, apple pie, chocolate rolls and ice cream. Over 300 night judge by the volume of noise, the party was a howling success.

Jack Brown, President of the Association, presented the Pitlik trophy to Red Macdonell, Captain of the Maple Leafs. Pee Wee champs in fact the 1952-53 season. Other members of the Leafs were Brian Ford, Lavine Smith, Al Macdonell, Bert Bell, Keith Hughes Billy Cannon, Peter Link, Jack French, Harry Haugh, Gordon Callaghan, Ronald Mercer, Laurence Weddon, and Neil Lamson.

Mr. Brown paid special tribute to the coaches of the four teams who gave so generously of their time and effort in the training of the boys during the winter.

On behalf of the Kinsmen club, Sam Sobkan and Jim Bell presented leather jackets to several members of the Midget team who had been with the team for two years and would move up to Juvenile hockey this year. Those who received jackets were Stewart Barr, Bob Bentley, Ernie Braidwaite, Doug. Brower, Stewart Cooper, Calvin Hough, Danny Kasnovich, Marvin Leslie, Murray Lowrie, Ed Mostad, Robert Taylor and Jim Winters.

The evening concluded with a show with the compliments of the management of the Colombia.

GREAT TIME AT PEE-WEE BANQUET

CHAMPS ARE PRESENTED WITH TROPHY

On Wednesday evening April 15th the Vermilion Amateur Athletic Association wound up its hockey activities for the season by tendering the Pee Wee, Midget and Bantam Crusher hockey players to a banquet in the Legion hall. The menu consisted of weiners, buns, beans, apple pie, chocolate rolls and ice cream. Over 300 night judge by the volume of noise, the party was a howling success.

Jack Brown, President of the Association, presented the Pitlik trophy to Red Macdonell, Captain of the Maple Leafs, Pee Wee champs in fact the 1952-53 season. Other members of the Leafs were Brian Ford, Lavine Smith, Al Macdonell, Bert Bell, Keith Hughes Billy Cannon, Peter Link, Jack French, Harry Haugh, Gordon Callaghan, Ronald Mercer, Laurence Weddon, and Neil Lamson.

Mr. Brown paid special tribute to the coaches of the four teams who gave so generously of their time and effort in the training of the boys during the winner.

On behalf of the Kinsmen club, Sam Sobkan and Jim Bell presented leather jackets to several members of the Midget team who had been with the team for two years and would move up to Juvenile hockey this year. Those who received jackets were Stewart Barr, Bob Bentley, Ernie Braidwaite, Doug. Brower, Stewart Cooper, Calvin Hough, Danny Kasnovich, Marvin Leslie, Murray Lowrie, Ed Mostad, Robert Taylor and Jim Winters.

The evening concluded with a show with the compliments of the management of the Colombia.

Opening of Ukrainian Catholic Church Of St. Olga at Vermilion

SUNDAY, MAY 3rd

The Ukrainian people of Vermilion have purchased the old Norman Catholic Holy Name church and the church committee cordially invites all to attend the official opening of the church named Ukrainian Catholic Church of St. Olga, Queen of the Ukraine, to be held Sunday May 3rd. The Solemn Holy Mass will be said by the Most Rev. Isidhou Neil Savaryn and assisted by the Rev. P. Hrodiuk, D.D., the Bishop's Secretary of Edmonton; Rev. R. Hanushewsky, parish priest of Innisfree and Rev. W. Tarnawsky parish priest of Two Hills. The Derwent mixed choir under direction of Rev. J. Chernawsky will be in attendance. The official unveiling of the Most Rev. Bishop Savaryn will take place at 3 p.m. after the Holy Mass, dinner will be served in the basement of the new church. Name church from 12 noon to 4 p.m.

41-2-1-of roads. Only 147 are paved.

Soed Cleaning Plant Is $1,000 Short

OBJECTIVE IS $15,000.00

The seed cleaning plant association reports that they are now just $1000 short of their objective or $13,000. Don't leave it to the other fellow for this last thousand, much work has been put into this effort and the project is too important to let drop now with the final goal so close. $1000 is still required—don't wait to be canvassed but step up and buy one or more shares right now! The deadline is not far away and quick action is required.

United Church Men's Club

The regular monthly meeting of the United Church Men's club of Vermilion was held Wednesday April 15th. Caterer for the supper was Frank Welsh.

Welcome was extended by Chairman Stewart to new members and to members who had been away.

Advance notice was given regarding the forthcoming visit of student ministers from the United Church St. Stephens College. It was decided to have them in charge of the program in the church Friday, May 1st at 8 p.m. The Men's club have taken the responsibility of obtaining these students and other matters pertaining to the event.

Hi Worship expressed appreciation of the guidance given by the Rev. Father Landrigan who had previously given credit to the congregation and others wholly over these things in broadening out the community life and said that the Church provided the moral fiber which was gradually woven into the fabric of the broad community life.

Hi Worship also

What Do You Think?

This is Cancer Control month. What is your reaction when you are asked to contribute your share to the 1953 Cancer Crusade of the Canadian Cancer Society?

Do you say: Another appeal go see of all the endless appeals of this past year!

Or do you think of Bill Jones or Mary Smith in your neighborhood who is living today because of the phenomenal advances in surgery, in research, in medicine, made possible by the dollars you have given to this great cause?

Or do you recall the seven danger signals which the Canadian Cancer Society has been urging you to memorize for the sake of yours and realize that this knowledge may be responsible for the saving of your life or the life of someone dear to you?

Not only in the raising of money alone—certainly needed now more than ever—but in the opportunity it affords to alert you and yours to the challenge of cancer and the possibilities of licking it, is Cancer Control Month worthwhile.

Think of the part you can play in this fight. Write a generous check for the Canadian Cancer Society and help fight cancer.

AIR CADET NIGHT FINE EVENT

Seldom if ever has the Editor attended a more enjoyable night, while the better conducted young peoples' event than on Friday night last when the Vermilion Air Cadets were hosts to the Sea Cadets from Wainwright and the Army Cadets of Edgerton. This made a large gathering of young people representing the three services. There was a contingent of young ladies from each of the three towns and this all added up to a gala evening of which a more detailed report will appear in next week's Standard.

SPEEDING ARRIVES!

Springlike weather which appeared with the arrival of April 1 turned in a decided manner this week with temperatures as high as 65 above on Monday and other highs in the 50's. Low was 34 above on the 16th.

Snow has disappeared from all but the secluded places. Golfers have been on the fairways for the past two weeks.

BABY CLINICS

Vermilion — Monday, April 27th, 2 to 4 p.m.:
Dewberry — Friday, May 1st, 2 to 4 p.m.

Firemen's Banquet

(Continued from page 1)

Fire Chief Tom Cosbey was toastmaster at the enjoyable event and commented that this firemen's get-together witnessed a new department which appeared to be adding greatly to the success of the annual event in that the firemen had brought along their wives. He complimented the banquet committee of Mr. Fred Leversedge and Mr. Russell Carroll for the fine arrangements, and expressed appreciation to the ladies of the Legion W.A. for the delicious and bountiful dinner served. The fire chief expressed public appreciation to the members of the R.C.M.P. detachment who were present as guests, for the invaluable help in so many ways during the actual fighting of fires, and particularly of the many in which they took care of the traffic.

Weather Fish Gets Protest

The Chief then presented the old-cast member of the brigade, whom he also claimed as the most active ticket seller and promoter of the banquet and dance, Mr. Walter Fish, with a statement. He introduced the newest recruit to the brigade Mr. Bernie Ackerman and "whose debut was much regretted."

J. W. G. Morrison Q.C. speaks

Honorary member of the brigade, J. W. G. Morrison spoke briefly, touching on the place the brigade fills in the community. They save many thousands of dollars annually by quenching fires before they get well started. They render a most valuable service to the people of a community and the Vermilion brigade is one that should receive the hearty support of the people of the town.

New Fire Engine Considered

Representing the town council, Deputy Mayor K. G. Urquhart voiced appreciation of the work of the brigade in protecting life and property, on behalf of the town. The council is now considering the purchase of a new fire fighting unit, in consultation with the brigade officials. New housing would also be needed for the new engine.

The personnel of the brigade always intrigued him, stated Mr. Urquhart who is also assistant fire chief, as the members represented all vocations and walks of life, all worked well together in a common cause and apparently enjoyed doing it. After each fire the hard work was promptly forgotten and the comical or humorous side was recalled.

Other guests of the brigade on this occasion were R. B. Spencer, a former member of the brigade who came all the way from Barrhead for the annual event; Councillors D. R. Mitchell, W. G. Sutherland and Geo. Webb and their wives; Cpl. and Mrs. Serbey; and Constables E. Kelsberg and P. Dalor of the R.C.M.P. detachment; J. W. G. Morrison and Ashley H. Cooper.

Several films on proper fire fighting methods were shown following the dinner program.

Plays Presented By Mannville High School Dramatics Class

MANNVILLE—The three plays presented on Friday night in the school auditorium by the High School Dramatic class were much enjoyed by those present. The directing was also done by the students themselves and all three plays were exceptionally well presented.

"The Meet the Chinook" was the first play. This was the story of an Englishman, Lord Charles Barrington and his lady, Hester. After suffering the loss of his fortune, he comes to the ranch of Calgary in the wild and wooly west in search of his younger son, the lies. Gerald Sattersingham, one of the blackest of black sheep. The scene took place in the lobby of the Alberta hotel, Calgary, N.W.T., in the year 1895.

The Cast

Sam, the man of all work at the hotel — Eddie Waschereit: Dan Flynn, an illiterate prospector — Jennie Chrysler: Charles, Lord Sattersingham — Barry Smith: Hester, Lady Sattersingham—Martha Twining: Daily Blaine, a comely young widow and a wealthy rancher — Dene MacDonald: Billy Gray, a nonchalant cowpuncher — Billy Gasowski: The Hon. Gerald Fellowes, the black sheep of the Sattersingham family Donald Wascherol. Director—Dene MacDonald.

The second play was "The Valiant". A young man condemned to death for a murder has refused to divulge his true identity. Hundreds of mothers throughout the country write to the prison asking if the condemned man is a son or brother. A young girl visits the prison thinking the prisoner is her long lost brother. This play was strictly drama and was very well enacted by the students. Director, Isabel Smart.

The Cast

The Prison Warden, Warden Holt — Billy Gasevich; The Priest, Prison Chaplain — Peter Stasiuski: Prisoner — Kevin Blaine: The Girl who visits the prison—Marlene Olsonberg.

The third and last play was "Everlasting Flowers." The year was 1810 and the scene a room situated on a lonely stretch of road, about an hour's drive from London. This was a comedy based on the eternal desire of the human race to remain forever young. A London actress, Melita Wayne, who looks 36 only when the light is kind, is anxious to regain her lost youth and persuaded her middle-aged friend "Millicent" to accompany her to this lonely country house where she hopes to meet the devil who may grant her desire.

The Cast

Melita Wayne, the actress woman from London — Barbara Chrysler: Millord, her friend, being her friend is enough—George Bennett: Marie, Melita's elevar Maid—Dorothy Brown: Mrs. Snape, that old lady, she frightens me—Theresa Way: Lucinda, Mrs. Snape's beautiful but wilful great granddaughter — Arlie Wright: Mr. Higgenson, a mild reassuring name—Roger Miller. Director, Winnie Nelson.

Kitscoty News

Mr. J. A. Smith and David spent Easter week in Edmonton, where Mr. Smith attended the Alberta Teachers' convention.

WARNING!

FIRING PRACTICE
CAMP WAINWRIGHT

Weapon firing will take place at Camp Wainwright from the date hereof until further notice.

BY ORDER,
C. M. DRURY,
Deputy Minister,
Dept. of National Defence,
Ottawa, Canada.
15, April 1953.
Auth. 5365 - 1 TD 84. 41-2x

Mrs. Marilyn Smith was an Easter holiday guest at the parental home in the West Centre district.

Master Harold Bell of Haddon, Sask., spent the Easter holidays at the home of Mr. and Mrs. Don McLean.

Mrs. Leon Appenson and Mrs. T. F. Mason spent last week in Edmonton as delegates to the Anglican W. A. conference.

Mrs. Chas. N. Gray is at present visiting her daughter Mr. and Mrs. Bert Martin and family at Jarvie, Alberta.

Mr. and Mrs. Jack C. Potter spent the week end in Edmonton visiting relatives and friends.

Mr. and Mrs. Elmer Lang and Dale, Lawrence Watt were Edmonton visitors last week end.

Mrs. Fred Dres is looking after the girls' dorm while Mrs. R. M. Matheveson is in the city having medical treatment. She was accompanied by her daughter Margaret.

Congratulations are extended to Mr. and Mrs. Lyle Pinlin who are the proud parents of a baby daughter, a sister for Jimmie and Brian, also the first granddaughter for Mr. and Mrs. Cliff Miller.

We are sorry to announce the death of Mr. R. Pearce in Lloydminster hospital after an illness of about three months. He was well known in the district having been a long-time resident here.

The ladies' auxiliary of the Canadian Legion, Kitscoty branch, entertained their husbands and friends at a Pot Luck supper in the Tracy Memorial hall last week, followed by a social evening of singing and games.

Be sure to come to the Tracy Memorial hall on Friday April 24 and play bingo. Lots of fun and good prizes. Sponsored by the Kitscoty W. I.

Best wishes to Mrs E. H. Sheppard for better health. She has been ill for the past week at her home here.

The power steering system produced by General Motors puts oil pressure to work to multiply the driver's steering effort. A pistol actuates the steering linkage which operates like manually steered cars to turn the front wheels. But full manual steering is always available in event of power failure or if the engine is not running.

Sixteen Years Ago Today

April 22, 1937

At a meeting of the Convention committee a tentative program for Coronation day was outlined.

Dr. W. Hudson Scott was elected to the town council by acclamation filling a vacancy caused by the resignation of Adrian Fallow.

Thirty-two Years Ago Today

April 20, 1921

Dan Kolbe who lives 20 miles north of Vermilion was knocked down and run over by a runaway team Monday just opposite the Columbia theatre. He sustained a broken leg. Mr Kolbe was attempting to stop the galloping horses.

Mr. Tim Kehoe mail carrier for the south has just purchased an auto truck which is painted bright red. If people do not see the mail man coming now it's not Tim's fault.

Five per cent of the wheat has been sown at the present time. Rain and snow Wednesday added .75 inches to the April precipitation.

Mr. R. R. Green and Mr. W. G. MacDonald are due in town from Halifax and have been appointed to the Anglican and North Vermilion United Church Mission fields.

Col. Craig was elected president of the Amateur Athletic Association. S. R. F Cooper was vice-president and J Loughlin secretary. Sports day was June 3rd.

A by-law submitted by the Vermilion Municipal hospital district for $10,000 to pay off incurred deficits in erection and equipment carried by a substantial majority.

TEACHING . . .
A Job or A Career

By W. E. Fisher Department of Education

Everyone will admit that he is needed. Everyone likes to feel that his job is worthwhile. The difference between putting in time and filling a need is the difference between a job and a career. The need for teachers today is very great; and the rewards of teaching—if you are the right sort of person—are very near and warm and real.

Teaching is a big job. Not everyone can measure up to it. You need to be healthy, both physically and mentally. You should be at least a high school graduate. You probably need self-control and lots of it. You should have a wide-awake interest in what is going on in the world. You should be enthusiastic, and be able to pass enthusiasm on others. You need to be able to stick with a problem. Above all, you must have integrity; you must mean what you say that your thinking is honest, and your decisions fair. If you feel you possess most of these qualities, there is a good future, a very good future, waiting for you in the teaching profession.

Teaching, like every other worthwhile profession, involves a certain amount of grief. You must be able to adjust your behaviour to the needs of a group of young people no two of whom are alike in any mental or emotional characteristic. And you will have to adapt yourself to the very special needs of those unfortunate children who are to be found, a few, in every classroom. The problems that a teacher must solve then, are delicate, difficult and highly complex problems. And sometimes, especially for the beginning teacher, the physical environment in which these delicate problems must be solved can be anything but an encouraging one.

Teaching is a difficult work, but its compensations are unique. We are not thinking of money, as such. There was a time when teachers were poorly paid; nowadays you can look forward to reasonable security on income more secure and certain than that of any other profession. If you wish to engage further in study and better your qualifications, to enter some field of specialization and for teachers there is every opportunity to do so—your income will increase accordingly. In addition, the field is wide open to men.

More important is the personal satisfaction that accrues to those who work constantly with children. To watch them grow, in competence and alertness and sensitivity, from day to day, and year to year, to see them enter every walk of life and make good citizens, you must be or have had a hand in the process—this is a very special kind of reward and one that is offered by no other occupation besides teaching. Such a reward spells success in the very best meaning of the word.

Alberta needs teachers. We need workers especially in that area of teaching which requires the highest degree of competence—the elementary school. When you think about a career, think very earnestly about teaching. It may be your finest opportunity.

FREE SCRAPS LUMBER—suitable for kindling, to party or parties for the hauling away of same. Located neiskel Standard. Apply Vermilion Standard office. tf

ELK POINT

Special Excursions Organized for July By C. N. R.

EDMONTON. — Two annual 'House Parties on Wheels', sponsored by the Maritime Provinces Association of Edmonton, which will travel over the Canadian National Railways in special trains this summer, have been organized. The "Overlander Special 1953" will accommodate people from the Maritime provinces and the New England States to Western Canada, and will leave Moncton on July 11th. The "Bluenose Special" will take care of people from Western Canada to the Maritimes, and will leave Edmonton on July 30th.

The three-week trips will afford visits with relatives and friends, as well as seeing something at the other end of the country. For example Easterners will have an opportunity to see the Dominion Exhibition; the Canadian Rockies, including Jasper National Park; Edmonton's famous oil fields and other points of interest. Westerners can see such phenomena as the Hopewell Rocks, the Magnetic Hill, and Peggy's Cove, and bore sweeping up the Petitcodiac River; historic forts like Louisburg or Cape Breton Island, Fort Anne at Annapolis Royal and, at Port Royal, Champlain's habitation. Income in There is also Port Beausejour, near Sackville, three national parks and playgrounds such as the Cape Breton Highlands and the Bras d'Or lakes with plenty of beaches and excellent streams for salmon and trout fishing.

OUR COMPLETE SHORT STORY—

Uncle Joe Sells His Farm

It Turned Out To Be Expensive, But Satisfying.

By M. J. COLLINS

UNCLE JOE came stamping into the kitchen.

"You be careful!" Aunt Martha warned, waving a raising spoon threateningly. "I don't want bread settin'. And wipe your feet when you trudge in from that dirty barn."

"Old dear is, remarkable, you put what I was goin' to say clean out of my head," he grumbled. "Oh yes, now I remember—I think we should sell our farm this year."

"Joe Quiet! Are you batty?"

"No I ain't! But I'm possibly close to 70 and you ain't much under my younger yourself. That doesn't leave us much time to enjoy life. So I say sell out while the prices are high and move to town."

"I'm not leaving our home to suit a whim of yours. Get the idea out of your head!" There was finality in her voice. "You and Jessie can go, Ralph and Jenny are coming over for supper."

"Well, I still think it's a darn good idea," he mumbled as he went to wash up.

Ammunition Dump Explodes

Ralph and Jenny were driving home. Jenny said, "It was lucky the boys wanted to sell it back. Neither one of them wanted to leave the farm."

"Lucky my eye!" I snorted. "It was just plain conniving on Uncle Joe's part. He made an agreement to pay the owner an extra thousand a year, over and above what he paid. Don't say a word to Aunt Martha. She told me to keep it under my hat."

"Well, what do you know," Jenny said. "Uncle is still a bit of a one."

"An expensive one," I said.

Jenny walked five minutes before telling me that Aunt Martha had asked her point blank how hundred dollars to sell the farm back to her husband.

BLUE BONNET, Canada's fine quality all-vegetable margarine, is sold in the regular package with color wafer. Also in the famous YELLOW QUICK bag for fast easy color. 27-4t

Funny and Otherwise

"Sure, an' 'tis come from Ireland, the richest country in the world."

"Why the richest country?"

"Bejabbers an' hasn't its capital always been Dublin Itself?"

• • • •

Two dear things met in the street. "My dear," said one, "your hat is becoming—" And to the other began to purr, she continued: "quite a means of identification, isn't it?"

• • • •

"Of course, I must ask you for a deposit," said the landlady.

"Certainly," replied the new tenant, handing over the required sum.

• • • •

Thanks Now, shall we trust each other or do you want a receipt?"

• • • •

"It is high time," said the reformer, "that we had a moral awakening. Let us begin in our night. Let us get one lake, Let us take off our clothes. Let us bare our arms. Let us—"

"Hold on!" exclaimed a tall, thin woman from the platform. "If this is to be a moral awakening, I don't see how dare to take off another thing!"

• • • •

Johnnie, aged four, appeared at his father's study door clasping in his hands a large and juicy brick which had strayed from a neighbour's incubator.

"John," said his father, sternly, "take that chicken back to his mother."

"It hasn't got a mother," answered John.

Well, take it back to its father," said the boy's parent, determined to maintain authority.

"It hasn't got a father, either," said Johnnie "It hasn't got anything but an egg."

• • • •

This "bowler" from a repeat essay by a schoolboy is said to be genuine. He wrote:

"Bowlers are men and dogs and there were poodles in the road.

• • • •

A well-driven golf ball leaves the head of the club at 135 miles an hour. Even a golf ball slightly faster than a golfer leaves the office.

• • • •

The lorry took a corner too sharply and crashed into the kitchen of a cottage. "I'm sorry," said the driver, popping his head out of it, "I really wanted the front door."

• • • •

"That's easy," said the housewife, carrying on with her cooking. "Just go straight on into the living-room and turn right by the sideboard."

• • • •

Canvasser: "You buy a small deposit and make no more payments for six months."

Householder: "Who's been telling you about us?"

THE TILLERS —By Les Carroll

Sask. Population Gain 18 Per 1,000

REGINA.—The natural increase in Saskatchewan's population during 1950 was 15,503, with 21,846 live births and 6,343 deaths recorded, according to the province's annual vital statistics report, tabled in the legislature. With the exception of 1947, this was the largest increase recorded in any year since 1930.

The statistics recorded a natural increase of 18.4 per 1,000, with the birth rate 28.9 per 1,000 and death rate 7.5 per 1,000.

Number of marriages totalled 6,904, or 8.3 per 1,000; and number of divorces and annulments totalled 293 or .35 per 1,000, lowest since 1945, representing one divorce or annulment for every 28 marriages.

ABSENTEE OPTIMIST MUST KEEP LIFE

EDMONTON — Keeping a pig is the penalty assessed members of the Edmonton Optimist Club who don't attend weekly club meetings.

Eric Bohnke's name was the one drawn recently from a hat-full of attending members. He must keep the mucking, Bullwood II, until he arrives at a club meeting with a suitable new member.

Club officials report that membership has increased considerably since the idea of "paying the pig" was instituted.

Today is yesterday's pupil!

Four Western Provinces Plan Budgets Over Half Billion Dollars

(By The Canadian Press)

The four western provinces plan a budgetary outlay of $538,000,000 in the next 12 months.

Presentation of Manitoba's estimated revenues expended out the West's budget picture Over-all expenditures will exceed estimated revenues in the four provinces by about $107,000,000.

Total outlay, by provinces, including capital expenditures, loans to municipalities and sums advanced to self-sustaining utilities, follows: B.C., $174,882,328; Alberta, $174,083,139; Saskat.hewan, $116,725,979; Manitoba, $58,400,000

Estimated revenue: B.C. $167,389,912; Alberta, $158,326,182; Saskatchewan $70,315,910; Manitoba, $55,000,000

Outlay is higher this year than last in all provinces except B.C. There, the new Social Credit government cut expenditures by about $11,000,000 under a 'pay as you go' plan. Accumulated surpluses will be used to bridge the gap between revenue and outlay.

Alberta also is dipping into a $95,000,000 "nest egg" of accumulated surpluses to finance a $25,000,000 municipal loan plan and take care of other expenditures over and above revenue.

Saskatchewan's $40,300,000 gap between estimated revenue and outlay is made up of $17,300,000 for capital undertakings and $23,000,000 in advances to the provincially-owned power and telephone corporations. Manitoba is allotting $24,000,000 to capital account as advances to self-sustaining utilities.

EDMONTON BANK TO PAINTS OWN ROOF

EDMONTON.—H. M Warden has taken advantage of the June spring weather to paint the roof of his house. That's quite a feat for a man of 97.

"I work all the time," said Mr. Warden, who was born in New York state in 1855 and came here 1000 under a 'pay as you go' plan. Accumulated surpluses will be used to bridge the gap between revenue and outlay.

News Notes From Your District Home Economist

Versatile Lemons

Of all the members of the citrus family, lemons undoubtedly have more uses that are out of the ordinary than any of the others. Below are given some of the "unusual" uses to which lemons may be put.

Teeth Stains: Lemon juice used as a liquid dentifrice will help greatly in removing fruit stains from the teeth. Your breath can also be purified if you'll suck a lemon for a few moments and follow it with a drink of cold water.

Tarnished Aluminum: Clean briskly with a soft cloth which has been immersed in lemon juice; rinse with warm water.

Cutting Grease: Lemon juice added to the water will not only cut grease, but will also add new lustre to glassware, dishes, porcelain surfaces, plastic toys and blonde hair.

Better Cooking: Rubbing poultry inside and out with lemon juice before cooking will add to the taste and tenderness. Frosting that has been cooked too long will soften with addition of a small amount of lemon juice while cream will whip more stiffly if three or four drops of lemon juice are added before whipping.

Stain Removal: Rubbing lemon juice on your hands and then rinsing them in warm water will remove iodine, fruit or vegetable stains. Rust, fruit and ink stains likewise can be banished from some objects if they are rubbed briskly with lemon and salt is then put on the stain. The object then should be exposed to the sun for a while.

More Juice: Since lemons, like all citrus, are composed largely of water, they tend to shrivel after being kept for a long time. Immersing them in hot water for half an hour, or longer, helps to restore their freshness and will increase appreciably the amount of juice which can be extracted.

Painting Hints

Springtime is painting time. I hope these hints may prove helpful.

A common fault of householders who do their own painting is neglecting brush care. Brushes should be carefully cleaned after every painting job, by removing all paint from bristles. This can be done quite simply by soaking them in kerosene, gas or kerosene. The average householder frequently stands paint brushes on their sensitive bristles and causes them to be discarded long before their usefulness should be at an end.

A simple remedy for this is to bore holes in the wooden handles of the brushes, then a stiff wire can be inserted through these holes and with the ends of the wire extending over the top of a fairly deep container, the brushes will be suspended in the cleaning solution instead of resting on their bristles.

Another careless habit is to shove the brush deep into the paint can, scrape off a lot of paint on the edge of the tin, and then smear the brush on the wall. A better way is to dip the brush carefully into the paint, so that the bristles are submerged only half-way into the paint. This will give enough paint for the job, results in less waste and keep the excess paint from running down the handle.

For lazy painters: If you have trouble with paint smears on metal locks and knobs when painting the woodwork, here's a help. [illegible] the locks and knobs with vaseline. When the paint is dry, a swish of a rag and all is well.

One solution to the problem of doorknobs that keep bumping into walls is to glue sponge-rubber powder puffs to the knobs.

IN EVERY PROVINCE OF CANADA...
TRUCK USERS BUY MORE CHEVROLET TRUCKS
THAN ANY OTHER MAKE!

No matter the size or type of truck you need—what better proof could there be that a Chevrolet truck is your best buy!

According to registrations (obtained from sources satisfied to by the industry and considered to be reliable) truck users in every single province bought more Chevrolets again in 1952, than any other make.

And so year after year Chevrolet's popularity grows beyond any question of doubt that Chevrolet and only Chevrolet provides the sturdy durability, trouble free performance and long low-upkeep life that means real satisfaction to truck users.

Yes, it is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion.

Chevrolet trucks must be better, must enjoy solid advantages over other trucks. Such preference must rest on a firm foundation of good, sound value. And, of course, it does — as owners of Chevrolet trucks can testify.

Chevrolet trucks are widely known for their ability to hold hauling costs down. They are known for their power, their stamina, for their economy, and for all economy, as well as their low-cost upkeep. And on these same counts, you can expect 1953 Chevrolet trucks to be even more outstanding.

So before you buy any truck, see how much more Chevrolet trucks offer you. Step in and see us soon.

Wildmere Winks

Cliff Cruthers had his appendix removed last Wednesday and is now making rapid recovery. He is expected home this week. We all hope Cliff enjoys much better health now.

Last word Mrs. Cruthers had from her mother Mrs. Smith at Vancouver, Billie and Adam were to start last week on their journey to their prairie home. They will visit their sister Mrs. C. Morand and family in Calgary and their brothers Alex of Edmonton and Norman of Ben Acvord before getting to Vermilion.

J. C. Wallington visited his sister at Derwell and his brother Tom at Tofield over the week end, returning home Monday evening. He learned while away that his father whom he had not heard of for the past 42 years passed away a short time ago at a place in South Dakota.

Laurence Graham is helping J. Wallington clean seed grain this week.

Mr. and Mrs. R. Smith and family of Basswood enjoyed supper at the Swuffert home in Vermilion on Saturday evening, the occasion of the Smith's 12th wedding anniversary. May you live to see many more Nellie and Bob.

Miss Alice Scuffert of town spent part of her Easter holidays with Doreen Martin at the George Wilson home. Evelyn Martinet was a visitor to the Cliff Cruthers' home.

Mrs. Wallington and boys visited Sunday at the Cruthers' home.

Mrs. J. Batke who was a patient at the hospital returned to her home last week. While she has to take things easy for a few weeks, she is feeling much better.

Our heartfelt sympathy goes out to our Allandale scribe and to the rest of the family on the loss of their mother. We had the pleasure of meeting your mother only a few weeks before. No one thought at that time the leaves of her book were almost filled and God would close it so soon.

To the Gannon family goes our deepest sympathy also in their hour of sorrow. Mrs. Gannon and the writer were once room-mates in the hospital in 1941.

We were pleased to have choir chats Saturday evening with Mrs. Marnas and Mrs. Tetford in the hospital. They are both very cheerful.

We do hope Mr. R. Clark of the Thorncliffe district will soon be feeling better and able to return home.

Mrs. W. T. Garnett and two children Greta George and Judy of Basswood spent a few days visiting her brother Mrs. Geo Tebben near Vermilion last week.

Otto Weisenberger and son Art of Tuchey visited a few days last week with R. Martin and family of Clear Creek.

Mr. and Mrs. Proctor of Hinde-lake were visitors at the Gannon home last Sunday.

Mrs. Weisenberger and Mrs. Proctor visited at the Cruthers' home Monday afternoon.

Mrs. Wallington and Mrs. Cruthers were visitors at the Gannon home Tuesday afternoon.

Mrs. Gannon and Mrs. Cruthers were visitors at the Martin home Wednesday afternoon.

Mrs. Martin and Mrs. Gannon were visitors at the Cruthers' home Thursday afternoon.

Mrs. Cruthers and Mrs. Gannon were visitors at the Martin home Friday afternoon.

Mrs. Martin and Mrs. Cruthers were visitors at the Gannon home Saturday afternoon.

Mrs. Martin and Mrs. Gannon were visitors at the Cruthers' home Sunday afternoon.

Report Gives Wind Erosion As Major Agricultural Problem

REGINA —Of 50 land use surveys taken in Saskatchewan since 1940, 35 of the municipalities involved reported wind erosion as a major agricultural problem. In an east central municipality, 21 per cent. of the farmers had wind erosion problems, and in the southwest this increased to 71 per cent.

The Director of the provincial agriculture department's plant industry branch, S. E. McKenzie said moderate to severe soil drifting has occurred almost every year in many areas of Saskatchewan. He urged farmers to conduct their field operations in such a manner as to control wind erosion.

Mr. McKenzie stated that with extended cultivated acreage and an appreciable reversion to large open fields of summerfallow one dry, windy year could result in the erosion of thousands of acres.

Each of the various methods of control, the Director added, has a definite and distinct value in the over-all program. These methods include ploughless fallow with trash cover, strip farming or a modification of strip farming cultivating to produce a cloddy, soil condition, ploughing or hoeing in more serious cases and permanently regrassing areas of severe drifting. The planting of field shelterbelts is a long-term method of control which normally shows good results within five years.

Advanced as the best practice is the use of ploughless fallow with trash cover. After considerable growth the stubble is worked so that it is anchored in the top two or three inches of soil. Under no circumstances should the stubble be burned or left to protect the soil. If the stubble is burned weed and soil drifting control is made more difficult. On the bare land, the number of cultivations needed for weed control will pulverize the soil and start drifting. If the stubble is left and worked in, the soil can safely be cultivated more often.

On trash cover fallow only those operations needed for weed control should be carried out. Duck-foot or blade cultivators cause necessary pulverization and leave the trash on the surface. Such implements can be operated at up to five miles an hour, while the use of disc implements at more than five or six miles an hour results in much greater pulverization and drifting. It is also advisable not to work successively in low too late in the fall. Weeds appearing after the last cultivation will be frozen before reaching maturity.

REAL HELP FOR
Your Itching Piles
AND RECTAL DISTRESS

If Mem-Sized, an internal pile tonic, must, does not quickly ease the itching, soreness and burning pain of your piles you get your money back.

Get a package of Mem-Sized at any drug store and use as directed. You will be pleased at how quickly your piles irritation is relieved. Only $1.25 for the 10 days' supply. Mem-Sized is sold on the pleased after using Mem-Sized for 3 days, as a test, ask for your money back. Refund agreement by all drug stores.

Home Workshop

For Horses Old or New

Flower boxes lend charm. A trellis outlines a doorway; the garage exterior gives privacy at the end of the porch. Pattern 314 gives detailed directions for all yard furnishings shown here. (With the help of bright wood joist pattern 278 you can make many other shaped boxes.) All patterns are 25 cents each.

Kitchen Handles You Can Make

These smoking cutting boards and coasters are a necessity in any kitchen. The tools make good handles when used for serving. Also note there is a hole in each for hanging in some handy place. The coasters are big enough to double as hot dish mats. Everything is complete on pattern 217 price is 25 cents.

Send thirty-five cents (35c) for each pattern. Write plainly Name, Address and Number of Pattern. Send orders to:

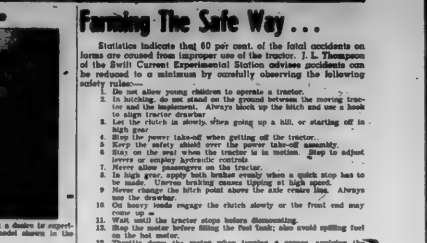
Your Own Private Hothouse



To all those with a yen for gardening who have felt a desire to experiment with their own private plot—our hothouse the model shown in the photo may have some interest and help.

1. The dimensions are 4' x 6' with a height of 4' on the ends from the bottom to the ridge.
2. The floor may be installed at the desired height, so that the operator does his work standing up.
3. The plants are started in flats or flower pots rather than the method used in the usual hot frames.
4. In the model shown, the heat is supplied by four infra-red heat lamps installed along the bottom of the ridge and directed sloping to the heat required.
5. Four window sashes are shown and each is hinged to the ridge. The entire structure can be dismantled easily and stored when not in use.

Farming The Safe Way . . .

Statistics indicate that 60 per cent. of the fatal accidents on farms are caused from improper use of the tractor. J. L. Thompson of the Swift Current Experimental Station advises accidents can be reduced to a minimum by carefully observing the following safety rules:—

1. Do not allow young children to operate a tractor.
2. In hitching, do not stand on the ground between the moving tractor and the implement. Always hitch by the hitch and use a hook to align tractor drawbar
3. Let the clutch in slowly when going up a hill, or starting off in high gear
4. Step the power take-off when getting off the tractor.
5. Keep the safety shield over the power take-off assembly.
6. Stay on the seat when the tractor is in motion. Stop to adjust levers or employ hydraulic controls.
7. Never allow passengers on the tractor.
8. In high gear, apply both brakes evenly when a quick stop has to be made. Uneven braking causes tipping at high speed.
9. Never change the hitch point above the axle except high. Always use the drawbar.
10. On heavy loads engage the clutch slowly or the front end may come up.
11. Wait until the tractor stops before dismounting.
12. Stop the motor before filling the fuel tank; also avoid spilling fuel on the hot motor.
13. Throttle down the motor when turning a corner, applying the brakes, or going over rough ground.
14. Allow a boiling radiator to cool down before removal of the cap for inspection.
15. In driving, steer always use the proper bleeding to prevent tipping.
16. Keep the steering mechanism and tires in good shape, and front wheels aligned on highway travelling.
17. In hilly country use a red flag on a high pole to warn motorists.
18. When travelling on highways at night use the proper lighting in both front and rear.

Safety pays in time and lives. By observing these simple rules a life may be saved.

CANADA "MODEL FOR THE WORLD"

TORONTO —Eugene R. Black, president of the 54-member International Bank for Reconstruction and Development, said the way Canadians have developed their country "is a model from which the rest of the world might observe to its own benefit."

SETTLEMENT RISE

PRINCE ALBERT, Sask. — The Saskatchewan Transportation Company, a Crown corporation established in 1946, now owns 65 buses operating over 36 routes, with a total mileage of 4,374.

Roads Important To Development Of The Prairies

Roads and road transportation will play an increasingly important role in the development of the vast untapped northern areas of the prairie provinces, according to C. W. Gilchrist, district manager and director of the Canadian Good Roads Association, who is now on an extended tour of the west, consulting with highway ministers and other officials.

He cited as good examples of roads that would pay for themselves many times over is a comparatively few years, the Mackenzie Highway between Peace River and Great Slave Lake; the 175-mile road from Prince Albert to Lac la Ronge, Saskatchewan, and the new development roads into the mineralized areas of the Precambrian Shield in the northern and eastern areas of Manitoba.

In Mr. Gilchrist's view the federal government should be sharing the cost of more essential new roads for development purposes in the west, as well as contributing to highways which may be vital defence arteries in event of war.

During the past-war years provincial governments have been spending record amounts on modernization and expansion of highway systems, he said, but because of the phenomenal increase in road transport they have not been able to keep pace with requirements.

Although highway building in all 10 provinces this year will likely exceed the record $350 million dollars spent on roads in 1952, Mr. Gilchrist said it had been estimated that the provinces would have to spend up to $130 millions more each year than is now being spent "to bring roads up to a minimum level of efficiency."

Pointing out the danger signs ahead for highway administrators, Mr. Gilchrist said that during the seven post-war years, automotive vehicle registration had more than doubled from 1.5 million to 3.2 million. New cars, buses and trucks are crowding the roads at a rate of about 400,000 a year. If the rate continues, he said, the number of vehicles on the road will nearly double again within the next 10 years and highways must be immeasurably worse than it is at present.

Long-range planning is needed, Mr. Gilchrist believes, "planning for 10 and 20 years hence, not just for tomorrow." He also advocates more nation-wide road research. The best roads can only be built on a solid foundation of research; that way the fullest value for the road dollar is assured."

MOUNTAIN SCENERY

PINCHER CREEK, Alta.—Warden R. M. Christianson, after sighting a herd of 80 mountain sheep in Pass creek valley in Waterton National Park, says the animals are doing fine, an unusually large proportion.

Ext Right—Live Right—Fwd Right

Ring up another for MAGIC!

GINGERBREAD DESSERT RING

Mix and sift 3 times, 1½ c. once-sifted pastry flour (or 1⅓ c. once-sifted hard-wheat flour); 2 tsps. Magic Baking Powder, ½ tsp. baking soda, ½ tsp. salt, ½ tsp. ground cinnamon, ½ tsp. ground ginger, ½ tsp. ground nutmeg. Cream ¼ c. butter or margarine and blend in ½ c. lightly-packed brown sugar, gradually beat in 1 well-beaten egg and ½ c. molasses. Combine ½ c. boiling water, 1 tsp. vanilla. Add dry ingredients to creamed mixture alternately with liquids and spread batter in greased 8" angel cake pan. Bake in very slow oven, 325°F., about 50 mins. Serve with hard sauce which has been flavored with grated orange rind. Yield: 6 servings.

MAGIC BAKING POWDER

PIGMY ELEPHANT FOUND IN AFRICA

ROME.—An Italian scientific expedition reported from Africa it had shot a pigmy elephant of a hitherto unknown species.

Capt. Antonio Ferrarodi, in a message from Southern Somaliland, said the discovery was "one of the rarest animal finds ever made." He said the elephant was more than 100 years old, about six feet high, and weighed only about 450 pounds.

The rare find will be brought to Italy, he said.

PROTECTION NEEDED

One of the first requirements in conserving a woodlot is the erection of fences to protect against damage by livestock. Young seedlings which will serve for replacements in future years are easily destroyed, damage to exposed roots is eliminated.

Actions speak louder than words.

Cancer Crusade Is Launched In Alberta

$1,500,000 OBJECTIVE IN CANADA

A drive to raise $1,500,000 throughout Canada to fight cancer was launched last week in Alberta.

The announcement was accompanied by a statement from G. H. Rice of Edmonton, President of the Alberta Division of the Canadian Cancer Society and a message from Sidney Freyschlag, soloist.

Mr. Rice said "the key to success in fighting cancer is the volunteer worker. On the eve of this 1953 Crusade I want to pay tribute to the volunteers in this community who will shoulder the task of raising funds and informing people how they can best guard against cancer.

The entire program of cancer control hinges on their work. If it were not for their efforts there would be no national Cancer Dollar research program; there would be no service program for cancer patients and there certainly would be no chance of people getting the information about detecting and curing early cancer.

We have been assigned a goal of $250,000 as our share in the National campaign. I want to make sure everyone realizes that this is a minimum figure. We can with a little effort, exceed our quota. I am sure that all the residents of this community will join me in this objective."

From the provincial headquarters of the Canadian Cancer society came a message praising the local branch for its prompt start in the campaign.

"You are to be congratulated for your organizing beginning" R. N. Talbot of Calgary, Executive Director of the Society's Alberta Division said.

"Your share of Alberta's goal of $200,000 is vitally important. Every contribution even as little as a dime, is helpful. Ten cents buys a test which will support a research tube for one day. $500 will buy a special microscope and $16,000 will equip an isotope laboratory. We know everyone will support the life-saving facts about detecting and curing early cancer.

Woodvale News

The weather we lifted so much in January made a repeat performance in April, but was not enjoyed at this time. Everyone is looking forward to the imminent return of spring weather and a chance to get on the land. A few shy crocuses have been noticed, but they do not look as happier than the ice-bound ducks in a bog, we have not seen either yet. left the old country suddenly made its appearance here in flocks, to European starlings, are very much with the white spots. Wonder if anyone has seen them here before? They are very quiet and gradually grubs of different species but they love any kind of fruit. We do a lot of damage in grain fields as they usually travel in big flocks.

Though it is early we could day the sale at the Ross farm drew a good crowd and most things went for a good price. Mr. and Mrs. Ross is with her daughter Mrs. Wes Isley at present while Mr. Ross is at Alec Ross's, ready to start digging the cellar of their new home as soon as the frost gets out of the ground.

Kenneth Watt bought the Ross farm and the house will be moved eventually into Vermilion.

Peter Goutier went to see his brother Fyrand in St. Albert who has not been feeling so well lately. Robert Gier has gone back to school at St. Albert after spending the past three months at home. Marie Goutier is also back after a sickness, measles, flu and rheumatic fever is revupenting at the home of her sister Mrs. Ernest Dubue in Vegreville. It is very uncertain as to when she will be able to go back soon to her teacher duties at Fort Kent.

Mrs. Mary McGrath also was on the sick list, but came home over the week end after a week in Islay hospital. We hope that everyone will soon be fully recovered.

Hugh Pierman is remodellin his home, enlarging the kitchen and adding a modern bathroom. He will also landscape the grounds around the house this year.

Plan Curling Rink and Church

The Treland P.U.A. at their last meeting besides filling in a question raire, discussed the raising of funds for a curling rink on the grav road near Woodvale school and the organization of a community church by the Ganton school for church and other meetings. Another meeting has been called this week to get the latter project started.

Telephone Co. Elects Officers

The Woodvale Mutual Telephone Company held its annual meeting at Union school on April 13th. The plans for the coming year were formulated. The same officers were re-elected and two directors chosen from the new subscribers, they are Frank Watson and Cliff Crocker.

The date of the next Red Cross quilting bee was omitted in our last report. It will be held May 6th at the home of Mrs. M. Watson.

Mr. M. Mahon and his son of Vermilion George R.C., who used to live on the George Stewart place, have been visiting around Vermilion and were at the A. Ross sale where they met many of their former neighbors.

Drae's Community Donate to Red Cross

RESULTS REALIZED

MANNVILLE.—On Friday night last, the Drae's Community Centre cleared $14 after expenses were paid at the dance held at the school and this amount was turned over to the Red Cross as a donation from Drae's Community Centre.

The idea that you always obtain the best allowance on a trade-in for another car of the same make is fallacious, says the Digest. You may get a bigger allowance on another make and you should shop around before trading.

The following contributed to a community wreath and to Crippled Children's fund in memory of the late Mrs. Arthur Cameron of Clandonald:

Mr. and Mrs. Fred Goddard, Mrs. Smith and Matt, Mr. and Mrs. R. P. Stanley; Lorne and Norman McPeeley; Mr. and Mrs. M. Cawsey; Dubue in Vegreville. It is very uncertain as to when she will be able to go back soon to her teacher duties at Fort Kent.

Mrs. Mary McGrath also was on the sick list, but came home over the week end after a week in Islay hospital. We hope that everyone will soon be fully recovered.

Hugh Pierman is remodellin his home, enlarging the kitchen and adding a modern bathroom. He will also landscape the grounds around the house this year.

Plan Curling Rink and Church

The Treland P.U.A. at their last meeting besides filling in a question raire, discussed the raising of funds for a curling rink on the gravel road near Woodvale school and the organization of a community church by the Ganton school for church and other meetings. Another meeting has been called this week to get the latter project started.

Telephone Co. Elects Officers

The Woodvale Mutual Telephone Company held its annual meeting at Union school on April 13th. The plans for the coming year were formulated. The same officers were re-elected and two directors chosen from the new subscribers, they are Frank Watson and Cliff Crocker.

Wildmere Beavers Girls' Club Report

The Wildmere Beavers held their regular meeting at Hazel Whitlock's on April 11th with 13 members and two visitors present.

The meeting opened in the usual manner by singing O Canada fol-lowed by the Code. The minutes were then read and approved. The roll call was answered by exchange of Easter baskets. The business was deciding about having a dance at Beaverdell school on June 5th. The next meeting will be at Beaverdell school instead of at Crutherv as we are inviting each member's mother and Mrs. Garnett to help pick out the best articles for our Achievement day.

Marlene Smith won the mystery box. Mary Gibson had the social which was a guessing contest. The meeting was then adjourned by the singing of 'God Save the Queen'.

Members were then entertained by Margaret and Hazel Whitlock singing and playing the guitar.

A very tasty lunch was then served by the hostess

Committees Appointed For May 18th Sports

At an executive meeting of the Vermilion Amateur Athletic Association the following committees were appointed to handle the various phases of the sports on May 18, the town's annual sports day. The magnitude of the work involved will be realized when it is known that no less than 7 ball tourneys are being played at the same time throughout the day. The program at the Vermilion sports is the most comprehensive of any held in the west, there being something for everyone

The first named of each committee is the convener and the committee is responsible for preparing the grounds, arranging for umpires, scorekeepers, heating water etc. If in doubt about any question contact President Jack Horn or the Secretary Fred Stewart.

F. U. A. ISSUES PRESS STATEMENT

The Western Farm Unions are opposed to Canada entering into a new I.W.A. on the basis of the Washington proposals. The good selling price of $2.05 is far too low to enable farmers to accept for a period of years. This is really only 9c over the ceiling of the old agreement. As in the floor price of $1.55 this is just 5c over the floor in effect during the first year of the old wheat agreement. This floor is no worthwhile protection for Western farmers who are known to pay inflated prices for all goods necessary to their business.

If this is the best deal that can be negotiated we feel that it would be better to forget about a Wheat Agreement for the present and let the Canadian Wheat Board sell our wheat for best advantage.

If the Federal Government insists on forcing us into a new agreement on the proposed basis, it will be against our advice and they must take all responsibility for the consequences

As to the position of Britain in refusing to agree even to the present proposals, we must insist that no separate deal on a different basis be entered into with her.

Henry Young, President,
Farmers' Union of Alberta

Helen Wakaruk is at present in the local hospital having her tonsils out and then she plans to leave for Edmonton.

Mr. and Mrs. Ed Hauck are spending their holidays visiting with relatives near Camrose.

Mr. and Mrs. Chris Gadke have just returned from a holiday at the coast.

Mr. E. Ambler had the misfortune to have his car stolen while in the city last Wednesday. His mother, Mrs. Ambler was leaving for the coast and her clothes and bags were in the car. It was taken from the hotel parking lot and there has been no word of its recovery yet.

Mrs. Chris Hamilton is relieving at the hospital while Mrs. Gordon is down east.

Mrs. Jim Gordon was helping at the local drug store during the recent Rexall 1c sale. It seemed quite natural to see Nancy behind the counter again.

Marlene Olsonberg is a patient in the local hospital and is progressing favorably after an operation.

Miss Jean Allanach is home again and feeling much better after a stay in the University hospital.

Paradise Valley Is Location For Seed Cleaning Plant

RIVERCOURSE—Upwards of 75 farmers gathered in the Legion hall at Paradise Valley to hear progress reports tabled by the provisional board of directors appointed one month earlier to organize and solicit shares in a River-court, McLaughlin, Paradise Valley area for the purpose of establishing a municipal seed cleaning plant.

In accordance with regulations adopted at the organization meeting, March 11 last, point of plant location was to be decided by shareholders through indication of preference entered on subscription receipt. There was general agreement in this method of determining the location of the plant, and when the count of preferences gave Paradise Valley a substantial majority, the meeting voted unanimously in approving Paradise Valley as the site for location of the cleaner plant.

Share value was set at $25 and subscription now exceeds 300 shares with soliciting not completed in all districts.

The meeting placed the administrative setup on a permanent basis with the appointment of E. H. Buckingham, D.A., Arthur Clarke and James Milne to the board of directors and election of Parke Dobson, George Moffat, R. W. Adams, G. McIntyre and Henry Haan for a two year term and Arthur Fair, A. P. Nicholson, Allan Weeks, Paul Pauligard and Don Purser for one year. Parke Dobson was elected president and Henry Haan as vice-president.

—Edmonton Journal.

Chick Chats

Continued brooding success depends on the continuation of good feeding and management, advises F. J. Higginson, Acting Poultry Commissioner, Alberta Department of Agriculture. Due to the rapid growth during the brooding period, chicks require high protein feed. Chick starter meets these requirements and should be fed for the first six or eight weeks. In addition, after the chicks are a month old, a little crushed wheat may be added. Good hwey oats may also be fed free choice after the young birds are about eight weeks of age. Chick size insoluble grit is necessary at this time for old digestion, and should be fed in a separate feeder.

A continuous flow of fresh air should be allowed to circulate through the brooder house, without exposing the birds to drafts. When weather permits, allow the chicks to run outside, either on clean ground or on a veranda provided for that purpose. Feeders and waterers should be placed outside to encourage the chicks to run out during the day. Avoid overcrowding, as this can be conducive to feather picking and cannibalism.

THE NEED IS GREAT

The Canadian Cancer Society is again conducting its annual campaign for funds in this community. In considering the request for contributions, most people, it is fairly certain, will ask themselves just how important is it that they give to this cause.

Can they also ask with justification, "Is it that far away from me, and still we're threatened by cancer?"

Each man's answer will be his own.

Our answer is based on one word "hope".

It must be remembered that the help hard cash of research can turn as any moment. A look at the record of scientific achievement will demonstrate this better than anything else.

The death rate from rheumatic fever declined 53% between 1946 and 1960, the last year for which figures are available. Deaths from pneumonia and influenza declined 47% in the same period. From 1914 to 1918 appendicitis deaths were cut 55.7% and the scarlet fever death rate dropped 70%.

The overall death rate in Canada was reduced 18 per cent from 1937 to 1950.

This tremendous improvement is directly due to the development of the sulfa drugs, penicillin and other antibiotics.

But these wondrous jailers of infection did not leap full blown from the minds of baby creators. They were the results of many patient years of plodding investigations.

And so, too, can it be with cancer. If the public can provide funds to keep the scientists at work long enough they will find the complete answer. Already, half of those who develop cancer could be saved by early diagnosis and prompt treatment.

More than $500,000 was allocated research by the Canadian Cancer Society in 1962. The Society expects to increase the figure this year.

When you are asked to give, do it with great expectations — with the knowledge that cancer can be conquered and with the ever constant hope that it will be soon!

NEWS from ISLAY

We hope to see you at the Amateur Friday, April 26th in the hall. Lunch will be served.

The Senior room pupils of the school are compiling the history of Islay. Old timers please think back to early years as any of the pupils will be glad to get some information. How many of the early settlers here to-day have a copy of the "Islay Progressive", the Islay weekly news paper? Islay had a paper? Yes Sir, Islay had a paper. I have a copy of March, 1907—It was in the same period. From 1904 to 1918 appendicitis deaths were cut Lily Gilchrist in Edmonton, most interesting too

All the ladies of the area please keep in mind our May meeting of the W.A. It will be in the form of a Missionary tea at the home of the bashwells, May 7th.

The executive of the Home and School Assoc. met Monday and made plans for a meeting on April 29th. It is hoped to have Dr. Smith speak. Lunch served.

Mr. and Mrs. John Shaw are spending the week at the home of their son Bill and wife. Betty is having a bath room finished. We notice Jimmie Shaw speeding along on his bicycle. Jimmie says he helps at the farm — he rounds up the cattle.

The tea sponsored by the United church W.A. was successful the auction sale went well with Dave Martin as auctioneer, we think he runs Archie McLean a close second Mrs. Inman Sr. is a good bidder a few years like her and an auction would really go fast. We were pleased to have the friends from Wildwood area, hope they come again.

Quite an enjoyable time was had last week one evening in Kenilworth school at a farewell for Mrs. Denise Risdale. She was presented with a card table and four chairs to match. She and family will leave shortly to join Mr. Risdale at Rochester, Alberta.

Mrs. Harold Dibb of Fairview has been visiting the past week with her parents Mr. and Mrs. Dave Buchanan.

Mr. Alf Turner has purchased the Joe Dupuit house.

Mr. and Mrs. John Milner of Sedgewick made a hurried trip to Islay to see her sister Mrs. David Clarke who is ill, and returned home with the twins, until Mrs. Clarke regains her health. Mrs. Clarke is in hospital. We hope she will soon be recovered and home again.

We were told that Mr. Herb Simmons has purchased a very new car and on Saturday and Mrs. Ollis and Mrs. Gladys Gould to Lloydminster to shop. Oh yes, Mrs. Sim-mons went too. Be careful Mr. Simmons, remember your trip to Ontario, how you got your coat tail brushed by just such a car?

We saw Mrs. Leo Rowland one day recently purchasing supplies in Walter's store. We hadn't seen her for a long time. She was praising the quality and the amount one could buy so reasonably — doesn't pay to go far away to shop.

Mr. Jack Bauman went to Elk Point on one of their business trips who has not been well.

Betty Purser is painting the interior of Mrs. Landell's house.

Jack Caro is busy painting the interior of Mrs. Landell's house.

Cancer Society Starts Annual Campaign for Funds Monday

THE NEED IS GREAT

The Canadian Cancer Society is again conducting its annual campaign for funds in this community. In considering the request for contributions, most people, it is fairly certain, will ask themselves just how important is it that they give to this cause.

Can they also ask with justification, "Is it that far away from me, and still we're threatened by cancer?"

Each man's answer will be his own.

Our answer is based on one word "hope".

It must be remembered that the help hard cash of research can turn as any moment. A look at the record of scientific achievement will demonstrate this better than anything else.

The death rate from rheumatic fever declined 53% between 1946 and 1960, the last year for which figures are available. Deaths from pneumonia and influenza declined 47% in the same period. From 1914 to 1918 appendicitis deaths were cut 55.7% and the scarlet fever death rate dropped 70%.

The overall death rate in Canada was reduced 18 per cent from 1937 to 1950.

This tremendous improvement is directly due to the development of the sulfa drugs, penicillin and other antibiotics.

But these wondrous jailers of infection did not leap full blown from the minds of baby creators. They were the results of many patient years of plodding investigations.

And so, too, can it be with cancer. If the public can provide funds to keep the scientists at work long enough they will find the complete answer. Already, half of those who develop cancer could be saved by early diagnosis and prompt treatment.

More than $500,000 was allocated research by the Canadian Cancer Society in 1962. The Society expects to increase the figure this year.

When you are asked to give, do it with great expectations — with the knowledge that cancer can be conquered and with the ever constant hope that it will be soon!

Frocks . . .

For Tots to Teens!

Saucy little fashions for fashion leaders of the pint-sized crowd! Practical yet perky, made from glazed Chambrays, taffetized Cottons, Piques, Criskays, etc.

Paradise Valley

A well attended meeting was held in the hall on Wednesday evening when the shareholders of the Battle River Seed Cleaner Co-op met to hear a report of progress made in the selling of shares, choice of location and to elect a permanent board of directors. The sale of shares was very satisfactory. As Paradise Valley had quite a majority of shareholders it was decided that the plant be erected here. The following directors were elected: H. Vance, Art Nicholson, George Mather, Allen Weeks, Parker Dobson, Arthur Fox, Don Turner, Robert Adams, Duncan McIntyre and Paul Pashgard. The question of by-laws was left in the hands of the directors and to be presented at the next meeting. Mr. E. H. Buckingham of Vermilion was present and gave some very good advice. The canvassers are to be congratulated on the effort put in the selling of shares, they gave a lot of time and energy to it.

On Friday evening the curlers gathered in the hall for a wind-up party. The curling season was cut short at both ends this year due to weather conditions. However some good curling was enjoyed by the members. Something new was pulled off here this season and that was the town bonspiel sponsored by the farmers to pay back the town putting on a spiel for the farmers. All prizes consisted of farm produce. This was much appreciated by the town curlers. Bingo, lunch and a social time was enjoyed. This was to be put on by the Vice-President's side as they came out on the short end of the count in the spiel but as few games were played all the members on both sides were together and furnished the eats.

Congratulations to Mr. and Mrs. Art Brassington on the birth of a daughter in the Lloydminster hospital, April 15th.

The birthday club met at the home of Mrs. W. A. Hickie on Wednesday afternoon when the ladies spent a very enjoyable afternoon.

Rev. Earl Wing conducted service in the United church on Sunday evening. We understand that Rev. Mr. Wing may be stationed here and that Edgerton will be included in

Island Hill-Campbell Lake Athletic Association Meeting

There will be a general meeting in the Island Hill school on Sunday April 26th at 2:00 o'clock for the purpose of forming a ball team and election of officers for 1953. All persons interested either in playing ball or seeing ball played this year are urged to attend.

Birthday Tea & Sale of Cooking

St. Saviour's W.A. will hold a birthday tea and apron sale of work and home cooking in the parish hall on Saturday May 9th commencing at 2:00 p.m. 20-1

Spring Tea & Sale

$100 A MONTH FOR LIFE
FROM AGE 60

THIS IS THE PLAN . . .
Suppose you are not over 30; you make regular payments to the Sun Life of Canada. At age 60 you start receiving $100.00 a month for life; or if you prefer it, $17,149.00 in cash. Both amounts can be increased by accumulating annual dividends. If you are over 30, benefits are available at a later date.

. . . FOR YOUR FAMILY
Should you not live to the age of 60, $15,000.00 will be paid to your family on your death.

The Plan covers all amounts of provisions from as little as $5.66 per month, and the cash or pension can in most cases start at age 30, 55, 60 or 65.

Obituary

Mrs. Jessie Mary Pallister

Funeral services for Mrs. Jessie Mary Pallister, beloved wife of Mr. E. A. Pallister of the Buffalo Coulee district, were held on Friday April 17th at 1:30 o'clock in the afternoon at the Stellaville Anglican church, with interment in the church cemetery. The Rev. R. T. Clennett of Stanville officiated.

Mrs. Pallister passed away at the University hospital, Monday April 13th. She had lived in the district for many years, coming to Canada from the Old Country as a young bride of the First Great war. She is survived by her husband and one son Jim.

Floral and memorial tributes were received from:

The Ross Family: Mavis and Henry Haverslew; Mr. and Mrs. Ivor Larsen, Gordon and Shirley; Harry and Marie and family; The Coe Family: Rudolph; From all the Hendersons; Bill McBride; Mr. and Mrs. John Thomas and family; Sadie, George and family; Ivy, Castle and family; Blanche, Bob and Beverly, Mr. and Mrs. J. Chrysler; Alex and Rebecca; Mr. and Mrs. T. Henderson; Betty and Gerald; Margaret and Joan Duncan: Mrs. Machin, Fred and Sandy; Andrew and Margaret Machin; Andy and Evelyn Clark; Calla and Olive Coe; Jim, Nan and family; Lillian Finley; Mr. and Mrs. Elmore Stewart and Joan; Jim, Shirley and family; Mr. and Mrs. W. F. Cooper; Muriel, Laurence Barlow and family; Cora, Chris and Mrs. Fensland; May and Norman, Phyllis and Preston; Rada, Winnie and Jack; Grace, Chris, Bill and Paddy; The Stadens; Kate, Ted and Leonard; Mr. and Mrs. Anton Kende; Mr. and Mrs. E. Livingstone; Mr. and Mrs. J. W. Livingstone; The Macneh Family; Nick Kowalchuk; Mr. and Mrs. Majury and Matt; Jim, Madelaine and Mr. Meadows; Norman, Ursula and girls.

The Canadian Cancer Society; Mr. and Mrs. Martin Haverslew; Henning Ruth and family; Kate and Bill Calder; Morris, Joan and family.

Crippled Children's Fund: Chris Beier and family.

Red Cross Society: Frances and Ed Bissett.

Salvaxe Memorial fund: Mr. Sid Hinton; Mr. and Mrs. Albert Winters and family; Mr. and Mrs. Walter Hinton and family; Mr. and Mrs. Arthur Phenney and family.

Moyers were in charge of arrangements.

CARD OF THANKS

We wish to thank all those who so kindly helped during our recent bereavement. It was indeed helpful to see so many friends come to pay their last respects. We wish to also thank Moyers Funeral Home for the kindly and efficient conduction of all arrangements.

E. A. Pallister and son Ian.

PROMPT SETTLEMENT

The World of Wheat

By H. G. L. STRANGE
Director "The Crop Testing Plan"

International Wheat Agreement

We are informed that a number of countries, including Canada, have signed a new international Wheat Agreement for a period of three years starting Aug. 1st next at a ceiling or maximum price of $2.05 and a floor or minimum price of $1.55. India, Ceylon, New Zealand and Greece have not yet signed. Britain, we hear, has officially withdrawn from the Agreement. Australia had previously stated that Britain withdrawn then she will withdraw.

Some express doubt as to whether the Senate of the U.S. will ratify the Agreement at the low maximum price of $2.05. It seems, then, we shall have to wait a few weeks or more to see who will sign and who will not and whether the Agreement will go into force without Britain, Australia and these other countries.

It is stated that the 6 cents carrying charge paid in past years by the importers now is to be included in the maximum price of $2.05 which means that the actual net maximum is our farmers is only 19 cents a bushel over the present price.

There are many people, with whom I agree, who think that the maximum price of $2.05 is too low, considering present conditions and the world's future outlook for feed the field.

We are sorry to hear that Mrs. W. Stoddart is a patient in the Lloydminster hospital. We hope by the time this is in print that she will have recovered and able to return home.

Mr. and Mrs. Arthur Acaster and family of North Battleford spent the long week end with friends in Paradise Valley. They came to see the amateur night.

Miss Joyce Adams who has attended college at Three Hills during the past term has returned to her home.

Th Valley Maids C.G.I.T. held a tea and sale of work in the United church basement on April 16. They wish to thank all who helped to make this such a success.

Marvelube and Essolube Heavy Duty motor oils are made from carefully processed Pale Lubricating Distillates, blended with the finest quality additives. Based on its outstanding performance in the most severe engine tests, Esso Marvelube is recommended for all types of gasoline engines, under all conditions of operation, where only one grade of motor oil is used.

Either Marvelube or Essolube HD provides money-saving protection to give you better mileage per gallon of gas, greater conditions of service—no matter how tough, like Eastside B.C. Tractor. Both with absolute confidence in your Esso Dealer.

Ethelwyn News

It would seem that when we expect spring, comes winter instead, judging from the cold spell with snow last week.

The Rye school children enjoyed their first Easter party at school this year with games, fun and treats for everyone, thanks to the teacher Mrs. Wilmsey.

Easter visitors to the district were Mr. and Mrs. Phil Tillpike and son accompanied by Rose Shrenkewich all of Edmonton who were guests at the Shrenkewich home. Mr. and Mrs. Roy Hill and family spent the holiday at the Meagrave family home.

Mr. and Mrs. Wilmsey and son Pat spent the Easter holiday with Pats' grandparents in Saskatoon.

Mr. and Mrs. Harold Cooper and son Dean had a wonderful holiday in the city, guests of Mr. and Mrs. George Bryant. Joyce and Don are doing very well at their respective jobs. The writer was sorry not to meet any of the young people from the district. At the McDougall United church on Easter morning we did see Mr. and Mrs. Wilbur Currie and family and had a chat with the former after the service. Signing the church guest book after us were Mr. and Mrs. Cam Campbell and family of Edgerton. Also at church were Mr. Lee Green and Doug Brown and his parents. Many people around Vermilion will remember Doug as he attended college there a few years ago. The writer would urge parents who take their children along to Edmonton to visit the museum at St. Albert. The museum is housed in the first church built by Father Lacombe, whose work the children take up in school.

Mrs. Wilmsey and pupils sponsored a very successful dance in the old Rye school April 17th.

We to this district would appreciate it very much if any one would locate the coffee kettle belonging to the school. It seems to have been mislaid.

Fine Scrap Book Flowery Days

Mrs. Whinery and pupils are completing a scrap book of early flower days and would appreciate any help given to them. Stories of early days, newspaper clippings pictures, or anything that would make this book worthy of being exhibited at the local fair would be appreciated. Any material loaned will be well taken care of and returned to the owner if they so wish or left in the book as a memorial of history of the early days. We know that the Standard is a great traveller so hope this item will catch the eye of some old timer who has left the district years ago. We would particularly like to hear from the following or any of their descendants: Fine Examinirers Mrs. Jones, first mail courier Mr. and Mrs. Harry McDonald. Miss Moore the first teacher, and any other of the early teachers. Please address all communications to Miss Helen Shrenkewich, or the writer Mrs. Harold Cooper, both addresses Clandonald R. R. 1. Alberta.

Mr. and Mrs. John Grant came to the school one day and gave quite an interesting talk on the early days

News of Flowers

Now for a little up to date news on those early pioneer settlers and their descendents. Mr. and Mrs. John Grant and Mr. and Mrs. Joe Allen have retired from active farming but both still reside on their old homesteads. Wm. Cavil is still farming his land: Mr. and Mrs. Wm. Seal have retired to the nearby hamlet of Clandonald.

Of the children who attended he first school term at Rye and still living in the district are Miss Verna Boyce and brother Gerald, Harold Cooper and Bud Elliott. Younger children still living in the district are Mrs. Louis Taylor (nee Doreen Seal) and her husband who now own the original Seal homestead, Norman Seal and Miss Gladys Boyce.

The third generation of the pioneer families now attending the fine new Rye school are Darlene Taylor and Dean Cooper, with 4th generation represented by Mary Anne and Christina Grant, great granddaughters of Mr. and Mrs. Jas. Cavil who retired to Vermilion many years ago. This hardy pioneer couple recently celebrated the 67th anniversary of their wedding

It's IMPORTED ...So what?

Side by side on the merchants' shelves — Canadian materials and "imported" goods. Do you get any advantage when you go for "imported" products?

In woollens, at least, the answer is simple. Canadian mills turn out fabrics and yarns that match or better the production of any other textile country of the world in quality.

They are made by Canadians who are paid good Canadian wages; they are designed to please Canadian tastes, meet Canadian needs.

This is no plea to shun "imported" materials. They should be considered along with domestic products by every Canadian consumer, but on a strict what-do-I-get-for-my-dollar basis.

Ask for Canadian textiles if you want the best for your money.

DOMINION TEXTILE COMPANY LIMITED
Manufacturers of Top Quality Canadian Products Which Carry The Famous Trade Name Tetrolads

Pick any SPRING day

and road-test a lively new '53 DODGE

A NEW IDEA FOR GREATER CONVENIENCE
The front seat of Dodge two-door models is divided 35-65 so that rear seat passengers can get in and out with minimum disturbance of front seat riders.

YOU ENJOY GREATER SAFETY
Better All-around Vision — New, curved one-piece windshield and downward bend give you a clearer, wider view of the road. Slimmer pillars and rear windows provide excellent all-around vision. Wide-sweeping electric windshield wipers give constant control, clearer performance.

Unique Safety-Rim Wheels — Standard equipment on all Chrysler-built cars — help hold tire on the rim in case of a blowout, allowing safer, straighter stops.

Dual-Cylinder Front Wheel Brakes — Dodge has four hydraulic cylinders in each front wheel brake for balanced control of stopping power in both wheels. Brakes are self-adjusting, needle bearings are of Aluminum Cyclebond lining which provides longer, trouble-free life with no absence of drum scoring.

Sunshine or rain, spring gales or balmy breezes, you'll be safe, comfortable and content in a new, livelier 1953 Dodge.

You'll find that a brand new approach to suspension design has helped create a car which handles surely . . . hugs the road . . . and takes the curves in stride.

You'll experience new performance too — with a new, more powerful engine (now rated at 108 h.p.).

And, if you desire, you can have the smoothness and no-shift ease of new Dodge Hy-Drive, available on Mayfair and Regent series at extra cost. With Hy-Drive you shift directly into High — then you can stop and go as you please without touching the gearshift or clutch.

Discover this amazing new Dodge for yourself. Come in today and arrange for a road-test.

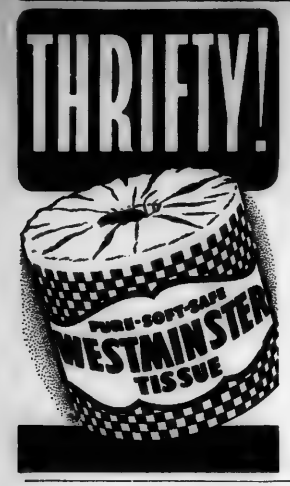
Rummage Sale A Success At Mannville

MANNVILLE — The Rummage sale and tea held on Saturday in the Orange hall sponsored by the Mannville and district W.I. branches and the Library Board was very successful. The sum of $156.50 was taken in and after deduction of hall rent and miscellaneous expenses of $14.80 the balance of $141.70 will go to the rest room and library fund for caretaking of the building for 1953.

The clothing left over suitable to send to Korea will be shipped to the Unitarian Relief depot. The other things will be given to the Salvation Army.

The committees in charge wish to thank all those who helped in any way to make the sale a success.



REPORT to the PEOPLE

BY ROBERT FAIR, M.P.
BATTLE RIVER

Long Session in Prospect

On Thursday, April 2nd, the House of Commons took recess from its duties and resumed business again on Tuesday afternoon, the 7th. The short adjournment was caused by the fact that Coronation of Her Majesty Queen Elizabeth II will take place on June 2 and it is the hope of the Government that the business of the session will be completed by May 9th, at the latest. In order to achieve this end three sessions a day commencing April 13th are being held and the House will sit five days a week and perhaps will sit on Saturday toward the end of the session in order to complete the work.

Lengthy Debate's Pending

The debates on the Address in reply to the Speech from the Throne and the budget took up an exceptionally long time this session and that may be caused by the fact that an election is pending before another session is held and many of the back benchers, particularly on the Government side, who have remained silent in past years have taken advantage of these two occasions to get their names on the record.

No Estimates Passed

Up to the time of writing this column not one single estimate has been passed by the House so it would mean that between now and early in May estimates amounting to almost 4½ billion dollars will have to be discussed and approved. In addition to this there are several items of legislation on the Order Paper although many of these are not of a contentious nature. Up to the present time the legislation of most interest to our section of the country comes under the following headings:

Emergency Powers Act

A Bill to amend the Emergency Powers Act — this was one of the most contentious pieces of legislation discussed so far this session and had for its purpose the extension of powers granted to the Government during the past few years which are almost equal in scope to the War Measures Act.

During the past year the Government made use of the Emergency Powers legislation on only one occasion and this was for the passing of an Order in Council which is secret and deals with a security measure. All opposition parties very strongly opposed the extension of time for another year under this this legislation and pointed out when it was first introduced, the purpose of the Government was to use it to control prices of certain commodities and other such matters in the interests of the Canadian people as a whole. After many hours of debate and recorded votes with all the opposition members voting against, the Government with its overwhelming majority, finally passed the measure.

Rural Mail Couriers

Another bill which is of vital interest directly to the rural mail couriers and indirectly to the people whom they serve, was passed which gives the Postmaster General the power to revise contracts in those cases where the courier has submitted too low a tender. In the past many couriers, in some cases inexperienced, submitted tenders that were far too low to give them an opportunity to operate at a profit and the legislation prevented any revision of the contract until it expired, usually at the end of a four year term. Under the present legislation any courier whose contract was in existence before the Bill was passed can make application to the Postmaster General one year after the passage of the legislation or have his contract reviewed and in cases where a contract has been let after the passage of the bill, the courier will have to carry on for a term of two years before his application for review will be considered.

Increase Considering the application for an increase the Postmaster General or his officials will take into consideration the rates being paid for similar work in that locality and will also take into consideration the length of the route, condition of the roads, the number of mail boxes per mile, etc. During the discussion of this legislation we found out that in many sections of the country rural people are getting daily rural mail delivered and I put in a strong plea to have the frequency of service increased in our province and other sections of the country where two or three deliveries a week are now in effect.

Farm Improvement Loans Act

An amendment was also passed to the Farm Improvement Loans Act. This has the effect of increasing the amount of money available under this scheme and also increased the maximum loan a farmer may get from $3000 to $6000. There is no change in the interest rate although this has been requested by several members.

Amendment to Wheat Bd. Act

An amendment to the Canadian Wheat Board Act was also introduced and passed without any objection. This bill will have the effect of increasing the number of members of the Wheat Board who will hereafter be called commissioners and may be not less than three or more than five, whose salaries shall be fixed by the Governor in Council or in other words, the Cabinet. Legislation also provides for an extension of life for the Canadian Wheat Board until the end of July 1957, that means an extension of four years from July 31st next. When the bill was in committee I asked the Minister of Trade and Commerce to have the legislation made permanent and his reply was that as far as he was concerned he would have no objection to this being done, but pointed out that it might be a good idea to have the legislation expire at the end of 3 or 4 years so that it could be reviewed by whatever Government was then in office and if there was a better method to be obtained, that the legislation could be changed.

I feel, however, that while the present minister is in office the legislation will be continued as the Government now realizes the need of having a selling agency of this kind and the Government and farmers and all those with whom the trade also realize the importance of having payments made over the year rather than the farmer getting all the price of his grain at one time, which is usually the fall and then having to go to the banks to borrow during the other months of the year.

Agricultural Floor Prices

Just before the Easter recess an amendment to a motion to go into supply was moved which read as follows: "In the opinion of this House consideration should be given by the Government to the advisability of introducing during the present session legislation to provide floor prices for agricultural products at such levels as to insure producers a fair price cost relationship." A debate on this question took place and it was completed on the 7th and it is needless to say that the motion was voted down with all opposition members voting in favor and government members voting against. I was the second speaker in this debate and pointed out the importance of keeping agriculture in a sound financial condition because unless this is done all sections of Canada must suffer. The Canadian farmer is the best potential customer for many of the products produced in Canada and as soon as the farmer is unable to buy, the labor man will soon find himself out of a job and business all over the country soon comes to a standstill.

Farm Products Down — Costs Up

During the past year the wholesale prices of farm products have been reduced by 19% while the costs increased by 7%. Over the past few years Canadian freight rates have increased by 85.2% and it is estimated that in 1953 farmers' freight rates will be increased by 20% as compared with 1948. This is not

FORD

CUSTOMLINE FORDOR SEDAN

Thousands of drivers are changing to Ford because they've found that Ford's smooth Strato-Star 110-Hp. V-8 engine is the type of engine that powers the finest cars, though Ford is priced with the lowest. They've found that Ford offers a choice of three modern transmissions (Fordomatic*, Overdrive* and Synchro-Silent shifting) and an unusually wide selection of styles, colours, interior trims and fabrics. When you add up all the vitally important "extras" that Ford provides—like its smooth "Wonder Ride", its Full Circle Visibility, soft foam rubber seats, Centre-Fill Fueling and Key-Turn Starting—you begin to realize how much more there is to Ford than you ever expected in a car that's priced so low. When Ford gives you so much more . . .

WHY TAKE LESS THAN THE BEST?

FIRST WITH THE FINEST FEATURES

*Fordomatic Drive, Overdrive and other Ford features optional at extra cost.

Local News of Interest

To Visit England And the Continent

Mrs. Addie Mead left Saskatoon via T C A plane on Tuesday en route to England where she will spend the next three months visiting her son Lieut. Bert Mead and family. Mrs. Mead was taken to Saskatoon by her son George and there she boarded the plane at 1:30 p.m. on Tuesday, arriving at London at 4:50 p.m., Thursday, Greenwich time. While away she will accompany her son and family on a motor tour of the continent.

Mr. and Mrs. H. W. Brown returned over the week end from visiting their daughter Lucille in B.C. and son Ken and family at Vancouver, Washington. Mr. and Mrs. Brown spent most of the winter at the coast and enjoyed the experience very much.

APPRECIATION

I wish to thank the nurses and staff of both Mannville and Royal Alex hospitals for their kindness to me while a patient there. Also I wish to thank the many friends who so kindly in so many various ways expressed their good wishes on my behalf.

Castle Scott.

APPRECIATION

We would like to thank our neighbors of the Deer Lake district for their help while we were moving, especially Mrs. Proud and Bob who helped us in every way possible.

Mr. and Mrs. Phibbin.

CARD OF THANKS

I wish to thank Dr. Sweet and the matron and staff of the Islay hospital who were so good to me while I was a patient in hospital with my broken arm. Thanks also to all my friends and everyone who sent me cards, fruit etc.

Mrs. Walter Joyner, Dewberry.

IN MEMORIAM

In loving memory of
Murdo MacKinnon
— who died April 27th, 1952.
"Time may come and bring its changes
Fresh with every coming year,
But his memory will be cherished,
In the hearts that hold him dear."
—Sadly remembered by wife and daughter.

IN MEMORIAM

In memory of a loving husband and father who passed away on April 21st, 1943.
"We often sit and think of him
when we are all alone,
For memory is the only friend
That grief can call its own:
Like ivy on the withered oak,
when all other things decay,
Our love for him will still keep
green and never fade away."
—Remembered by his loving wife, Mrs. E. Pilgate and the children.

Pioneer Observes 84th Birthday

On Tuesday April 21st Mr. Wilson Ford of Vermilion celebrated his 84th birthday. He homesteaded in the Tolland district in 1911 coming from Nova Scotia and farmed at Tolland until 10 years ago. He then retired and he and Mrs. Ford came into town. He is still hale and hearty and a very active figure around town.

Board of Trade To Fete Newspaper Editors

The Vermilion Board of Trade will extend a complimentary banquet to the weekly editors of this part of Alberta on Friday evening May 1st. Tickets will be on sale shortly and details finalized. The Alberta Weekly Newspapers Assoc., is holding a zone meeting in Vermilion that day. The sessions will be at the V.S.A.

Mr. and Mrs. Stuart Duncan, David and Linda, spent the week end at the home of Stuart's parents Mr. and Mrs. J. J. Duncan. Also at the same home were Mr. and Mrs. Dill Calder of Clover Bar. All were here for the funeral of Mrs. E. A. Pallister.

Col. W. C. Craig of North Battleford and Mr. John Craig of Prince Albert were visitors in Vermilion over the week end. They, in company with Mrs. Craig recently returned from Florida where they spent the winter months. While in town they were guests at the home of Mr. and Mrs. E. M. Stewart.

Mrs. Evelyn Carroll of Vermilion held the lucky ticket No. 283 for the rug made by Mrs. Fenton for the Bowtell Busy Bee club.

Anne Garnett of Vermilion and Betty Schumacher of Wainwright are now nursing in England. Anne is at the Ear hospital in Manchester and Betty at Broad Green hospital in Liverpool. They return to Anne's relatives in London at the end of May to see the Coronation.

Mr. and Mrs. J. D. Montgomery and little son Dougie of Calgary spent a week here with Mrs. Montgomery's parents, Mr. and Mrs. V. H. Cooper and Joanne.

Geoff Brimacombe who for the past number of years has been employed in a store at Rosalind, is now travelling for the Merco Wholesale, and visits Vermilion in the course of his duties.

Miss G. E. Craig was an Easter visitor to relatives in Olds, also visited her niece Mrs. E. P. Langfield and family at Banff. Miss Craig reports a very pleasant visit in each case.

The names of Milton, Eunice and girls were omitted from the list of acknowledgements of those sending flowers in memory of the late Mrs. Nelson.

Mrs. Kelner, formerly Elizabeth Anderson of Landonville left last week for a trip to Winnipeg, Eastern Canada and London, England, where she plans to see the Coronation. On her return trip to her home in Edmonton in August she will visit her two brothers Frank and Andrew Anderson of the Landonville district.

Mr. W. F. Mackenzie of Edmonton and Mr. and Mrs. Alex Mackenzie of Vancouver spent last Thursday in Vermilion. While here Mr. Mackenzie Sr. was a guest at the home of Mr. and Mrs. Melvin Hill while Alex and wife visited Mr. and Mrs. Ivor Larsen.

CLANDONALD HALL

Showing at the Clandonald hall this week end April 25 and 26 is "Rich, Young and Pretty" in technicolor with Jane Powell, Daniel Darrieux, Wendell Corey and Fernando Lamas. Next week — "A Ticket to Tomahawk." 41x

Praise For Staff Of Health Unit

On behalf of the Derwent school I wish to compliment the staff of the Vermilion Provincial Health unit. The staff has given our school excellent service. Evidently there are still people who place service and duty before their own convenience and comfort, and who are willing to go out of their way to render and and advice to those that need them.

Dan B. Cranston,
Principal, Derwent School

Change of Program Columbia Theatre

To those who already have the new calendar of theatre programs for May, attention is drawn to one change which has been made. On May 14 and 19 the picture 'Circle of Danger' will be played instead of 'Flat Top' as advertised. The replacement is an excellent picture starring Ray Milland. 41-2x

United Church W. M. S. News

Miss Gates who has been carrying on Evangelistic and Educational missionary work in Central India for the past number of years will give an address in the United church at 3 o'clock Saturday afternoon April 27th. Come to hear first hand the great work that is being carried on by the missionaries there and to hear her message.

Silver Tea.

A silver tea will be served by Mrs. Hardie's group of the W.A. from 3 to 5 p.m. in the church basement this same day. Your patronage will be much appreciated.

May Meeting

The May meeting of the W.M.S. will be held in the church hall on Thursday afternoon May 2nd commencing at 2-30. Mrs. Maseon Barr is in charge of arrangements Mrs. W. D. Williams and Mrs. Maddex will conduct the African program.

The Explorer girls will be assisted with the W.M.S. at this meeting. A cordial invitation is extended to the girls, their mothers and to all interested ladies to attend this meeting.

Return from California

A party consisting of Mayor and Mrs. Heckbert, Dr. and Mrs. Clarke, and Miss Alice Keith, returned last week from a five weeks' vacation in California. Most of the time was spent on the Monterey Peninsula at Santa Barbara and Long Beach and the weather for the entire five weeks was marred by only two days when some rain fell. Temperatures while considerably more moderate than those prevailing in Alberta, were fairly even with the exception of two or three days when the thermometer soared to between 85 and 90 degrees.

The men enjoyed golf nearly every day, playing over some of the fine golf courses on the Peninsula, including that sponsored by Bing Crosby, one of the world famous entertainers found in the fact that on one hole on the Cypress Point golf course, a water hazard means, by a small arm of the Pacific. seals were present in the water and gave every spectator a pleasant thrill by barking for short drives so that they could keep the balls in play. Unfortunately (so it is reported) the local golfers managed to obtain drives which would have been disappointing to the seals.

Side trips from the main stopping places were taken and included a visit to Samuel Barr and his wife, a former Miss Witherspoon of Vermilion in Hollydale and a visit to the Bowman family at Placentia. Also included in the side trips was a visit to the Danish colony at Solvang and a visit to the notorious gambling centre at Los Vegas, Nevada. It is not believed that the winnings were sufficient to cover the cost of the trip.

Some time was spent in exploring points of interest in San Francisco and Carmel, while Salt Lake City was visited on the return trip and the party enjoyed the privilege of hearing the organ in the Mormon Tabernacle there. Also enjoyed by one of the three organists appointed by the church to play the magnificent instrument. Tours through the orange growing areas and to various points of interest on the Pacific coast made the trip a most pleasant experience.

Births At Manville Municipal Hospital

Born at the Manville Municipal hospital to:

Mr. and Mrs. Chas. Anderson of Minburn, on April 15th a girl.

Mr. and Mrs. John Hiss, Innisfree, on April 18th, a girl.

Mr. and Mrs. Geo. Nash, Minburn, on April 17th, a girl.

Report to The People

(continued from inside page)

a pleasant picture and we have certainly warned the Government wherever the opportunity arose that these conditions should be corrected without delay.

Few Changes in Tax Levies

Few changes are made in tax levies in the budget which has already been completed with the exception of some of the rates. One proposal which has already been approved in principle will give pensioners the right to increase the exemption for their children who are attending college or school of nursing, etc., even past the age of 21 while they are attending schools approved by the Minister. This has been requested on many occasions.

One change was made which has been roundly condemned by many members of the opposition and that is the change that gives taxpayers drawing dividends from Canadian corporations a tax credit against personal income tax of 10% of the dividends received from such Canadian tax paying corporations. The change now provides for this 10% to be increased to 20% and there is strong objection here and this act has been pointed to as discrimination in favor of the large investors. The fellow who works with his hands does not have any such exemption or credit and this action of the Government is to be roundly condemned.

Council Appoints 1953 Committees

BOARD FOR NEW LIBRARY IS SET UP

A regular meeting of the town council was held April 30th, with Mayor E. C. Heckbert in the chair. Reid, Urquhart, Mitchell and Webb present.

Absent: Crs. Payne and Sutherland.

Correspondence: Dept. of Municipal Affairs re Census: Dept. of Municipal Affairs re Rebies Control: Vermilion School Division No. 25 re bars: Health Unit re requisition: Photocraft Studios re personalism to erect sign: R. Marriand, QC. re water tower insulation: Western Municipal News re Western Municipal News.

Delegations:

Propane Gas Tank

Mr. K. Isley attended the Council meeting to explain his position with regard to the location of his Propane gas tank. The Council decided to table this matter for decision until the next meeting.

Hockey Club Debt

Dr. A. B. King, president of the Vermilion Tiger Hockey club, presented the 1952-53 hockey season financial statement to the Council. The statement showed a deficit of $452.79, part of which was a carry-over from last year's operation. Dr. King requested that in view of the fact that considerable revenue is derived by the town from gate receipts and the additional people that come to town for the hockey games, that the Council make appreciate consideration by the Council of a grant to the club. Mayor Heckbert was found in the fact that on one hole on the Cypress Point golf course, a water hazard means, by a small arm of the Pacific. seals were present in the water and gave every spectator a pleasant thrill by barking for short drives so that they could keep the balls in play. Unfortunately (so it is reported) the local golfers managed to obtain drives which would have been disappointing to the seals.

Side trips from the main stopping places were taken and included a visit to Samuel Barr and his wife, a former Miss Witherspoon of Vermilion in Hollydale and a visit to the Bowman family at Placentia. Also included in the side trips was a visit to the Danish colony at Solvang and a visit to the notorious gambling centre at Los Vegas, Nevada. It is not believed that the winnings were sufficient to cover the cost of the trip.

Some time was spent in exploring points of interest in San Francisco and Carmel, while Salt Lake City was visited on the return trip and the party enjoyed the privilege of hearing the organ in the Mormon Tabernacle there. Also enjoyed by one of the three organists appointed by the church to play the magnificent instrument. Tours through the orange growing areas and to various points of interest on the Pacific coast made the trip a most pleasant experience.

Mr. and Mrs. Chas. Anderson of Minburn, on April 15th a girl.

Mr. and Mrs. John Hiss, Innisfree, on April 18th, a girl.

Mr. and Mrs. Geo. Nash, Minburn, on April 17th, a girl.

Report to The People

(continued from inside page)

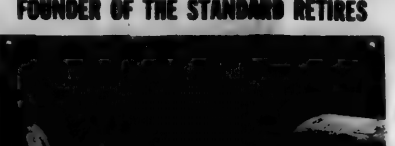
a pleasant picture and we have certainly warned the Government wherever the opportunity arose that these conditions should be corrected without delay.

Few Changes in Tax Levies

Few changes are made in tax levies in the budget which has already been completed with the exception of some of the rates. One proposal which has already been approved in principle will give pensioners the right to increase the exemption for their children who are attending college or school of nursing, etc., even past the age of 21 while they are attending schools approved by the Minister. This has been requested on many occasions.

One change was made which has been roundly condemned by many members of the opposition and that is the change that gives taxpayers drawing dividends from Canadian corporations a tax credit against personal income tax of 10% of the dividends received from such Canadian tax paying corporations. The change now provides for this 10% to be increased to 20% and there is strong objection here and this act has been pointed to as discrimination in favor of the large investors. The fellow who works with his hands does not have any such exemption or credit and this action of the Government is to be roundly condemned.

FOUNDER OF THE STANDARD RETIRES



Fifty-five Years A Newspaperman

Founder of the Vermilion Standard, Senator R. P. Cooper, who last month observed his 85th birthday has retired from the business which he guided and operated for a period of 44 years. It was back in 1909 that the veteran editor founded the Standard and he has continued at its helm ever since that time.

Prior to coming to Vermilion he was editor and proprietor of the Baldur Gazette which newspaper he also founded in 1908 and operated for eight years and then sold out or a going concern to move further west. From 1907 to 1909 he was associated with the Vermilion Signal bringing his years as a newspaperman to 55 and placing him among the deans of western publishers.

S. R. P. Cooper was born at Haviland Landing,' Ont., on March 30th, 1873, son of the late Venerable Archdeacon and Mrs. Cooper, a deacon of Keewatin and Mrs. Cooper. As usually is the experience of ministers' families, they lived at many towns including Colborne, Port Hope, Bolton, Lloydtown, Stayner, Collingwood and Toronto. Editor Cooper's first contact with newspaper work was as a free lance reporter for the two Collingwood papers the Bulletin and the Enterprise. He was then appointed news editor for the North Simcoe Free Lance, a newspaper published at Collingwood in the interests of Dalton McCarthy, M.P. In 1897 during the call of the west he spent six weeks in Ontario having been able to earn sufficient money to purchase a colonist ticket to the village of Laraviere in southern Manitoba where a brother was teaching school. He arrived there with 35 cents in his pocket and the only asset to speak to was 160 acres on the railroad, his first job in western Canada

In the spring of 1898 he founded the Gazette in the village of Baldur, Man., where he operated for eight years and then sold as a flourishing business. In 1906 he made his first trip to Vermilion, returning again in 1907 to purchase an interest in the Vermilion Signal, a paper already operating here. The partnership was dissolved in 1909 when Mr. Cooper founded the Vermilion Standard which he has owned, published and operated until the present time.

Not only has the retiring Editor given the town and district an alert, community-minded newspaper but he has served on practically every committee in Vermilion. This public service includes seventeen years on town council and school board, President of the Board of Trade, president and secretary of the curling club as well as being president of the Athletic Association, and for many years was a member of the board of St. Stephen's Anglican church.

The Standard is unique in the fact that it continued longer under the same actual management than any other business in the town.

Mr. Cooper has turned over the paper to his four sons who have long been associated with him in the business, Vernon, Ashley, Douglas and Percy, who are now operating as a partnership.

In the picture above, Editor Cooper is shown in a familiar pose, operating the two-revolution typewell cylinder press used to print the weekly edition of the Standard.

Mr. Grant MacEwan Will Speak Here

"EYES NORTH" TO BE SUBJECT OF ADDRESS

Mr. Grant MacEwan, already well known here as a speaker of great ability with the ability to hold his audience practically spellbound throughout his talks, will be the guest at the Canadian Club meeting Thursday May 7th in the Legion hall at 8:15 p.m. The subject of his address will be "Eyes North".

Mr. MacEwan is the author of various books, the latest of which "Between the Red and the Rockies" was published last year. He has had many public positions and is now manager, Council of Canadian Fuel Producers, Calgary.

Annual Meeting

This will also be the annual meeting of the Canadian Club and the election of officers will precede the address.

Horticultural Club Gives Out Premiums

The Vermilion Horticultural Society is handing out premiums this week. Every gardener in Vermilion and district is entitled to join the Society by paying the membership fee for 1953. Then you are entitled to six glads and 3 dahlias free of charge.

Everyone interested is asked to call at the office of the District Agriculturist by Saturday, May 2nd and pick up your bulbs.

118 Head of Cattle Auctioned At Sale

One hundred and eighteen head of cattle were auctioned off at the monthly sale sponsored by the North Eastern Alberta Livestock Sales Assoc. and held on Wednesday April 15th. Prices were mostly in the 16c and 17c brackets with the high being 17½c. Total turnover for the afternoon was $17,846.60

The next sale will be held about the middle of May. Watch for the exact date.

District Meeting Of Weekly Publishers In Vermilion Friday

BANQUET BY BOARD OF TRADE AT 6.30 P.M.

Arrangements have been completed for the district meeting of publishers of weekly newspapers in the north-eastern Alberta area which will be held in Vermilion on Friday May 1st. This meeting includes all points from Camrose north to St. Paul and all points east to the border. The sessions are due to commence at 11 a.m. at the Vermilion school of agriculture. The agenda will be comprised of topics peculiar to weekly newspaper and commercial printing businesses.

Mr. Herb Ford of Lacombe, the president of the Alberta Weekly Newspaper Association, will attend.

At 6.30 p.m. the Weekly Publishers will be guests of the Vermilion Board of Trade at a dinner to be served at the Anglican Parish hall. A short address will be given by Mr. Ford on this occasion, and a film presentation in the Alberta Weekly Newspapers Association will be presented to S. R. P. Cooper of Vermilion who has recently retired after 55 years in the newspaper business.

United Grain Growers Convention Here Tues.

AGENTS AND OFFICIALS TO MEET

A convention of all the United Grain Growers agents in northeastern Alberta will be held at the Legion hall at Vermilion on 5th Tuesday May 5th to discuss problems of the grain business. Both Edmonton as agents and an officials point of view.

Officials present will be the President of the United Grain Growers, Mr. J. J. Brownlee of Calgary, Mr. O'Toole, Divisional Superintendent of the Western Division, P. G. Elevator of Winnipeg, the assistant general manager.

The all-day session will be completed by a banquet served in the Legion hall at which 53 are expected to be present.

FAST BALL

Island Hill at Pleasant Valley and All Stars vs. Kinsmen at Vermilion both games scheduled for Sunday May 3rd at 2:30.

Commences at Armories At 8:00 P.M.

Career Night Planned For Wed., May 6

Plans for the Career Night, sponsored by the Home and School Association, have been completed and will be held in the Armories with Vermilion high school Wednesday night May 6th. The general assembly in the Armories at 8 p.m. and will be addressed by Mr. A. A. Aldridge, Director of Guidance for the province of Alberta. At 8:30 the addresses and discussions of vocations will take place at the various rooms in the high school.

Career Night is planned to provide high school students and parents residing in the school districts of Vermilion, Lloydminster, Clandonald, Clandonald Separate and Manville, with direct information regarding vocations and professions.

Parents in particular are urged to attend these sessions along with the students in grades 11 and 12.

The panel of speakers and their subjects will include

Commercial and Clerical Training — Mr. A. D. McTavish, B. Comm., C. A., Principal McTavish Business College; and Secretary Institute of Chartered Accountants of Alberta.

Nursing, Nursing Aides, and Dietitians — Mrs. W. Norquay, R.N. Alberta Tuberculosis Assoc.

Professional Training — Mr. A. T. Elder, Professor in English, U. of A.

Social Services — Mr. E. R. Hibbert, Supt. of City Welfare Dept., City of Edmonton.

Armed Services and Civil Aviation — F/L A. D. Herbert, R.C.A.F. Edmonton.

Apprenticeship Trades, Mechanical Trades and Woodworking Trades. Mr. R. L. Talbot, Supervisor of Apprenticeship, Dept. of Industries and Labour.

Agriculture Mr. N. N. Bentley, Principal of Vermilion school of agriculture.

Business Management and Opportunities — Mr. Wm. Sutherland, manager Vermilion Wholesale.

Education — Mr. E. Hodgson, the Faculty of Education, U. of A.

Miscellaneous Vocational Trades and Professions. Mr. A. Aldridge, Supervisor of Guidance for the Province of Alberta.

At V.S.A. Auditorium Tuesday, May 5th

Famed University Mixed Chorus To Sing Here

What may easily be the musical high light of the season is in store for Vermilion and district people when the University Mixed chorus of 60 voices visits here on Tuesday May 5th.

This group, now enjoying a Canada-wide reputation under the direction of Prof. R. S. Eaton of the music division of the Department of Fine Arts at the University of Alberta, has established itself at the forefront of musical organizations in Western Canada. This is not to say that it has reached the zenith of its excellence, for choral, like orchestral bodies or any other ensemble, take years to develop, and the University Mixed chorus after eight, is still at its beginning.

The University Mixed chorus's present tour is the 1953 "edition" of the corresponding and very well received tour of the Province by this country last spring. At that time the chorus made a circuit of 8 Peace River communities in ten days, warmly received wherever they went.

This representated the group's first adventure in "barnstorming" to use the vernacular of the road shows, but previously the chorus had made two-night stands at Calgary though the highlight of the chorus's history was their command performance before Princess (now Queen) Elizabeth and her consort on their visit to Edmonton in 1951. Since then, the chorus has been heard on the national networks of the C. B. C. and received numerous engagements in all parts of the province.

The University Mixed chorus's recital at the V.S.A. auditorium at 8:15 on Tuesday, May 5th is a date that will be well worth every music lover's effort to keep free.

Appearing with the Chorus are Miss Betty Gray and Miss Ella Pidcock of Kitscoty, and Mr. Robin Hood of Manville.

The Chorus will remain in Vermilion overnight and anyone desiring to accommodate one or more members are asked to contact Dr. Payment as soon as possible.

30 Student Ministers To Visit Vermilion

FRIDAY NIGHT, MAY 1st—PUBLIC MEETING PLANNED

A group of some thirty student ministers from St Stephens College, Edmonton, will visit the Vermilion district at 8 p.m. on Friday May 1st. There will be an open meeting in the United church for anyone wishing to attend.

This is the first time that such a group has visited here and consequently should be a great privilege. The young people of the congregation will have a supper meeting with the group at 6 p.m.

The program of the public meeting is as follows: Opening Hymn: Singing: Chairman's Remarks: Introduction of Students: Choir Number: Entertainment (skit): Choir Number: Call to the Ministry (2): Musical Number: Challenge of full time work in the church: Choir Number: Devotions.

Demonstration Of Tree Planting On Saturday, May 9th

AT THE FAIR GROUNDS

On Saturday May 9th, starting immediately after lunch a demonstration of tree planting will be staged on Vermilion fair grounds and adjacent property. Trees are being provided by the Provincial department and the planting done by experts under the direction of Mr. Peter McCann and Mr. W. H. Bentley. The trees are designed to improve the appearance of the recreation grounds which are prominent from the western approaches to the Town of Vermilion. All farmers and others who are very cordially invited to attend the tree planting demonstration.

Curling Club Will Hold Auction Sale

METAL SHEETS AND HOUSE TO BE SOLD

Preliminary notice of the auction sale of the sheet metal from the old curling rink and of the house just to the west of the rink site, is given by the curling club. The sale will be held on Saturday May 9th at 3 p.m. at the rink.

Kinsmen To Organize Pee-Wee Baseball

The Kinsmen club under Ray Barnett and Bill Plechuk is going to sponsor pee-wee baseball this summer. All boys 14 years and under will be contacted through the schools in town and it is expected to have three teams in operation. The Kinsmen intend to supply some equipment and will manage and coach the boys. Some interesting and thrilling baseball this year by the future senior stars of the town is expected.

Further information and news will be given in future issues of the Standard.

Clare White Sells Clandonald Farm

Clare R. White, well known Clandonald district farmer, has sold his section of land just a mile and a half west of that village to Messrs. Miller and Peter Mudryk of Derwent. Clare has in turn purchased a half section farm 12 miles north-east of Edmonton. He so moved a considerable quantity of his farm equipment to the new farm already, but also plans an auction sale of surplus machinery to be held on Thursday May 7th.

Derwent Ball Teams Join League

DERWENT. The Derwent High school baseball team has joined the Two Hills School Division Baseball league. They have elected their executive for the 1953 term as follows: Coach, Mr. Bober, Captain Joe Wynnik, Manager Walter Mudryk, Assistant Emil Mudryk.

The Girls' Softball team has also entered the league. Their executive for the season is: Coach Mr. Salisbury. Captain Elsie Stuparyk, Manager Elizabeth Onysyk.

"A CHILD SHALL .. LEAD THEM"

During the past year among the many articles written about cancer one included the statement, "Cancer is not an important cause of death in the younger age brackets."

But, according to Canadian Cancer Society statistics, cancer today kills more children from 3 to 15 years of age than does any other disease. Last year over some 300 children died of cancer.

How can we measure 'important'? Any cause must seem a tragically important cause of death to over 300 families who lost their best - a youngster to leukemia, or cancer of the bone, or some other form of malignant growth.

It is true that in actual numbers children's deaths are only a fraction of the 17,000 adults who perished from cancer last year. But in heartaches statistics are unreal. The terrible knowledge that cancer has cut short the days of a beautiful, carefree child can never be translated into numerical terms. Figures do not pour parents' hearts of broken heart.

This one thought certainly should be enough to arouse any of us to do what ever we can to wipe out cancer from our land. The time to do it is now while the Canadian Cancer Society is conducting its annual campaign to raise $1,500,000 for research and other cancer control efforts.

It is our sincere hope that all our readers will give generously to the 1953 campaign. Strike back at this terrifying spectre and give to conquer cancer.

Posture Check-Up Is Important

The Standard takes pleasure in publishing a news item on correct posture which we will be found elsewhere in this issue.

The week of May 1st to 7th has been designated as 'Correct Posture Week' by both the Dominion Council of Canadian Chiropractors and the Alberta Chiropractic Association in the United States in an effort to make people all over the continent more conscious of their posture.

The Editor feels that anything that will promote better health and well being is for the best interests of the people of this district, and so it is suggested that the article on Correct Posture be studied very carefully.

The Weather

High for the week was last Thursday with 62 above but every day has been 50 or better. Low point was 23 on Monday morning.

Rain commenced falling Wednesday night and by 9 a.m. Thursday .60 of an inch had fallen with no signs of clearing.

Meeting of Special Interest At Salvation Army May 6th

Of special interest to all Christians will be the service to be held at The Salvation Army on Wednesday, May 6th at 8 p.m. conducted by Rev. W. J. Atkinson, S.T. M. of Seattle, Wash.

Mr. Atkinson, a Messianic Jew, has been a world traveller. He was educated at the schools and universities of Germany, and in the U.S. at Princeton. For the Christian ministry he prepared at the Moody Bible Institute of Chicago and several seminaries, receiving the degrees of Bachelor and Master of Sacred Theology. He is well known in Western Canada, having visited such Bible schools as Three Hills, Briercrest and a number of leading churches.

At the service being held in Vermilion, Mr. Atkinson will give a special demonstration of the Jewish Passover Feast. He will also conduct a service in the Mannville Gospel Tabernacle on Tuesday, May 5th at 8 p.m.

Ex-Clandonald Man Dies At Salmon Arm

Ernest Smith, a former resident of the Clandonald district, passed away at Salmon Arm, B.C. early this week. He homesteaded in the old Wellesley area in 1908 with his parents and lived between Dewberry and Clandonald until eight years ago when he and his family moved to B.C.

His wife, also a long time resident of the Clandonald district, is gravely ill and little hope is held for her recovery. They have one son, now grown up and living in Calgary.

Former Vermilion Ball Player Is Coach of Drumheller Miners

(Drumheller Valley Advertiser)
Drumheller Miners of the Chinook baseball league commenced indoor training Thursday night, under the direction of Coach Ken Corson. One ball's flipper was definitely out of condition — he threw it clean through a window! A former Edmonton and Vermilion athlete, Ken Corson is displaying keen interest in his appointment as coach of the local nine and will stress conditioning until the weather warms up for the "soupbones" and outdoor workouts.

DEATH OF JOE LOU

Joe Lou, aged 74 years, a resident of Vermilion for some 45 years, and who operated one of the first restaurants in the town, died at the Vermilion hospital on April 23rd. Joe Lou ran the first Boston cafe, located somewhere just east of where now stands Jack's barber shop. The building later was destroyed by fire.

Funeral services were held at the Alliance chapel on Wednesday afternoon April 29 at 2:00 o'clock. Interment was at the Vermilion cemetery. Rev. E. Berg officiated. Mervyn Ware in charge of arrangements.

Albino Muskrat Trapped in River

A perfect Albino muskrat was trapped in the Vermilion river just east of town this week by R. H. Scarfe. The animal had a fine hide with perfect fur. It was completely white with the pink eyes that go with Albinos of any variety.

Heavy Agenda At Two-day School Div. Board Meeting

The regular meeting of the Vermilion School Division board was held at the Divisional Office on Friday, April 17th.

Clare S.D., Sale of Buildings: The school barn was sold to A. Fair, $250. School building was not sold, only one tender being received.

Maryanne Centralization: Delegation, from Dewhurst, Barksdale, Stretton, Tring and Marwayne school districts attended the meeting with request for building of central school at Marwayne. Building will be undertaken in 1953. The Superintendent and Mr. W. L. Brown will inspect proposed site.

Playground Equipment: Attempt is to be made to supply certain standard in equipment and Board instructed that no grounds equipment may be installed at any location without approval of Divisional Board. Arcounts forwarded for projects which have not received approval will not be paid.

Kitscoty Dormitory: Messrs. J. Leighton and J. A. Smith attended the meeting as a delegation from dormitory board to report on two recent suspensions.

Students will be allowed to return to dormitory on probation on Monday, April 27th.

New Buildings, 1953: Board approved construction of two-roomed central school in Preston S.D. area and Saskatoon district, and additional room at Woodvale S.D. Change Order No. 2 for completion of two rooms on lower floor at Vermilion Junior High school by Caven and Calvert, Contractors, was approved in the amount of $6,170.83.

Capital Borrowing: Board approved application for Capital Loan in amount of $12,250 for 1953 construction. Secretary was instructed to request required permission from Minister of Education.

Building Reports
Woodvale School: Now in operation with outside stucco work to be completed. Report of building inspector will receive attention of contractor.

Rivercourse School: Account for additions to original contract in the amount of $1,362.15 was approved. Report of Government inspector was read, recommendations are being followed by contractor.

Vermilion Junior High School: Work reported as completed with exception of stucco work when weather permits.

Superintendent's Reports: Mr. Simonson reported placement of bursary holders. Mr. Harry Hess—Kitscoty school; Miss Thorhild Leifsdaug—Pelican Lake school; Miss Ella's Hamilton—Vermilion school; Miss Shirley Dunn—Vanesti school; Miss Olga Hudson — Madrosefield school; Miss Shirley Bosse—Vermilion school; Miss Marilyn Whiteside—Dewberry school; Miss Marian Fulgham—Marwayne school.

Superintendent reported on visits made to schools since date of last meeting.

Board approved recommendation of local board and superintendent and appointed Mr. F. H. Walker principal of Junior High and Mr. W. F. Stewart as principal of the Elementary school.

Mr. Simonson reported that meetings to discuss centralization had been held at Stretton school and Silver Willow school.

Report was adopted and filed.

Kokane S.D.: In accordance with wishes of residents as expressed at meeting held in local district, Board approved closing of school at end of present term with pupils to be conveyed to new Woodvale school when second room has been constructed.

Durness S.D.: Board approved action of Supt. and Div. trustee in planning basement kitchen at Durness school.

Deer Lake S.D.: Board approved brickwork for Deer Lake S.D. to be ready for use for opening of school in September.

Salary Schedule 1953-4: Teacher committee attended the meeting when Board presented reply to proposal of committee presented at the last meeting.

Board proposed basic salary of $1340 with increments in amount of $1000 to maximum of $2800 for teachers with one year of training. Board showed considerable interest in suggestions made for payment for accumulative sick leave.

Willowby S.D.: Board approved transfer of conveyance contract from Mr. Paul Fonstad to Mr. Ivan McInnes.

South Ferriby S.D.: Mr. W. L. Brown was authorized to inspect buildings not in use for building suitable for removal to South Ferriby S.D. for September opening.

Tuition Fees: Board approved payment of tuition fees for Louise La. na attending school at Clandonald S.D. from Westminster Park S.D.

Moyerton S.D.: Board agreed to rental of teacherage at Moyerton S.D. to Mr. D. Fulgham for the months of May, June and July at $8 per month.

Next meeting, Friday, May 22

Kitscoty News

Mr. and Mrs. F. O. Seward attended the graduation of their son Oliver from St. Stephens College on Tuesday evening April 21st at Convocation Hall, University of Alberta. Miss Margaret Seward accompanied her parents.

Mrs. E. Batty and the following music pupils are participating in the Alberta Musical festival this week in Edmonton: Margaret Miles, Marilyn Smith, Beverly Jack, Michael Hall of Lloydminster, Rosemary Batty, Mervyn Boutman, Doris Jark and Beth Tyler. Several of their mothers accompanied the girls.

Mrs. A. Hale spent the week end in Edmonton visiting her daughter, Mrs. E. Carrigan and Miss Peggy Hale.

Allan Iva Watt, R.N., of Edmonton spent the week end with her parents Mr. and Mrs. Lawrence Watt.

Mr. Joe Bohan of Edmonton was also a week end visitor to his parents' home here.

Miss Adell Matney of Mannville visited recently with her aunt and uncle Mr. and Mrs. S. O'Connor.

Mr. and Mrs. Billy McLean and Maryalice of Hughenden spent the week end visiting relatives here in town.

Miss Betty Gray and Ella Pudovek, two of our hometown girls will be singing with the U. of A. mixed chorus who start their spring tour on May 8th and will appear in Vermilion on May 9th.

Mrs. W. L. Apperson has received word that her grandson Cpnel. Ted Tyler, who is now a member of the R.C.M.P. musical ride had sailed on April 20th to attend the Coronation. Another home town boy who has made the headlines.

Best wishes for a speedy recovery to Mrs. R. Swerpa, Mrs. Edna Parkin and Mr. C. E. Miller who are at present patient in the Lloydminster hospital.

The Kitscoty W.I. wish to thank all those who participated in the Vocation Ball, University of Alberta, on Friday April 24th and helped to make it a financial success

IN MEMORIAM
In loving memory of
Mother
A SONG OF THANKSGIVING
"Saints are like flowers, fra grant souls
That fill this earth hard bath planted,
Not in some far off heavenly place,
Or solitude enchanted.
But here and there and everywhere
In lonely field or crowded town,
God sees a flower when He looks down
One such I knew — and had the grace
To thank my God for knowing
The beauty of her quiet life
Was like a rose in blowing:
So fair and sweet — so all complete
And all unconscious as a flower
That light and fragrance were her dower
A vow to keep her life alive
In deeds of pure affection.
So that her life shall find in them
A daily resurrection.
A constant prayer that they may wear
Some touch of that supernal light
With which she blossoms in God's sight."
— Henry Van Dyke
—Mrs and Family.

The Canadian National Railways spends millions of dollars on materials of all kinds. In 1952 the C. N. R. spent more than $3,040,000 just to supply its locomotives with water.

High School Hi-Lites

The long-awaited high school newspaper finally arrived! They really look smart and put our old paper to shame. K. H. S. students can surely be spotted easily in a crowd now!

The annual festival is being held on May 8th this year. The high school is contributing home choral speeches and a chorus. A dance is to follow the evening program in the town hall. Be sure and attend!

Coming up soon the sports days and track meets on the ball teams are seen out every Tuesday and Wednesday getting their teams all tired up. For the girls Thursday evenings are taken up by their home nursing course under the instructions of Nurse Ross.

Our two favorite convicts are back in their old residence at the boys' dorm. It's good to see you back in the old groove fellas!

As all students are hearing time for that last two months of hard work news is rather sparse — so that's all for this week.

In Canada there are 300 national historic sites which have been officially marked with plaques or cairns.

IN MEMORIAM

Treasured memories of a dear husband and dad,
Fred A. Wiens
who passed away May 3, 1952.
"Not a day do we forget him,
In our hearts he is always near;
Loved, remembered, longed for always,
Bringing many a silent tear."
-Fondly remembered and sadly missed by his loving wife and family.

The Salvation Army Holds Coronation Intercession Services

CROWN "QUEEN FOR A DAY"

Throughout Salvation Army Home Leagues in the Common-wealth, special Coronation Intercession services were held during the week of the birthday of the Queen. The service held in Vermilion proved very popular, and a large crowd of ladies along with 3 members of men folk gathered for this happy event.

The ladies of the Home League had previously elected a "Queen for the Day" from their number and the guest of honor chosen for this occasion was Mrs. Earl Cooke. The "Queen" upon her arrival at the Citadel, was heartily greeted, and presented with a corsage of red and white flowers, tied with a blue ribbon. Accompanying her were her two attendants, Mrs. K. Isley and Mrs. R. Sample. Later in the evening Mrs. Capt. Hamilton appropriately crowned the Queen, and paid suitable tribute to the work of Mrs. Cooke in the Home League, as well as to the part played by her attendants.

During the evening, a special prayer was made on behalf of Queen Elizabeth and the Royal Family, and appropriate hymns were sung. Mrs. J. McAuley sang as a solo 'A Child of the King' and Mrs. F. Jensen rendered a reading concerning the 'Crown Jewels'. In keeping with the theme of the gathering Mr. E. Goake showed 2 excellent films entitled "The Royal Wedding" and "Trooping the Colour".

For the Coronation tea which followed the Queen along with her attendants occupied the seat of honor at the head table and a delicious lunch was served to those present. The head table was decorated with a miniature royal coach and flags a picture of our Monarch, and red, white and blue streamers and flowers. The smaller tables were decked with miniature flags.

At the conclusion of the evening's activities, some pictures were taken through the courtesy of Mr. R. B. Carmichael and the meeting closed with the National Anthem and prayer offered by Capt. R. Chapman.

Joan Wicke Wed At Vancouver

At a quiet, late afternoon wedding in Chown Memorial church, Vancouver, Rev. G. Stanley Packham read marriage vows for Joan Yvonne, youngest daughter of Mr. and Mrs. John Wicke of Lindberg, Alta., and Frank Richard Holding, youngest son of Mrs. Winifred Holding of Burnaby.

The bride chose a rose beige bengaline wool suit with French hat of velvet mesh and navy blue accessories. Her orchid corsage shaded from mauve to deep violet.

Mrs. Orville Wicke, sister of the bridesmaid wore a grey tailleur with pink French hat and accessories and corsage of pink roses. Miss Phyllis Gray, another bridesmaid, chose a navy blue and white ensemble with corsage of red roses.

Mr. Walter Leesing was best man for the groom who served in the RSA at University of B.C. in 1951.

The bride topped her wedding ensemble with a navy coat for the honeymoon trip to Portland, Ore. Newlyweds will reside at 2420 Gordon on their return.

Among out of town guests were Mr. and Mrs. Leesing of Victoria and Mrs. G. J. Gibson and son Robert, of Penticton.

ETHELWYN NEWS

Congratulations to Mr. and Mrs. Joe Carlson, May you have a long happily married life. A party in honor of the newlyweds was held in Rye school Sunday evening.

Congrats to Dr. and Mrs. Hanlan in Vermilion on the birth of a daughter.

Sincere sympathy is extended to the family of the late Mrs. Nelson.

The coffee kettle appealed for in this column last week has been located. Thanks a lot.

Mr. and Mrs. Robert Elliott of Edmonton spent the Easter week end with Mr. Elliott's parents and family.

Mrs. Patty Mulgrew and Mrs. Dan McMullen left Wainwright last Sunday evening for their old homes in Ireland. They will also visit Scotland and plan to spend the summer overseas.

Newlyweds Feted At Marwayne

MARWAYNE — A most enjoyable evening was spent on Sunday, April 19th at the home of Mr. and Mrs. Adam Fairbairn of Marwayne when thirty friends and neighbors gathered to honor Mr. and Mrs. Carl Harrington on the occasion of their recent marriage. Mrs. Harrington was formerly Mrs. Beattie of Sweetsburgh, Que. The marriage took place at St. Luke's church, Waterloo, Que.

The bride's table set with a lace cloth was centered with a three-tiered wedding cake. Mr. Joe Ryan proposed the toast to the bride which was ably responded to by the groom. Following this a sumptuous lunch was served by Mrs. Fairbairn assisted by Mrs. Betty Carson and Mrs. Janet Doull. In a few well chosen words Mr. Fairbairn then presented Mr. and Mrs. Harrington with a chest of silverware, a gift from their many friends.

Mr. and Mrs. Harrington very appreciatively thanked everyone for the gift and for the party which was a complete surprise to them. Mr. Doull then proposed a vote of thanks to Mr. and Mrs. Fairbairn for the use of their home on this happy occasion. The singing of "For They Are Jolly Good Fellows" brought this delightful evening to a close.

Chatsworth F.U.A. Meets

The April meeting of the Chatsworth F.U.A. Local was held at the home of Mr. and Mrs. M. Tovell with nine members and one visitor present. The questionnaire on "Production of Farm Products" was discussed and filled out. A donation of 10c per member was voted to the A.C.W.W. The next meeting will be held at the home of Mr. and Mrs. J. Farkash Jr., on June 9th providing seeding is done. The social hour after the visit was enjoyed after the meeting.

The following poem, gleaned by Mr. M. Tovell from an F. U. A. Bulletin produced quite a laugh. We thought some others might enjoy reading it:

INCOME TAX

The time has come, the old sow said,
When I had better make my bed.
I'm not like she who lived in a shoe,
Who had children and didn't know what to do.
Just then the farmer cast his eye
At the farrowing pen (or the pig sty),
And he: "No sleep for me to-night,
Though it's 30 below and you could fly a kite."
"I'm as tired as a dog, from shovelling snow
On that place on the road where it's always low.
But those pigs when born, will need good care,
They will freeze stiff if I'm not there."
So his good wife got him a pair of dry socks
And he hunted up an old apple box.
He was there on time and saved eleven —
Had he not been alert, there would have been only seven.
Then he hit for the house in the early morn
Feeling so cold and tired and worn
And began to think: "Why, I'm only a lad!
I'm not so sure that I'm not a big fool."
When as sure "L" there came a knock at the door.
It was ABBOT to say "I want that saved four."

Dewberry Couple Celebrate Golden Wedding

Almost a hundred friends and relatives gathered recently to honor Mr. and Mrs. Tom Lee of Dewberry on the occasion of their golden wedding anniversary. The gathering was held at Riverton school and residents from Riverton, Greenlawn, Dewberry, from Vermilion and Edmonton, met for the event.

To many, more than a long married life was being feted. For of the fifty years, Mr. and Mrs. Lee have lived in the Dewberry district. They were the first homesteaders in the Riverton area. One of their daughters was the first child in the community. They were the first to bring in settlers effects, freighting them from Edmonton, as the railroad had still not reached Islay. Mr. Lee donated an acre of land toward the first Riverton school site, while George Mathison donated the second. When the school was built Mr. Lee was active at the building 'bee' and when the school board was elected Mr. Lee became the first chairman. He served for 25 years as the first and only pastmaster at Riverton.

To Mr. Lee and other progressive citizens, must go the credit for the municipal hospital at Islay. He served on the hospital board for many years and helped bring about the splendid hospitalization now available. So to the Holmen's and the Fawcett's, the Maddens's, the Hudder's, Timmerson's, to the Skinners and Toolson's, the Green's and Peter's and Websdales, and to other old timers of the vicinity, the boy became a commemorator of the pioneering era, and of those who shared it with them.

Tom Lee first came west at the turn of the century. Fred Madden of Vermilion, who hailed from Mr. Lee's home Essex County, Ont., got members his trip to Red Deer in 1903. Mr. Lee came on again when he and Mrs. Lee were married and where they farmed for three years. His brother filed homesteading rights for him and in 1906 he and Mrs. Lee and their eldest daughter made the long trek to settle in Riverton. They had five children, one of whom, their only son, Tommy, died during childhood. Their four daughters, Mrs. Rob Sunderland, Mrs. E. C. Walker, Mrs. W. Madden, Mrs. G. Hodgson, all live in the Dewberry area. Mr. and Mrs. Lee have 12 grandchildren and 4 great grandchildren.

A fine program had been arranged for the event. Graham Skinner acted as M.C. and the program was begun with the number "Old Gray Bonnet" Mrs. N. Jones and Mrs. D. Munroe were costumed as the golden wedding couple while Mrs. Websdale and Mrs. Bob Brown were their maid and Mr. Edmondson acted as accompanist.

Mr. Skinner was appointed by Mrs. J. Hamilton then gave a toast to Tom to the Bride of the Road.

Reminiscences of the early days were related by Mrs. Jessop who spoke of Mr. and Mrs. Lee as friends and neighbors to all they knew, and said that in speaking of [illegible] she could not do so without speaking of Mr. and Mrs. Lee.

One of "Know Your Canada" Series

CANADIAN CLUB MEMBERS HEAR ADDRESS ON "CANADIAN PRAIRIES"

Mrs. M. A. MacPherson of Regina, National vice-president of the Association of Canadian Clubs, was the guest speaker at the Vermilion Canadian club meeting on Friday evening last. Her topic was "Romance of the Early Prairies" and the gay dress was one of a 'Know Your Canada Series' being compiled primarily to be delivered in Eastern Canada, in order to better acquaint them with what we have in the three prairie provinces. Mrs. MacPherson has delivered this and similar addresses in Ontario on several occasions. On the same plan speakers from Eastern Canada will come west and acquaint westerners with the many attractions, opportunities and achievements of the East.

Mrs. MacPherson was introduced by the Vermilion girl scouting by the local Canadian Club president, Mr. Gerald Stephens. Prior to commencing her theme she dwelt for a moment on Canadian clubs in general stating that they were the grandparents of Canadian society, and should rank first in importance in the club life of every Canadian.

She traced briefly the romance of the early days of the west, from the early explorers, fur traders and the Indians, touching briefly on the remarkable achievement of the first transcontinental railway, the C.P.R. completed in 1885, the centenary of which bound Canada from coast to coast and which was the rapid development from that time on, the entry of Alberta, Saskatchewan and Manitoba into confederation. She made again found a place in the choice of names for the new province, Alberta named in honor of the wife of the governor-general of Canada at that time while the other two are of Indian derivation, Saskatchewan meaning rapid river and Manitoba the Cree for 'prairie'.

Mrs. MacPherson led up to the present day, touching on the development of our natural resources, products, industries and the natural attractions and beauties of each of the three provinces. While much of this portion of her material was known to her audience, it was received enthusiastically well as no one minds hearing nice things of themselves. The address, full of gay charm, sparkling wit and real appreciation of things Canadian, expressed of the Canadian West in the three provinces, was prominently enjoyed.

Wildmere Winks

Our deepest sympathy goes out to the Redmond family on the loss of a loved one.

Heartfelt sympathy also to Mr. and Mrs. Bill Fyfauft of Edmonton on the loss of their infant son. Besides his sorrowing parents he leaves to mourn his loss one sister Carol and brother Allan and his grandparents Mr. and Mrs. Abe Fyfauft in Vermilion. Buddied on earth to bloom in God's garden in Heaven'

Billie Smith and Lloyd Howard have purchased Propane tractors for their spring work. Billie also has a Propane cook stove; George Haines has purchased a liquid new manure spreader. Noel Garnett a new John Deere tractor; Charlie Sweeney also brought home a new tractor as did Johnny Wilson and Laurence Zantner. All in all that is quite a lot of new machinery for one corner.

A few from our corner attended Harold Wilson's sale last Friday.

We understand we are to have a lady student to hold church out our way this summer. She will board and room with Mrs. Hoite.

On Saturday the writer in company with Mrs. F. McCambridge heard Miss Cary speak on India in the United church. What one hears about that country from someone who has spent many years among those people it is very enlightening;

and what a lot there is to be done there yet.

Clih Crathern is now home after his recent operation and as yet has to take things on the easy side.

Must be spring — the Basswood Tigers and Triangle had a practise ball game on Sunday afternoon with Triangle the winner by a score of 9-8.

Aubrey Rendell is back on his farm to put in the crop. While he is here Mrs. Rendell is staying with Mrs. Cairns of New Westminster, B.C. We are pleased to hear she is feeling much better.

Noticed around: Mrs. W. J. Garrett visited at the Wallington home; Mr. and Mrs. Chas. Sweeney and family at the Wallington and Ostercry homes on Sunday; Mrs. Moe and returned to her home in Calgary after a week's visit in Wildcrest.

Mr. and Mrs. Wallington and Laurence Graham visited at the Howard Coburn and Lindy Taylor home on Sunday; Mr. and Mrs. Lloyd Howard were at the Coburn home; Mr. and Mrs. Arnold Rusd and baby Chris have moved to Mrs. Walter Alexander's farm in Battleview: We are sorry to hear Mrs. G Whitlock has been under doctor's care and hope she is soon feeling her old self again.

To all the Wildmere people who donated to the Auburndale cemetery fund in memory of Peter Bach the writer had a letter of thanks from his niece. Here are the exact words which she wrote "Thank you John and so much for all your kindness rendered to my dear departed uncle through the past years. I regret that I could not thank each and everyone of you in person. Sincerely Ann Olenyk."

Laurence Graham is busy painting the barn, chicken house, etc. at Eli Wallington's farm these days.

George Cruthers is the first to get on the land in our district, starting last week.

Mr. and Mrs. Evan Costin, formerly of Wildmere, bit now living in Edmonton are the proud parents of a second baby son.

OUR COMPLETE SHORT STORY—

CHRYSALIS

"When Silence Speaks Aloud" Or, Not the Same Girl

By Louis Arthur Cossingham

MIDGE spied the afternoon-tea crowd clustered around tables on the terrace; her older sisters, Helen and Frances, surrounded by a lot of what Midge Ayling termed "mullahgers," girls in gay summer frocks and organdies, red, blue, purple, orange, looking like a crazy quilt with a green matrix of lawn and trees; men, in white flannels and blazers. Midge wore a disreputable pair of khaki shorts and a turtle-necked sweater and her cropped curls hadn't quite dried from her recent swimming excursion with Tara. There was a hundred pounds of Tara—Irish wolfhound, amiable but uncouth.

"Listen, Donkey," murmured Midge with an affectionate tug at the leash, "we won't go up the drive in full view of the nobility. Helen and Frances would be mortified. We'll go around the back."

Tara thought otherwise. His saucer-like eyes under their matted hair-curtains glittered balefully at Mortimer, Helen's tortoise-shell cat. Tara rumbled like thunder and started off after Mortimer, who was bound for Ian and Idiwis.

"Hi-yah!" squealed Midge, jerked off balance. "Barb you—" She tried to untangle her feet from the twisted leash. Trees, shrubbery, flowerbeds, whirled by in a blur—then she was in among the Ian.

She heard screams, shouts, the clatter of crockery, felt a mouthful of hair in the air and something wet slosh down her legs. Her hand rested in the middle of someone's French pastry and then it came to a halt in the lap of a grinning youth who had a straightforward face with one hand on Tara's neck and with the other on Midge's shoulder, his arm encircling her.

"You're late," he said, "but you shouldn't have rushed so; you've fallen off your horse."

Midge wriggled dyxy from his arm and stood up. She didn't know him at all, and the rest of the crowd only casually. She felt the eyes of Helen and Frances before she looked into them to find bitter reproach and accusation. Helen's were blue and Frances' were grey and glowering. Midge gripped for Tara's leash.

"Aren't you—" Helen and Frances spoke at once.

"Wordsworth," said Midge lightly.

"Dickens," murmured the strange young man who had wavy black hair and a thin brown face.

Midge gulped.

"I'm sorry," she said with a cosmetic tilt of her eyes at the assembly. "But it was that wretched Mortimer's fault, and I was only going home by way of the lodge and the Ian-Idiwis's entrance—"

The dark young man guffawed and instantly smothered it.

"Scenes of holmes," murmured Midge.

"I think you had better resume your journey," said Frances icily. "Excuse—"

"May I be presented to the young lady?" said the dark young man. "Your sister, isn't she?"

"Afraid so. Midlicent, let me present Mr. Wordsworth."

Midge nodded and wiped a chocolate eclair from her finger.

"Can't you stay—?" began Gerald Wyvell. "I—"

Midge shook her head. "I have to put Tara in his stall, then I have a few chores to do. I don't like disturbed brightly, "you'll forgive me for tearing myself away."

She walked away from the mince chaos, Tara shambling beside her, a slender, straight-limbed girl with that limbo period when one can stand on the brink of womanhood with childish things put by and no step taken into the beckoning land. But Midge remembered those dark bright eyes and the wide smile and the strong yet gentle clasp about her. Midge sighed and absently scratched Tara's floppy ear.

She left him in his kennel and went upstairs to shave sand off her—if under an icy shower. Dressing was the usual lightning process of donning tossed skirt and sweater, saddle-soap and brogues and making motions at the curls with a briefly brush. This done, she looked in the mirror. Usually only for a moment, this scrutiny of herself, but today—

Over the fresh young beauty of her face there passed a shadow—or was it a brighter light—and the curves of sweater came off and the shirt and the sun and the tongued brogues. As the butterfly, dropping all its cocoon, emerges iridescent into the sun—

"Look at Midge!"

She heard Frances' stage-whisper to Helen just as she entered the dining-room. She hadn't delayed purposely. Usually, she was the first out there. But tonight she didn't feel hungry. She felt serene and gentle towards everyone—even Frances, who always played her. She wore a frilled frock of delicate shell-pink and silk stockings and slippers and her hair shone in the sunset, no powder or rouge could entrance the lovelier bloom and rose of Midge's cheeks.

"Midge —" It was Tony, the only brother and the eldest of the four— "you are very beautiful."

Midge once would have thrown a roll at him, now she looked down at her plate and said, "Thanks, Tony."

For the dark young man was there, and had risen to put her in her chair and had stared at her as one who has witnessed a miracle. There was another man, Lindsay Clark, a friend of Tony's, and that was all Mr. Ayling was doing at his club, their mother had long since gone, when Midge was very young.

Gerald Wyvell at Midge's right with Helen above him didn't resume the gay conversation that Midge's entry had stilled. They were all quieter. It seemed strange to all of them—to the Aylings, anyway. Midge was usually the centre of a barrage of wise-cracks, but you couldn't seem to talk that way to this new Midge by quiet Midge.

Afterwards Gerald Wyvell said softly, "Are you really the girl who came to the tea-party with the wolfhound and—and left in my lap and—"

Midge looked at him gravely, then her lips curved in a very little smile. "No," she said, "I'm afraid I'm not."

Anne Adams Pattern Dept.,
Periodical Publishers Limited,
60 Front Street W., Toronto.

Latest Command Portrait Of Queen

In latest pre-coronation command portrait by Baron, Queen Elizabeth wears a pale pink evening gown of lace over tulle. The sash is the blue ribbon of the garter. With it she wears the set of diamond and pearl ornaments of a Russian fringe diamond necklace (a wedding present from the city of London), diamond drop earrings, two diamond bracelets and her diamond wedding ring. The diamond drop brooch at the top of the picture is the Cullinan III, formerly known as the Prince of Wales' Brooch, presented previously to her by the late Queen Mary. On the Queen's head is a diamond diadem, the headband of which is composed of a row of diamonds between two rows of pearls. The diadem is one of great age, was first for Queen Victoria. Portrait is a serious full-length one—was taken in the green drawing room of Buckingham Palace in London.—Central Press Canadian.

IN SASKATCHEWAN

New Driving Legislation Passed

REGINA People driving cars will be interested to know that legislation has now been passed which allows a driver to pass on the right in certain cases. If when about to cross an intersection or to turn right, the driver sees that the car ahead is about to turn left, he may draw up and pass on the right-hand side.

A further change in the Vehicles Act announced by the Highway Traffic Board, has resulted in standardization of traffic rules and traffic signals which will affect all users of the province and applies both to pedestrians and motorists.

WANTS HIS NAME TO BE "SANTA CLAUS"

FAIRBANKS, Alaska—Robert Lee Chenet asked a Federal court to change his legal name to Santa Claus.

He is a resident of North Pole, Alaska, a community 9 miles south of Fairbanks.

In his petition filed in Federal court he said he wanted his name changed for "business and personal reasons."

Humans burn more calories and use more energy during the first hour of sleep than when they are awake.

Do And Don't Warnings Given As Road Traffic Increases

The increasing rate of traffic accidents and the arrival of spring, which brings out thousands of autos stored during winter, should make motorists take heed of the rules and the hazards of the road.

Below is listed advice and warning every driver or pedestrian should follow:

1. Motorists should especially watch for children crossing streets.
2. All pedestrians should make sure that the street is clear before they cross.
3. When walking along a highway, the pedestrian should face traffic.
4. Drivers must display rear lights at night.
5. They must drive in single file.
6. The motorist must be careful, and in complete control of his vehicle at all times.
7. Each vehicle must be fully registered, and each driver must have a driving permit.
8. In case of an accident, the driver must get in touch with police, after helping any injured persons.
9. All traffic rules must be observed, especially those concerning speeding through villages.
10. Any one who fails to stop after an accident is subject to the graver sections of the Criminal Code.

Sask. Seeks Data From Old-Timers

REGINA —The Saskatchewan archives is delving into the memories of the province's pioneers to bring to light little-known facts of the country's history, with particular emphasis on the social life of the early settlers.

Three questionnaires have been sent out to hundreds of old-timers. They deal with pioneer schools, pioneer churches and pioneer recreation.

Some 500 copies already have been received from two questionnaires sent out earlier.

The latest forms, while seeking factual information, also try to discover the reaction of the pioneers to changes that have taken place since Saskatchewan was first settled.

For example, the questionnaire on pioneer churches asks whether present-day churches are as important as gathering places for people for companionship and sociability as they were in the early days.

The pioneers also are asked what they think of the present-day school system compared with conditions when they first came west.

The recreation questionnaire asks about community efforts, Sunday visits and how invitations were extended and worded. It asks about the building of the first community hall and the material in it and the builders.

The old-timers are asked if children invented games connected with such things as buffalo bones across heads, gophers or other objects or animals, or games in the snow.

Other questions: Were the rate, degree annual meetings well attended? Were there divisions or cliques taken among pupils because of racial differences, or were such children picked on because of that or other reasons? Who put the fire on the school house services?

Still other questions deal with support of the Irrigation and the municipal taxation on the irrigation, how irrigation fits the young French pastoral, agricultural, young and the Latin-American countries.

MINERAL PLANT

EDMONTON About [illegible] ots of grain were treated in [illegible] berta municipal seed-cleaning plants in the 1951-52 crop year, and [illegible] more municipal plants have been completed.

Do You Know That . . .

Top speed of a race horse [illegible] mated at 48 miles an hour.

The Kalenga district of the Belgian Congo is one of the largest copper-producing areas of the world.

ODDITIES In The News

Employees of a Seaford, Del., jewelry store grabbed a 40-year-old woman after a $100 wrist watch was missing and called the police. The woman admitted she had swallowed the watch. X-rays disclosed it still only the watch but a ring in the woman's stomach.

Two men named Peacock and Bird were acquitted in court at Bury St. Edmunds, England, on a charge of killing a pheasant.

Hearing that Vermont was put ning over what is [illegible] a multi-million-dollar state corporation, two medical students at Edinburgh, Scotland [illegible] to take $5,000 out of the funds to prepare themselves more fully for life.

Ronald Stokes, asked in the army recruiting office in Chester, England about his birthplace replied "in the very room, sir." Stokes is the son of a former sergeant-major who had been in the house.

Mr and Mrs. Joseph Stapleton Jarrow England at various times during the last six years pawned furniture to meet their high electric bills. Now the electric company has paid them £30 to compensate for "leak" from faulty wiring.

There may be larger families, but William Lee of Knoxville, Tenn., would like to hear of them. Bey is the father of 37 children—the oldest 67, the youngest six. Boy, a native of French Morocco and a Mohammedan, is 58.

When W. E. Burke of Angola, N.Y., was serving with the U.S. Marine Corps during World War I, his mother died. He has the final letter she wrote him just before her death but has never opened it.

CELEBRATES 92nd BIRTHDAY

IRMA, Alta — James Wood, who ran away from home at age 13 to work as a lark boy on a sailing ship, celebrated his 92nd birthday here. He came to Canada from Ireland in 1881.

News Notes From Your District Home Economist

Did You Know?

That if a shell of an egg becomes cracked and you wanted to hard-cook it, sprinkle salt in the water in which the egg is to be boiled. This will prevent the egg white from seeping out.

For Faulty Ironing

Do you want to save up to 77½ hours a year? One expert's weighing for the average family of four comes up to 4,700 pieces a year — a mountain of unironed garments. Miss Caroline Judson, Extension Home Designer, Alberta Dept. of Agriculture, says that you can save many hours every year if you iron the right way.

First, adjust your iron board so that you may sit down to work. Second, invest in a light weight iron. Remember, it is heat not weight that irons your clothes. A good light above the ironing board will make work easier—you will be able to see what you are doing.

Don't crowd clothes in your basket, advises Miss Judson. Fold them (don't roll them up—it makes more wrinkles. A table handy to basket where you can place ironed flat pieces, and hangers ready for garments which should be hung up will save time.

Handle your iron properly—use long gliding strokes and move slowly. Set the iron at the right temperature for the material — if you iron more quickly than the average person a high temperature will be desirable. Iron the surface dry.

Fold flat work carefully. Fold she to from hem to hem, iron them with the hems at the right side of the board, fold and do the other sides.

Don't iron what you don't have to. There are plenty of everyday things like wash cloths, towels knitted underwear and nylon that only need a bit ohling into shape by hand while they are still damp.

Move Ahead Freezing Pies

Fruit pies freeze well. Pies may be frozen in the part either baked or unbaked. Freezing unbaked pies saves time in the long run for the thawing period for prebaked pies is almost as long as the required time to bake the frozen pie. Bake pies, wrapping removed, without thawing in a preheated oven at the same temperature used for freshly made pies and allow 10 to 15 minutes additional baking time to compensate for thawing.

Thaw and warm pre-baked pies in a moderate oven (350) for about 45 minutes.

Fresh Fruit Filling — To keep fresh peaches, apples, etc. from turning brown in a pie, sprinkle with lemon juice after peeling.

Cleaner corner . . . . . .

Bull Sale At Lloydminster May 18

An interprovincial Bull Sale has been held at Lloydminster, Sask., for the past 34 consecutive years. Breeders from both Alberta and Saskatchewan contribute to this sale. This year's sale is May 18.

The sale offers cattlemen a chance to select good quality sires from herds with good blood lines. 154 bulls are listed: 103 Hereford, 48 Shorthorns and 3 Aberdeen Angus. There are also 4 Shorthorn and 2 Hereford females to be sold.

All the animals offered at the sale are T.B. and Bang tested.

Charles Yule of Calgary will place the animals in the show during the morning. The bulls will be sold by J. W. Durno, Calgary and by Jack Blackhock, Saskatoon, in the afternoon.

Last year Canada was exceeded in gold production only by South Africa and Russia.

Paradise Valley

The death of O. E. Furman aged 80 years occurred April 16th at North Battleford. The end was not unexpected as he had been in poor health for some time. Born in Todd County, Minn., in 1873 he came to Canada and homesteaded in the New Lindsay district in 1908. In 1909 he was married to Bertha Clay of Paradise Valley who died April 4th, 1922, leaving him with several children, Lloyd, George and Ralph of Frenchman's Butte and William of Dawson Creek, B.C.; Grace (Mrs Martin Bruce) of Dewberry, Alta., Vera (Mrs. Bud Moylan) of Frenchman's Butte and Edith (Mrs. Jas. Wilson) of McCreary, Man. The funeral took place on Saturday, April 18th from the McLaughlin United church. Rev. E. N. Morrison officiated. Interment was in the Greville cemetery. Moore's Funeral Home was in charge. The pall bearers were Messrs. Allen Baker, Eric Ambler, J. S. Eddleston, Oscar Bratvold, J. P. Berg and I. S. McLeod.

The following floral tributes were received: The Family; Mr. and Mrs. Elmer Clay; Mr. and Mrs George Clay; Donald Turna and Lorna; Mr. and Mrs. John Berg and family; Mr. and Mrs. Harold Berg and Grandma Berg; Mr. and Mrs. Frank [illegible]; Pete and Mary Slivenski; Mr. and Mrs. McKechnie and Christine; Les Smith and family; Mr. and Mrs. E. Westgate; Mrs. J. Bruce, Ingvald and Tom Bruce. Mr. and Mrs. S. Eddleston; Mr. and Mrs. Eric Ambler; Mr. and Mrs. Arthur Baker, Allen and Myrtle Baker and family. Mrs. Anna Johnson; Mr. and Mrs. Oscar Bratvold; Helmer and Gladys Johnson and girls. Mr. and Mrs. R. D. Heath; Mr. and Mrs. Thomas Person; A. McLean; Ronald Craige; Mr. and Mrs. Bert Ambler; Mr. and Mrs. J. A. Beggs. Dewberry High school students.

Donation to the Central Lutheran Church Building fund, Edmonton Glenview Branch.

Donation to the Arthritis fund Mr. and Mrs. Aspevig and Esther.

Donations to the Greville cemetery. Mrs. Larsen, Clifford, Selma and girls; Mr. and Mrs. Wm. Stoddart and Mrs. C. Stoddart.

Donation to the Red Cross: Mr. and Mrs. W. A. Glenn.

Donations to the Cancer fund Ira and Harvey McLeod; Mr. and Mrs. Colin Spence; Bob and Joyce Houghman. The Houghman Family. Charlie Chilton; Mr. and Mrs George Marshall. Mr. and Mrs M. A. McDonald. Olaf, Margaret and Betty Bruce; Nora and Arnold Shaw.

The family of Mr. O. E. Furman gratefully acknowledge the kind sympathy and assistance shown them at the time of their bereavement.

1952 Calendar Year Canadian Passenger Car Registrations

1st PLACE Car A — ANOTHER GENERAL MOTORS VALUE (CHEVROLET)

2nd PLACE PONTIAC

3rd PLACE Car C

4th PLACE Car D

PROOF POSITIVE of Pontiac's ever-growing popularity!

Pontiac again gives dramatic proof of its ever-growing popularity! The passenger car registrations (obtained from sources considered to be the industry and considered to be reliable) show more "Silver Streaks" for Pontiac in 1952 than any other car produced by a competitive manufacturer. Pontiac really took second place in the entire industry, with a marked lead.

Back of this latest record-breaking story of Pontiac's constantly increasing popularity are the hard facts of Pontiac's all 'round superiority in beauty, value, performance and consistently advanced engineering features.

Pontiac for 1953 offers you a choice of 29 different models in five great series — the Pathfinder, Pathfinder Deluxe, Laurentian, Chieftain Special and Chieftain Deluxe. Pontiac offers you the thrilling power and amazing economy of the famous high-compression, valve-in-head engines "6" and "8". Both incorporate numerous refinements for 1953 and the "8" now delivers 113 horsepower with even greater economy. Pontiac is available with Powerglide or Hydra-Matic automatic Transmission.

No other car offers a range of features that includes dynamic new Panoramic styling, new Wide-Horizon vision with one piece curved windshield, improved roominess, luxurious color-keyed interiors, handsome panelling on Pontiac's finest, new crank operated vent-panes and rugged body by Fisher. In addition, Pontiac offers you an optional equipment at extra cost, new, finer Powerglide or Hydra-Matic Dual Range Hydra-Matic Drive, new Power Steering (GM Hydra-Lite Tinted Glass, the amazing Automatic Eye which automatically dims and brightens headlights.

In higher price range it brackets can compare with Pontiac for all 'round value and dependability. Truly, it's tops in everything but price! Visit your Pontiac dealer soon . . . see and drive one of these great cars for yourself. You too, like so many other Canadian motorists, will agree that "Dollar for Dollar, you can't beat Pontiac!"

SERVE CANADA

Soldiers like those of the airborne infantry are helping to guard Canada, ready to drop into action wherever danger threatens. The young men who join the Army and has completed his infantry training may then volunteer to start training for the proud wings of Canada's "Soldiers of the Sky."

AND YOURSELF

How does a man choose a job? He examines the pay; the working conditions; the opportunities for advancement; the financial security. From every one of these aspects an Army career is excellent. And more — no monotony of being stuck for years in one place: pension plans after 20 years service; medical and dental care whenever needed — without regard for cost or time. Opportunities for training and advancement in the Army today are truly outstanding.

IN THE ARMY

Soldiering is a man's life! There are challenges and dangers. But wherever you go, in the Army, you know you can rely on your comrades, trained fighting men who share with you the action of military life. If you think an Army career is for you, enquire about the opportunities for service with the Infantry — the most important men in the Canadian Army.

You are eligible to join the Army if you are 17 to 40 years of age and able to meet Army test requirements. Applicants should bring birth certificates or other proof of age when reporting for interview.

For full information apply right away to:

Sixteen Years Ago Today

April 28, 1937

Tennis courts have been opened for season's play. Sidney Millward was elected president and Ashley Cooper secretary. Mrs. Clarke was vice-president while Doug Cooper headed the grounds committee.

The purchase of a new boiler was becoming increasingly urgent at the town power plant.

75% cents per bushel was suggested as the minimum price for wheat by the Turgeon Grain Commission.

Plans for the Coronation on May 12 were sweeping town and country.

Thirty-two Years Ago Today

April 27th, 1921

A 3M Blake finished seeding and packing 60 acres of wheat Tuesday exactly one month earlier than he seeded the same ground one year ago.

Judgment in the sum of $350 and costs were awarded C. F. Stone in the supreme court at Edmonton in his action for damages against the C.N.R. The action arose out of the destruction of Mr. Stone's car at the level crossing near the flour mill.

The Kehoe block was sold to Messrs. W. and J. Chilliwick of Mundare. The price was $6750. It was erected five years ago and is now occupied as a barber shop and pool room.

No. 1 Northern wheat was $1.31, oats 23c and barley 44c.

Nea ladies' shoes were $9.75 and men's oxfords $8 per pair — however the latest styles in spring suits were from $16.50 to $24.95.

ATTENTION, Farmers!
. . . WARBLE FLIES

The weather is getting warmer now, how about taking one last look over the backs of that little herd of cattle you have wintered, and save some of the beef you have put on them.

Last year there was some improvement in the number of cattle sprayed for warble fly control. It is estimated that out of our 1½ million cattle about 400,000 were sprayed.

It is true in some areas spraying had controlled this pest to a point where cattlemen report no further evidence of warbles but in most areas there are sufficient grubs to warrant spraying. Even if only a few grubs are present that is sufficient reason to apply control measures, otherwise fly population will soon build up.

This year we would like to see more cattle sprayed. It does not take long for a couple of men to treat 60 or 70 head by hand.

Warble fly control is a timely topic now. Below we are listing some facts which are well known, but it won't hurt to have them repeated.

Estimated total annual loss to Alberta cattle owners from the Warble fly is over 2 million dollars (at today's beef prices, this figure is close to 10 million dollars).

Warble fly considers the most serious pest of cattle wherever they are common.

In a survey recently conducted at least 50 per cent of all Canadian hides were damaged by spun or healed grub holes responsible for an estimated loss of $700,000.

It is estimated that losses from all causes attributable to warble flies throughout Canada are from $7 million to $14 million and in some seasons exceed the latter figure.

This damage is shown in the reduction in milk yield and poor gains made by feeding animals due

Safety Helmets For Oil Workers A Necessity

Working around an oil drilling rig without a safety helmet is inviting trouble, according to the factory inspection branch of the Dept of Industries and Labour

The branch reported today more than 100 head and face injuries to drilling rig workers in the past 3 months, including three fatal accidents.

The three men killed are believed to have been wearing their "hard hats" but the helmets either fell off or were knocked off during the mishap. Of the other less serious injuries, most could have been avoided if a safety helmet had been worn.

The inspectors warned that safety helmets can fall off easily if not worn properly. During the winter when ear flaps and liners are worn the helmets should stay on securely but the coming of warm weather with the resulting discard of the winter liners will require greater care in the wearing of helmets

During 1952 Canadian National Railways' trains travelled 77 mil lion miles — the equivalent of 154 return trips to the moon.

Where does the money go?

At times most of us have looked at purse, wallet or bank-book, and wondered "Where does the money go?"

Each year we at Imperial add up the company's bills to see what happened to the money we received in the previous 12 months for the gasoline, fuel oil and other products we sell. Here's where each dollar of Imperial's 1952 income went

CRUDE OIL and other raw materials we bought, plus freight, took more than half of each dollar.

OPERATING expenses took more than 29 cents. This was the cost of searching for and producing crude oil, and of manufacturing and marketing the hundreds of products we supplied for thousands of uses. Throughout the year high-quality products were made available where and when you needed them

TAXES to provincial and federal governments took 10 cents. And this did not include gasoline tax, which—depending on where you live—took from 24 to 36 cents out of every dollar you spent for standard grade gasoline

DIVIDENDS paid to shareholders for use of plants and equipment amounted to 4.06 cents.

TO REPLACE worn out equipment and to make sure that we can supply your needs in the future 3.4¢ cents was put back into the business.

ESSO IMPERIAL OIL LIMITED

Railroading In Rockies Isn't Really Railroading Any More To The Old Timers

By Dave McIntosh, CP Staff Writer

THE GREAT DIVIDE, B C.-Alta.—Though it hasn't got to the point where the engineer and fireman wear white shirts and ties, railroading in the Rockies isn't really railroading any more by the old timers. Engineer Mackey McCormick, who has worked for the Canadian Pacific Railway 46 years, sat sedately and comfortably in his diesel cab, jockeying his 12-car, 800-ton passenger train from Revelstoke to Field. The 125.7 mile stretch is the toughest rail run in Canada.

He touched the throttle or brake of the three-unit diesel now and then, but for the most part he just sat back and relaxed. He didn't even have to blow the horn much. Only at grade crossings in the cities and towns did he have to sound a warning.

The diesel rides as smoothly as the car—pulls in contrast to the steam locomotives which it and its kind have largely replaced. Most of the time the engineer and fireman can converse in normal tones.

Because the diesels can pull more cars, the CPR has had to extend most of its sidings on the mountain division to accommodate the longer freights. Tonnage limits of course are strictly enforced. If ten tons of cargo get away on a down-grade, that could be two slipping it even with the diesel's dynamic braking.

Engineer McCormick works much like an old-time railroader. He's on call 24 hours a day, seven days a week, and fireman can converse in normal tones.

When the diesels stop, they're shut down.

"If this job gets any tougher, they'll have to pension me off," said Mr. McCormick, eyes twinkling behind rimless glasses.

CPR switched its crews at Revelstoke—Kamloops, B.C., to the east—from eight to 10 hours in September 1953. In 10 months ago. Diesels are less ready to fit a reason to speed and can haul more tonnage, and with out a pull.

But they haven't got the same pick-up as steam. Mr. McQuarrie was also asked to the caves of the mind, saving a hard at the throttle after he was frozen pureed upward out of the firebox. Conn. ght Tunnel ride. "Look at that," he said as the diesel ran steam and we'd be hitting 90 now. We don't go fast enough to get a hot box any more."

But he has to admit the diesels are more comfortable. They can correctly be hauled the headlight, man's a perfect view of the track ahead and on both sides. The engineer and fireman sit in stuffed seats on either side of the cab, after four decades sitting at a throttle Mr. McQuarrie has had strict. First in the cab can be adjusted as in the plush drawing rooms in the sleepers.

"Yes, it's got comfort all right," Mr. McQuarrie said. "We can see everything. With the steam locomotive, you have to lean out of the cab to see ahead and my right side was usually soaked."

"Clear board," interrupted Mr. Carroll as the pointed arm of the block signal system thrust straight up, indicating a clear track ahead. He has been railroading for 12 years married the daughter of Vincent Berger, CCF member of the last British Columbia legislature for Revelstoke and himself a CPR engineer for four 30 years.

Mr. Carroll disappeared now and then back into the bowels of the diesel—but not to shovel coal. The diesel runs on fuel oil and can run 3,000 miles without being refueled.

The three units are actually as the are pulls in contrast to the steam locomotives which it and its kind have largely replaced. Most of the time the engineer and fireman can converse in normal tones.

Because the diesels can pull more cars, the CPR has had to extend most of its sidings on the mountain division to accommodate the longer freights. Tonnage limits of course are strictly enforced. If ten tons of cargo get away on a down-grade, that could be two slipping it even with the diesel's dynamic braking.

Engineer McCormick works much like an old-time railroader. He's on call 24 hours a day, seven days a week,

DON'T LET THE FIGHT ALONE

One of these fine spring days, an ill of life and hope, you may well be approaches by a volunteer of the Canadian Cancer Crusade who will ask you to contribute to the Cancer Crusade.

What manner of being is this volunteer?

Young or old, married or single, tall or short, male or female, the volunteer represents all religions, races, nationalities and creeds. Coming from every level of our social and economic strata the volunteer is quite a person. We're proud of him. We're proud of her.

Together, the untold thousands of volunteers who these days ring doorbells and buttonhole passersby, form a citizen-army which is leading the fight—our fight against the great national enemy cancer.

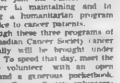
In spite of recent, encouraging progress in the treatment of cancer, the fight is still far from won. It is a fact that cancer, which strikes one in five Canadians, is still the most mysterious of human diseases. We must all join the CCS volunteer in helping science continue and expand its tremendous research program.

It is also a fact that the number of lives saved last year would have been doubled if the Canadian public were armed with the essential facts about cancer. We must help the Cancer Crusaders to continue and expand the effective program of education now under way.

It too is a fact, and a heartfelt one, that cancer caused untold suffering and pain last year. Again, we must join the Cancer Society volunteer in maintaining and increasing a humanitarian program of service to cancer patients.

Through these three programs of the Canadian Cancer Society cancer eventually will be brought under control. To speed that day, meet the crusade volunteer with an open heart and a generous pocketbook. Literally, Cancer Society volunteers are fighting our battle for us. We should not let them fight it alone

WARNING!



FIRING PRACTICE
CAMP WAINWRIGHT

Weapon firing will take place at Camp Wainwright from the date hereof until further notice.

The public are hereby warned NOT TO TRESPASS on the firing ranges and danger areas at Camp Wainwright, which are clearly defined by DANGER SIGNS.

The Department of National Defence will not accept any responsibility for damage or injury to any unauthorized person entering military property at Camp Wainwright.

Camp Wainwright comprises the area bounded generally as follows:

Boundary	Range Table
1, 12, 13, 14, 15	5
16, 17 and 18	5 43
18, Part 14, 11, 3, 9, 8 and 7	8 45

ORDER your Chamber Chests Books from the STANDARD.

Claysmore Clippings

Mrs. G. Guinette, her three sons and daughter Ruth of Oroonay, Alberta, spent last week end visiting at the home of the former's sister and brother-in-law Mr. and Mrs. Robert MacMillan. They left on the return trip Sunday evening.

The dance held by the teen-agers on Friday night at the school was well attended and much enjoyed. Glen Nelson acted as M.C. and the Wilke orchestra supplied the music.

Mr. and Mrs. P. Holley and girls were visitors at the home of Mr. and Mrs. Allen Olestad Wednesday evening.

J. Horne and Allen Olestad helped Van Nest to brand some calves last week end.

Mrs. J. Duffy Sr. is home for a few days after spending several weeks in hospital. We hope that she will soon be feeling stronger and able to get out to enjoy this mild spring weather.

Several persons in the neighborhood have been ill with the flu and speedy recovery is wished them all.

Rev. C. W. MacKay held service here on Sunday April 26th. This is as the first of our spring and summer services owing to April being cold and inclement bad. It is hoped that services will be held every two weeks until fall as usual. Rev. MacKay urged the parents to bring their children to Sunday school. The Sunday school in Vermilion has a good supply of extra papers, lessons and leaflets and a good class could be held here.

Mrs. H. Williamson is having a special meeting of the ladies social club at her home Wednesday afternoon April 29th. Members will discuss the matter of affiliating with the W.I. and having a branch at Claysmore.

Members of the social club are reminded of the meeting day at the school May 6th. All bring mops, brushes and dust cloths.

Tragic Frank Slide Site Is Marked By Historical Sign

An impressive ceremony took place April 28th when Ralph R. Moore, Deputy Minister Economic Affairs, unveiled a sign at the site of the tragic Frank Slide.

The sign, erected by the Alberta Government, is located at the western edge of the slide near the town of Frank. It tells of the destruction of the village on April 29, 1903, when a huge portion of Turtle Mountain swept into the valley killing 66 persons.

The Frank Slide sign is constructed in rustic style in a similar design to Alberta Government historical signs. It is the first in a series of historical markers to be erected by the Department of Economic Affairs in an effort to encourage an interest in Alberta's past.

Licensed about 300 yards from the west end of the Frank Slide on the south side of Highway 3, the new sign is situated so that it may be seen under collapsed Turtle Mountain in the background.

A small portion of the slide has been cleared at this spot to allow parking space for 13 cars. The clearing overlooks the old town site and the entrance of the mine destroyed by the gigantic slide.

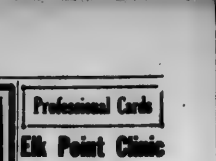
Attending the unveiling for the historical sign were Ralph R. Moore, Dep. Minister of Economic Affairs and Wm. Thomson of the Alberta Travel Bureau.

Rooms for Rent

FOR RENT — 3-room suite. All utilities. Phone 220. 41-2c

Seed Grain & Feed

FOR SALE — Victory seed oats, certified, 91% germination Cert. 72-12170. Grown from registered seed on breaking. We get bags at granary. C. V. Armstrong, R. R. 4, Vermilion. 40-4



Personal

WEAK NERVES? — The foundation garment with the guarantee. Personalized service. Phone or call Mrs. D. M. Hildreth. 43-4c

SKINNY MEN, WOMEN! — Gain 5 to 15 lbs. New pep, too. Try famous Ostrex Tonic Tablets for double results: new healthy flesh; new vigor. New "get acquainted" size only 85c. All druggists. 6tf

Ostrex Tonic Tablets

A complete line of Fuller products on display at Moyer's Funeral Home, Vermilion. 41tf

-- Wanted --

WANTED—About 150 head of cattle to pasture, privately fenced. Use one or would take bunches of not less than 25 head. Also have 5000 willow posts, sharp, for sale. Written replies apply to Box No. 1, c/o Vermilion Standard, Vermilion. 42-3

SO YOU — Need your breaking worked up? We do custom work and use the most efficient Global disc. Mrs. D. Davies, ph. 403, Vermilion. 43-3

WANTED — Front end man immediately. Oilfield Motors, ph. 37, Vermilion.

WANTED — Old gramophone records in good playing condition: also a few cuttings of red, white and yellow clover seed. Mrs. Harold Cooper, Clandonald, R R 1. 42-3

TENDERS FOR SALE OF FARM

SEALED TENDERS are invited for the purchase of the following land owned by the late Emma Fall, namely:

The South-West quarter of Section 13, and the South-East quarter of Section 14, Township 50, Range 4, West of the Fourth Meridian, subject to the reservations and exceptions in the original grant from the Crown and to the existing Certificate of Title;

upon which 115 acres more or less are under cultivation.

Tenders must be marked "Tender re Fall Estate" and accompanied by marked cheque for 5% of the tender to be returned to unsuccessful tenderers. A reservation credited on purchase price. All tenders to be in the hands of the undersigned by noon the 9th day of May, 1953.

Highest or any tender not necessarily accepted.

Terms cash within 7 days of notification of acceptance of tender.

James McCarty,
Kinsella, Alberta.

Local News of Interest

Const. Lloyd Johnson Sails for Coronation

Constable Lloyd Johnson, R.C.M.P., son of Mr. and Mrs. R. R. Johnson of Vermilion, sailed on April 24th for England where he is company with other picked members of the force, he will take part in the Coronation festivities. The Mounties will present their famed Musical Ride. Another member of the group is Constable Ted Tyler of Kinsacy. They have been at Ottawa where rigorous practices are designing training for their contributions to the Coronation celebration.

Shower Held For Mannville Girl

MANNVILLE. — The W.A. and Happy Hour group of Christ church were hostesses at a miscellaneous shower on Monday, April 27th for Miss Ruby Cuttler. The marriage to Rev. R. Clennett will take place early in May.

Miss Cuttler received many useful and lovely gifts which were brought in to her in a little white church with Clandonald printed across the top. The young couple will be making their home in Clandonald in the near future.

Those present were: thirty ladies present and the evening was spent in games which were much enjoyed by all. The bride to be, Miss Cuttler and Connie Gerhart conducted the program and after the presentation of the gifts a dainty lunch was served by the two church groups.

Departing Citizen Is Presented With Scroll

R. C. ACKERMAN FETED BY BOARD OF TRADE

An artistically designed scroll extolling his virtues as a citizen was presented to Bernie Ackerman at the Board of Trade luncheon meeting on Wednesday. Bernie will shortly leave his position as manager of the Imperial Bank in Vermilion for a position with a construction company firm at Grande Prairie. The presentation was made by the Board's president Mr. Keith Chambers.

In acknowledging the scroll Mr. Ackerman stated that he would ever cherish many happy memories of his associations with the people of Vermilion and would treasure this token of appreciation. He also felt a feeling of keen regret that he was leaving the town just opportunely and knocked elsewhere and that he was looking to the future with keen anticipation.

Called on to add a word Mr. J. W. G. Morrison stated that he never felt quite like he was leave town personally as both he and Mrs. Morrison had formed many friendships with Mr. and Mrs. John Bowtenan and Grace Parsons for their new home here.

Mrs. Monte Hunter is in Edmonton this week visiting Mrs. Tom Wilcox (nee Velma Fisk).

Jack Brown received the sad news of the death of his father at the family home in Guelph, Ont., on Monday night of this week. She was 75 years of age and had been ill for several months.

E. R. Wells of the Case Farm Implement Co. of Calgary spent Wednesday of last week visiting his parents Mr. and Mrs. E. Wells at the farm north of town. While he was at home he started off the season's operations by doing a little plowing. He also visited W. H. Little at the local Case agency and while there helped to service a new Case tractor purchased by Alex Morrison.

The names of Fay and Gordon Park; Mrs. Fyfe, Jean and Charlie Robertson, Mr. and Mrs. Garth Roberts, were omitted from the list of those sending flowers for the funeral of the late Mr. Reg Stone.

Gnr. J. Q. Mullan Returns From Korea

Gnr. J. Q. Mullan of Vermilion, a member of the First Battalion, Royal Canadian Horse Artillery, has returned home from a year's action in Korea. Gnr. Mullan's home is in the King Edward district north of town. He is a veteran of World War 2. The returning troops reached Edmonton last Saturday.

Citizens Feted On 20th Anniversary

A number of friends gathered at the home of Mrs. Harry Elliott on Tuesday evening April 14th to honor Mr. and Mrs. Percy Cross on the occasion of their 20th wedding anniversary. This well known Vermilion couple were married at Ipswich, Sussex, England. They came to Canada in September 1928, spent a year at Streamstown, Alberta and then came to Vermilion where they have since been their home. They have two children, both married, Mrs. Jack Brownlee of Calgary and Percy in Winnipeg. There are two grandchildren.

Following a delicious wedding supper which was a combined effort of the friends present, a social evening was very much enjoyed.

Mr. and Mrs. J. Seward Farewelled At Kitscoty

KITSCOTY.—About forty friends and neighbors gathered recently in the Myrtle Hill school to bid farewell to Mr. and Mrs. J. E. Seward. After reading for about 35 years in the district, Mr. and Mrs. Seward are retiring and will make their home in Edmonton. The evening was spent in playing cards and visiting with old friends. Mr. Gordon Inglis on behalf of all those present, presented Mr. and Mrs. Seward with a lovely electric fry pan, electric Dour lamp, they were also the recipients of many pieces of chinaware and chocolates.

Mr. and Mrs. Seward are at present living on the Jack Brown property on 53rd Ave. and granddaughter, Mr and Mrs. John Bowtenan and Grace Parsons for their new home before leaving for their new home.

Correct Posture Is Important to Health

Better posture improves health according to the Dominion Council of Canadian Chiropractors who during Correct Posture Week May 1st to 7th, advocate that everyone run this simple two minute posture test on themselves.

Place back to wall with head, heels, shoulders, calves and but tocks touching, the space at back of waist should be much greater than the thickness of a hand. If such is the case, grade yourself excellent or A. If heels do not touch when shoulders do, grade is B or C. If both heels and shoulders do not touch at a natural stance, posture, and most likely your health is bad.

When facing the wall if chest touches then grade is excellent, if only fair if head touches first and downright bad if only the abdomen touches.

"Regular posture examinations should be a great help to health," said Chiropractor Doctor Ken Fatis, instructor of x-ray technique at the Canadian Memorial College in Toronto. "Thousands of full spine x-rays examined in the college clinic lead us to believe that such check up on posture by parents would eliminate much grief during growing and adult years for children who through habit or injury slip into poor posture. Regular posture examinations would do much for human health as the usual examinations on eyes and teeth insisted upon by most parents."

Currently injury, whether stand ing walking, sitting or lying down, means that the body position is forth that it allows all parts of the body to function properly without strain. Continuing poor positions crowd internal organs and brings pressure to bear on nerves at the spine. An exaggerated military stance will strain the muscles to the same bad effect.

Good posture rules are summed up with the easily remembered expression — sit, walk and stand tall. Good diet, comfortable shoes, the right amount of exercise and normal afternoon rest can help to encourage radiant health.

OBITUARY

MRS. KATE ANN REDMOND

On Friday, April 23rd, Mrs. Kate Anne Redmond passed away in the Islay hospital at the age of 75. She is survived by two daughters Miss Anne Redmond and Mrs. J. R. Ash, both of Vancouver and two sons Charles of Islay and Neil of Vancouver. There are six grandchildren. A son Harvey predeceased her a few years ago. The deceased was the widow of Howard H. Redmond who with his family settled in the Islay district some 32 years ago. The family came to Alberta from Sydney, N.S., in 1906 and prior to coming to Islay resided for most of the time in Edmonton. A brother Dan McKay of Rochester, Alberta, also survives. The deceased was active in church and social work and her hospitality was widely known. The funeral service took place in the Community hall, Islay, and was largely attended. The wonderful display of floral offerings spoke silent tribute to the esteem in which the deceased was held by the people of the district. The funeral services was preached by Rev. Mr Morrison of Lloydminster United church.

SEVEN BALL TOURNEYS — 30 TRACK EVENTS

Sports Day May 18th

Vermilion's annual sports, with the best all round program presented anywhere in the west, will be held Monday, May 18th, the Dominion holiday being observed for Victoria day.

The plan behind the day is to give all young people something to compete in, and the spectators plenty of choice for their entertainment.

The attractions are headlined by senior baseball. There there is the popular junior event 20 years and under with a first prize of $100 this year; senior baseball; junior baseball 15 and under. For the ladies there is open softball, high school girls' softball and girls' softball 14 and under. Cash prizes in each and right away. This is the only sports on the country with something for everyone.

There is a long list of track events 20 of all, for every age group, and lots of other things to complete a first class entertaining sports day on perfect grounds.

All children 12 and under are admitted free. See big display advert in this issue for particulars and watch for posters.

Will Demonstrate Tree Planting Machine Here

Farmers interested in planting trees for shelterbelts and wind breaks will have an opportunity to see a labor-saving machine that is used to plant trees on the west side of the Vermilion Experimental grounds, Saturday afternoon, May 9th.

The Agricultural society and the school of agriculture are working together to establish a windbreak of trees for the protection and beautification of the fair grounds. A 25 rood strip of land was successfully plowed all last year and is now ready for planting two rows of trees. The trees are being supplied by the Alberta Department of Agriculture and will be planted on the Saturday afternoon as mentioned by the C.G.I.T. president.

Information will be available at the demonstration regarding selection of kinds of trees, their spacing and arrangement.

Henry Reah Passes Away Wednesday

FUNERAL MONDAY MAY 11

Henry Barbaran Reah, aged 72 years, passed away at the Vermilion hospital on Wednesday May 6th about 7:00 o'clock in the morning. Funeral services will be held Monday May 11th at 2:00 o'clock in the afternoon from the Alliance chapel with the conducted by the Rev. E. P. Berg.

The deceased leaves to mourn his passing his loving wife in Vermilion, a brother in London and a sister in Darlington.

Mr. Reah was an old timer of Vermilion, coming to the district to farm back in 1906. Prior South Shields, England. He spent a few years at the coast but returned to Vermilion where he lived.

Mayers are in charge of funeral arrangements.

Editors of Weekly Papers Hold Zone Meeting Here

41 TOWNS REPRESENTED

Editors from 11 towns gathered in Vermilion on Friday to attend a district meeting of the Alberta Division, Canadian Weekly Newspapers Association. Organization of the meeting was Editor L. D'Alberti of the Wainwright Star Chronicle, executive member of the provincial association for this zone. Editor Ivert Ford, president of the Alberta Association, of Lacombe and Editor Fred Johns of Leduc. Zone vice-president, was other official in attendance.

The other newsmen registering were Chas. McLean of the Camrose Canadian, George Baynton, Lloydminster Times; Cliff Patterson, Tofield Mercury; L. H. Drouin, St Paul Journal; O. C. Burt, Bonnyville Tribune; A. L. Horton, Vegreville Observer; H. G. Thunnell, Viking Weekly Times and Ed. Wyntjes, Vermilion Standard.

The morning and afternoon sessions were held at the Vermilion school of agriculture where many matters of importance to a newspaper publishers and proprietors of commercial print shops were discussed.

The organization appointed very much worthwhile and votes of thanks were passed to Mr. L. D'Alberti,anson for calling the zone meeting; to Mr. Ashley Cooper for carrying out the necessary arrangements in accommodation and social hour; to Dept. of Agriculture and Mr. N. Brinsley for the use of a room in the V.S.A. for the meeting; and to the Vermilion Board of Trade for their kind invitation to a banquet and social hour.

Softball Schedule

Sunday May 10th Pleasant Valley at Islay. Kinsmen at Island Hill
Complete schedule will appear next issue.

Three Old-time Citizens Honored at Gathering

Editors of N.E. Alberta Guests of Board of Trade

Thirteen editors and publishers of weekly newspapers in north-eastern Alberta were guests of the Vermilion Board of Trade at an exceptionally interesting banquet served at the Anglican parish hall on Friday evening. The banquet followed an all-day meeting of the zone of newspapermen held at the school of agriculture.

HONORED PIONEER CITIZENS.

The Board of Trade also on the occasion presented three scrolls of honor, two to departing citizens, Mr. W. F. Pilkie and Mr. Billy Pilkie who will make their home outside in Edmonton, and the third to Mr. S. F. P. Cooper who at the first of the month purchased from the late owner who presented him with a life membership in the Alberta Division, Canadian Weekly Newspaper Association.

Reich Chalmers president of the Board of Trade, was chairman and in his opening remarks highly commended the ladies of the Happy Hour Group for the excellence of the meal served, mentioning novel place cards very much in keeping with the occasion of the guests. He extended a warm welcome to the Editor-guests, stating that the Vermilion Board of Trade was very pleased to act as hosts on this very special occasion.

In extending a welcome on behalf of the town, Mayor S. C. Heckbert stated that during the past few years he had received reports of many kinds but this was the first opportunity he had had to greet newspapermen. He regretted the wet weather as this gave opportunity to show the facilities of the town such as the new library, the new armories, new junior high school and the new fire station in the Vermilion valley, which will eventually prove a boon to a wide area. He went on to say that he was proud of the town and proud of such citizens as S. F. P. Cooper to whom the newspapermen were paying tribute tonight and who had made a notable contribution to the welfare of the town; W. F. Pilkie, a former mayor, and Billy Pilkie, an energetic citizen whose contribution to Vermilion were outstanding.

Mr. L. D'Albertanson, executive member of the Newspapers Association, who had arranged the zone meeting introduced the visiting editors, L. H. Drouin of St. Paul; O. E. Burt of Bonnyville; A. L. Horton of Vegreville; H. G. Thunnell of Viking; Bert Ford, Lacombe; Fred Johns, Leduc; Chas. McLean, Camrose; Cliff Patterson, Tofield; George Baynton of Lloydminster; and the town boosters Ashley Cooper and V. H. Cooper.

Speaking on behalf of the editors H. G. Thunnell of the Viking News said that it was really wonderful to enjoy such fellowship as experienced in Vermilion today, climaxed by the Board of Trade reception. Despite the wet weather and bad roads the editors had made no mistake in coming to Vermilion. He mentioned the recent interesting hockey series between the two towns, also of horseshoe and baseball games in past years.

SCROLLS OF HONOR

President Chalmers then stated that he had three pleasant tasks to perform, the first of which was the presentation of an Illuminated scroll to William F. Pilkie, former president of the Board of Trade, former mayor and father of the school board and former mayor of the town, a citizen since 1904, theatre manager since 1913, who had sold his business interests here at the end of the year and would scarcely leave for Edmonton to open a new theatre.

In his reply Mr. Pilkie stated that he had enjoyed every minute of his life in Vermilion and it he had his last business deal to make over again he just wouldn't do it, he would stay right here. He then paid a tribute to the editor present, and the real part their contribution to community welfare was the manufacturing of news but yet most unappreciated any. He spent a moment describing his new business venture in Edmonton.

Mr. Chalmers next presented a scroll to Mr. Billy Pilkie whose departure he characterized as decided loss to town and district. Billy

(Continued on page 2)

Mrs. H. J. Clarke Guest Speaker

Mother And Daughter Banquet Completes C.G.I.T. Program for Year

The members of the C.G.I.T. entertained their mothers at a banquet on Monday May 4th in the United church hall to complete their program for the year.

The theme for the evening was "The Voyage of Life" and this was carried out in the decorations and serveiettes in the shape of a ship with an anchor for a place card. The lighthouse at the front portrayed the church, the 'ship' represented each girl while the anchor was the 'mother'.

The banquet commenced with the offering of Grace by Mrs. C. W. MacKay and the meal itself was very enjoyably served consisting of cake, yum, yum). Elva Sweet the C.G.I.T. president was the mistress of ceremonies and proposed the toast to the Queen. The toast to The Mothers was given by Marjorie Waldenberger and brought forth a very fitting reply by Mrs. Clarence Wilson. "The Church" was the subject of the toast proposed by Kaye Simpson with the reply by the Rev. C. W. MacKay. Hazel Barr toasted the leaders of the C.G.I.T. and Mrs. E. Stewart responded.

The toast list was followed by a short program comprised of piano solos by Jean Kilbourniaux, Kaye Simpson and Margaret Goodrich, a skit by six girls, and then group singing by the C.G.I.T. girls present. Each leader was presented with a small gift as a gesture of the girls' appreciation of time and effort spent on their behalf.

Mrs. J. R. Roxburgh, the leader of the C.G.I.T. for several years, is leaving soon to live in Edmonton and her departure is very much regretted. She was presented with an engraved silver serving tray.

The address for the evening was given by Mrs. H. J. Clarke who delighted everyone with her wit and humor. Her description of camp life was priceless. Mrs. Clarke ended her talk on a serious vein referring to the Voyage of Life and the gifts to look up to the stars.

Those who completed another year of C.G.I.T. experience and training of great value in the life of every girl.

Senior Ball Tossers Win From Irma

The senior ball tossers are really taking the game seriously this spring and are reported in have a wealth of talent. On Wednesday evening they opened the season against Irma and turned in an 8-1 victory.

Allan McKay Dies on Eve of Graduation

SON OF MR. AND MRS. J. S. McKAY, DEWBERRY

A Dewberry of Manitoba graduating student collapsed and died Monday a few hours before he was to make an oral presentation that would have completed his requirements for his degree.

A heart attack struck Winston Allan McKay, 25, son of Mr. and Mrs. J. S. McKay of Dewberry, Alberta, after he finished breakfast in the university residence dining room about 8:15 a.m. He was a fifth year architecture student, and lived in the residence.

Mr. McKay had been scheduled to make an oral presentation of his thesis later in the morning. The thesis is a requirement for graduating students, who write no final examinations. Because of his death all oral presentations were cancelled, and degrees will be awarded on the basis of the written theses alone.

A student at the University of Manitoba throughout the five years of his architecture course, Mr. McKay was among class leaders in scholarships and athletics. Three years ago he won the W. G. McMahon Ltd. scholarship for highest standing in second year.

Dr. J. A. Russell, dean of architecture, who described Mr. McKay as an "outstanding student" with a "very good" record, said he did not believe Mr. McKay was aware he had a bad heart. He did not think the student had suffered such attacks before, or that he had been worried about the oral presentation.

Mr. McKay was president of men's athletics for the student architectural society in 1951-52. In 1951 he was in charge of the annual architecture open house. After attending convocation here May 25, he planned to work in an architectural office in Edmonton.

The university physician, who attended, said cause of death was coronary occlusion.

—Winnipeg Free Press.

Funeral services will be held on Friday May 8th at 3 o'clock in Dewberry hall and interment will take place at the Dewberry cemetery, the Rev. C. W. MacKay will conduct the services. Mayers are in charge of arrangements.

School Pupils Awarded Certificates for Art

The following pupils have been awarded certificates for Art according to the school broadcasts this year: Grade 3 B, Dorothy Scott, Wilma Perfect, Sylvia Wilson, Maureen Wilson, Byron Sobey, Vivien Th. ; Grade 5 A and B, Ina De Bruin , Jean McCrea, Lynnet Bell, Donna Rosburgh, Olive Semenuk, Elizabeth Semenuk.

Maanville Congregation Bid Farewell To Rev. R. T. Clennett

MANNVILLE -On Tuesday evening last the congregation of Christ church gathered in the parish hall to bid farewell to Rev. R. T. Clennett who came to this parish two years ago. He was ordained early last summer. During his stay here Mr. Clennett has increased the congregation, had several large classes for Confirmation reorganized the Boy Scouts and was very helpful in the re-opening of the interior of the church.

During the evening games were played and a short program consisting of a duet by Norma McLarkey and Connie Gerhart, a duet by Hans Pedersen and Jimmy Croft, solos by Bruce Hubbard and Joan Lagg. Mrs. Peggy Croft and Mrs. Peggy Hubbard duet by Lynn Hall and Joan Kreller and finally a parody "It Takes Two to Marry" by Mrs. Lagg and Mrs. Don Upton was much enjoyed. After lunch served by members of the Happy Hour Group and Mr. W. A. Mr. Ralph Leitch, the People's Warden, presented Mr. Clennett with a purse of money on behalf of the congregation of Christ church, Mannville.

Mr. Clennett in a few well chosen words thanked those present and sincerely hoped for the continued success of the parish. It is not just certain when a resident minister will be available but with the help of the men of the district Rev. Ford of Vermilion not many Sundays should be without a service.

Pilkie Houses Sold

The two fine Pilkie residences in the west end of town were sold this past week. The new owner of Bill Pilkie's home is Mr. Simonuck and he and his family intend to reside in the residence themselves.

Mr. and Mrs. John Shalka have bought the W. P. Pilkie home and will move into it immediately.

Agricultural Society To Hold Farm Improvement Competition

The Vermilion Agricultural Society, acting in conjunction with Mr. E. H. Burbidgeson, District Agriculturist, is considering plans to conduct a farm and home improvement competition throughout the district this year. Younger farmers are cordially invited to obtain details of the proposal from R. C. Heckbert, Secretary-Manager of the Society.

It is hoped to secure not more than 20 young farmers including those farming under the Veteran's Land Act to join in the plan and it should be borne in mind that those entering are not in competition with the others, but actually are 'competing against an objective set by themselves'. Reasonable prizes will be awarded to those completing the objective which they set for themselves and the plan will be under the supervision of the District Agriculturist assisted by officers of the Society.

There is no entry fee of any kind and the farmer's wife should be interested in the improvement around the farm home and the farm home area as well as the farmer himself.

When enrolling has been completed a meeting of all concerned will be held and the whole plan discussed; those who are interested should advise Mr. Heckbert, so that arrangements may be made for furthering the objectives and entering into the competition as soon as enrolling has been completed.

Hundreds of Adult Fish Placed in Waters

Navigation Opens on New Vermilion Valley Lake

Navigation opened with a vengeance on the Vermilion Valley lake when the new provincial park was opened Sunday when no less than 20 motor boats were launched by owners Claude Brennan, Alex Lee Sr. signed. Ken Urquhart and Mark Norton. Size of these boats ranged from a 14 to 30 footers. A sensational motor boat excursion on the new lake was on Sunday April 26 when Sam Siddan, Ron Paynton and Claude Brennan launched a boat further up the lake and were able to navigate the floor of the valley for a distance of over 2½ miles but there are some obstructions, including brush, that will have to be removed.

The lake has been created by the building of a dam across the valley immediately below the new bridge on the new highway.

It is the intention to make two beaches on the south side of the lake, one within a few hundred yards of the town and the other a mile west. The provincial government has already sent down concrete mixing ground equipment for playgrounds in the park, and has also placed orders for lumber to build large bathing houses.

While there remains much to do by way of clearing out the lake bottom and making of beaches the water presents a beautiful sight when viewed from the high walls of the valley as far as the eye can see.

STOCKED WITH FISH

Fisheries department officials placed some 300 adult perch in the waters of the lake on Tuesday and several hundreds more on Wednesday. These were trapped at Long Lake and brought to the Vermilion lake. In this project they had the assistance and co-operation of the local branch of the Fish and Game league.

RED CROSS QUOTA IS REACHED

The campaign managers of the local drive announced Wednesday that once again Vermilion and district have reached their objective. The quota for 1953 was $2200 and this amount has been reached. Lists of donors will be published in due course.

Thanks go forward to all canvassers in town and country who gave their services to make the drive successful.

PLAY AT DELAY MAY 8

The Castleside Players are presenting the play entitled "Too Many Relatives" at Islay on Friday, May 8th. The curtain rises at 8 p.m. 43-1

HOUSE CHANGES HANDS

Mr. and Mrs. J. Perkins have purchased the Judge Mackie residence in the east end of town, while their house in Vermilion overlooking the river has been bought by Mr. and Mrs. Tom Davis.

Red Shield Appeal Opens May 11th

QUOTA IS $11252.00

The Salvation Army's 1953 Red Shield appeal in Vermilion and district will be officially underway next Monday May 11th. Quota for this year has been set at $11252 and consent of National Headquarters has been given for all money in excess of the quota to be retained in Vermilion for capital extension.

Chairman for this year's appeal will again be Mr. J. M. MacDougall and Mr. A. M. Watt will be the campaign treasurer. Campaign headquarters will be at the Vermilion Co-op, and donations may be mailed direct to the Salvation Army or to the treasurer.

Captain R. Chapman, local corps officer, stated that all residents of Vermilion would again duplicate its fine effort of last year in exceeding its objective and it is hoped that this can be accomplished in record time. "Most people" said the Captain, "are well acquainted with the aims and purposes of The Salvation Army. Help is extended to all deserving persons without discrimination of creed or race. In the Army's hostels, havens, homes and hospitals, its workers labor unceasingly to restore to men, women and children who have fallen by the wayside, the opportunity and desire for upright, self-reliant living. The costs of administration are kept to a minimum. To the broken and needy alike, The Salvation Army lives, not bread alone, but the message of divine Grace which transforms human lives. Here in Vermilion there are constant demands made upon the Army's door."

Vermilion and district citizens are urged to keep the work of the Army intact, and to also assist with the need for greater Army facilities in this town. Your donation to the 1953 Red Shield Appeal will make this possible.

There will be no house-to-house canvass, but in connection with the Appeal there will be a tag day on Saturday, June 7th in town.

Curling Club Will Hold Auction Sale

METAL SHEETS AND HOUSE TO BE SOLD

Preliminary notice of the auction sale of the sheet metal from the old curling rink and of the house just to the west of the rink site, is given by the curling club. The sale will be held on Saturday May 9th at 3 p.m. at the rink.

Public Holiday Ordered For Coronation Day

Tuesday, June 2nd

Coronation Day, June 2nd, will be a general holiday in Alberta, it was reported at the legislative buildings recently. Schools will be closed.

A proclamation issued by the dominion government in January left some confusion as to whether federal authorities had proclaimed a holiday. The proclamation said June 2 should be observed as a day of "thanksgiving and rejoicing."

Premier Manning's office reported Thursday the federal government had proclaimed a holiday, and, under the province's Statutory Holidays Act, national holidays are observed provincially.

Hon. Anders O. Aalborg, minister of education, said, "steps are being taken" to define it definite that June 2nd will be a school holiday.

Mr. Manning has been advised by the secretary of state for Canada that "commemorative medallions" will be supplied, through the provinces, for distribution at the time of the coronation to elementary and secondary students.

It is expected that distribution of the medallions, small momentos about the size and shape of a 50-cent piece, will be made to school boards from the department of education.

The department will distribute booklets containing messages from the lieutenant governor and the premier and tracing the history of the Royal Family in England.

Thursday Hottest Day

Thursday was the hottest day of the season to date with 87 being registered, Tuesday and Wednesday were also in the 80's warmest spot in Canada.

Ideal conditions prevail following the rainfall last Thursday to Saturday, and work on the land has now become general.

DAILY TEMPERATURES

Day	High	Low
May 1	40	32
May 2	65	33
May 3	66	33
May 4	71	37
May 5	82	42
May 6	85	49
May 7	87	41

A comparison of rainfall for April since 1940 inclusive will be published next week.

OLD HOMESTEAD LEAVES FAMILY

An old homestead owned by E. L. Hadley family since 1904 was sold this past week to George Stewart, since Mr. and Mrs. Hadley's death. The homestead has been owned by their daughter and family Mr. and Mrs. Tom Davis. The farm was an old landmark in the Turkey Hill district, a half way between Vermilion and Vermilion and everyone stopped there to and from town in the days of horse travel. Mrs. Hadley often served as many as 50 extra meals a week to weary travellers. The sight of this old homestead recalls memories to many an old timer who now whizzes by in his truck or car.

Pork will be advancing at retail, reports The Financial Post. Sharp price jump reflects a parallel jump in hog prices in the U.S.

Weekly Editors Zone Meeting

(Continued from front page)

as a great believer in getting things done even if you had to do it yourself. In replying to this Mr. Pilsbe Jr. stated frankly that it made him sad to think of leaving the town in which he had been born and grown to manhood. No matter where he went in the future Vermilion would always be home and hold the soft spot in his heart. The scroll would always be cherished and occupy an honored place above the mantel.

The third of the illuminated scrolls was then presented to Mr. S. R. P. Cooper, not because he was leaving town but in recognition of his retirement after being a most valuable citizen. Mr. Chalmers traced Mr. Cooper's career, touched on his many community services, and stated his appreciation of the publicity given by his paper to every worthwhile community project. In his mind three characteristics predominated in the retiring publisher, humanity, individuality and sense of humor.

In his reply, the veteran publisher stated his pleasure at meeting so many of his former editors, and proffered his appreciation and heartfelt thanks for something which he did not expect. His actions had always been prompted by a sense of duty. "Life", he said "is only hard when you think work is hard", and this was not so in his case. He enjoyed his work and felt well rewarded at the honor bestowed on him by the Board of Trade this evening.

LIFE MEMBERSHIP IN W. N. A.

Mr. Bert Ford, editor of the Lacombe Globe, and president of the Alberta Division, Canadian Weekly Newspapers Assn., thanked the Board of Trade for their friendly and charming hospitality. He and his fellow newspapermen had been treated as royalty that it was well worth the inconvenience of a bad roads to reach here. He commented on the unique newspaper world which had been carried out in the table decoration.

He dwelt briefly with weekly newspapers in general of which there are 69 in Alberta towns and villages. These weeklies have a combined circulation exceeding 80,000, greater than that of the Edmonton Journal, the biggest daily between Winnipeg and Vancouver. Circulation in the weeklies had increased from 51,000 in 1941 to better than 80,000 in 1953. Reason for the phenomenal growth was the deeper interest accruing from the close touch and homey atmosphere in which the weekly newspaper work is carried on. He then went on to extol the long record of Mr. S. R. P. Cooper in the newspaper world, stating that it was an outstanding and seldom equalled career. He then presented Mr. Cooper with a nicely framed certificate, attesting his membership in his cherished Alberta Division, Alberta Weekly Newspapers Association.

Editor Cooper in expressing his thanks mentioned several achievements of the Newspaper Association which were of material aid to publishers. He was very pleased to think that his contribution warranted such an honor as that which had just been conferred on him.

The gathering then closed with the singing of the National Anthem

Museum on Wheels Launched by C.N.R.

To Tour Canada

MONTREAL — A Canadian National Railways train prepared as the only mobile museum of its kind in the world, was officially inaugurated at a ceremony here recently.

The Museum train will be shown throughout Canada and parts of the United States. It has three old time locomotives; a passenger coach of 1860; diner of 1875; sleeper of 1880; and three baggage cars of the 19th century (all museum pieces in themselves) which display hundreds of early railroad items.

The oldest locomotive of the 3 is No. 60, one of the last of the 4-4-0 wood-burners and the first standard gauge ordered by the Grand Trunk Railway in 1872. Locomotive 347 is a saddle tank switcher of 1904; and locomotive 674, a mogul type engine built in 1909, is the oldest locomotive still in service.

The sleeper features the ornate designs and carvings of its period, and the dining car of 1875 features silverware from 3 of Canada's pioneer railways, now part of the C.N.R. system. The passenger coach of 1860 has oil burning lamps, a stove at each end of the car and baggage racks good only for the carpet bags used at that time.

Official estimates from building reports are that Canada currently needs at least 750,000 more dwelling units if people are to be properly housed.

Don't fail to listen to the Vermilion broadcasts which commence this Saturday at 7:54 a.m. over CJCA, and which will be heard each Saturday from then on.

CLOVERLEAF LUMBER GRAND VERMILION JUNCTION

Dewberry Old Timer Dies At Vancouver

Dewberry and district mourns the death of Fred C. Clark who was one of the original settlers in this district, homesteading in the summer of 1905 before the C.N.R. was through. He and other original settlers, Matt Braithwaite and Thos. Porter drove from Edmonton and chose their homesteads in the Dewberry district. Later he and his sister Mrs. Andrew Brett, named Dewberry.

The deceased was a very successful farmer in this district for many years, retiring to live in Vancouver about eight years ago.

Mr. Clark was in his 82nd year and had not been in the best of health for the last two years, finally ending in a heart seizure from which he did not recover. He was born in Crediton, Ontario.

He leaves to mourn his passing his wife, three children Harold, Vera (Mrs. Bill Langlands) and Annie (Mrs. Leslie Douglas) and 6 grandchildren, all of Vancouver. There are also three sisters, Mrs. Ern Hodgson of Red Deer, Mrs. Andrew Brett of Red Deer and Mrs. Bert Keetle of Crediton, Ont. One brother Francis also of Crediton. Two nephews Milo and Gerald Hodgson live at Dewberry and nephews also Owen resides at Red Deer and Crediton.

Although he had not lived here for the past few years, Mr. Clark's passing is keenly felt especially by the old timers of the Dewberry district.

Princess Anne W. I. Notes

Ten members met at the home of Mrs. Geo. Dellman with the president Mrs. R. Mead in the chair.

The meeting opened with the singing of O Canada and the repeating of the Creed. Roll call was then answered with a helpful housecleaning hint. The returns from a card party $8.25 and receipts for catering of the lunch at the auction sale of the late Mr. Spencer $45.30 were turned over to the treasurer.

Mrs. Jessie Stroome was appointed official delegate to the Provincial convention this month in Edmonton. Mrs. R. Mead is accompanying her. Mrs. Geo. Mead was appointed director to fill the vacancy left by the resignation of Mrs. Wm. Hall due to ill health.

The topic was given by Mrs. Jessie Stroome, the subject being "Canada Day program of A.C.W.W." in Toronto in July.

The social was a nursery rhyme contest, capably handled by Mrs. Richardson. The winner was Mrs. Stroome.

The next meeting will be held at the home of Mrs. McIntyre on June 24th. Roll call answered with a hobby. Also, delegate's report.

Mrs. Geo. Mead and Mrs. Reeves will entertain. The meeting closed with Grace and the Queen. The hostesses served a delicious lunch. During this period magazines were exchanged and Charter members affixed their names to the Charter.

Everyone voted a successful meeting and a grand afternoon.

Clandonald News

The 18-hour rain which this district experienced during last week has left roads in an almost impassable condition in many places. However, given a couple of days warm sun and wind seeding should be underway by the end of this week. Although most everyone and particularly the writer would have preferred to have had the rain a little later, the improved moisture conditions will be of great benefit, there having been little snow during the winter just past.

BANKER TRANSFERRED

Allan Ramsay who was raised in this district and has been employed in the bank for some time has been transferred to Coronation. Before leaving a party was held in his honor when many friends gathered to wish him the best of everything in his new surroundings.

ATTEND COURSE

The local F.U.A. president Tom Loy and secretary Dennis McCormick were delegates to the three-day leadership course held at Olds recently. The writer has not yet had the pleasure of hearing a report from them but they will no doubt give a detailed report at the next regular meeting to be held in the Grange hall on Tuesday May 26.

Messrs. Kolotelejyk and McGuskin the new owners of the Clandonald hotel recently took over from Mr. and Mrs. M. Lacusta the former owners. Mr. and Mrs. Lacusta have now left town and plan to take a well-earned holiday before making any definite plans for the future. Their one child Lorraine is at present staying at the convent until the end of the school term.

DEATH OF ERNEST SMITH

As reported in last week's Stand and Ernest Smith, an old timer of the Dewberry and Clandonald districts passed away suddenly at Salmon B.C. about ten days ago. The late Mr. Smith homesteaded in the very early days of the district and carried on successful farming operations until 1945 when he and his wife disposed of their property and moved to B.C. Last reports are that Mrs. Smith who is a sister of E. E. Stockwell, is still in very grave condition with little or no hope held for her recovery. Mr. and Mrs. Smith visited in the district last fall and at that time seemed in very fair health.

Cliff Stockwell, a former old timer from Swanhurst, and now employed at Haliburton's in Edmonton, is now on his annual vacation and staying at his brother Ed's home. While here he was able to attend the wedding of his niece on Thursday of last week.

Other district visitors here for the Coulter-Stockwell wedding were Mr. and Mrs. Ed Kinch of Edmonton, Mr. and Mrs. R. J. Hagen of Birchlands and Miss Mabel Hagen of Red Deer.

PLAY A GREAT SUCCESS

The long heralded play "Too Many Relatives" was presented on Monday afternoon and was a resounding success. It proved a very successful night all round as the dance was also well attended and much enjoyed.

The play will be presented at Islay on Friday May 8th, 8:00 p.m.

Mrs. Wilkinson has now returned home from Edmonton and will spend the summer at her home here.

Another house moving took place last week. The house formerly owned by Mick Convey and family has been purchased by Jim Lawrence. The moving job was in charge of Bill Mix and as usual was accomplished in short order.

Stanley Dyjur and family are driving a new Plymouth.

Guy Grenier, well known old timer of the Dewberry and Clandonald districts is again confined to hospital. A speedy recovery is wished him by his many friends.

The date on your Standard label tells when your sub. is due

AUCTION SALE—of metal sheets from dismantled curling rink will be held Saturday, May 9th at 3 p.m. at the curling rink. The house located immediately west of the rink will also be sold. Material is now on display at the site of the sale. 43-3c

Islay Hospital Board Holds Organization Meeting

MR. JACK APPOINTED CHAIRMAN

The regular monthly meeting of the Islay Municipal hospital board was held in the hospital on April 9 at 2:00 p.m. All board members and the secretary attended

Preceding the regular business of the meeting the oath of office was taken by Mr. Jack and Mr. Inman, incoming members of the Board. The minutes of the preceding meeting were adopted as read.

Sixteen Years Ago Today

May 6th, 1937

Vermilion planned to join in Empire observance of Coronation Day and an elaborate program has been arranged.

Collections in the town department of taxes, streets lamp and light were all in excess of the first quarter in 1936.

Thirty-two Years Ago Today

May 6th, 1921

A three-day wind and dust storm followed by a steady rainfall are the chief weather events this week. Seeding has been in full swing for the past ten days. The land is in excellent condition and rapid growth may be expected.

The $10,000 hospital debenture was passed by a 493 to 104 vote.

The record of the meeting of Board of Trade luncheons was well attended by 62 members and the guest speaker was Major McMorris of the Soldier Settlement Board. The event was held at the Vermilion hotel dining room, under host Den Fischer.

Islay District Locks

The writer returned to the Islay farm on April 27th.

Spring work has been delayed due to a backward April and rain however with promise of brighter and warmer days field operations will soon go forward. The hills are purple at time of writing with crocuses and most of the birds are back in their favorite haunts.

First sowings of early garden seeds have been made and sweet peas planted.

Sloughs and pot holes show much less water than last spring.

There were several outstanding attendance and events out of which the writer was aided. It was pleasant meeting old friends and neighbors from both town and country. One Lymer and his wife brought along a baby lad of too small to be left at home. It was being fed from a bottle during the lunch hour. One old friend Martin McBride was observed seated on a studio lounge along with three members of the fair sex, all seemed to be enjoying the conversation.

Everyone at a sale seems to be most friendly. This one was a real get-together, and a time when there was no particular hurry.

At this season of the year hopes run high, and everyone looks forward to a good season, may these things be given, to each and every one in due time. Meanwhile it is well to remember, life does not come to an finishment; it comes only a day at a time. Even tomorrow is never ours till it becomes today, and we have nothing today's work well lived.

Kitscoty News

Jim Manson spent the week end at his home here after an enjoyable trip to points in B.C. and the U.S. He has been transferred to Paynton, Sask., where he is an employee of the C.N.R.

Mr. Oliver Seward was a guest at the home of his parents, Mr. and Mrs. F. O. Seward during his tour from the student minstrum Dr. Stephens College when they visited Vermilion and Lloydminster.

Mr. Gerry Blake spent last Saturday in Edmonton visiting with his father who is a patient in a hospital there.

The Kitscoty W.I. will sponsor a free demonstration of new ideas in the Tracy Memorial hall on Tuesday May 12th at 12:15 p.m. under the direction of Miss Shirley Haines Home Economist, Dept. of Agriculture. Everyone is welcome to attend.

Mother's Day May 10th will not be observed by an open service in the Kitscoty United church Sunday, look for further notice at a later date when it will be observed as Family Day.

Congratulations to Mrs. Elsie Latty and her singing pupils for the fine showing they made at the the Provincial Musical Festival held in Edmonton last week.

Mannville Local Items

Johnny Robinson of the R.C.A.F. now stationed at Claresholm was home for a few days last week.

Mrs. Wm. Grant who has been spending the winter at Grande Prairie was visiting with Mannville and Lloydminster on her way to Flin Flon, Man., to stay with her daughter Mrs. MacArthur. Mr. Grant is an old timer of the Minburn district and was visiting with his niece Mrs. N. MacKinnon of Mannville.

Maxine Leitch is teaching in Brentley for the rest of the school term. Mr. and Mrs. Rose Leitch and Maxine motored to Bentley on Sunday.

Sunny Hogan is working in Edmonton for the summer months. He is employed at the Liquor Control Board on the south side.

Next Sunday morning the children of the Anglican Sunday school are asked to bring their parents to Sunday school at 11 a.m. for the special Mother's Day service and to view the work that the children have been doing for the past few months.

The local hospital staff has been reinforced by two nurses from Germany. Misses Dorothy Bohne and Marian Salewski. Miss Britton has returned to Edmonton, relieving for Mrs. Gordon during her stay in Ontario is Miss Blanche Simmons of Minburn.

Mr. and Mrs. E. Ambler received word that their car stolen in Alberta time ago was recovered in Calgary.

The baseball dance on Friday, May 8th is an invitation dance and invitations may be obtained from any of the intermediate students. Good music will be provided and a lunch will be served during the evening. The proceeds will be used to help pay for the uniforms for the boys so it is hoped that a good number will attend. Incidentally, invitations must be presented at the door, so see some of the intermediate students before Friday night.

Don't forget the Mother's Day tea on Saturday May 9th sponsored by the United Church Evening group in Nash Memorial hall.

Mr and Mrs. D. Lepp were recent visitors to Sterling at the home of Mr. and Mrs. H. Nix, formerly of Mannville.

The teachers of the Vegreville Division recently held an evening rally in the Vegreville school. Several items of business were discussed including the possibility of the school division and the A.T.A. combining to provide a unified program of standardized tests for the Division. Mr. Facey spoke briefly regarding school problems. Mr. A. Aldridge spoke on Outdoors problems. It was a very interesting and informative address and held the attention of those present for an hour. Mr. Aldridge is director of guidance for the Province of Alberta.

Mr. Stewart of Edmonton met the local Civil Defence officers in Mannville on Saturday night to discuss classes etc. for Civil Defence.

Visiting with Mr. and Mrs. C. Gamble is Mrs. Arthur Fee, widow of the late Mr. Fee a veteran of the last war who passed away about two years ago. Mrs. Fee, a sister-in-law of Mrs. Gamble is on her way home to Toronto after a holiday in Vancouver. She returned from Emonton with Mr. and Mrs. Gamble, who spent the week end in the city.

Robt. Holden is a patient in the local hospital suffering from a chest condition.

Mrs. Allan Rostron received word on Thursday last of the death of her father Mr. Herman Diercks of Thorsby. Mrs. Rostron and Carol left on Friday by bus. Her brother Johny Diercks flew from Victoria and the rest of the family live in or near Thorsby. Mr. Rostron left on Monday evening to attend the funeral which was held on Tuesday. The sympathy of the town and district is extended to Mrs. Rostron at the loss of her father. They are old timers of the Thorsby district.

Word has been received of the death of Arthur E. Everest, an old timer of the Mannville district who has been away from here for a long time. He had been living with his daughter Mrs. R. A. Moore of Bastile for several years since his retirement at Dawson Creek. Mr. Everest was a South African war veteran and passed away in the Daughterney hospital. Burial took place in "Field of Honor" Mt. Pleasant cemetery in Vancouver. Mrs. Everest predeceased him several years ago.

Change of Program Columbia Theatre

To those who already have the new calendar of theatre programs for May, attention is drawn to one change which has been made. On May 14 and 19 the picture "Fields of Danger" will be played instead of "Flat Top" as advertised. The replacement is an excellent picture starring Ray Milland.

Moose Jaw, Sask., git its name from an Indian phrase meaning "where white men crowded cart with low boxes of moose".

OUR COMPLETE SHORT STORY—

Murder Will Out

By G. PATRICIA WARBURTON

TONIGHT Cora would be killed. Every detail was carefully planned. Now the stage was set. There would be no mistakes. Cora would pay with her life for his years of suffering.

All that Cora had, all that Cora spent was rightfully his. The unfair will his stupid stepfather had made had left him little better than a pauper. Why should Cora have such wealth? Stupid Cora who did not even know how to enjoy money, but founded a Cat and Dog Home?

Even with all her money she had not managed to get a husband. No wonder, with her coy mannerisms, her giggling voice.

He had been clever. Never once, by word or deed, had he revealed his feelings. It was always "Good morning, Cora, how are you today?" when he met her. And after church he would greet her, "A lovely day, Cora, nice to see you."

Oh, he was careful. He took her to dinner three or four times a year, and she always invited him for Christmas dinner at the big house on the hill.

No one would ever suspect him. He smirked at himself in the mirror and bowed sardonically to his image. He looked inquisitively at his watch. Another few minutes and she would be here. He glanced round the room, taking in every detail. Everything was in place, everything fine. Cora would be surprised.

The lights were dim, the radio played softly, and the large easy chair was in front of the glowing fireplace.

He felt a surge of excitement. He lit a cigarette and wished savagely that she would come.

Then he heard her heels tapping along the hall. She always insisted in wearing high shoes with ridiculously high heels and looked as though she was about to topple over.

The shrill ring of the bell shattered the silence, and he flung the door open.

"Why, Cora, how nice you look," he murmured.

"Do you really like it?" she simpered.

"Marvellous," he replied quickly, wondering whether she meant the monstrosity of her hat or the mustard-coloured coat that did not enhance her pale white complexion in the slightest.

How stupid she would be if I told her the truth, he thought. He toyed with the idea while she removed her hat and fat and fluffed her hair, talking incessantly.

She was taken aback by the appearance of the room.

"What have you done to it?" she questioned. "It looks different."

"It's a long time since you paid me a visit, so I changed everything round."

She said nothing, and still seemed puzzled.

I mustn't let her suspect anything, he thought, and turned on all the lights. "There, that's better, isn't it?"

Patting on the lights seemed to reassure her for after a few minutes she was prattling on at a great rate.

"Will you have a cocktail, Cora?"

"Well, I suppose I shouldn't, but just one. I'll pretend it's a celebration."

Many a true word spoken in jest, he thought. If you only knew it, you're the celebration, or soon will be.

The cocktail was strong and Cora seldom drank, so her face became flushed, her eyes bright, and she didn't even notice when he turned out the lights and only the fire lit the room.

This was it. This was the zero hour.

He sat on the arm of her chair, close beside her.

She softened, but he went on talking and smoking, and gradually she relaxed.

Casually, he slipped his arm round her.

"You know, Cora, I'm very fond of you. Have been for years, and I often think of you." He put pathos into the last line, then got up quickly as though overcome with emotion.

He stood back behind her chair and lightly stroked her hair.

She seemed dazed at first, then as his hand caressed her neck, and fingers, not that way. SOS

"Poor Cora," he murmured, for she could not see the sharp, glittering blade.

He raised his hand, then brought it down quickly.

She sighed slowly, then toppled over.

He looked fascinated at the red stain on his hand, then shuddered. He looked up apprehensively.

"All right," boomed a voice. "Time out for lunch. Everybody back on the set in an hour."

(Copyright, Wheeler Newspaper Syndicate)

There are five climatic zones—two frigid zones, two temperate zones and one torrid.

Worry of FALSE TEETH Slipping or Irritating?
Don't be embarrassed by loose, false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable degree of comfort and security by holding plates more firmly. No gummy, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug store.

UNDAUNTED BY DAMP WEATHER! — While in Scotland for the lashings of the new royal yacht Britannia, Queen Elizabeth stepped off at Clydebank to see completion of a new housing project. Undeterred by the rain which greeted her, and sheltered by an umbrella and a macintosh, the Queen is seen on tour of project accompanied by the Clydebank provost, Alexander Brass, at right.—Central Press Canadian.

Exchange Of Farmers Again Been Approved

REGINA—The exchange of farm workers between Ontario and Saskatchewan has again been approved by the Federal-Provincial Farm Labour Committee.

Committee Secretary, L. J. Hutchison, Director, Farm Labour Division, Agricultural Representative Service, Regina, said the group had recommended the movement of 200 men from Saskatchewan to assist in haying and harvesting in Ontario. After completion of that work the Committee has requested that if required up to 1,500 eastern harvesters be brought to Saskatchewan for the harvest in this province.

Mr. Hutchison stated that 1,074 Ontario workers came to Saskatchewan last year under the excursion plan and from 2,000 to 4,000 others came on their own. The Committee Secretary emphasized that the number recommended may be revised on the basis of the extent and condition of the 1953 harvest.

The Farm Labour Committee has also considered the problem of domestic help on Saskatchewan farms and has suggested that the federal labour department explore the possibility of bringing domestic immigrants from the British Isles.

A further contingent of immigrant German farm labourers is expected to arrive at the east coast soon. Those who landed at St. John on April 20 are now being directed to farms through the National Employment Service. Of these, 39 are being allocated to Saskatchewan.

Eggs Were Omen Of Things To Come

PITTSBURGH, Kan. — Several weeks ago chickens at the Howard Windsor farm, near Pittsburgh, began laying double yolk eggs. Windsor jokingly told his wife, who was expecting that it might be an omen.

April 1, a son, on the couple's farm gave birth to twin calves.

Recently Mrs. Windsor received her visit from the stork. She got twin boys.

PROUD RECORD

CALGARY—Mrs. Helen Grasnick, nurse-technician, has closed a six-year Red Cross career after taking a total of close to 70,000 blood donations. She helped to establish the Red Cross blood donor clinic here in 1947.

Body Of Mammoth Discovered

EDMONTON—A former gold miner told of finding in Alaska of a man-moth's body just as it was 50,000 years ago with flesh and hide intact.

Frank Kelly, now a gas station operator at Fort Nelson, B.C., said in an interview he was on an open-pit mining crew which uncovered the body along with those of a mammoth calf and a tiny horse in the Chatanika river country near Fairbanks.

"The animal appeared just like it was in real life" said Kelly who is in Edmonton on a visit.

He brought here an 11-pound tooth from the mammoth somewhat similar in appearance but twice the size of a present-day elephant The tooth was nine inches long with a seven-inch grinding surface

Winnipeg To Re-Open Schools In August

WINNIPEG—It probably will rank as sabotage in the eyes of the school kids, but the Winnipeg School Board has decided to re-open city schools in August instead of the usual September.

The date is Aug. 31, but it's still August.

A board official explained that Aug. 31 falls on a Monday, and if schools were re-opened Sept 1 the school year would include only 199 days. The one day short of the minimum 200 days necessary to collect Provincial grants.

Australia's population was estimated at 8,538,000 at the end of 1951, 1952—about 164 000, as against 194,000 for the year 1951.

Short Grain Crop Foreseen

OTTAWA—According to the law of averages, Canada can look for a short crop of wheat any year now, Dr. High C. D. Howe, Minister of Trade and Commerce, warned in the House of Commons.

The minister denied the suggestion of Hazen Argue, (CCF—Assiniboia), that there was a glut of wheat. Out of Canada's abnormally big crop last year more than a normal crop of wheat had already been sold.

If we could move it faster we would sell more said Mr. Howe. The difficulty is in transportation rather than in sales But it is my opinion and I think the opinion of responsible men around the world, that there are a glut of wheat. Out of Canada's abnormally big crop last year more than a normal crop of wheat had already been sold.

If we could move it faster we would sell more said Mr. Howe. The difficulty is in transportation rather than in sales But it is my opinion and I think the opinion of responsible men around the world, that there are a glut of wheat. Out of Canada's abnormally big crop last year more than a normal crop of wheat had already been sold.

"It may be understood that this Country has had seven or eight years of abnormally large crops. The law of averages works over a period, and we are due at any time for a short crop. I may say that the moisture conditions over the prairies this year are not too promising."

CANADA'S POPULATION

In the 12-month period June 1, 1951 to June 1 1952 Canada's population increased by 421 000 — 14,000,000 to 14,420,000 according to DBS estimates. In the six-months period June 1 1952 to Dec. 1, 1952, the increase was 194 000, bringing the total to 14,614 000. This slowing down in our rate of population growth is due almost entirely to the smaller number of immigrants in

Second New School Opened At Mannville

MANNVILLE — The second new school within a period of four years was officially opened on Thursday, April 23rd by Dr. Swift, Deputy Minister of Education. The first school was opened four years ago by Premier Manning and has been much appreciated by both pupils and teachers and the district as a whole.

Mrs. C. Finlay as President of the Mannville and District Home and School Association, introduced the guest speakers of the evening, Dr. Swift, Mr. Facey, Superintendent of Vegreville S.D., and Mr. Hinton, Chairman of the school Division.

Mr. Hinton remarked in his talk that when the second school was planned it was undecided as to how many rooms should be built and six were finally decided upon — which now adds up to 15 rooms and 15 teachers for September of this year. When Scotstoun and Leaside come into town by bus this fall, only one out of 13 schools will be left of his former division. Among the reasons for bringing country schools to town by bus are the teacher shortage and the fact that the rural people have the rural privileges also. It is hoped Mr. Hinton could be present soon in the new school for Home & Schools in the Provincial Hall for the new school has cost $60000 without any playground or landscaping.

Mr. Hinton spoke a few words of appreciation for Mr. Henderson who retired from the Divisional Board this year. He said that one time he figured out that they had made 170 trips and driven 15,000 miles together and forth to Vegreville and Edmonton, and that many times they had been mistaken for brothers in the past fifteen years.

Mrs. Finlay, on behalf of the Home and School Association called on Mr. Henderson, presenting him with a small token of appreciation from the district. His achievements speak for themselves.

Mr. Henderson thanked Mrs. Finlay and the Home and School Assoc. He expressed his pleasure in being able to help plan both the first school and this new school and he hoped that his plans for the safety of the children would be carried out in the driveway and walks where they were added. Also that the evergreen hedge started many years ago by Mr. Newlove would be extended around the school yard.

Mr. C. C. Torrance as Mayor of Mannville and also a member of the local school board expressed very deep appreciation to those responsible for the new school on behalf of the local council and the citizens of the village and district. He marvelled at the interest and time Mr. Henderson put into the school work, nothing was too much trouble nor took too much time. And the respect and admiration of the people of the district was shown in the way that Mr. Henderson was greeted by grown-ups and children alike.

Solos were presented by children of the new school. Gail Mercer in "This Little Light of Mine" and Brian Scoggins in "How Much Is that Doggie in the Window", Miss Joyce Scott accompanied by her father, Mr. Castle Scott sang "Keep It a Secret."

Mr. Facey expressed his appreciation of the soloists of the evening. He always liked to see and hear the children perform. Although he had only worked for 9 months with Mr. Henderson he thanked him for his services and his help in the start of the new school. He painted a future picture of the Home Ec room and mentioned how proud the Vegreville School Division was of the new building.

Mr. Facey introduced Dr. Swift, a former teacher, Principal of high and Normal school, Superintendent of Schools and now Deputy Minister of Education. He also remarked upon the fact that Dr. Swift had officiated at sufficient such affairs as to be wise enough to leave his hat in the car. At the opening of the other school Premier Manning had much difficulty in finding his hat and at the opening of the new school at Minburn Mr. Aalborg had lost his hat.

Dr. Swift also spoke in praise of Mr. Henderson, reading a poem as a tribute to him. He was pleased that the people saw fit to honor him while he could still appreciate it and on just as lunch was finished and many took the opportunity of looking through the school. It is truly a beautiful building and the evening was thoroughly enjoyed by the large number present.

News Notes From Your District Home Economist

Sour Cream Recipes

Do you often have sour cream and not know how to use it up? Here are two simply recipes:

Sour Cream Frosting: 3 Tablespoons sour cream: 3 tablespoons of butter; 1½ cups confectioner's sugar; a little salt; ½ teaspoon of vanilla.

Cream the butter, add sugar and mix until thoroughly blended and smooth. Add cream, salt and vanilla and beat well. Will frost a two-layer cake standard size.

Sour Cream Salad Dressing. (Uncooked): 1 cup sour cream; ½ tablespoon salt; ½ cup water; 1 teaspoon onion juice; ¼ cup vinegar; 2 tablespoons sugar; 2 minced hard boiled eggs. Mix sour cream, salt, onion juice and minced eggs. Add vinegar and water. Stir thoroughly and pour over salad.

Nylon Notes

Just a few hints when you are cutting and basting nylon. Because nylon is so strong you need good sharp scissors and fine sharp pins. Size dressmaker pins are excellent.

Leave a good seam allowance as smooth nylon yarns tend to fray. For this reason it is a good idea to run hatches over and instead of into the seam allowance. Some pattern layouts give you a choice between cutting the garment on the straight or on the bias. In such cases, choose the bias layout. If you are using a tightly woven nylon fabric, like taffeta, it can be stitched more smoothly and easily on the bias than on the straight of the goods. Baste as you do with any garment — Remember, use a fine, sharp needle!

Death and Funeral Of Mrs. W. N. Vivian

The citizens of Riverton community were shocked to hear of the passing of Mrs. Walter N. Vivian in the Lisay hospital on Tuesday, April 28, after a short illness. She will be sadly missed by her husband and family and her many friends.

Born at Kings Lynn, Norfolk, England, on June 26th, 1881, 71 years ago, she was the third daughter of the late Thomas and Margaret Gagen.

In 1901 she came with her parents, brothers and sisters to Canada where they lived in Manitoba.

On April 2nd, 1903 she married Walter Noble Vivian at Reston, Man., where she lived on a farm with her husband until the spring of 1911. Then they moved to a farm near Laverna, Sask., and lived there for over 23 years. They then moved to Riverton, Alta., in the fall of 1934, where they resided on their farm ever since.

The deceased was keenly interested all her life in community affairs and enjoyed having her friends and neighbors around her.

She is survived by her loving husband, two daughters, Mrs. Milton Hill (Joyce) of Coyet, Sask.; Mrs. Ted Allan (Amy) of Marwayne and two sons Dick and Donald of Dewberry and seven granddaughters and six grandsons. A granddaughter Doreen Hill is taking a Psychiatric Nurses' course at the Saskatchewan hospital in North Battleford, a second granddaughter Mrs. Darrell Wemel (Vivian), lives in Whitehorse, Yukon, and a grandson Earl Hill is employed by Canada Packers, Edmonton.

She also leaves six sisters Miss Sarah Gagen, England; Mrs. Thos. Corbett, Mrs. Al Harris, of Plenticstone, Man.; Mrs. Wm. Greves, of Wilkie, Sask.; Mrs. Bert Greves of Farmdale Hill, Sask.; Mrs. William Jenkins, Shawnigan Lake, B.C., and two brothers Harry and Jack Gagen on Vancouver Island.

The funeral service took place on April 30th from Riverton school and burial was in the Dewberry cemetery.

Rev. Bavelon officiated. Pall bearers were Frank Parr, Bert Parr, A. B. Wood, Peter Hanson, Vern Sinclair, E. R. Spicer. Mrs. D. H. Mathison rendered a solo "In the Garden" accompanied by Mrs. Hamilton at the piano. Funeral arrangements were conducted by Moyers Funeral Home, Vermilion.

Beautiful floral tributes were received from Loving husband, Dick, Janet and family, Donald, Jean and family, Ted, Amy and family; Milton, Joyce and family; Granddaughter Doreen; Sisters Ottie and Daisy; Louie and Will; Bob and Ada. Her sister-in-law, Mrs. Al Parr, and Mrs. Geo. Berry and Harold; Nephew Harry Family, Isabel and Ray Etherington, Duncan and Hugh Mitchell; Riverton Ladies club; Mr. and Mrs. W. S. McLean; Mr. and Mrs. M. S. McLean; Mr. and Mrs. H Hathaway; Mr. and Mrs. Boothman Sr. and family; Mrs. Greig, Bill and the girls; Mrs. Durnin and family; Mr. and Mrs. Wm. Hansen and family Friends frm surrounding community.

Contributions to the Red Cross in lieu of flowers: J. L. Jenson, Chas. Kinderlie; Jean Clarke, Mrs. Joy; Mr. and Mrs. Peter Hansen, Mr. and Mrs. Clayton Hansen; Mr. and Mrs. V. Sinclair; Mrs. ..... Mr. and Mrs. F. Parr; Mr. and Mrs. B. Timmerm; Mr. and Mrs. Thos. Applegate; Mr. and Mrs. Leo Mustain.

Mr. and Mrs. H. Mathison; Mr. and Mrs. C. T. Skinner; Mr. and Mrs. Wm. Madden.

Contributions to the Cancer Fund in lieu of flowers: Mr. and Mrs. Bert Parr; Mr. and Mrs. D. Volker, Grace Wood; Mr. and Mrs. J. Hong; Mr. and Mrs. C. Sinclair; Mr. and Mrs. C. Hendrix, Sr.; Mr. and Mrs. N. Mathison; Mr. and Mrs. W. Braithwaite; Mr. and Mrs A. B. Wood; Mr. and Mrs. F. Stone; Mr. and Mrs. R. E. Walker; Mr. and Mrs. W. Holmes; Mr. and Mrs. G Mathison; Mr. and Mrs. D. H. Mathison; Mr. and Mrs. G. Hodgson; Mr. and Mrs. J. Hansen; Mr. and Mrs. V. C. Dennill.

Contributions to the Crippled Children's Fund: Mr. and Mrs. Midgley; Mr. and Mrs. D. Munro, Mr. and Mrs. John Mathison; Mr. and Mrs. Sol Lemp; Mr. and Mrs. Alf Rehman; Mr. and Mrs. Hasyluk. Mr. and Mrs. Thos. Lee; Mr. and Mrs. E. Garnier. Mr. and Mrs. W. Protsch; Mr. and Mrs. R. Protsch; Mr. and Mrs. F. C. Walker; Mr. and Mrs. N. E. Jones; Mr. and Mrs O. E. Lunden. Mr. and Mrs A. H. Stone; Mr. and Mrs. W. Parker; Mr. and Mrs. J. S. McKay.

CARD OF THANKS

Mr. Walter N. Vivian and family would like to take this opportunity to tender their sincere thanks for the care that was given to Mrs Vivian by the staff and Dr. Sweet while she was in the Lisay hospital.

Walter N. Vivian.

Canada's population should advance beyond the 13,000,000 mark this year.

FAIRBANKS-MORSE
Shallow Well EJECTOR Water Systems
A Completely Assembled, Packaged Unit
AUTOMATICALLY SELF PRIMING
QUIET OPERATION
This quiet, compact owner system is ideal for home use. It provides all the water needed, even when two or three taps are in use at the same time. Low first-cost, plus low installation and maintenance costs, make the F-M Shallow Well Ejector a real bargain, too! It's all ready to put into use because it's a complete unit. The motor never needs oiling or greasing. The pump has only one moving part, and requires no lubrication. There are no leathers to wear, no leaks to replace, no valves to clean. Air balance in the pressure tank is maintained automatically. And, of course, it is guaranteed by Fairbanks-Morse. Let us show you this outstanding water system.

FOLLOWING THE TRAIL-BLAZERS
As Canadians push back the frontier — developing new areas, building new enterprises — banking service still follows the pioneer. Today, there are more bank branches to meet the needs of changing, growing Canada . . . they are being used more . . . they are doing more for more people . . . than ever before.
Since 1900, branches of the chartered banks have increased from 700 to 3,800. In the past ten years alone, 3,750,000 bank accounts have been opened.
THE BANKS SERVING YOUR COMMUNITY

Winners Of Poster Contest Announced

In connection with Forest Conservation Week, a poster competition was again held, open to all school pupils in the Western Provinces, with provincial prizes and a grand prize for the best poster submitted.

This contest closed on March 14 with a total of 916 posters submitted from the nine Provinces. Of these 244 Manitoba and Saskatchewan 287. Return were received from all over the West from over 200 rural and urban centres coming from small forest and farm communities and apparently nearly 15,000 students assisted in the preparation of posters.

As the main objective of the contest was to interest the young people in conservation, and increase their knowledge of the importance of our forest resources, this understanding met with considerable success. Through the number of the entries was less than in 1952 the schools represented indicated a more complete coverage of the West than was the case in the previous contest.

Each year conservation classes are held by Association members and officers in hundreds of Western schools attended annually by over 150,000 school pupils. This contest serves to increase the effectiveness of the Association's work among the young people. A large number of effective and interesting posters were received and some of this material will be used in our publicity campaigns in conservation.

The Alberta entries were judged under the direction of Mr. E. J. Hurstis Director of Forestry for Alberta in Saskatchewan Mr. E. J. Marshall Director of Forestry for Saskatchewan appointed a panel of judges. Manitoba posters were judged by a panel of judges with Mr. J. G. Rogers, Provincial Forester of Manitoba as Chairman. The grand prize winner was selected by the Manitoba judges.

MANITOBA

First Prize — $75.00, Steven Hawke, Marlboy School, Winnipeg, Manitoba.

Second Prize—$15.00, Barry Podolsky, Marlboy School, Winnipeg, Manitoba. **Third Prize — $10.00**, Lloyd Lee, Earl Oxford Junior High School, Brandon, Manitoba.

Five Honourable Mention Prizes of $1.00—Elizabeth Sadowsky, Eastwood High School Edmonton, Alberta; Helen Iwaszy Eastwood High School, Edmonton Alberta Gerald Smith, King George School Calgary Alberta; Dorothy F. Smyth, Prairie River School, High Prairie Alberta, Sophie Mckintosh, Keg River School, Keg River Alberta.

Funny and Otherwise

The reporter began to ask his questions "What made you a multi-millionaire?" he asked.

The terribly rich man looked pensive. "I think you can say my wife can be replied at length.

"I see, her loyal help—"

"No, no. I was curious to know if there was any income she couldn't live beyond."

A banker "$31."

A shotgun with abundant charms shot her boy friend and then cried her way through her trial. For days the jury gazed upon her beauty, and finally assumed their verdict.

"We find the defendant breathtaking, entrancing, wholesome, lovable and, yes—not guilty."

"I've come to tweet the bird you wrote about," said the plumber to the woman who answered the door.

"But so didn't send for you, said the woman.

"You're Mrs. Green?"

"No. Mrs. Green left here two months ago — before we moved in."

The plumber turned to his boy. "Would you believe it, Bill? Funny swalling for us to do a job and then nosegay!"

Two waiters were standing by the table over which the tired diner had fallen asleep. "I've already ordered him twice," said the first waiter, "and now I'm going to wake him a third time."

"Why don't you have him taken out?" suggested the other.

"Not likely," whispered the first waiter. "Every time I wake him up he pays his bill and tips me."

A hypochondriac told his doctor in great detail how he had a fatal liver disease.

"Nonsense!" retorted the doctor. "You wouldn't know whether you had this or not. With that disease there's no discomfort of any kind."

"I know," gasped the patient. "My symptoms exactly."

Insurance Manager — What do you do with all those pictures when you paint them?

Artist—I sell them.

Insurance Manager — Great! Name your own figure and come to work Monday. I've been looking for a salesman like you for years.

Home Workshop

THREE HEN HOUSES

You will be sure to have interesting tenants if you put these housing in trees, on poles in the garden or on the garage. Wrens prefer to be near your dwelling. Make up these houses now and put them out just before they will be needed for the second brood of the 1953 season. Three houses all on Pattern 841, price 25 cents.

YOU CAN MAKE THIS SET

All you need to make these new lamp units is common timber in stock store, a few simple tools and screws. Just follow the dimensioned sketch and the units Alma are bolted in place after painting and covering. Use spring or foam rubber cushions. One-two-three portable steps on Pattern 340 price 20 cents.

Send thirty-five cents (35c) for each pattern. Write plainly Name, Address and Number of Pattern. Send orders to

Home Workshop Pattern Service,
Prairie Publishers Limited,
4468 West Fifth Ave., Vancouver, B.C.

Cars Parked Cheap In Police Garage

VANCOUVER — Motorists have found a cheap place to park — the police garage.

Police Chief Walter Mulligan complained too many drivers whose cars are impounded for traffic infractions are leaving them in the police garage for days.

The reason—the storage charges are only 50 cents a day.

But now things will be different. The fee will be 50 cents a day for the first three days; and then it will jump to $2 a day.

When a Mountain Smothered a Town

Fifty years ago the town of Frank, Alta., was buried under 30,000,000 tons of limestone that fell off Turtle mountain. The slide, as it is called, shown clearly as a white slash on the mountain face. The town of Crow's Nest Pass is in the foreground.—Central

By C. P. STEELE
(CPC Correspondent)

FRANK, Alta.—There will be a fiftieth anniversary marked in the town of Frank on April 29, but there will be no joyous note. On the contrary, there will be a solemn thanksgiving to the Frank Slide of April 29, 1903, when much of the then booming Crow's Nest Pass coal town was buried to a depth of 100 feet in as many seconds.

The Frank Slide is one of the major disasters in Canadian history. The number of dead has perhaps never been positively established, there was no means of counting the toll of life. It varies from 66 to 100, perhaps more. The property loss was great, for the slide and Frank never recovered. In 1903, with its mines working full steff and few layoffs, it visioned a "Place in the Sun", as did a lot of western towns in the booming days at the turn of the century. But with the Slide those hopes were grimly wiped out.

Frank today is a quiet little village with most of the homes clustered along the rumbling Main Street, beyond the reach of further trouble from freezing Turtle Mountain. There are those who say Old Turtle will again strike, but you rarely hear this talk in Frank.

It happened at 4:10 in the morning 50 years ago April 29. The giant overhanging front of Turtle Mountain suddenly gave way, hurling a flood of limestone down on the sleeping town and destroying it. It rolled like a tide of death across the whole valley and the lives snuffed out would have been greater had not many of the pit workers been on shift and so escaped.

The Alberta government erected as inscription on the site of the Slide, telling in a few words the poignant story of the vast tomb that still meets the eye of travellers over No. 3 Highway through the Pass. Here are the words:

"Disaster struck here at 4:10 a.m., April 29, 1903. A gigantic wedge of limestone 1,200 feet high, 4,000 feet wide and 300 feet thick was moved down from Turtle mountain and destroyed the town of Frank. Seventy million tons of rock swept over two miles of valley, taking 66 lives and burying numerous houses, the mine and railway, along with 3,300 acres of fertile land to a depth of 100 feet in 100 seconds."

It was a bleak morning—the 29th not April, 1903. In many of the little colliery homes the women and children were alone. The menfolk were on night shift deep under Old Turtle, called Turtle, so time because of its rounded, bulky shape, somewhat like the back of a turtle except that it was deeply crevassed.

Strange tales had grown up around Turtle mountain. There were old prospectors talked of when folks got together that some day the mountain would fall. Tigge legends, for men they were, stemmed back to the Indian days. One heard them, but dismissed them.

But Old Turtle did shake itself loose that fateful April morning, working full steff and few layoffs, it visioned a "Place in the Sun", as did a lot of western towns in the booming days at the turn of the century. But with the Slide those hopes were grimly wiped out.

Mrs. Addie Mead Writes From Above the Atlantic

North Star, Above the Atlantic.

Hello Vermilion—

So many of you have kindly asked me to write, and this is such a wonderful experience that I would like to share it, to some extent at least with all of you.

The Captain (Mr. Beatty) had just sent back a bulletin stating that we are 630 miles west of Ireland, Airspeed 228 m.p.h., altitude 17,000 feet. We will pass just south of Ireland and fly up the Bristol channel.

There is no sensation of speed nor altitude, just the steady drone of the motors, and the noise isn't nearly so loud as on some of the smaller planes.

We left Montreal at 9 p.m. April 22nd in a rain storm which we soon cleared, and later at one point could glimpse the tip of the moon above our wing. We landed at Gander in heavy fog and had a 45 minute stopover. During that time we became a friendly group of 45 pe ple with much in common. I wish I could tell you about the very fine people I met. Leaving Gander we climbed quickly to the present altitude and sped on down through the night. We flew high with the sun starting a rosy sheen over it. Even my great anticipation could not conjure up a picture such as this. At times the clouds appear as a snow covered lake beneath us, and then like snow covered hills which we suddenly glide through. We had only one glimpse of the ocean but are hoping to see it near Ireland.

The time is passing very quickly with reading and cards and making friendly contacts. My seat was and I are writing home between Canada notes. My seat mate is a Vancouver lady who is covering the Coronation for the Victoria Times and a Vancouver magazine and we are enjoying every moment. She has a married son in Wales and had been over before that time.

At 1:30 p.m. we had a fleeting glimpse of land which quickly disappeared beneath us as we passed over Pembroke. We sailed up the Bristol channel and at 5:30 p.m were passing over Cardiff and the country beneath resembled a beautiful huge patchwork quilt more than anything I could think of, with shades of green, blue, russet brown and purple. To say that we have been able to see the countryside clear and plain for the past two hours. Soon we were passing over beautiful green England.

It is now 8:30 and the sun is just beginning to set. We are flying at 15 minute intervals. Our next stop will be Prestwick, Scotland, and a school teacher of the same town as my secretary. Dr. Dewberry officiats are Tom West president and Stan Chodak secretary. Dr. Dewberry is to have been played at Dewberry on Sunday but Chodanski defaulted due to the very bad roads. Much credit is due to Vic Deuvill of Dewberry who secured the loan of the uniforms the team here.

Barely Keen has taken over the Dewberry dray.

Sympathy is extended to three well known Dewberry families who have recently been bereaved by the deaths of Ernie Smith, Fred Clark and Allen Moss.

Dewberry soft ball girls are again on the war path looking for some girls' team to play. They have formed the able to field a strong team this year.

Jim Gardner is ill in hospital and is sadly recovery is wished him.

Neighbor Mrs. Sunday Mr. and Mrs. Rene Bessman out driving. Mr. Bowman still handles his car a lot better than some young drivers.

Jen Jensen has a new truck. Looks like more new cars coming into the district soon.

Field work has been impeded after the rain. No seeding as yet. The grain seed has been raised and other 3 bushels on a supplementary basis.

Bowtell Bulletin

The writer is sorry to report that Mrs. R. Carroll is a patient in the hospital at this writing.

Thanks to Mr George Lyons for donating $5 to the ball team.

Deepest sympathy is extended to Mrs. J. Brady who was recently bereaved by the decease of her mother in Edmonton.

Hello Mr. and Mrs. Walter of Royal Park, we are glad to hear that you still look for our news column.

The April meeting of the Busy Bees was held at the home of Mrs. Lou with 10 members and one guest present. Mrs. Gilmour. At roll call members replied to a hobby and collection. Next meeting to be held on Saturday afternoon May 16th in the form of a tea. Delicious lunch was served by Mrs. Robinson at Mr. Lou's request the busy members of Mrs. Lou's.

Local work was the subject next week if the boys will be interested. Wood for the school and seeding and treating grain.

Visitors welcome at the next meeting be for the month of Mrs. Gilmour. Mrs. Cameron Mrs. Cummings Mrs. Dawson, Mrs. Lou, Mrs. Robinson and Jack Robinson.

Mrs. J. Riddle, accompanied Bob the left Monday on a new Chevrolet car for Rochester. At Bertis a huge they will reside in the future.

Mr. and Mrs. H. Dodd and Terry visited at the Glen and Bob's home on Sunday. Mr. Dodd was an elevator man at Bowtell for a few years ago.

This news bulletin was written for last week's Standard please make allowance for elapse of time.

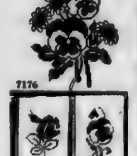
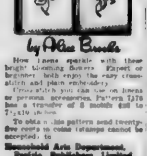
Patterns

Sparkle for Linens!



2176



by Alice Brooks

How I envy sparkle with these bright blooming flowers. Expert embroiderers both enjoy the easy cross stitch and plain embroidery.

Transfer with pink iron on linens or percale accessories. Pattern 2176 has a transfer of 8 motifs each 5x7 inches.

To obtain this pattern send twenty-five cents in coins (stamps cannot be accepted) to

Household Arts Department,
Prairie Publishers Limited,
60 Front Street W., Toronto.

Be sure to write plainly your Name, Address and Pattern Number.

TEN COMPLETE PATTERNS to sew, embroider, crochet—printed in the new 1953 Alice Brooks Needlecraft Book! Plus many more patterns to send for—including ideas for gifts, home accessories, tops, fashions! Send 25 cents now!

Most common form of deafness is caused by hardening of all the tiniest eardrum and middle ear cavities.

Helps You Overcome

Itching of Piles

Or Money Back

You do not have to be tortured and embarrassed by itching torments and burning pain of your rectal trouble. Just get a package of Hem-Roid, an external ointment, at any drug store. Use as directed. If not delighted with the quick relief you experience, return package to us and get your money back. Only 60 for the 1 to 2 weeks' package. If you are not 100% pleased with Hem-Roid, it will cost you nothing to try it. Entire Hem-Roid treatment by all drug stores.

Demonstration Of Tree Planting On Saturday, May 9th

AT THE FAIR GROUNDS

On Saturday May 9th, starting immediately after lunch a demonstration of tree planting will be staged on Vermilion fair grounds and adjacent property. Trees are being provided by the Provincial department and the planting done by experts under the direction of Mr. Peter McCalla and Mr. N. N. Bentley. The trees are designed to improve the appearance of the recreation grounds which are prominent from the western approaches to the Town of Vermilion. All farmers and others are very cordially invited to attend the tree planting demonstration. 42-3

Committees Appointed For May 18th Sports

START PLANNING NOW

At an executive meeting of the Vermilion Amateur Athletic Association the following committees were appointed to handle the various phases of the sports on May 18, the town's annual sports day. The magnitude of the work involved will be realized when it is known that no less than 7 ball leagues are being played at one time or another on the day. The program at the Vermilion sports is the most comprehensive of any held in the west, there being something for everyone.

The first named of each committee is the convener and the committee is responsible for preparing the grounds, arranging for umpires, scorekeepers, benches, water etc. If in doubt about any question contact President Jack Brown or the Secretary Fred Stewart.

Concerts, Bandsmen, Etc.

Fred Stewart.

From Ivy Halls

Most of the 11,000 students leaving universities this spring have already committed themselves to jobs.

The good job outlook, reports The Financial Post, is due to a combination of low birthrates in the thirties resulting in fewer men in their twenties today, manpower demand from a growing economy, the armed forces and defense industries, plus a market for lots of smaller firms demanding university trained help.

Engineers are in the shortest supply.

The World of Wheat

By H. G. L. STRANGE
Director "The Crop Testing Plan"

The records of reserve or stored up moisture available for the coming crop reveal that the general over all moisture condition weighted for acreage, is now 80% of normal, compared with 120% last year. This includes stubble and summerfallow and all grain. Summerfallow has better reserve moisture than this average of 90 percent, and stubble fields have decidedly less than this 80%. This, then, is a good year for farmers to consider carefully how much stubble they should sow, or whether it might be wise to sow less stubble than usual and summerfallow that stubble land. Each farmer, of course, must use his own discretion. In we have only the normal amount of moisture during the coming growing season then we shall no doubt see good yields on summerfallow and poor yields on stubble. If on the other hand we have abundant rains better than average, during the coming growing season, then no doubt, we shall have good yields on both stubble and summerfallow, so everything depends on the rains that will occur between now and July 31st. All one can say is that at this moment the odds are against a good crop being harvested on land that is stubble or sown to a crop last year.

It is estimated that rheumatic diseases cause 30,000 Canadians to be off work every day.

JACK BROWN, President FRED STEWART, Sec.-Treas.

Frank J. Hogan

whose appointment as Treasurer of the Chrysler Corporation of Canada, Limited, has been announced by K. C. Rew, President and General Manager. Mr. Hogan, a native of Windsor, Ontario, joined the Corporation in 1925 and for the past several years has served as assistant secretary and assistant treasurer.

Safety and Your Farming Operations

Surveys have shown that the accident rate increases alarmingly during the spring season. The tractor is the worst offender, says C. A. Chesshir, Extension Engineer, Alberta Department of Agriculture, but machinery, during seeding, or cultivating equipment can be dangerous when it is not properly handled. Be sure to keep safety in mind during the rush of spring work. Ten of the more obvious safety rules are listed here.

Don't let children operate tractors if a man aired job and a man aired machine.

Never allow youngsters, or even adults, to ride as passengers on the tractors. There's only room for the operator.

Keep away from soft ditch banks or steep side hills. For work crosswise of the slope widen the tractor tread to its maximum.

Slow down, and keep the wheel brakes locked together. Road gear and individual wheel breaking strikes a lethal weapon of the tractor.

Stop you tractor before refuelling.

Keep power take-off shields in place.

Never operate the tractor clutch from the ground. Use a hook to latch that implement from the tractor seat.

Slow to adjust the machine you are pulling.

Don't wear loose or ragged clothing, near any machine.

Never operate a machine while drowsy, stop and take a nap, then work refreshed.

These are only ten of the safety rules that must be observed constantly. There are hundreds more. Don't try to break them. Remember, the operator has to do the thinking not only for himself but for his machine as well. Results may be tragic if his thinking isn't clear.

Rat Control

An area 12 miles wide, extending west from the 4th meridian and north from the Cypress Hills to Provost, has now been poison-proofed in the rat extermination campaign started last summer by the Alberta Department of Agriculture. Farmers and others in the Shelby places in the area have been treated by the extermination crew to kill rats or gophers. Most Rat proofing is now complete on north of Provost in the Lloydminster area where a few cases have been reported.

W. Lobay, Supervisor of Crop Protection, Alberta Department of Agriculture, warns that this is the time of when rats are coming out of their winter quarters to infest new areas. Every effort of an infested or adjoining areas should be on the watch for rats now, be where. If any evidence is found, it should be reported at once to local agricultural authorities. District agriculturists can supply approved poisons and directions for their use.

Don't wait for the pest exterminator to do the work for you, Mr. Lobay warns. Unless owners are fully conscious of the rat problem and take part in cleaning up their property it becomes almost impossible to clean out the rats from any area. Cleaning up the debris around the farmstead, raking grasses and other movable buildings off the ground, and safe application of poisons wherever they are usually present are strongly recommended measures in the fight against rats.

UP IN SMOKE

Cigars released for consumption this year to April 1st, 37% above same period last year cigarettes up 18%, reports The Financial Post.

NEWS from ISLAY

Tuesday, and a hot day, time now to discard your woolies and if they are badly worn sack them up and bring them in, as Mrs. Frank Hutchineon is about to gather a shipment for woolen blankets, rugs, etc. And if you are housecleaning and have some good clothing suitable for Korea bring them in to Mrs. Stone, we have a box partly ready to go again and it doesn't need to be used clothing--we will be glad to get new things, baby clothing such as diapers, nighties, blankets, etc., the need is great.

On Sunday there will be a special service in the morning at 11:00 o'clock in the United church. This is family week and this is, or was, Mother's Day — but now is being called Family Week, so come with the children.

B. Tenley is busy these nights working up the garden lots, some like the plow, others the tiller, or the cultivator, and B. has them all with his little tractor.

Noticed Mr. Anderson having a big smoke, he was burning the stuff on his garden patch.

Catharine Carey is home for the holidays, having finished third year university.

Mrs. Carey, Catharine, Mrs. Fyfe, Mr. and Mrs. Neil McLennan all went to Kitscoty to hear the University choir.

The Home and School Association met in the school April 28th. It was a well-attended with 32 present. Mrs. Rose Pyle of the Health clinic addressed the meeting and we learned much of the workings of the clinic. Mr. Clarke, principal of the school explained our set-up, giving us something of the school works. It was the opinion of those present that we need another teacher in order to lighten the lower grades. We enjoyed a cup of coffee after the meeting. Watch for date of the next gathering.

Jim Hepburn has returned from Lulu Island, B.C. for a short time. Jim looks really well. And we learn that Mr. Tom White an Islay old timer is living there by Jim.

Spring time is close up time - let's make Islay clean!

Funeral Services For Mrs. Gertrude Gannon

Funeral services for the late Mrs. Gertrude Gannon of Vermilion, who passed away at the Vermilion hospital on March 31st at the age of 59 years, were held on Tuesday, April 7th, 1953 at 10:00 a.m. at the Holy Name church. Rev. Father Landrigan assisted by the Rev. Father McLean of St. Andrews, officiated. Interment took place in the Roman Catholic cemetery.

The pallbearers were Messrs. Jack McNeilly, James Kirk, Raymond Mercier, Val Buddiks, Jack Carey and Edward Dardis.

Mrs. Gannon (nee Gertrude Whobshani) was born as Chesterville, Ontario February 17th, 1897 and came to Islay with her husband John William Gannon in 1909. She was predeceased by Mr. Gannon on June 18th, 1929. Mrs. Gannon lived at Islay until 1938 when she came to live in Vermilion where she resided until her death.

She is survived by one daughter May Shattuck, two sons Tom and Cecil, all of Vermilion, one sister Mrs. Grace Howe, of Donald, Mich., and thirteen grandchildren.

A granddaughter, Been Shattuck was organist, while two grandsons Neil and Allan Gannon served at the Requiem High Mass.

Moyers Funeral Home of Vermilion was in charge of funeral arrangements.

Beautiful floral tributes were received from:

The Family: Art: Mr. and Mrs. Harold Miles and family; Carmen and Murray: Ruth, Harold and family; Mrs. Hodgins and Helen; Mrs. Parker and Kay; Miss Sullivan; Mr. J. Hope; Duncan McDermid; Bill Dyck, Bruce Winters; Val Buddiks and family; Mr. and Mrs. W. J. Bowman and family; Lottie, Ken and Elliott; Gertrude and Magnus Simonsen.

Spiritual Offerings: Kay and Jacon; Cecil and family; Tom and family; Dot and Jack; Art; Brian; Mr. and Mrs. Roy Howe; Mrs. Helen Fleck and family; Mr. and Mrs. Jos. Kirk; Mrs. Noonan; The Noonan Girls; Carmen Millar; Edwards; Marion, Leander and Mary Anne; Barney Powell; Mr. and Mrs. Lenly Carey; Grace Todd; Chris Bredshaw; Mrs. Sinnett; Mrs. A. Fisher; Frank Minard; R. Arnold and family; Mrs. Powell, Jimmy and Gerald; Mr. and Mrs. Jack McLaughlin and family; Mr. and Mrs. Lorn Edwards; Mr. and Mrs. Jos. McLaughlin; Alex le Bosigned and family; Alex Mardwell and family; Mr. and Mrs. J. McIntyre. The Gouthier Family; The Buhre Family; Mr. and Mrs. Barney Klashitsky; Mrs. F. Reeves; Logan Gow family and Mrs. Gag man; Thos. Rochford and family; Mr. and Mrs. Rochford and family; Mr. and Mrs McAleese; Lorne Wilson and family; John Tower Sr. and family; The Catholic Women's League, Sr.; Mr. and Mrs. Harold Miles; Bo-Dobeck and family; Mr. and Mrs. Pat McLaughlin; Mr. and Mrs. John Rowe and family; Mr. and Mrs. Gene Hutchinson; Mr. and Mrs. Joseph Perrier; Mrs. Rose McCumberidge; John Carey and family; Mr. and Mrs. Melvin Hill; Billy, Jack and Joe. Hill; and Leona McLaughlin.

Donations to the cemetery fund: Lee, Leona and Scott; Mr. and Mrs. John Arnold; The Gantons; Maurice, Minnie and family; Mrs. Dorcey Davies and family; T. T. Watts.

Donations to the Cancer Fund: Ella and Branson Earl and family; Mr. John McLean; Agnes, Gordon and Clarke Wilson; Mrs. H. McGaughey and family; Mr. and Mrs. Wm. Crow; Mrs. Crothers and Mrs. Riley; Mr. and Mrs. H. McCambridge and Francis, Roger, Ethel and Rita.

Donations to the Crippled Children's fund: Mr. and Mrs. Ed Utley; Mr. and Mrs. F. R. Carnes and family; Mrs. Redmond, Olive and Charlie; Mr. and Mrs. Harry Butler and Gladys; All Gladys' boys; Mr. and Mrs. O. L. Wolters; Mrs. W. H. Horton and family; Peggy Crothers and girls; Mr. and Mrs. S. James and family; Mr. and Mrs. G. Simmons; Mr. and Mrs. T. E. Cox.

CARD OF THANKS

We wish to take this opportunity to thank all our friends and neighbors for their kindness to us during our time of bereavement and for the Mass cards, floral tributes and memorials.

Kay and Been Shattuck and the Gannon families.

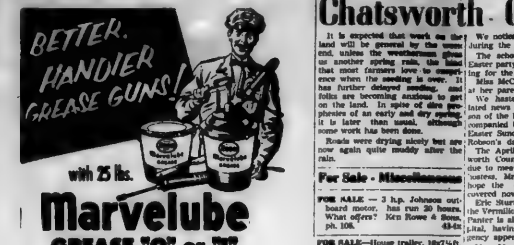
Don't forget Mother on this important day! We have a nice selection of Boxed Chocolates, and will have Fresh Cut Tulips on Friday and Saturday.

STEPHENS LTD.



Chatsworth Chatter

It is expected that work on the land will be general by the week end, unless the weatherman gives us another spring rain. It is felt that most farmers love to experience when the seeding is over. It has further deferred results, and folks are becoming anxious to get on the land. In spite of dire prophesies of an early and dry year it is later than usual, although some work has been done.

Roads were drying nicely but are now again quite muddy after the rain.

We notice cutworm moths flying during the last few evenings.

The school children enjoyed an Easter party previous to school closing for the Easter holidays.

Miss McCauley spent the holiday with her parents home at Islandview.

We hasten to add another belated news item — Mr. C. F. Robson of the King Edward district accompanied by Mr. Joe Good, spent Easter Sunday at the home of Mr. Robson's daughter, Mrs. H. Lund.

The April meeting of the Elsworth Country club was cancelled due to measles at the home of the hostess, Mrs. Arthur Towell. We hope the children are quite recovered now.

Eric Hurt has been a patient in the Vermilion hospital recently; Jim Panter is also a patient in the hospital, having undergone an emergency appendectomy April 20th.

Mrs. Margaret Kliisk, Mrs. Mc-Dicken and little daughter, and Pat McCormick of Clandonald, were recent visitors to Mr. and Mrs. H. Good's.

Leo Klassinsky is having some land brushed off in preparation for breaking later in the season. His brother George is doing this work.

61-tfx

A number of new machines have come into the district this spring. C. Hutchinson and R. MacDonell having new tractors.

C. Hutchinson and R. MacDonell took a trip east during the latter part of the winter, bringing back a new Mercury car for Hutchinson.

Mrs. McGaughey Sr. is a visitor to Edmonton.

Mrs. Arthur Burton who spent the winter months visiting relatives in Eastern Canada and the U.S. has returned home.

We made in a recent column of the Clandonald news a report of a motorist in distress, or, rather, in mud — waiting for someone to steer the car whilst he pulled it out with his tractor. The writer found the way out of this problem last year: being alone and having gotten stuck several times on muddy roads. The car was pushed out of a mudhole on a grade with the tractor, and on another occasion backing slipped over the edge of the grade, pulled by securing the steering wheel on the car with a couple willow branch. Also, faced with a belly mud motor, the tractor was set in low gear on a level strip to steer hard, pulling the car until the car engine started, when the car was left in neutral gear, and the tractor stopped. Of course we don't advise this method unless it is absolutely necessary.

Paradise Valley

Miss Olga Hudson, Miss Marian Fulgham and Miss Shirley Gunn who have been attending the university at Edmonton during the Easter term have returned home and will now take up their teaching duties. Miss Hudson goes to Mariaverne, Miss Fulgham to Marwayne and Miss Gunn to Sedalia.

Need we say anything about the weather during the past week? As a result of the rain a ban was placed on all roads in the M.D. Side roads are impassable and as a result the attendance at the local schools has been cut down considerably.

Congratulations to Mr. and Mrs. Harold Fair on their recent marriage. They have taken up residence on the farm north of Paradise Valley.

Canada emerged from 1932 with the strongest dollar in the world.

THE W. M. S.

The W.M.S. of the United church were very fortunate in having Miss Cates, the missionary from Central India, give a talk on her work among the natives at that country. Rev. C. W. MacKay opened the meeting with the singing of a hymn and prayers for all work in the Mission fields, a very inspiring devotional.

Rev MacKay then introduced Miss Cates who was dressed in her native sarong. Her talk dwelt much with the peoples in central India who have suffered through the division of that country. If they did not belong to one side or the other the people were simply outcasts, they were picked up by the missionaries and brought to the Christian church and taught to work for themselves. The speaker stated that there are widowmaries living in thousands of people into the United church in India and helped and saved them. They need help from Canada to carry on this work. A splendid set of films of natives and their work were shown.

A silver tea was served and an offering for social hour spent with Miss Cates.

Easy To Spend Money

It is nonsense to say that we should put a limit on the production we are now diverting to defence. Canada, and other countries of the free world, could certainly use new schools, power plants, hospitals and highways. Every week that passes in producing arms makes such needs more urgent, thinks The Financial Post.

Man's intelligence has sunk low indeed if he can only keep himself prosperous by spending half his time in producing something he can't use, says the Post. No country, least of all those with a standard of living like ours, can relished the prospect of spending billions on armaments. Only dire necessity has forced us into this insane sin, given assurance of real peace we will only be too happy to get out of it.

Our society and our prosperity were not tied to the contents of Mars.

There's nothing like giving folks what they want

IN MEMORIAM

In every loving memory of
Sheelo Wilhelmson
who died April 27th, 1952, age 32 years.
"Gone from us but how we miss him,
Never shall his memory fade.
Loving thoughts will always linger
Round the spot where he is laid."
Inserted by his sorrowing wife and family.

IN MEMORIAM

Treasured memories of a dear father and mother.
"...who passed away August 5th, 1929 and May 9th, 1950.
"Remembrance is a golden chain
Death tries to break but fails in vain;
To have, to love, and then to part
Is the greatest sorrow of one's heart."
The years may wipe out many things
But this they wipe out never —
The memory of those happy days
When we were all together."
Lovingly remembered by daughter Nellie and grandchildren Esther, Raymond and Helen.

Sr. Capt. Stewart Tours Mau-Mau Terrorist Africa

Dar Es Salaam, Tanganyika, E. Africa. Box 1273.

The Vermilion Standard,
Vermilion Alberta.
Dear Editor

We have just returned from a month in the "Mau Mau" country, Nairobi, Kenya. Never in my life have I been so many "Dolce Farking Mama's". Young, old, fat, thin, tall and short members of the female sex with six shooters hanging from their hips, or wicked little automatics in their innocent looking handbags — and they know how to use them too! Shades of the wild west!

Nairobi itself is an armed camp. The police stations and military posts are all heavily protected with barbed wire entanglements. Inside the privately armed citizens, the special police, regular police and military are armed. Day and night there are special patrols of security forces.

Mau, Mau, the terror that walked in darkness — is now becoming bolder and walking in broad daylight, murdering and slaughtering wherever it can — the end is not in sight. This situation may continue for a year or more. The Kikuyu are a very difficult people to deal with, and the tremendous influx of Islands school children, who have been taught Mau Mau propaganda, will continue to present a problem hard to conquer.

It would appear that the Mau Mau plan was to last for another ten years before starting the drive to control the country, but tension between Africans and Europeans grew to such a pitch, that the African had hardly learned the art of control and biding his time, commenced to stage revenge which led to official concern and investigation, then the arrest of "Flaming Spear" Jomo Kenyatta. Then the Mau Mau made a swift move to murder all the loyal Kikuyu Chiefs and any others that they could get at. Their remarkable success in their purpose and the viciousness of their attacks is well known — a very sad and disgraceful chapter.

Well, I really started this letter to say, "Send me another $3 worth of your paper, the Vermilion Standard". We always look forward to receiving it.

Best wishes to you and the Standard staff.

Yours sincerely,
Chas. Stewart.

Heart Disease

Accidents are the chief cause of death among people under 35 years of age but over 50, heart disease takes the lead, a life insurance company survey of policyholders says. The Financial Post.

Accidents caused nearly 30% of the deaths under 40. Heart disease was the second greatest cause at 15% cancer accounted for 13%.

Between 40 and 50 accidents caused only 7% of the deaths but heart disease accounted for 34% and cancer 20%. Over 60 the toll from accidents was only 2%, while heart disease accounted for 66% and cancer 16% of the deaths.

It is estimated that rheumatic diseases cause 30,000 Canadians to be off work every day.

PRETTY WEDDING AT CLANDONALD

COULTER—STOCKWELL

St. Mary's Anglican church, Clandonald, was the setting for a very pretty wedding recently when Doris Evelyn, elder daughter of Mr. E. A. Stockwell and the late Mrs. Stockwell of Clandonald, became the bride of Mr. Walter Coulter, the younger son of Mr. and Mrs. W. Coulter of Vermilion.

Rev. D. Ford of Vermilion performed the double-ring afternoon ceremony.

Given in marriage by her father, the bride was radiant in traditional white. The floor-length gown of net over satin featured a lace bolero with nylon yoke outlined with pearls, and lily-point sleeves. A pearl net tiara held in place her floor-length veil of embroidered nylon. She carried a bouquet of red roses.

Miss Eileen Stockwell attended her sister as bridesmaid in a similar sleeveless gown in pink, modified by a lace bolero. Matching cap and mitts completed the ensemble. She carried a bouquet of pink and white carnations.

Mr. Jim Anderson of Lloydminster was best man. Ushers were Mr. Tom Stockwell and Mr. Harold Clark.

During the signing of the register Mrs. Rob Hagen sang "Perfect Love". The wedding music was played by Mrs. Wm. Hagen.

Following the ceremony a reception was held for seventy-five guests at the home of Mrs. Rob Hagen. The table laid with cut linen cloth, was centered by a magnificent three-tiered wedding cake.

Mr. Rob Hagen proposed the toast to the bride.

Out of town guests at the wedding were Mr. and Mrs. Rob Hagen of Edmonton, sister and daughter; Miss Mabel Hagen of Red Deer; Mr. and Mrs. E. Hayden Indian Head, Sask.; Mr. and Mrs. C. Stockwell of Edmonton.

During the evening the bridal couple entertained at a dance in the Orange hall, Clandonald. The happy affair was well attended despite most unfavourable weather.

Following an extended wedding trip, Mr. and Mrs. Walter Coulter will make their home in Vermilion.

Jr. C.W.L. Completes Successful Year

MRS. DORIS KEATING RE-ELECTED PRESIDENT

The Junior C.W.L. of Vermilion completed a successful first fiscal year term ended at the April meeting held an election of officers for the next year. The officers have completed very competently during the first year of the league. Re-elected for another year are:

President- Mrs. Doris Keating
Secretary- Mrs. Kay Williams
Treasurer- Miss Pat Sherlock

Newly elected officers are first vice-president- Miss Teresa Teeter and 2nd vice-president- Miss Jeanne Smith. On the committees are Mrs. Louise Robinson, altar convener; Mrs. Mona MacDonell, spiritual convener; Mrs. Violet Tourr, membership; Miss Betty Gaetz, publicity.

The members of the Jr. C. W. L. were very sorry to lose Mrs. Gladys O'Donnell as a member and who was the 1st vice-president during the past year. A farewell party for Gladys was held at the home of Mrs. Kay Williams and they enjoyed by all. The members presented Gladys with a ring and locket as a token of remembrance. Gladys, Johnny and young Michael have been making their home in Calgary.

and husband enjoyed the dance of the Gay Nineties on April 29th. A prize waltz competition was held and everyone had a good time. Hanna orchestra supplied the music and Tommy Thompson was M.C. Thanks again folks we really enjoyed ourselves.

WILDMERE WINKS

Congratulations to Mr. and Mrs. Merged of Brookville district on the birth of a daughter; Mr. and Mrs. Albert Smith on the birth of a son; and to Mr and Mrs. Brent Mcnabb Jr. on the birth of a daughter.

Don't forget the W. W. I. home cooking sale to be held at Nelson Hill hardware on Saturday, May 16.

The grand lot of moisture that fell last week will give everything a boost and start when the grain does get into the ground. It will be one grand rush when-ever it does dry enough to get going.

We went out of our lake on May 4th this year. Last year it went out April 26th.

Lloyd Howard took a truck load of cattle to Edmonton last week and while there visited his parents Mr and Mrs. H. R. Howard of the city. His mother still has her arm in a cast. She broke it when she fell getting into her son Victor's car several weeks ago. Best of luck for a complete recovery from all your many friends here Mrs. Howard.

Mr and Mrs C. Cruthers and family were supper guests at the Gilmore home on Sunday evening.

We are very pleased to welcome another W.I. group into our district. The Clyamore ladies having formed a group last week under the leadership of the director Mrs J.I Jones. Good luck and success is what it is you W.I. group.

Wilbur is busy with spring housecleaning and it will soon be garden rake time too. News is scarce this week.

Will the party seen 'shooting' muskrats at our lake take note that there is already a license taken out to trap in it and also that shooting muskrats is against the law and offenders are subject to a heavy fine.

Through the kindness of Mr. and Mrs. Wm. Waldenberger the writer

SHOP AT CRAIG'S for MOTHER'S DAY

Archbishop Confirms 24 At St. Saviour's

In the presence of a congregation that crowded St. Saviour's church to capacity, twenty-four persons received the laying-on of hands in Confirmation on Sunday, May 10th at 11 a.m. The service was conducted by the Most Rev. W. F. Barfoot, Archbishop of Edmonton and Primate of all Canada.

The service came as a climax to over three months preparation for the class which is the largest ever to be presented in St. Saviour's at any one time. The candidates were presented to the Archbishop by the Rector who then read the passages of Scripture that pertain to Confirmation as an Apostolic rite. Speaking to the candidates and the congregation, the Archbishop used the 23rd Psalm as the basis of his remarks, pointing out the fundamentally Christian applications of this Psalm to the life of the church that it may be for faith and practice in the lives of the candidates.

This class was unique in the way it included all ages within it. There were two sets of twins, two husbands and wives, a father and son, a mother and three sons, sisters, to say nothing of several cousins.

Following the Archbishop's address the candidates then renewed the vows of Holy Baptism individually. Immediately preceding the actual Confirmation the choir sang the beautiful words of "God be in my head, and in my understanding." The candidates then came forward to kneel before the Archbishop either singly or if related, in pairs. Following the service, the class was greeted more informally by the Archbishop and then received their certificates and communicants' manuals from the Rector.

The following were confirmed: Ross Bescrott , Rosina Bellingham, George Burton, Kay Fenton, Pat Fenton, Stella (Flick) Hicks, Shirley Hicks, Rhoda Hodgson, Rhona Hodgson, John Kneale, Robin Kneale, Danny Levesque, Viola Maggs, Alex Palin, Thelma Palin, Lillian Stonehouse, George Stonehouse, Robert Stonehouse, William Stonehouse, Phillip Taylor, James Thompson, Kenneth Thompson, Myrtle Thompson, Elliott Urquhart.

Salvation Army Band Appearing In Calgary Festival

The Vermilion Salvation Army Band will be journeying to Calgary this coming week-end to participate in a provincial rally being held in that centre. Although a small combination, the band has been asked to take part in a musical festival to be presented at the Calgary Citadel on Saturday night, and in which other bands from Edmonton, Lethbridge, Medicine Hat, Fort MacLeod and Calgary will participate. The band has been practising hard for this event and is keenly anticipating their trip. Insignias worn on their uniforms will denote that the band is from Vermilion, and it is expected that this will help to publicize the home town to some degree.

Notice To Business Men re Decoration Premises For Coronation Day

Each and every business man or woman in the town of Vermilion is expected to decorate his or her place of business on the occasion of Coronation Day. This may be done by means of flags and bunting. Supplies may be procured by the merchant or store proprietor themselves or may be ordered through the sales board of trade committee of Martin Shanks at the Vermilion hotel or Linda Chwadowsky at Chwadowsky's Family Wear. Anyone wishing to have this committee order supplies for them must contact the committee not later than Saturday, May 16th as time is very limited. Act now — pick up your phone and place your order, don't procrastinate — remember Canada is a great unit of the British Commonwealth of Nations.

$1222.00 Realized from Rink Material Sale

$1222.00 was realized from the sale of material from the dismantled curling rink on Saturday last. This was chiefly from the sale of galvanized metal, but some lumber was also auctioned. As one buyer at the sale stated, the sheet metal was being sold for more than it cost new when the rink was built 41 years ago.

The material was well arranged and the sale went off smoothly under the capable auctioneering of Marshall Shanks.

The town now owns the rink building fund a nice little boat.

Manville and Kitscoty Hear University Mixed Chorus

MANNVILLE. — The University Mixed Chorus on their spring tour sang to an appreciative audience in Manville on Friday, May 1st. They were sponsored by the Home and School Association.

Manville was very fortunate to have the opportunity of hearing the chorus and the young people themselves seemed to enjoy being here. As Mr. Cornish said, having heard the chorus on previous occasions — he had wished for a long time that the people here could be supplied the music and Tommy Thompson was M.C. Thanks again folks we really enjoyed ourselves.

It would be impossible to comment on each individual number but from remarks overheard that night and since, the outstanding feature was that Professor Eaton had complete control of the chorus at all times by one word they all—he and they enjoyed being together. To be could bring forth a smile on the chorus' faces by a mere lift of one eyebrow when he so desired. And the young people really enjoyed singing, they were so natural and at ease. The outstanding work of the young people on Donna Parker was noted in the second half of the program, especially in the last number which was an appropriate finale for this year of Coronation. A solo by "Zadok the Priest" the majestic anthem written by Handel for the Coronation of George the Second in 1727 and which has been sung at every Coronation since.

During the intermission Mr. K. Greene, President of the Chorus, thanked the people of Manville for their hospitality. He said it was a grand experience for the thirteen students travelling through the province, meeting their fellow Albertans on this spring tour and they hoped to be able to return here again. All facilities are represented in the Chorus, there are 170 members, but due to summer jobs etc., there are only 70 travelling on the tour. Mr. Greene introduced Miss Simpson, Dean of Women at the University who travelled with them. She also thanked the people here for taking the members of the chorus in on such short notice. Two of them spent the night at Mannville and the other 25 at Kitscoty.

At the close of the program, after several encores, members of the Home and School served lunch to the members of the chorus, who kept on singing all through lunch. They had a regular jam session which continued on at the home of Mr. and Mrs. A. Stuart where the group were invited after the program. Robin Stuart is travelling with the chorus. Patsy Jones sang with them on Friday and hopes to travel with them later.

The executive of the Home and School wish to thank the people of Mannville for opening their homes to these young folks.

KITSCOTY. — The born and district opened their homes and their hearts to 25 members of the University of Alberta Mixed Chorus who were billeted here last Tuesday after an enjoyable program given by the entire choir in the town hall. They were accompanied by Miss Maimie Simpson, Dean of women; Mr. Richard S. Eaton, director of the chorus; and Mrs. Betty Tomlinson of radio station CJCA Edmonton, who gathered a story about Kitscoty and gave the highlights over the radio last Monday at 9:45 a.m.

Town, District Students Receive Degrees

Students from town and district receiving degrees at the University Convocation in Edmonton today are Thomas William Connolly, the degree of Bachelor of Education. He is a member of the town teaching staff. Walter Alexander Burk of Hetineberg, Bachelor of Science. Marion Inglis of Kinsooty, Bachelor of Science in Household Economics.

Annual Sports Monday, May 18th

Shape Up As the Best Yet

The first big holiday of the spring and summer season, Victoria Day is always celebrated by Vermilion's annual sports. This year it falls a week early, as Monday May 18th is being observed as the Victoria Day holiday.

The local sports is unique in that the Vermilion Amateur Athletic Association has tried to make it a family day, providing something to interest everyone, ball tourneys and track events for each age group of the younger people. For many youthful ball players the Vermilion Sports provides the only opportunity they have to play in a tournament throughout the whole year.

ADULT EVENTS

Headlining the ladies' events is the open softball with $40 and $25 for first and second money. High school girls have a chance at $15 and $10, while girls 13 years and under have an event of their own with prizes of $10 and $5.

TRACK EVENTS

Track events, completely lost sight of at many sports, still occupy a prominent spot in the day's program with some 20 dashes, runs, jumps and bike races with $100 in prize money.

7 BALL DIAMONDS

Seven ball diamonds are in use at one time and all events are run off on the combined athletic and fair grounds — the finest sports park in Alberta.

Booths on the grounds, dance at night, good picture show . . . make it a real holiday for the whole family. Kiddies 12 and under are free, cars free, adults 75c and students 25c.

President Jack Brown and Secretary Stewart invite everyone to Vermilion's Annual Sports, the best all round program in the west!

A. E. Kaiser Retires As Police Magistrate

LONG TERM ON BENCH JUNE 1st.

A. E. Kaiser has resigned as Police Magistrate and retires from the bench on June 1st. Pressure of his own fiduciary business and the ever-increasing amount of police court work made it impossible for Mr. Kaiser to carry on any longer in his official capacity as "stipendiary magistrate."

In receiving Mr. Kaiser's resignation the Deputy-Attorney General's words were: "I wish to express to you my appreciation for the long and faithful service that you have rendered the province and this department during the time that you have held the office of Police Magistrate in Vermilion."

Mr. Kaiser was first appointed police magistrate in 1929 and with the exception of a two-year break in the late 30's, has served continuously since that time. Now with the enlarged R.C.M.P. detachment, game guardian and traffic officers all added to Vermilion, the police court work has become practically a full time job.

Applications For Summer Camp

The Vermilion Fair board urges all boys and girls wishing to attend the summer camps in July to make their applications early as avoid disappointment.

Calf Club Members Extend Thanks

The young farm people who are taking part in the 1953 Calf Club competitions and who will show their calves at the Summer fair on July 23rd wish to thank the business men and farmers of Vermilion who so kindly answered special awards. Some 30 calves will be available for the show and sale, and in addition, calves from the Mannville and other district clubs will participate.

Those who so generously donated and to whom thanks are extended are as follows: E. H. Buckingham, J. S. Trees, Magnon Barr, William Barr, J. C. Tucker, W. L. Robinson, E. W. Hart, W. R. Jury, Clarence Barr, R. C. Fetterly, Cook Wells and Sons, Melvin Hill, J. R. Peake, Lovig's Drug store, Ken Howe and Son, Rudolf Mercer, Craig Bros., Wm. McLaughlin, Stephens Ltd., Vermilion Dairy, Jack Ames, Massey-Harris Ltd., Vermilion Feed Mill, Frozen Food Locker Plant, Thos. Watts.

'PENNY' CLEANS UP

While attending the Provincial Veterinary convention last week-end, Dr. Bob Anderson took his big Golden Labrador 'Penny' entered in the dog shows being held there.

'Penny' certainly shone in the ring and won 1st with 2 firsts, 2 winners bitch, 2 best of winners, 1 best of breed, 1 best Canadian bred, 1st breed and fourth in sporting group.

Dr. Anderson stated that both the competition and dog shows were most enjoyable and needless to say all the dog fanciers of the town and district congratulate Bob and 'Penny' on the fine showing made.

Softball League Schedule Announced

The following schedule for the men's softball league has been adopted.

Sunday, May 17th - Islay at Paradise Valley; Island Hill at Vermilion All Stars.

May 24th - Island Hill at Vermilion Kinsmen; All Stars at Islay.

May 31 - Islay at Island Hill; Kinsmen at Pleasant Valley.

June 7 - Pleasant Valley at Vermilion All Stars; Kinsmen at Islay.

Vermilion All Stars; Kinsmen at Islay.

Vermilion All Stars; Kinsmen at Islay.

Island Hill rallied in the final stages of the game to stand defeated Pleasant Valley by a narrow margin. The two Vermilion entries, Kinsmen and All Stars met on Wednesday, May 13.

The teams concerned please note that last Sunday's games have been re-scheduled, but any future games that are postponed will be played off by arrangements of the teams concerned.

Tree Planting Program Starts

SHELTER BELTS AND WINDBREAKS ADVOCATED

The Vermilion Board of Trade has a keen interest in the goodwill and prosperity of farmers in the Vermilion district. To this end it has endeavored each year to include in its program some project or undertaking of benefit to farmers.

On the advice of several of its former members and of the District Agriculturist the Board has been given to believe that there is considerable interest in tree planting on numerous farms in the Vermilion area and that it can render a useful service by assisting those concerned to establish plantings of trees for the protection and beautification of their farms. The Board has therefore adopted a Tree Planting Project as a part of its program of special interest to farmers in 1953 and 1954.

The Board of Trade feels sure that this district provides a grand opportunity for a greater use of trees for shelter, windbreaks and roadside plantings. If this project can succeed to the comfort of living as well as to the progress and profit in farming in the Vermilion district its objectives will be well served.

The program as laid out is:

1. Obtain applications from district farmers who are interested in planting trees on their farms for one or more of the following purposes: Farmstead windbreak, Field division and windbreak; Roadside planting.

2. In June — Bring farmers together in a meeting to obtain information as to recommendations regarding: Location and arrangement of tree plantings; Preparation of land; Selection of trees; Planting and care of trees.

3. In September — Take applications for trees from those who have properly prepared land to plant trees.

4. May 1954. Arrange for use of a tree planting machine to plant the trees.

Career Night Attracts Widespread Attention

Teachers, students and parents from Vermilion, Islay, Clandonald and Mannville school districts met in the auditorium of the high school May 6th to hear speakers on different vocations.

Four speakers were eight outside speakers taking part in Vermilion's Career Night program, sponsored by the Vermilion School Division and the Home and School Association. The meeting started at 8 o'clock in the armories with A. Aldridge, director of Guidance for the province of Alberta speaking on how to prepare oneself for a satisfying career. At the end of half an hour the group broke up into eight different parts to hear addresses on a particular variety of vocation such as Clerical, home economics, medicine, R.C.M.P. and others. All meetings were well attended.

In the second half hour there was a question period, the answers to which came out of a set of questions. These present were also to hear speakers and ask questions on two different vocations during the evening.

Interesting Weather Statistics for April

The following interesting weather statistics for April for the past 7 years have been supplied by the Department of Transport weather station at Vermilion. They should give the rainfall, high and low temperatures for the month.

Year	Rain	High	Low
1946	.72	80	21
1947	.31	67	16
1948	.43	77	22
1949	.42	87	20
1950	.02	84	10
1951	.54	83	9
1952	.06	71	11
1953	1.03	82	2

CADET PARADE POSTPONED

The regular weekly parade of the Air Cadets has been postponed until Thursday night May 21st at 1930 hours at the armories

BABY CLINICS

Vermilion—Monday, May 18, cancelled.

Ranfurly—Tuesday, May 19, 10 to 12 a.m.

Innisfree—Tuesday, May 19, 2:30 to 3:30 p.m.

Paradise Valley—Friday, May 22, 2 to 4 p.m.

Tree Planting Program Shape Up As the Best Yet

President Jack Brown and Secretary Stewart invite everyone to Vermilion's Annual Sports, the best all round program in the west!

25 Purebred Bulls Placed In Vermilion River M. D.

During the past two weeks the Dominion Livestock Branch has placed 25 bulls in Vermilion River M.D. under their bull loaning policy. This is a record number to be distributed in any one municipality in one year.

The policy provides that 5 or more farmers with 30 or more cows can organize a group and apply for a pure bred bull of the breed desired. Fifteen Shorthorn bulls were placed recently in the Clandonald area and ten Hereford bulls in the Marwayne, Kitscoty and Paradise Valley districts.

The farmers concerned have taken advantage of the policy because of the requirements of the Pure Bred Sire area which was set up in M.D. of Vermilion River. This area requires that all bulls must be registered. The bull inspectors who will go out shortly will require to see the registration papers of bulls being used in the municipality.

Meetings were held for each group by District Agriculturist Buckingham who had charge of organization work for placing the 25 bulls in this area.

As the members of these groups own over $60 cows it is felt that the improvement of livestock through the use of the bulls will pay big dividends to the farmers concerned and to the municipality as a whole.

Ten Prosecutions For Infractions Of The Game Act

The local game inspector reports that ten prosecutions have been made recently for infractions of the game act, chiefly in connection with the illegal trapping of muskrats, the shooting of muskrats which is illegal, and carelessness in the use of firearms.

Patrols are being made in the Vermilion, Vegreville and Lloydminster areas at all times and renewed effort will be made by all enforcement officers to enforce the game act.

Seed Cleaning Plant Assured

VERMILION RIVER COUNCIL GIVES OFFICIAL APPROVAL AND SUPPORT

A seed cleaning plant at Vermilion is assured as Vermilion River M.D. council gave their official approval and financial support to the plan at the meeting held this week.

The local Seed Cleaning Plant Association is now seeking a suitable site for the building and contractors will be contacted immediately with a view to having the plant erected this summer.

Mr. Dick Good has now been appointed the permanent secretary of the association while Mr. Cliff McCarthy's term is president.

The executive of the seed cleaners association express their sincere appreciation for the work done in selling shares and raising the necessary funds to insure the success of this very worthwhile project.

Released Prisoner of Communists Will Speak In Vermilion

Rev. Don Cunningham who was held by Communists in China for many many months, will tell of his experiences in prison. He will tell of the questioning and persuasion which he was subjected to while there Mr. Cunningham has one brother who is a missionary in S. America, one a missionary in the British West Indies and another brother who is a preacher in Calgary.

Mr. Cunningham will speak on Sunday May 17th at the Alliance chapel at 11:30 a.m. and 7:30 p.m. He will also speak at the United church hall on Monday May 18th at 8 p.m. and 7 p.m. under the auspices of the Alliance Youth Fellowship.

Everyone who wants to know what to expect under Communism should come to these services. He is a dynamic, God-fearing man.

By The District Agriculturist

"GREEN ACRES"

CAPONIZING DEMONSTRATION

John Raffa, Poultry Inspector for this area, says he will be glad to conduct some caponizing demonstrations. Anyone interested in learning how to caponize should let me know soon so I can organize meetings.

SCHOOL OF AGRICULTURE

I counted up the boys from my district attending Vermilion school of agriculture and I found there were only 9 out of 77. This is not good enough. After harvest most farm boys can be spared during the months I would recommend to parents that they get their boys over to see Mr. Bentley, the principal, soon. Applications ought to be submitted by July.

COYOTE-GETTERS

So many cyanide guns have been set out that there is now a short age. It would be best now for these coyote getters to be picked up as they may get lost when the grass grows up. Mr Alf Logan has asked me to announce that he has put out coyote getters on NE 25-48-6.

OVER FAT HOGS

One of the chief reasons for market hogs not getting into A1 grade is being over fat. Both breeding and feeding have an effect on the length of the back fat. Now they have a gauge for measuring the length of fat on the loin of the shoulder. No one has found out what the hogs think of it but it is said to be not very painful.

THE BULL SALE

The Lloydminster Bull sale is set for May 19th. This is a good chance for cattlemen to buy bulls on the auction market. It is now required that all bulls in Vermilion River M.D be registered according to the Pure Sire area regulations. Bull inspectors will be out soon checking up on grade bulls.

FROST DAMAGE

Spraying gardens with the hose late in the evening when frost is forecast is reported to help protect the plants from frost damage. It is worth trying anyway as frost around the end of May often kills potatoes, corn, beets and most of the transplanted bedding plants.

All Phases of Farming Are Important

Because cattle and crops show prominently on the agricultural survey questionnaire now being distributed to farmers across Canada it does not mean that the other listed items of farm products are not important. R.E. English, Statistician, Alberta Department of Agriculture, points out that records of poultry, sheep and pigs are just as desirable as those items given more space. Whether they contribute a large or small portion to the farm income they should not be ignored, he says. They are all needed for a well balanced estimate.

The co-operation of every Canadian farmer is asked in making this 1953 annual farm survey as complete and accurate as possible. When you receive your questionnaire, look it over carefully. Complete it to the best of your ability and return it without delay to the Dominion Bureau of Statistics. All individual reports are treated confidentially. They are grouped to provide a basis for the estimates from which the required statistics are developed.

DOMINION-WIDE HOLIDAY

Monday May 18th is a Dominion holiday, all business places in Vermillion will be closed in common with the rest of Canada.

THE WEATHER

Following some very inclement weather, cold rain Friday, rain and snow Sunday, the weather cleared Monday and has been bright and warm since. However, a warning note from the weatherman is that it is to be cooler Friday. The work on land is really underway and considerable seeding of wheat is reported. Moisture conditions are excellent.

SPRING ON THE FARM

Canada's biggest industry looks to another year of plenty, early reports from across the nation indicate. In general agriculture is off to a good start. Seed houses report general brisk.

But don't look for a banner farm year, says The Financial Post. Canadian growers are large: domestic prices are dipping some with eggs among the exceptions; overseas markets remain tight: U.K. has cut off dry concentrated dairy product imports.

Seeding got off to a particularly early start in Ontario and B.C., but was delayed on the prairies (where grain acreage is reported down slightly this year) and in the Maritimes, as the result of a cold wet spring.

CHINESE NOT A JOKE

A Canadian Army order prohibits overseas soldiers from mailing "motor vehicles, airplanes and motorcycles" back home. The order is not a joke. During the Second World War some troops actually attempted to ship a vehicle to Canada by individual parcels.

A 'dash' is equal in quantity to one-third of a teaspoon of liquid.

Memorable Year For Alberta Women's Institutes

This year will be a memorable one in the annals of the Women's Institutes. In August the Federated Women's Institutes of Canada, which is made up of all 10 provinces, entertains the Associated Country Women of the World, an international body consisting of 5½ millions of country women. This meeting will be held in Toronto at the Royal York hotel, Aug. 13-22. Canada Day will be Friday Aug. 21 in the Maple Leaf Gardens. Pre and post conference tours are being arranged in Alberta with Mrs. C. R. Wood, Stony Plain as convener for the delegates from overseas, the Dept. of Agriculture is working with Mrs. Wood in finalizing the plans.

The Alberta Women's Institutes hold their 27th Biennial convention from May 25-28 at the University of Alberta, Edmonton. The new council for the next two years will be elected by the delegates and the five delegates to be sent to represent Alberta at the A.C.W.W. in Toronto. The guest speaker on May 26th will be Mrs. Raymond Sayre of Acheson, Iowa, president of the A.C.W.W. It is hoped that as many A.W.I. members as possible will attend that day, as Mrs. Sayre will have much to tell of her travels in other countries of the world during her term as president.

LEGION NOTES

The regular monthly meeting was held on May 11th with 45 members present.

George Martin president, and Bob Allen past president, were chosen as delegates to the Provincial convention at Edmonton June 14 to 17. Vic Tillett vice president, and Theo. Wilson treasurer, are alternate choices for delegates.

A donation of $25 was voted to help the Boy Scout association of Vermillion to send two scouts to the Dominion Jamboree at Ottawa. The hat was passed around the meeting and $38 more was donated to the same cause.

It was reported by the Coronation committee that the following organizations have made donations towards expenses for entertaining the school children on June 2nd: Legion $75, Legion Ladies Auxiliary $50, Stagettes $50, V.A.A.A. $75. (for prizes in sports competitions), L.O.D.E. $25, Kinsmen Club $25. Donations from other organizations will be welcome as there is not enough on hand yet to do the job as planned. It should be mentioned also that Vermilion Beverages has offered free 'coke'.

Five applicants to join this branch were presented to the meeting for acceptance. The new members are: Theodore Riley, Geo. Wickham, John Jaremco, George Bellingham Jr., Charles Cruthorpe. Two are all very welcome as members of Post of No. 11.

If any members have not as yet reported their regimental numbers to the Secretary, please do so at once.

Bob Allen, chairman of the House committee, has arranged for a week party for next Wednesday at 1:30 p.m. Already 13 members have volunteered to attend this parade.

Board of Health Notice

It is requested that people do not swim in the lake at Vermillion until tests have been completed to prove the water safe for swimming. When satisfactory results are obtained an announcement will be made in this newspaper.

Sanitary Inspector, Minburn-Vermillion Health Unit. 44c

DEATH OF PETER HANSEN

Peter Alfred Hansen of Les Park passed away at the Islay hospital on May 5th at the age of 61 years. He was a well known and highly respected old timer of the district. He leaves his wife, two sons Warren of Edmonton and Clayton of Les Park, and four daughters, Mrs. Ed Resnik of Lashburn, Mrs. E. Lewan, Edmonton, Mrs. S. Hyatt, Les Park and Mrs. G. McKinnon.

There are also two brothers and two sisters and 12 grandchildren.

Funeral services were held on Saturday, May 9th at the Riverton school and interment took place at Lawlerty cemetery. The Rev. T. Snedden of Marwayne officiated. Mayers were in charge of arrangements.

Canadian Club Hears Enlightening Address

Canada's North To See Amazing Development

"Eyes North" was the topic upon which Grant McEwan, the well-known lecturer and agriculturist, spoke to the Canadian Club at its meeting in the Legion hall Thursday evening. McEwan is a free and easy speaker and has the happy faculty of portraying his subject in a manner of word pictures. He opened his address by drawing a comparison between the conception of English and Canadian statesmen of the period of world history, earlier years and what it is today. The prairies then were regarded as sterile and never to be anything beyond so much waste and unproductive land and as for northern Canada it was a frozen country fit only to be left to the domain of the Indian and the Eskimo for all time. The roll of the centuries has killed this belief. The prairies today are the granaries of the world and possessed of enormous stores of gas and oil, teeming cities and cities with modern facilities, trade and transportation systems — a new Canada has risen. The Great Lakes and even British Columbia was termed as no value and might as well be lopped off. Today 400 miles north of Vancouver, Canadian capital is draining lakes and turning courses of rivers, driving tunnels 10 miles long through mountains to carry waters to gigantic power plants on the coast line at a cost of 500 million dollars. Back in Northern Ontario we find Canadians draining large lakes, removing 700,000 tons of rock to get at the huge iron ore deposits at the bottom. In the centre of this vast north we find the Athabasca tar sands, the largest body in the world and which awaits the separation of the oil from the sand and then we shall see a pipe line carrying oil to the distributing plants and pipe lines at Edmonton. The shores of Great Slave lake we find extensive fish plants which ship their products all over Western Canada and western States. Then again we have the Eldorado uranium mines washed by the waters of Bear lake, the most extensive deposits in the world and which played such a part in the winning of World War 2. On another part of the shoreline we have Yellowknife, a barren rock a few years ago, now a prosperous town, and one of the largest gold shipping and gold producing plants in the world. Who would have thought in those years ago would now be building perhaps the largest airport in the world on the fringe of this supposedly frozen waste, paving the way for the flight of planes over the top of the world to and from Europe making the lanes a far shorter route than across the Atlantic. Then we have the mighty Mackenzie flowing through that country opening navigation for trade and commerce. We have there the Norman oil wells which in wartime were connected with a pipe line to their base by carry oil to the Pacific waters. At Aklavik on the delta of this river we have one of the world's largest fur producing centres, the finest fur produced any-where. He referred to the Alaska highway as penetrating the north country to Whitehorse and beyond, converting the Trail of '98 to a busy traffic highway.

All in all the speaker professed that within a lifetime of the people of today the territories to the north of us would not only continue to be the mecca of the prospector and the trapper such as it now is, but will be a part of Canada pouring out wealth from its natural resources the extent of which will rule into indigestance the development now reaching down. The eye of it upon the growth and development of Canada as a whole cannot now be even imagined. What a debt we owe to the north of us!

STAGETTES

"It's all in the way you hold your breath."

Maybe so, but some of us hold our noughts all ways and our handicraft still remains the leading more like pink cabbages than roses — Ding dong, we had a Ford-making bee at our meeting. Every single person is never too old to learn. At least we tried. I'm glad that Ella Ik in the Elks hall was not subject to hay fever, Jonn).

A motion was passed to send our annual donation to the Red Cross.

May 5th was a big day for the Stagettes. Several of the members visited the blood donorv and then were able to build up their strength at a tempting banquet served by the C.W.L. Thanks for the lovely feed. Some people can certainly eat a lot — no names mentioned.

After the banquet the girls presented the skit that they will present at the District Convention which will be held at the Diamond B Guest Ranch. The girls are looking forward to it, but after a few hours with those horses, I wonder how many will be coming home somewhat crippled?

We hope that everyone enjoyed themselves at the Cotton Ball.

Bull Sale At Lloydminster May 18

An interprovincial Bull Sale has been held at Lloydminster, Sask., for the past 34 consecutive years. Breeders from both Alberta and Saskatchewan contribute to this sale. This year's sale is May 18.

The sale offers cattlemen a chance to select good quality sires from herds with good blood lines. 184 bulls are listed: 100 Hereford, 48 Shorthorns and 36 Aberdeen Angus. There are also 4 Shorthorn and 2 Hereford females to be sold.

All the animals offered at the sale are T.B. and Bangs tested.

Charles Yule of Calgary will place the animals in the show during the evening. The bulls will be sold by J. W. Durno, Calgary and by Jack Blacklock, Saskatoon, in the afternoon. 49-3

Mannville Local Items

Mrs. Jack Hawley is visiting with relatives in Calgary for a couple of weeks.

Visiting with Mr. and Mrs. Robt. White for a month or two is Mrs. White's niece, Mrs. M. LePage and daughter Judy Anne of Brandon. Mrs. Le Page's husband is stationed at the camp at Wainwright.

Robt. Clark and Elmer Kreller have taken over the Mannville Motors, and the staff will remain the same. Mr. Kreller plans to move the Massey Harris agency down to the garage at the end of the month.

The local hospital staff has been further reinforced by two more overseas nurses. Miss McKenna from Ireland and Miss Booth from England.

Mrs. J. L. Jones recently organized a W.I. at Claymore with Mrs. H. Williamson as president and Mrs. Ted Watling secretary.

Mr and Mrs. Pete Kufeldt of Lacoy were Sunday visitors in Mannville. Their son Kenny was among the young people confirmed at the Lutheran service.

Mr and Mrs. Oldenberg and family spent Sunday with relatives at Killam and Camrose

Seen in town on the week end were Mr. and Mrs. Jack Chrysler, Mr. Bert Williams and Mr. Robt. Bennett, all of Edmonton.

Kitscoty News

Mr. and Mrs. John Dale spent a few days in Edmonton last week, visiting with their son Jack and family.

'High View' the home of Mr and Mrs. J. R. Fox has just received a new coat of paint and is a bright spot on the hill top.

Mr. and Mrs. Ken Jenkins visited at the home of their parents Mr. and Mrs. Jack C. Potter for a couple of days last week before leaving for MacMeO Beach where Ken is a driller for an oil company.

Miss Marion Inglis has been spending a two weeks vacation with her parents here.

Congratulations to Mr. and Mrs. Boyd Mitchell on the birth of a son, a brother for Garry and Karen.

Mr. and Mrs. Henry Beck are also receiving congratulations as parents of a baby son.

Miss Margaret Matheson and Sgt. Ken Finney spent the week end here, guests of Mr. and Mrs. Ted Jay and Mrs. M. Miller.

Mickey Bootsman left for Edmonton and district last week where he will drive a truck, hauling gravel for Alvin Cook and Co.

Congratulations to Miss Margaret Miles who won a $50 scholarship at the Provincial musical festival held in Edmonton recently.

Miss Joanne Wutherick of Allliance spent the week end visiting with Miss Beth Tyler and seeing all her friends again.

Mr. R. S. Pidsen attended the P.P.C.L.I. banquet and reunion held at the Macdonald hotel in Edmonton last Saturday.

Mr and Mrs. J. F. Finlin had as their guest last week their granddaughter and her husband Mr. and Mrs. Victor Scott of Vegreville.

Congratulation to Mrs. S. J. Irwin who is the lucky winner of a bus trip, her name was drawn on the Greyhound Travel Time program last Sunday evening.

Deepest sympathy is extended to Mr. and Mrs. Gordon Blake and family, and to Mr. and Mrs. Alex Johnston and family, on the passing of their father Mr. J. M Blake in an Edmonton hospital last week.

We are pleased to report Mrs. R. M. Matheson is now out of hospital and on the road to complete recovery.

CNR Halves Winnipeg-Edmonton Freight Time

WINNIPEG.—Savings of almost a day in running times of fast manifest freight trains between Winnipeg-Saskatoon-Edmonton were announced last week by the C.N.R. This betterment took place in the result of experiments with diesel power during the past few months, and C.N.R. officials consider it one of the most significant improvements since the early days of Canadian railroading.

Besides making the 800-mile run between here and Edmonton in half the time, due chiefly to the elimination of coal and water stops, the giant road diesel locomotives are hauling heavier trains than was possible with steam power.

With the introduction of these trains, the C.N.R. also is providing faster freight service between the Pacific coast and the East. This is achieved by making connections at Edmonton and Winnipeg with other speed freights destined for those points.

Duties on all fabrics entering the U. S. average about 30 per cent. Put the United Kingdom is the least, at 24 per cent. For Canada it is 17 per cent.

Box 393 LLOYDMINSTER Ph. 780
Corner of 50 St. and 80 Ave.

There is a new boom in Western Canada, deeper, broader, longer than ever before, reports The Financial Post's Gordon L. Smith after a survey of the Provinces.

It is making expansion blueprints obsolete almost as soon as drawn. It's even filling out and overflowing those spacious city boundaries that were laid out in the early pioneer days. Around fast-climbing Edmonton, for example, new factories are going up miles beyond the old limits, in country that was grow-ing wheat the year before.

This time the boom is based on much more than the top six basins of the richest soil on this continent, perhaps the richest in the world. It's based as well on new wealth that lies hundreds and thousands of feet below that soil and on the greater forward and rocky areas that stretch from the northern limits of agriculture to the Arctic Circle. Along with wheat and other crops, and cattle and sheep and hogs, it is based on oil and natural gas, on the nickel copper, uranium, gold and other mineralsin the north woods and on the newly surveyed forests too.

NEWS from ISLAY

Wednesday last week, we, the friends and mothers of the school children were treated to the festival program that was to be done by our Islay school. It was much enjoyed by all.

The Mothers' Day or Family Week special service in the church here on Sunday morning was well attended, more than 70 being present.

In the butcher shop of H. G. Young on Monday morning the telephone rang. Yes, Mrs. McLean, she did you say, you want me to send up fish? Yes, Harry, Tommy will get it if you have it ready. Well, says Harry, guess Bill didn't catch any yesterday. You see folks a group of over-enthusiastic fishermen went north Sunday. Says I to Tommy when I met him on the street "Your Daddy went fishing". "Yes". "Didn't he catch any?" — "No they were too far down to be caught", says Tommy. Well, I am always learning! Mr. Isaacs, Bill Sherlet went to close Lake and landed 2 fish. Seems it was awfully cold and Bill fairly froze h's hands on the wet line.

Mr. and Mrs. Dave Buchanan motored down to Lloydminster and their daughter Kathleen's home.

Richard Robinson had the misfortune to injure his hand badly — had to have some stitches. He now has his arm in a sling so Bob Hannan is doing the truck for him.

500 seedling trees, 200 of them being evergreens were planted on the school grounds last week, Mr. Neil McLennan, Dave Martin, Sol Kohn, Dave Clark, Ken McLennan Don Martin and Harry Young doing the work.

The W.M.S. tea at the Bothwell home last week was a very enjoyable one, 32 ladies, 14 children were there and a grand visit was had. Donald at Nalinsp, you would have had a great time, even Billie Joyvin came galloping in on a dandy horse. And Mrs. Gillies was there.

Shower Honors Kitscoty Bride

KITSCOTY — A miscellaneous shower was held in honor of Miss Margaret Mathewson at the home of Mrs. Mary Miller last Saturday. The evening was spent in games, contests and much laughter. The hostess served a delicious lunch assisted by Mrs. J. O'Neil, Mrs. David Miller, Mrs. F. Dean, Mrs. S. Gerritts and Miss Arlene Joy. A decorated basket, piled high with gifts was carried in by Judy Lang and Mary Gerritts, then Mrs. J. Smith on behalf of all present expressed her good wishes to the bride-elect for a long and happy married life and presented her with a lovely pink rose corsage. Margaret spent a happy hour opening and admiring her many gifts, after which she thanked her friends for their kindness. The enjoyable evening was brought to a close by singing "For She's a Jolly Good Fellow" and "Auld Lang Syne".

Picnics In Kew Gardens

Mrs. Mead Tours Historic Hampton Court Palace

Hill House, England.
April 26, 1953.

Hello Vermilion:

Just a little sleepy because the birds congregate outside of my windows each morning at dawn and put on such a wonderful concert.

When we landed in London an attractive English stewardess graciously welcomed us to these shores and led us to a waiting bus which transferred us to the main building. It was not until we had passed through customs and landing formalities that we could see our people were waiting and I was getting butterflies when I saw Bert in the crowd. A moment later he grabbed me to Rickl and the two boys who nearly smothered me. The boys proudly showed me to their Canadian Chevrolet and we were sure driving through country that was strangely similar to Vancouver, excepting the villages. Somewhere along the road we passed Windsor Park and then as I hadn't slept since leaving Monday my head brain refused to register.

My first impression of Hill House was of cleanliness, and the ground which are about two acres in extent are very lovely with their huge cedar trees, lawn and flower beds. From where I am sitting I can see all that is beyond the driveway. The main entrance is very impressive with its wide stone steps and terrace. We entered into a huge hall with a fire place and doors and corridors leading in every direction. It took me a day or two to learn which room I was entering when opening a door.

On Sunday morning we packed a picnic lunch and started out to find Kew Gardens on the outskirts of London. The day was perfect, the secondary country roads similar to our Lloydminster - Vermilion road but flanked on each side by orchards in full bloom and what a riot of beauty! We drove over winding twisted roads that went everywhere and nowhere because we lost our way. Imagine how delighted we were when we arrived at the River Thames and on that we were just across the river from Hampton Court Palace. So much has happened since leaving home that I could scarcely realize we were actually crossing over the Thames and entering the Auto Lodge Gateway. The main entrance is most impressive with its stone marble pillars, wonderful carvings and retaining. Walking up the wide marble steps of the Kings Stairway we were fascinated by life size paintings of famous figures in scenes that completely covered the walls and ceiling. The stairway leads to the guard room where the pieces of arms number 1500 and are arranged in intricate designs and patterns on the walls.

The Kings' Chambers have the original beds and draperies that were placed there when the palace was built by Wolsey in the reign of Henry VIII. These draperies are three-bare and look as though they would crumble if touched but still show what magnificence and taste reigned there. Here also the ceilings and walls are decorated with paintings and carvings of the time, the latter still unsurpassed. Queen Richard had a bed down to slip under the rope and sit in a state chair that had been occupied by William 3rd. The Queens' rooms were similar excepting that the feminine note was evident in some very lovely blue and white urns and vases against a crimson tapestry.

There is a haunted gallery in this fearful and wonderful palace where Catharine Howard is reported to have wandered in spirit.

In places the halls are dark and foreboding with closed doors not open to the public.

We took a peek at the wine cellars and kitchens below and I was especially interested in a broken blue willow platter that had been dug up during recent excavations.

With regret we left the palace and went on to Kew Gardens which are not at their best as yet because they have been planted to coincide with the Coronation. However the magnolias are in bloom with blossoms as large as peonies and completely covering the entire tree or bush.

We found a pleasant spot to eat our lunch in the shade of Kew bridge where it crosses the Thames

There we watched the boats go by friends and a very happy and satisfactory one

Sincerely,
Addie Mead.

My first Sunday in England including canoes and sight-seeing motor launches.

The Northern Hardware
Company, Limited — Vermilion

Sixteen Years Ago Today

May 13th, 1937

Mrs. Albert West was elected as president of the Girl Guide Association. Mrs. Alf Pinchbeck was the secretary and Mrs. Harry Beach the treasurer.

The M.D. of Etheleyn council met with Reeve A.C.P. Frey in the chair and councillors A. R. Wood, D. G. Lawrence, P. Bykowich and O. Melnyk present.

Vermilion took part in celebrating the greatest event in a decade on Wednesday when ceremonies commemorating the Coronation of Their Most Gracious Majesties, King George 6th and Queen Elizabeth were carried out.

On the evening of Coronation day the people carried out their Beacon and rocket salute ceremony. The 15-foot pyramid soaked in oil made a magnificent beacon and the rocket salute was spectacular.

Light but continuous rains fell on Monday and Tuesday.

Swimming has started at the sand pit in the river and the water is reported as extra fine.

Thirty-two Years Ago Today

May 11th, 1921

Wheat is up nicely in the district and is reported from 2 to 3 inches high.

This issue marks the completion of the 12th volume of the Standard.

Mrs. Margaret Shearer, an old pioneer resident of the town for many years, passed away.

The annual congregation meeting of the Methodist church was held with encouraging reports from Sunday school and church. The year ended with a substantial surplus. Speakers were former Mayor Reed who was visiting in town, T. B. Nellis and choir leader Elbert.

Wildmere Winks

Our district was deeply saddened when word came that Mrs. John Harrison of Battleview had died at Wainwright had passed away on Friday morning last. Mrs. Harrison came to this part of Alberta in the spring of 1907 with her husband and family. She was another pioneer who had broken up the land on the east country of ours. Mr. Harrison passed away in 1927. They raised three daughters and seven sons. One daughter passed away in 1948. Mrs. Bryon Fraser (Alice) and family live on the old family homestead. Mrs. Green (Florence) lives in Saskatchewan. Gordon and Eudard live in California. George, Bruce and Gilbert in Boston and Auburndale. Tom lives in Saskatchewan and Donald at Wainwright. There are 22 grandchildren and five great grandchildren to mour her passing. Everyone was always sure of a warm and hearty welcome at her home. The many friends and pioneers who attended her funeral held at the Auburndale church on Monday showed the esteem in which she was held. The ministers who conducted the service were all praise for her splendid life and the influence it had left on the many who knew this splendid woman. She was laid to rest beside her husband. Her five sons and son-in-law were pall bearers. Mr. McLeod was in charge of funeral arrangements.

Don't forget the W.W.I. sale of home cooking at Nelson-Hill hardware on Saturday May 16th at 3 o'clock.

Margaret and Bertie Fadden returned home on Saturday evening from Edmonton where they have been working the past few months.

Mr. and Mrs. Frank Gill and family were supper guests on Sunday with Mr. and Mrs. R. Martin at the George Nelson home.

Yes Pleasant Valley scribe we read the piece Ed Arrol put in the paper about Allen Rosaghan but not until Mrs. Moore gave it to us. We always enjoy Ed Arrol's articles. Mr. Arrol's father who is a minister had his first field as a student mission at Wildmere. He is now at a church in Echo Bay, Ont., where the writer's aunt and uncle reside. We wish Allen Rosaghan and his wife every success in his newspaper work at Grimshaw.

Mr and Mrs. C. Crothers, Bill and Arthur were Sunday evening guests at the Holte home.

There may be church at Wildmere this Sunday folks.

Claymore Clippings

Mr. and Mrs. Stanley Gerrie of Edmonton visited at Robert MacMillan's home a short time on Saturday last, going on to Lloydminster on a business trip. They planned to return home Sunday morning.

Several children in the district have measles but no one so far has been very ill.

Arthur Bauer who is employed by the C.N.R. is back at Claymore after being away for several months.

The westerners always goes to extremes here in Alberta. Last week May 7th Vermilion was one of the warmest spots in Canada, and Sunday May 10th we have a blizzard! This morning May 11th the country looks very much like it did in December.

The weather stopped all farming operations for a day or so and it is hard to say how much damage was done to Lucs and early growth of flowers, shrubs and the wild fruit bushes.

Mr. Gordon Downey of Vermilion has finished drilling a well for J. Horne, the U.G.G. agent.

Mr. and Mrs. F. MacHardy and small daughter have returned to their farm after spending the winter in Edmonton.

Two ladies turned out Wednesday afternoon with mops, brushes and soap for the clean up at the school. They made a big improvement in the room and kitchen. After the work was finished all enjoyed a social hour with coffee and lunch served.

Miss Mirva Olestad and a friend spent the week end of May 2 and 3 visiting her brother and family Mr. and Mrs. A. Olestad.

OUR COMPLETE SHORT STORY—

THE GUEST

Lesley Will, Two Postmasters, One of Last Night and the Other Of Five Years Ago, Are Involved in Mystery.

—By—
Lilliece M. Mitchell

NANCY smiled at the maid.

"I brought the morning mail along with your breakfast," Miss Nancy. It was a big post this morning so I divided the letters from the other mail."

Nancy sat up in bed and nodded. "Take the second class mail over to the desk, Jewel."

Even before she started to drink her coffee, Nancy flew it on the social page. "Joel Howard, remembered by post-debs here, will be at the Dunard Hotel for a few days while he attends to the estate affairs of his late wife, Eleanore. Mrs. Howard visited here before her marriage."

Nancy had read a week before of Eleanore's crash in Rio. The sultry, red-haired beauty with green eyes and copper lashes, husky voice that could sing the mildest melody in a slightly wicked fashion . . . it hardly seemed real to Nancy. They had been roommates at boarding school, Eleanore's father had been ambassador to Italy, had slept in that bed that once stood in the alcove of the large room. After Eleanore's marriage to Joel, though, letters and messages between the two had lapsed to an exchange of Christmas cards. The fault had not been Nancy's.

Having introduced Joel to Eleanore, Nancy felt a personal interest in the marriage. It was above the fact that Nancy had grown up nurturing the idea that one day she and Joel would honeymoon on the yacht.

Nancy put out one slim hand to take the bedside telephone. She would phone Joel. After all, they were longtime friends. It would be no more than minimal amenity amenity. She hesitated. Suppose Joel only answered her casually, "Oh, yes, Nancy! So glad you called, dear girl. I'll try to come around and see you. You aren't married, Nancy?"

They had grown up next door to Nancy and Nancy could remember Joel's dislike of a rebuff. "No is a nasty word," he used to say.

Now Nancy decided not to telephone lest his tones say no to her overtures of renewed, platonic friendship? Nancy's cheeks flamed.

There is one letter, Miss, Miss from two postmarks, Miss. One is last night at six p.m. The other, Miss, is five years ago, Miss—at six o'clock, Miss." Jewel's voice was thick with excitement.

Nancy drew her finger beneath the flap and read:

"My darling Nancy:

"Now that you are through college, I want to ask you the question you've been trying to forget since you went to the Junior Prom with me—to say yes. I can't live without you. So I'm asking you, if you're willing to listen to me, to say a possible yes—to phone me and just say, 'I hid your letter, Joel.' Your guest Eleanore is a persistent little miss and a minx. Big has some of your adorable ideas, Nancy. Redheads are seldom shy, my fraternity brothers and Big has already suggested marriage. It's time to marry and settle down. I'm not a celibate guy, Nancy. I hope you're going to give me that telephone message—early in the morning. All my love, Joel."

Nancy's coffee was now cold. Five years old, the letter. Five years . . . before the marriage of Eleanore and Joel . . . that had been at this same time of year . . . with Eleanore as her bosom guest. Eleanore, the sexy vixen, Eleanore, the bright-eyed . . .

Nancy reached for the telephone. Her heart took an exultant joy in repeating his name. "Joel? Nancy speaking. I—I had your letter, Joel. It just reached me."

"Ah, Nancy," his voice answered quietly. "I found it down in Rio in a little leather envelope of papers belonging to Eleanore. I wondered if you had read it and given it to Eleanore—"

"Oh, Joel! No. This is the first time I had it."

"Yes. I shouldn't have been so backward, Nancy. How about lunch-ing together at that Inn on the river road?"

"I'll be ready, Joel. At one, Sharp."

"I'm afraid you were never sharp, darling. Any news since '48? I'll be there at noon, if I can walk that long."

"It held good news, Miss?" Jewel was asking gaily. "I felt it in the bones o' my fingers, Miss. My grandmammy was a witch, folks said. She could foretell things. I felt it in my bones, Miss, that it was good news inside. You'll be wanting me right along, Miss? I mean—" her black eyes felt before Nancy's astonished stare in confusion. "Yes, ma'am. Gettin' so I can foretell like my new grandmammy," she said, taking away the tray.

(Copyright Whosoever Newspaper Syndicate)

Do You Know That . . .

The moon completes its circuit around the earth in an average of 27 days, 7 hours, 43.2 minutes.

Est Right—Live Right—Feel Right

Cookies—extra tasty when they're MAGIC baked!

OAT CRUNCHIES

Measure into bowl 2½ c. rolled oats and sprinkle with ½ tsp. Magic Baking Powder, ½ tsp. salt, ½ tsp. grated nutmeg, mix thoroughly. Combine 3 well beaten eggs, 1 cup grated orange rind, ½ tsp. vanilla, gradually beat in 1½ c. fine granulated sugar and add 1½ cups melted shortening. Add ingredients to dry ingredients and mix thoroughly. Drop by small spoonfuls, well apart, on greased baking sheets and centre each with a piece of nutmeat. Bake in moderate oven, 350°, about 15 mins. Remove baked cookies from pans immediately they come from the oven. Yield 3 dozen cookies.

Predict More Tourists in Sask. This Year

REGINA.—There will be more American visitors in Saskatchewan this year than ever before.

That's the prediction from the provincial tourist branch, which is handling 75 per cent, more enquiries so far this year than it did during the same period of 1952.

To date more than 3,000 letters have been received at the tourist branch from potential visitors. Up to the end of April last year there were 2,000 letters from prospective visitors.

This follows a pattern already established in other parts of Canada. In Ottawa, the Canadian Government Travel Bureau reported recently that it was handling 55 per cent. more tourist enquiries this year than it did last year during the same period.

In the meantime, American tourist automobiles entering Saskatchewan during the first three months of this year totalled 1,323. This was an increase of 511 cars, or 72 per cent, over the same period in 1952.

The great bulk of tourist enquiries being received at the tourist branch are from persons who are interested in a Saskatchewan fishing trip. There has been a sharp increase in the number of persons requesting information on autumn hunting in this province.

It's "Eggs Away" For Soaring Geese

NANAIMO, B.C.—R. S. Lodgh knows what it's like to be bombed by an overhead goose. And he's thankful the bomb was a dud.

A hard-boiled mother goose, winging desperately to roost, held an egg in her bill. Mr. Lodgh's garden — but it didn't even break.

Fashions

FOLIO RESPIRATOR

VANCOUVER—Purchase of a new type respirator for emergency treatment of poliomyelitis was approved at a meeting of the provincial executive of the Canadian Legion. Provincial Secretary Col. Adam Reid Crean Scarth said it will give British Columbia five respirators.

Coast Guard's Iceberg 'Ghost Patrol' Recalls Tragic Sinking of Titanic

The sinking of the Titanic as depicted by the eminent British artist Charles Dana, R.A.

—Central Press Canadian.

By FRANKLIN JOHNSON
(CPC Correspondent)

WASHINGTON—Did you ever see a ghost floating? The U.S. coast guard will watch literally thousands of them during the next three months as they patrol the Labrador current for icebergs deadly to ships in the North Atlantic, including the great liner jammed with visitors to the British coronation.

An unusual service recalls the date of the dreadful Titanic disaster — April 14, 1912, when 1,731 persons, including many of the world's leading citizens, perished after the liner was punctured by a huge Labrador rapier of ice, the annual "iceberg season" at hand.

It will continue through July or perhaps later, as happened last year when on Aug. 8 a pack of 30 tardy frigid monsters, including one 1,500 feet long, appeared belatedly in the main shipping lanes to the St. Lawrence River.

The weeks immediately ahead, however, will be the most strenuous for the three coast guard cutters and two B-17 planes assigned to conduct a "census" of the huge chunks of ice which will dislodge off the great glaciers of western Greenland.

Until 7,500, planes measuring two miles long at the outset and all nestling nine-tenths of their jagged bulk out of sight under the waves, will start their bizarre journeys.

Some will get caught in ice floes and tricky currents and hang around for years. They are the "ice barriers" which are so big that the navy and air forces are investigating their possibilities as floating Arctic landing strips.

Each year an average of 427 hit through into the shipping lanes, and gradually melt away in the confluence of the Labrador and Gulf stream currents. An iceberg as far south as Bermuda is a great rarity.

The patrol, a co-operative effort of 24 nations, is a rare example of the carrying out of sober resolutions made in the wake of a great disaster to prevent its repetition. Not a detectors.

single major ship has been sunk by an iceberg since the loss of the Titanic on its gala maiden voyage.

Few events have shocked the world more profoundly. Those too young to remember the Titanic might compare it with the current queen of the U.S. fleet, the liner United States, and what if it had sunk with terrific loss of life on its first crossing to Europe.

To top it off, the Titanic had been billed as "unsinkable" because of its vaunted watertight compartments. No skipper today would be so young-glorious, lummox, as to underestimate the power of a huge iceberg to send any man-made craft to the bottom.

There is not a single instance on record when a ship ever was able to take an iceberg on to attack it, its movement in the slightest degree. Even shelling and bombing only make it worse.

The only defense is to spot them and keep constant tab on them, warning all shipping in their direction.

Icebergs may be slightly on the increase, according to Dr. Richard P. Goldthwait of Ohio State university, who spent several months on Baffin Island studying the 90-mile ice cap which is a remnant of the great glacier that once spread over the entire northeastern United States.

Slightly milder winters in the northern hemisphere may have caused greater Arctic snowfall and consequent building of the ice cap. If all the world's icebergs and icecaps should melt, at once, the level of the oceans would rise more than 90 feet and dry land would become more scarce.

At the present rate, the steady march of icebergs southward to raise the oceans about a foot a century during the present cycle. Its end the iceberg patrol has work cut out for it, performing an annual memorial to victims of the Titanic, whose deaths so alerted the world to a perennial menace that they cannot be said to have been in vain.

C.P.R. District Laid Inspector Retires

Mr. E. Corbett, General Superintendent of Lands, Department of Natural Resources, Canadian Pacific Railway Co., Calgary Alberta, wishes to announce that Mr. J. M. Anderson, District Inspector, Viking, Alberta, after 40 years of service, has been retired under the Company's pension regulations, and is succeeded by Mr. H. M. Alexander, with headquarters at Sedgewick.

Paradise Valley

Mr. and Mrs. William Stoddart were visitors to Edmonton during the past week.

Sorry to hear that Mr. J. A. Lawrence is a patient in the Lloydminster hospital. Mr. C. A. Richardson returned home on Thursday after spending several days in the hospital.

A meeting of the shareholders of the P.V. hall was held on Wednesday evening. Mr. W. A. Nickle was appointed president replacing Mr. C. Benning who has left the district. Mr. A. G. Lee is the new secretary replacing T. H. Rayson who resigned.

Mr. Elmer Beckett of the R.C.A.F. stationed near Toronto is home for a two weeks vacation which he is spending with his parents Mr. and Mrs. Fred Beckett.

Farmers are busy on the land these days as the weather has been both hot and cold during the past week. However the land should have plenty of moisture to start the grain now.

Mr. Norman Adams is attending the convention of the Home and School Association being held in Edmonton.

OBITUARY

MRS. KATHERINE ANN REDMOND

The community of Wildwood lost one of its old and highly esteemed residents when Mrs. Katherine Ann Redmond passed away in the Islay hospital on Friday April 23, at the age of 74 years.

She was born in Grand River Falls, N.S., and married Howard R. Redmond in 1902. In 1906 in the true pioneer spirit she made the long journey by rail with two small children to join her husband in Edmonton. They lived there until 1915 when they moved to Halkirk where they managed a cattle ranch. In 1921 they moved to the present home south of Islay.

All will remember Mrs. Redmond for her generous hospitality and the many acts of kindness and little deeds that bespoke of a large and generous heart.

She leaves to mourn her loss two daughters Anne S. Redmond and Mrs. J. R. Ash (Bessie) of Vancouver, two sons, Cherles of Islay and Neil of Vancouver. A son Harvey died on June 17th, 1948.

The pall bearers were Messrs. G. Jack, R. Dryadale, W. Lamport, C. Jeffrey, N. Bowman and F. Rosenberg.

Rev. E. N. Morrison conducted the service in the Islay Community hall and interment was in the Islay cemetery.

Moyers of Vermilion were in charge of the funeral arrangements.

Beautiful floral tributes were received from the following:

In loving memory of mother, The Family. Effie and Harry, Alice and Harry, Tonse and Gordon: Jack and Gladys, Mary Ella, Edmonton: The Bruiser Family, Edmonton: Wellington and Josie, Jim and Mary, Roy and Barbara: Mrs. David Jack: Alf, Margaret, Beverlie and David Jack: Wildwood Community: Mr. and Mrs. Geo. Jack: Mr. and Mrs. Ernest Jack: The Sperberg Family: The Wylie Family: Grace, Neil and Edna Shook: Bob, Sadie and family, The Sholdice Family: Mr. and Mrs. Clarence Nele: Edwin and Dorothy Hearty: Mr. and Mrs. W. Astley and family: Mr. and Mrs. Alf Redman: Mr. and Mrs. L. Buchanan and family: Mrs. Watson and family: Alvin and Verna Johnson: Mr. and Mrs. Willie Stewart and Jas: Pat and Clarence Robertson: Faye McCleland: Kate, Ken and Rosine, Courtney, B.C.

Flowers to the house: MacKenzie Families, Sydney, N.S.: Ellen and Florence, Blackie, Alta.

Donations to Crippled Children's fund: Luther and Mary Thompson: Howard, Marjorie and girls: Aron Horpestad and family: Mr. and Mrs. Wm. Davis: Mr. and Mrs. Arvid Horpestad: Mr. and Mrs. J. H. Simmons and Emerson: Ruth and Roy Oldenburg: Blanche, Norman, Kay and Marshall: Nora and Paddy McGuigan and family: Mr. and Mrs. Markland: Mr. and Mrs. Dave Buchanan: T. D. Watt.

Donations to the Islay Cemetery fund: Roger and Ethel Watt and family: Maurice, Minnie and family: Mr. and Mrs. W. F. Hanna and family: Sian, Mary and Lynn: Anderson Family: Mr. and Mrs. G. Simons and family: Bill, Lila, Mr. Stewart and Kenny: Dave, Irene and family and Mrs. R. Martin.

Donations to Cancer fund: In loving memory of Mother: Neil and Lorry: Mr. Jim Carey: Mr. and Mrs. Jim Allan: Mr. and Mrs. John Cameman and family: Mrs. Hilda Bell and girls: Mrs. Roy Stone, Arleigh and Kenneth: Mr. and Mrs. Bill McLean: Mr. and Mrs. Lorne Wilson and Patsy: Mr. and Mrs. W. Teacher Shortage of Interest To Women

By D. M. Sullivan

A generation ago, 80% of the teachers were single women, but in Alberta today only 28% of the teachers are single women. This is no remarkable a shift of emphasis that it constitutes almost a miracle. Does it mean that women are leaving the profession. No. On the contrary it is fashionable today for the glamorous school teacher — and what school teacher nowadays is not glamorous—to enter matrimony while remaining in the teaching profession. In at least one large Canadian city the school board has an arrangement whereby married women may be granted extended maternity leave on request. It is reported that their pupils hail their return with delight and rush to show them the progress that has been made in school in the interval.

Statistics recently released from Ottawa indicate that there will be a sharp increase in the school population all over Canada in the next ten years, particularly in the western provinces of Alberta, Manitoba and B.C. Thousands of new rooms will have to be built, and thousands of additional teachers will be required to staff them. Have you visited one of these new schools lately? If so you will agree that nowadays the most attractive building in town is likely to be the school. It is bright, well ventilated, beautiful as well as practical in its architecture, and adapted not only as a seat of learning but in many communities as a centre for cultural and social purposes for the citizenry. No wonder the children like to go to school, and no wonder that they weep tears of frustration when they have to stay at home! No wonder the ratepayers positively always pass the vote to build the new schools.

A national emergency in education is almost upon us. A resistless horde of children will soon be descending in a mass invasion upon our schools, and woe to that community which cannot supply the accommodation and staff the school with an adequate supply of teachers. The only untapped source of teacher supply is the reserve of married women who already have teaching certificates and a background of experience in the classroom. Already married women are being induced in large numbers to re-enter the teaching profession. Married women are fond of children; many of them have children of their own, and know more about children and what is good for them than any other section of the community can possibly know. In the schools of the immediate future it is fully expected that one out of every two new teachers employed will be married women. Married women are the logical source of supply for the augmented school enrolment now imminent.

There are at present 7000 teachers actively engaged in Alberta classrooms. Statistics indicate that by 1960 Alberta will be using 12,000 teachers.

By Shirley Holme, Wainwright, Alberta

News Notes From Your District Home Economist

SPRING CLEANING HINTS

Floors: Cleaning your floors and floor coverings does not mean drastic, back breaking work. Indeed floors may suffer more from determined scrubbings with harsh soaps than from ordinary wear. Use mild soaps or synthetic detergents and several good washings a year.

Furniture: To remove a general film of dirt adhering to wooden furniture wash with a damp cloth wrung from warm water containing a detergent. Wash only small areas at a time and use a lintless cloth. Rinse immediately with a cloth wrung in clear water. Dry with a soft lintless cloth, and after the entire surface is completely dried, apply a good furniture wax or polish. Buff. Never use a combination of wax and oil since oil softens wax. This causes the surface to become smeary and sticky.

Walls: On painted walls and woodwork a neutral soap, a synthetic detergent, a commercial cleaner, or this liquid cleaner (¼ oz. of trisodium phosphate dissolved in 2 gallons of water). If it is necessary to remove stubborn spots by scouring, avoid coarse scouring powders since they will roughen the surface and cause the walls to soil faster and become harder to clean. Use finely powdered whiting which is available from hardware stores.

Children's wax crayon marks, as well as grease spots, can be removed from wallpaper with a mixture of cornstarch and carbon tetrachloride or some other cleaning fluid that removes grease. First remove as much of the crayon as possible by scraping carefully with the blunt edge of a knife. Apply the paste over the spot, starting away from the spot and tapering the edge. When the paste is dry brush it off; repeat if necessary.

Windows: Sparkling windows are the indication of a sparkling house. As when washing the walls, the primary need for washing windows is a sturdy step-ladder for safety. Brush away any loose grit before washing. Never clean windows in strong sunlight, since they will streak before you are able to polish them. A cleaner may be water or a solution of ¼ cup household ammonia to 1 gallon of water, or a commercial glass cleaning preparation. Never use soap, but a small amount of synthetic detergent may be used for very greasy windows.

To clean shades of washable linen or plastic, take down and unroll on a flat surface. Whip a thick suds of detergent and water. Apply with quick gentle strokes; rinse with cloth wrung in clear water, never allowing the shade to get wet. Hang shade and pull full length until completely dry. Non-washable shades may be cleaned with wallpaper cleaner. Use art gum to remove stubborn stains.

Venetian blinds should be wiped with a damp cloth wrung from a solution of a mild detergent. Never soak them in a bathtub. Coat with a thin film of wax.

Fixtures: The porcelain enamel surfaces in the kitchen bathroom need be but washed regularly with fresh suday water. Never use a harsh abrasive because they scratch the surfaces and form crevices for grease and soil.

The best protection for metal, wooden and enamel surfaces is a thin coating of wax; one of the new cleaning powders on the market is a creamy wax cleaner especially made for such use.

Altering your medicine cabinet up to date by discarding old medical supplies.

Helping to Build a Better ALBERTA

New Wheat Seed For Fall Distribution

OTTAWA — The agriculture department may have about 100,000 bushels of a new wheat variety — developed to resist Race 15-B rust—ready for distribution as seed next fall.

Dr. C. H. Goulden, head of the department's cereals division, said in an interview that the new variety developed after years of combined research effort will come up for licensing this summer.

The department itself decides which varieties will be licensed for distribution and it appeared likely, said Dr. Goulden, that the new variety will be approved in time for fall distribution.

The seed likely will be handed out on a first-come first-served basis, he said, but he didn't know whether there will be enough to meet all requests.

Agriculture Minister Gardiner announced development of the seed recently. He told the Commons the department has about 6,000 bushels of the new variety which is being sown this year on federally-controlled land, including the Bow river irrigation project in Alberta.

"It is not licensed yet because we have not completely proven the baking value of it, although we think it has a baking value which is just about as good as any other wheat," Mr. Gardiner said.

But because of the great threat of Race 15-B rust, which spread to Canada from the United States, the department was going ahead with planning to have a considerable amount of the seed for distribution at the end of the season."

Race 15-B is one of about 100 different types of rust, said Dr. Goulden, amplifying Mr. Gardiner's remarks. It was spread from the U.S. by airborne spores and hit Canada's high-priced durum wheat. The fungus germinates on the stem, evaporates the plant's water and withers the stalk.

The U.S. has lost millions of dollars of grain through this rust and Canadian scientists decided as far back as 1928 to use all means to prevent that from happening in Canada. Most of the damage so far has been in Manitoba.

A group of scientists in the department's Winnipeg laboratories found a wheat variety resistant to this rust and crossed it with high-quality wheat.

Batches of the new variety wheat were sent to California for year-round planting and quick reproduction. From the California plantings the department now has about 6,000 bushels of the wheat for sowing on Canada's Prairies. About 6,000 acres are being sown this spring.

Dr. Goulden said that while the baking value of the new variety has not yet been established, tests will continue and he is confident the variety will pass the baking tests satisfactorily.

The new wheat still has no name. It goes under the label of "CT-186". It will get a name, said Dr. Goulden, when the licence is granted.

The cat is the only domesticated animal that has not shown any fear

MASTER STROKE — Eye follow the ball as master golfer Ben Hogan sends a long drive arching over the fairway at the Augusta Ga. National Golf Course. Hogan went on to fall a three-under-par 69 to edge Byron Nelson by one stroke in the season's major opening fairway event.

Ex-Egg Laying Hen Becoming Rooster

WARSAW, N.Y. — Reuben Pfeiffer says one of his hens is turning into a rooster.

"Look at that thing," he told a reporter recently. "Last year it was a mother and now it's busting around just like any young rooster."

Pfeiffer said the first inkling he got was when the Rhode Island Red last year suddenly started laying soft-shelled eggs that gradually became smaller. Then they stopped.

Now it has grown a rooster's comb and tries to crow.

"It's not much of a crow," Pfeiffer admitted. "But she—but he is trying hard."

Funny and Otherwise

Boss: "You say there is a man at the door wishes to see me. Does he look like a gentleman?"

Office Boy: "Well, not exactly like a gentleman, sir. Just something like yourself."

* * * *

"Why don't you like Watson?"

"Well, he's the sort of fellow who, if you asked the time, would start to tell you how to make a watch."

* * * *

Having walked home from the office this evening, the beautiful blonde stenographer was greeted by her mother who said: "Christine, dear, don't you think you ought to get about 40 winks before you go out on another date this evening?

"You underestimate me, Mother," said Christine. "I'm sure I got that many winks as I walked across the park on my way home."

* * * *

Two women were among the spectators watching a sky-writing aviator doing his stuff. Said one to her friend: "I wonder whatever induced that darned fool pilot to take up sky-writing."

"Before her friend could reply, a man standing behind them, who was slightly under the weather, remarked: "Proximate, lady. No doubt his wife wouldn't let him smoke in the house!"

* * * *

Pipe in mouth, a man was ensconced in his living room chair when his wife piped up and said: "Will do you realize that next Tuesday is our 25th wedding anniversary?"

"Hmmmmmmpffff" grunted the husband.

"I thought," said the wife, "that we ought to kill them two chickens of ours."

"Now Sarah," said the husband, "you can't blame them for what happened a quarter of a century ago."

* * * *

"How sweet of you, darling, to back that horse in the 3:30 race because it had the same name as mine."

"Yes, dearest, it had the same habits, too. It got there late."

* * * *

A man applied at a foundry for a job and was interviewed by the works manager.

"What have you done before?" was one of the first questions put to the applicant.

"I was a milkman," he returned. "And what wages did you get?" "They had to pay me $80 a week and my milk."

The manager reflected for a moment. Then: "Right-ho," he said. "You might be useful. We'll take you on at $85 a week and wean you into the bargain."

In Saskatchewan

Parked Cars On Highways Must Be Marked

In accordance with the Saskatchewan Vehicles act, Public Service vehicles and commercial vehicles as well as private cars, are required by law to be marked when parked or left on the highway. Almost three per cent. of the accidents that occurred in 1951 were caused by unmarked cars and trucks parked on the highway. In three of these accidents drivers or passengers were injured.

Because of revisions at the 1953 session of the provincial legislature, from now on any Public Service or commercial vehicle must carry two flares, lanterns or reflectors capable of being seen at least 500 feet away. The flares and lanterns must be capable of burning at least 12 hours on a windy night.

These signals must be set out 100 feet in front of and behind, the stalled or parked vehicle. Anyone who fails to mark machinery or a vehicle left on the highway is guilty of a violation of the law.

Drive With Care!

Remember — ask for INGERSOLL BABY ROLL Cheese next time you shop. It's smart to serve on so many occasions!

3 tempting whole-wheat variations from One Basic Dough!

Make these treats with new fast-acting Dry Yeast

If your family enjoys whole-wheat bread, give them not one but three treats next time you bake! See how Fleischmann's Fast Rising Dry Yeast helps you to serve a variety of tempting things with no extra trouble. When you bake at home, make sure you have Fleischmann's on hand.

Basic WHOLE WHEAT Dough

Scald
2½ cups milk
½ cup granulated sugar
½ cup shortening
½ cup molasses
Remove from heat and cool to lukewarm.
In the meantime, measure into a large bowl
½ cup lukewarm water
1 tablespoon granulated sugar
and stir until sugar is dissolved. Sprinkle with contents of
2 envelopes Fleischmann's Fast Rising Dry Yeast
Let stand 10 minutes, THEN stir well. Stir in lukewarm milk mixture.

Stir in
4 cups whole wheat flour
and beat until smooth and elastic; work in
4 cups more (about) whole wheat flour

Turn out on board sprinkled with whole wheat flour and knead dough lightly until smooth and elastic. Place in a greased bowl and grease top of dough. Cover and let dough in a warm place, free from draught, and let rise until doubled in bulk. Turn out dough on lightly floured board and knead 10 minutes. Divide into 3 equal portions and finish as follows:

1. WHOLE WHEAT LOAVES
Shape one portion of dough into a loaf and fit into a greased loaf pan about 4½ by 8½ inches. Grease top. Cover and let rise until just doubled in bulk. Bake in moderately hot oven, 375°, 35 to 40 minutes, covering loaf with heavy brown paper after first 15 minutes of baking.

2. SALAD OR WHIMSY ROLLS
Cut one portion of dough into 12 equal-sized pieces. Shape each piece into a ball and roll to 7-inch long Place, well apart, on greased cookie sheets. Grease tops. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, about 20 minutes. Split rolls and fill with salad or luncheon morsels.

3. PAN BUNS
Cut one portion of dough into 16 equal sized pieces. Shape each piece into a smooth round ball and arrange in a greased 8-inch square cake pan. Grease tops. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, about 20 minutes. Split rolls and fill with salad or luncheon morsels.

Woodvale News

Work on the land has finally started and everyone is busy as a bee to catch up on the late season, which included a bit of January and July weather in one week. On the whole moisture is needed for the land and therefore the rain was welcomed. Let us hope we get it and fair working weather in a balanced ration this year.

Congratulations to Mr. and Mrs. Hugh Herman on the birth on a baby boy Kenneth Joseph. Bobby and Beverlie stayed with their aunt Ruth McLeod in Mannville and Douglie with grandmother Rankin in Vermilion, while their mother was away. On her return home the carpenters were still busy in the house and Dunedy later came for a few days to help.

Jim Rose has been busy digging the cellar for his new home and a chicken is digging a basement for the new house of R. McQuid, so the rumor already built, can be moved over it onto the permanent site. Mr. and Mrs. Rose are the proud owners of a dark green Chevrolet car.

A former Woodvale girl Sylvia Turner recently married in Vermilion and best wishes to her and her husband Mr. Stan Sumisloski are extended by everyone in the district.

Quite a number of persons have been in the Islay hospital lately—Mr. Charles Young of Hindville, Frankie Wolters of Tolland and Mr. Graham Gaston of the Union district. We hope they all will soon recover, but at time of writing we heard that Mrs. Mary McGrath was staying in Islay because her father was rather weak after a heart attack.

The Red Cross quilting bee was postponed a week and will be held on the 13th at Mrs. Watson's.

We wish Mr. S. R. P. Cooper many happy years in pleasant retirement after such a long time in his own business. It must be a great satisfaction to have his lifework continued by his capable sons, but when we dropped in last, we still saw him busy at his usual place. It will only add to the pleasure of the evening years to be able to drop in to the old office and have an interest in it without the responsibility and liquor of work.

Perry s have not gathered more news lately but we have been busy. As everyone else, and have had several guests including Mrs. E. Van Wagningen who will stay the summer with us; Mr. H. Hover, Mr. W. Van Tyen, who both left again for Edmonton and Miss Quin Lenshoek who came to see her grandmother and will go back to Banff in another week.

Wheat Pool Chairman Comments On Ending Of Terminal Strike

Ben S. Plumer, chairman of the board of directors of the Alberta Wheat Pool, while expressing his relief at the ending of the terminal elevator ordered strike at Vancouver and the resumption of grain traffic through that port, had the following to say.

"Our stand in this strike was based on our belief that the employees were well paid. In the past two years they received increases amounting to 42 cents an hour along with substantial fringe benefits. Their rate of pay was among the highest for that class of labor not only on the Pacific coast but in all Canada.

"The Alberta Wheat Pool returned to its farmer members 85% of the earnings of Pool elevators last year. Every increase in expenses is a direct charge on the individual farmer. If we were operating as a private concern we would merely increase our charges to the farm people. But we are trying our best to keep costs down.

"Pressure from the federal government, but mainly the urgent need for heavy export movement of grain to provide local elevator space compelled us to give in on this strike. Our concern is to give the farmers an opportunity to deliver farm-stored grain. The fact remains, however, that a small group of men seemingly have the power to tie-up the whole economy of western Canada. That is something for the farm people to ponder over.

"We appreciate the support given us by the Farmers' Union of Alberta whose directors voted unanimously in our support and also to the Alberta Federation of Agriculture whose directors took similar action. We think any critics, governments or otherwise, have no ground to stand on unless they pay better wages than we do.

"Farmers might also be interested to know that in the discussions in the house of commons on this strike issued to my knowledge not a single word of sympathy or support was extended by the representatives of any political party to the grain producers from whose pockets must come the money to meet all these costs. This would lead to the conclusion that organized labor has far greater political power than have the farm people.

"During the course of the strike we have presented our case calmly and courteously. We are firm in the belief that the great majority of the farm people of Alberta have been behind us."

The Standard cannot reproduce unsigned letters. The letters must have the writer's name and address for matters of record while a nom-de-plume will appear in the paper if desired.

Again in 1953...

Chevrolet is lowest priced!

Above: The "Two-Ton" 4-Door Sedan. At right: The "One-Fifty" 2-Door Sedan, two of 14 beautiful models in 3 great new series.

It brings you more new features, more fine-car advantages, more real quality for your money...and it's Canada's lowest-priced full-size car!

Entirely NEW through and through!

New Fashion-First Bodies by Fisher . . . new, richer and roomier interiors . . . wide choice of body-types and color harmonies . . . new 115-h.p. "Blue-Flame" high-compression engine in Powerglide* models . . . new 108-h.p. "Thrift-King" high-compression engine in gearshift models . . . entirely new economy with important savings in gasoline and upkeep . . . entirely new Powerglide* with faster getaway, more miles per gallon . . . entirely new Power Steering (optional at extra cost) . . . the softer, smoother Knee-Action Ride . . . more weight — more stability — more road-steadiness . . . outstanding Velvet Pressure Jumbo-Drum Brakes . . . Automatic Eye which automatically dims and brightens headlights (optional at extra cost) . . . Safety Glass in windshield and all windows of sedans and coupes . . . GM Shade-Lite Tinted Glass, with exclusive, graduated windshield tinting (optional at extra cost).

Farther ahead than ever in quality . . . yet the lowest-priced full-size car . . . with greater economy of operation!

That's the story of this sensational new Chevrolet for 1953. And, of course, that means more value for you who buy it. More pleasure in your motoring, and more money in your pocket!

Imagine — the most beautiful car in its field, with new Fashion-First Bodies by Fisher that set the standard of styling, inside and out. And it's a truly powerful car. The eatest driving, easiest riding car in its field, with many advancements for your comfort, convenience and safety.

Yet, with all these new and exclusive advantages, Chevrolet remains the lowest-priced line in its field!

Yes, indeed, only Chevrolet gives such excellence with such economy. Come in and prove it at your earliest convenience!

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on Bel Air and Two-Ten models at extra cost.

Switch Protects Sleep-walking Boy

A dash of science and a shot of fatherly ingenuity is keeping one small boy, a night-time traveller, safely home in bed.

An electrical engineer reports using a micro switch, a tiny foot-activating device made by Minneapolis-Honeywell to warn the child's sleeping parents when their son departs on a sleep-walking expedition.

The tiny microswitch, more often seen on airplanes than in bedrooms is attached to the child's bed and connected with a buzzer in the parent's room.

When the boy's weight is removed from the bed, the switch closes, the parents are awakened, and almost immediately they can be by his side.

Adjustable front seats for passenger cars were invented and patented by General Motors in 1925.

Local News of Interest

Rev. E. P. Berg leaves Friday for the General Council of the Christian and Missionary Alliance which is being held at Long Beach, Calif., from May 20 to May 26. Rev. Norman Dreger will be in charge of services while Mr. Berg is away.

Mrs. Frank Davies has left on a three months visit, the first part of which will be spent with her son C. Westman and family at Kenaston, Sask., and some two months at Sudbury, Ont. with another son and his family.

Mr. and Mrs. Ross Taylor were in Edmonton on Monday when they attended the wedding of the latter's niece Miss Mona Creighton to Mr. Murray McConnie of Lacombe.

Mrs. Hawkesworth spent a very pleasant afternoon on Wednesday when a few friends gathered to wish her many happy returns on her 83rd birthday.

Mrs. Curtis Wilson received a welcome Mother's Day gift when her daughter Dorothy phoned all the way from Spokane. The voice carried perfectly and a very enjoyable conversation resulted. Dorothy recently returned from several months spent at Honolulu in company with a friend Miss Kay Sealy. They made the trip by plane and both are now remaining in Spokane where they have positions. The Mother's Day gift was completed when daughter Joyce (Mrs. Thos. Knight) phoned from Enilda, Alberta and talked with her mother.

Mrs. L. F. Horne was in Wetaskiwin on Saturday May 2nd attending the wedding of her son David.

Jack Brown of Fort Wayne, Indiana has returned there after spending two weeks visiting his sister Mrs. Jas. Powell. This is the first time brother and sister have seen each other since their school days. Another brother of Mrs. Powell, Emmett Brown of Victoria is visiting here at present. Mr. Brown had visited here some 11 years ago.

Harold Wolters at the Powell home were Mr. M. Mahon and son Billie of Prince George.

STAGETTE CHECKING DUTIES

Saturday, May 16. Merle and Olga: Monday, May 18, Betty and Joan. 2nd shift Evelyn and Lil: May 23, Lena and Teresa: May 30, Sophie and Berna.

Shower Miss Irene Sullivan, Bride-elect

Mrs. Arthur Burton was hostess at a shower held in honor of Miss Irene Sullivan bride-elect, at the home of Mrs. Arnold Maggs on Thursday May 7th. Following a few games Mrs. Robert Repp presented the bride-to-be with a large decorated box full of gifts. Irene thanked all the ladies present for the lovely gifts. The hostess assisted by Mrs. Arnold Maggs, Mrs. E. Shrubsoles and Mrs. C. Wilson served a delicious lunch. There were twenty ladies present and all wished the bride-to-be much happiness and good luck.

Red Cross Notes

The Vermilion Branch of the Canadian Red Cross Society wish to thank the local Nurses Association for the lunch committee, Vermilion Beverages and all who helped in any way to make the recent blood clinic a success.

Mannville Local Items

About 40 students of Grades 9, 10 and 11 and a number of parents attended the Career night in Vermilion last week, and received valuable information on choosing a career.

Reminders for sales: The sale of local track meet is being held in Minburn on Friday, May 22nd and the local track meet at Innisfree on Saturday, May 30th.

The Mannville and District Board of Trade entertained the councillors of the M.D. of Minburn at a dinner on Monday evening, May 11th at the Mannville hotel.

The following students in Gr. 5 of the Mannville school received first roll certificates for their art work in On The Run to Reading broadcasts, sponsored by the Dept. of Education: Gloria Weaver, Lillian Schlosh, Carol Lee, Lory Lee Weaver, Ellen McLaughlin, Betty Willis.

Mrs. A. Holden has been confined to her home with illness and flu but at time of writing is somewhat improved.

Miss Merna Summers of Edmonton was a visitor in Mannville last week. For the week-end visitors at Clennett and Miss Ruby Coulter.

Mrs. P. L. Chandler, who has been visiting with her daughter and son-in-law, Rev. and Mrs. R. Crighton, has gone on to the coast and Long Beach, Calif., to visit with relatives and friends before returning to her home in Toronto. Susan, her young-est is staying with Mrs. Crighton during her mother's absence.

Mrs. Berlin who has been nursing at the Mannville hospital is now on the staff of the Vermilion hospital.

The engagement is announced of Jean Wark, only daughter of Richard R. Brennan and the late Mrs. Brennan, to Mr. James Edward Belyea, son of Mr. and Mrs. David D. Belyea of Calgary. The wedding will take place June 6th at the home of Dr. and Mrs. Clarence H. Lipsey, Edmonton.

Mr. and Mrs. John Doull of Marwayne, Alberta, wish to announce the engagement of their youngest daughter, Jeannette Fairbairn, to Dr. Gordon Wesley Hodgson, only son of Mr. and Mrs. Wesley W. Hodgson, of Dewberry, Alberta. The wedding to take place May 25th, 1953, at 5:30 p.m. in St. Stephen's Chapel, Edmonton. Rev. Richard Gilmeder officiating.

Mr. and Mrs. Ralph Wilson and Mrs. Curtis Wilson attended the funeral of Mr. John Harrison at the Auburndale United church on Monday afternoon.

Mr. and Mrs. Henry Powell and son Lavid were here visiting the former's mother Mrs. Jas. Powell. They have left on a trip to Vancouver. Henry recently sold his hotel at Faust and is looking for a new business location.

Mr. and Mrs. Mac Dunsmore and family of Edmonton spent the week end visiting the former's parents Mr. and Mrs. Gordon Dunsmore in town. Mac is now employed by the Poole Construction in the city.

CLANDONALD HALL

Showing at the Clandonald hall this week end "Kidnapped" from the Robert Louis Stevenson story with Warner Baxter and Freddy Bartholomew. Next week "People Against O'Hara".

FIRE CALL

The fire brigade made a run to the east end of town last Thursday evening where a number of Canadian Utility poles had taken fire. They had been newly creosoted and were burning merrily when noticed. The poles for high power lines are quite costly and a number were destroyed.

Twelve Young People Confirmed in Lutheran Service

MANNVILLE.—Rev. F. A. Schote of Fort Saskatchewan on Sunday May 10th confirmed the following 12 candidates in an inspiring Confirmation service in the Anglican church Anita and Eddie Schroeder, Willie Schroeder, Martha Fremuth, Arthur and Margaret Schumacher, Clara Brokop, Eddie and Donald Weichtrol, Verna Wagner, Evelyn Kuleidt, Johnny Bader. The Lutheran church is nearing completion and will be a lovely building when finished.

KITSCOTY High School Hi-Lites

This has been a great week for K.H.S. students. Nothing but holidays from our studies. On Tuesday we trooped down to the hall where we spent an hour and a half listening to the U. of A. mixed chorus under the direction of Mr. Eaton. This is a wonderful chorus and we are grateful for being given the opportunity of hearing it. What made it more interesting was the fact that two former K.H.S. students were participating.

After one subject on Wednesday afternoon we again went to the hall where we listened to a speech by Mr. A. Aldridge, Director of Colonies for the province, which opened "Career Afternoon". The remainder afternoon was profitably spent in listening to people from different professions speak and asking the visitors questions which will help us in our task of choosing a suitable career. We were pleased to see students from Marwayne, Rivercourse, Streamtown, Paradise Valley and Blackfoot.

Friday, May 8th was the date of our annual school festival. It was very successful but we missed many of the rural schools who usually participate. The adjudicators very capably handled their job and a mixed program was held at night followed by a dance.

And now to studies! Graduation day is less than a month!

W. I.

The regular meeting of the W.I. will be held at the home of Mrs. E. Rooks on Tuesday, May 19th at 2 p.m. 44

Bowtell Bulletin

At time of writing we are in a cold spell and it snowed Sunday May 10th, certainly not much like May 10th weather should be.

A very good game of ball was played by Pleasant Valley and Island Hill, the latter being the winners on May 3rd. The game scheduled between Pleasant Valley and Islay was 'snowed out' on Sunday.

Wm. Walker is the proud owner of a new Chev truck, a present on his 21st birthday.

The writer, hubby and Beverly visited at the Morrison home on Monday. We are sorry to say that Uncle Morrison is still ill.

Mr. and Mrs. O. Repp arrived home recently from a grand holiday spent in the U.S.

The Penman family spent the week end in the city.

Jack Morrison has a new Propane tractor. The very latest in power propulsion.

Visitors at the home of the writer recently were Mr. and Mrs. Knutson and Harold, Mrs. B. Gould, Mrs. C. Clarke, Mr. and Mrs. Walker and William, Mr. and Mrs. Dreidiy.

Mr. and Mrs. Williams and family were guests for dinner Sunday at the Caro home in Islay; Mr. and Mrs. Jones attended church in Vermilion on Sunday, Mothers' Day.

Best wishes go to Mr. S. S. P. Cooper on his retirement. May he enjoy many years of well earned rest.

Don't forget the church service at Pleasant Valley this Sunday folks.

Nothing around here. Mr. Hodgins finishing painting the interior of her new house. It looks very nice Jean; Maybelle Knutson is back working at the hospital; Warawa's trucking a load of cattle to Edmonton; Mrs. Miller driving the school bus again; Fred Attfield getting a crop in the calcic way, having three tractors working in one field; Johnny Rochford farming the late Daddy Woodruff farm; the Cow family and Mrs. Gagnon journeying to the city where the latter took the bus for Gleichen.

The BROWNIE CORNER

On April 29th the First Vermilion Brownie pack made their long awaited trip to Edmonton. The day was a perfect and except for our Brownie, who was just recovering from a terrible cramp, every eligible member turned up in full uniform. Our thanks go to the Lloydminster Brownies who lent us a hand and three uniforms as well.

We are all most grateful to every one who made our memorable trip possible. Special mention goes to those groups who helped finances, to our most co-operative bus driver, to our accompanist, our mothers, and the 'Y' in Edmonton where we made our headquarters. We must not forget the generous gift of our sick pills all around—nobody was sick!

Our chief accomplishment on the trip was of course, our performance at the Alberta Provincial Musical festival. It was very tiresome waiting for our turn to sing and then we all got excited, but it was fun especially since the adjudicator gave us just two marks less than the winning Brownie pack from Edmonton. We are all set to re-arrange that two-mark margin next year

I guess we must have behaved very well at the 'Y' for Mrs. Cassel-man praised us several times. The cafeteria staff were amazed when we loaded our dinner trays and were all out of the way in 12 and a half minutes. For 36 trays, carried by little girls, that's pretty good.

Now that we are back at routine meetings we are all working to pass the next set of tests before holidays. Of course our Canadian trefoil program is still growing and will end on June 2nd, Canada Day.

Miss Jean Bregman, June Bride-Elect, Feted At Shower

The home of Mrs. Clarence Bird was the setting of a miscellaneous gathering Monday evening, when Mrs. Bary and Mrs. Lyle Robinson entertained about 24 guests at a shower in honor of Miss Jean Bregman, a June bride elect.

Contests were conducted by the hostess Catherine and Marion Barr. The last contest, a jellied race, proved Jean to be the best informed and she was the winner of the prize.

The prize was a pair of an automatic toaster and was presented by Miss Catherine Barr in a most pleasing manner expressing to Jean on behalf of the ladies, very best wishes for much happiness.

Jean in very well chosen words responded with sincere appreciation.

After a delicious lunch served by the hostesses the evening came to a close.

W. I. Branch Is Formed At Claymore

MRS. H. WILLIAMSON IS PRESIDENT

Mrs. H. Williamson called a meeting at her home on Wednesday, April 29th attended by 12 ladies. Mrs. J. J. Jones of Vermilion, director of the W.I. attended the meeting and gave her assistance in forming the W. I. Branch at Claymore. Ten ladies joined at once. The following officers were elected:

President Mrs. H. Williamson
1st Vice-Pres. Mrs. Robt. MacMillan
2nd Vice-Pres. Mrs. A. Van Nest
Secretary Mrs. Percy Watling
Treasurer Mrs. Rennie Bauer

Mrs. Jones gave a very interesting talk on W.I. work in Alberta and was able to suggest programs and work which the new branch could carry out.

The question of sending a delegate to the convention to be held in Edmonton in late May was discussed and Mrs. Joe Bauer was selected to attend. She will give a report at the June meeting.

After adjournment all enjoyed a social hour and a delicious lunch. The next meeting will be held at the school May 20. Miss Holms our district home economist will attend and give a talk and demonstration on food one and decorating as well as ideas for our fall bazaar. All ladies in the district are cordially invited to attend and to bring a friend.

CARD OF THANKS

We wish to express our sincere thanks and gratitude for the many acts of kindness, messages of sympathy and beautiful floral tributes received from kind friends and neighbors during our recent bereavement in the loss of our beloved husband and dad. Also sincere thanks also to Dr. Sweet and Dr. Hasinoff, the nurses of the Lalay hospital, and the Rev. Jen Jones.

Mrs. Ella Bennett and family.

IN MEMORIAM

In loving memory of a dear son and brother

EDWARD S. SHELLY

who passed away very suddenly on May 4th, 1952 at Cold Lake, Alberta.

"His last parting wish
We've tried to keep home heard.
And breathed in his ear
Our last parting word.
Only those who have lost
Are able to tell
The pain of his heart
In not saying farewell."

—Lovingly remembered, Mother, Dad, sisters Mary and Kathelyn and brother Andrew of Toronto.

Clandonald Nine Takes Country Event

Vermilion Seniors Win Open Ball Tourney

EDMONTON WINS JUNIOR TOURNAMENT

Vermilion Seniors climaxed a grand day of sport here on Monday by winning the senior ball tournament in a lively final against the Marsden, Saskatchewan team. It was the first time for several years that the seniors have managed to keep the big prize money at home and while they had a comfortable margin in the final they had previously to subdue Viking and then Derwent, 4-3 and 3-1 in hard fought games.

Derwent knocked out the Edmonton entry in the first round, Vermilion eliminated Viking and Wainwright subdued Paradise Valley. Marsden drew the bye and then put out Wainwright, thus entering the final. In the meantime Vermilion won a bang up contest against Derwent and went over for the first prize against the Saskatchewan entry. The locals got good pitching from Big Jim Lavender who went the whole nine inning route, and were hitting freely, culminating in a mighty home run hit by Lee Williams in the lower half of the 8th The final score was 15-7.

CLANDONALD WINS

Clandonald nine went through the country fairway without a loss, winning from Paradise Valley in the final. The winners first won from Triangle and then Killarney. Jean Wood ousted Mannville in the first crew but lost to Paradise Valley in their second start.

EDMONTON JUNIORS WIN

Eight teams entered the 20 and under baseball and horseshoe tilts and laws captured the $100 prize taking the final 8-3 from Irma. Entries were from Marwayne, Edmonton, Vilna, Ribstacy, Vermilion, Irma, Chauvin and Viking. Edmonton eliminated Vilna, and Irma won from Chauvin. The final game was a good one and anyone contest all the way. The youngsters are playing good ball and are showing renewed interest in the game.

BOYS' SOFTBALL

In the 15 and under softball for boys Wainwright trotted off with the first and Killarney annexed the second prize. Other contenders were three teams from Vermilion, Irma and Edmonton.

KEITTING SOFTBALL FINAL

The ladies' softball final game between Vegreville and Vermilion proved tops for excitement, with the girls from the north coming the winners. Dewberry first eliminated Mannville, then VHS, and finally Vegreville to take the honors. Vegreville subdued the Vermilion ladies to enter the final.

IRMA BOYS BEAT VS GIRLS

Of the five teams entered in the high school girls' softball Irma proved the best when Portage La Prairie scored. Kitscoty, Wainwright and Edgerton were the other contenders.

GIRLS 15 AND UNDER

The 15 and under girls' softball only brought forth two teams which is surprising. The local Junior high defeated the public school entry

SPORTS EARLY—SEASON DATE

Number of entries dropped from the all time high of 47 teams in 1952 to 28 this year. The dates was due to sports day being a week early and the cold weather last week. The crowd was smaller than in the ideal day of a year ago. In 1952 the spring was early, sports were well organized all over the country, and the Victoria Day sports meet was the biggest crowd in the history of the sports. Next year Victoria Day swings back to Monday the 24th and this will be a big advantage over this year. The day was fine until about 3 p.m. when a cold wind blew in from the north-east, making it uncomfortable watching ball games from the bleachers.

The day itself was well organized with all finals being completed by 6 o'clock. The dance at night drew the usual full hall. Results were excellently convened and managed with top returns reported.

TRACK EVENT WINNERS

MEN'S OPEN EVENTS

100 yards—1, Roy Misick, Vegreville; 2, Mac Hancock, Marwayne.

220 yards—1, Roy Misick; 2, George Scott, Vermilion.

Death and Funeral Of Mrs. Mary Harrison

On Monday afternoon, May 11th, Auburndale United church was filled with friends who came to pay their last respects to Mrs. Mary E. Harrison, an early pioneer of the district. The funeral service and interment in Mt. Auburn cemetery were conducted by Rev. W. A. Glazer of Grace United church, of Walnwright, assisted by Rev. R. E. Oswald of the Walnwright Gospel Mission. The pall bearers were five of her sons and her son-in-law Mr. C. B. Fraser. Mrs. Lloyd Everett was organist.

Mrs. Harrison was born at Sewyerville, Quebec, on Oct. 17th, 1869. On May 6, 1891 she was married to John Garner Harrison. In 1905 they came to Grandview, Man., and finally in 1907 with true pioneer spirit, they took up a homestead in the Auburndale district. Mrs. Harrison was predeceased by her daughter Nina in 1909 and her husband in 1927. Mrs. Harrison was always an ardent church worker and in 1926 she and her husband contributed to the building of the Auburndale United church. In 1939 she retired to Walnwright, where, after a long and useful life, she passed away Friday, May 8th, 1953.

She is survived by her seven sons Gordon of Riverside, Calif.: Roland of Torrance, Calif.: Barnet of Carlyle, Sask.: Donald of Walnwright: George, Bruce and Gilbert of Vermilion, and two daughters, Mrs. C. B. Fraser of Vermilion and Mrs. Garnham Green of Edmonton.

There are twenty-two grandchildren and six great grandchildren.

McLeod's were in charge of the funeral arrangements.

Beautiful floral tributes were received from :

The Family: Marguerite and Gordon: Ethel and Roland: Dora and Frank, Gwen and Bob, Peggy and Aubrey: Pat, Neil and Rose: Mr. and Mrs. Curtis Wilson: Mr. and Mrs. J. H. Green and Chester: Mr. and Mrs. E. A. Seale, W. J. Seale, Irene and Harman: Ruth and Lloyd Everett. Grace and Bart Seale: Beth and Forrest. Mr and Mrs. W. J. Moses. James and Ruth Moses. Mr. and Mrs. D. Gibson and children: Seth and Mildred Oldham, Mr. James R. Thompson.

Donations to Cancer Fund: Mr. and Mrs. Harry Marlteet: Mr. and Mrs. Ted Marlteet and family: Mr. and Mrs. Ivor Larsen: Mr. and Mrs. Peter Jensen: Inez, Olive, Mr. and Mrs. Frisell: Harry Amos: Agnes and Alf Green: Connie, George, Lila and Bill: Mr. and Mrs. E. Armstrong: Mr. and Mrs. J. H. Frisell: Mrs. R. Fraser and Eddie: Mr. and Mrs. Geo. Symns: Mrs. Mabel Chynoweth: Mrs. M. Donations to Protestant Children's Home: Frank and Emma Eyben: Mr. and Mrs. Mickmunon: Mr. and Mrs. C. H. Wilson.

Donation to the Service Men's Centre: Mr. and Mrs. J. C. Green and family.

Donation to Walnwright Library: Mr. and Mrs. O. Wolters and family.

THANK YOU

For A Big Job Well Done!

THE PRESIDENT AND EXECUTIVE of the Vermilion Amateur Athletic Association proffer their sincere thanks to all who helped in any way to make the ANNUAL SPORTS on May 18th so successful. It was a big job on ball diamonds, race track, in the booths, at the dance, at the gates, and in the central office, requiring the ultimate in co-operation: but the whole day ran smoothly, and we are very grateful for the assistance of the many who helped to make it that way.

You never saw a PROPANE BURNER like this

The Iron Fireman radiant propane burner radiates heat at the same low-flame level, just as does the glowing coal fire for which your old furnace was designed.

If your furnace is in good condition you need not waste money on a new one to get automatic PROPANE heat. This Iron Fireman propane burner (*made in Canada*) is specifically engineered for converting coal furnaces to propane firing. How? By surrounding the nonradiant blue gas flame with a combustion chamber of very light, porous refractory [illegible] which heats to a state of incandescence in a few seconds and glows like a gas mantle. [illegible] Its heat is *radiant* like a bed of glowing coals. You can switch to PROPANE automatic heat within a few hours. Complete Iron Fireman furnaces [illegible] with the radiant propane burner built in are also available. *ASK* your local propane distributor about the efficiency of the Iron Fireman propane burner. *ASK* about the big fuel savings enjoyed by users. *ASK* about the years of trouble-free service that makes Iron Fireman the BIG BUY in propane heating.

Iron Fireman Radiant Propane Burners are made in Canada

Survey To Find The Average Weights of Canadians

SETTING TO BE HELD SHORT —HAYNOR WINS PLAY

A survey designed to find out the average weights for Canadians of different heights and ages began in Alberton on May 1st as part of a nation-wide weight-height study.

Organized by the nutrition division of the federal health department in co-operation with the Dominion Bureau of Statistics, the survey will cover a sample of Canada's population of all ages, heights, weights and racial extractions in various parts of the country. The persons, several thousand in number, whose weights will be checked have been picked by statistical selection to provide a representative sample of the entire Canadian population. Cities, towns and country areas will be included.

The enumerators working in Alberta will be Misses Edith Perkins and Dorothea Tripp. The survey will begin in Edmonton and will include visits to Walnwright, Drumheller, Stettler, High River, Vermilion, Smoky Lake, Thorsby and St. Albert.

The familiar weight-height-age tables in common use in school rooms doctors' offices are based on studies in other countries and with a limited number of people. Dr. L. B. Pett, chief of the nutrition division, explained. Most of the studies were made 30 or 40 years ago, and even the most recent are of American origin and of unknown value in their application to the population as a whole. Lack of distinctive Canadian standards is a handicap to nutritional studies, he said, as the weight and weight changes may be the most important single clue to the real physical condition of a person.

When the study is completed later this year, the results should provide an up to date table indicating how the weight of an individual Canadian of a certain height, age and sex compares with the average weight of other Canadians of the same height, age and sex.

Recommendations that weight-height studies be undertaken in various countries have been made over the past three years by both the World Health Organization and the Food and Agriculture Organization of the United Nations. Canada is believed to be one of the first countries to act on these recommendations and the current survey is being carried out with the endorsation of the Dominion Council of Health and the Canadian Council on Nutrition and with the co-operation of provincial and local health authorities.

Sixteen Years Ago Today

May 20th, 1937

Mr. B. Davidson has been engaged as the new superintendent at the light and power plant, succeeding Mr. J. Mainwaring, resigned.

Harry Jenkins was appointed as manager of the Crown Lumber Co. here.

Wheat seeding has been completed in the Vermilion and adjacent districts. There is very little reserve or subsoil moisture.

Mr. and Mrs. Eli Boudet of Clandonald celebrated their diamond wedding anniversary on May 10th.

Thirty-two Years Ago Today

May 13th, 1921

Wm. W. Cook has returned to the Rosylvia district after some 15 months in England.

Philemen Lebeherky is erecting a brick store on Alberta Avenue, a block south of the Legion hall but across the street.

Islay was holding a Horticultural show and had a very attractive prize list printed.

Vermilion sports were planned for the King's birthday June 3rd.

The annual convention of the Edmonton and district W.C.T.U. was held in Vermilion.

Clandonald News

OIL AGENCY CHANGES HANDS

The B.A. oil agency operated for many years by Elsner Grauman changed hands recently as Mr. and Mrs. Grauman are moving to their farm near Laurier Lake north of Heinsberg. The new agent Henry Carleton is another old timer of the district, having lived a few miles north of town for many years. The Carleton family have now taken up residence in town.

NEWLYWEDS FETED

Congratulations and best wishes for a long and happy married life to M. and Mrs. Joe Carleton whose marriage took place a few weeks ago. Both are long time residents of these parts Mrs. Carleton being formerly Miss Cora Matthews. Following the wedding several parties and showers were held in honor of the newlyweds.

Mrs. Walter Coulter whose marriage took place on April 30th was also guest of honor at several parties previous to her marriage. One of these was held at the home of Mr. and Mrs. Convery, neighbors living nearby, for many years. There was also another shower in town, one put on at the hospital by the Nurses' Association and another at the home of a former Lamont classmate Miss Alice Fedun of Edmonton.

BUILDINGS ALL MOVED

The last of the buildings, a barn, from the farm formerly owned by Cliff Stockwell was finally moved last week. Largely moving outfit had charge of the job and were not long in getting away to the new location on the Lorne Axley farm south of Dewberry.

HOME FOR THE HOLIDAY

Mr. and Mrs. Rod Lawrence had their youngest daughter from Edmonton visiting with them over the long week end. Accompanying Margaret were two friends also from the city, Miss Joyce Allen and Miss Berths La Marsh. Arriving home at the same time was their youngest son Arthur. He has been working at Port Alice on the north end of Vancouver Island for the past 18 months but now plans to remain in or around the district for the time being.

PLAY PROVES POPULAR

The show must go on in spite of spring fever. The play "Too Many Relatives" which was finally presented at Clandonald following many delays and difficulties. Since then it has been taken to Islay, Heinsberg and Spring Park. Although attendance and financial returns have been by no means record-breaking due to the busy season, results achieved are felt by all to be well worth the effort.

For the benefit of those who have not been to Spring Park it may be of interest to describe it briefly. Located about ten miles north-east of Elk Point the hall is one which is much larger centre could well be proud of. Built entirely by community effort it has a full size basement, a hardwood floor and is really tops in every way.

While there we had the pleasure of renewing acquaintance with Mr. and Mrs. Lloyd Darling, former residents of the Allendale district and now living about 2 miles from the hall.

Music at Spring Park for the dance following the play was supplied by the Mulgrew 4 orchestra. What if we did arrive home at 5 a.m. it was well worth it!

Plans are underway to present the play at Dewberry on Thursday of this week which will probably be the last showing.

Thanks Chatsworth for your notes regarding mud holes, stalled cars etc. I'll pass the advice on to my friend so that he will know what to do next time he suffers a like misfortune. Right now he would like to know what to do for tires when they develop a tendency to blow out at every inconvenient opportunity!

BABY CLINICS

Vermilion— Monday, May 25th, 2 to 4 p.m.

Albert school—Thursday, May 28, 10-30 to 12 noon.

Quinte hall—Thursday, May 28th, 1.30 to 3:30.

Vermilion— Monday June 1st, 2 to 4 p.m.

Wheat 50% Seeded

Wheat in the Vermilion area is now 50% seeded and when completed an average will be approximately the same as one year ago. Due to the slump in the price of oats it is likely that acreage for that grain will be decreased, while barley will show a slight increase.

Attention is directed to the notice re milk deliveries. No milk will be delivered on a holiday unless the holiday falls on a Monday or a Saturday.

Mike Kupin is closing his shoe shop for some two months commencing June 1st and will completely rebuild his shop. All people having shoes there are asked to call for them by May 31st.

Cool Weather

Weather has been cool with the highest temperature being 68 on Monday May 18th. Low point was last Thursday night with 26 above. Frost has been recorded five of the past eight nights.

Bowtell Bulletin

The writer is sorry to report that Mrs. J. Dixon is a patient in hospital at time of writing.

The bazaar and sale of home cooking held by the Busy Bees on Saturday was a big success. Thanks to it those who kindly helped, not forgetting Mrs. B. Risdale Although he is sad at Vancouver she sent a box of aprons to be sold.

Mr. and Mrs. E. Risdale, Bobby and Diana were visitors here over the week end. Unfortunately Bobby took ill and is now a patient in the Islay hospital.

Only fifteen attended church at Pleasant Valley on Sunday. It is hoped that more will be present next Sunday as it is a morning service at 9 o'clock.

Mrs. Dedeily leaves this week for Vancouver for a visit with her daughter and family Mr. and Mrs. H. Fenton.

A real good game of ball was played between Pleasant Valley and Islay with the latter winning. It was nice to see Mr. and Mrs. G. Lyons, Mr. and Mrs. Gow and Mr. and Mrs. A. Van den Dolder among the crowd.

Bill Wells and Dorothy Isley were supper guests recently at the Williams' home.

Although he is past 70 years young, lives in Vermilion and drives 17 miles to work every day to the farm, Mr. H. Van den Dolder was the first to get his crop all in.

Congratulations and very good wish to the newlyweds of our district, Mr. and Mrs. G. Fenton. They were wed May 2nd at Spruce Grove. Mr. and Mrs. T. Fenton, Mr. and Mrs. J. Fenton and Mrs. J. Forsyth were among those attending the ceremony. A nice picture was in the Journal.

Congratulations to Mr. and Mrs. J. Fenton of Lacombe on the birth of a son.

RUMMAGE SALE

VERMILION ALBERTA
ESTABLISHED 1909
Published Every Thursday at the Office, Main Street
Authorized as Second Class Mail, Post Office Department, Ottawa.
COOPER BROS. — PUBLISHERS
Vermilion, Alberta, May 21, 1953.

New $7000.00 Press In Operation

The Standard is this week printed by a new No 1 Miehle newspaper press installed last week at a cost of $7000 of borrowed capital. Installation was carried out by Mr. Vincent Wooster of the Winnipeg branch of the Toronto Type Foundry Co. Ltd. He completed his work late Saturday leaving the Standard staff to operate the new beauty to the best of their ability. Until production is again dovetailed the two-page ready print section containing such special features as the short story, jokes, fashions, home workshop and comics will be missing. With familiarity the new press will be a great asset and timesaver and will reduce the actual running time from the previous 15 to 18 hours weekly to between 5 and 6 hours. Press operation is of course but one phase of producing a newspaper and from the time element should be a minor one. The new press prints 4 pages at one time and is geared at 1250 impressions per hour at present, which can be increased. This compares to two pages printed formerly at 840 per hour.

No doubt readers will notice with approval the greatly improved legibility throughout the paper this issue. A new folding machine which will further eliminate much time consuming routine work is due for delivery by mid-June, now in the process of manufacture in the States.

Death of Former Manville Druggist

Burial was held Monday afternoon May 11th at Hatzic cemetery for Samuel Kennedy Smith, aged 80 years, who died at his home in Mission, BC., on Friday, May 8th. Rev. D. Donaldson officiated.

Mr. Smith is an old timer of Manville, settling there over 40 years ago where he opened a drug store and remained in business for several years.

A retired pharmacist, Mr Smith was born in St. Mary's Ont. He had made his home in Mission City for the past five years.

He is survived by his wife: three sons, Ken, New Zealand: Hubert, Bellingham: Cecil, Mission City: 2 daughters Mrs. Red McLean, Mission City: Mrs. Jim Thompson of Bellingham and eight grandchildren.

Funeral Services For The Late Allan McKay

Funeral services for the late Winston Allan McKay, only son of Mr. and Mrs. J. S. McKay of Dewberry were held in Dewberry on Friday May 8th with the Rev. C. W. McKay of Vermilion officiating.

Burial was in the local cemetery, pallbearers were Walter Buck, Tom West and Herbert Spicer, boyhood friends of Allan's, and Stan Pauch of Portage la Prairie, Walter Spotowski of Edmonton and Joel Barnett of Didsbury, graduating classmates of Allan's at University, who came from Winnipeg for the funeral.

The presence of many friends of the district and from Edmonton together with the beautiful floral offerings for both the home and the funeral attested to the high esteem in which Allan was held by all who knew him.

Floral offerings were received from:

Paradise Valley

We regret to hear that Mrs. J. McAmmond and Mrs. George Sills are both in the Lloydminster hospital.

Mr. and Mrs. Andrusick of Broadacres, Sask., were Sunday visitors at the home of Mr. and Mrs. L. Knor. Mr. Andrusick was a former C.P. station agent here.

Mr. and Mrs. Jim Lievers of Neerlandia spent a few days with Mrs. Lievers parents Mr. and Mrs. Frank Flint.

Mrs. T. Rayson, Mrs. A. McDonald and Mr. and Mrs. L. Orebeck were recent visitors to Edmonton.

Mr. and Mrs. Roy Stewart left on Thursday for a motor trip that will take them through Canada and on down to the southern states. They expect to be away for a month or six weeks. Mrs. E. Kragness and Mrs. E. Hoskins are in charge of the store during the trip.

Mr. Al Goodwin is another one to leave on an extended motor trip. He is going to visit at Cranbrook B.C. before visiting friends in the western states. Al expects to be away for the summer.

Miss Kay Swayne who is in training at the Lloydminster hospital in Edmonton is spending her vacation with her parents Mr. and Mrs. H.E. Swayne.

On Friday evening a meeting was held in the auditorium of the school to consider the possibility of having a full high school course made possible at this point. Mr. Simonsen and Mr. Sweet were in attendance and gave the pro and con of the question of high school. It was decided that the Vermilion Division board be asked to establish a two room high school with transportation provided for students from McLaughlin and Rivercourse.

Mr. and Mrs. Harold Fair gave their wedding dance in the hall on Friday evening and a large crowd of friends enjoyed their hospitality and wished the young couple every thing good in the years to come.

How long does an oil well last?

The average well goes dry in 20 to 30 years. To keep your car rolling and your home warm, a new well must be found to take its place. That's why the search for oil never ends; why Imperial, for instance, spent almost $10 millions to find and develop new oil in western Canada last year.

Oil has become one of Canada's important industries. How many of these questions about it can you answer?

Which of the following contain petroleum [boric acid, wax, printing ink, aspirin, soap, rayon]?
All of them

In 1939 Canada produced less than 10% of the oil she used. How much of her needs does she produce now
40%? 90%? 100%?

How many service stations would you say Imperial operates across Canada
19,000? 10,000? 6000?

To what amount, would you say, have the people of Alberta benefited through oil industry payments to the provincial government for royalties, leases and bonuses.
$25 millions? $41 millions? $171 millions?

Opinion surveys show that most Canadians believe a business is entitled to a profit of 1¢ on a dollar of revenue. Last year Imperial earned
7½¢? 14¢? 19¢?

Oil is a part of all the products named and of hundreds of others which contribute to our everyday living.

About 40% — and we use twice as much as in 1946. Today's production would meet 80% of the demand at that time.

None. Approximately 10,000 stations carry the Imperial Esso sign, but they are operated by independent dealers, each in business for himself.

Since the discovery of Leduc in 1947, oil royalty, lease and bonus payments to the government total more than $173 millions.

In 1912 Imperial earned a profit of 7½¢ of each dollar received. Of this, 6¢ was paid to shareholders; the remaining 1½¢ was used to replace worn-out equipment and to make sure we can supply your future oil needs!

IMPERIAL OIL LIMITED
oil makes a country strong
Esso

Model 425M-20 Fairbanks-Morse Shallow Well Water System. Capacity 400 gallons per hour. Self-priming. Double-acting. Self-priming.

F-M Systems are backed by a company with over 110 years of experience in the building of mechanical equipment.

Every F-M pump carries a reg showing actual delivery of water to the tank, certified by an independent laboratory.

Whether you need a system to supply the needs of a large farm, or to provide enough for household use in a small cottage, there's a Fairbanks-Morse Water System for the purpose. Every unit, whether for deep well or shallow well use, is built to give a lifetime of economical, trouble-free service. Most systems come fully assembled for easy, low-cost installation. Let us give you full details.

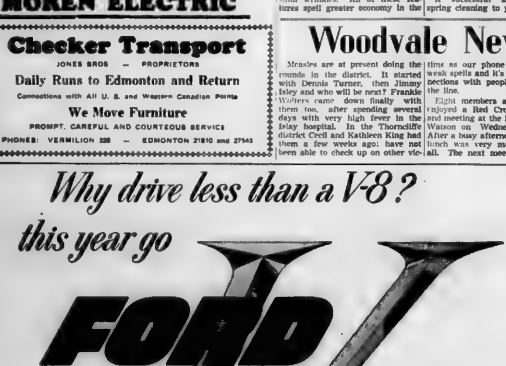
Why drive less than a V-8? this year go

FORD



CRESTLINE VICTORIA

Manufacturers' Prices, Overdrive and other optional equipment extra. Tax and license extra.

The best way to measure Ford's dollar-for-dollar value is to compare it feature-for-feature with other cars that cost as much or more. We think you'll be surprised at what you'll find. For example, you'll discover that Ford's Strato-Star 110-Hp. V-8 engine is the kind of engine you've always associated with the most expensive cars . . . that it delivers the kind of power and smoothness you never hoped to find in a car that's priced as low as Ford. When you try out Ford's relaxing "Wonder Ride" you'll sense that "big car" feeling that's so satisfying to a driver. When you take into account Ford's choice of Fordomatic*, Overdrive* or Synchro-Silent transmission—and realize how many attractive extra features Ford includes . . . well, then you'll understand why more and more motorists are making Ford *their new first choice!*

News Notes From Your District Home Economist

DID YOU KNOW?

That bright, shiny metal pans reflect heat and give an even, golden-brown color, top and bottom to baked food.

That dark-colored or tarnished pans absorb heat very rapidly and cause baking problems because they burn on the bottom.

That glass ovenware gives good baking results but it absorbs heat and holds it longer than metal. For best results with glass ovenware, set the oven control at a temperature 25 degrees below the temperature called for by the recipe.

ORLON

An impressive array of men's wear fabrics containing Orlon in blend with other fibres for fall suitings and topcoats was exhibited recently by the Du Pont Co. Orlon has found favor in men's fabrics such as shetlands, flannels and the harder worsted weaves.

In addition to its contribution of warmth and light weight, Orlon fibre is one of the most resistant of all fibres to damage from moths and mildew. Suiting fabrics of Orlon are durable, easy to clean hold their shape, and resist wrinkles. All of these features spell greater economy in the care of men's clothing.

COLD PERM SOLUTIONS

Consumers using cold permanent wave solutions may not know that the ingredients which they contain can be lastingly damaging to fabric dyes. By reason of their closeness to the hair, the upper back and collar of garments are the areas most frequently affected.

If some of the solution has been spilled on a garment it may not be observed until after it has been cleaned. Then, the softening of the dye, caused by the solution, means a permanent unpleasant mark on the garment. The cleaner is powerless to prevent this, incidentally. Therefore, protecting your clothing when a cold wave permanent is being administered is vital.

FROZEN VEGETABLES

Are you planning to freeze vegetables this fall? Write me for the pamphlet 'Vegetable Varieties Suitable for Freezing, 1953'. These varieties have been tested at the Brooks Experimental Station by a number of Home Economists. The varities listed were proven best for freezing. It is stated with the vegetables which ones are early, medium or late.

A successful and rewarding spring cleaning to you all!

Woodvale News

Measles are at present doing the rounds in the district. It started with Dennis Turnbull, then Jimmy Isley and who will be next? Frankie Walters came down finally with them too, after spending several days with very high fever in the Islay hospital. In the Thorncliffe district Cecil and Kathleen King had them a few weeks ago: have not been able to check up on other victims as our phone has one of its spells and it's hard to get connections with people further down the line.

Eight members and two visitors enjoyed a Red Cross quilting bee and meeting at the home of Mrs. M. Watson on Wednesday the 13th. After a busy afternoon the delicious lunch was very much enjoyed by all. The next meeting will be on June 10th at the home of Mrs. Dorothy Portsmith and for a change we will not be making a quilt, but pricing bazaar articles, wrapping grabbag articles and packing old clothing for Mrs. Roberston of Edmonton who collects them for the needy people on Indian reservations. So it is hoped members will bring any articles they still have on hand and any clothes they do not need themselves anymore, also paper and string for wrapping.

Mr. Wm. Klempa of The Pas, Man., is our new student minister for the summer. He will be holding services in Ganton and Wildwood schols with once a month or once every three weeks at Watson school instead of at Ganton, this to be announced later. He drives the little Morris car, bought last year by these communities for their student minister and is staying at the home of Mrs. Watson.

Mrs. Mabel Webber went for a routine's day visit to her son Harold and family in Edmonton where she stayed for a week.

Tommy Lysons who came back awhile ago from the lumber camps near Winfield, is working for Carl Nelson at present.

Mrs. Mary Waring and baby daughter Patricia has spent a week with her parents Mr. and Mrs. T. Preston.

Camille Coutler has arrived home from the States to help on the farm.

Auntie Nellie's Peach and Pineapple Conserve

2½ cups diced peaches: 1 cup diced pineapple (canned fruit will do): 2 cups granulated sugar: 1 orange (juice and rind). Mix the fruits and sugar, add the orange rind. Simmer until thick and clear. Store in jars. This makes a nice springtime conserve on toast.

Massed Band Concert To Open Elk Island Park, May 24th

The Sunday concert series at Elk Island park will open on Sunday, May 24th at 3 p.m. with one of the largest aggregations of Bandsmen in the history of the province providing a massed band concert for park visitors.

The personnel of the massed band will consist of members of 12 local bands from cities and towns of central Alberta and when Bandmaster T. V. Newlove from the Edmonton section raises his baton, some 250 instrumentalists will be under his direction. This Operation Massed Band' is the culmination of a winter of intensive practice and rehearsals by the bands concerned, and visitors in the park on Sunday the 24th are assured of a fine program of popular band music.

This is the first in a series of concerts which will be held at Elk Island park each Sunday afternoon during the summer months. The concerts are presented thorugh the co-operation of the Central Alberta Bands Association, the National Film Board and the National Parks.

LILAC TEA

The Ladies of the Royal Purple will hold a Lilac Tea and sale of home cooking in the Elks hall Saturday June 6th commencing at 3 p.m. The Handicraft Guild will have a display of their handiwork at the same time. 49-47c

REPORT to the PEOPLE

BY ROBERT FAIR, M.P.
BATTLE RIVER

At the time of writing this column the work of the present session of Parliament is just about completed and it is expected by almost everybody that the General election will be held about Aug. 10th or 17th although no dfinite announcement can be made.

During the past number of years it has been my practice through the columns of the Standard and other newspapers to keep people informed on happenings directly related to agriculture. This, of course does not mean that I have not taken care of every other section of the community as well, and it is now realized that when we have a prosperous agriculture, that prosperity is reflected in all parts of our economy.

It might be well at this time to say a few words about the recently concluded International Wheat Agreement. It will be remembered that the first discussions took place in London some months ago. These were not successful in arriving at an agreement and the representatives of the 46 countries participating agreed to meet in Washington on Jan. 30th. Discussions there were carried on for about ten weeks and many feared that it would be impossible to reach satisfactory terms, however, because of patience of those negotiating, a breakdown in the discussions was averted, and 45 of the 46 negotiating countries signed the agreement, Britain being the lone dissenter.

It is very much regretted that Britain didn't see fit to take part in the agreement as she has been our best customer for wheat for a number of years. During negotiations the representative of Britain agreed to a maximum price of $2 per bushel but refused to advance the price of $2.05 per bushel maximum, which was agreed upon by the other 45 countries. This means that unless Britain signs before July 15 she will have to buy her wheat on the world market and it is the intention of the Canadian Government through the Candian Wheat Board to compete for that trade on a class 2 basis, that is on the same basis as wheat is being sold to other countries outside the International Wheat Agreement.

There are mixed feelings in the prairie provinces about the price negotiated, that is at $2.05 per bushel maximum and $1.55 minimum during the life of the agreement, which will extend for three years. It must be remembered that when the present agreement, which expires on July 31st next, was negotiated, the maximum price was $1.80 per bushel in U.S. funds, and as the Canadian dollar was at that time worth only 90c it meant an actual maximum price of $1.98 per bushel. In addition to this there was a 6c carrying charge included, which brought the total price to $2.04 per bushel which is le below the maximum under the new wheat agreement, which comes into force on Aug. 1st next. The minimum price was then $1.40 per bushel for the first year of the agreement which with the additional 10% meant $1.54 or 1c per bushel below our new agreement minimum of $1.55 for the full three year term.

It will be seen from this that farmers are not realizing much of an increase in the price of their wheat and when we take into consideration the advanced prices of machinery, trucks and other production costs, the small apparent advantage will be entirely wiped out. Perhaps too much stress should not be placed upon the maximum price as certain conditions such as pence in Korea might cause a slump in the market and divert our attention to the minimum floor price.

Sales may be made according to conditions anywhere between the range that exists between the $2.05 maximum and $1.55 minimum during the course of the new agreement.

When the resolution approving the agreement was brought up for discussion in the House of Commons, all parties in the House supported it but some of us pointed out some of the disadvantages. Personally I feel the price arrived at is too low, but importing countries took into consideration the possibility of peace proposals being successful in the case of Korea and also the fact that we have a very heavy wheat carryover at the present time and made use of those two items in particular to keep the price down as low as possible.

It would appear that certain interests in Britain and corresponding interests in Canada are doing everything they possibly can to wreck the idea of International Wheat Agreements and you will no doubt hear plenty in the months to come to make you dissatisfied with the terms of the new agreement, but having experience we had prior to the setting up of the Wheat Board and the negotiation of International Wheat Agreements, I feel that taking everything into consideration completion of the agreement was good business.

Should there be a further outbreak of war, which we hope will not occur. It would mean much higher prices for the things the farmers have to buy in order to produce any may also increase the price of Class 2 wheat, we will then be told by those opposed to the agreement—I told you so—but as matters stand I think the majority of farmers will be quite satisfied the agreement will be in effect for another three years.

INITIAL GRAIN PRICES

Hon. C. D. Howe stated that the initial prices on wheat, oats and barley for the 1953 crop year will be the same as was announced a year ago for the 1952 crop, that is wheat No.1 Northern $1.40 per bushel: $1.80 per bushel in U.S. funds, and as the Canadian dollar was at that time worth only 90c it meant an actual maximum price of $1.98 per bushel. In addition to this there was a 6c carrying charge included, which brought the total price to $2.04 per bushel which is le below the maximum under the new wheat agreement, which comes into force on Aug. 1st next. The minimum price was then $1.40 per bushel for the first year of the agreement which with the additional 10% meant $1.54 or 1c per bushel below our new agreement minimum of $1.55 for the full three year term.

It will be seen from this that farmers are not realizing much of an increase in the price of their wheat and when we take into consideration the advanced prices of machinery, trucks and other production costs, the small apparent advantage will be entirely wiped out. Perhaps too much stress should not be placed upon the maximum price as certain conditions such as pence in Korea might cause a slump in the market and divert our attention to the minimum floor price.

Sales may be made according to conditions anywhere between the range that exists between the $2.05 maximum and $1.55 minimum during the course of the new agreement.

---

Islay District Locals

The recent snow storm provided much needed moisture although it seemed rather unseasonable after those hot days we had.

Trees are leafing out and lilacs are showing flower buds. Tulips are also up and it looks as if we can have some rhubarb sauce in a day or two. The roses wintered well and pansies are in bloom.

The writer received a box of lovely cut flowers from sister Edith in Victoria for Mother's day. A large bowl of these assorted tulips was placed in the Salvation Army citadel in remembrance of the writer's dear mother who passed away three years ago May 8th. Later they were placed in Pleasant Valley cemetery on the graves of father, mother, brother Will and Elsie Coombe in loving memory.

Tractors are running early and late and gardens have been planted, including early potatoes.

Ralph Anderson has a new outfit for field work and is doing a very good job with it.

Four high bush cranberries were dug from their natural growing place on the south banks of the Saskatchewan and transplanted to the shelter belt on the farm here. It is noted with satisfaction that 1 of the 4 are budding. These berries are worth cultivating, first for their beauty of blossom and red berries and secondly for their fine flavor in jam and jelly.

Capt. and Mrs. Chapman were visitors at the farm here on Wednesday. The writer returned with them to attend Home League. The meeting was well attended and proved very enjoyable.

Another shower at time of writing and due to the high winds of late it is quite welcome.

Well, the summer is ahead with all its hopes and joys. Let us remember that the blessing for each day is locked in the little circle of that day, and we cannot even get to it until we come to the place. But when the need comes the supply is always ready.

ETHELWYN NEWS

Spring work is very slow this season. No one seems to be in a hurry.

The play "Too Many Relatives" presented by the Clandonald young people was a howling success. The writer feels that some of the young people in the cast missed their vocation in life.

It was nice to see Mr. and Mrs. Cam Campbell and family, also Mrs. Bob Hagen on play night.

The April W.A. meeting was at Mrs. Jaremco's. The May meeting at Mrs. Ottosen'. All the members should have lovely flower gardens with our flower exchange. The June meeting will be at the home of Mrs. Hugh Hagen.

The Clandonald United Church W.A. will hold a tea and sale of home cooking in the Orange hall on May 30th. Watch for the ad in the Standard and posters. Hope to see you all on that date.

When Queen Mary died each pupil in the Rye school wrote a letter of sympathy to Queen Elizabeth 2nd, and each one received a nice 'thank you' letter from the Queen. The letters will make a grand addition to their Royal scrap books.

Congratulations to Mr. and Mrs. Louis Hill on the birth of a daughter.

Passenger car handling ease!

NEW HEAVY-DUTY FRONT AXLES are second. Load-providing shorter wheelbases for greater maneuverability under all conditions and loads.

COMPLETELY NEW MERCURY TRUCKS

"DRIVER ENGINEERED" CABS

MADE DRIVERS' JOBS EASIER. Mercury "Driver-engineered" Cabs are built around the driver. New seats are deeper and coil unit type. Steering column is tilted under "three-man" seats new non-sag springs — open counter shelf and ventilation — new sun-fighter — new sun-glasses — new sun-visors standard. Wide windows make driver's job easier and safer.

All-new Mercury Trucks are "Driver-engineered" — easy to "drive" around and past traffic or to "maneuver" in-and-out of tight spots with passenger car handling ease.

Shorter wheelbases and wider front tracks make all Mercury Trucks easier to steer than ever before. All transmissions are Synchro-Silent for smooth, quick shifting. Steering columns your shift is standard with all three-speed transmissions. Mercury Trucks offer completely new truck design, new chassis — new springs — new brakes and new axles.

Here is the greatest line of Mercury Trucks ever built — 8 series — 17 wheelbases — FIVE V-8 engines from 106 Hp. to 155 Hp. — over 100 new models from 4,000 to 27,000 lbs. G.V.W. There's a Mercury Truck built for your business!

On Series M-100 Automatic Transmission Overdrive is optional at extra cost. Mercury Truck "Driver-engineered" Cabs make Mercury Trucks the best on any road.

V-8 DEFINITELY!

Local News of Interest

Twin Forces — Faith and Works

The Salvation Army, one of the world's most practical-minded movements, operates by means of powerful twin forces, faith and works.

Faith in God and His attributes— mercy, goodness, truth—is dominant in The Sevation Army's program. These cause faith in man— his place in the Creator's plan, his ability to rise to higher and nobler things. Without this faith all efforts to rehabilitate man will fail, and The Salvation Army believes that they have both history and experience to support this contention

Faith, of course, must be accompanied by works. Two cars are required to propel a boat and keep it on its course. The Salvation Army does not move in circles. With faith and works it forges ahead. It may well be likened to the Good Samaritan of life's dangerous roads where lie those about to perish and needing immediate aid.

The Salvation Army has the faith and does the work. Like every human organization it needs money to carry on that work. The current Red Shield Appeal, we feel certain, will reach its objective.

ISLAY

Mr. and Mrs. Emile Maire of Edmonton motored down to the farm and are spending a few days with Mr. and Mrs. John Maire and fam ily.

Mrs. Bothwell left Wednesday morning for Ontario where she will visit son Stewart and family at Markham and on down to Priceville and other points including Toronto.

Noticed Jim Yin and Mr King digging fishworms in the garden. We wonder were they going fishing?

Mr. and Mrs. Walter McCaughan made use of the holiday and went fishing to Long Lake.

The gravel trucks have been busy for some days along the old highway giving it a coat of gravel as far east as Holyrood, and some of the lateral roads, especially bus routes have had a coating and a couple of short streets in Islay, one past Gordon Purser's and Mr. Hollington's. They won't get mired in the mud any more now.

Wilfred Poivin won second prize in the first flight of the consolation in the golf tournament in Lloydminster on Sunday.

The June meeting of the W.A. to be June 4th at Mrs. David Martin's home It is the missionary meeting. Keep in mind Sunday p.m. June 21st when the film "The King's Man" will be shown in the hall. This film has won an award. It is the story of an African minister. You and the children will enjoy this.

Keith Robinson returned to the city after having a few days at home.

Mr. and Mrs. Eddie Riedels and family were down from Rochester for the holiday. Bobbie was left here in the hospital for treatment.

Baby chicks still arriving in Islay. Mrs. Kohen and Miss Bessie Anderson are getting flocks this week.

Mr. and Mrs. Payne of Vermilion were in town, Mr. Payne giving an inspection on the Dupuil house recently purchased by Mr. Alf Turner who intends to move it to Vermilion.

Noticed Joe Breton planting his garden. Joe will be 80 years young in a little while.

Mr. and Mrs. Charles W. Young of Hindville announce the engagement of their daughters, Gladys Mabel to Albert Benjamin Sharp of Camrose, and Mildred Joan to James Edwin Pattison of Camrose. The double wedding to take place on Monday June 22nd.

The condition of Jas D. Adams who lapsed into a coma two weeks ago and was subsequently removed to an Edmonton hospital, is reported as unchanged.

Friends here will regret to learn that Mrs. W. F. Pilkie was taken very ill Tuesday and was rushed to an Edmonton hospital early on Wednesday morning.

Mrs Marie Emsland returned home last week after spending six months visiting her two sons and families and daughter Mrs. Van den Dolder and family at Penticton and Kaleden.

Dr. and Mrs. Ben King and family spent the holiday week-end at Saskatoon visiting Mrs. King's parents Mr. and Mrs. Prescott.

DAVIES—Born to Mr. and Mrs. Don Davies at Victoria, BC., May 7th, a son.

APPOINTED AGENT FOR PURITY PRODUCTS

Clem Hildreth has been appointed agent for the Purity 98 Petroleum Products and gas and oil is immediately available from him — Watch for announcement in next week's Standard.

Allan Armstrong is back at school after having tonsils and adenoids removed.

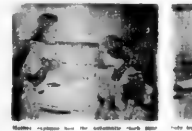
When a young girl's fancy turns to cooking



FREE CARTOON BOOKLET

DID YOU KNOW

It's so exciting to cook delicious meals on our Electric Range, Judy, isn't it? Electric cooking is so clean, so fast, so easy!"

"And we certainly make the best use of our Electric Range to cook complete meals, and Dad sure loves those delicious roasts, tasty pies and cakes, and especially those economy meals. Our food tastes better, costs easier, and we save time and energy, too, for other important activities. By the way, dear—those cake layers should be ready by now. That bell you just heard was the automatic reminder. It's saying, 'Cake's done!'"

"You might say that our Electric Range is like an automatic cook. It does the work, and you don't have to worry about it."

"And I don't have to worry about cleaning the kitchen so often, either, because there's less smoke and no soot. The kitchen stays cooler, too, because the heat goes into the food, not the air."

MOTHER KNOWS BEST ... of course it's Electric!

Mannville Local Items

Visitors in Mannville one day last week were Mr. and Mrs. Harry Shannon, former residents of the district. They were visiting friends in Vermilion and were just up here for the day. They now live at Kelowna, B.C.

A letter was received from Miss Simpson who was travelling with the University Mixed Chorus and from several students, again thanking the people of Mannville for their hospitality.

Mr. and Mrs. N. Crooks spent the holiday week end with their son and family, Mr. and Mrs. Stanley Crooks at Three Hills.

Visitors in Edmonton last week were Mr. and Mrs. Ross Ewing.

Gerald Fisher of the Bank of Commerce staff is on holidays and is spending part of them in Edmonton and part in the country.

Mrs. W. Hogan and two boys of Edmonton spent a few days last week with Mrs. K. Hogan. W. Hogan motored them down on Sunday.

Mrs. R. Hay is attending a librarians short course at the University this week, while Mr. R. Hay is attending a Secretary-Treasurers' Refresher course at the Institute of Fine Arts also this week.

Mrs. Arthur Emmott was an Edmonton visitor last week to see her daughter Florence who has been in the east for the past three years, and whose husband is now to be stationed at Penhold.

Mr. and Mrs. E. Hubbard and Karen, and Mr. and Mrs. R. Lugg spent the May 24th week end in Edmonton visiting friends and relations.

Don't forget the Coronation tea sponsored by Magaline Chapter No. 79 O.E.S. on Saturday May 23rd.

Visiting with Mrs. D. K. Jones for the week end were Mr. Robt. Jones, and Mr. and Mrs. Stanley Jones and boys of Edmonton.

Visiting with their daughter Miss Jean Mitchell of the Mannville hospital staff were Mr. and Mrs. J. M. Mitchell of Busby.

Mr. and Mrs. Rudd and daughters spent the week end with relatives in Edmonton.

Mr. and Mrs. Don Symington of Viking accompanied by Mrs. Reppin of Mannville were week end visitors to Cold Lake.

Visiting with Mrs. Berlin and family were her daughter Miss Elaine Berlin and Mr. Bob Mackenzie.

Mr. and Mrs. S. Arnett of Viking spent the holiday with the latter's parents, Mr. and Mrs. Del McFadden.

Mrs. Torrance and Leslie Torrance are spending a week or ten days with Mr. and Mrs. C. Garrison and family at Red Deer.

Visitors at Mrs. Jones's home over the week end were Mr. and Mrs. Bert Osborn and daughter and Mr. and Mrs. Bill Osborn and family, all of Edmonton.

Mrs. Creighton, a former resident of Mannville and her sister Mrs. Connor were callers in Mannville on Sunday. They both live in Edmonton but were visiting with Mrs. Creighton's daughter at Marwayne and accompanied Mr. and Mrs. G. Kent on Sunday.

Miss Shirley Gamble spent the holiday with her parents Mr. and Mrs. C. Gamble.

Visiting with relatives and friends on Sunday and Monday were Mr. and Mrs. Robt. Bennett and daughters of Edmonton. They motored down with Mr. Wilson Williams and Miss Tilli- De Rappard, also of the city.

We are sorry to report that Rev. Creighton is confined to his home with scarlet fever and wish him a speedy recovery.

Miss Sharon Bodard and Mr. Ed Empey of Edmonton were visitors at the Raoul Bodard home over the week end.

Visitors at the Jim Johnstone home on Sunday were Scotty Johnstone, Mr. and Mrs. Wilson Otto and two boys. They also visited with relatives and friends around town.

Mrs. C. Mercer, Mrs. Betty Ann Eld and Barbara, and Mr. and Mrs. Stan McGreevey were holiday visitors with Mr. and Mrs. Jack Croxford.

Mrs. R. Gordon has returned from a holiday in the east where she attended the wedding of her son, Sgt. Hugh Gordon. She is now back at work at the hospital.

We are sorry to report that Merle Johnson is on the sick list with the measles and flu and hope him a speedy recovery.

Sandy Hogan and Robin Stuart were both week end visitors at home.

Treasured memories of a dear [redacted]

EMILY LEARY
—who passed away May 19, 1932.
"Not a day do we forget her
In our hearts she is always near
Loved, remembered, longed for always,
Bringing many a silent tear."
—Loving[redacted] remembered by
Leahy Family.

OBITUARY
HENRY BARCHAM REAH

Funeral services for the late Henry Barcham Reah were held at the Alliance chapel on Monday May 11th at 2:00 o'clock in the afternoon. Interment took place at the Vermilion cemetery. The Rev. E. F. Lerg officiated. Pall bearers were Messrs. Curtis Wilson, Curtis Martin, Grandy W. H. Marchant, Frank Dibben and Ray Hutchinson. Mr. R. S. White, a brother of Mrs Reah came from Vancouver to attend the funeral. Mrs. Reah was unable to be present at the last rites of her husband as she was confined to her home by illness.

Mr. Reah passed away on Wednesday May 7th at the age of 72 years. He was born at South Shields, England and came to Canada coming to Vermilion in 1906. He located some 15 miles straight north of town and farmed there until 1936 when he and Mrs. Reah moved to the coast. They resided there until 1948 when they returned to Vermilion to retire among old friends and in old familiar surroundings.

Left to mourn his loss are his sorrowing widow, one brother in London, England and one sister in Darlington, England.

Beautiful floral and memorial tributes were received from:

Loving wife; Shavers, Hazel and family; Joe and Evelyn, Ontario. The Sobey Family; Curtis, Marie and Sharon, Beth Wilberter, Mr. Stone and Pauline Dixon; Mr. and Mrs. L. Hicks Sr. and family, Mrs. Hetherington and Evelyn; Muriel and Carman Long; Mr. and Mrs. Krause.

Cancer Fund: Mr. and Mrs. Harry Anderson; Mr. and Mrs. Randolph Hutchinson and Mrs. Ray [redacted]

Cemetery Fund: Bob and Mary Allen; Mrs. Elliott, Ken Lottie, Doug and Lil.

Crippled Children's Fund: Clyde [redacted]

Alliance chapel Building Fund: Mr. and Mrs. C. E. Thompson; Mr. and Mrs. Frank Dibben; Mr. and Mrs. Joseph Yeri; Mr. and Mrs. Wilfred Little; Mr. and Mrs. F. Watling; Mr. and Mrs. Jack Robinson; Mr. and Mrs. Harold Wilson.

Mowers were in charge of ar[redacted]

Kitscoty News

Congratulations to Oliver C. Seward who received his Bachelor of Divinity degree on May 14th at the spring convocation ceremonies held at the University of Alberta, and to Miss Marion G. Inglis who graduated in Household Economics.

Mr. and Mrs. Inglis attended Marion's graduation at the U. of A. Miss Ann Fryer of Cayley returned home with them for a short visit.

Best wishes to Mrs. F. Benbrook for a speedy recovery, her many friends hope she will soon be home from Islay hospital.

Mr. and Mrs. Harry Wright have returned home after spending the past two months at the home of their daughter Mr and Mrs. F. Dunn and family at Bashaw.

Mr. C. N. Gray is spending a few days holiday with his daughters in Edmonton and at Jarvie.

Jim Mawson of Paynton, Sask., spent the holiday week end at his home here.

Mr. and Mrs. Jock Manson had as their guests over the long week end Mr. and Mrs. Jim Murray and family of Edmonton.

Miss Sheila McCrory of Alberta College, Edmonton, and Miss Eileen Jack spent the holiday week end here with their parents.

Mr. Murray McDonald of Yellowknife, N.W.T. is at present visiting with his mother Mrs. K. M. McDonald.

Miss Ella M. Pidcock has returned home for the summer holidays from the U. of A. and an enjoyable two day trip with the University of Alberta Mixed Chorus of which she is a member.

Congratulations to Mr. and Mrs. Jack Graham (nee Laura Crow) who were recently married.

Congratulations also to Mr. and Mrs. Jack Allen (nee Elaine Batty) on the birth of a baby daughter May 14th in the Lloydminster hospital.

W.M.S. and Explorer Affiliation Service

The W.M.S. of the United church held their regular meeting in the church hall on Thursday, May 14th at 2.30 p.m. with the president Mrs. W. L. Robinson in the chair. Following a prayer and devotion Mrs. Dunsmore and Mrs. Good read two chapters of the study book "Seven Trails". Mrs. H. J. Clarke gave a splendid synopsis of the last chapter and the book in general. The study of the book was inspirational to all.

Roll call revealed 17 members and two visitors as well as the girls of the Explorer group with seven of their mo.hers present.

The leaders of the Explorer group Mrs. M. Hill, Mrs. Dr. Sweet and Mrs. R. Carroll took charge of the affiliation service, the lighting of the candles and the repeating of their promises. The girls were presented with their stars showing how long they had been in the group, 1, 2 or 3 years. Two of the girls will pass on to the "G.I.T. this year. They expected their badges but unfortunately they did not arrive in time for this meeting. The leader of the Girls, Shirley, then presented Mrs. Robinson with a sum of money for the society. This was graciously accepted and the girls dismissed.

The girls have done wonderful work and many thanks go to their leaders. The meeting was closed with a prayer led by Miss G. Craig.

Write Coronation Essays

The Crown and British Commonwealth Have Deep Meaning To V.H.S. Students

That the Crown and the British Commonwealth of Nations have deep meaning to students of the Vermilion high school is clearly shown in the following essays written on the Coronation.

Frog Lake Chapter I. O. D. E. offered prizes for the best essays submitted in grades 11 and 12 and the following were adjudged the winners:

Grade 12 — 1, Iris Lind: 2, Rex Boake.

Grade 11—1, Marie Miller: 2, Sue Carmichael.

Winning essays are reproduced as an additional Coronation feature.

First Prize Essay

By Iris Lind, Grade XII

In this trouble-torn world where nations must work together in order to survive Canada has the good fortune to belong to one of the greatest partnerships of nations existing: the British Commonwealth has probably never been a time when it has meant more to the people of Canada than it does today.

Today our Queen and her family hold a position unlike that of any other existing royal family. The Queen symbolizes the unity of the Commonwealth and the Empire. The Canadian people, like all other British peoples, believe that a woman who represents the life of the people has a richer, more human value than a man of the symbols used by other nations to achieve a one-ness. The Queen is not abstract like a Crown or flag or constitution. She actually makes visible and audible to all her subjects the great ideas for which she stands. We all look upon the Queen as the supremely representative woman, the most English Englishwoman and the most British member of the British Empire. We expect the Queen to live the normal British life at its best and to live this life to a large extent in public, so that every Canadian can feel that he or she shares in it. She encourages the pageantry of social life and the maintenance of traditional British ceremonials. The daily life of our Queen sets for each and every Canadian an example of complete devotion to duty and personal sacrifice. She has given up her life to the relentless demands of her Empire. To all her subjects it is character which counts above all else. It is character which upholds a nation and it is in our Queen's character that our people have found support and steadfastness and a knowledge of complete devotion to duty and responsibility. She represents the hope and pride of all British people. To the farmer, the business man, or the miner her throne is a factor to which each looks and finds his common bond of imperial citizenship. The Queen, as she reigns, represents tradition, authority and stability, while to the common man she revives romance and beauty. When the aristocrat and the commoner together bow down at the murr hanslip and death in battle, it is the Queen whom they follow, for she represents what it is they understands for that gives it the right to demand sacrifice.

On June 2nd, people from all over the Empire will go to London to see Queen Elizabeth crowned. Besides the crowds at the Abbey itself, more than a million people will line the route of the procession to show their love and loyalty. Each and every one of these British people will be paying homage to the young Queen in whose person all the pride and dignity of Commonwealth will be centred.

To us, a people from all over the Empire will go to London to see Queen Elizabeth crowned. Besides the crowds at the Abbey itself, more than a million people will line the route of the procession to show their love and loyalty. Each and every one of these British people will be paying homage to the young Queen in whose person all the pride and dignity of Commonwealth will be centred.

First Prize Essay

By Marie Miller, Grade XI

Her Majesty, Queen Elizabeth II is a sovereign whom the people of Canada look up to with respect. The Royal Family represents all the tradition that is built into the British Empire. It signifies the unity of the greatest Empire the world has ever known, and expresses the growth of Parliamentary Government from its crudest beginnings to the democratic form we now have.

We, the people of Canada, are proud to have our monarchical form of go-vernment. It is not entirely ruled by the Queen, but is controlled by a group of outstanding citizens. A high example of citizenship is set by the Queen. Elizabeth II by her wide interest in all the activities of her Empire.

The Queen is represented in Canada by a Governor-General and in each province by a Lieutenant-Governor. The powers of the Queen are controlled by her advisers, who in turn, are controlled by the elected representatives of the people.

With great dignity and traditional pomp the Queen opens, prorogues and dissolves parliament. She, or her representative signs all acts of parliament. Acts of the courts of law, and all civil service acts are carried out in her name. Advising or warning the cabinet on all important matters is another of the Queen's functions. The speech from the throne, which opens all parliamentary sessions is read by the Queen in England, and the Governor General in Canada.

Having a sovereign over us puts a definite permanency to our government. The Crown gives the government of Canada stability and continuity—especially in times of transition.

Second Prize Essay

Sue Carmichael, Grade XI

Queen Elizabeth II is a symbol of unity in the British Commonwealth of Nations.

Canada, as a Constitutional Monarchy, is one in which the powers of the Queen are controlled by the Queen's advisers, who gain their position of power through election by the people. In the first place, the Queen, acting on the suggestions of her Canadian advisers appoints a Governor-General as her representative to the Canadian parliament. The Federal Government usually offers advice on the appointment of Lieutenant-Governors to represent the Queen in the provinces.

The Queen has many duties, some of which are purely nominal, others regulating parliament. She has the right to be informed as to what the cabinet is doing and has a right to advise or warn the cabinet. The Queen must sign all new acts or laws before they can be officially enacted. If the Queen is absent, then her representative has the right to take her place. Another of the Queen's duties is to present outstanding awards for notable achievements anywhere in her far-flung Empire. Her Majesty usually does present the award but it is given in the Queen's name.

The traditional duties form a link between the many peoples of the British Empire. To all of them the Queen is an acknowledged symbol of freedom.

Mrs. Robert Ducey Dies In Edmonton

On May 22nd Mrs. Beatrice Thirza Ducey, beloved wife of Robert Ducey of Edmonton and for many years of Vermilion, passed away. She leaves to mourn her loss besides her loving husband, one son Ralph at home, her mother Mrs. A. Saunders of Edmonton and one sister Mrs. Paul Monin of Vancouver. Funeral services were held on Monday May 25 with interment at the Edmonton cemetery.

and virtue lead us through trying times of stress and disaster. As a family they are a living example of the best citizenship known.

Lastly, let us consider the Queen as a symbol of unity with the Crown. She arouses in us a spirit of loyalty and allegiance. As official head of the government she is the living base for the power of our government.

Queen Elizabeth the Second means to Canada all the things that we cherish most highly. Canada is proud of her Queen.

Kinsmen Elect Officers For Ensuing Year

JIM BELL NEW PRESIDENT

Jim Bell, member of the teaching staff of the high school was elected president of the Vermilion Kinsmen club at the meeting of that organization held on Monday evening. The remaining slate of officers is:

Vice-President —Don Wilson
Secretary—Bob Anderson
Treasurer—Bill Prchuk
Registrar—Keith Chalmers
Directors—Sam Soldan ,Keith Inman, Roy Barnett.

Hon. A. O. Aalborg, Minister of Education, Speaker at Graduation

On June 1st Vermilion high school will hold its annual grad. atlon banquet in the Legion hall following by the graduation ball at the ar'orles. 39 grade 12 students will be honored on this occasion when their relatives, friends and fellow students gather to wish them well.

The Hon. A. O. Aalborg, Minister of Education will bring greetings from the department of education and deliver the banquet address.

Baseball Attraction Sunday at 2:00 P.M.

AT THE VERMILION FAIR GROUNDS

On Sunday May 31st at 2 p.m. the Lloydminster Senior ball club will play at the Vermilion ball park, in a return game. Lloyd won from the locals 17-10 in an exciting game on the former town last Sunday. The boys are playing good ball this year and the team is well worthy of your support.

Young Athletes Will Convene At Kitscoty

TRACK MEET ON FRIDAY

Hundreds of young athletes will gather at Kitscoty this Friday for the annual track meet carried out by the A.T.A. of the Vermilion school division. Medals for champions of the various classes, ribbons for individual events, cups for ball teams constitute the trophies. It is a very worthwhile day and all parents who possibly can should attend for at least part of the program.

More Building Permits -- Lot Sales

Contract Let For Water And Sewer Extensions

A regular meeting of the town council was held Tuesday May 19th with Mayor E. Hall and Councillors G. W. Sutherland, G. Webb, K. G. Urquhart, D. R. Mitchell, J. Reid, J. Payne present.

DELEGATION

Mr. Lash explained to the Council the purpose and duties of a local Town Planning Commission. He stated that there would be some difficulty in getting the Commission started just because they were an unlimited body, being appointed for life rather than an elected one, they would require a resolution by Town Planning. Mr. Lash said that the Provincial Planning Board was prepared to assist in every way possible. It was decided that one of the June 2 to its ovvn of the Commission should be the reviewing of the town building and zoning by-laws.

The following motions were passed:

Application of W. B. Mix be granted a permit for 500 gallon underground gas tank on rear of Lot 24, Blk. 8, Plan 6647-S.

That Fire Chief T. Cosbey be allowed expenses of $50 to attend Fire Chiefs Convention at Red Deer June 8-10

That water tower steel structure be painted as soon as possible.

WATER & SEWER CONTRACTS

That the contract of Mr. Olliuel for construction of water and sewer extension for $39,053.50 be accepted.

That the following tenders for the supply of metals for the extension to the water and sewer system be accepted:

Sewer pipe — Alberta Clay Products Co. $4,832.40; Cast Iron Pipe and Fittings, National Iron Corp $5,138.94; Valves, Hydrants, and Service Material Crane Ltd., $22.99. Sewer Ironwork Standard Iron Foundry, Inglewood, $1,236.25; Meters Neptune Meters Ltd., $7, $25.00.

That Council agree in principal to sharing cost of taking water and sewer on a 50-50 basis, to Lot 1, Blk. 1, Plan 6647-S, closed leading connection to the main, provided that necessary easement be secured from the property owner.

That we accept the sum of $183.98 received from Mrs. Hilda Wright as sum to be held in trust for band promotion in the future.

That Council agree to financing decorations for Coronation Ave on June 2 to its extent of $2.00.

That the salary of the librarian in the amount of $280 for the remainder of 1953 be financed by the Town of Vermilion

That Ed Robert be permitted to move a building on Lot 29, Blk. 11, Plan 6SW and that the necessary moving permit be granted.

That the following be issued to M. Kopin Lot 9 Blk 8 Plan 6647-S $2000 Salvation Army Lot 7 Blk 13, Plan 6647-S $2,000 Justin Kreck Lot 6, Blk. 11, Plan 6SW $2000

That Tim Turner be allowed to purchase Lot 31, Blk 10, Plan 6SW subject to the provisions of the Town Agreement and that permission be granted to move a building on above lot.

That the resignation of Cr. J. Reid be accepted with regret, effective June 2nd

Warning To Parents

Hazards exist in the case of young children playing around the newly created river park project, and all parents are urged to see that children going to the park are under proper supervision.

No organization or individual can accept responsibility for accidents causing injury or death of a child.

HIGHLAND GAMES HERE JUNE 12th

St. Andrews Highland Games will be held at Vermilion Fair grounds on Friday, June 12. The program features, professional and amateur piping and dancing, tossing the caber, putting the shot, tug-of-war. All of western Canada will be well represented judging from the entries already received. The pipe band of the 2nd Canadian Highland Battalion from Wainwright camp will be in attendance, and the best tug-of-war team that can be mustered from the camp there will be on hand to pull the public team from Edmonton.

The Edmonton city police have already entered their team in the tug-of-war and members are going to participate in other sports such as tossing the caber and putting the shot.

PARADE FROM TOWN 1 p.m.

The sports start at 10 a.m. but a big parade of all the contestants led by the pipe bands will march around town at 1 p.m.

The day is Farmers' Day and a school holiday so that a very large crowd is expected to attend the novel program offered by the St. Andrews Highland Games Assoc.

The day will close with a dance in the hall on the grounds at night with music by Joe Dubuc and his band from Vegreville.

Bill Sykes Makes A Hole-in-One

Bill Sykes, young Vermilion golfer, made a hole-in-one at the local golf course last Friday. Bill made his perfect shot on the 4th hole which measures 215 yards. He was playing the round with Jack Kokutalo at the time. Bill's hole-in-one wasn't all pure luck as he normally shoots the nine hole course in the low 40's.

School Trustees To Meet June 20th

AT VERMILION SCHOOL OF AGRICULTURE

The annual convention of the Trustees Association for the Vermilion School Division will be held in the Vermilion school of agriculture on Saturday June 20th commencing at 10:30 a.m. All ratepayers are welcome. 46-2c

Everyone in Town, District Invited to Take Part

CORONATION CELEBRATION

The Committee have now completed plans and preparations for the Coronation Day Celebration to be held Tuesday, June 2nd — a national holiday that is being celebrated in every town, hamlet and city. A program in keeping with the significance of the day has been prepared that should be of special interest to old and young alike.

THE PARADE

The parade will form up at the Legion Hall under the direction of Parade Marshall Bob Allen at 1:00 p.m. in the following order:

Pipe Band; R.C.M.P.; Reserve Army; Air Cadets; Legion; Auxiliary to Legion; I.O.D.E.; Scouts; Girl Guides; Cubs; Brownies; The Salvation Army Band; High school; Jr. High school; Elementary school; Primary school; Rural schools Invited: Stageties; Elba: The Royal Purple; Rebeccas; Kinsmen; Decorated bikes; Floats; Decorated cars.

The parade route will be from the Legion hall, east to Craig's corner, south to McWilliams and Long, west past Brunswick hotel; through the sports grounds, along race track to grandstand. Children will then be marched on to gandstand.

THE PROGRAM

The order of the program will be as follows:

O Canada—Led by choirs and Salvation Army band.

Massed Singing—O God Our Help in Ages Past;

Short Speech — Mayor Heckbert This will include the reading of the Canadian Citizenship oath.

Prayer;

Add'ess — Rev. D. A. Ford;

Mass Singing — Land of Our Birth.

Sports Events—Auspices of the V.A.A. Prizes in coinage.

In the evening there will be a Pyrotechnic display by 'A' Company, the Reserve Army, while the traditional beacon fires will be lighted by the Scouts and Cubs. There will be a string of these fires from coast to Canada. They are used to spread the word and to signalize the crowning of a British Monarch.

A number of additional features are being arranged. There will be hot and cold drink booths on the grounds; softball or baseball exhibition games. In the evening a grand Coronation ball in the arenaories will complete the program.

DECORATIONS

Decorating of your place of business and your home is entirely your responsibility. Make arrangements for your supply of material, bunting, flags, etc. right now. The Street and grandstand decorations are being arranged by the Board of Trade.

The Coronation committee suggests that a central theme for the floats in the parade be used and that this should be "History of Vermilion."

Anyone interested may decorate their car and take part in the parade.

To Mark Coronation At St. Saviour's

To mark the occasion of the Coronation of your Queen Elizabeth, the following plans have been laid by the vestry and congregation of St. Saviour's church. A letter, expressing the loyalty and devotion of the parishioners to Her Majesty and together with good wishes for the health and happiness of herself and her consort. At 11 a.m. on May 31 Coronation New Testaments will be presented to all the Sunday school pupils. At 7.30 p.m. on that day, a special order of service issued under command of the Queen will be used. This service will embody special prayers for the Queen and her family with reference to the religious acts of the Coronation itself.

On the day of the Coronation June 2nd, there will be a short ceremony outside the church building at which an oak tree will be planted by a selected member of the congregation and the flag staff erected. The whole is invited to attend this ceremony at 11 a.m.

CHOIRS ASKED TO MEET

REHEARSE FOR CORONATION CELEBRATION

All choirs in Vermilion are asked to meet in the Legion hall for a rehearsal on Friday evening May 29 at 8 p.m. They will sing as a massed choir at the fair grounds during the

Anglican Deanery W.A. Hold Annual Sessions

MRS. SEAL, CLANDONALD ELECTED PRESIDENT

The 17th annual meeting of the Vermilion Anglican Deanery W. A. was held in St. Saviour's parish hall on May 22nd.

The session opened with the service of Holy Communion at 11 a.m. The Rural Dean the Rev. V. Cole of Vegreville officiated, assisted by the Rev. D. Woeller of Kitscoty and the Rev. D Ford gave the address.

There were 52 ladies present. At the close of the service two life membership pins were given to Mrs. J. Roberts and Mrs. Buckingham, gifts of St. Saviour's W.A.

Lunch was served in the hall by the Happy Hour group.

At the beginning of the afternoon session there were between 75 or 80 present. There are 15 branches in the Deanery and 13 answered the roll call. Reports were given by all the branches and two were read from the absent ones.

Five Diocesan officers were present, the President Mrs. Thirkettle, Life Member Secretary Mrs. Currey, the Dorcas Secretary Mrs. Smith, the Little Helpers' Secretary Mrs. Wade and the Missionary Secretary Mrs. Magee. Each gave a short address and Mrs. Wade showed finished garments for the girls at the Wabasca Indian school.

The offertory was voted to the Sunday school broadcasts and towards a new van for Dr. Jackson's Medical W.A. Missionary in India. The Chaplain branch gave a short cheering play.

The officers elected for 1953-54 were:

President Mrs. Seal, Clandonald
1st Vice-Pres. — Mrs. Whitson, Mannville
2nd Vice-Pres — Mrs. G. Kent, Marwayne
Corresp. Secy-Treas. — Miss G. Bury, Vermilion
Recording Secy. Mrs. O. R. I. Stephen, Vermilion

The Deanery project for 1953 was ten towels from flour sacks. 20 were handed to Mrs. Davis for Wabasca school Mrs. Davis asked that our 1954 project be mitts and sockees, ages 6 to 16. Branches to send knitting handed in their meeting.

The ladies then went into the church where the Rev. D. Ford took a short closing service. After this the ladies from King Edward served tea and thus ended the best annual ever held.

KINSMEN KARNIVAL — June 18, 19 and 20 — Watch for details.

Manville Plans Coronation Celebration

MANNVILLE — A celebration to commemorate the Coronation of Queen Elizabeth has been planned by the Manville Branch of the Canadian Legion in conjunction with all other organizations to be held on June 2nd.

The planned program includes a parade at 11 a.m. from the school to the sports grounds. The Manville school have a pageant planned, there will be soft ball and hard ball games, athletic events, a horseshoe tourney and in the evening the Boy Scouts will light their link in the chain of bonfires to be burned all across Canada. An aerial fireworks display will be set off along with the bonfire. A dance to close off the day's activities will be held in the evening.

Mrs. Bob Bell and daughter Linda left on Tuesday last on Monday May 18th on the first lap of a trip to England, arriving just in time for the Coronation celebrations.

Service Board To Hold Tillage Demonstration

WEDNESDAY, JUNE 3rd. AT 2:00 P.M.

Arrangements have been made by Herbert Gamble, Supervisor of the Agricultural Service Board and E. H. Buckingham, District Agriculturist, to hold a tillage implement demonstration on the farm of Harvey Anderson 6½ miles west of Vermilion. The purpose is to demonstrate cultivators, blade weeders, deepers, sweeps and flexible harrows in handling trash and in weed control as well as preparing a good seed bed.

The date is June 3 and the demonstration starts at 2 p.m. Mr. C.A. Cheshire, Agricultural Engineer for the Provincial Department of Agriculture will be in charge.

Mr. Buckingham asks that anyone wishing to enter an implement in the demonstration should see him or Mr. Gamble soon as only one implement of each kind can be handled. Mr. Buckingham also stated that we are fortunate to be able to get one of these field days in this area as only 17 can be held in all northern Alberta.

By The District Agriculturist

"GREEN ACRES"

SEEDING GRASS SEED

A lot of Brome and Alfalfa seed is going out this year. It is cheaper than it has been for years, moisture is good for getting a start so why not seed down some of your old land to grass. Vermilion River and Minburn M.D.'s have arranged with the following to handle seed: Gordon Ross, Vermilion: Seed Plant at Marwayne; Wm. McCauley, Mannville and Mr. Tyra at Innisfree.

PLOWING Vs. DISCING

Yesterday I saw a man plowing. Nearly everyone uses disc or blade implements now. Plowing is out of date. It costs more to plow and crops are not as heavy on plowed land. So why should we keep on doing it?

RATS ON THE MOVE

Rats have been reported from 5 parts of my district. As soon as we get reports we investigate and get rid of them. We can only depend on farmers and townspeople to let us know if they suspect rats on their places. We are anxious to keep rats out of Alberta so please give us your co-operation.

ONION MAGGOTS

It is nearly impossible for anyone to grow onions in this district anymore unless the onion maggot is controlled by some treatment. For some years we used corrosive sublimate which is effective but expensive. Now a new treatment is recommended. Apply Aldrin lightly to the soil just before seeding or planting the sets.

FLEA BEETLE AND MIGRATORY GRASSHOPPERS

Red and black currant bushes should be sprayed with D.D.T. when in bloom, to prevent this pest from spoiling the fruit. Try to get the spray on the under sides of leaves. Do not spray with D.D.T. after the fruit has formed.

GREEN TRUMPS

There is an old saying that someone has a 'green thumb' because their one makes everything grow that is touched. Everyone can have a green thumb if one takes time to care for plants and keeps at it every day. Call it 'fussing' if you like but that's what good gardening is.

AUCTION SALE

— FOR —

Mrs. Pearl Coburn

ISLAY

The film 'The King's Man' which is to be shown here June 21 at 3 00 o'clock in the afternoon in the hall under auspices of the mission work of the United church will be at Kitscoty in the morning of the same day. The reports heard from other points already having seen it are of the highest. This is a story of an African minister of the church and you won't want to miss it. It is for the whole family.

Well, the fish were really biting last week end. Bill McLean really brought home a haul and many of the neighbors have been enjoying fish dinners this week.

Noticed at the church last Sunday Mr and Mrs. Donald McInnis, Mrs Landrils, Mr. T. Bothwell, Miss Marjorie McEachern, the Martin family, the Bill Hancock family, Emma Olds, Shirley Robinson, just to mention a few.

Miss Faye McLennan spent Sunday with her home folk and was at church with her mother.

We are informed that Jim Hepburn sold his wee house in Islay to Mr. Frank Schammel. Jim has returned to Lulu Island.

On Sunday Walter McCaughan went to the lake on the highway west of Charlie Redmond's to try out his new motor. He failed to return at the hour he should — we had mind pictures of him sitting out in the middle of the lake, motor silent and paddling with his hands to get back to shore. He is back safely but when or how hasn't been said.

Wonder how many of the younger girls of say 9 to 12 do any baking after school or on Saturdays? We expect some do. We at our house were treated to some very lovely Devil's Food cake at supper time made by Marion Teskey—wonder if the school fair will ever be revived?

We have been besieged by the question 'When is the next Home and School Assoc. meeting'? Many are interested in same. We are pleased with the interest shown.

TRACK MEET WINNERS

Following are the winners from Islay at the Kitscoty-Islay track meet May 22nd. 76 points out of 300 points were picked up.

Donnie Schaeffer, Margaret Robinson Sharon Redmond, Jim Shaw, Bobbie Belton, Jack Teskey, Effiee Duddy, Frances Kowalski, Patsy Wilson, Dorothy Astley, Frances Sherwood, Raymond Kowalski, Bill McGuigan, Gerry Maire, Lynne Davidson, Yvonne Hannon, Mary Smith, Ken McLennan, Janet Bell, Essie Duddy, Douglas Olds, Lyle Carey, Jim McGuigan.

Air Cadet Inspection Monday, June 8th

GENERAL PUBLIC INVITED

At their regular meeting on Monday the Civilian Committee of the Air Cadets discussed plans for the annual inspection. This year, June 8th is inspection date. The parade and march past will take place on the public school grounds at 8 p.m. in the event of unfavorable weather the scene will be shifted to the new armories. The committee is anxious to have as many parents and friends as possible out to see the boys at their best.

The committee heard a report on the April 19th tag day, proceeds of which amounted to $128.25. On April 17th a very successful social evening was held in the armories. Guests for the evening were the Sea Cadets and their officers from Wainwright and the Army Cadets and their officers from Edgerton. Deep appreciation for the support which was received from the public on these two occasions was expressed. Special thanks were expressed to Vermilion Beverages for their donation of soft drinks. 46-7

Road Oiling Program Is Town Wide

The town council has now in process a program of oiling all of the roads in the town, both in the business and residential sections. This is a big job but will probably be completed over the week end. This is the second application of the asphaltic road base on the roads in the business section. The first was applied last summer and very satisfactory results were obtained. The oiling results in completely abating the dust nuisance for considerable time, improved road surface with much less maintenance. After several applications spaced practically one year apart roads are said to become very similar to regular black top.

Former Vermilion And Tolland Man Receives Promotion

Harold Webber, former deputy supervisor of co-operatives has been appointed Acting Supervisor of Co operative Activities. The announcement was made Tuesday May 12th by the Hon. J. L. Robinson, minister of Industries and Labor.

Mr. Webber succeeds F. J. Fitzpatrick who died on May 3rd after eleven years with the branch and 21 years in the provincial government service.

TOLLAND MAN, V.H.S. GRAD

Mr Webber was born at Tolland, 25 miles south of Vermilion. He attended public and high schools at Toronto, Tolland and Vermilion. He is a graduate of the Vermilion high school, the school of agriculture and of the Calgary normal school. He taught for several years in the Vermilion School Division.

Mr. Webber graduated from the University of Alberta in 1950 with the degree of B. Sc. in Agriculture. He served four years in the R.C.A.F. and has been associated with No 9 Wing of the Royal Canadian Air Cadets for the past six years.

Mr. Webber joined the Department of Industries and Labor on May 8th, 1950.

Canadian Dare Devil Thrill Show To Appear Here

TUESDAY, JUNE 9th AT 8:30 P.M.

After six years of highly successful operation from coast to coast in Canada, the Congress of Canadian Dare Devils will appear in Vermilion on Tuesday night June 9th at 8 30 p.m.

This thrill show, boasting a 90% Canadian cast and using Canadian cars and Canadian equipment, is making its third appearance here.

Formerly comprised of Hollywood 'stills', stuntmen, this year's edition features many drivers who have made names for themselves in the auto and motorcycle racing world. It is Canada's largest travelling show, 25 thrilling acts well exhibited by a company of 30 people.

For many years Canada has not been ready to compete with its cousin across the line in the field of motorized thrill performances — Evel Knievel, who left here 12 years ago, was renewing acquaintances in town and district this week. He was called to his parents' home in Lloydminster owing to the illness of his father Mr. C. A. Mahaffey, who, we are pleased to report is improving in health.

Mrs. C. N. Gray returned home recently after spending a month with her daughter at Jarvie. Mrs. Betty Gray returned home from the University and from a tour with the mixed chorus.

Congratulations to Mr. and Mrs. Paul Martell (nee Isabel Miles) on their recent marriage.

Mr. and Mrs. Floyd Conarroe of Courtney, B.C. are visiting at the Cecil Conarroe home.

Kitscoty News

Pleased to hear Mrs. J. C. Potter is home and much improved in health after spending a week in an Edmonton hospital.

Mr. Major Mahaffey of Concord North Carolina, who left here 12 years ago, was renewing acquaintances in town and district this week. He was called to his parents' home in Lloydminster owing to the illness of his father Mr. C. A. Mahaffey, who, we are pleased to report is improving in health.

Mrs. C. N. Gray returned home recently after spending a month with her daughter at Jarvie. Mrs. Betty Gray returned home from the University and from a tour with the mixed chorus.

Congratulations to Mr. and Mrs. Paul Martell (nee Isabel Miles) on their recent marriage.

Mr. and Mrs. Floyd Conarroe of Courtney, B.C. are visiting at the Cecil Conarroe home.

Tours Historic Spots In London

Mrs. Addie Mead Sees Queen and Prince Philip

Hello Vermilion!

We drove up to London on Saturday morning with the intention of seeing as much as possible in one day. Leaving the car at a garage we squeezed into a taxi and drove through the streets of London with the hood down so that we could see in all directions. Our destination at this time was Madame Tussaud's Wax Works, which Madame Tussaud had inherited from an uncle in 1795. It was in Paris at that time and the Madame brought it to the land later and greatly expanded it. The first figure I saw was the policeman on the stairs which seemed familiar to me because many of the boys who had been to England had spoken of it. The early historic figures are almost laughable and in the Sleepy Hollow scene the ghostly figure and full of fright is the sense of reality is almost perfect. There is a figure of Mary Queen of Scots kneeling with her head on the block and the executioner standing ready to make the fatal blow. The Dungeons of the tower are specially good. Echoes of Ann Scott, Danny Kaye Tyrone and finally the present Royal Family are among the more recent ones that impressed me greatly was that of George Bernard Shaw who sat smiling with a merry twinkle in his eyes. The House of Horrors — really gruesome with its authentic instruments of torture including a model of the stretching contraption to force a person to talk by stretching to a body beyond endurance, and a metal bridle that had a mouth piece of pronged metal to make speech impossible. Reproduction of the death heads of Louis 16th and Marie Antoinette made by Madame Tussaud at the steps of the guillotine are still there.

We went underground on a mammoth escalator, boarded a train and rode almost seven miles to the tube back to Leicester Square where we rode on an even larger escalator up to ground level. This is one experience I don't care to repeat but can realize what a haven the underground must have been during air raids. After picking up our car we had dinner at the Alantan Tavern which was a welcome relief after the noise of the city. Here the waitresses were dressed in Alsatian costume and the walls were decorated in life-size paintings of girls in similar attire

From there we drove past No 10 Downing Street where people were waiting for a glimpse of Churchill, down Piccadilly toward Westminster Abbey where Big Ben towers supreme. A huge arena is being erected there, and decorations belonging to be put up. In fact seats are being erected at every possible spot along the Coronation route. We noted Scotland Yards, Waterloo Bridge and the Lloyds Bank, reputed to be the oldest bank in the world. Passing St. Pauls cathedral we entered a badly bombed area, watched sidewalk artists at work, and a carnival by the jewelry people. Some coolies are made entirely of buttons finally arriving at the Tower of London. At the entrance of the Tower of London are modern gates erected in 1948 but beyond that are ancient arches lead to the inner towers. The exact spot where Mary Queen of Scots was beheaded is marked off in the centre of a beautiful kept lawn where no traditional ax rocks are still around. The crown jewels are on display in the White Tower other buildings house the regimental museum, gold plate building, kings armor, regalias and several thousand gleaming stars. In the former White Tower also are displays of medieval fighting equipment and armor. We climbed one of the stairs to the very top of the tower because this was the highest point and I neglected to mention — self. The bloody tower contains the bed recently by H. Princess in the Tower made very real to us all visit to Madame Tussaud's.

Leaving the tower we crossed London Bridge drove through the poorer district with streets barely wide enough for the car and started leisurely home.

Just as we were coming to Hyde Park we noticed people gathering along the curb. We drove past them and asked a passer-by what was happening. Instantly politeness to be Canadians he told us that the Queen would be returning home from a football game at Wembley Park at any moment and would be turning off at that point. He directed us to drive our car up on the boulevard and to stand where the Royal car would slow up to make the turn. We stood quite alone and in a few minutes the policeman indicated to us that the black car was arriving. The Queen and Prince Philip passed quite close to us. The Queen smiled and waved. Prince Philip nodded and smiled each in the friendly manner one would expect from a friend or acquaintance. For a moment it was difficult to realize that it could be happening to us but we drove home content in the knowledge that we could not possibly have had a better view of our Queen and Prince Philip

Bye for now, friends

David Horne Married At Wetaskiwin

Immanuel Church, Wetaskiwin, was the scene of a pretty double-ring wedding last Saturday, May 2, when Helen Jewsbury Sanderson, daughter of Arthur Sanderson, Peace River, was united in marriage with David John Horne, of Calgary, son of Mrs. L. P. Horne, of Vermilion, and the late Sgt. Horne.

Rev. F. E. Smith was the officiating clergyman and the church choir was in attendance, accompanied by Ken Campbell. Vases of spring flowers decorated the altar. Given in marriage by her father, the bride wore lace over a satin bodice, with short puff sleeves, and a full skirt of net with lace panels over satin. A fingertip veil was held in place by a coronet of orange blossoms. She carried a bouquet of red roses and wore a sapphire pendant, an heirloom given by the groom's grandmother.

Bridesmaid was Miss Beth Woodward of Alix, cousin of the bride, who wore a gown of pale yellow taffeta with matching headdress and carried pink carnations.

Best man was William Beecroft of Edmonton, and the ushers Lyall Smith and Dick Clements of Wetaskiwin.

For the reception held in the parish hall the groom's mother wore a grey dress with blue accessories, and wore a corsage of pink roses.

The bride's table was laid with a hand-made lace tablecloth made by Mrs. J. Kyle, and was centred by a three-tier wedding cake embedded in tulle, flanked by vases of spring flowers.

Rev. F. E. Smith proposed the toast to the bride, to which the groom responded.

For her wedding trip to points in Southern Alberta, the bride wore a navy suit, with hat, shoes and purse to match.

Out-of-town guests included Mr. and Mrs. F. Woodward and Beth of Alix; Mr. and Mrs. J. Nash, Miss P. Hobbis, and R. Begg, all of Calgary; Mr. and Mrs. E. Corlett and Mr. and Mrs. D. McVeit of Edmonton. Mildred McPeet, Calgary; Mr. and Mrs. W. H. Bennett, Edmonton; Mrs. Moore and Eva. Stettler; Mrs. Bob Moore, Camrose; Mrs. H. Davis, Olds; Mr. and Mrs. D. A. Petrie, Mrs. B. Dudman and Alice, Mrs. J. Shaw, Mr. and Mrs. Keith Dudman and Mr. and Mrs. P. Pearman, all of Edmonton.

After the honeymoon trip the couple will reside in Calgary, where the groom is employed with Sunboard Oils.

DIED

MacCOLL—At Victoria, B.C., on May 19th, 1953, Ian MacColl, age five years, beloved son of Mr. and Mrs. Duncan MacColl of 907 Collinson St., Victoria, B.C. Born at Vermilion, Alberta, and residing in Victoria for the past four years he is survived by, besides his loving parents, his brother Brian Neill, at home, his grandmothers, Mrs. C. MacColl of Victoria and Mrs. C. Benson of Scotland; also aunts and uncles.

Funeral services were held on Wednesday, May 20th, 1953 Interment in the Royal Oak Burial Park, Victoria, B.C.

Death and Funeral of Mrs. Eli Souder

PIONEER OF ALLANDALE, FLANDERVALE DISTRICT

Mrs. Addie Souder, widow of the late Eli Souder, passed away quietly at the home of her son Tom in Edmonton at 9:25-00 street. Mrs. Souder was for many years a resident of the Allandale and Clandonald districts, but had been living at her son's home for the past few years.

Born in Blair, Nebraska on July 22nd, 1858 Mrs. Souder had reached the advanced age of 95 years, 10 months and 5 days. On May 10, 1878, she became the bride of Eli Souder who predeceased her in December, 1939.

There were twelve children born of the union, eight of which still survive. Two died in infancy and Elmer and Mrs. Floyd Dickenson during comparatively recent years.

Surviving members of the family are John of Missoula, Montana; Lula, Mrs. Boyer of Brackettville, Texas; Florence, Mrs. H. Lewis of Kirkland, Wash.; Lucy, Mrs. C. Lewis of Meibeta, Nebraska; Tom, of Edmonton; Ada, Mrs. S. H. Pratt of Edmonton; Helen, Mrs. C. Kent of Pacific Grove, Calif. and Marie, Mrs. M. Stanley of Victoria, B.C.

There are 19 grandchildren and 31 great grandchildren.

For the first twelve years of their married life Mr. and Mrs. Souder lived at Herman, Nebraska, from there they moved to pioneer in Scotts Bluff County, Nebraska. In 1906 this hardy pair well past middle age again pioneered, this time in the Allandale district where they and their family carried on very successful farming operations for about 25 years.

In 1931 Mr. and Mrs. Souder moved to the hamlet of Clandonald where Mr. Souder constructed practically single-handed a very neat residence.

Just 16 years ago on May 10, 1937 Mr. and Mrs. Souder celebrated their diamond wedding anniversary. On that happy occasion many members of the family and a host of friends gathered in the Orange hall to pay their respects to the highly esteemed couple.

Rev. D. Ford of Vermilion conducted the funeral service which was held at 2 p.m. in St. Mary's Anglican church, Clandonald. Interment was made in the family plot in the community cemetery.

All long time friends of the family, pall bearers were Orley Onnesen, John Nelson, Gus Throndson, Ed Barclay, Ernest Stanley and Hugh Hagen.

Funeral arrangements were in charge of Moyers, Vermilion.

C.G.I.T. and 4H Club Achievement Day At Paradise Valley

The Valley Maids C.G.I.T. and the 4H sewing club held their achievement day on May 8th. Judging was done early and the program was put on and the prizes given out in the evening. The display of sewing and project books was a beautiful sight to behold but very few turned out to see the work the girls had done. Surely after all their efforts they deserve a better attendance at their achievement day.

The program consisted of a model greeting, singing in chorus and quartette and demonstrations by several of the girls. It finished with a dress revue in which the older girls modelled the garments they had made and the younger ones garments suitable for different occasions, going to church, school, club, sports, bathroom, etc. These were judged for posture and suitability of garment for the occasion.

Congratulations go to Marlene McDonald who is efficiency winner and goes to Vermilion for the short course in July. Also to Joan Richardson who received the special prize for the best garment made.

General prize awards were as follows: 1st year project book Shirley Wiley, 2nd Gloria Beaver, 3rd Carol Richardson. 2nd and 3rd year project books, 1st Marlene McDonald, 2nd Carol Stoddart, 3rd Violet Tredale. 1st year aprons, 1st Gloria Ellert, 2nd Helen Krawchuk, 3rd Sharon Walker. 2nd year dresses and house coats, 1st Joan Richardson, 2nd Carol Stoddart, 3rd Hilrose McCannel. The C.G.I.T. presented a gift to Mrs. Gunn, leader of the group.

The judges were Miss Holme the district home economist and Miss O'Callaghan from Olds school of agriculture.

D. G. Lawrence Appointed to Hospital Board

Great Variety of Business At Vermilion River M.D. Meeting

The following is a summary of the meeting of Council of M.D. of Vermilion River No. 71 held in the municipal office, Kitscoty on May 12 and 13.

Present: Reeve Arthur Clarke, Crs. J. O. Stone, J. C. Wallington, P. McGuigan, J. H. Kelly, T. Belsheim and D. G. Lawrence.

Minutes of the April meeting were accepted; financial statement for April was accepted; accounts approved by Finance committee were passed for payment.

By-law No. 619 recommendation as to public works to be undertaken, was approved.

Moved by Cr. Kelly that O. Perkins be recommended for license to operate a household electrical appliance business on lots 2, 3, 4 Blk. 6 Plan 3686S Lloydminster rural Cd.

That Jas. H. Pollard be recommended for license to operate a service station on Lots 2 and 3 Blk. 1 Plan 4236 HW Cuthbert Subdivision, Cd.

Moved by Cr. Stone that D. G. Lawrence be appointed a member of the Vermilion Hospital board to complete the term of C. R. White, Cd.

Moved by Cr. Belsheim that a Court of Revision be held June 17 at 10 a.m. and that the following members be appointed: Crs. Clarke, Stone, McGuigan, Kelly and Lawrence. Cd.

Moved by Cr. Wallington that application by C.N.R. to be exempt from maintaining fences where it's right-of-way parallels municipal roads be approved. Cd.

Moved by Cr. Stone that Minburn Vermilion Health Unit requisition in the amount of $8,532 be approved and paid in 4 quarterly instalments, to March 31, 1954. Cd.

Moved by Cr. Lawrence that a By-law No. 620 concerning leasing of the following Tax Recovery lands SE 34-47-4 to Poul Poulson for $15; NW 14-55-2 to Ed Sider for $30; SE 14-55-2 to Vernon Anderson for $75, NW 24-51-6 to Chas Mia for $75 was given 3 readings and carried.

By-law No. 621 concerning leasing of the following T.R. lands NE 12-50-6 to Jas. Powell for ¼ crop share and $15 given 3 readings and carried.

By-law No. 622 concerning leasing of the following T.R. lands SW 33-55-2 to L. Horres for $45.; SE 28 Vermilion Hospital board to 10-54-4 to W. Fischer for $15; SW 24-45-1 to O. R. Sandbeck for $30; SW 12-55-1 to L. Parke for $60 given 3 three readings and carried.

By-laws concerning sales of the following lands received 3 readings and carried: Pt. NE 30-45-2 to Lyle Greenwood for $425; SE 36-45-3 to L. Greenwood for $525; NE 26-53-4 to Patrick Lee for $300; NE 21-53-5 to Peter Martin for $300; NW 22-47-4 to Ray Allin for $2500; NW 6-53-4 to John Finlay for $900; S½ 10-55-2 to Ingvar Belsheim for $990; SE 34-50-5 to J. L. Thompson for $990; Lot 1 Blk. 1 Hazeldine to the U.G.G. for $35.

By-law No. 623 concerning purchase of a Chevrolet ¾-ton truck for $1101 cash, plus trade-in given three readings and carried.

By-law No. 624 concerning purchase of 2 Propane stoves to cost $650 given 3 readings and carried.

By-law No. 625 concerning purchase of ball dozer and hydraulic control to cost $2743 given three readings and carried.

By-law No. 626 to provide for the erection of a seed cleaning plant at Vermilion at a cost to the M.D. of $13,000 given the first two readings.

Art and Handicraft Display June 5th

MANNVILLE.—An Art and Handicraft exhibit will be held in the school auditorium on Friday, June 5th from 4 to 9 p.m. and from 7 to 9:30. Tea will be served in afternoon and evening.

There will be as well as the local art fund anyone in the district with either art or handicraft they wish to display, please bring it in) a display from Cultural Activities Branch from Edmonton of paintings from all over the province. There is a picture by Mrs. Stephenson in the display.

There will also be a display from Lloydminster by members of the Lloyd Art club who started their art classes the same time as the Mannville Art club.

Advance tickets will be on sale for anyone wishing to purchase them.

Wildmere W. I. Notes

The Wildmere W.I. met at the home of Mrs. Guy Whitlock Tuesday May 5th with 12 members present. Mrs. Wilson came after school. Our vice-president Mrs. Wilson was in the chair as the president Mrs. Ilatke has not fully recovered from her recent operation. The meeting was opened by singing O Canada and repeating the Creed. Roll call was answered by naming each members favorite flower. The sick committee conveyer reported that one fruit basket and two cards had been sent to ill persons. Mrs. Whitlock, Mrs. Battie and Mrs. Howard all thanked the W.I. for same.

A letter of thanks was received from the girls club for the donation, also one from the Unitarian service to Korea for clothing. In the last shipment they had made there was a parcel of clothing from the Wildmere W.I. in it.

Discussion took place on the home cooking sale and our delegate to convention also took up a little time. The project for June is "need clothing". Please remember this and bring it to the next meeting which will be held at Mrs. J. Wilson's on Wednesday evening June 3rd.

Mr. George Martin will attend this meeting to present the Wildmere first aid class members with their certificates, so plan to attend.

Miss Dorreen Holme, district home economist was our guest speaker. Her topic was Handicraft and this was greatly enjoyed and very beneficial. The different trimmings that can be done on a sewing machine without any attachments are quite marvellous.

Mrs. F. Gibson won Johnny Jump Up.

June meeting agenda: Roll call, a riddle; delegates' reports; social by Mrs. C. Cruthers; place, Mrs. Wilson's. time, evening of June 3 project, used clothing

While our business was preparing lunch Margaret and Hazel Whitlock and Doreen Martin sang several songs, accompanied by Margaret on the guitar. This was much enjoyed. The singing of the National Anthem brought the meeting to a close following which Mrs. Whitlock served a very tasty lunch.

Look at the date on your label, it tells when your sub is due!

LEGION NOTES

Coronation day will be a big day in the life of all veterans. All Legion members are asked by President Martin to be at the Memorial hall at 12:30 p.m. sharp. Bob Allen is Parade Marshall. The parade will leave the Legion hall at 1 p.m.

The Legion dress is blazers, ties, berets and trousers if you have them, but come anyway! Medals will be worn. Blazers, ties and berets are available, see your secretary.

All veterans whether they are Legion members or not are invited to meet at the Legion hall and walk in the parade.

Everyone please read the front page of the Standard for full particulars of the parade and program.

Legion members are asked to volunteer to man the booth at the exhibition grounds at 2 p.m. We need lots of help. This is one way you can serve your Legion organization.

The general regular meeting will be held on June 8th at 8:30 p.m. Two new members will be initiated. Be around to give these new members a welcome.

Allandale Notes

(This news bulletin was held over from last week.)

It appears the weather may be warming. For May it has been cool, yet we have had a few very hot days.

Spring work is getting on well considering the set back from the snow and rain which was needed badly. We know of two new tractors in the district. Herb McPhee has a new W-6 Super McCormick Deering and Woody Wilson a John Deere M.

Pardon the lapse of time on some of our news items.

Mr. and Mrs. Wm. Armstrong had a surprise visit from an old friend on April 1st. Mr. Tom Ashmoore and son of Royal Park who came west 30 years this spring with the Armstrong family (Bills parents). He married in the west and has a family of 9 children.

Congratulations and our very best wishes to Mr. and Mrs. Orville Armstrong on the birth of a son, Neil William, on April 1st. To Mr. and Mrs. Theodore Throndson of Yellowknife a daughter, Jeanne Elinor, on April 21st and to Mr. and Mrs. Ralph Brome a son, Leslie Alvin, on May 11th.

Mr. and Mrs. Rufus Onneas and daughters from New Sarepta visited at the Mayers and Armstrongs during the Easter holidays. Mr. and Mrs Tommy Greaves and daughter and Glen Baldock were at the Baldock home for the holidays. Mr. and Mrs. Baldock spent a few days in the city at that time taking Glen back for school.

A meeting was held at the school on April 20. Discussion: F. U. A. topics, a phone line and a high road. The phone situation is coming along favorably well, the work of digging the holes to be done after spring work. The latest report of a high road through here is very gratifying also.

Our deepest sympathy to Mr. Cockburn and family on the death of Mrs. Cockburn who has been an invalid in an Edmonton hospital for the past 17 years.

We heartily welcome Mr. and Mrs. Jimmy Martin to the district. They have purchased the old homestead of the late Mr. Onneas. Ed Magistad owned it at this time. Mrs. Martin is the teacher at Bonston school so haven't taken residence yet.

We're very pleased to state that Mr. Edwards is home feeling quite well after being in the Islay hospital a couple of different times in the month of April.

It was a lovely warm afternoon for the Clandonald W.A. which met at the Onneas home May 6th. An invitation is extended to all to their afternoon Coronation tea and sale on Saturday May 30th.

The Allandale W.A. met at the Wilson home on May 14th. There was some discussion on our annual supper. More details later. Our next meeting will be at the Moore home in Deer Lake district June 11. Mrs. Throndson and Mrs. McPhee on the lunch committee.

We received word of our student minister, a lady, who was supposed to arrive May 16th. Mr. Cook later received a telegram that she wasn't able to come at this time and we have had no further information.

The Onneases had a surprise visit from their daughter and son-in-law Oriene and Paul from Calgary over the long week end. Mr. and Mrs. Don Wilson and family also spent the Sunday at home.

Don Wilson, Herb McPhee and Orley Onneas attended the ball nite at Lloydminster May 19th and reported an interesting afternoon.

Closing Thought: Whatever may be our task or career, a good motto for our lives is 'Keep close to your Guide'.

NEW
FORD DRIVERIZED FEATURES ACCLAIMED BY TRUCKERS!

ALL-NEW SMOOTH-HANDLING CAB! IN THE GREATEST TRUCK LINE IN FORD HISTORY!

1953 Ford Economy Trucks are a driver's dream—because they embody dozens of new, vitally important features, designed to make them easier to handle, more comfortable to drive, safer and more efficient to operate . . . all summed up in "Driverized Design"—the most revolutionary advance in truck-building ever made! See them—inspect the new Driverized Cabs, with every inch planned for comfort and convenience! Drive them—feel the new ride control, easier steering, smoother shifting, safer braking! Prove it to your own satisfaction that Ford Economy Trucks are the smoothest handling trucks on the road!

Shorter wheelbase and wider front track make Ford Trucks easier to handle than ever before. Shorter turning radius means more front-end stability, greater steering ease, more all-round maneuverability and more efficient working on busy schedules!

Paradise Valley

Mr. and Mrs. Floyd Conarroe of Courtenay, B.C., were recent visitors at the home of Mr. and Mrs. Clarence Conarroe. Mr. and Mrs. Conarroe left here for the West coast a good many years ago.

Mr. and Mrs. Vernon Lamb and family of Edmonton were down for the week end. Vernon is on the staff of the grain inspection service.

The weather during the past week has given us everything. Cold one day, fine the next with showers — just enough to hold back work on the land. After our fine winter we are paying for it now as we have a very late spring.

Today (Saturday) is the big day for the students of the A.T.A. Paradise Valley Division as they are holding their track meet at the local sports ground. The weather does not look very promising as it is threatening to rain any minute.

Patients in the Lloydminster hospital include Mrs. Lloyd Knutson, Mrs. John McArmond, Mrs. J. Brown, W. Teasdale and F. Brooks. Mr. Ed Nikiforuk of the Beaver Alberta Lumber Co. staff in Edmonton was down for a short visit over the week end.

LAC and Mrs. Dan Brown of Bagotville, Que., were visitors in the home of Mr. and Mrs. Harold Fair last week.

Mr. Jim McLeod of Winnipeg paid a very short visit to his brother Ira S. McLeod during the week end. It is quite a few years since Jim left this district and he sees a lot of changes since he lived here.

Mr. and Mrs. J. Hawkes were recent visitors to Saskatoon when they attended the wedding of Mrs. Hawkes' brother.

George Guy, Miss Rose Hiroshinko, Mrs. J. Chambers, all of Edmonton spent the long week end with relatives in town. Mrs. Chambers remained to visit with her parents Mr. and Mrs. W. P. David son.

Mrs. Turner of Grande Prairie is visiting with her parents Mr. and Mrs. N. A. Brown, south of town.

Phone 418
Three Cars To Serve You 24 Hours Daily!
ART'S TAXI
A. Johannson . . . . Vermilion, Alta.

Trains to load . . . Young men with ability are given specialized training which equips them as leaders or as instructors. They will form the nucleus . . . the training staff of our defence forces in emergency.

Travel and Adventure . . . These are part of the life of Canada's soldiers, today. Interesting and challenging life in the Army brings new scenes and broadens to the outlook of a young man.

YOU SERVE YOURSELF
WHEN YOU SERVE CANADA IN THE ARMY

A "strong" Canada, today, is essential if we are to preserve our freedom, our own way of life. This is the responsibility of *all* Canadians.

For the young man of ability and ambition, there are outstanding opportunities for immediate advancement as a leader in the Infantry. From Corporal, to Sergeant, to Warrant Officer, you can build a well-paid career for yourself in the Royal Canadian Infantry Corps. You will receive free medical and dental care, 30 days annual leave with pay and the benefits of an outstanding pension plan.

You are eligible *if you are 17 to 40 years of age and able to meet Army test requirements. Applicants should bring birth certificates or other proof of age when reporting for interview.*

Apply right away. For full information write or visit the Army Recruiting Centre nearest your home:
No. 10 Personnel Depot, Currie Barracks, Calgary, Alta.
The Army Information Centre, 10042 101st Street, Edmonton, Alta.
No. 10 Personnel Depot, (Edmonton Section) HQ Western Command, Kingsway Avenue, Edmonton, Alta.

SUMMERFALLOW EARLY
Crops are made mainly by rainfall. Summerfallow stores up rainfall. The earlier the summerfallow is done—preferably immediately after seeding—the more rainfall is stored in the soil, hence the better the crop will be in 1954. Farmers, therefore, are well advised to start summerfallowing as soon as seeding is completed.

THE GREATEST GASOLINES EVER SOLD IN CANADA!
Esso AND Esso EXTRA
The new Esso and Esso Extra are the best gasolines ever sold in Canada.
They are the outcome of the greatest research, engineering and refinery construction program ever undertaken in this country.
New research results, new processes, the most advanced refining equipment — all these were required to make these great new gasolines possible.
The new Esso and Esso Extra are "engine-balanced" to give you better all-round performance than any other gasolines in Canada.
Imperial Oil Limited is the only petroleum company in Canada operating research and engineering facilities capable of bringing you such gasolines.
They are the greatest — the best gasolines ever sold in Canada.

Mannville Board of Trade Holds Farewell For Departing Citizens

MANNVILLE. — The farewell party on Friday evening for Mr. and Mrs. C. H. Smith was very well attended despite the busy time of the year. Mr. C. G. Torrance on behalf of the Board of Trade presented Mr. and Mrs. Smith with a lounge chair and wished them every success in their new home in Edmonton.

Mr. Smith has been active in the Board of Trade and on the Board of Stewards at the United church, in the Red Cross and whatever activity was taking place in the village. Mrs. Smith also took part in many of the activities in the community, in the Red Cross, the library and the church where she has been organist almost since she moved to town. Barry is a credit to his parents and the school and the town, winning the Governor-General's medal in grade 9. The whole family will be missed very much in the community.

In replying Mr. Smith said that they would also miss Mann-ville and that they had only fulfilled their duty to the community. He has watched the bank grow from a row from the Vermilion branch to the present building full time here and he felt that he had grown with the bank. He and Mrs. Smith and Barry have had a happy time here and feel a part of the community. They were well pleased with the town when they first moved here over five years ago and they were well received by the community.

Mr. Geo. Bennett said that in his many years in the district he had seen all kinds of bankers, the ones who would lend money and the ones who came after to collect money, and that Mr. Smith was combination of both. He had very good judgment and would lend money where he knew it would be used to good advantage. He thought that Mr. Smith deserved this promotion although we are sorry to see him leave Mannville.

Mr. Watt of the Commerce at Vermilion wished Mr. Smith well in his new position and said how pleased he was to be here to renew old acquaintances. It took him three years to get a full time bank in Mannville and he was pleased that Mr. Smith was sent here as the manager.

Pleasant Valley

The wild fruit trees are blooming and everything is starting to look lovely again.

Mrs. Gillies spent the week end in Vermilion visiting the Jory family and the Van den Dolders. They attended the show Saturday night. Mrs. Gillies is a fan of Doris Day.

Sorry that I was away Lila when you called. Went to the bull sale, come again. Mr. Dupuit bought a nice animal that day. Didn't see you around Albert.

John Mercier has been helping Lawrence with the seeding. Most people are now through. Dave Gilles is home putting in the crop but will return to his job in Saskatchewan soon we hear.

Would like to know where Nora is these days. It's a long time no see Nora.

Lloyd and Betty were visitors at the Wardell home on Sunday.

The writer was sorry to hear that Earl Bowser broke his arm. Earl was preparing to leave for Initc on a three-year research tour.

Mrs. Dupuit has not been so well lately —but cheer up Lyle, the summer time is here with all its beauty and warmth.

There are quite a number in the district afflicted with bad colds, no doubt because of the changeable weather.

This bulletin was crowded out last week so due allowance should be made for lapse of time.

The writer is a long way from Pleasant Valley at time of writing, as she along with Mrs. Gillies, Laurence and Bert are attending the bull sale at Lloydminster. It is a nice sunny day with a cool wind. Several from around home are also in evidence including Mr. Anderson, Mr. Mercier, the Butler family, Mr. Bowser and Bill. There are some very fine animals in the ring right now, with the judging done in the morning. Mr. Mitchell took eight prizes with his animals.

Mrs. Thos. Bolbrock left for a six weeks holiday in the east. Mrs. Dedelly has gone to the coast to enjoy a holiday with her daughter and family Mr. and Mrs. Perkins.

Friends are pleased that Mrs Miller is feeling much better, but Mrs. Dupuit is in hospital again.

There was a very small attendance at church on Sunday and a call was made at the ball game on Sunday.

Mr. and Mrs. Ken Shaw from Edmonton were supper guests at the home of Mr. and Mrs. Gordon Gould on Sunday. Christie and family were visitors at the writer's home.

Mr and Mrs Maurice Gould visited their mother on Sunday and called in on their way back to Vegreville to say hello

The Rev. and Mrs. Purvis from Lashburn called at the writer's on Thursday.

The flowers will soon be out in bloom again. I hope your roots did not freeze Mrs. Moore — it was very cold at the time wasn't it?

With The Empire
Imploring the Blessing of the Most High

Thy choicest gifts in store
On her be pleased to pour,
Long may she reign.
May she defend our laws,
And ever give us cause
To sing with heart and voice,
God Save the Queen.

News Notes From Your District Home Economist

FARM WOMEN'S WEEK

Farm Women's Weeks will be held at the Schools of Agriculture and Home economics in Fairview, July 13 to 16; Vermilion July 6 to 9; Olds, July 13 to 16. This is under the direction of the Alberta Department of Agriculture.

Each school can accommodate approximately 100 guests. Priority is given to applications from those actually living on farms. Others are welcome if accommodation permits. Early applications will have first consideration.

Accommodation is provided in the school dormitories at a charge of $2 per day for board and room. No charge is made for children under six years of age; a charge of $1.50 per day is made for children 6 to 12 years. No other fees are charged.

For mothers who must bring a baby, or small child with them, supervision for the children during class hours will be arranged at no extra charge. However, it is necessary to advise the school well before arrival if bringing a baby or child so that suitable arrangements may be made.

A copy of the detailed program is available from the school, you District Home Economist or from the Home Economics Service, Dept. of Agriculture, Edmonton.

The program is planned to include lectures and demonstrations in practical Home Economics topics as well as Agricultural topics of interest to farm women. Provision is also made for recreation and relaxation from the routine of home duties on the farm.

If you wish to attend Farm Women's Week, write me for application forms.

THIMBLE TALK

Why not have a special place for keeping your favorite sheers and at the same time protect their points and edges? Cut a sheet piece of flat curtain rod and bend it to the inside of your sewing box. Then slip sheers into this neat holder.

NEW FORM OF IRON

The H. J. Heinz Co. has announced that a new form of iron, more readily digested and assimilated by babies has been introduced into the company's line of pre-cooked cereals for babies. Cereal was selected as the food in introducing the new iron, since cereal is generally included in a baby's diet at the age during his development when iron is particularly necessary as a safeguard against anemia, and when the "iron reserve" with which the babies are born has been exhausted.

THOUGHTS

There will be a dance in Thorncliffe school on Friday May 29th. Swanson's orchestra. 45-6x

Wildmere Winks

(Held over from last week)

As usual we have a late item we forgot to mention, L. Graham attended the blood donors clinic when it was in Vermilion. This makes him a five time donor.

On Neighborly News last Sunday the Editor mentioned a sow having 19 little pigs. George Taylor north of Vermilion had one that had 20 little piglets. Right now he has 32 little pigs from three sows which is quite a record in itself. Mrs. Taylor is hand-raising nine of them on synthetic milk and they are doing well.

Peggy Graham, student nurse at the Royal Alex hospital spent Sunday and Monday at her home here. She likes the work fine and is looking forward along with the rest of the class to getting her first month. It takes a lot of studying but they will have something worth while when they graduate.

The Wildmere W.I. wish to thank everyone who helped their sale of home cooking last Saturday such a success. Everything was gone by 4:00 o'clock. A special thank you to Mr. Hill and staff at the hardware for kindness shown. We hope Sawtell did as well as we did.

We wish Mr. Cooper, Editor of the Vermilion Standard for so many years, many more years of good health to enjoy life a little easier and to do the things he did not have time for before. We know the Standard will continue on in very capable hands with his four sons at the reins.

Seeding is going ahead by leaps and bounds out our way. Early and late tractors are humming. Many low places are still too wet to get on. Weather remains on the cool side but grass and trees are getting green.

Miss Herring our student minister for the summer had her first service in the school on Sunday evening. Services will continue for the summer months at 7:30. Miss Herring made a fast trip out from Cold Lake by car, leaving Brantford early Wednesday morning she was here by 2 o'clock Saturday after noon. Roads were good all the way until she came to Paynton. Sask. and from there to Lloydminster I. was muddy and part of the road under construction. She drove 700 miles one day. Come out and hear her very interesting sermons talks and give her encouragement in her chosen work.

Mrs. Smits Sr., from Vancouver is here at present visiting her son Phil. Adam and Albert and daughter Mrs. C. Trubers. She came by plane to Edmonton where she visited her sons also of the city and Dorman of Bon Accord. Bill and Adam met her in Edmonton Saturday and returned to Wildmere on Sunday.

Foreman C. Connaroe and his road crew have started work on the roads in our corner. So if you find the roads in tough shape you will know why. The crew is camped on a corner of Roy Oldenburg's land. Tom Best visited at the Wildmere home on Sunday.

The writer is in Edmonton at the W.I. convention this week.

Manville Local Items

Miss Mitchell is attending a convention of nurses at Banff this week and Mrs. Cundal is back on duty at the hospital after a week of much needed holidays.

Miss Joan Fisher of Edmonton spent the week end in Manville attending the high school graduation Ball.

Mr. and Mrs. Les Whitson and daughters of Hanna were week end visitors at the home of Mrs. G. Williams.

A freak accident occurred last week when the car driven by Mr A. Fleming caught the box of a truck passing him through the highway and upset the truck. Luckily there was no one injured but the damage to the car will be quite considerable.

Miss Janie Whitson of Vegreville was a visitor in Manville over the week end, also attending the graduation dance Mr and Mrs. Taylor of Vegreville motored down on Sunday and she returned with them.

The Coronation tea sponsored by the Magdaline Chapter No. 79 on Saturday was very successful. The hall was beautifully decorated to commemorate the Coronation

Several farmers and townspeople from Manville and district attended the bull sale at Lloydminster last week.

Tests moisture seals For bearing protection

To deliver the power and performance expected and demanded of them, combines, tractors and power machines are generally manufactured from high quality materials.

But this carefully made machinery must work in heat, in cold, in dry conditions, in wet conditions, in gritty dust and clinging mud. On the Massey-Harris Test Track these trying conditions are provided so that engineers may test Massey-Harris machines to check their ability to meet present-day requirements in field operation.

In engineering design and construction, Massey-Harris machines offer features and advantages, developed to help get work done easier, quicker and at less cost.

RED CROSS NOTES

A letter was received recently from the Canadian Red Cross Society blood donors headquarters in Edmonton expressing pleasure at the outcome of the recent Vermilion Blood Clinic and we quote:

"Once again we are in a position to thank you for the very splendid clinic held May 5th. We were down for 125 from this centre and 134 donated, so you can readily see how pleased we were with the response and feel the results were very fine. We are looking forward to returning to your centre again in the fall."

— ing.

Look at the date on your label, it tells when your sub is due!

APPRECIATION

I wish to thank all my friends who sent me cards and flowers during my recent illness. Your kind thoughts and good wishes for me were greatly appreciated and assisted in my recovery.

R. H. Norton.

CARD OF THANKS

I would like to express my sincere thanks to Dr. King and the staff of the Vermilion municipal hospital for the care and attention received while a patient there following my accident, and to the many friends who sent me get-well cards and letters.

Mrs. Elmer Isley.

Home and School Hold Last Meeting of Term

Tuesday night May 26th was the last meeting of the Vermilion Home and School Association for the 1952 53 school term. This meeting was held in the public school with over thirty members present. Besides the regular business, the agenda included a report by Mrs. Kibblewhite on the convention, a presentation of a slate of officers for the coming term, a discussion of verbal vs. written reports, and a talk on the high school program in Grade 10.

In her talk Mrs. Kibblewhite expressed her appreciation of the fact that the Vermilion Home and School Association saw fit to send her to the convention which she enjoyed. She brought a comprehensive report of the events that highlighted this gathering. After the talk Mrs. Kibblewhite answered questions about the convention.

Mr. Smeltzer spoke on the importance of guiding pupils to a wise choice of the high school subjects so as to provide for the individual needs and abilities of the students. He also answered questions about the high school program.

The slate of officers being incomplete, it was felt that vacancies would be filled in September by the present appointees.

The present slate of officers includes the following:

President- to be appointed
Vice-Pres. E. Clendenning
Secretary to be appointed
Program Committee Mrs. W. A. Kibblewhite
Finance Committee- D. C. Folk
Social Committee- Mrs. M. Noonan
Membership, Committee- Mrs. J. Crawford
Parcel Member Norman Armstrong.

After the meeting lunch was served in the lunch room of the school

I.O.D.E. Honor Mrs. Edith Parker

On Wednesday evening, May 13th, 23 members of Frog Lake Chapter I.O.D.E. gathered at the home of Mrs. Melvin Hill for a supper party honoring Mrs. Edith Parker.

Mrs. Parker is the only Charter member remaining in this Chapter. She has been a continual member for over 26 years, during which time she has always upheld the aims and ideals of the Order. She has given freely of her time in all their projects and has shown a keen interest in the library, having been a member of the Board since the I.O D.E. first opened a library in Vermilion, 24 years ago. The I.O.D.E. is very proud of the part she has played in making the Chapter the success it is today.

In recognition of her activities in O.D.E. work, the Regent, Mrs. R.H. Norton presented Mrs. Parker with a life membership certificate and pin, in the Chapter, from all of the members.

Mrs. Parker thanked the members for their kindness and said she would wear the pin with honor and pride in the Chapter and in appreciation of the kindness of the members.

Mrs. Parker's daughter, Mrs. Kay Hill, who was a guest of the Chapter for the occasion, also expressed her appreciation of the gift to her mother.

OBITUARY

MRS. ISABELLA LAMBIE

On May 18 Mrs. Isabela Lambie of well known Metis ancestry of Londonville and Elk Point passed away at the age of 74 years. Funeral services were held on May 21 at the United church and interment was made in the East cemetery. The Rev. Adam officiated.

Mrs. Lambie was born in Scotland in 1879. She was married to Mr Robert Lambie in 1907 at Lamont Alberta. He passed away in 1951 and for many years was the homestead in the Londonville district. Seven years ago she and her husband moved in to Elk Point to live.

She leaves to mourn her loss her sorrowing husband, one son Thomas of Londonville, and two daughters Mrs. Ina Trout of Tawatinaw and Mrs. Grace Fisher of Elk Point. There are eight grandchildren. Three sister still live in Scotland with three brothers Andrew Semple at Victoria, Tom Semple of Medford, Oregon, Dave Semple of Flin Flon, Man.

Beautiful floral tributes were received from

The Family: Isa, Bill and girls; Mr. and Mrs. W. M Dorey and Gail; smith brothers and families Mr. and Mrs Geoffrey Dorey and family; Mr. and Mrs Harry Leaf and family Mr. and Mrs. D Nelson, Harry and Letha Ramsbottom Pat and Dock Dorey; Mr. and Mrs J Quick and Allen; Mr. and Mrs Everett McNamara and family; Mr and Mrs. N Y. Molineaux. Bill and Susan Good; Mike and Martha Osinchuk and boys; Mr and Mrs Dennise Waltze and family. Mrs. Pinder, Paul Pinder and Harold Pinder Mr and Mrs. Pobernhuk

Mr. and Mrs. Wm. McLean announce the engagement of their daughter Vilima Elizabeth, to Mr. John E. Currah, son of Mr. and Mrs. J. A. Currah of Edmonton, the wedding to take place at the First United church, Vermilion on Saturday, June 27 at 2:30 o'clock in the afternoon. An open reception will follow at the home of the bride's parents.

Sgt. and Mrs. George Keech and family are visitors this week at the home of Mrs. Keech's parents, Mr. and Mrs. K. E. Rowe. They are en route from Vancouver to their new station at Chatham, N.B.

Mrs. Gordon Anderson started on her return trip to Beattie this Thursday morning after spending several months in Vermilion visiting her mother Mrs Wm. Telford. Mrs. Telford is again in hospital but all hope that she will soon be out and around again.

The Jr. C.W.L. held their raffle draw on May 9th during a social held at Island Hill hall. The tickets holders were Mrs. Jim Fee, queen, winner of the portable radio, and Mrs. Rob Carmichael was the second prize winner of a petite pocket picture.

Mr. and Mrs. R. S. 'Nook' Cooper left via C.N.R. Tuesday morning for Windsor, Ont. where they will take delivery of a new car. While in the east they will visit the former's sister Grace and family at Windsor.

Mr. and Mrs. Walter Lawrenceson of Mannville, left by car Sunday for a holiday trip to Toronto where they will visit their two daughters. They also have a son Ken in the R.C.A.F. stationed at Clinton, Ont.

Mike Mahon, well known former Turkey Hill district farmer, has now returned to his home at Prince George after a very enjoyable visit to old friends hereabouts. He was very pleased while here to meet many old timers and wishes to proffer his sincere thanks for their kindnesses and generosity while here Mike says while he lives at Prince George now he never stays in Vermilion, and that he will be back for another visit soon.

UNITED CHURCH SERVICES

United church services will be held on Coronation Sunday May 31 at Auburndale 11 a.m.; Wildmere 7:30 p.m.; Otiawa 11 a.m.; North Vermilion 3 p.m.; Clandonald 7:30 p.m. United Church conference between June 3rd and 10th at Edmonton United church in Edmonton.

Services at the Salvation Army this Sunday, May 31, will be in charge of Major and Mrs E. Halsey and their daughter, Pattie, from Edmonton. Major Halsey has for the past four years been stationed at the Citadel Corps in the city and prior to that held posts in Saskatoon and Regina. He is a capable corner soloist, and Mrs Halsey, an outstanding pianist. Their daughter Pattie will be featured in vocal solos. Following the Sunday evening service there will be a short request program by these visitors The public is given an invitation to attend these special services.

WEDDING BELLS

MacDONALD—FRICKLETON

A pretty wedding was solemnized recently in Edmonton when Miss June Frickleton exchanged marriage vows with Kenneth J. MacDonald, son of Mr. and Mrs. K. MacDonald of Ryley and formerly of Vermilion. The happy young couple will reside at the west coast

Mr. and Mrs. Charlie Robinson of Edmonton are visiting in Vermilion this week, guests at the home of Mr. and Mrs. H. P. Long.

BORCAN MEETING

St. Saviour's W. A. will hold a Borcan meeting in the parish hall on Thursday June 4th at 3 p.m.

BAKE SALE

Vermilion Women's Institute will hold a novelty bake sale on Saturday June 13th at 3 p.m. in the Nelson-Hill hardware. 46x

MORRISON

Dance in the Morrison school hall on Friday June 5. Proceeds in aid of the Pleasant Valley ball club. Admission 75c each, free lunch. Everyone welcome. 46-7

The ladies of the Clandonald United Church W.A. will hold a Coronation tea and sale of home cooking in the Orange hall, Clandonald, on Saturday May 30th commencing at 2 p.m. 45-6

RUMMAGE SALE

Group 1 of the United Church W. A. will hold a rummage sale and tea in the church hall on Saturday afternoon May 30th. 46x

Watch for This!

Either Bo' Baldock or Cecil Kitz will get a ride in a wheelbarrow from the Northern Hardware store to the post office and return on Saturday afternoon. The ride will be the result of a bet as Bev claims that the Mounties will get their men and round up the robbers of the Dominion Treasury branch before Saturday while Cecil thinks the Baldock bodyguard can make good their escape. In this case the victim in a wheelbarrow it is hard to say who will be the real winner of the bet. Watch for it early Saturday p.m.

Attend Chamber Of Commerce Convention At Red Deer

The Vermilion Board of Trade was represented at the annual convention of the Alberta Associated Chambers of Commerce and Agriculture held at Red Deer on Tuesday and Wednesday by President Keith Chalmers D R Mitchell and I. Miller

High School Teams Win and Lose

The high school girls' softball team went to the Manville Bluebird on the east game of a double header in Manville on Sunday afternoon and Monday when the local team was comprised of Jean Kibblewhite Ann Martin Beah Ireland, Bernice Hazel Dawson Ester Dyra Sweet, Dora Schutt Ann Stewart Hazel Mae Vicol Magic Coach, Jack Kolbuck.

The high school boys went to work on the Manville high school in baseball and batted their way to victory triumph. The V.H.S. players batting freely, culminating in Pete Kupin's mighty 3-bagger with two men on. The line up was Bob Bentley, Leo Leahy, Rex Boake, Bob Acheson, Pete Kupin, Marvin Little Stewart Cooper, Jack Barr, Stewart Barr Coach, Jim Bell.

CLANDONALD HALL

Showing at the Clandonald hall this week end "Alexander's Graham Bell" starring Don Ameche. Next week — "Carbine Williams". 46x

STAGETTES

Oooh! Don't touch me! Ouwww my back! We've been convention ing again, and not having the slightest ning and work of carrying through of those plans this year we just relaxed and well we would have relaxed had there been time—and enjoyed every minute from Saturday night till Monday night when the aching muscles started to make themselves known. If it's variety you want just let Edmonton Stage tries plan a week end for you out of the Diamond B Guest ranch. With the help of the boys at the Ranch, they'll give you the weekend you've known and make you believe there's nothing quite like it. They're so right! With horses to ride, lakes to go boating on, horse shoes to throw, horses to ride, archery to test your skill and bevies of your skin horses to ride, and always pool and coffee handy, who could ask for more? Mildred could. Absorbine Jr.

The weather was so co-operative that it was amazing, and we were able to have our Sunday morning service in God's great open air cathedral with a cloudless sky as the limit. All nature was there as if to prove the Powers. It was most impressive.

The business part of the convention took place Sunday afternoon and turned out to be a lively, well planned session with lots of subjects tossed out to the satisfaction of all. We thought we learned a lot last year but each convention has its own highlights in both business and social events so that you learn something new each time. We were sorry all the members couldn't have been there.

We met several new girls and proved acquaintances with many more that attended Vermilion last year. It will be a long memory

Marwayne Legion Arranges Coronation Observance

MARWAYNE. — Four special meetings of the Canadian Legion of Marwayne and the Legion Auxiliary were held in the Legion Hut to make plans to suitably celebrate Coronation Day, particularly for those who will not be able to attend celebrations at larger centres.

All citizens and residents of the district are heartily invited to participate to make this June 2nd a day to remember, veterans and servicemen included.

Assembly is at the school grounds at 2.30 noon when all children will be presented with a flag and decorated with a Coronation button. Schools are asked to bring a banner if they have one. Veterans are to wear medals and decorations. All organizations in the community are asked to take their place and parade to the sports grounds at 1 p.m. where a combined service timed for 1.30 p.m. will be conducted by the local ministers. After this colorful ceremony the afternoon will be devoted to sports for all ages with free lunch for the children. Two picture shows at 3 and 7 with children free will be followed by a Royal Salute fireworks display.

A booth will supply any extra wants.

To conclude this memorable day there will be a Coronation dance with "Vic's Canadian Orchestra" after the fireworks.

"Queen Elizabeth the Second, Queen of Canada. Long May She Reign. God Save the Queen."

LEGION W. A.

The regular meeting of the Ladies Auxiliary of the Canadian Legion has been postponed from Monday June 1 to Monday, June 22.

Islay Couple Observe Fortieth Wedding Anniversary

HONORED BY FRIENDS AT RECEPTION

In 1913 on May 24th in Hengeli Holland, Mr. and Mrs. Herman Caro were united in marriage. On Monday May 24, 1953, they celebrated their 40th wedding anniversary at Islay, Alberta in the community hall. At 1.00 o'clock noon some 30 guests sat down to a very delightful turkey dinner. The table was pretty with white cloth, pink streamers and pink and white flowers down the centre. Mr. David Clarke acted as toastmaster.

In the afternoon many more friends called to congratulate Mr. and Mrs. Caro and were served a tasty lunch including a bride and bridegroom wedding cake. This cake was made by their daughter Mrs. Edgar Williams.

Mr. and Mrs. Caro were the recipients of some very lovely gifts and a considerable sum of money.

It is four years since Mr. and Mrs. Caro came to Canada. During that time Mr. Caro has been employed as a painter by the Vermilion School Division.

Mr. and Mrs. Caro wish to thank all the friends who so honored them at their anniversary party and for the lovely gifts.

Islay District Locals

Mr. and Mrs. Raymond Cooth and their sons Francis and Dale of Edmonton motored to the farm over the week end by the district time with Ray's mother and uncle George. On Sunday all visited at the home of Ray's sister Esther for a few hours. Other visitors at the home were Mr. and Mrs. Ed Dodsworth and their two daughters Miss Fred Gould and R. Van Patten.

A large bed of pansies in the colors which had wintered over in Esther's garden was much admired by all. The tall spruce forming a perfect background for the flowers.

The evening service with Mayor was much enjoyed by those present at the Cooth's.

Summer is now with us and how one does enjoy the tender spring green and the numerous wild flowers which have appeared. The perennials have made rapid growth, while the last few days, on the farm by pond, pumped in by an engine through several hundred feet of hose.

At time of writing seeding is over for all but except for that required for feed.

The light showers experienced in the last few days have been most welcome and now we await the days ahead. Sure is our growing month and usually it brings moisture and sunshine.

It is well to have faith and hope.

We knock at the door of a beautiful Giver, by Whom these through of the ages have been fed, and there is enough left for all. Fear not the store is not spent, that cupboard never empty. That bounty has not ceased. It will always pour forth for these today as for all to the days gone by. Your Heavenly Father careth for you.

Seeds and sod yield worth the care spent.

Vermilion and District People Join in Empire-Wide Demonstration of Love and Loyalty

FITTING CORONATION CEREMONIES

Vermilion and district people took part in observing the most widely celebrated ceremony in history on Tuesday when ceremonies commemorating the Coronation of Her Most Gracious Majesty Queen Elizabeth II were carried out.

The whole program was conducted smoothly and spoke well of the lengthy and detailed plans made by the several committees whose members are to be congratulated on the substance of the ceremonies as well as on its general conduction. So many hours must have been spent by this public-spirited body in order to make the Coronation celebration in Vermilion the success that it undoubtedly was.

PARADE SURPRISES

The day started off with a surprisingly long and excellent parade. Headed by the local detachment of the R.C.M.P. in full dress uniform, the long column contained two bands, the Legion Pipers and the Salvation Army. Adding much color and dignity too, were the various organizations in full uniform such as "A" Co., The Canadian Army, the Cadets, Scouts, Cubs, Girl Guides and Brownies; the ladies organizations with their distinctive colors and dress, too numerous to mention, then the long line of school children. Here again the many rural schools taking part was much appreciated, they came from points miles around on this great occasion, proudly carrying their banners proclaiming their home. Mr. David Queenie Creek, Basswood, Preston, Buffalo Coulee, Campbell Lake, Wildwood, a decorated truck from Rye and an outstanding float all the way from Dunajdale school south of Lloydminster.

The Stagettes float depicted the fashions of an early era — and Oh, some 30 guests sat down to a very delightful turkey dinner. The table was pretty with white cloth, pink streamers and pink and white flowers down the centre. Mr. David Clarke acted as toastmaster.

In the afternoon many more friends called to congratulate Mr. and Mrs. Caro and were served a tasty lunch including a bride and bridegroom wedding cake. This cake was made by their daughter Mrs. Edgar Williams.

Mr. and Mrs. Caro were the recipients of some very lovely gifts and a considerable sum of money.

It is four years since Mr. and Mrs. Caro came to Canada. During that time Mr. Caro has been employed as a painter by the Vermilion School Division.

Mr. and Mrs. Caro wish to thank all the friends who so honored them at their anniversary party and for the lovely gifts.

The Rev. D. A. Ford in his address traced the various steps taken in the actual Coronation proceedings at Westminster Abbey explaining the significance of each action.

The Coronation Oath was read by Mayor Heckbert and repeated by all the children present.

Massed singing of "Land of Our Birth" and "God Save Our Queen" completed the formal program.

Following this the Canadian Legion gave away 50c worth of treats to each and every kiddie on the grounds, and it was found that there were 1700 of them! Vermilion Beverages gave each one a bottle of Cora Cola.

A program of foot races and jumps for all 16 years and under was carried out and several softball games were played during the rest of the afternoon.

The weather behaved itself very well and did not mar the proceedings at all, a somewhat cool breeze however did spring up late in the afternoon. It was truly a great day, the memory of which will long be treasured. Many of those present had spent hours listening entranced to the radio account of the magnificent Coronation parade and to the actual proceedings and awe-inspiring Coronation service in Westminster Abbey.

TOWN WIDELY DECORATED

The business premises of Vermilion were in gala attire, merchants and businessmen sparing no expense nor trouble during the past ten days in dressing Coronation windows and dressing up their places of business. Never before have the streets of the town been so widely decorated and the grandstand at the fair grounds as well as the platform were fittingly bedecked. The decoration committee too must be highly commended for their efforts in securing such results. On Tuesday over one hundred flags were flying and many building fronts were gaily festooned with bunting, streamers and more flags.

Vermilion's Coronation efforts seemed to have been spontaneous with every organization in the town co-operating in the community-wide achievement that resulted in such a successful Coronation Day.

The final number was the ball at the new armories in the evening. This was well attended and a lively good time dance was enjoyed to the music of Keith Inmen's orchestra.

SCOUT BEACON BLAZES HIGH

Late Coronation evening the traditional beacon ceremony was carried out by the Vermilion Scout Scouts, their great fire forming a link of similar ones all across the Dominion. This attracted a surprising number of spectators. Gordon Ross, Honorary Field Commissioner for this part of Alberta addressed Scouts, Cubs, Guides and Brownies on the significance of the beacon, and of the Coronation. Scoutmaster Wm. Newsbowle set the torch to the well built beacon. A sing-song and weiner roast completed the program carried out at the highest spot in the district, a hill some 4 miles south and 1 mile west of town.

Anglicans Observe Coronation

WITH TREE PLANTING AND FLAG RAISING (TRIMMED)

Marking the occasion of the Coronation of Queen Elizabeth the congregation of St. Saviour's church gathered in goodly numbers at 11 a.m. Tuesday June 2nd to witness a tree planting ceremony and the raising of a flag pole and flag.

The short service comprised prayers and introductory remarks by the Rector Rev. D. A. Ford, then the planting of an oak tree beside the church. The tree was planted by senior members of the congregation, S. F. P. Cooper, H. Evans and L. H. Playne. Mr. Cooper declared open the flag pole, then raised in commemoration of the Coronation of Her Most Gracious Majesty, Queen Elizabeth. Mr. J. W. G. Morrison gave a short address taking as his subject the Queen and Coronation.

Following this the flag staff which had been removed from the church tower in the rebuilding process, was raised on the church grounds and a new flag broken out from its top. This flag pole carries quite a history, being presented to the church by the 185th battalion in 1916 during the First world war.

HAPPY HOUR GROUP

The Happy Hour Group of the St. Saviour's W.A. will meet on Thursday June 11 at the home of Mrs. A. Hart. Members are asked to meet at Long's Drug store corner at 8 15

New Magistrate Here

Mr. L. Basler of Edmonton has arrived in town to assume his new duties as police magistrate for the Vermilion district, succeeding A. E. Kaiser who has retired from that office. The retirement took effect on June 1.

Mr. Basler is a former member of the R.C.M.P. and has subsequently spent several years with the Department of Indian Affairs, living in northern Alberta.

Registration Of School Beginners

Registration of children who are old enough to commence school in Vermilion will be made by Miss D. Oldenburg, principal of the primary school at that school on Monday and Tuesday June 8 and 9 June 8 to 12 inclusive from 1 to 5 p.m. To be eligible to commence school in September, a child must reach his 6th birthday by December 31, 1953. No departures are made from this regulation.

MEN'S SOFTBALL LEAGUE STANDING

Team	P	W	L	%
Island Hill	4	4	0	1000
Pleasant V.	3	2	1	666
Kinsmen	3	1	2	330
Islay	3	0	2	000
All Stars	3	0	2	000

All Stars vs. Islay last Sunday rained out.

NEXT GAMES

June 7 - Pleasant Valley vs. All Stars at Vermilion: Kinsmen at Islay.

June 10 — Pleasant Valley at Island Hill: Kinsmen vs. All Stars at Vermilion.

Team representatives are requested to report in Macleod's office at 8 p.m. June 9 to draw up the rest of the schedule and arrange play-offs. The players registration and entry fees should be in at this time.

COBURN SALE POSTPONED

The auction sale for Mrs Pearl Coburn advertised for Saturday June 6 has been postponed.

Fatal Accident At Manville

18-YEAR-OLD GIRL DROWNS WHEN TRACTOR TURNS

MANNVILLE — Miss Pauline Dalal, 18 year old daughter of Mr. and Mrs Andrew Dalal of Manville was drowned in a tragic accident on Thursday May 28th at 7 p.m. Miss Dalal was driving the tractor she was driving plunged off the road and overturned in a water filled ditch, pinning the unfortunate girl underneath. She apparently turned to look back at her father who was following behind in a truck and turned the wheel as she turned her head.

Mr. Dalal was unable to free his daughter by himself and had to go for help.

Pauline is survived by her parents, five sisters and two brothers. She was employed as cashier in the cafeteria of the Macdonald hotel in Edmonton and was just home for the week end.

Funeral services will be held at the Roman Catholic church, Mannville on Saturday morning June 6th at 10 o'clock with interment at the Vermilion Catholic cemetery. The Rev. Father Landrigan will officiate.

Moyers are in charge of funeral arrangements.

Highland Games To Present Variety Program June 12

AT FAIR GROUNDS — 6M

St. Andrews Highland Games will be held at Vermilion Fair grounds on Friday, June 12. The program will feature professional and amateur piping and dancing, tossing the caber, putting the shot, tug-of-war.

All of which will be held as well represented judging from the entries already received. The pipe band of the 2nd Canadian Highland Battalion from Wainwright camp will be in attendance, and the best tug-of-war team that can be mustered from the camp there will be on hand to pull the rope with them from Edmonton.

FAIR DATE FROM TOWN 1 p.m.

The sports start at 10 a.m. but a big parade of all contestants led by the Legion Pipe Band will march from town at 1 p.m.

The day is Farmers' Day and a school holiday so that a very large crowd is expected to attend the novel program offered by the St. Andrews Highland Games Association.

The day will close with a dance in the hall on the grounds at night with music by Don Dubue and his band from Vegreville.

Anyone interested in square dancing at the Highland Games on June 12 please contact Angus MacMillan phone 313, Vermilion.

Dare Devil Show Here June 9th

The climax to the thrilling Congress of Canadian Dare Devils show which will appear at the Vermilion Agricultural Society's fair here under the sponsorship of the Vermilion Agricultural Society and Old Boys' Reunion is the shooting of a 1933 Ford convertible from the barrel of a 16 gauge shotgun.

Brand new, and offered only this year, two of the show's top performers, the stentorian Bobby Capps and Buttercup Dupree are the young men who will perform this stunt.

Capps drives the car which roars down the track at 35 mph to enter the concrete barrier with less than 2 inches of clearance on either side, and with the aid of automobile expert Dupree the car is speeded up an extra 15 mph so that it will be propelled 80 feet through space and land on a run-down ramp.

Adding spice to the act — and danger! Pearce will travel inside both around the track with Capps driving the car while pass ing directly underneath the Dodge car driven by Capps.

This is considered the all time high in skill, precision courage and originality in the thrill show world and all 25 acts will be presented by a cast of 30 performers with a glittering white 1953 model car adding to the color of the Canadian produced spectacle.

Livestock Auction Sale Here June 17th

The North Eastern Alberta Livestock Sales Association will hold a livestock auction Wednesday, June 17 at the local stockyards. Full particulars may be obtained by phoning Scotty Hines a 1402 or Charlie Peerman, ph. 2017. 47-8a

Well Managed Program and A Perfect Day

School Track Meet Held Last Friday At Kitscoty

One of the big days for students of the Vermilion school division is the track meet held at Kitscoty annually by the teachers of the school division. This took place on Friday last and was competed in by several hundred young athletes. The program was an extensive one and was very well managed. Weather was perfect and allowed for the unhampered completion of all track events and ball tourneys.

Hon. Anders O. Aalborg, until recently a teacher in the division and now minister of education, was a distinguished visitor during the day and undertook announcing duties over the loudspeaker system as he had in former years.

ZONE 1 WINS SCHOOL CUP

Zone 1 was the winner of the school cup this year, their entries amassing the highest total of points in the field and track events. This zone comprises schools from Paradise Valley, Kitscoty and Islay and won 123 points. Vermilion zone was second with 111 points with their entries coming from the previous zone 3. Clardonald-Dewberry-Marwayne placed third with 102 points The competition was close enough that the winner was not decided until the final track events had been completed.

Salvation Army Tag Day on Saturday

The annual tag day in connection with The Salvation Army Red Shield Appeal will be held this coming Saturday, June 6. To date over $1400 has been subscribed for this appeal, and it is hoped with Saturday's effort that the objective might be reached. Vermilion and district citizens are urged to support the tag day and help the 'Army' in its work of mercy.

Graduation Story Next Week

Neither the Editor of the Standard or the news columns could cope with all the news this week with the result that the story of the high school graduation banquet and dance did not get written. It has been held over until the next issue.

Local Seniors Win In Doubleheader From Lloydminster

The Vermilion Seniors showed their strength by bouncing the visiting Lloydminster Pirates by a 10-0 and 4-3 score in a doubleheader encounter here last Sunday. Ted Prynchy did the hurling in the first game and had it easy going for the entire route.

In the second game Bev Baldock found it a little tougher going but managed to keep the local club ahead all the way. Lloyd tied it up in the top half of the 7th and final inning but the locals batted in a run in their last time to bat and won the ball game 4-3.

Both games were fairly well attended and the boys hope they keep getting the support of the crowds as the senior baseball back into full swing in Vermilion.

The present team consists of Bev Baldock, pitcher and captain; Don Park, Pitchers . . . Ray Jones, Stan Jones, Peter Prynchy, Catchers Bev Baldock, Eddie Kochan, 1st base, Wally Peretz, 2nd base, Bill Williams, Short stop, Ted Schmidt Short stop, Ted Koehli, Left field, Kenny Brown: Centre field, Joe Winters. Left field, Sach Page, Subs, Roy Barnett and Stewart Cooper.

By The District Agriculturist

"GREEN ACRES"

'BLACK LEAF' FOR APHIS

Many plants are affected with aphis (plant lice) which retards the plant's growth and often kills it. A Black Leaf 40 spray easily kills the aphis. Spray as soon as you notice them. Watch the delphiniums closely as this pest is very fond of them. Last year I had to lose good flowers all for the want of a little Black Leaf 40.

PLANTING TREES

The Government tree planter was used on the farms of Chas. Stewart of Vermilion, Steve Sobrey of Lamont, Hugh Pearman of Kolnes and Thos. Rackham of Lloydminster. Ask any of these farmers how easy it is to plant trees this way At one farm 1300 trees per hour were handled.

MASTER FARM FAMILY

Entries are invited for the Master Farm Family program. Prizes of $1000 are awarded for the highest points in each zone. Anyone interested should apply to the D.A. for particulars.

SHARPENING DISCS

C. A. Cheshire, Agricultural Engineer, Edmonton, reports that discs on new and old discers should be sharpened into a blunt chisel point. If the edge is cut with a long thin edge it is likely to chip when run on to stones. The width of metal cut should be between 3-16th and ⅛ of an inch. With discers it can be even narrower.

CAPONIZING

On June 10 at the school of agriculture a caponizing demonstration will be given by John Radfa, Poultry Inspector. Anyone interested should be there at 4 p.m.

LOST, STRAYED OR STOLEN

Last fall someone borrowed a 5-gallon sprayer from my yard. At least I thought it was borrowed but now I am beginning to think it could have been stolen. R.C.M.P. please note. There is a big yellow X painted on the side. Please return it soon or get a punch on the nose!

INDIVIDUAL MEDAL WINNERS

Medals are awarded to the young athlete winning the most points in any one class. Each competitor is limited to 4 events and points are awarded 5 for 1st, 3 for 2nd and 1 for thirds. Winners of the medals this year were:

GIRLS

Ages 9 and 10—Audrey Johnson, Paradise Valley.

Ages 11 and 12—Lila Porter, Vermilion.

Ages 13 and 14—Marjore Wachter of Marwayne and Doreen Fluney, Dewberry, equal and will each receive a medal.

Ages 15 and 16—June Lang, Kitscoty.

Age 17 and Over—Betty Bentley, Vermilion.

BOYS

Ages 9 and 10—Delbert Jones, Dewberry.

Ages 11 and 12—Ernie Wolters, Paradise Valley.

Ages 13 and 14—Henry Wilson, Vermilion

Ages 15 and 16 Stewart Cooper, Vermilion and Mac Hancock, Marwayne, equal and will each receive a medal

17 years and Over—Don Hancock, Marwayne.

SOFTBALL WINNINGS

Winners of the many softball competitions were:

GIRLS' SOFTBALL

Class A—1, Vermilion; 2, Kitscoty

Class B—1, McLaughlin; 2, Riverview

Class C—1 Vermilion Gr. 9; 2, Paradise Valley.

Class E—1, Paradise Valley; 2, Vermilion.

BOYS' SOFTBALL

Class B—1, Streamview; 2, Islay.

Class C—1, Vermilion Gr. 9; 2, Marwayne

Class E—1, Vansett; 2, Cheviot Hills.

Class D, rural schools—1, Earlis; 2, Hazeldine.

HIGH SCHOOL BASEBALL

The combined team of Clardonald and Dewberry won the high school boys' baseball tourney in an exciting final 9 runs to 8 from Vermilion. Other entries were Paradise Valley, Kitscoty and Kitscoty.

The Standard has a list of the local school students who won various events and these names will appear next week.

Summer Program At The V.S.A.

The program of summer short courses and field days being planned at the Vermilion school of agriculture for this year is similar to that of recent years and is as follows:

June 29-July 3— Anglers' Greystown's Short Course.

July 7 and 8—Alumni Re-union.

July 4— F.W.U.A. District Conference.

July 6-9—Farm Women's Week.

July 10—W.I. District Conference.

July 13-14—4-H Calf Club Course.

July 20-25. Boys' and Girls Fair Camps

July 27-Aug. 1 — District Field Days. 4-H Clubs, etc.

The program brings large numbers of persons to the school and in addition to its own purposes serves to make the school better known throughout the province

Legion Notes . . .

The big day, is over but we will always remember the Coronation celebration of Queen Elizabeth II. The whole program centered around the children. There must have been a thousand youngsters on the grand stand. I didn't count them but from the noise they made I thought there were even more.

President Martin wishes to thank all veterans who were on parade and all who helped at the booth on the grounds.

The next regular meeting will be held at 8:30 p.m. on Monday June 8 in the Legion hall. About ten new members will be initiated.

The annual meeting of Provincial Command takes place in Edmonton on June 14. George Martin and Bob Allen are official delegates from Post 11. Quite a number of resolutions were sent in from this branch for consideration at the annual meeting.

Several veterans have joined up lately. There are still some more returned men around who we would like to have as members. We don't need to remind you that the Legion is the most honorable organization to which you can belong. No one can join unless they served in the navy, army or air force.

Seeding and Weather

Wheat seeding was completed by the end of May and sowing the oat crop is now 65% finished with 90% of the barley also seeded.

Growth of grain is surprisingly good except for late tilled fields where grain is sown on stubble land and germination appears uneven.

The great need now is for both rain and warmth.

This week has been on the cool side with a high of 77 on Friday, May 29, while the low was this Thursday morning with 35. Rainfall for May totalled .39 inches.

Look at the date on your label. It tells when your sub is due!

THE WISDOM OF TOWN PLANNING—

That week of June 1 to 8 which has been designated as "Community Planning Week" by th Community Planning Association of Canada, is a good time to think about the future growth of Vermilion. We must think in terms of a long-range plan that will ensure the orderly development of residential areas, business districts, industrial sites, parks and playgrounds, school buildings and so on.

A well thought out town plan is basically the same as our everyday planning . . . with one exception. As individuals, our plans may affect but a few people—a town plan affects all its citizens, and needs to be discussed, accepted and supported by the majority of people.

It is our habit to plan for our business and our home—even the housewife plans the meals. No one plan will meet all our home and business needs—just as no one plan will meet our town's needs . . . but we do need an 'over-all' plan to start with.

A community is made up of many interests—some businesses, industries, schools, churches, recreation and cultural centres. This suggests a place for everything and everything in its place".

Vermilion is growing, and it is up to us to ensure that it continues to be a good place in which to live — a place that is attractive to residents and visitors, a place of which our sons and daughters may be justly proud.

A well planned community doesn't just happen. Public spirited citizens should become interested in town planning, and "Community Planning Week" is a good time to do something definite about it.

Yes, Bev Lost!

Many people on Saturday afternoon rubbed their eyes and looked, then looked again. There was no mistake, for there was Cecil Rice out of Beebe's Drug store sitting comfortably in a rubber-tired wheelbarrow with Bev Baldock of the Northern on the handles supplying the motive power. The strange little coterie travelled from the Northern to the town hall and back again, much to the amusement of many spectators.

The reason, Bev lost a bet, the forces of law and order have so far failed to round up the thugs who got away with $28,500 from an Edmonton Treasury branch a week ago. Maybe if Bev had taken a steel wheeled barrow Cecil wouldn't have enjoyed it so much.

Too Late to Classify

FOR SALE—1928 Chev coach in running order. 5 good tires, $60.00 cash. Apply Rex. Boake. 47x

FOR SALE — 60 Tamarack posts, 6ft. at 25c each: Browning automatic, 16-ga., polychoke, $125; also 4-cylinder Dodge motor, overhauled at $50. Apply Vermilion Beverages. 47dc

Several Major Improvements At V. S. A. This Summer

A ceiling is being installed in the gymnasium at the Vermilion school of agriculture this summer which will greatly improve its appearance and acoustical qualities. A large ventilation shaft will provide for regulation of temperature and ensure comfort. Finishing material is Donnaconna tile in an attractive pattern. The Q.M.S. building will be enlarged also this summer thus completing this type of finish on all buildings on the central campus. The installation of concrete curbing along the roadways, begun last year, will be considerably extended. Names are being placed on all classroom buildings. The lettering in red is very prominent on the white background and adds a welcome touch of color.

These projects together with the regular repairing and decorating, as well as the excellent condition of the lawns, flowerbeds and tree plantings, give those who are interested in the school every reason to be proud of the maintenance of its buildings and grounds.

Air Cadet Adjutant Resigns

Although Dr. Hanlan is resigning from the position of Adjutant of the Vermilion Air Cadet Squadron effective next month, the hope is generally expressed that he will continue to be associated with the Cadets in the future.

The Standard out of curiosity decided to find out more about Dr. Hanlan's Chiropractic Health Service for the Vermilion Air Cadets, which has been in effect since January, 1951. To date Air Cadets have received approximately 425 chiropractic adjustments from Dr. Hanlan, at no cost to either the squadron or the parents of the cadets. This represents a saving to the parents of about $1000.

Conditions handled are numerous including head colds, athletic injuries, posture deformities, asthma, bronchitis, InDuenza, and many others. Here it should be pointed out to parents of present and future Cadets still another reason why their sons between 14 and 18 years of age should be active in the Vermilion squadron.

Perhaps the most important thing however, is the fact that the Vermilion squadron as far as can be ascertained, is the only Cadet unit, either army, navy or air force which has a standing chiropractic service under such a plan. It is hoped that this service will continue.

Dr. Hanlan has stated that he plans to continue his association with the Air Cadets next year, possibly as instructor in several subjects.

Alberta Chambers Of Commerce Meet At Red Deer

VERMILION DELEGATES IN ATTENDANCE

Delegates from 25 Alberta Boards of Trade and Chambers of Commerce from Peace River in the north to Medicine Hat and Coleman in the south met in Red Deer, Tuesday May 26, and Wednesday May 27 for the 15th annual meeting of the Association.

Highlight of the proceedings was the executive secretary D. F. Mariett, reached an all-time high of 95 members for Boards of Trade and Chambers of Commerce.

Guest speaker at the annual dinner was Mr. L. W. Bisset of St. John, N.B., President of the Canadian Chamber of Commerce.

Mr. George O'Brien, Manager of Canadian Utilities Co. Ltd., Vegreville was elected president for 1953-54. Officers and directors elected to serve with Mr. O'Brien are as follows:

Hon. Pres.—J. B. Holden, Calgary; Im. Past Pres.—J. Angus McKinnon, Daleme ad; Vice-Presidents —S. F. Forsyth, Peace River; T. R. Osborne, Medicine Hat; Howard Wright, Calgary; H. O. Patriquin, Edmonton; W. H. Hayne, Lacombe; C. F. Fals, Castor.

Directors—Ralph Tennant, Lethbridge; Clarke Colwell, High River; D. Reg Mitchell, Vermilion; Ralph Byers ,Camrose; Herman Linder, Cardston; Alec McDonald, Red Deer; J. O. Patterson, Grande Prairie.

C.N.R. WARS ON WEEDS, BRUSH

WINNIPEG — 'Operation Killer', a war on weeds and brush growing along the right of way, is being carried on by the C.N.R. this year. Chemicals used are harmless to domestic animals and game. During the operation 10,000 miles of line from Atlantic to Pacific will be covered.

Two operations are involved. One is killing weeds which spoil pasture in railway ballast, and rots and cuts the life span of railway ties. The other is brush killing. It permits better visibility at level crossings, eliminates interference with communication wires and reduces the fire hazard.

Two spray trains will be used in the program. They travel at six miles per hour, and spray a 100-foot swath at a rate of 40 miles per day.

Dewberry Honors Graduating Students

The first of its kind held in Dewberry and sponsored by the Home and School Association and the Students' Union, a graduation banquet and dance in honor of the two graduates Elaine Curtis and Donna Young, was held on the evening of May 27th, 130 people including some 20 high school students attended the banquet which was by formal invitation. Out of town guests were Mr. and Mrs. S. Simonson and Mr. and Mrs. J. E. Robson of Vermilion.

Following the banquet a program of songs and speeches was much enjoyed. Mr. Simonson in his message to the two graduates spoke of the further education they would now need to fit them for their future career of teaching, and which education would have to be taken away from home. As the girls are choosing the teaching profession much patience will be required of them in speaking to and listening to their pupils. They are now entering a new field of endeavor and in time to come, home making will be one of the most important. They would soon start repaying for the learning they have received, by in turn teaching others. Lastly he urged them to always maintain a connection with their church in principals of guidance and christianity.

Mr. Martin Bruce in his message to the girls said, "It is now harder to choose a profession than it was twenty years ago". He wished the girls the best of success and urged them always to put their true selves so as to give the best in life after careful thought as to what is right. The two graduates received gifts from the Students' Union and Mr. Bruce. Mr. Bruce also presented school crest pins to two grade 11 students, Ernie Braithwaite and Lorna Stevenson.

Tom Lea told of some of the early incidents in community life which really put the students into a humorous mood.

Neil Jones, chairman of the local board, spoke briefly on early school days in this area as compared to our modern times.

The valedictory was given by Elaine Curtis. She expressed regret at saying goodbye to the home school and all its activities which were so dear to them. Ernie Braithwaite, president of the Students' Union, proposed the toast to the graduates.

Donna Young in her reply to the toast thanked all those concerned and under the guiding hand of God they would try to do what was right and expected of them.

The last speaker was James Robson who spoke in a humorous vein. He said that the girls would now have the chance to make their parents even more proud of them. He reminded them that the future is now in their own hands. Their ability to succeed would seem as a dividend of gratitude to the parents. In the race of life we must all take our part, no matter if last as long as we made the others a head. Lastly he had accomplished something.

DEWBERRY NEWS

In ball games played here Sunday Dewberry lost to Clandonald in the men's baseball and in softball the Dewberry ladies defeated Manville. June 12—Farmers' Day picnic at Marwayne.

Wildwood

A farewell party for Mr. A. Horpestad and Melvin was held in the hall Saturday evening. A number of friends and neighbors expressed their regrets that the Horpestad family was leaving the neighborhood and as a token of their esteem presented him with an electric kettle. Melvin received a wallet. Each expressed his thanks and after the friends sang 'For They are Jolly Good Fellows' and 'Auld Lang Syne' said farewell. Mrs. Horpestad is already in Vancouver.

Miss Eileen Jack of Alberta college is spending a few days holiday under the parental roof. Chicken pox being the cause.

Some families of the district are enjoying' (?) the whooping cough.

Miss Ada Jack and the Payne family visited over the long week end at the George Jack home.

Mr. Floyd Jeffery left last week for Vancouver, B.C.

Mr. and Mrs. Bob Shattuck and daughter Edith are welcomed to the district as the new occupants of the Horpestad farm.

The following is a report of the collections for the Red Cross by the Go-Porth Branch in Wildwood:

Kinnaird $5. Eartle $20: Lavada $67: Kitscoty $125: Wildwood $68: Sale of lunches at auction $100.

Mannville Local Items

Mrs. Jack Hawley returned from a visit to Calgary last week and was accompanied by her sister-in-law, Mrs. Brown of Calgary.

Mr. and Mrs. John Keys (nee Lears Rose) of Toronto who have been visiting with Mrs. M. Rose and Mr. and Mrs. W. Rose and family for the past few days left on Wednesday for Jasper and Banff on their way home.

Home on holidays is Billy O'Connor from the north country. Helen O'Connor of Edmonton was home for the week end.

Visiting with Mr. and Mrs. Jack Clark is their daughter Mrs. Frank Burke and small daughter of Hamilton, Ont. They plan to remain for three months.

Mrs. R. Dorward and Mrs. J. McCauley are attending an Eastern Star convention in Lethbridge. With Mr. Dorward they motored down on Monday.

Mrs. J. I. Jones has been asked by the Council of the A.W.I. to present a life membership in the Women's Institute to Mrs. E. E. Morton of Vegreville.

Attending the wedding of her son Don in North Battleford is Mrs. Berlin and her daughters Myrna and Bernice.

Visitors at the W. Sargent home on Sunday were Mrs. H. McMartin of Cherry Grove and Mrs Steve O'Connor of Kitscoty. Mrs Mainey accompanied them back to Cherry Grove.

Mr. and Mrs. W. Laurencson are holidaying in Ontario and plan to meet their son Ken who is to be stationed at Clinton. They are also visiting their two daughters Mrs. R. Keough and Miss Margaret Laurencson at Guelph, Ont.

The W.I. and library ladies wish to thank Mr. Frank Kloss for putting a window box on the front of the rest room. It is much appreciated.

Claysmore Clippings

There were 19 ladies present at the W.I. meeting at the school May 20. Nine were members and ten visitors. A short meeting took place with the secretary presiding, reading the last minutes, also a report from a special meeting held April 29th and on the clean up day at the school early in May. New plastic curtains have been put up in the windows and give considerable color and cheer to the interior. The next W.I. meeting will be June 10. On that occasion each member is to give a short article, poems, or interesting facts on Coronation. Following the close of the meeting Miss Holms gave a very instructive talk and demonstration on home decorations, with pictures and charts on colors and designs. She also dealt with hints and ideas for bazaar work. All this was very much enjoyed.

A delicious lunch was served and a social hour followed. We all thank Miss Holms for her visit to the Claysmore W.I. branch. Everyone there gained much useful information from her demonstration and talks. All hope to meet her again soon.

Mr. Wm. Horne of Red Deer spent a recent week end visiting his brother James and family on Saturday. They all went to Long Lake to fish and returned Monday tuesday with a good catch. They were very generous and gave many of the neighbors fresh fish which were much enjoyed.

Little Sandra Olestad had a number of her small friends and their mothers in for her birthday on Thursday May 14th. There was a lovely birthday cake with two candles and Sandra entertained her guests at a small table. They had a lovely time with a new set of plastic dishes, a gift from her parents, colored balloons, candy and cookies.

Mr. and Mrs. Robert MacMillan and Margaret were dinner guests at the home of Mr. and Mrs. H. Williamson Sunday May 17.

Merle Raymond of Kitscoty visited friends at Claysmore Sunday afternoon.

Mr. and Mrs. Neil MacLean and boys of Vermilion spent Sunday evening visiting Mr. and Mrs. R. MacMillan.

Donna McCauley suffered quite a painful accident when she fell while riding her bike and gashed her ankle. Several stitches were required to close the wound.

Mr. and Mrs. E. Livingstone and Vernon Wilkes spent Sunday fishing at the lakes north of Elk Point.

Mr. and Mrs. Percy Wilkes have some plum trees in bloom and they are a lovely sight, covered with white blossoms. The bees find them attractive also as they seem to be everywhere. If the number of blooms are any indication of the fruit crop there should be a bountiful harvest from the trees this fall.

(This news bulletin was written in time for last week but was held over. Due allowance should be made for time elapsed.)

Dance in the Morrison school hall on Friday June 5. Proceeds in aid of the Pleasant Valley ball club. Admission 25c each. Free lunch. Everyone welcome. 68-7

Paradise Valley

We wish to extend a welcome to a new family who have moved into town in the person of Mr. and Mrs. Nelson Ruttan and family of Slave Lake. Mr. Ruttan has taken over the barber shop and pool room recently run by Mr. French who has retired and is now travelling around seeing Canada and the U.S. Mr. Ruttan is an experienced barber and we hope will receive the full support of town and district.

On Sunday Rev. W. E. Mullen who spent four years in this field some years ago conducted service in the United church. Rev. Mr. Mullen was accompanied by Mrs. Mullen, Steve and Paul. He will conduct service at Jasper during July and then will leave for the U.S. where he will attend Assemble. University for a year. He will take special courses in church work. We wish them every success.

Mendamus D. Odegard, C. E. Constance, T. J. Anderson, L. A. Matheson, G. M. Venner and W. A. Gunn attended a meeting of the W. I. held at Vermilion on Wednesday May 27th. All report a very interesting meeting.

Friday our town was deserted as everyone that could get away went to the high school meet of the Vermilion S.D. held at Kitscoty. We do not have particulars at the time of writing but we understand that P.V. students did very well. Weary was good for a change as usually it either rained or was so cold that no one could enjoy themselves.

We are glad to see that Mrs. L. Menzies has returned home after a stay in the Lloydminster hospital.

Rev. D. Woolley of the Anglican church at Marwayne conducted service in the Moyerton school on Sunday. David E. Evanson and the Prairie Crusaders conducted service in the Church of God on the same.

Sorry to hear that Mr. Frank Wood and Miss Sharon Walters are patients in the Lloydminster hospital.

FAIRBANKS-MORSE SUBMERSIBLE!
HERE'S WHY . . .
It is economical — in installation — uses only one length of pipe inside casing . . . in operation — lubricated by clean, cool water . . . needs less power to operate up . . . no maintenance — no rods or shafts to replace; no valves to repair; no lubrication trouble because both pump and motor are water cooled and water lubricated.
The pump submerged — never needs priming — 100% quiet; owner can install at reasons with simple shop tools; service pipes may be cut in below frost line; tank and electric controls may be set over well or away from it.
Performance proved by thousands of installations
Quality guaranteed by FAIRBANKS-MORSE

Graduation Exercises Held In Mannville School

MANNVILLE.—The school auditorium was beautifully decorated in Coronation colors and symbols for the 1953 graduation exercises.

Mr. C. G. Torrance in the absence of Rev. R. C. Creighton due to illness, delivered the invocation to open the exercises.

In welcoming the visitors to the 1953 graduation, Mr. Oksenberg mentioned that this was the 10th Graduation and that the teachers could point with pride to the fine young people that have graduated in that time. This year there were two sister combinations, twins were Doreen and Eileen Arnold, Hazel and Patsy Winters the other two sisters: and the two other members of the six graduands were Mary Boyle and Fred Otto. Mr. Oksenberg addressed the class briefly as to what to expect when they leave school and resume their studies in their chosen fields. He closed by quoting the words that the late King George VI used during the second war commencing with "I said to the man as he stood at the gate".

CLASS HISTORIAN

Mary Boyle as Class Historian was outstanding in her fluent manner of delivery and humor. Though there were only six in the graduating class they made up in quality what they lacked in quantity. The Arnold twins have never missed a bus during their years in school in town. Eileen is interested in music and Doreen in athletics. They are both planning on secretarial courses in the fall.

The Winters sisters are both interested in sports and take part in all school activities. Patsy is the secretary of the Students' Union and Hazel is co-editor of the year book. Hazel is planning on a nursing career and Patsy will be the stenographer.

Fred Otto, the lone boy in the class proves that music and gardening do not make a sissy out of a male, he is at the fore in all athletic events, is President of the Students' Union and has served on many committees for the various activities of the high school. When anyone is stuck in Trig or Algebra Fred is right there with the answers. He plans to attend University this fall.

Mary Boyle was the winner of the Governor-General's medal in Grade 9 and though she didn't say much about herself we know that she is a brilliant student and both Milburn and Mannville have every right to be very proud of her. She plans to enter the Faculty of Education this fall.

Mr. Facey, school inspector of the Vegreville Division, was pleased that six graduates brought out such a crowd. Maybe he doesn't realize what a highlight of the district the yearly graduation exercises are. The Graduation, Mr. Facey pointed out, was the culmination of 12 years at school. In thinking back on the different courses, music, art, chemistry, etc, he gave many anecdotes of 'boners' in both class and exam. But in closing he wished the class every success in their chosen fields of study.

VALEDICTORIAN

Fred Otto as valedictorian was also outstanding in his ability in addressing the audience. He said that the Graduation symbolizes a phase in the life of the students as they look back over 12 years of school. During their school life and particularly high school they develop their minds, personalities and learn to get along with people. The extra curricular work cannot be overlooked. It teaches the students to appreciate good sportsmanship, learns to be appreciative guests and proper hosts at school parties. The students were lucky to have this modern school and benefit by having three high school teachers. Now they must prepare to go out into the world and award their parents and teachers for their guidance during their school years. Education is not complete although school days are over — there is still a great deal to learn.

Dr. J. Charlton, Supervisor of Teachers Service Bureau, was the guest speaker. He had the greatest praise for both the Class Historian and the Valedictorian, but they left him nothing much to talk about. He gave a short and rather humorous history of his own school life. And then in speaking seriously to the graduating class he told them that human contacts were every bit as important as school subjects, once they leave school they will realize that their teachers are also human beings who are living a life of service in the community. The art of co-operation, to promote the welfare of all, the ability to solve problems are all things that the students must know to take their place in society. He told them not to come to a conclusion till all the facts are known — to keep an open mind in judging their neighbors and to collect all evidence first.

School helped to derive principals of living but it is wise to stop and consider often the principals by which you are living. Dr. Church wished the class every success, they have proved their ability, now all they need is experience.

Mr. Oksenberg then thanked Dr. Church and wished him every success in his new undertaking at Ottawa as Advisor to Chiefs of Training Aids for the armed forces.

At intervals during the evening there were solos by Bernice Phillip, Marlene Oksenberg, Robin Stuart, and to close the program two selections by the high school chorus under the direction of Miss Nelson.

The rest of the evening was spent in dancing to the music of Williams' orchestra of Vermilion. At midnight a delicious lunch prepared by the students was served by ladies of the Home and School Association.

CHATSWORTH
(Crowded out last week)
Though the weather remains very changeable, one day, summer, the next almost like winter, spring work is progressing very well with a good percentage of wheat seeded. Early gardens have suffered frosts, as there has been ice several mornings. There is sufficient moisture but a good rain will be welcomed within the next week or so.
We extend our congratulations to Mr. S. R. P. Cooper on the occasion of receiving life membership in the Alberta Division, Alberta Weekly Newspapers Association and wish him many years of enjoyment in his well earned retirement.
Mr. and Mrs. George Honey Sr., and June and George, of Edmonton, were week end visitors at the home of the writer for the long holiday. They were accompanied by Mrs. D. Anderson who visited her son and daughter-in-law, Mr. and Mrs. Russ McKeever of town.
Also at home for the May 16th week end were Mr. and Mrs. Al Moss of Edmonton, who visited at the home of Mrs. Moss' mother, Mrs. D. Cummings.
A number of the school children took part in the Vegreville 100 track meet, which was held at Milburn last Friday. To date we have no news of their standing.
Mr. and Mrs. George Dolliver of Edmonton, visited Vermilion and district last week end.
Cpl. Bob Robson and Mrs. Robson of Calgary, arrived at Vermilion last Saturday and are spending a week visiting Bob's sister and family, Mr. and Mrs. H. Good, and his father Mr. C. Robson of the King Edward district.
Clandonald — If and when your friend finds the solution to his present difficulty, please pass it along. It happens to us too!

Kitscoty News

Miss Marion Inglis who received her bachelor of science degree in Household Economics at the spring convocation of the University of Alberta, left on Sunday to take up her position with the Extension service of the Provincial department of agriculture as a District Home Mrs. R. M. Mathewson has taken up her position again as matron of the girls' dorm. after a leave of absence due to illness.

Mr. and Mrs. Ray Nickerson and Don Gray of Edmonton spent the week end visiting their folks in town.

Mr. and Mrs. Billie McLean and Maryalie of Hughenden are spending the Coronation holiday with relatives in town and district.

Messrs. J. Smith, A. McGlashie, J. Dale and David Smith spent the week end fishing at Cold Lake.

Home-School Hears Convention Report

MANNVILLE.—At the Mannville and District Home and School Association meeting on Thursday last, Mrs. Mabel Majeau gave a very interesting report on the 22nd annual convention of the Alberta Federation of Home and School Associations. We hope to have a detailed report for the next issue of the Standard.

The pictures shown on Thursday were of the Royal Tour across Canada of Queen Elizabeth and Prince Philip in 1951.

Several piano selections by Robin Stuart were enjoyed very much by the audience.

The subject of the short talk by Miss Hilary Jones was "Behavior Mechanism as part of Mental Health."

Public Notice

PUBLIC NOTICE is hereby given that there has been introduced in the Council of the Municipal District of Vermilion River No. 71, a BY-LAW of which the following is a short synopsis:—

WHEREAS the ratepayers are raising the sum of Thirteen Thousand dollars ($13,000.00) by way of sale of shares, and the Provincial Government will pay by way of a grant, the sum of Thirteen Thousand dollars ($13,000.00).

NOW THEREFORE BE IT RESOLVED and action under authority given in the Municipal District Act in that behalf. It will be lawful for the Council of the Municipal District of Vermilion River No. 71 to proceed with the expenditure of Thirteen Thousand dollars ($13,000.00) as stated, for the erection of a Seed Cleaning Plant at Vermilion, Alberta, by the Vermilion Seed Cleaning Association Limited, by paying to the Board of Directors of this Association, a sum not to exceed Thirteen Thousand dollars ($13,000.00) for the purpose stated herein.

and that a copy of the same may be seen at the following places:

A. G. LEA AGENCY, PARADISE VALLEY	WELIN'S STORE, RIVERCOURSE
SCHAEFER'S GARAGE, BLACKFOOT	CURTIS STORE, WREA-ASPENVOW

Vermilion Citizens Express Opinions On "The Crown"

The following opinions regarding Coronation were expressed by citizens of Vermilion and district when approached by students of the Vermilion high school prior to June 2:

A Religious Leader—
The Crown, although traditional, is a symbol of authority and power vested in one who is the ruler over millions of subjects. The wise counsel and judgments given by the Monarch can set the pace of the country.

At the Coronation thy Queen will take upon herself many solemn vows and obligations. These she promises to keep by the help of Almighty God. This should give to the people of the Commonwealth a sense of security.

A Housewife—
The Crown is an invisible gold thread which holds together the British Empire.

A Mailman—
The Crown is a symbol of the unity of the Commonwealth of Nations. It signifies all our freedoms; it signifies a quality which makes other countries envy us of the British Commonwealth. This Empire is like one big family which looks to Britain as the mother.

A Housewife—
The crowning of the Queen and the finding of the news around the world creates interest among the people. It encourages the people to not only take an interest in the ceremony but also in the political affairs involving the Queen. The Queen stands as a reigning symbol over Parliament. The Royal Family is a model household—an excellent example for any nation.

A Business Woman—
One need not delve far in history to find what the Crown means to each of us. We know of that great strength of character and devotion to duty which permitted no dewlion in Dowager Queen Mary. The Crown to her was a standard held high. She instilled this strong feeling in her son, our late King, and with it great courage to give all, even at the cost of his health, a price he willingly paid. When the same crown passed to our Queen, his daughter, we saw the same courage carry her through his loss and the abandoning of his burden of duties. The Crown to me is a symbol of dignity, courage, devotion to family and duty alike, of high ideals and the unity of spirit that by its humble sincerity must eventually surmount any discord.

A Businessman—
To me, the Royal Family means all the tradition that is built into the British Empire. It signifies the growth of civilization. As a British subject, the Crown means to Canadians the unity of the greatest empire the world has ever known. It also signifies the growth of parliamentary government from its very modest beginnings to the democratic form we now have. The Crown represents the ideals of individual liberty and growth of those liberties from feudalism to recently set forth in the four freedoms.

A Housewife—
The Crown gives to the people of the Empire satisfaction in that the Queen herself, being a disciplined personage, placing duty before personal pleasure is a wonderful example to all her subjects

A School Teacher—
The Crown stands for tradition through the rest of the years and honest fair government. It is what has upheld the spirit of the people through the ages. The Crown stands for the best in our Democracy.

An Educationalist—
Queen Elizabeth to us is the Crown. The Crown is the symbol of the authority of the British Empire. It stands for everything that is on the side of law and order and thus our normal life depends on it.

A Housewife—
The Crown to me is a symbol of our Empire — an Empire old and rich in tradition—an Empire consisting of many countries, colors and creeds, all tied together by the simple bond of loyalty. History in the far future will record the greatness for which our Crown stands

Woodvale News

At time of writing moisture laden clouds are racing overhead as they have done on several occasions of late and it would be nice to get a good shower for a change. However crops are in much better condition this spring than last when they came up so patchy and rain was so badly needed. Quite a number of farmers are finished seeding and have started to summerfallow.

Mrs. J. Ross entertained her daughter Mrs. Wes Isley for the past week. She had been in the hospital for a few days and has to go back there again for further X-rays.

More children are still coming down with measles and some of them have quite a time shaking off the after effects.

Mrs. Roger Watt went to visit her mother recently, who has broken her leg. It was just a year ago that she recovered from a broken thigh.

Mrs. Paul Goutier went to Medicine for the graduation exercises there on May 15. Cecile Goutier belongs to the grade 12 graduation class and hopes to take up nursing afterwards. On her way home Mrs. Goutier stayed a week with her daughter Suzanne Dubuc in Vegreville.

Mr. and Mrs. Bob Rankin will leave this week for a trip of two months duration to Minnesota and Washington to visit relatives and friends. Mrs. Jim Rankin spent the winter in Bellingham and likes it so well there that she contemplates on staying.

We received word that a daughter Catherine Mae was born to Mr. and Mrs. Jim Proudfoot of Chinook, Alberta.

Gravel trucks have been busy in the Woodvale school district making the sideroads passable in all weather for the school bus. We hear that the main road will be gravelled too.

Art Berthot received a carload of cattle from Edmonton and the big truck got properly stuck near the Ruud farm. The cattle had to be unloaded there and driven the rest of the way.

Scholarships For Handicraft Workers Available To All Ages

Four scholarships valued at $100 each will be awarded to winners of the annual arts and crafts competition, it was announced today by the Alberta Visual Arts Board.

The privately - donated scholarships will be awarded for the next two examples of oils, water color or graphic arts, and two for design in leathercraft, weaving and ceramics. Entries are good for tuition at either the Banff School of Fine Arts, winter sessions of University of Alberta or the Provincial Institute of Technology and Art.

One of the art scholarships will be awarded to persons between 16 and 25 years while the other has no age limit. There is no age limit in the crafts competitions. One scholarship for arts and another for crafts will go to competitors who have had no art school training. Competition closes June 30, 1953.

Applications and detailed information may be obtained from cultural activities branch, department of economic affairs. Legislative Building, Edmonton.

News Notes From Your District Home Economist

GIRLS' 4-H CLUB NEWS

This last week brought the wind up of 4-H Clothing clubs in this district. Achievement days were held at Czar May 7th, Paradise Valley May 8th, Durmess May 22 ,Chauvin May 23.

Each club displayed work completed during the year and then a program followed. This consisted of the club pledge, club songs, demonstrations on various aspects in sewing, plays, and dress revues.

From each club an efficiency winner is chosen to go to Club Week in Vermilion in July. The girls are chosen according to their club records as well as their ability to sew well. The following girls are 1953 4-H Clothing Club Efficiency winners: Bernadette Brown, Czar; Martine McDonald, Paradise Valley; Donna Davies, Durmess; Maxine Saville, Chauvin. Congratulations, Girls!

FURNITURE REFINISHING

This is a booklet free for the asking. It contains hints for remedying scratches, spills, spots and chipped veneer, dents. Here, for instance, is some helpful information in removing white rings that mar table tops. These are usually caused by heat, steam or moisture. If you stop the action quickly, you can avoid the ring. If not, here are some remedies, if one doesn't work, try the next

1. Quick application of ammonia or alcohol followed immediately with rubbing oil or polish.
2. Rub the area with a cloth moistened in linseed oil.
3. Rub with turpentine.
4. Rub with naif and half mixture of linseed oil and turpentine.
5. Add a little rottenstone to oil and turpentine and rub again.

Remember, you can write me for the booklet.

STANDARDS FOR JUDGING

With fairs, lobby shows and conferences coming up, you'll be planning to display your work. Know what the judges look for in foods, clothing and handicrafts. This booklet is yours if you write me.

Feeding of Baby Is Big Business In Canning Trade

HAMILTON.—Canada's well-fed army of infants ,with an estimated 300,000 new recruits annually, has given birth to a multi-million dollar industry, the manufacture of canned baby foods

First hand evidence of the increased appetite of the nation's very young is the record of 120,038,800 cans (preliminary government estimate) of canned baby food turned out last year, valued at more than 10 millions,(according to the American Can Company which developed the modern infant food can in the mid-twenties.

"The nation's canners are not the only ones who are happy over the babies' eating habits. Canadian farmers, for example, annually receive significant revenue for the fruits, vegetables, meats and other products that canners preserve for Junior", stated H. McVean, Canadian manager of sales for the can company.

He added, "Mother is perhaps the happiest of all. It takes her more than an hour to prepare a serving of fresh strained green beans in her home and about half an hour for an order of strained peaches. She can open and warm a can of ready-to-eat baby food in less time than it takes baby to eat it."

Two Hills Concert Party Will Entertain At Elk Island Park

The town of Two Hills will provide the regular Sunday afternoon program at Elk Island Park June 7. The concert is being sponsored by the local Ukrainian Women's Association and will feature the Greek Orthodox Church choir. A wide variety of folk dances, vocal solos and instrumental numbers will make up the usual colorful type of concert that Two Hills has brought to the park in the past. The concert will begin at 3 p.m.

A program of recorded music will be provided during the supper hour and at 7 p.m. the regular National Film Board program of travel films will be presented.

These afternoon concerts are sponsored by the National Film Board in co-operation with the Central Alberta Lands Association and the National Parks.

School Trustees To Meet June 20th

AT VERMILION SCHOOL OF AGRICULTURE

The annual convention of the Trustees Association for the Vermilion School Division will be held in the Vermilion school of agriculture on Saturday June 20th commencing at 10:30 a.m. All ratepayers are welcome. 46-2c

DEWBERRY

(This news bulletin was crowded out last week, please make allowances for time delays)

The Dewberry - Clandonald districts inter-school track meet was run off quite successfully. Dewberry won with Clandonald 2nd. In the rural schools Hairdale garnered the most points. Softball games proved very exciting especially to parents of the small children. The writer didn't get all the winners but did notice Violet Keast with four first prize ribbons.

Francis Mathys has returned to school after his serious injury. He had his shirt sleeve caught in a grain auger while it was in motion. It wound him up so tight that it stopped the truck motor. He suffered a broken rib and slight lung puncture.

Dewberry now has water trouble. The well is pumping mud and is not fit to use. They are swatting a drilling outfit which cannot come for another month. Four people are now hauling water from surrounding farms.

The Dewberry Horse and School are holding the graduation dance and banquet along with the students' union in honor of Miss Donna Young and Miss Elaine Curtis who this year took their grade 12. The best of success is wished the graduates in the future.

Seven coyotes less in the country. Vernon Keast and Bernie Garnier got the mother and 6 pups in a strychnine field 6-6

Dewberry boys under Wally Protsch will play in the stampede parade at Lloydminster on Coronation Day

Gordon Rainey has sold his pool room and barber shop to a Bonnyville man, Mr. Rudy Hugel. He has already taken up residence here.

A Farmer's Day picnic comprising the area from Clandonald east to the Saskatchewan border and north to the Saskatchewan river will this year be held at Marwayne on June 12th. Sports will feature softball, baseball and races. Everybody is welcome to attend.

Crops are quite late in the district. Wheat was mostly all in before May 24th.

THE MACDONALD

THE NEW 300-ROOM WING IS NOW OPEN

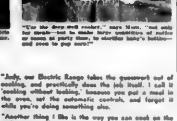
The next time you visit Edmonton, make it an occasion to stay at the Macdonald. Every facility of this 480-room hotel is at your service. Rooms are spacious ... the food excellent ... the service courteous and prompt.

In addition to the new 300-room wing, there is a new banquet room, a new ballroom, a new large and modern cafeteria, a new shopping arcade, and excellent convention facilities.

For information and reservations, write or wire to
W. ROSS, Resident Manager.

Canadian National HOTELS

What every girl should know about *cooking*



DID YOU KNOW
GIVE AN ELECTRIC RANGE THE ONE TEST that really counts. Ask the owner of one of these modern ranges what she likes most about it. Chances are you'll get a list of features ... compact heat-saving surface units, automatic timer, smooth, easy-to-clean porcelain finish, and many others. Then ask her how she likes the cooking results. Chances are you'll get a list of praises ... delicious meals, tender roasts, perfectly baked cakes and pastries. Ask her which she likes best, the features or the results. Chances are she'll say, "Both!" Isn't that the test you want to make?

FREE CARTOON BOOKLET
"CREATION OF DIVE BOMB"
Full-color pictures, easy-to-read text describing in detail every step in the creation of the Dive Bomb. Tells how a surface unit in the Canadian home of today is converted into a powerful weapon of war. Tells how thermostatic controls function. Get yours FREE at our office in Vermilion. Full of fun and fact for 6 to 60!

"Andy, our Electric Range takes the guesswork out of cooking, and practically does the job itself. I call it sizzling without looking, because you put a meal in the oven, set the automatic controls, and forget it while you're doing something else.

"Another thing I like is the way you can cook on the surface units, boil the potato for the beef you roast, and you get it.

"Cook cheaper sort of meat in the deep-well cooker, and you get delicious meals. Cakes and pies come out right every time. Bradley's a dab hand at vegetables with so little water they retain both their flavor and their healthful vitamins."

"I think you're sort of fond of that Electric Range, Mom—and I don't blame you!"

"Do the deep-well cooker," says Mom. "And while you're at it, why not have the conditioner of surface or oven in party time, to shorten baby's bedtime and room to pop corn?"

Our Letter From England

WONDERS, CENTURIES OLD, ARE VISITED

Hi, Vermilion:

How is my favorite town?

Last week end our wanderings took us away from the heavy traffic through the farming country, down to Salisbury Plains and Salisbury Cathedral. The farming country could not differ more greatly from ours. The tree-covered country is very rolling, the farms resemble park lands in their beauty, while the homes are usually of brick, are quite often thatched roofed. The roads, instead of being higher than the surrounding area, are level with it, with hedges or brick or stone walls on either side. Coming out onto the Salisbury Plains it is quite level with a very different coloring. The yellow-green foliage is left behind and a misty blue-green shade prevails. To prairie people accustomed to open spaces the Plains are quite a treat. Salisbury Cathedral while not as famous as Westminster Abbey, boasts the highest spire in England, over 400 feet in height. Inside the cathedral are several separate chapels, possibly for different denominations, but since there were no guides, we were unable to gain definite information. All around and in rows through the corridors are vaults, often with a stone image of the person whose remains are enclosed, resting on them. Under our feet everywhere we walked were stone slabs with inscriptions concerning people who were famous in one way or another. Beautiful stained glass windows, some with biblical scenes, others with historical scenes, reaching high up into the arched dome are also dedicated to people of long ago. There is a huge clock with enormous wheels and cogs, said to be the oldest clock in existence, and in the library door the Magna Carta is securely fastened under a pane of heavy glass. The atmosphere in the cathedral is one of solemnity and reverence, making one feel that it would be a great privilege to attend a service there. I am among those present were Mr. and Mrs. B. Hobbis and Wayne Mrs. Coutts, Margaret and Edith, Mr. and Mrs. Frisetti and family, Mr. and Mrs. McFarland, Bob and Tommy, Mr. and Mrs. Tom Sherwood and family, Rena Ronaghan, Jack Bowman. .

PLEASANT VALLEY WINS

A very good game of fastball was played Sunday between the Vermilion Kinsmen and Pleasant Valley, the latter being the winners. The Kinsmen are a grand bunch, good sports and clean players—be sure to come again folks.

It was nice to see so many attend the early morning service at the Pleasant Valley church. It is hoped that Rev. Ford can have more morning services.

Mrs. N. Ronaghan was ill in bed recently with . . . the measles?

Congratulations to Mr and Mrs. Caro on their 40th wedding anniversary. The following were some who enjoyed the delicious turkey dinner, Mr. and Mrs. D. Clarke, Mr and Mrs. Sherwood and family, Mr and Mrs. F. Ribnson and Margaret, Mr. and Mrs. Forester and son Misses Muriel and Gladys Stone Mr. Lewis, Mr and Mrs. F. Wilhamand family.

Ralph Lind and Mrs. H Semmlid, also celebrate their birthdays on June 7.

Ye writer and hubby enjoyed a night recently with Mr and Mrs. Cuschnik.

The May B.B. meeting was held at the home of Mrs. T. Fenton with a good attendance. The next gather ing will be held at the home of Mrs. J. Morrison.

Deepest sympathy is extended to Mrs. Tarnesly on the death of her father in Edmonton.

HANDICRAFT DISPLAY

The Vermilion Handicraft Guild are planning a display of the projects which they have completed since the organizational meeting or June 6th at the Elks hall. Tea will be served by the Royal Ann on this occasion. 43-47c

Clandonald News

Congratulations to the Clandonald high school baseball team which for the third year was successful in winning the tournament at the track meet in Kitscoty on Friday last. This gives them possession of the coveted baseball cup.

DISTRICT MAN NOW DOCTOR

It was a pleasure to renew our acquaintance with Floyd Stanley not long ago. We had not seen him for many years. He has since that time served for several years with the R.C.A.F., and then has attended University and obtained his degree in medicine so that he is now Dr. Floyd Stanley. He is making his home at Duncan, B.C. where a large hospital and staff of doctors serves a community of about 20,000 people. Floyd is a son of Mr. and Mrs. Maurice Stanley long time residents of the Landonville district who left here about 8 years ago to live at the coast. Mrs. Maurice Stanley was one of the five daughters of the late Mrs. Souder who were here to attend their mother's funeral. The members present were two sons, John and Tom, also Floyd is a son and Mrs. Pratt.

BEE PUTS IN CROP

Neighbors with seven tractors arrived at the farm of Mrs. Margaret Kiziak one day not long ago and made short work of putting in the crop. Mrs. Kiziak is the widow of the late Harry Kiziak killed in a traffic accident one year ago.

While travelling east of Frog Lake recently the writer came on evidence of much road building activity and eventually came upon the outfit which proved to be Jackie Grant's of Ethelwyn. Jackie was having more than his share of trouble at the time with the engine out of the motor grader for a new crank shaft, and trying to remove pins out of the trucks on the big cat. If anyone thinks they have rocks to contend with take a trip up there and see that the Grant outfit is having to battle. There is now an excellent graded road past Frog Lake memorial which is a vast improvement over the old winding trail with its many twists and wet spots.

PICNIC AT MARWAYNE

Attention is drawn to the posters throughout the district advertising the Joint F.U.A. picnic to be held June 12th, Farmer's Day at Marwayne. A big program of sports is lined up sponsored by six F.U.A. locals in this territory, Dewberry, Alcurve, Marwayne, Riverton, Clandonald and Greenlawn. The program of sports starts at 1:30 p.m.

Great-West Life Names Fred Brimacombe Manager

Great-West Life Assurance Co. has announced the appointment of Fred S. Brimacombe as manager of the Brandon, Man., branch. He succeeds Clifford B. Bertram, C.L.U., who has been transferred to Seattle, Washington.

Mr. Brimacombe was born in Vermilion, Alberta. He received his teachers senior diploma in Alberta in 1933, and taught in Jasper Place prior to enlistment in the R.C.A.F. during World War 2. Following service in England, Italy and France Mr. Brimacombe retired with the rank of Flying Officer. In 1948 he joined the Great-West Life as a representative at Edmonton.

A well-known athlete in Alberta, Mr. Brimacombe is a past president of the Edmonton Junior Chamber of Commerce, a member of Kiwanis and a former vice-president of the Canadian Legion.

Appointed supervisor of Great-West Life branch in 1951, Mr. Brimacombe has been associated with Mr. Bertram in the steady expansion of the branch, which serves western Manitoba. The present volume of protection on the lives of policyholders in the Brandon area totals more than $17 million.

Musical Recital Is Well Attended At Mannville

MANNVILLE—The joint recital of Mrs. Harold Elliott and Miss Arne Veitch on Friday last was very well attended and the audience heard some very fine numbers. Both of these pupils have no piano at home and either practice elsewhere or on an organ. These pupils are to be commended upon their continued interest in music.

The first part of the program was taken up by the Junior class and with Jimmy Croft as M C everything went along very smoothly. It is indeed pleasing to see the boys take an interest in music and continue with their studies. Piano solos were played by Myrna Berlin, Barry Weaver, Jerry Blackburn, Myrna Whitson, Scott Blackburn, Marilyn Bennett, Loretta Brokop, June Weaver, Clara Brokop, Edith Gladue, Bernice Berlin, Ellen McLaughlin, Betty Willis, Marilyn Mercer, Gloria Weaver, Jimmy Croft. Duets were by Arleen McLaughlin and Kenny Mercer, and Norma McLackie and Emma Jackson. Something a little different and very good indeed was the violin solo by Tommie Ross Sargent, and to complete the first part of the program were two tap dance numbers by Bonny Proudfoot.

After a short intermission the senior pupils took over with piano selections by Connie Gerhart, Doreen Gerhart, Gay Bennett, Norma McLackie, Emma Jackson, Lorna Scoggins, Florence Schock, Ruth Gaphle, Merna Pettigrew, Roger Miller, Betty Proudfoot, Audrey Hamilton and Arlene Leitch. A vocal duet by Ruth Gamble and Florence Schock; a girls' trio with Betty Proudfoot, Connie Gerhart and Florence Schock; a piano duet by Arlene Leitch and Audrey Hamilton and vocal solos by Betty Proudfoot and Marlene Pettigrew completed the program. There were 24 young performers in ages from 7 to 18 years.

Local News of Interest

Mr. Chris Thomsen announces the engagement of his daughter Doris Irene, to Mr. Gerald George Colton, son of Mr. and Mrs. George Colton of Islay, Alberta. The wedding will take place at First United church, Vermilion, on Tuesday, July 7th, 1953 at 3:00 o'clock in the afternoon.

Aubrey Rendell drops a line to the Standard on his arrival back at Nanaimo, B.C. Friends will be pleased to hear that Mrs. Rendell is very much better and hopes are that with warm weather she will improve still further.

Mrs. D. H. Swanson of Edmonton was a visitor at the home of her son Dirk and family for the past week.

Mrs. Simmons (nee Doris Wilkins) and son Cary of Buffalo, N. Y., are visiting her parents, Mr. and Mrs. W. D. Williams and other members of the family.

Rev. David Enarson, Mr. and Mrs. Bickle, Mr. Snyder and Miss Dorothy Harrison thrilled and blessed a capacity crowd at Alliance chapel last Sunday evening with their musical and vocal numbers, their skits, testimonies and messages.

Mrs. Strachan of Pleasant Vale, Sask., has spent the past month with Treasury branch staff here as at present on holidays which she plans to spend at Bonnyville, Winnipeg, St. Boniface and Portage in Prairie.

J. L. Edwards who sold out his farming interests to H. McPhee left on Saturday May 30th to spend a few months visiting at Sudbury, Ont., in the Kingston district. Mr. Edwards has farmed in the Alliance district since 1918 and claims that he is not a retired farmer but merely a tired farmer.

Rev. Eric P. Berz returned Friday evening from Long Beach, Calif., where he attended the annual General Council of the A. & M. Alliance. Mr. Harry Whitcher also of Vermilion motored down with him. They report a good trip and an outstanding council.

Donations to the Crippled Children's fund in memory of the late Mrs. R. Lambe of Elk Point were received from the following: Mr. and Mrs. Louis Garnier, Phil Zaph, Gus Garnier, Wm. Laurence, Mr. and Mrs. Frank Chupka, Maurice Nash, Mark Bros., P. Convey and family, A. Convey, E. Convey and family, M. Convey and family. They report a good trip and an outstanding council.

MORRISON

Dance in the Morrison school hall on Friday June 5. Proceeds in aid of the Pleasant Valley ball club. Admission 75c each. free lunch. Everyone welcome. 46-7

OPPORTUNITY FOR YOUNG PEOPLE

FOUR-WEEK RECREATION COURSE

Alberta communities again will have the opportunity of sending young men and women to Red Deer to train as recreation leaders at the four-week Recreation Leadership school, July 6 to Aug. 1.

The course, sponsored by the Health and Recreation Branch of the Department of Education, is open to persons nominated by their community recreation associations. All candidates must be at least 18 years old, and if school students, must have reached Grade 12.

Those taking the course successfully are granted certificates which enable them to receive remuneration on a part-time basis for community recreation sessions. During the course, the students are taught how to instruct and lead games, teams, social and tap dancing, conditioning and individual sports, folk, square exercises, gymnastics, community singing, first aid and other topics of value in organizing and leading community recreation activity.

Instructors this year will be an experienced group of young men women, many of whom have taken the Leadership School course.

Approximately 100 applicants from 36 communities have been accepted for the school to date but applications are still being received at the Health and Recreation Branch, Dept. of Education, Edmonton. Communities wishing to nominate candidates for the school should write the Recreation Branch. A $20 fee covers cost of board and room at the Red Deer Composite high school, tuition and textbooks for the four-week period.

Showers Honor Bride

Prior to her recent marriage, Mrs. Joe Roth, nee Betty Amos, was entertained by Mrs. C. P. Lipsey and Mrs. F. Pilkie at the home of Mrs. Lipsey in Edmonton, with a miscellaneous shower. Mrs. L. Amos, mother of the bride, and 25 friends attended.

When the bride returned to Vermilion, 43 friends gathered at the home of Mrs. Hugh Macdonald to shower her with a forty-three piece matched set of crystal and to extend their good wishes for her future happiness.

Co-hostesses with Mrs. Macdonald were Mrs. Wm. Bell, Mrs. R. H. Norton, Mrs. Mac Simonsen and Mrs. Elmer Stewart.

One evening, Mr. and Mrs. R. H. Norton entertained the bride, her mother and father Mr. and Mrs. L. Amos, her sister Miss Margaret Amos, her aunt Mrs. Margaret McPherson and Mr. and Mrs. M. P. Norton at a coffee party.

Mrs. W. A. Moore and little daughter Bonnie from Lac Ste. Anne are visiting in Vermilion at present, the guests of her brother-in-law Mrs. Wm. Rouse. Bonnie had her tonsils removed here the first of the week.

Miss Joanne Beaure of the Alberta Treasury branch staff here is at present on holidays which she plans to spend at Bonnyville, Winnipeg, St. Boniface and Portage in Prairie.

I. O. D. E.

The I.O.D.E will hold their regular meeting on Monday June 8 at 8 p.m. at the home of Mrs. H. E. Macdonald.

Clandonald Old Timer Leaves District

A resident of the Clandonald and Ethelwyn districts for over 40 years, Mr. Walter Miller has decided on a change of scenes and left on Tuesday for Red Deer and other points. Although he had often spoken of moving no one had taken the matter very seriously so that news of his leaving came as quite a surprise to his many friends.

On Monday night the Orange hall in Clandonald was the scene of quite a large gathering when a host of old friends gathered to wish Walter the best of luck in his new surroundings. During the course of the evening he was presented with a well-filled purse as a token of the high esteem with which he is regarded by his many friends throughout the country.

W. A. GROUP MEETINGS

The W.A. groups of the United church will meet Tuesday, June 9 at the following homes: Mrs. Harold's group at the home of Mrs. A. Cameron; Mrs. Dougan's group at the home of Mrs. Basil Hawley; Mrs. Williams' group at the home of Mrs. W. Cross.

DEWBERRY C. W. L. PICNIC

The Dewberry C.W.L. are sponsoring their annual picnic on June 14 at the Dewberry sports ground. There will be ball games, races for the young folks, bingo and a silver mine. What is a silver mine? Well, come and see for yourself. Lunch will be sold at the booth. Come and enjoy yourself. Everyone welcome. 47-8

ALLANDALE ICE CREAM SOCIAL

The Allandale W.A. will hold their annual ice cream social at the Conness home on the evening of Thursday June 18. Supper will commence at 5:30 p.m. Admission — adults 75c, children under 12, 50c, and under school age free. 47-8a

CLANDONALD HALL

United Church Scene Of Pretty Wedding

BOYD—ANDOS

The First United church, Vermilion, was beautifully decorated with bouquets of gladioli, red and pink roses, snapdragons, carnations and chintz blossoms for the marriage of Miss Norma Elizabeth Andos and Mr. Joseph William Roth.

Rev. C. McKay performed the ceremony for the daughter of Mr. and Mrs. Loyal Andos and son of Mr. and Mrs. Armand Roth of Edmonton.

Entering the church with her father who gave her in marriage, the bride wore a ballerina-length bouffant dress of white nylon lace and net over ivory satin. Her headdress was a chapel-length veil falling from a tiara of satin and pearls. She carried an arm bouquet of red roses and fern.

Attending the bride was her only sister Margaret, dressed in pink shimmer taffeta also ballerina-length with matching headdress and pearl net pearls. The flower girl, Marilyn Maychuk, was dressed in an Empire style dress of pale green taffeta with floral headpiece. Both the bridesmaid and flower girl carried nosegays of spring flowers.

Mr Chas. Roth, only brother of the groom was best man. Ushering guests to their pews were Mr. "Cliff" McMahon of Vermilion and Mr. R Kreyhoski of Edmonton.

While guests were gathering Mrs. A. Hall, an old time pianist, was organ, using "Because" and during the signing of the register sang "Through the Years". Mr. W. B. Lilford, an old friend of the family, played the wedding music.

Following the ceremony a reception was held at the bride's home, some 100 guests were present to do honor to this popular couple. The bride's table was laid with a white cutwork lace cloth and centered with a three-tiered wedding cake embedded in white tulle, dotted with pearl beads and lovers knot rose buds. Baskets of roses, gladioli, snapdragons and carnations were arranged around the home.

To receive her guests Mrs. Andos chose a grey flannel sheer and also with matching accessories, her corsage was pink roses and lily of the valley. The groom's mother wore a navy sheer with white accessories, her corsage was red roses and lily of the valley. Mrs. Margaret Matherson, aunt of the bride, also received in sapphire blue crepe with pink accessories and corsage of pink roses. Mrs. R. H. Norton in black and white nylon with red rose corsage acted as assistant hostess.

Mrs. Cliff McMahon attended the guest book while Mrs. Stan Manyluk was in charge of the gifts.

Presiding at the tea table were Mrs. P. D. Fiske, Edmonton, Mrs. A. Whoyte, N. Battleford, Mrs. E. Cordey, Mrs. M. Simonson, Mrs. E. Stewart and Mrs. H. McDonald. Friends of the bride acted as servitours.

Mr. E. Corley in fitting words proposed the toast to the bride to which the groom responded. He expressed thanking the bride's parents for his wife and the guests who joined him for their kindness in making this "a day to remember".

The beautiful gifts bespoke the popularity of the young couple and all their friends join in best wishes for their happiness.

For travelling the bride chose a white linen tailored suit with navy accessories and corsage of red roses.

The bride's bouquet was tossed and caught by Miss Jo MacAllister. Amid showers of confetti and good wishes the happy couple started on a motor trip, due to return the following which they will reside in Edmonton.

Many telegrams were received and a phone call from the bride's aunt Mrs. Fred Smith of Toronto, who was unable to be present.

Among out of town guests at the wedding ...ot Mr. and Mrs A. Rotz and Charles of Edmonton. Mrs. Margaret McPherson, Galt, Ont., Mrs Lorraine Andos, Mrs. Mildred Scarfe, Bernice Bauer, Sue Carmichael, Stanley Hart, Andy Miller, Edward Mistal, Betty Barlow, Darlene Marshall, Bern Marshall.

Miss Andos, who gave 30 points, were presented to: Iris Lind, Larry Kehoe, Marion Barr, Viola Maggs, Helen Adams, Hazel Barr, Shirley Taylor, Yvonne Cooper, Anne Stewart, Leo Barr, Marvin Little, Lillian Semeniuk, Jack Barr, Shirley Cross.

Barr, 75 points—Jean Kibblewhite, Anne Stewart, Peter Kupin, Doris Schmidt, Stewart Cooper, Joan Maxwell, Janet Wilson.

Pina, 100 points — Janet Wilson, Noreen Douglas, Gordon Cross, Christina Morrison, John Stewart, Jean Kibblewhite, Anne Stewart, Betty Kibblewhite.

Rings, 125 points — Rex Boake, Bob Beasley, Shirley Sutherland.

Sweater, 150 points — Bob Beasley.

Special Award — Ann Martin, Betty Bentley.

A musical interlude provided a change in the program with Dr. Klag singing the "Whiffenpoof Song" and "A Little Bit of Heaven". His accompanist was Mrs. M. F. Smeltzer.

LADIES' ESSAY WINNERS

Mrs. R. H. Norton, Regent of Frog Lake Chapter I.O.D.E., presented the winners of the recent I. O. D. E. sponsored essay contests on "Canada and the Crown" with their prizes, preceding the actual presentation with appropriate remarks. The winners for grade 12 were Iris Lind first and Rex Boake, second. For grade 11, Marie Miller was first and Sue Carmichael second.

ELK BURSARIES

Mr. Donald Taylor as Exalted Ruler of the Elks Lodge, was then called upon to present two bursaries of $25 each awarded annually to the grade 9 student and the grade 12 student making the greatest contribution to the academic, social and athletic life of the school. For grade nine the winner was John Scott, son of Mr. and Mrs. Fred Scott, and for grade 12, Anne Martin, daughter of Mr. and Mrs. George Martin. It is understood that Anne was also the bursary when in grade 9. She has been president of the Students' Union for this school year. Mr. Taylor stated that it was the desire of the Lodge to present these prizes for outstanding citizenship in the realms of school life.

BUSY BEAVERS

Hon. Anders O. Aalberg, Minister of Education, gave the address to the graduating class. He offered congratulations to the graduates from the department of education, and expressed best wishes for success in their lives ahead no matter what course they may follow. Mr. Aalberg stated that it was a real privilege to honor the graduates of this evening because we too were a V.H.S. grad of the year 1931-32, in that many happy and pleasant memories were recalled of the days spent here. It was thus fitting that Vermilion should be the first at which he had ever delivered a graduation address as minister of education.

He thought that young people of today should be optimistic as the greater opportunities existed than ever before. There was an abundance of everything needed, and with some adjustment of our economy we could embark upon the greatest era that the world has ever seen. "Education" stated the Minister, "develops resources of the human mind to make better use of all those things which we have about us." The speaker also gave some interesting statistics as to the number of young people completing high school courses. The group graduating tonight would have started school some 11, 12 or 13 years ago. In 1940 there were 18,031 children commenced school in Alberta in grade 1. Of that number 2650 or about 15% stuck it out for the 12 years to receive high school diplomas, of this number only slightly over 1000 had matriculation or were qualified to enter university.

The average cost of education had increased in this same period from $64 per pupil to $181 per pupil in 1952 and it will be $200 in 1953. The greatest part of a child's education is met from public funds.

In closing his absorbing remarks, Hon. Mr. Aalberg told the grads that it was not necessary for them to look far afield for what they were seeking. The best things are found in your own back yard, in your own community and in your own province. You can find what you want right here. He congratulated the graduates and the winners of various awards announced that evening.

The Minister's address was an excellent one, particularly fitting for a Vermilion graduation.

Caterers for the happy event was by the Anglican Senior W.A.

A dance in the elaborately decorated armories completed a full and long-to-be-remembered day in the lives of the students.

Pretty Candlelight Wedding at Elk Point

PIPER—STUPARYK

A pretty candlelight wedding service was solemnized at the home of Mr and Mrs. H. L. Day, Elk Point, on Saturday May 23 at 3 p.m. when Miss Kathleen Stuparyk, daughter of Mr. and Mrs Harry Stuparyk of Derwent, was united in marriage with Mr. Steve Pediuk of Edmonton, son of Mr. and Mrs. S. Pediuk. The Rev. H. L. Day officiated at the double ring ceremony.

The bride was charming in a floor-length gown of white silk, the bodice featured a nipped in waist handsomely embroidered, long fingertip length sleeves, a net cap with seed pearls held her elbow-length veil. She carried a cascade bouquet of pink and white carnations. Mrs. Nancy Sawchuk, sister of the bride, was matron of honor, she wore a flowering flowered silk gown with pink headdress.

Two bridesmaids accompanied the bride Miss Elsie Stuparyk, cousin of the bride, wore a floor-length gown of pink sheer over silk and carried a bouquet of pink roses. Miss Stella Medryk wore a floor-length gown of blue sheer over silk, with floral silk bodice and carried a bouquet of red roses.

Mr. Peter Pediuk, Mr. James Zalinsky and Mr. Fred Stuparyk were best men.

Later a reception was held at the home of the bride's parents for a number of guests. Those from out of town were Mr and Mrs. M. Sawchuk and little daughter from Edmonton. Mr. and Mrs. Peter Pediuk from Cadron; Mr. and Mrs. Mike Stuparyk from Clandonald.

On their return from a honeymoon the newlyweds will make their home in Edmonton.

THE VERMILION STANDARD

Vol XLIV. No. 48. Vermilion, Alberta, Thursday, June 11th, 1953. $2.00 per Year

Largely Attended Events — 29 Grads.

HON. A. O. AALBORG ADDRESSES V.H.S. STUDENTS

The annual graduation exercises of the Vermilion high school, designed to make a lasting impression upon the memories of the graduates, were this year colorful, exciting and decidedly interesting. The event was held on Wednesday evening June 1 and was a little more largely attended than ever. 187 having places at the banquet. The class of 29 graduates was well surrounded by classmates, parents and friends, and the whole program, banquet and dance, certainly provided the highlight of their school careers.

V.H.S. principal Morrison Smeltzer was toastmaster and it was interesting to note that among those present were Robert Pair, M.P. for Battle River, Hon. A. O. Aalborg, minister of education for Alberta, and W. R. Cornish, M.L.A. for the Vermilion constituency.

The toast list and program commenced with Grace ... the Rev. D. A. Ford. The toast to the Queen was answered by the singing of the National Anthem.

GRADUATES INTRODUCED

Introduction of the young lady members of the graduating class was by Janet Howes, and the boys by Gordon Scott. Brief remarks about each one indicated the trend of their characters and accomplishments during their years in high school.

A very able toast in tribute to the graduating class was proposed by Lillian Semeniuk, and a very well fluent reply from John Stewart.
